Execution of a Letter of Appointment for a Prospective Engineering, Procurement and Construction Contractor in connection with the Manara Project

Ellomay Capital Ltd. (the "Company"), hereby announces that Ellomay Pumped Storage (2014) Ltd. (in which the Company indirectly owns 75% and which is advancing the construction of the 156 MW pumped hydro storage plant in the Manara Cliff, Israel (the "Manara Project")), executed a letter of appointment (the "Letter") with two companies that are subsidiaries of, and controlled by, Electra Ltd. (TASE: ELTR) (such subsidiaries, collectively, "Electra").

The Letter provides for the appointment of Electra, on an exclusive basis, as the main contractor for the Manara Project. The Letter provides a contract price of approximately \$300 million, all subject to an indexation mechanism. The parties to the Letter undertake to continue their good faith negotiations in order to reach a final form for an Engineering, Procurement and Construction Contract (the "EPC Contract"). The Letter is effective until September 30, 2019, subject to earlier termination in accordance with its terms.

The execution of the EPC Contract is subject to the parties reaching an understanding in connection with open commercial issues, the receipt of requisite corporate approvals and the approval of the financing entity of the Manara Project. The performance of the EPC Contract is further subject to the financial closing of the Manara Project, currently estimated to occur during the first quarter of 2019. There is no assurance that the parties to the Letter will reach an understanding and execute an EPC Contract or that the Manara Project will obtain financing on terms acceptable to the Company or at all.

Information Relating to Forward-Looking Statements

This report contains forward-looking statements that involve substantial risks and uncertainties, including statements that are based on the current expectations and assumptions of the Company's management. All statements, other than statements of historical facts, included in this report regarding the Company's plans and objectives, expectations and assumptions of management are forward-looking statements. The use of certain words, including the words "estimate," "project," "intend," "expect," "believe" and similar expressions are intended to identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The Company may not actually achieve the plans, intentions or expectations disclosed in the forward-looking statements and you should not place undue reliance on the Company's forward-looking statements. Various important factors could cause actual results or events to differ materially from those that may be expressed or implied by the Company's forward-looking statements, including the agreement on the final terms of the EPC Contract, the ability to reach financial closing on the Manara Project and obtaining regulatory approvals and permits as necessary to construct and operate the Manara Project. These and other risks and uncertainties associated with the Company's business are described in greater detail in the filings the Company makes from time to time with Securities and Exchange Commission, including its Annual Report on Form 20-F. The forward-looking statements are made as of this date and the Company does not undertake any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.
