SUBJECT TO COMPLETION, DATED MARCH 21, 2011

PRELIMINARY PROSPECTUS

\$175,000,000

GLOBAL EAGLE ACQUISITION CORP.

17,500,000 Units

Global Eagle Acquisition Corp. is a newly organized blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. We have not identified any acquisition target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with respect to identifying any acquisition target.

We will provide our stockholders with the opportunity to redeem their shares of our common stock upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account described herein, including interest but net of franchise and income taxes payable, divided by the number of then outstanding shares of common stock that were sold as part of the units in this offering, which we refer to as our public shares, subject to the limitations described herein. If we do not complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, we will redeem 100% of the public shares at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest that may be released to us to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and as further described herein.

This is an initial public offering of our securities. We are offering 17,500,000 units. Each unit has an offering price of \$10.00 and consists of one share of our common stock and one warrant. Each warrant entitles the holder to purchase one share of our common stock at a price of \$11.50, subject to adjustment as described in this prospectus. The warrants will become exercisable on the later of 30 days after the completion of our initial business combination or 12 months from the closing of this offering, and will expire five years after the completion of our initial business combination or earlier upon redemption or liquidation, as described in this prospectus. We have also granted the underwriters a 45-day option to purchase up to an additional 2,625,000 units to cover over-allotments, if any.

Currently, there is no public market for our units, common stock or warrants. We anticipate that our units will be quoted on the Over-the-Counter Bulletin Board quotation system, or the OTCBB, under the symbol “ ” on or promptly after the date of this prospectus. The common stock and warrants comprising the units will begin separate trading on the 52nd day following the date of this prospectus unless Citigroup Global Markets Inc. informs us of its decision to allow earlier separate trading, subject to our filing a Current Report on Form 8-K with the Securities and Exchange Commission, or SEC, containing an audited balance sheet reflecting our receipt of the gross proceeds of this offering and issuing a press release announcing when such separate trading will begin. Once the securities comprising the units begin separate trading, the common stock and warrants will be traded on the OTCBB under the symbols “ ” and “ ,” respectively.

Investing in our securities involves a high degree of risk. See “Risk Factors” beginning on page 21 for a discussion of information that should be considered in connection with an investment in our securities.

Neither the SEC nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(1) Includes \$0.35 per unit, or approximately \$6,125,000 in the aggregate payable to the underwriters for deferred underwriting commissions to be placed in the trust account described herein. If the aggregate gross proceeds to us from this offering (including pursuant to the exercise of the underwriters’ over-allotment option) exceed \$200,000,000, the aggregate underwriting commissions will be increased to \$0.60 per unit, or \$12,075,000 in the aggregate assuming the underwriters’ over-allotment option is exercised in full, with \$0.40 per unit, or \$8,050,000 in the aggregate being deferred and placed into the trust account. The deferred commissions will be released to the underwriters only on completion of an initial business combination, as described in this prospectus. See also “Underwriting” beginning on page 118.

General

We are a newly organized blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. We have not identified any acquisition target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with respect to identifying any acquisition target.

We will seek to capitalize on the substantial deal sourcing, investing and operating expertise of our management team to identify, acquire and operate media or entertainment businesses, including providers of content, with high growth potential in the United States or internationally, although we may pursue acquisition opportunities in other sectors. Our amended and restated certificate of incorporation prohibits us from effectuating a business combination with another blank check company or similar company with nominal operations.

Our Management Team

Our chairman and chief executive officer, Harry E. Sloan, our president, Jeff Sagansky, and other members of our management team have extensive operating and deal-making experience with prominent global media companies.

Mr. Sloan was appointed chairman and chief executive officer of Metro-Goldwyn-Mayer Studios Inc., or MGM, by a consortium comprised of private equity investors, Comcast Corporation and Sony Corporation of America, one year after they agreed to acquire MGM through a leveraged buyout in September 2004. He served as chairman and chief executive officer from October 2005 to August 2009, and thereafter continued as non-executive chairman until January 2011. During his tenure, Mr. Sloan revived key MGM movie franchises, including James Bond, Rocky and The Pink Panther, restarted and rebuilt MGM’s theatrical and television distribution and marketing units and launched numerous MGM television channels in the United States and

TABLE OF CONTENTS

internationally. He currently is an outside consultant to MGM pursuant to a consulting agreement which expires in October 2011. Prior to MGM, Mr. Sloan founded and operated SBS Broadcasting, S.A., or SBS, serving as chairman and chief executive officer from 1990 until August 2001 and then executive chairman until October 2005. Beginning with a personal investment of approximately \$5,000,000, Mr. Sloan transformed SBS, through a series of acquisitions and organic growth, into a leading pan-European broadcaster, with, as of 2005, 16 television stations, 21 premium pay channels and 11 radio networks, reaching 100 million people. Mr. Sloan oversaw the initial public offering of SBS in 1993 and its eventual sale to private investors in 2005 for \$2.5 billion. Prior to founding SBS, Mr. Sloan served as co-chairman of New World Entertainment Ltd., or New World, an independent motion picture and television production company. Mr. Sloan led a group that originally purchased New World in 1983 for \$2,000,000. Mr. Sloan extended the company's business into television production, ultimately growing New World into one of the largest producers of U.S. primetime television. Mr. Sloan led a number of transactions while at New World, including New World's initial public offering in 1985, its acquisition of Marvel Entertainment Group, Inc., in 1986, and New World's sale to private investors in 1989 for \$260,000,000.

Jeff Sagansky brings 30 years of senior-level media and entertainment industry management experience. Mr. Sagansky currently serves as co-founder and chairman of Winchester Capital Management LLC, a private motion picture and television finance company. Mr. Sagansky was formerly chief executive officer and then vice chairman of Paxson Communications Corporation, or Pax, from 1998 to 2003, where he launched the PAX TV program network in 1998. Under his leadership, PAX TV became a highly rated family-friendly television network with distribution growing from 60% of U.S. television households to almost 90% in only four years. In addition, Mr. Sagansky drove substantial improvement in the network's financial performance with compounded annual revenue growth of 24% and compounded annual gross income growth of 30% from 1998 to 2002. Prior to joining Pax, Mr. Sagansky was co-president of Sony Pictures Entertainment, or SPE, from 1996 to 1998 where he was responsible for SPE's strategic planning and worldwide television operations. While at SPE, he spearheaded SPE's acquisition, in partnership with Liberty Media Corporation and other investors, of Telemundo Network Group, LLC, or Telemundo. The transaction generated significant returns for SPE as Telemundo was sold to the National Broadcasting Company, Inc., for over six times its original investment less than three years later. Previously, as executive vice president of Sony Corporation of America, or SCA, Mr. Sagansky oversaw the 1997 merger of SCA's Loews Theaters unit with the Cineplex Odeon Corporation to create one of the world's largest movie theater companies, and the highly successful U.S. launch of the Sony Playstation video game console. Prior to joining SCA, Mr. Sagansky was president of CBS Entertainment from 1990 to 1994, where he engineered CBS's ratings rise from third to first place in eighteen months. Mr. Sagansky previously served as president of production and then president of TriStar Pictures, where he developed and oversaw production of a wide variety of successful films.

Initial Business Combination

We anticipate structuring a business combination to acquire 100% of the equity interest or assets of the target business or businesses. We may, however, structure a business combination to acquire less than 100% of such interests or assets of the target business, but we will only complete such business combination if we will become the controlling stockholder of the target or are otherwise not required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Even though we will own a controlling interest in the target, our stockholders prior to the business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the business combination transaction.

Our management team will focus on increasing stockholder value in our initial business combination. Consistent with this strategy, we have identified the following general guidelines that we believe are important in evaluating prospective target businesses. We will use these guidelines in evaluating acquisition opportunities, but we may decide to enter into a business combination with a target business that does not meet these guidelines.

- ***Media and Entertainment Industry Targets.*** We will seek to acquire one or more businesses involved in the media or entertainment industries, including providers of content. We believe our management's significant operating and deal-making experience and relationships with companies in this space will give us a number of competitive advantages and will present us with a substantial

TABLE OF CONTENTS

number of potential business targets. The factors we will consider include growth prospects, competitive dynamics, opportunities for consolidation, need for capital investment and barriers to entry. We will analyze the strengths and weaknesses of target businesses relative to their competitors. We will seek to acquire one or more businesses that demonstrate advantages when compared to their competitors, which may help to protect their market position and profitability.

- ***High-Growth Markets.*** We will seek out opportunities in faster-growing segments of developed markets and emerging international markets. Our management has extensive experience operating media businesses and leading transactions in international markets. We will focus on assets that currently are undervalued or inefficiently managed, which we believe may be more likely to exist internationally, where our management is well-positioned to unlock their value.
- ***Business with Revenue and Earnings Growth Potential.*** We will seek to acquire one or more businesses that have multiple, diverse potential drivers of revenue and earnings growth, including but not limited to a combination of development, production, digital and distribution capabilities.
- ***Companies with Potential for Strong Free Cash Flow Generation.*** We will seek to acquire one or more businesses that have the potential to generate strong and stable free cash flow.

These general guidelines are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management may deem relevant. In addition, although we intend to focus on identifying business combination candidates in the media or entertainment sectors and we will not initially actively seek to identify business combination candidates in other sectors, we will consider a business combination outside of the media or entertainment industries if a business combination candidate is presented to us and we determine that such candidate offers an attractive investment opportunity for our company or we are unable to identify a suitable candidate in the media or entertainment industries after having expended a reasonable amount of time and effort in an attempt to do so.

In evaluating a prospective target business, we expect to conduct an extensive due diligence review which will encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspections of facilities, as well as review of financial and other information which will be made available to us.

Sourcing of Potential Acquisition Targets

Over the course of their careers, the members of our management team have developed a broad network of contacts and corporate relationships around the world. This network has been developed and strengthened through our management team sourcing, acquiring and financing businesses, the reputation of our management team for integrity and fair dealing with sellers, financing sources and target management teams and the experience of our management team in executing transactions under varying economic and financial market conditions.

In addition, members of our management team have developed contacts from serving on the boards of directors of prominent media companies. For example, Mr. Sloan was appointed to serve on the board of Promotora de Informaciones, S.A., or PRISA, Spain's largest media conglomerate, after its 2010 business combination with Liberty Acquisition Corp. (which was a blank check company), and he has been a director of ZeniMax Media Inc., an independent producer of interactive gaming and web content, since 1999. Previously, Mr. Sloan held directorships at Lions Gate Entertainment Corp., an independent motion picture and television production company and ProSieben Sat.1 Media AG, a European media conglomerate which acquired SBS in 2007. Mr. Sagansky serves on the board of Scripps Networks Interactive, Inc., a publicly traded lifestyle media company, and was brought in to serve as non-executive chairman of the board at RHI Entertainment, Inc., a producer of original made-for-television movies and miniseries, by its largest shareholder. He previously served on the boards of American Media Inc., an owner and operator of celebrity and health & fitness media publications, and Lions Gate Entertainment. In his capacity as an active private investor, Mr. Sagansky maintains board positions on a number of private media and entertainment companies.

This network has provided our management team with a flow of referrals that has resulted in numerous transactions which were proprietary or where a limited group of investors were invited to participate in the

TABLE OF CONTENTS

sale process. We believe that the network of contacts and relationships of our management team will provide us with an important source of investment opportunities. In addition, we anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment market participants, private equity funds and large business enterprises seeking to divest non-core assets or divisions.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete an initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm which is a member of the Financial Industry Regulatory Authority, or FINRA, that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

In order to minimize potential conflicts of interest that may arise from multiple corporate affiliations, each of our officers has agreed, pursuant to a written agreement with us, that until the earliest of our initial business combination, our redemption of 100% of our public shares if we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, or such time as he ceases to be an officer, to present to us for our consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any pre-existing fiduciary or contractual obligations he might have currently or in the future in respect of the companies to which he currently has fiduciary duties or contractual obligations. As more fully discussed in “Management — Conflicts of Interest,” if any of our officers becomes aware of a business combination opportunity that falls within the line of business of any entity to which he has pre-existing fiduciary or contractual obligations, he may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. All of our officers currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us. In addition, our officers have agreed not to participate in the formation of, or become an officer or director of, any blank check company until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within the prescribed time frame.

Exercisability

Each warrant offered in this offering is exercisable to purchase one share of our common stock.

Exercise price

\$11.50 per share, subject to adjustments as described herein.

Exercise period

The warrants will become exercisable on the later of:

- 30 days after the completion of our initial business combination, or
- 12 months from the closing of this offering;

provided in each case that we have an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or we are required to permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement) and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder.

We are not registering the shares of common stock issuable upon exercise of the warrants at this time. However, we have agreed to use our best efforts to file and have an effective registration statement covering the shares of common stock issuable upon exercise of the warrants, to maintain a current prospectus relating to those shares of common stock until the warrants expire or are redeemed and to register the shares of common stock that are issuable upon exercise of the warrants under certain state blue sky laws, to the extent an exemption is not available, as specified in the warrant agreement.

The warrants will expire at 5:00 p.m., New York time, five years after the completion of our initial business

TABLE OF CONTENTS

Redemption of warrants

combination or earlier upon redemption or liquidation. On the exercise of any warrant, the warrant exercise price will be paid directly to us and not placed in the trust account.

Once the warrants become exercisable, we may redeem the outstanding warrants (except as described below with respect to the sponsor warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption, which we refer to as the 30-day redemption period; and
- if, and only if, the last sale price of our common stock equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

We will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

If we call the warrants for redemption as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a cashless basis. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

None of the sponsor warrants will be redeemable by us so long as they are held by our sponsor or its permitted transferees.

TABLE OF CONTENTS

Founder shares

In February 2011, our sponsor purchased an aggregate of 4,417,683 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.01 per share. Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering. The founder shares held by our initial stockholders include an aggregate of 576,220 shares subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full, so that our initial stockholders will collectively own 18.0% of our issued and outstanding shares after this offering (assuming they do not purchase any units in this offering and they are not required to forfeit their founder earnout shares, as described in this prospectus). In addition, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will be subject to forfeiture by our initial stockholders on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for consideration in cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like).

The founder shares are identical to the shares of common stock included in the units being sold in this offering, except that:

- the founder shares are subject to certain transfer restrictions, as described in more detail below, and
- our initial stockholders have agreed (i) to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination and (ii) to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within the prescribed time frame (although they will be entitled to redemption rights with respect to any public shares they hold if we fail to complete a business combination within the prescribed time frame).

TABLE OF CONTENTS

If we submit our initial business combination to our public stockholders for a vote, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after this offering in favor of our initial business combination.

Sponsor warrants

Our sponsor has committed, pursuant to a written agreement, to purchase an aggregate of 7,000,000 sponsor warrants, each exercisable to purchase one share of our common stock at \$11.50 per share, at a price of \$0.75 per warrant (\$5,250,000 in the aggregate) in a private placement that will occur simultaneously with the closing of this offering. The purchase price of the sponsor warrants will be added to the proceeds from this offering to be held in the trust account. If we do not complete a business combination within the prescribed time frame, the proceeds of the sale of the sponsor warrants will be used to fund the redemption of our public shares (subject to the requirements of applicable law), and the sponsor warrants will expire worthless. The sponsor warrants will be non-redeemable so long as they are held by our sponsor or its permitted transferees (except as described below under “Principal Stockholders — Transfers of Founder Shares and Sponsor Warrants”). If the sponsor warrants are held by holders other than our sponsor or its permitted transferees, the sponsor warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

Escrow of founder shares and sponsor warrants

On the date of this prospectus, the founder shares and sponsor warrants will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent. While in escrow, such securities will not be transferable, other than to permitted transferees as described below under “Principal Stockholders — Transfers of Founder Shares and Sponsor Warrants”.

The founder shares will be released from escrow on the earlier of (x) one year after the completion of our initial business combination or earlier if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our

TABLE OF CONTENTS

stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Notwithstanding the foregoing, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will not be released from escrow unless they no longer are subject to forfeiture, as described herein.

The sponsor warrants will not be released from escrow until 30 days following the completion of our initial business combination.

\$175,000,000, or approximately \$10.00 per unit of the proceeds of this offering and the proceeds of the private placement of the sponsor warrants (\$200,725,000, or approximately \$9.97 per unit, if the underwriters' over-allotment option is exercised in full) will be placed in a segregated trust account at Citibank, N.A. with American Stock Transfer & Trust Company, LLC acting as trustee. These proceeds include approximately \$6,125,000 (or approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full) in deferred underwriting commissions.

If we increase the size of the offering, the per-share amount payable to our public stockholders if we fail to complete our initial business combination within the prescribed time frame (or if the public stockholders exercise their redemption rights in connection with the completion of our initial business combination) will be reduced because the portion of the trust account attributable to the sales proceeds of the sponsor warrants will be allocated pro rata among a greater number of public shares. Assuming a 15% increase in the size of this offering, the per-share redemption or liquidation amount could decrease by as much as approximately \$0.03.

We may increase the initial amount held in the trust account from approximately \$10.00 per unit prior to the effectiveness of the registration statement of which this prospectus forms a part. In such case, the increase would be funded by an increase in the amount of the deferral of the underwriting commissions payable in connection with this offering, an increase in the number of sponsor warrants to be purchased by our sponsor at a price of \$0.75 per warrant and/or a reduction from \$1,000,000 of the amount initially available to us for working capital that is not held in the trust account. Public stockholders would own a smaller percentage of our outstanding common stock on a fully diluted basis to the extent that our sponsor purchases additional warrants. We do not intend to reduce the initial amount to be held in the trust account.

TABLE OF CONTENTS

Our amended and restated certificate of incorporation provides that, except for a portion of the interest income that may be released to us to pay any income or franchise taxes and to fund our working capital requirements, and any amounts necessary to purchase up to 15% of our public shares if we seek stockholder approval of our business combination, as discussed below, none of the funds held in the trust account will be released from the trust account until the earlier of (i) the completion of our initial business combination or (ii) the redemption of 100% of our public shares if we do not complete a business combination within the prescribed time frame (subject to the requirements of law). The proceeds deposited in the trust account could become subject to the claims of our creditors, if any, which could have priority over the claims of our public stockholders.

Payment of expenses and funding sources

Unless and until we complete our initial business combination, no proceeds held in the trust account, other than up to \$1,750,000, subject to adjustment as described below, of the interest earned on the trust account (net of franchise and income taxes payable), and any amounts necessary to purchase up to 15% of our public shares if we seek stockholder approval of our business combination, will be available for our use, and we may pay our expenses only from:

- such interest; and
- the net proceeds of this offering not held in the trust account, which will be \$1,000,000 in working capital after the payment of approximately \$750,000 in expenses relating to this offering.

If the underwriters exercise their over-allotment option or the size of this offering is increased, the maximum amount of interest income we may withdraw from the trust account will proportionately increase. In addition, if the size of this offering is decreased, the maximum amount of interest income we may withdraw from the trust account will proportionately decrease.

Conditions to completing our initial business combination

There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination. Because, unlike many blank check companies, we do not have the limitation that a target business have a minimum fair market enterprise value equal to a specified percentage of the net assets held in the trust account at the time of our signing a definitive agreement in connection with our initial business combination, our management will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses. We will complete our initial business combination only if we will become the

TABLE OF CONTENTS

controlling stockholder of the target or are otherwise not required to register as an investment company under the Investment Company Act. Even though we will own a controlling interest in the target, our stockholders prior to the business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the business combination transaction.

Permitted purchases of public shares by us prior to the completion of our initial business combination using amounts held in the trust account

Unlike many blank check companies, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, prior to the completion of a business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the underwriters' over-allotment option is exercised in full) at any time commencing after the filing of a preliminary proxy statement for our initial business combination and ending on the date of the stockholder meeting to approve the initial business combination. Purchases will be made only in open market transactions at times when we are not in possession of any material non-public information and may not be made during a restricted period under Regulation M under the Securities Exchange Act of 1934, as amended, or the Exchange Act. It is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale (sales are required to be effected through one broker on a single day, subject to certain exceptions), timing (purchases are subject to certain restrictions at the beginning and end of the trading session), pricing (the purchase price may not exceed the highest independent bid or the last independent transaction price, whichever is higher) and volume of purchases (the total volume of Rule 10b-18 purchases effected by us or any affiliated purchasers effected on any single day generally must not exceed 25% of the average daily trading volume of the shares). If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Any purchases we make will be at prices (inclusive of commissions) not to exceed the per-share amount then held in the trust account (approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full). We can purchase any or all of the 2,625,000 shares (3,018,750 shares if the underwriters'

TABLE OF CONTENTS

over-allotment option is exercised in full) that we are entitled to purchase. It will be entirely in our discretion as to how many shares are purchased. Purchasing decisions will be made based on various factors, including the then current market price of our common stock and the terms of the proposed business combination. All shares purchased by us will be immediately cancelled. Such open market purchases, if any, would be conducted by us to minimize any disparity between the then current market price of our common stock and the per-share amount held in the trust account. A market price below the per-share trust amount could provide an incentive for purchasers to buy our shares after the filing of our preliminary proxy statement at a discount to the per share amount held in the trust account for the sole purpose of voting against our initial business combination and exercising redemption rights for the full per-share amount held in the trust account. Such trading activity could enable such investors to block a business combination by making it difficult for us to obtain the approval of such business combination by the vote of a majority of our outstanding shares of common stock that are voted.

Other permitted purchases of public shares by us or our affiliates

In addition to the permitted purchases of public shares by us prior to the completion of the initial business combination using amounts held in the trust account, as described above, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, we may enter into privately negotiated transactions to purchase public shares from stockholders following completion of the initial business combination with proceeds released to us from the trust account immediately following completion of the initial business combination. Our sponsor, directors, officers, advisors or their affiliates may also purchase shares in privately negotiated transactions either prior to or following the completion of our initial business combination. Neither we nor our directors, officers, advisors or their affiliates will make any such purchases when we or they are in possession of any material nonpublic information not disclosed to the seller or during a restricted period under Regulation M under the Exchange Act. It is intended that any purchases made by us will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale, timing, pricing and volume of purchases. If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Although neither we nor they currently anticipate paying any premium purchase price for such public shares, in the

TABLE OF CONTENTS

event we or they do, the payment of a premium may not be in the best interest of those stockholders not receiving any such additional consideration. In addition, the payment of a premium by us after the completion of our initial business combination may not be in the best interest of the remaining stockholders who do not redeem their shares, because such stockholders will experience a reduction in book value per share compared to the value received by stockholders that have their shares purchased by us at a premium. Except for the limitations described above on use of trust proceeds released to us prior to completing our initial business combination, there is no limit on the amount of shares that could be acquired by us or our affiliates, or the price we or they may pay, if we hold a stockholder vote.

Redemption rights for public stockholders upon completion of our initial business combination

We will provide our stockholders with the opportunity to redeem their shares of common stock upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.00 per public share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full), which is approximately equal to the per-unit offering price of \$10.00 (approximately \$9.97 less if the underwriters' over-allotment option is exercised in full). There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and any public shares they may hold in connection with the completion of a business combination.

Manner of conducting redemptions

Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in conjunction with their business combinations and related redemptions of public shares for cash upon completion of such initial business combinations even when a vote is not required by law, if a stockholder vote is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and
- file tender offer documents with the SEC prior to completing our initial business combination

TABLE OF CONTENTS

which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public shareholders not tendering more than a specified number of public shares, which number will be based on the requirement that we may not redeem public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

If, however, stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. In such case, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after the offering in favor of our initial business combination. Each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction.

Many blank check companies would not be able to complete a business combination if the holders of the company's public shares voted against a proposed business combination and elected to redeem or convert more than a specified percentage of the shares sold in such company's initial public offering, which percentage

TABLE OF CONTENTS

threshold has typically been between 19.99% and 39.99%. As a result, many blank check companies have been unable to complete business combinations because the amount of shares voted by their public stockholders electing conversion exceeded the maximum conversion threshold pursuant to which such company could proceed with a business combination. Since we have no specified maximum redemption threshold contained in our amended and restated certificate of incorporation, our structure is different in this respect from the structure that has been used by many blank check companies. However, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). In such case, we would not proceed with the redemption of our public shares and the related initial business combination, and instead may search for an alternate initial business combination.

Limitation on redemption rights of stockholders holding 10% or more of the shares sold in this offering if we hold stockholder vote

Notwithstanding the foregoing redemption rights, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 10% of the shares sold in this offering. We believe this restriction will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to redeem their shares as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 10% of the shares sold in this offering could threaten to exercise its redemption rights if such holder's shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders' ability to redeem no more than 10% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete a business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be

TABLE OF CONTENTS

Release of funds in trust account on closing of our initial business combination

restricting our stockholders' ability to vote all of their shares for or against a business combination.

On the closing of our initial business combination, all amounts held in the trust account will be released to us. We will use these funds to pay amounts due to any public stockholders who exercise their redemption rights as described above under "Redemption rights for public stockholders upon completion of our initial business combination" and to pay the underwriters their deferred underwriting commissions. Funds released from the trust account to us can be used to pay all or a portion of the purchase price of the business or businesses we acquire in our initial business combination. If our initial business combination is paid for using stock or debt securities, or not all of the funds released from the trust account are used for payment of the purchase price in connection with our business combination, we may apply the cash released to us from the trust account that is not applied to the purchase price for general corporate purposes, including for maintenance or expansion of operations of acquired businesses, the payment of principal or interest due on indebtedness incurred in completing the initial business combination, to fund the purchase of other companies or for working capital.

Redemption of public shares and distribution and liquidation if no initial business combination

Our sponsor, officers and directors have agreed that we will have only 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, to complete our initial business combination. If we do not complete a business combination within such timeframe, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest that may be released to us to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board

TABLE OF CONTENTS

of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we do not complete a business combination within the prescribed time frame.

Our initial stockholders have waived their redemption rights with respect to their founder shares if we do not complete an initial business combination within the prescribed time frame. However, if our initial stockholders, or any of our officers, directors or affiliates, acquire public shares in or after this offering, they will be entitled to redemption rights with respect to such public shares if we do not complete a business combination within the required time period.

The underwriters have agreed to waive their rights to their deferred underwriting commission held in the trust account in the event we do not complete a business combination within the prescribed time frame and, in such event, such amounts will be included with the funds held in the trust account that will be available to fund the redemption of our public shares.

Limited payments to insiders

There will be no finder's fees, reimbursements or cash payments made to our sponsor, officers, directors, or our or their affiliates, for services rendered to us prior to or in connection with the completion of our initial business combination, other than the following payments, none of which will be made from the proceeds of this offering held in the trust account prior to the completion of our initial business combination (except to the extent paid out of up to \$1,750,000 subject to adjustment as described herein of interest earned on the trust account that may be released to us to fund working capital requirements):

- Repayment of loans of up to an aggregate of \$200,000 made to us by our sponsor to cover offering-related and organizational expenses;
- A payment of an aggregate of \$10,000 per month to Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer, for office space, secretarial and administrative services;
- Consulting fees payable to our chief financial officer, James A. Graf, or an entity owned or controlled by Mr. Graf, of \$15,000 per month for services prior to the closing of our initial business combination;
- Reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and

TABLE OF CONTENTS

- Repayment of loans which may be made by our sponsor or an affiliate of our sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto.

Our independent directors will review on a quarterly basis all payments that were made to our sponsor, officers, directors or our or their affiliates.

Risks

We are a newly formed company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act and has certain terms and conditions that deviate from many blank check offerings. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings or to investors in many other blank check companies. For additional information concerning how Rule 419 blank check offerings differ from this offering, please see “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.” For additional information concerning how many blank check offerings differ from this offering, please see “Proposed Business — Comparison of This Offering to Those of Many Blank Check Companies Not Subject to Rule 419.” You should carefully consider these and the other risks set forth in the section entitled “Risk Factors” beginning on page [21](#) of this prospectus.

The “as adjusted” information gives effect to the sale of the units in this offering, the sale of the sponsor warrants and the payment of the estimated expenses of this offering. The “as adjusted” total assets amount includes the \$175,000,000 held in the trust account for the benefit of our public stockholders, which amount, less deferred underwriting commissions, will be available to us only upon the completion of a business combination within the prescribed time frame. The “as adjusted” working capital and “as adjusted” total assets include approximately \$6,125,000 being held in the trust account (approximately \$8,050,000 if the underwriters’ over-allotment option is exercised in full) representing deferred underwriting commissions.

If no business combination is completed within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, the proceeds held in the trust account, including the deferred underwriting commissions and all interest thereon, net of franchise and income taxes payable, up to \$100,000 of such net interest that may be released to us to pay dissolution expenses, any interest income released to us to fund our working capital requirements and any amounts released to purchase up to 15% of our public shares if we seek stockholder approval of our business combination, as described in this prospectus, will be used to fund the redemption of our public shares. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within such 21- or 24-month time period.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should consider carefully all of the risks described below, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.

We are a newly formed development stage company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.

We are a recently formed development stage company with no operating results, and we will not commence operations until obtaining funding through this offering. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective of completing our initial business combination with one or more target businesses. We have no plans, arrangements or understandings with any prospective target business concerning a business combination and may be unable to complete a business combination. If we fail to complete a business combination, we will never generate any operating revenues.

Our public stockholders may not be afforded an opportunity to vote on our proposed business combination, unless such vote is required by law, which means we may complete our initial business combination even though a majority of our public stockholders do not support such a combination.

We may not hold a stockholder vote before we complete our initial business combination unless the business combination would require stockholder approval under applicable state law or if we decide to hold a stockholder vote for business or other legal reasons. Accordingly, we may complete our initial business combination even if holders of a majority of our public shares do not approve of the business combination we complete.

Your only opportunity to affect the investment decision regarding a potential business combination will be limited to the exercise of your right to redeem your shares from us for cash, unless we seek stockholder approval of the business combination.

At the time of your investment in us, you will not be provided with an opportunity to evaluate the specific merits or risks of one or more target businesses. Since our board of directors may complete a business combination without seeking stockholder approval, public stockholders may not have the right or opportunity to vote on the business combination, unless we seek such stockholder vote. Accordingly, your only opportunity to affect the investment decision regarding a potential business combination may be limited to exercising your redemption rights within the period of time (which will be at least 20 business days) set forth in our tender offer documents mailed to our public stockholders in which we describe our business combination.

The ability of our public stockholders to redeem their shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into a business combination with a target.

We may enter into a transaction agreement with a prospective target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights, we may not be able to meet such closing condition, and as a result, would not be able to proceed with the business combination. Furthermore, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). Our amended and restated certificate of incorporation requires us to provide all of our stockholders with an opportunity to redeem all of their shares in connection with the completion of any initial business combination, although our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of an initial business combination. Consequently, if accepting all properly submitted redemption requests would cause our net tangible assets to be less than \$5,000,001 or such greater amount necessary to satisfy a closing condition as described above, we would not proceed with such redemption and the related business combination and may

TABLE OF CONTENTS

instead search for an alternate business combination. Prospective targets would be aware of these risks and, thus, may be reluctant to enter into a business combination transaction with us.

The ability of a larger number of our stockholders to exercise redemption rights may not allow us to complete the most desirable business combination or optimize our capital structure.

If our business combination requires us to use substantially all of our cash to pay the purchase price, because we will not know how many stockholders may exercise such redemption rights, we may either need to reserve part of the trust account for possible payment upon such redemption, or we may need to arrange third party financing to help fund our business combination in case a larger percentage of stockholders exercise their redemption rights than we expect. If the business combination involves the issuance of our stock as consideration, we may be required to issue a higher percentage of our stock to the target or its stockholders to make up for the failure to satisfy a minimum cash requirement. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us.

The requirement that we complete a business combination within the prescribed time frame may give potential target businesses leverage over us in negotiating a business combination and may decrease our ability to conduct due diligence on potential business combination targets as we approach our dissolution deadline, which could undermine our ability to complete a business combination on terms that would produce value for our stockholders.

Any potential target business with which we enter into negotiations concerning a business combination will be aware that we must complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends. Consequently, such target businesses may obtain leverage over us in negotiating a business combination, knowing that if we do not complete a business combination with that particular target business, we may be unable to complete a business combination with any target business. This risk will increase as we get closer to the prescribed time frame described above. In addition, we may have limited time to conduct due diligence and may enter into a business combination on terms that we would have rejected upon a more comprehensive investigation.

We may not be able to complete a business combination within the prescribed time frame, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate.

Our sponsor, officers and directors have agreed that we must complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends. We may not be able to find a suitable target business and complete a business combination within such time period. If we have not completed a business combination within such time period, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest, but net of franchise and income taxes payable (less up to \$100,000 of such net interest which may be released to us to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

TABLE OF CONTENTS

If we are unable to complete our initial business combination within the prescribed time frame, our public stockholders may receive less than \$10.00 per share on our redemption and our warrants will expire worthless.

If the underwriters' over-allotment option is exercised in full, the amount held in the trust account will initially be less than \$10.00 per share. If we are unable to complete our initial business combination within the prescribed time frame and are forced to redeem 100% of the public shares, the per-share redemption amount received by stockholders at such time may also be less than \$10.00 because of the expenses of this offering, our general and administrative expenses and the anticipated costs of seeking our initial business combination. For example, if the underwriters' over-allotment option is exercised in full, and we were unable to conclude our initial business combination and expend all of the net proceeds of this offering, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, net of franchise and income taxes payable and net of up to \$1,750,000 (subject to adjustment as described herein), in interest income on the trust account balance previously released to us to fund working capital requirements, the per-share redemption amount received by stockholders would be \$9.97, which is approximately \$0.03 less than the per-unit offering price of \$10.00. Furthermore, whether or not the underwriters exercise the over-allotment option, our outstanding warrants are not entitled to participate in any redemption and the warrants will therefore expire worthless if we are unable to complete a business combination within the prescribed time frame.

Our purchase of common stock in the open market may support the market price of the common stock and/or warrants during the buyback period and, accordingly, the termination of the support provided by such purchases may materially adversely affect the market price of the units, common stock and/or warrants.

Unlike many blank check companies, if we seek stockholder approval of our initial business combination, prior to the completion of a business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the over-allotment option is exercised in full) at any time commencing after the filing of a preliminary proxy statement for our initial business combination and ending on the date of the stockholder meeting to approve the initial business combination. Purchases will be made only in open market transactions at times when we are not in possession of material non-public information and will not be made during a restricted period under Regulation M under the Exchange Act. The restricted period under Regulation M will depend on the nature of the business combination. If our business combination requires us to issue securities to shareholders of a privately held target who will not be solicited by proxies to approve the business combination, the restricted period would be deemed to commence on the earlier of one (or five) business day(s) prior to (i) the time we furnish the definitive acquisition agreement for execution to the shareholders of the privately held target company or (ii) the commencement of the valuation period, if any, which is the period when the market price of the securities we are issuing in the business combination is a factor in determining the consideration to be paid in the business combination. The restricted period would continue until the later of (i) execution of the definitive acquisition agreement or (ii) the end of the valuation period. If our business combination requires us to issue securities to the shareholders of the target who will be solicited by proxies to approve the business combination, the restricted period would be deemed to commence on the day of mailing the proxy solicitation materials and continue through the end of the period in which the target shareholders can vote on the business combination, provided that if the valuation period occurs outside of the proxy solicitation period, an additional restricted period would commence one (or five) business days prior to the commencement of the valuation period and continue until the valuation period ends. In addition, if we engage in an offering of securities at the time of the business combination, there may also be a restricted period under Regulation M depending on the nature of the offering. In addition, it is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale (sales are required to be effected through one broker on a single day, subject to certain exceptions), timing (purchases are subject to certain restrictions at the beginning and end of the trading session), pricing (the purchase price may not exceed the highest independent bid or the last independent transaction price, whichever is higher) and volume of purchases (the total volume of Rule 10b-18 purchases effected by us or any affiliated purchasers effected on any single day generally must not exceed 25% of the average daily trading volume of the shares). If the conditions of Rule 10b-18, as in effect at the time we wish

TABLE OF CONTENTS

to make such purchases, are not satisfied, it is likely that we will not make such purchases. Consequently, if the market does not view our initial business combination positively, these purchases may have the effect of counteracting the market's view of our initial business combination, which would otherwise be reflected in a decline in the market price of our securities. If we do not make these purchases because they would not be in compliance with Regulation M or Rule 10b-18 or otherwise, the absence of the support of these purchases could materially affect the market price of our securities or our ability to complete a business combination. In addition, even if these purchases are made, once the purchases are complete, the termination of the support provided by these purchases may materially adversely affect the market price of our securities or our ability to complete a business combination.

If we seek stockholder approval of our business combination, we, our sponsor, directors, officers, advisors and their affiliates may elect to purchase shares from stockholders, in which case we or they may influence a vote in favor of a proposed business combination that you do not support.

If we seek stockholder approval of our business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, we may enter into privately negotiated transactions to purchase public shares following completion of the business combination from stockholders who would have otherwise elected to have their shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules. Our sponsor, directors, officers, advisors or their affiliates may also purchase shares in privately negotiated transactions either prior to or following the completion of our initial business combination. Neither we nor our directors, officers, advisors or their affiliates will make any such purchases when we or they are in possession of any material non-public information not disclosed to the seller or during a restricted period under Regulation M under the Exchange Act. Such a purchase would include a contractual acknowledgement that such stockholder, although still the record holder of our shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that we or our sponsor, directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares. Although neither we nor they currently anticipate paying any premium purchase price for such public shares, in the event we or they do, the payment of a premium may not be in the best interest of those stockholders not receiving any such additional consideration. In addition, the payment of a premium by us after the completion of our initial business combination may not be in the best interest of the remaining stockholders who do not redeem their shares. Such stockholders will experience a reduction in book value per share compared to the value received by stockholders that have their shares purchased by us at a premium. In addition, in the event we seek stockholder approval of our business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the underwriters' over-allotment option is exercised in full). It is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale, timing, pricing and volume of purchases. If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Any purchases we make will be at prices (inclusive of commissions) not to exceed the per-share amount then held in the trust account (approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full).

The purpose of such purchases would be to (i) increase the likelihood of obtaining stockholder approval of the business combination or (ii), where the purchases are made by our sponsor, directors, officers, advisors or their affiliates, to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of the business combination, where it appears that such requirement would otherwise not be met. This may result in the completion of a business combination that may not otherwise have been possible. In addition, purchases in the open market would provide liquidity to those public stockholders whose shares are so purchased in advance of the closing of the business combination. If these purchases are not made because they would not be in compliance with Regulation M or Rule 10b-18 or otherwise, the absence of the support of these purchases could materially affect the market price of our securities or our ability to complete a business combination.

TABLE OF CONTENTS

Our purchases of common stock in the open market or in privately negotiated transactions would reduce the funds available to us after the business combination.

If we seek stockholder approval of our business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, we may privately negotiate transactions to purchase shares effective immediately following the completion of the business combination from stockholders who would have otherwise elected to have their shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules with proceeds released to us from the trust account immediately following completion of the initial business combination. In addition, in the event we seek stockholder approval of our business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the underwriters' over-allotment option is exercised in full). It is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale, timing, pricing and volume of purchases. If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Any purchases we make will be at prices (inclusive of commissions) not to exceed the per-share amount then held in the trust account (approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full). As a consequence of such purchases, the funds in our trust account that are so used will not be available to us after the business combination.

Purchases of common stock in the open market or in privately negotiated transactions by us or our sponsor, directors, officers, advisors or their affiliates may make it difficult for us to list our common stock on a national securities exchange.

If we or our sponsor, directors, officers, advisors or their affiliates purchase shares of our common stock in the open market or in privately negotiated transactions, it would reduce the public "float" of our common stock and the number of beneficial holders of our securities, which may make it difficult to obtain the quotation, listing or trading of our securities on a national securities exchange if we determine to apply for such quotation or listing in connection with the business combination.

Our purchases of common stock in the open market or in privately negotiated transactions may have negative economic effects on our remaining public stockholders.

If we seek stockholder approval of our business combination and purchase shares in privately negotiated or market transactions from stockholders who would have otherwise elected to have their shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules for a per-share pro rata portion of the trust account, our remaining public stockholders will bear the economic burden of the franchise and income taxes payable (as well as, in the case of purchases which occur prior to the completion of our initial business combination, up to \$100,000 of net interest that may be released to us from the trust account to fund our dissolution expenses in the event we do not complete our initial business combination within the prescribed time frame). In addition, our remaining public stockholders following the completion of a business combination will bear the economic burden of the deferred underwriting commission as well as the amount of any premium we may pay to the per-share pro rata portion of the trust account using funds released to us from the trust account following the completion of the business combination. This is because the stockholders from whom we purchase shares in open market or in privately negotiated transactions may receive a per share purchase price payable from the trust account that is not reduced by a pro rata share of the franchise and income taxes payable on the interest earned by the trust account, the up to \$100,000 of dissolution expenses or the deferred underwriting commission and, in the case of purchases at a premium, have received such premium.

You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or warrants, potentially at a loss.

Our public stockholders will be entitled to receive funds from the trust account only upon the earlier to occur of: (i) our completion of an initial business combination, and then only in connection with those shares of our common stock that such stockholder properly elected to redeem, subject to the limitations described

TABLE OF CONTENTS

herein, or (ii) the redemption of 100% of our public shares if we are unable to complete an initial business combination within 21 months from the closing of this offering, subject to applicable law and as further described herein. In addition, if our plan to redeem our public shares if we are unable to complete an initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, is not completed for any reason, compliance with Delaware law may require that we submit a plan of dissolution to our then-existing stockholders for approval prior to the distribution of the proceeds held in our trust account. In that case, public stockholders may be forced to wait beyond such time period before they receive funds from our trust account. In no other circumstances will a public stockholder have any right or interest of any kind in the trust account. Accordingly, to liquidate your investment, you may be forced to sell your public shares or warrants, potentially at a loss.

We do not intend to establish an audit committee or a compensation committee until the completion of an initial business combination. Until such time, no formal committee of independent directors will review matters related to our business, and such lack of review could negatively impact our business.

We currently do not have any independent directors and our sole director is Mr. Sloan. Our independent directors will join upon the closing of this offering. Upon completion of an initial business combination, our board of directors intends to establish an audit committee and a compensation committee, and adopt charters for these committees. Prior to such time we do not intend to establish either committee. Accordingly, there will not be a separate committee comprised of some members of our board of directors with specialized accounting and financial knowledge to meet, analyze and discuss solely financial matters concerning prospective target businesses nor will there be a separate formal committee to review the reasonableness of expense reimbursement requests by anyone other than our board of directors, which includes persons who may seek such reimbursements. The absence of such committees to review the matters discussed above until the completion of our initial business combination could negatively impact our operations and profitability.

Our securities will be initially quoted on the Over-the-Counter Bulletin Board quotation system, which will limit the liquidity and price of our securities more than if our securities were quoted or listed on a national securities exchange and result in our stockholders not receiving the benefit of our being subject to the listing standards of a national securities exchange.

Our units, common stock and warrants will be traded in the over-the-counter market and will be initially quoted on the Over-the-Counter Bulletin Board quotation system, or the OTCBB, which is a FINRA-sponsored and operated inter-dealer automated quotation system for equity securities not listed on a national securities exchange. Quotation of our securities on the OTCBB will limit the liquidity and price of our securities more than if our securities were quoted or listed on a national securities exchange. Lack of liquidity will limit the price at which you may be able to sell our securities or your ability to sell our securities at all.

The OTCBB does not impose listing standards or requirements. If our securities were listed on a national securities exchange, we would be subject to a number of listing standards, including requirements relating to our minimum unaffiliated market capitalization and common stock trading price, the independence of a majority of our board of directors, requirements regarding committees of our board and certain other stockholder approval and corporate governance requirements. In addition, we would be subject to any special stock exchange requirements applicable to blank check companies, such as requirements that we obtain stockholder approval of our initial business combination under certain circumstances even if not required by Delaware law, and that we do not enter into an initial business combination that has an acquisition value less than 80% of the funds in the trust account.

If there are no market makers for our securities on the OTCBB, our securities could be removed from quotation on the OTCBB, and the liquidity of our securities would be further limited.

The OTCBB operates as a dealer system. As a result, all securities being quoted on the OTCBB must be sponsored by a participating market maker. Although Citigroup Global Markets Inc. has advised us that it intends to act as a market maker of our securities on the OTCBB until the earlier of (i) the completion of our initial business combination and (ii) the redemption of all of our public shares if we fail to complete a

TABLE OF CONTENTS

business combination in the prescribed time frame, it could cease making a market at any time. We expect that other market makers will make a market in our securities, but we cannot assure you that they will do so. A complete lack of market making in our securities could result in the removal of our securities from the OTCBB, which, in turn, could further diminish the liquidity of our securities.

You will not be entitled to protections normally afforded to investors of many other blank check companies.

Since the net proceeds of this offering are intended to be used to complete an initial business combination with a target business that has not been identified, we may be deemed to be a “blank check” company under the United States securities laws. However, because we will have net tangible assets in excess of \$5,000,000 upon the successful completion of this offering and will file a Current Report on Form 8-K, including an audited balance sheet demonstrating this fact, we are exempt from the “penny stock” rules promulgated by the SEC to protect investors in blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules. Among other things, this means our units will be immediately tradable and we will have a longer period of time to complete a business combination than do companies subject to Rule 419. Moreover, if this offering is subject to Rule 419, it would prohibit the release of any interest earned on funds held in the trust account to us and, if we seek stockholder approval of our initial business combination, the release of funds to us to purchase up to 15% of our public shares pursuant to our amended and restated certificate of incorporation, unless and until the funds in the trust account were released to us in connection with our completion of an initial business combination. For a more detailed comparison of our offering to offerings that comply with Rule 419, please see “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419.”

Because of our limited resources and the significant competition for business combination opportunities, it may be more difficult for us to complete a business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters’ over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

We expect to encounter intense competition from other entities having a business objective similar to ours, including private investors (which may be individuals or investment partnerships), other blank check companies and other entities, domestic and international, competing for the types of businesses we intend to acquire. Many of these individuals and entities are well-established and have extensive experience in identifying and effecting, directly or indirectly, acquisitions of companies operating in or providing services to various industries. Many of these competitors possess greater technical, human and other resources, or more local industry knowledge than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there are numerous target businesses we could potentially acquire with the net proceeds of this offering, our ability to compete with respect to the acquisition of certain target businesses that are sizable will be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, if we are obligated to pay cash for the shares of common stock redeemed and, in the event we seek stockholder approval of our business combination, we make purchases of our common stock in the open market in a manner intended to comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale, timing, pricing and volume of purchases, using available funds from the trust account, then the resources available to us for a business combination may be reduced. Any of these obligations may place us at a competitive disadvantage in successfully negotiating a business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters’ over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

TABLE OF CONTENTS

If the net proceeds of this offering not being held in the trust account, together with the up to \$1,750,000 (subject to adjustment as described herein) of interest in the trust account (net of franchise and income taxes payable) which may be released to us for working capital purposes, are insufficient to allow us to operate for at least the next 24 months, we may be unable to complete our initial business combination.

The funds available to us outside of the trust account, plus the interest earned on the funds held in the trust account that may be available to us, may not be sufficient to allow us to operate for at least the next 24 months, assuming that our initial business combination is not completed during that time. We believe that, upon closing of this offering, the funds available to us outside of the trust account, plus the interest earned on the funds held in the trust account that may be available to us, will be sufficient to allow us to operate for at least the next 24 months, assuming that our initial business combination is not completed during that time. However, we cannot assure you that our estimate will be accurate. We could use a portion of the funds available to us to pay fees to consultants to assist us with our search for a target business. We could also use a portion of the funds as a down payment or to fund a “no-shop” provision (a provision in letters of intent designed to keep target businesses from “shopping” around for transactions with other companies on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into a letter of intent where we paid for the right to receive exclusivity from a target business and were subsequently required to forfeit such funds (whether as a result of our breach or otherwise), we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters’ over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

The current low interest rate environment could limit the amount available to fund our search for a target business or businesses and complete our initial business combination since we will depend on interest earned on the trust account to fund our search, to pay our franchise and income taxes and to complete our initial business combination.

Of the net proceeds of this offering, only \$1,000,000 will be available to us initially outside the trust account to fund our working capital requirements. In the event that our offering expenses exceed our estimate of \$750,000, we may fund such excess with funds from the \$1,000,000 not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$750,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount. We will depend on sufficient interest being earned on the proceeds held in the trust account to provide us with up to \$1,750,000, subject to adjustment in the event the size of the offering changes as a result of the underwriters’ exercise of any portion of the over-allotment option or if we otherwise decide to change the size of this offering, of additional working capital we may need to identify one or more target businesses and to complete our initial business combination, as well as to pay any franchise and income taxes that we may owe. The current low interest rate environment may make it more difficult for us to have sufficient funds available to structure, negotiate or close our initial business combination. As described elsewhere in this prospectus, the amounts in the trust account may be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act. If, for example, the amounts in the trust account were invested for a 24-month period in U.S. government treasury bills with 180-day maturities yielding 0.18% per annum, they would generate a total of approximately \$631,000 in pre-tax interest (or approximately \$727,000 in pre-tax interest if the over-allotment option is exercised in full). If the actual yields are higher, a greater amount of pre-tax interest would be generated. Conversely, if the actual yields are lower, or if (as we expect) interest generated by the amounts in the trust account is withdrawn from time to time, a lesser amount of pre-tax interest would be generated. If we are required to seek additional capital, we would need to borrow funds from our sponsor or management team to operate or may be forced to liquidate. Neither our sponsor nor our management team is under any obligation to advance funds to us in such circumstances. Any such loans would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. If we are unable to complete our initial business combination, our public

TABLE OF CONTENTS

stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Subsequent to our completion of our initial business combination, we may be required to subsequently take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and our stock price, which could cause you to lose some or all of your investment.

Even if we conduct extensive due diligence on a target business with which we combine, we cannot assure you that this diligence will surface all material issues that may be present inside a particular target business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of the target business and outside of our control will not later arise. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining post-combination debt financing. Accordingly, any stockholders who choose to remain stockholders following the business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the tender offer materials or proxy statement relating to the business combination contained an actionable material misstatement or material omission.

If the size of the offering is increased, the portion of the trust account attributable to the proceeds of the sale of sponsor warrants will be allocated pro rata among a greater number of public shares, which will reduce the per-share amount payable to our public stockholders upon our liquidation or our public stockholders' exercise of redemption rights.

If the size of the offering is increased, there will be no corresponding increase in the number of sponsor warrants purchased by our sponsor. Accordingly, the portion of the trust account attributable to the sale proceeds of the sponsor warrants will be spread pro rata across a greater number of public shares, which will reduce the per-share amount payable to each public stockholder upon our liquidation or our stockholders' exercise of redemption rights. Assuming a 15% increase in the size of this offering, the per share redemption or liquidation amount could decrease by as much as approximately \$0.03.

If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than approximately \$10.00 per share.

Our placing of funds in the trust account may not protect those funds from third party claims against us. Although we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by

TABLE OF CONTENTS

management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to complete a business combination within the required time frame, or upon the exercise of a redemption right in connection with a business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per-share redemption amount received by public stockholders could be less than the approximately \$10.00 per share initially held in the trust account (or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full), due to claims of such creditors. Messrs. Sloan and Sagansky have agreed that they will be jointly and severally liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below \$10.00 per share (or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full) except as to any claims by a third party who executed a waiver of any and all rights to seek access to the trust account and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, Messrs. Sloan and Sagansky will not be responsible to the extent of any liability for such third party claims. However, we have not asked Messrs. Sloan and Sagansky to reserve for such indemnification obligations and we cannot assure you that Messrs. Sloan and Sagansky would be able to satisfy those obligations. None of our other officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Our directors may decide not to enforce the indemnification obligations of Messrs. Sloan and Sagansky, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.

In the event that the proceeds in the trust account are reduced below \$10.00 per public share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) and Messrs. Sloan and Sagansky assert that they are unable to satisfy their joint and several obligations or that they have no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against Messrs. Sloan or Sagansky to enforce their indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against Messrs. Sloan and Sagansky to enforce their indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.00 per share.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a "preferential transfer" or a "fraudulent conveyance." As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors.

TABLE OF CONTENTS

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete a business combination.

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities,

each of which may make it difficult for us to complete a business combination.

In addition, we may have imposed upon us burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. The proceeds held in the trust account may be invested by the trustee only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act. Because the investment of the proceeds will be restricted to these instruments, we believe we will meet the requirements for the exemption provided in Rule 3a-1 promulgated under the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete a business combination. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, investments and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business and results of operations.

Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.

Under the Delaware General Corporation Law, or DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata

TABLE OF CONTENTS

portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends (subject to the requirements of law), may be considered a liquidation distribution under Delaware law. If a corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, it is our intention to redeem our public shares as soon as reasonably possible following our 21st month, or 24th month, if applicable, in the event we do not complete an initial business combination and, therefore, we do not intend to comply with those procedures.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the 10 years following our dissolution. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. If our plan of distribution complies with Section 281(b) of the DGCL, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would likely be barred after the third anniversary of the dissolution. We cannot assure you that we will properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend beyond the third anniversary of such date. Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends (subject to the requirements of law), is not considered a liquidation distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidation distribution.

We do not currently intend to hold an annual meeting of stockholders until after our completion of a business combination and you will not be entitled to any of the corporate protections provided by such a meeting.

We do not currently intend to hold an annual meeting of stockholders until after we complete a business combination, and thus may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting of stockholders be held for the purposes of electing directors in accordance with a company's bylaws unless such election is made by written consent in lieu of such a meeting. Therefore, if our stockholders want us to hold an annual meeting prior to our completion of a business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

We are not registering the shares of common stock issuable upon exercise of the warrants under the Securities Act or states securities laws at this time, and such registration may not be in place when an investor desires to exercise warrants, thus precluding such investor from being able to exercise its warrants and causing such warrants to expire worthless.

We are not registering the shares of common stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time. However, under the terms of the warrant agreement, we

TABLE OF CONTENTS

have agreed to use our best efforts to file a registration statement under the Securities Act covering such shares and maintain a current prospectus relating to the common stock issuable upon exercise of the warrants, and to use our best efforts to take such action as is necessary to register or qualify for sale, in those states in which the warrants were initially offered by us, the shares issuable upon exercise of the warrants, to the extent an exemption is not available. We cannot assure you that we will be able to do so. If the shares issuable upon exercise of the warrants are not registered under the Securities Act, we will be required to permit holders to exercise their warrants on a cashless basis, under certain circumstances specified in the warrant agreement. However, no warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder, unless an exemption is available. In no event will we be required to issue cash, securities or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under the Securities Act or applicable state securities laws. If the issuance of the shares upon exercise of the warrants is not so registered or qualified, the holder of such warrant shall not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In such event, holders who acquired their warrants as part of a purchase of units will have paid the full unit purchase price solely for the shares of common stock included in the units. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying shares of common stock for sale under all applicable state securities laws.

The grant of registration rights to our initial stockholders and holders of our sponsor warrants may make it more difficult to complete our initial business combination, and the future exercise of such rights may adversely affect the market price of our common stock.

Pursuant to an agreement to be entered into concurrently with the issuance and sale of the securities in this offering, our initial stockholders and their permitted transferees can demand that we register the founder shares, holders of our sponsor warrants and their permitted transferees can demand that we register the sponsor warrants and the shares of common stock issuable upon exercise of the sponsor warrants and holders of warrants that may be issued upon conversion of working capital loans may demand that we register such warrants or the common stock issuable upon conversion of such warrants. The registration rights will be exercisable with respect to the founder shares and the sponsor warrants and the shares of common stock issuable upon exercise of such sponsor warrants. We will bear the cost of registering these securities. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our common stock. In addition, the existence of the registration rights may make our initial business combination more costly or difficult to conclude. This is because the stockholders of the target business may increase the equity stake they seek in the combined entity or ask for more cash consideration to offset the negative impact on the market price of our common stock that is expected when the securities owned by our initial stockholders, holders of our sponsor warrants or their respective permitted transferees are registered.

Because we have not selected a particular segment of the media or entertainment industries or any specific target businesses with which to pursue a business combination, you will be unable to ascertain the merits or risks of any particular target business's operations.

We will seek to complete a business combination with an operating company in the media or entertainment industries but may also pursue acquisition opportunities in other sectors, except that we will not, under our amended and restated certificate of incorporation, be permitted to effectuate a business combination with another blank check company or similar company with nominal operations. Because we have not yet identified or approached any specific target business with respect to a business combination, there is no basis to evaluate the possible merits or risks of any particular target business's operations, results of operations, cash flows, liquidity, financial condition or prospects. To the extent we complete our initial business combination, we may be affected by numerous risks inherent in the business operations with which we combine. For example, if we combine with a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by the risks inherent in the business and operations of a financially unstable or a development stage entity. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain

TABLE OF CONTENTS

or assess all of the significant risk factors or that we will have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business. We also cannot assure you that an investment in our securities will ultimately prove to be more favorable to investors than a direct investment, if such opportunity were available, in an acquisition target. Accordingly, any stockholders who choose to remain stockholders following the business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the tender offer materials or proxy statement relating to the business combination contained an actionable material misstatement or material omission.

None of our officers or directors has ever been associated with a blank check company, which could adversely affect our ability to consummate a business combination.

None of our officers or directors has ever been associated with a blank check company prior to its business combination. Accordingly, you may not have sufficient information with which to evaluate the ability of our management team to identify and complete a business combination using the proceeds of this offering and the private placement. Our management's lack of experience in operating a blank check company could adversely affect our ability to consummate a business combination and result in our not completing a business combination in the prescribed time frame.

We may seek investment opportunities in industries outside of the media or entertainment industries (which industries may or may not be outside of our management's area of expertise).

Although we intend to focus on identifying business combination candidates in the media or entertainment sectors and we will not initially actively seek to identify business combination candidates in other sectors (which sectors may be outside our management's area of expertise), we will consider a business combination outside of the media or entertainment industries if a business combination candidate is presented to us and we determine that such candidate offers an attractive investment opportunity for our company or we are unable to identify a suitable candidate in the media or entertainment industries after having expended a reasonable amount of time and effort in an attempt to do so. Although our management will endeavor to evaluate the risks inherent in any particular business combination candidate, we cannot assure you that we will adequately ascertain or assess all of the significant risk factors. We also cannot assure you that an investment in our units will not ultimately prove to be less favorable to investors in this offering than a direct investment, if an opportunity were available, in a business combination candidate. In the event we elect to pursue an investment outside of the media or entertainment industries, our management's expertise in the media and entertainment industries would not be directly applicable to its evaluation or operation, and the information contained herein regarding the media and entertainment industries would not be relevant to an understanding of the business that we elect to acquire. Accordingly, any stockholders who choose to remain stockholders following the business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the tender offer materials or proxy statement relating to the business combination contained an actionable material misstatement or material omission.

Although we identified general guidelines that we believe are important in evaluating prospective target businesses, we may enter into a business combination with a target does not meet such guidelines, and as a result, the target business with which we enter into our initial business combination may not have attributes entirely consistent with our general guidelines.

Although we have identified general guidelines for evaluating prospective target businesses, it is possible that a target business with which we enter into a business combination will not have all of these positive attributes. If we complete a business combination with a target that does not meet some or all of these guidelines, such combination may not be as successful as a combination with a business that does meet all of our general guidelines. In addition, if we announce a prospective business combination with a target that does

TABLE OF CONTENTS

not meet our general guidelines, a greater number of stockholders may exercise their redemption rights, which may make it difficult for us to meet any closing condition with a target business that requires us to have a minimum net worth or a certain amount of cash. In addition, if stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, it may be more difficult for us to attain stockholder approval of our initial business combination if the target business does not meet our general guidelines. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Unlike many blank check companies, we are not required to acquire a target with a valuation equal to a certain percentage of the amount held in the trust account. Management's unrestricted flexibility in identifying and selecting a prospective acquisition candidate, along with our management's financial interest in completing an initial business combination, may lead management to enter into an acquisition agreement that is not in the best interest of our stockholders.

Many blank check companies are required to complete their initial business combination with a target whose value is equal to at least 80% of the amount of money held in the trust account of the blank check company at the time of entry into a definitive agreement for a business combination. Because we do not have the requirement that a target business have a minimum fair market enterprise value equal to a certain percentage of the net assets held in the trust account at the time of our signing a definitive agreement in connection with our initial business combination, we will have virtually unrestricted flexibility in identifying and selecting a prospective acquisition candidate. Investors will be relying on management's ability to identify business combinations, evaluate their merits, conduct or monitor diligence and conduct negotiations. In addition, we may complete a business combination with a target whose enterprise value is significantly less than the amount of money held in the trust account, thereby resulting in our ability to use the remaining funds in the trust account to make additional acquisitions without seeking stockholder approval or providing redemption rights.

Management's unrestricted flexibility in identifying and selecting a prospective acquisition candidate, along with management's financial interest in completing an initial business combination, may lead management to enter into an acquisition agreement that is not in the best interest of our stockholders, which would be the case if the trading price of our shares of common stock after giving effect to such business combination was less than the per-share trust liquidation value that our stockholders would have received if we had dissolved without completing a business combination.

We are not required to obtain an opinion from an independent investment banking firm, and consequently, you may have no assurance from an independent source that the price we are paying for the business is fair to our company from a financial point of view.

Unless we complete a business combination with an affiliated entity, we are not required to obtain an opinion from an independent investment banking firm that the price we are paying is fair to our company from a financial point of view. If no opinion is obtained, our stockholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our tender offer documents or proxy solicitation materials, as applicable, related to our initial business combination.

We may issue additional common or preferred shares to complete our initial business combination or under an employee incentive plan after completion of our initial business combination, which would dilute the interest of our stockholders and likely present other risks.

Our amended and restated certificate of incorporation authorizes the issuance of up to 400,000,000 shares of common stock, par value \$0.0001 per share, and 1,000,000 shares of preferred stock, par value \$0.0001 per share. Immediately after this offering, there will be 354,158,517 (assuming that the underwriters have not exercised their over-allotment option) authorized but unissued shares of common stock available for issuance and not reserved for issuance upon exercise of outstanding warrants. We may issue a substantial number of additional shares of common or preferred stock to complete our initial business combination or under an

TABLE OF CONTENTS

employee incentive plan after completion of our initial business combination. The issuance of additional shares of common or preferred stock:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change in control if a substantial number of common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our units, common stock and/or warrants.

Resources could be wasted in researching acquisitions that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. In addition, in the event we seek stockholder approval of our business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering, in the open market in a manner intended to comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale, timing, pricing and volume of purchases. If such business combination is not completed, these purchases would have the effect of reducing the funds available in the trust account for future business combinations. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

We are dependent upon our officers and directors and their loss could adversely affect our ability to operate.

Our operations are dependent upon a relatively small group of individuals and, in particular, our officers and directors. We believe that our success depends on the continued service of our officers and directors, at least until we have completed a business combination. In addition, our officers and directors are not required to commit any specified amount of time to our affairs and, accordingly, will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. We do not have an employment agreement with, or key-man insurance on the life of, any of our directors or officers. The unexpected loss of the services of one or more of our directors or officers could have a detrimental effect on us.

Our ability to successfully effect our initial business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.

Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. The role of our key personnel in the target business, however, cannot presently be ascertained.

TABLE OF CONTENTS

Although some of our key personnel may remain with the target business in senior management or advisory positions following a business combination, it is likely that some or all of the management of the target business will remain in place. While we intend to closely scrutinize any individuals we engage after a business combination, we cannot assure you that our assessment of these individuals will prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements.

Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following a business combination and as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous.

Our key personnel may be able to remain with the company after the completion of a business combination only if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. However, we believe the ability of such individuals to remain with us after the completion of a business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination. There is no certainty, however, that any of our key personnel will remain with us after the completion of a business combination. We cannot assure you that any of our key personnel will remain in senior management or advisory positions with us. The determination as to whether any of our key personnel will remain with us will be made at the time of our initial business combination.

We may have a limited ability to assess the management of a prospective target business and, as a result, may effect a business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company.

When evaluating the desirability of effecting a business combination with a prospective target business, our ability to assess the target business's management may be limited due to a lack of time, resources or information. Our assessment of the capabilities of the target's management, therefore, may prove to be incorrect and such management may lack the skills, qualifications or abilities we suspected. Should the target's management not possess the skills, qualifications or abilities necessary to manage a public company, the operations and profitability of the post-combination business may be negatively impacted. Accordingly, any stockholders who choose to remain stockholders following the business combination could suffer a reduction in the value of their shares. Such stockholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the tender offer materials or proxy statement relating to the business combination contained an actionable material misstatement or material omission.

The officers and directors of an acquisition candidate may resign upon completion of a business combination. The loss of an acquisition target's key personnel could negatively impact the operations and profitability of our post-combination business.

The role of an acquisition candidate's key personnel upon the completion of a business combination cannot be ascertained at this time. Although we contemplate that certain members of an acquisition candidate's management team will remain associated with the acquisition candidate following a business combination, it is possible that members of the management of an acquisition candidate will not wish to remain in place.

TABLE OF CONTENTS

Our officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to complete a business combination.

Our executive officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and the search for a business combination on the one hand and their other businesses on the other hand. We do not intend to have any full-time employees prior to the completion of our business combination. Each of our executive officers is engaged in several other business endeavors and our executive officers are not obligated to contribute any specific number of hours per week to our affairs. Our independent directors may also serve as officers and board members for other entities. See “Management — Conflicts of Interest.”

If our executive officers’ and directors’ other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to complete our business combination.

Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in allocating their time and determining to which entity a particular business opportunity should be presented.

Although none of our officers or directors is currently, or has been at any time prior to this offering, associated with other blank check companies, our officers and directors may in the future become affiliated with entities, including, among others, blank check companies that are limited to a particular industry other than media and entertainment or public and private companies, private equity funds, venture capital funds, hedge funds and other investment vehicles and capital pools, which may be engaged in business activities similar to those intended to be conducted by us. Additionally, our officers and directors may become aware of business opportunities which may be appropriate for presentation to us and the other entities to which they owe fiduciary duties. Accordingly, they may have conflicts of interest in determining to which entity time should be allocated or a particular business opportunity should be presented. We cannot assure you that these conflicts will be resolved in our favor. As a result, a potential target business may be presented to another entity prior to its presentation to us, which could have a negative impact on our ability to successfully consummate an initial business combination.

Each of our officers and directors, other than our independent directors, have agreed, until the earliest of (i) our initial business combination, (ii) our failure to complete an initial business combination in the prescribed time frame or (iii) such time as the applicable person ceases to be an officer or director, to present to our company for our consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any fiduciary duties or contractual obligations they may have, currently, or in the future, in respect of the companies to which they currently have fiduciary duties or contractual obligations. Accordingly, our officers and directors may have conflicts of interest in determining to which entity a particular business opportunity should be presented. We cannot assure you that these conflicts will be resolved in our favor.

For a complete discussion of our officers’ and directors’ business affiliations and the potential conflicts of interest that you should be aware of, please see “Management — Directors and Executive Officers,” “Management — Conflicts of Interest” and “Certain Relationships and Related Transactions.”

Our officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.

We have not adopted a policy that expressly prohibits our directors, officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact, we may enter into a business combination with a target business that is affiliated with our sponsor, our directors or officers, although we do not intend to do so. Nor do we have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours.

TABLE OF CONTENTS

We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our executive officers, directors or existing holders which may raise potential conflicts of interest.

In light of the involvement of our sponsor, officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our sponsor, officers and directors. Our directors also serve as officers and board members for other entities, including, without limitation, those described under “Management — Conflicts of Interest.” Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete a business combination with any entities with which they are affiliated, and there have been no preliminary discussions concerning a business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in “Proposed Business — Effecting our initial business combination — Selection of a target business and structuring of our initial business combination” and such transaction was approved by a majority of our disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm regarding the fairness to our company from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our executive officers, directors or existing holders, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

Since our sponsor will lose its entire investment in us if a business combination is not completed and our officers and directors have significant financial interests in us, a conflict of interest may arise in determining whether a particular acquisition target is appropriate for our initial business combination.

In February 2011, our sponsor purchased an aggregate of 4,417,683 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.01 per share. Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering. The founder shares include an aggregate of 576,220 shares subject to forfeiture to the extent that the underwriters’ over-allotment option is not exercised in full. The founder shares will be worthless if we do not complete an initial business combination. In addition, our sponsor has committed to purchase an aggregate of 7,000,000 sponsor warrants, each exercisable for one share of our common stock at \$11.50 per share, for a purchase price of \$5,250,000, or \$0.75 per warrant, that will also be worthless if we do not complete a business combination. In addition, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters’ over-allotment option) will be subject to forfeiture by our initial stockholders on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for consideration in cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like). The personal and financial interests of our officers and directors may influence their motivation in identifying and selecting a target business combination, completing an initial business combination and influencing the operation of the business following the initial business combination.

We may issue notes or other debt securities, or otherwise incur substantial debt, to complete a business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders’ investment in us.

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt, we may choose to incur substantial debt to complete a business combination. The incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;

TABLE OF CONTENTS

- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

We may only be able to complete one business combination with the proceeds of this offering, which will cause us to be solely dependent on a single business which may have a limited number of products or services. This lack of diversification may negatively impact our operations and profitability.

The net proceeds from this offering will provide us with approximately \$175,000,000 (or approximately \$200,725,000 if the underwriters' over-allotment option is exercised in full) that we may use to complete a business combination.

We may effectuate an initial business combination with a single target business or multiple target businesses simultaneously. However, we may not be able to effectuate a business combination with more than one target business because of various factors, including the existence of complex accounting issues and the requirement that we prepare and file pro forma financial statements with the SEC that present operating results and the financial condition of several target businesses as if they had been operated on a combined basis. By completing an initial business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, property or asset, or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to an initial business combination.

We may attempt to simultaneously complete business combinations with multiple prospective targets, which may hinder our ability to complete an initial business combination and give rise to increased costs and risks that could negatively impact our operations and profitability.

If we determine to simultaneously acquire several businesses that are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to

TABLE OF CONTENTS

complete the initial business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

We may attempt to complete our initial business combination with a private company about which little information is available, which may result in a business combination with a company that is not as profitable as we suspected, if at all.

In pursuing our acquisition strategy, we may seek to effectuate our initial business combination with a privately held company. By definition, very little public information exists about private companies, and we could be required to make our decision on whether to pursue a potential initial business combination on the basis of limited information, which may result in a business combination with a company that is not as profitable as we suspected, if at all.

We may not be able to maintain control of a target business after our initial business combination. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business.

We may structure a business combination to acquire less than 100% of the equity interests or assets of a target business, but we will only complete such business combination if we will become the controlling stockholder of the target or are otherwise not required to register as an investment company under the Investment Company Act. Even though we will own a controlling interest in the target, our stockholders prior to the business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the business combination transaction. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company's stock than we initially acquired. Accordingly, this may make it more likely that we will not be able to maintain our control of the target business.

Unlike many blank check companies, we do not have a specified maximum redemption threshold. The absence of such a redemption threshold will make it easier for us to complete a business combination with which a substantial majority of our stockholders do not agree.

Since we have no specified maximum redemption threshold contained in our amended and restated certificate of incorporation, our structure is different in this respect from the structure that has been used by many blank check companies. Many blank check companies would not be able to complete a business combination if the holders of the company's public shares voted against a proposed business combination and elected to redeem or convert more than a specified percentage of the shares sold in such company's initial public offering, which percentage threshold has typically been between 19.99% and 39.99%. As a result, many blank check companies have been unable to complete business combinations because the amount of shares voted by their public stockholders electing conversion exceeded the maximum conversion threshold pursuant to which such company could proceed with a business combination. As a result, we may be able to complete a business combination even though a substantial majority of our public stockholders do not agree with the transaction and have redeemed their shares or, if we seek stockholder approval of our initial business combination and do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, have entered into privately negotiated agreements to sell their shares to us or our sponsor, officers, directors, advisors or their affiliates. However, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). In such case, we would not proceed with the redemption of our public shares and the related business combination, and instead may search for an alternate business combination.

The exercise price for the public warrants is higher than in many similar blank check company offerings in the past, and, accordingly, the warrants are more likely to expire worthless.

The exercise price of the warrants is higher than is typical in many similar blank check companies. Historically, the exercise price of a warrant was generally a fraction of the purchase price of the units in the

TABLE OF CONTENTS

initial public offering. The exercise price for our public warrants is \$11.50 per share. As a result, the warrants are less likely to ever be in the money and more likely to expire worthless.

In order to effectuate a business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments. We cannot assure you that we will not seek to amend our amended and restated certificate of incorporation or governing instruments in a manner that will make it easier for us to complete a business combination that our stockholders may not support.

In order to effectuate a business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments. For example, blank check companies have amended the definition of business combination, increased redemption thresholds and changed industry focus. We cannot assure you that we will not seek to amend our charter or governing instruments in order to effectuate our initial business combination.

The provisions of our amended and restated certificate of incorporation may be amended with the approval of 65% of our stockholders, which is a lower amendment threshold than that of many blank check companies. It may be easier for us, therefore, to amend our amended and restated certificate of incorporation to facilitate the completion of an initial business combination that our stockholders may not support.

Many blank check companies have a provision in their charter which prohibits the amendment of certain of its provisions, including those which relate to a company's pre-business combination activity, without approval by a certain percentage of the company's stockholders. Typically, amendment of these provisions requires approval by between 90% and 100% of the company's public stockholders. Our amended and restated certificate of incorporation provides that any of its provisions, including those related to pre-business combination activity, may be amended if approved by 65% of our stockholders. Our initial stockholders, who will collectively beneficially own 18.0% of our common stock upon the closing of this offering (assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated certificate of incorporation and will have the discretion to vote in any manner they choose. As a result, we may be able to amend the provisions of our amended and restated certificate of incorporation which govern our pre-business combination behavior more easily than many blank check companies, and this may increase our ability to complete a business combination with which you do not agree.

We may be unable to obtain additional financing to complete our initial business combination or to fund the operations and growth of a target business, which could compel us to restructure or abandon a particular business combination. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) on our redemption, and our warrants will expire worthless.

Although we believe that the net proceeds of this offering, including the interest earned on the proceeds held in the trust account that may be available to us for a business combination, will be sufficient to allow us to complete our initial business combination, because we have not yet identified any prospective target business we cannot ascertain the capital requirements for any particular transaction. If the net proceeds of this offering prove to be insufficient, either because of the size of our initial business combination, the depletion of the available net proceeds in search of a target business, the obligation to repurchase for cash a significant number of shares from stockholders who elect redemption in connection with our initial business combination or the terms of negotiated transactions to purchase shares in connection with our initial business combination, we will be required to seek additional financing. We cannot assure you that such financing will be available on acceptable terms, if at all. The current economic environment has made it especially difficult for companies to obtain acquisition financing. To the extent that additional financing proves to be unavailable when needed to complete our initial business combination, we would be compelled to either restructure the transaction or abandon that particular initial business combination and seek an alternative target business candidate. If we are unable to complete our initial business combination, our public stockholders may only receive approximately \$10.00 per share (or approximately \$9.97 per public share if the underwriters' over-allotment

TABLE OF CONTENTS

option is exercised in full) on our redemption, and our warrants will expire worthless. In addition, even if we do not need additional financing to complete our initial business combination, we may require such financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after a business combination.

Our initial stockholders control a substantial interest in us and thus may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support.

Upon closing of this offering, our initial stockholders will own 18.0% of our issued and outstanding shares of common stock (assuming they do not purchase any units in this offering and they are not required to forfeit their founder earnout shares, as described in this prospectus). Accordingly, they may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support, including amendments to our amended and restated certificate of incorporation. If our initial stockholders purchase any units in this offering or if we or our initial stockholders purchase any additional shares of common stock in the aftermarket or in privately negotiated transactions, this would increase their control. Neither our sponsor nor, to our knowledge, any of our officers or directors, has any current intention to purchase additional securities, other than as disclosed in this prospectus. Factors that would be considered in making such additional purchases would include consideration of the current trading price of our common stock. In addition, our board of directors, whose members were elected by our initial stockholders, is and will be divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. It is unlikely that there will be an annual meeting of stockholders to elect new directors prior to the completion of a business combination, in which case all of the current directors will continue in office until at least the completion of the business combination. If there is an annual meeting, as a consequence of our “staggered” board of directors, only a minority of the board of directors will be considered for election and our sponsor, because of its ownership position, will have considerable influence regarding the outcome. Accordingly, our sponsor will continue to exert control at least until the completion of our initial business combination.

Our initial stockholders paid an aggregate of \$25,000, or approximately \$0.01 per founder share and, accordingly, you will experience immediate and substantial dilution from the purchase of our common stock.

The difference between the public offering price per share (allocating all of the unit purchase price to the common stock and none to the warrant included in the unit) and the pro forma net tangible book value per share of our common stock after this offering constitutes the dilution to you and the other investors in this offering. Our initial stockholders acquired the founder shares at a nominal price, significantly contributing to this dilution. Upon closing of this offering, and assuming no value is ascribed to the warrants included in the units, you and the other public stockholders will incur an immediate and substantial dilution of approximately 89.7% or \$8.97 per share (the difference between the pro forma net tangible book value per share of \$1.03 and the initial offering price of \$10.00 per unit).

We may amend the terms of the warrants in a manner that may be adverse to holders with the approval by the holders of at least 65% of the then outstanding public warrants.

Our warrants will be issued in registered form under a warrant agreement between American Stock Transfer & Trust Company, LLC, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 65% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders. Accordingly, we may amend the terms of the warrants in a manner adverse to a holder if holders of at least 65% of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the warrants with the consent of at least 65% of the then outstanding warrants is unlimited, examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, shorten the exercise period or decrease the number of shares of our common stock purchasable upon exercise of a warrant.

TABLE OF CONTENTS

We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the last reported sales price of the common stock equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading-day period ending on the third trading day prior to proper notice of such redemption provided that on the date we give notice of redemption and during the entire period thereafter until the time we redeem the warrants, we have an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available, unless they may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force you (i) to exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so, (ii) to sell your warrants at the then-current market price when you might otherwise wish to hold your warrants or (iii) to accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants. None of the sponsor warrants will be redeemable by us so long as they are held by the sponsor or its permitted transferees.

Our warrants may have an adverse effect on the market price of our common stock and make it more difficult to effectuate a business combination.

We will be issuing warrants to purchase 17,500,000 shares of our common stock (or up to 20,125,000 shares of common stock if the underwriters' over-allotment option is exercised) as part of the units offered by this prospectus and, simultaneously with the closing of this offering, we will be issuing in a private placement an aggregate of 7,000,000 sponsor warrants, each exercisable to purchase one share of common stock at \$11.50 per share. In addition, if the sponsor makes any working capital loans, it may convert those loans into up to an additional 666,667 sponsor warrants, at the price of \$0.75 per warrant. To the extent we issue shares of common stock to effectuate a business transaction, the potential for the issuance of a substantial number of additional shares of common stock upon exercise of these warrants could make us a less attractive acquisition vehicle to a target business. Such warrants, when exercised, will increase the number of issued and outstanding shares of our common stock and reduce the value of the shares of common stock issued to complete the business transaction. Therefore, our warrants may make it more difficult to effectuate a business transaction or increase the cost of acquiring the target business.

The sponsor warrants are identical to the warrants sold as part of the units in this offering except that, so long as they are held by our sponsor or its permitted transferees, (i) they will not be redeemable by us, (ii) they (including the common stock issuable upon exercise of these warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by the sponsor until 30 days after the completion of our initial business combination and (iii) they may be exercised by the holders on a cashless basis.

The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the warrants were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with representatives of the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the common stock and warrants underlying the units, include:

- the history and prospects of companies whose principal business is the acquisition of other companies;

TABLE OF CONTENTS

- prior offerings of those companies;
- our prospects for acquiring an operating business at attractive values;
- a review of debt to equity ratios in leveraged transactions;
- our capital structure;
- an assessment of our management and their experience in identifying operating companies;
- general conditions of the securities markets at the time of this offering; and
- other factors as were deemed relevant.

Although these factors were considered, the determination of our offering price is more arbitrary than the pricing of securities of an operating company in a particular industry since we have no historical operations or financial results.

There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.

There is currently no market for our securities. Stockholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions. Furthermore, an active trading market for our securities may never develop or, if developed, it may not be sustained. You may be unable to sell your securities unless a market can be established and sustained.

Because we must furnish our stockholders with target business financial statements, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.

The federal proxy rules require that a proxy statement with respect to a vote on a business combination meeting certain financial significance tests include historical and/or pro forma financial statement disclosure in periodic reports. We will include the same financial statement disclosure in connection with our tender offer documents, whether or not they are required under the tender offer rules. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards, or IFRS, depending on the circumstances, and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame.

If you are not an institutional investor, you may purchase our securities in this offering only if you reside within certain states in which we will apply to have the securities registered. Although resales of our securities are exempt from state registration requirements, state securities commissioners who view blank check offerings unfavorably may attempt to hinder resales in their states.

We will offer and sell the units to retail customers only in Colorado, Delaware, the District of Columbia, Florida, Georgia, Hawaii, Illinois, Indiana, Louisiana, Minnesota, Missouri, New York, Rhode Island, South Carolina, South Dakota, Utah, Virginia, Wisconsin and Wyoming. In states other than those listed above, we will apply to have the units registered for sale and will not sell the units to retail customers in such states unless and until such registration is effective. If you are not an “institutional investor,” you must be a resident of one of these jurisdictions to purchase our securities in the offering. We may offer and sell the units to institutional investors in every state, except Idaho, in this offering pursuant to an exemption provided for sales to these investors under the blue sky laws of various states. The definition of an “institutional investor” varies from state to state but generally includes financial institutions, broker-dealers, banks, insurance companies and other qualified entities. The National Securities Markets Improvement Act of 1996, which is a federal statute, preempts the states from regulating transactions in certain securities, which are referred to as “covered

TABLE OF CONTENTS

securities.” The resale of the units and, once they become separately transferable, the common stock and warrants comprising the units are exempt from state registration requirements under the National Securities Markets Improvement Act, because we will file periodic and annual reports under the Exchange Act. However, each state retains jurisdiction to investigate and bring enforcement actions with respect to fraud or deceit, or unlawful conduct by a broker or dealer, in connection with the sale of securities.

Although we are not aware of a state having used these powers to prohibit or restrict resales of securities issued by blank check companies generally, certain state securities commissioners view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the resale of securities of blank check companies in their state. For a complete discussion of the blue sky state securities laws and registrations affecting this offering, please see the section entitled “Underwriting — State Blue Sky Information” below.

Compliance obligations under the Sarbanes-Oxley Act of 2002 may make it more difficult for us to effectuate a business combination, require substantial financial and management resources, and increase the time and costs of completing an acquisition.

Section 404 of the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, requires that we evaluate and report on our system of internal controls beginning with our Annual Report on Form 10-K for the year ending December 31, 2012. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to have our system of internal controls audited. The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to most other public companies because a target company with which we seek to complete a business combination may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of its internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

Provisions in our amended and restated certificate of incorporation and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management.

Our amended and restated certificate of incorporation contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include a staggered board of directors and the ability of the board of directors to designate the terms of and issue new series of preferred shares, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

We are also subject to anti-takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this prospectus that are not purely historical are forward-looking statements. Our forward-looking statements include, but are not limited to, statements regarding our or our management's expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "intends," "may," "might," "plan," "possible," "potential," "predict," "project," "should," "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about:

- our ability to complete our initial business combination;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination, as a result of which they would then receive expense reimbursements;
- our potential ability to obtain additional financing to complete our initial business combination;
- our pool of prospective target businesses;
- the ability of our officers and directors to generate a number of potential investment opportunities;
- our public securities' potential liquidity and trading;
- the lack of a market for our securities;
- the use of proceeds not held in the trust account or available to us from interest income on the trust account balance; or
- our financial performance following this offering.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading "Risk Factors" beginning on page 21. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

(1) Includes amounts payable to public stockholders who properly redeem their shares in connection with our successful completion of our initial business combination.

(2) In addition, a portion of the offering expenses have been paid from the proceeds of loans from our sponsor of up to \$200,000 as described in this prospectus. These loans will be repaid upon completion of this offering out of the \$750,000 of offering proceeds that has been allocated for the payment of offering expenses other than underwriting commissions. In the event that offering expenses are less than set forth in this table, any such amounts will be used for post-closing working capital expenses.

TABLE OF CONTENTS

- (3) The underwriters have agreed to defer underwriting commissions equal to 3.5% of the gross proceeds of this offering, or approximately \$6,125,000 in the aggregate, until completion of our initial business combination. If the aggregate gross proceeds to us from this offering (including pursuant to the exercise of the underwriters' over-allotment option) exceed \$200,000,000, the aggregate underwriting commissions will be increased to 6.0% of the gross proceeds of this offering, with 4.0% being deferred and placed into the trust account. The deferred commissions will be released to the underwriters only on completion of an initial business combination, as described in this prospectus. The remaining funds in the trust account will be released to us and can be used to pay all or a portion of the purchase price of the business or businesses with which our initial business combination occurs or for general corporate purposes, including repayment of any loans made by our sponsor or affiliates of our sponsor, payment of principal or interest on indebtedness incurred in connection with our initial business combination, to fund the purchases of other companies or for working capital.
- (4) These expenses are estimates only. Our actual expenditures for some or all of these items may differ from the estimates set forth herein. For example, we may incur greater legal and accounting expenses than our current estimates in connection with negotiating and structuring a business combination based upon the level of complexity of such business combination. In the event we identify an acquisition target in a specific industry subject to specific regulations, we may incur additional expenses associated with legal due diligence and the engagement of special legal counsel. In addition, our staffing needs may vary and as a result, we may engage a number of consultants to assist with legal and financial due diligence. We do not anticipate any change in our intended use of proceeds, other than fluctuations among the current categories of allocated expenses, which fluctuations, to the extent they exceed current estimates for any specific category of expenses, would not be available for our expenses. The amount of interest available to us from the trust account may be less than \$1,750,000 as a result of the current interest rate environment.
- (5) Includes estimated amounts that may also be used in connection with our initial business combination to fund a "no shop" provision and commitment fees for financing.

A total of approximately \$175,000,000 (or approximately \$200,725,000 if the underwriters' over-allotment option is exercised in full) of the net proceeds from this offering and the sale of the sponsor warrants described in this prospectus, including approximately \$6,125,000 (or approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full) of deferred underwriting commissions, will be placed in a trust account at Citibank, N.A. with American Stock Transfer & Trust Company, LLC acting as trustee and will be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act. Our amended and restated certificate of incorporation provides that, except for a portion of the interest income that may be released to us to pay any income and franchise taxes and to fund our working capital requirements, as discussed below, and any amounts necessary to purchase up to 15% of our public shares if we seek stockholder approval of our business combination, none of the funds held in the trust account will be released until the earlier of (i) the completion of our initial business combination or (ii) the redemption of 100% of our public shares if we are unable to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends (subject to the requirements of law).

We may increase the initial amount held in the trust account from approximately \$10.00 per unit prior to the effectiveness of the registration statement of which this prospectus forms a part. In such case, the increase would be funded by an increase in the amount of the deferral of the underwriting commissions payable in connection with this offering, an increase in the number of sponsor warrants to be purchased by our sponsor at a price of \$0.75 per warrant and/or a reduction from \$1,000,000 of the amount initially available to us for working capital that is not held in the trust account. Public stockholders would own a smaller percentage of our outstanding common stock on a fully diluted basis to the extent that our sponsor purchases additional warrants. We do not intend to reduce the initial amount to be held in the trust account.

The net proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we ultimately complete a business combination. If our initial business combination is paid for using stock or debt securities, or not all of the funds released from the trust account are used for payment of the purchase price in connection with our business combination, we may apply the cash released

TABLE OF CONTENTS

from the trust account that is not applied to the purchase price for general corporate purposes, including for maintenance or expansion of operations of acquired businesses, the payment of principal or interest due on indebtedness incurred in completing the initial business combination, to fund the purchase of other companies or for working capital.

We believe that amounts not held in trust, as well as the interest income of up to \$1,750,000, subject to proportionate adjustment in the event the size of the offering changes as a result of the underwriters' exercise of any portion of the over-allotment option or we otherwise decided to make such a change prior to the effectiveness of the registration statement of which this prospectus forms a part, earned on the trust account balance (net of franchise and income taxes payable) that may be released to fund our working capital requirements will be sufficient to pay the costs and expenses to which such proceeds are allocated. This belief is based on the fact that while we may begin preliminary due diligence of a target business in connection with an indication of interest, we intend to undertake in-depth due diligence, depending on the circumstances of the relevant prospective acquisition, only after we have negotiated and signed a letter of intent or other preliminary agreement that addresses the terms of a business combination. However, if our estimate of the costs of undertaking in-depth due diligence and negotiating a business combination is less than the actual amount necessary to do so, or the amount of interest available to use from the trust account is less than \$1,750,000 as a result of the current interest rate environment, we may be required to raise additional capital, the amount, availability and cost of which is currently unascertainable. As described elsewhere in this prospectus, the amounts in the trust account may be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act. If, for example, the amounts in the trust account were invested for a 24-month period in U.S. government treasury bills with 180-day maturities yielding 0.18% per annum, they would generate a total of approximately \$631,000 in pre-tax interest (or approximately \$727,000 in pre-tax interest if the over-allotment option is exercised in full). If the actual yields are higher, a greater amount of pre-tax interest would be generated. Conversely, if the actual yields are lower, or if (as we expect) interest generated by the amounts in the trust account is withdrawn from time to time, a lesser amount of pre-tax interest would be generated. If we are required to seek additional capital, we could seek such additional capital through loans or additional investments from members of our management team, but such members of our management team are not under any obligation to advance funds to, or invest in, us. If the underwriters exercise their over-allotment option or the size of this offering is increased, the maximum amount of interest income we may withdraw from the trust account will proportionately increase (for example, if the underwriters' over-allotment option is exercised in full, the size of the offering will increase by 15%, and the maximum amount of interest income we may withdraw from the trust account will increase to \$2,012,500). In addition, if the size of this offering is decreased, the maximum amount of interest income we may withdraw from the trust account will proportionately decrease. We will use any proportionate increase in interest income to cover our working capital expenses. While we currently do not know what our future working capital expenses will be and while they will not necessarily be proportionate to the size of the offering, we believe that any additional interest income released to us would facilitate our ability to finance the exploration and consideration of a greater number of potential acquisition targets.

Commencing on the date that our securities are first quoted on the OTCBB, we have agreed to pay Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer, a total of \$10,000 per month for office space, administrative services and secretarial support. This arrangement is being agreed to by Mr. Sloan for our benefit and is not intended to provide Mr. Sloan compensation in lieu of salary or other remuneration. In addition, we will pay Mr. Graf, or an entity owned and controlled by him, a monthly consulting fee of \$15,000 for services prior to the completion of our initial business combination. We believe that such fees are at least as favorable as we could have obtained from an unaffiliated person. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$200,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of August 1, 2011 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the \$750,000 of offering proceeds that has been allocated to the payment of offering expenses.

TABLE OF CONTENTS

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. Otherwise, such loans would be repaid only out of funds held outside the trust account. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$0.75 per warrant at the option of the lender. The warrants would be identical to the sponsor warrants. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

Unlike many blank check companies, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, prior to the completion of a business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account of amounts necessary to purchase up to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the over-allotment option is exercised in full) at any time commencing after the filing of a preliminary proxy statement for our initial business combination and ending on the date of the stockholder meeting to approve the initial business combination. Purchases will be made only in open market transactions at times when we are not in possession of any material non-public information and may not be made during a restricted period under Regulation M under the Exchange Act. It is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale (sales are required to be effected through one broker on a single day, subject to certain exceptions), timing (purchases are subject to certain restrictions at the beginning and end of the trading session), pricing (the purchase price may not exceed the highest independent bid or the last independent transaction price, whichever is higher) and volume of purchases (the total volume of Rule 10b-18 purchases effected by us or any affiliated purchasers effected on any single day generally must not exceed 25% of the average daily trading volume of the shares). If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Any purchases we make will be at prices (inclusive of commissions) not to exceed the per-share amount then held in the trust account (approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full). We can purchase any or all of the 2,625,000 shares (or 3,018,750 shares if the underwriters' over-allotment option is exercised in full) we are entitled to purchase. It will be entirely in our discretion as to how many shares are purchased. Purchasing decisions will be made based on various factors, including the then current market price of our common stock and the terms of the proposed business combination. All shares purchased by us will be immediately cancelled. Such open market purchases, if any, would be conducted by us to minimize any disparity between the then current market price of our common stock and the per-share amount held in the trust account. A market price below the per-share trust amount could provide an incentive for purchasers to buy our shares after the filing of our preliminary proxy statement at a discount to the per-share amount held in the trust account for the sole purpose of voting against our initial business combination and exercising redemption rights for the full per share amount held in the trust account. Such trading activity could enable such investors to block a business combination by making it difficult for us to obtain the approval of such business combination by the vote of a majority of our outstanding shares of common stock.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, we may enter into privately negotiated transactions to purchase public shares from stockholders following completion of the initial business combination with proceeds released to us from the trust account immediately following completion of the initial business combination. Our sponsor, directors, officers, advisors or their affiliates may also purchase shares in privately negotiated transactions either prior to or following the completion of our initial business combination. Neither we nor our directors, officers, advisors or their affiliates will make any such purchases when we or they are in possession of any material non-public information not disclosed to the seller. Although we do not currently anticipate paying any premium purchase price for such public shares, in the event we do, the payment of a premium may not be in the best interest of those stockholders not receiving any such

TABLE OF CONTENTS

additional consideration. In addition, the payment of a premium by us after the completion of our initial business combination may not be in the best interest of the remaining stockholders who do not redeem their shares. Such stockholders will experience a reduction in book value per share compared to the value received by stockholders that have their shares purchased by us at a premium. Except for the limitations described above on use of trust proceeds released to us prior to completing our initial business combination, there is no limit on the amount of shares that could be acquired by us or our affiliates, or the price we or they may pay, if we hold a stockholder vote.

In no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). In such case, we would not proceed with the redemption of our public shares or the business combination, and instead may search for an alternate business combination.

A public stockholder will be entitled to receive funds from the trust account only upon the earlier to occur of: (i) our completion of an initial business combination, and then only in connection with those shares of our common stock that such stockholder properly elected to redeem, subject to the limitations described herein or (ii) the redemption of our public shares if we are unable to complete an initial business combination within 21 months following the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, subject to applicable law and as further described herein. In no other circumstances will a public stockholder have any right or interest of any kind to or in the trust account.

Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination. In addition, our initial stockholders have agreed to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within 21 months from the closing of this offering or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends (subject to the requirements of law). However, if our initial stockholders, or any of our officers, directors or affiliates acquire public shares in or after this offering, they will be entitled to redemption rights with respect to such public shares if we fail to complete a business combination within the required time period.

DIVIDEND POLICY

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of an initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of an initial business combination. The payment of any cash dividends subsequent to an initial business combination will be within the discretion of our board of directors at such time. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future, except if we increase the size of the offering pursuant to Rule 462(b) under the Securities Act, in which case we will effect a stock dividend immediately prior to the completion of the offering in such amount as to maintain our initial stockholders' ownership at 18.0% of the issued and outstanding shares of our common stock upon the completion of this offering. Further, if we incur any indebtedness in connection with a business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

DILUTION

The difference between the public offering price per share of common stock, assuming no value is attributed to the warrants included in the units we are offering pursuant to this prospectus or the sponsor warrants, and the pro forma net tangible book value per share of our common stock after this offering constitutes the dilution to investors in this offering. Such calculation does not reflect any dilution associated with the sale and exercise of warrants, including the sponsor warrants, which would cause the actual dilution to the public stockholders to be higher, particularly where a cashless exercise is utilized. In addition, such calculation does not reflect any dilution associated with purchases we may make prior to the completion of our initial business combination of up to 15% of the shares sold in this offering using the trust proceeds. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of common stock which may be redeemed for cash), by the number of outstanding shares of our common stock.

At February 4, 2011, our net tangible book value was a deficiency of \$(5,000), or approximately \$(0.01) per share of common stock. After giving effect to the sale of 17,500,000 shares of common stock included in the units we are offering by this prospectus, the sale of the sponsor warrants and the deduction of underwriting commissions and estimated expenses of this offering, our pro forma net tangible book value at February 4, 2011 would have been \$5,000,010 or \$1.03 per share, representing an immediate increase in net tangible book (as decreased by the value of the approximately 16,488,999 shares of common stock that may be redeemed for cash and assuming no exercise of the underwriters' over-allotment option) value of \$8.98 per share to our initial stockholders as of the date of this prospectus and an immediate dilution of \$10.00 per share or 100.0% to our public stockholders not exercising their redemption rights.

The following table illustrates the dilution to the public stockholders on a per-share basis, assuming no value is attributed to the warrants included in the units or the sponsor warrants:

Public offering price	\$ 10.00
Net tangible book value before this offering	\$ (0.01)
Increase attributable to public stockholders	\$ 8.98
Decrease attributable to public shares subject to redemption	(10.00)
Pro forma net tangible book value after this offering and the sale of the sponsor warrants	\$ (1.03)
Dilution to public stockholders	<u>\$ 8.97</u>

For purposes of presentation, we have reduced our pro forma net tangible book value after this offering (assuming no exercise of the underwriters' over-allotment option) by \$164,889,990 because holders of up to approximately 94% of our public shares may redeem their shares for a pro rata share of the aggregate amount then on deposit in the trust account at a per share redemption price equal to the amount in the trust account as set forth in our tender offer or proxy materials (initially anticipated to be the aggregate amount held in trust two days prior to the commencement of our tender offer or stockholders meeting, including interest less franchise and income taxes payable), divided by the number of shares of common stock sold in this offering.

The following table sets forth information with respect to our initial stockholders and the public stockholders:

	Shares Purchased		Total Consideration		Average Price per Share
	Number	Percentage	Amount	Percentage	
Initial Stockholders ⁽¹⁾	3,841,463	18.0%	\$ 25,000	0.01%	\$ 0.01
Public Stockholders	17,500,000	82.0%	175,000,000	99.99%	\$ 10.00
	<u>21,341,463</u>	<u>100.0%</u>	<u>\$ 175,025,000</u>	<u>100.0%</u>	

(1) Assumes an aggregate of 576,220 shares held by our initial stockholders have been forfeited.

(2) Loans payable to affiliate were made pursuant to a promissory note issued in an amount up to \$200,000 in the aggregate to our sponsor. The note is non-interest bearing and is payable on the earlier of August 1, 2011 or the completion of this offering.

(3) Upon the completion of our initial business combination, we will provide our stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, including interest less franchise and income taxes payable, subject to the limitations described herein whereby our net tangible assets will be maintained at a minimum of \$5,000,001.

(1) Assumes the over-allotment option has not been exercised and an aggregate of 576,220 founder shares held by our initial stockholders have been forfeited, but no forfeiture of the founder earnout shares.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

We are a blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. We have not identified any acquisition target and we have not, nor has anyone on our behalf, initiated any substantive discussions directly or indirectly, with respect to identifying any acquisition target. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the sponsor warrants, our capital stock, debt or a combination of cash, stock and debt.

The issuance of additional shares of our stock in a business combination:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change in control if a substantial number of shares of our common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights or a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our common stock and/or warrants.

Similarly, if we issue debt securities, such issuance could result in:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

As indicated in the accompanying financial statements, at February 4, 2011, we had \$50,000 in cash and deferred offering costs of \$20,000. Further, we expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to raise capital or to complete our initial business combination will be successful.

TABLE OF CONTENTS

Results of Operations and Known Trends or Future Events

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. We expect our expenses to increase substantially after the closing of this offering.

Liquidity and Capital Resources

Our liquidity needs have been satisfied to date through receipt of \$25,000 from the sale of the founder shares to our sponsor and loans from our sponsor in an aggregate amount up to \$200,000. We estimate that the net proceeds from (i) the sale of the units in this offering, after deducting offering expenses of approximately \$750,000, but including deferred underwriting commissions of approximately \$6,125,000 (or approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full), and (ii) the sale of the sponsor warrants for a purchase price of \$5,250,000, will be approximately \$175,000,000 (or approximately \$200,725,000 if the underwriters' over-allotment option is exercised in full). Approximately \$175,000,000 (or approximately \$200,725,000 if the underwriters' over-allotment option is exercised in full), will be held in the trust account, which includes approximately \$6,125,000 (or approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full) of deferred underwriting commissions. The remaining \$1,000,000 will not be held in the trust account. In the event that our offering expenses exceed our estimate of \$750,000, we may fund such excess with funds from the \$1,000,000 not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the event that the offering expenses are less than our estimate of \$750,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account (net of franchise and income taxes payable and deferred underwriting commissions) to complete our initial business combination. We may use interest earned on the trust account to pay franchise taxes and income taxes. We estimate our annual franchise tax obligations, based on the number of shares of our common stock authorized and outstanding after the completion of this offering, to be \$180,000, which is the maximum amount of annual franchise taxes payable by us as a Delaware corporation. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Prior to the completion of our initial business combination, we will have available to us the \$1,000,000 of proceeds held outside the trust account and up to \$1,750,000, subject to adjustment as described below, in interest income on the balance of the trust account (net franchise and income taxes payable) that will be released to us to fund our working capital requirements. We will use these funds to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete a business combination. If the underwriters exercise their over-allotment option or the size of this offering is increased, the maximum amount of interest income we may withdraw from the trust account will proportionately increase. In addition, if the size of this offering is decreased, the maximum amount of interest income we may withdraw from the trust account will proportionately decrease. Assuming a 15% increase in the size of this offering, the per share redemption or liquidation amount could decrease by as much as approximately \$0.03.

TABLE OF CONTENTS

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment, other than the interest on such proceeds that may be released to us for working capital purposes. Up to \$500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$0.75 per warrant at the option of the lender. The warrants would be identical to the sponsor warrants. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

We expect our primary liquidity requirements during that period to include approximately \$1,800,000 for legal, accounting, due diligence, travel and other expenses associated with structuring, negotiating and documenting successful business combinations; \$10,000 per month for up to 24 months for office space, administrative and support services payable to Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer; \$110,000 for legal and accounting fees related to regulatory reporting requirements; \$50,000 for printing; \$400,000 for consulting and travel for the search for a business combination target; and approximately \$150,000 for general working capital that will be used for miscellaneous expenses and reserves.

These amounts are estimates and may differ materially from our actual expenses. In addition, we could use a portion of the funds not being placed in trust to pay commitment fees for financing, fees to consultants to assist us with our search for a target business or as a down payment or to fund a “no-shop” provision (a provision designed to keep target businesses from “shopping” around for transactions with other companies on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into an agreement where we paid for the right to receive exclusivity from a target business, the amount that would be used as a down payment or to fund a “no-shop” provision would be determined based on the terms of the specific business combination and the amount of our available funds at the time. Our forfeiture of such funds (whether as a result of our breach or otherwise) could result in our not having sufficient funds to continue searching for, or conducting due diligence with respect to, prospective target businesses.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of undertaking in-depth due diligence and negotiating an initial business combination is less than the actual amount necessary to do so, or the amount of interest available to us from the trust account is less than \$1,750,000 as a result of the current interest rate environment, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares upon completion of our initial business combination, in which case we may issue additional securities or incur debt in connection with such business combination. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our initial business combination. In the current economic environment, it has become especially difficult to obtain acquisition financing. Following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Controls and Procedures

We are not currently required to maintain an effective system of internal controls as defined by Section 404 of the Sarbanes-Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes-Oxley Act for the fiscal year ending December 31, 2012. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to have our system of internal controls audited. As of the date of this prospectus, we have not completed an assessment, nor have our auditors tested our systems, of internal controls. We expect to assess the internal controls of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding

TABLE OF CONTENTS

the adequacy of internal controls. Many small and mid-sized target businesses we may consider for a business combination may have internal controls that need improvement in areas such as:

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expense in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

Once our management's report on internal controls is complete, we will render an opinion on such report when required by Section 404.

Quantitative and Qualitative Disclosures about Market Risk

The net proceeds of this offering, including amounts in the trust account, will be invested in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

Related Party Transactions

In February 2011, our sponsor purchased an aggregate of 4,417,683 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.01 per share. Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering. Harry E. Sloan, our chairman and chief executive officer, Jeff Sagansky, our president, and James A. Graf, our chief financial officer, secretary and treasurer, are each members of our sponsor.

Commencing on the date that our securities are first quoted on the OTCBB, we have agreed to pay Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer, a total of \$10,000 per month for office space, administrative services and secretarial support. This arrangement is being agreed to by Mr. Sloan for our benefit and is not intended to provide Mr. Sloan compensation in lieu of salary or other remuneration. In addition, we will pay Mr. Graf, or an entity owned and controlled by him, a monthly consulting fee of \$15,000 for services prior to the completion of our initial business combination. We believe that such fees are at least as favorable as we could have obtained from an unaffiliated person. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$200,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of August 1, 2011 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the \$750,000 of offering proceeds that has been allocated to the payment of offering expenses.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment, other than the interest that may be released to us

TABLE OF CONTENTS

for working capital purposes. Up to \$500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$0.75 per warrant at the option of the lender. The warrants would be identical to the sponsor warrants. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

Our sponsor has committed, pursuant to a written agreement, to purchase an aggregate of 7,000,000 sponsor warrants at a price of \$0.75 per warrant (\$5,250,000 in the aggregate) in a private placement that will occur simultaneously with the closing of this offering. Each sponsor warrant entitles the holder to purchase one share of our common stock at \$11.50 per share. Our sponsor will be permitted to transfer the sponsor warrants to our officers and directors, and other persons or entities affiliated with our sponsor, but the transferees receiving such securities will be subject to the same agreements with respect to such securities as our sponsor. Otherwise, these warrants will not, subject to certain limited exceptions, be transferable or salable by our sponsor until 30 days after the completion of our initial business combination. The sponsor warrants will be non-redeemable so long as they are held by the sponsor or its permitted transferees. The sponsor warrants may also be exercised by our sponsor or their permitted transferees for cash or on a cashless basis. Otherwise, the sponsor warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering.

Pursuant to a registration rights agreement we will enter into with our initial stockholders and holders of the sponsor warrants on or prior to the date of this prospectus, we may be required to register certain securities for sale under the Securities Act. These stockholders are entitled under the registration rights agreement to make up to three demands that we register certain of our securities held by them for sale under the Securities Act. In addition, these stockholders have the right to include their securities in other registration statements filed by us. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective until they are released from escrow, as described herein. We will bear the costs and expenses of filing any such registration statements.

Off-Balance Sheet Arrangements; Commitments and Contractual Obligations; Quarterly Results

As of February 4, 2011, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K and did not have any commitments or contractual obligations. No unaudited quarterly operating data is included in this prospectus as we have conducted no operations to date.

PROPOSED BUSINESS

Introduction

We are a newly organized blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. We have not identified any acquisition target and we have not, nor has anyone on our behalf, initiated any substantive discussions, directly or indirectly, with respect to identifying any acquisition target.

Business Strategy

We will seek to capitalize on the substantial deal sourcing, investing and operating expertise of our management team to identify, acquire and operate media or entertainment businesses, including providers of content, with high growth potential in the United States or internationally, although we may pursue acquisition opportunities in other industries. Our amended and restated certificate of incorporation prohibits use from effectuating a business combination with another blank check company or similar company with nominal operations.

Our chairman and chief executive officer, Harry E. Sloan, our president, Jeff Sagansky, and other members of our management team have extensive operating and deal-making experience with prominent global media companies.

Mr. Sloan was appointed chairman and chief executive officer of MGM by a consortium comprised of private equity investors, Comcast Corporation and Sony Corporation of America, one year after they agreed to acquire MGM through a leveraged buyout in September 2004. He served as chairman and chief executive officer from October 2005 to August 2009, and thereafter continued as non-executive chairman until January 2011. During his tenure, Mr. Sloan revived key MGM movie franchises, including James Bond, Rocky and The Pink Panther, restarted and rebuilt MGM's theatrical and television distribution and marketing units and launched numerous MGM television channels in the United States and internationally. He currently is an outside consultant to MGM pursuant to a consulting agreement which expires in October 2011. Prior to MGM, Mr. Sloan founded and operated SBS serving as chairman and chief executive officer from 1990 until August 2001 and then executive chairman until October 2005. Beginning with a personal investment of approximately \$5,000,000, Mr. Sloan transformed SBS, through a series of acquisitions and organic growth, into a leading pan-European broadcaster with, as of 2005, 16 television stations, 21 premium pay channels and 11 radio networks, reaching 100 million people. Mr. Sloan oversaw the initial public offering of SBS in 1993 and its eventual sale to private investors in 2005 for \$2.5 billion. Prior to founding SBS, Mr. Sloan served as co-chairman of New World, an independent motion picture and television production company. Mr. Sloan led a group that originally purchased New World in 1983 for \$2,000,000. Mr. Sloan extended the company's business into television production, ultimately growing New World into one of the largest producers of U.S. primetime television. Mr. Sloan led a number of transactions while at New World, including New World's initial public offering in 1985, its acquisition of Marvel Entertainment Group, Inc., in 1986, and New World's sale to private investors in 1989 for \$260,000,000.

Jeff Sagansky brings 30 years of senior-level media and entertainment industry management experience. Mr. Sagansky currently serves as co-founder and chairman of Winchester Capital Management LLC, a private motion picture and television finance company. Mr. Sagansky was formerly chief executive officer and then vice chairman of Pax, from 1998 to 2003, where he launched the PAX TV program network in 1998. Under his leadership, PAX TV became a highly rated family-friendly television network with distribution growing from 60% of U.S. television households to almost 90% in only four years. In addition, Mr. Sagansky drove substantial improvement in the network's financial performance with compounded annual revenue growth of 24% and compounded annual gross income growth of 30% from 1998 to 2002. Prior to joining Pax, Mr. Sagansky was co-president of SPE from 1996 to 1998 where he was responsible for SPE's strategic planning and worldwide television operations. While at SPE, he spearheaded SPE's acquisition, in partnership with Liberty Media Corporation and other investors, of Telemundo. The transaction generated significant returns for SPE as Telemundo was sold to the National Broadcasting Company, Inc., for over six times its original investment less than three years later. Previously, as executive vice president of SCA, Mr. Sagansky oversaw the 1997 merger of SCA's Loews Theaters unit with the Cineplex Odeon Corporation to create one of the world's largest movie theater companies, and the highly successful U.S. launch of the Sony Playstation video game console. Prior to joining SCA, Mr. Sagansky was president of CBS Entertainment from 1990 to 1994,

TABLE OF CONTENTS

where he engineered CBS's ratings rise from third to first place in eighteen months. Mr. Sagansky previously served as president of production and then president of TriStar Pictures, where he developed and oversaw production of a wide variety of successful films.

We anticipate structuring a business combination to acquire 100% of the equity interest or assets of the target business or businesses. We may, however, structure a business combination to acquire less than 100% of such interests or assets of the target business, but we will only complete such business combination if we will become the controlling stockholder of the target or are otherwise not required to register as an investment company under the Investment Company Act of 1940, as amended, or the Investment Company Act. Even though we will own a controlling interest in the target, our stockholders prior to the business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in the business combination transaction.

Our management team will focus on increasing stockholder value in our initial business combination. Consistent with this strategy, we have identified the following general guidelines that we believe are important in evaluating prospective target businesses. We will use these guidelines in evaluating acquisition opportunities, but we may decide to enter into a business combination with a target business that does not meet these guidelines.

- **Media and Entertainment Industry Targets.** We will seek to acquire a business involved in the media or entertainment industries, including providers of content. We believe our management's significant operating and deal-making experience and relationships with companies in this space will give us with a number of competitive advantages and will present us with a substantial number of potential business targets. The factors we will consider include growth prospects, competitive dynamics, opportunities for consolidation, need for capital investment and barriers to entry. We will analyze the strengths and weaknesses of target businesses relative to their competitors. We will seek to acquire one or more businesses that demonstrate advantages when compared to their competitors, which may help to protect their market position and profitability.
- **High-Growth Markets.** We will seek out opportunities in faster-growing segments of developed markets and emerging international markets. Our management has extensive experience operating media businesses and leading transactions in international markets. We will focus on assets that currently are undervalued or inefficiently managed, which we believe may be more likely to exist internationally, where our management is well-positioned to unlock their value.
- **Business with Revenue and Earnings Growth Potential.** We will seek to acquire one or more businesses that have multiple, diverse potential drivers of revenue and earnings growth, including but not limited to a combination of development, production, digital and distribution capabilities.
- **Companies with Potential for Strong Free Cash Flow Generation.** We will seek to acquire one or more businesses that have the potential to generate strong and stable free cash flow.

These general guidelines are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as other considerations, factors and criteria that our management may deem relevant. In addition, although we intend to focus on identifying business combination candidates in the media or entertainment sectors and we will not initially actively seek to identify business combination candidates in other sectors, we will consider a business combination outside of the media or entertainment industries if a business combination candidate is presented to us and we determine that such candidate offers an attractive investment opportunity for our company or we are unable to identify a suitable candidate in the media or entertainment industries after having expended a reasonable amount of time and effort in an attempt to do so.

In evaluating a prospective target business, we expect to conduct an extensive due diligence review which will encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspections of facilities, as well as review of financial and other information which will be made available to us.

TABLE OF CONTENTS

Sourcing of Potential Acquisition Targets

Over the course of their careers, the members of our management team have developed a broad network of contacts and corporate relationships around the world. This network has been developed and strengthened through our management team sourcing, acquiring and financing businesses, the reputation of our management team for integrity and fair dealing with sellers, financing sources and target management teams and the experience of our management team in executing transactions under varying economic and financial market conditions.

In addition, members of our management team have developed contacts from serving on the boards of directors of prominent media companies. For example, Mr. Sloan was appointed to serve on the board of PRISA, Spain's largest media conglomerate, after its 2010 business combination with Liberty Acquisition Corp. (which was a blank check company), and he has been a director of ZeniMax Media Inc., an independent producer of interactive gaming and web content, since 1999. Previously, Mr. Sloan held directorships at Lions Gate Entertainment Corp., an independent motion picture and television production company and ProSieben Sat.1 Media AG, a European media conglomerate which acquired SBS in 2007. Mr. Sagansky serves on the board of Scripps Networks Interactive, Inc., a publicly traded lifestyle media company, and was brought in to serve as non-executive chairman of the board at RHI Entertainment, Inc., a producer of original made-for-television movies and miniseries, by its largest shareholder. He previously served on the boards of American Media Inc., an owner and operator of celebrity and health & fitness media publications, and Lions Gate Entertainment. In his capacity as an active private investor, Mr. Sagansky maintains board positions on a number of private media and entertainment companies.

This network has provided our management team with a flow of referrals that has resulted in numerous transactions which were proprietary or where a limited group of investors were invited to participate in the sale process. We believe that the network of contacts and relationships of our management team will provide us with an important source of investment opportunities. In addition, we anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment market participants, private equity funds and large business enterprises seeking to divest non-core assets or divisions.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete an initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm which is a member of the Financial Industry Regulatory Authority, or FINRA, that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

Each of our officers has agreed, pursuant to a written agreement with us, that until the earliest of our initial business combination, our redemption of 100% of our public shares if we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, or such time as he ceases to be an officer, to present to us for our consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any pre-existing fiduciary or contractual obligations he might have, currently or in the future in respect of the companies to which he currently has fiduciary duties or contractual obligations. As more fully discussed in "Management — Conflicts of Interest," if any of our officers becomes aware of a business combination opportunity that falls within the line of business of any entity to which he has pre-existing fiduciary or contractual obligations, he may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. All of our officers currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us. In addition, our officers have agreed not to participate in the formation of, or become an officer or director of, any blank check company until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within the prescribed time frame.

TABLE OF CONTENTS

Status as a public company

We believe our structure will make us an attractive business combination partner to target businesses. As an existing public company, we offer a target business an alternative to the traditional initial public offering through a merger or other business combination. In this situation, the owners of the target business would exchange their shares of stock in the target business for shares of our stock or for a combination of shares of our stock and cash, allowing us to tailor the consideration to the specific needs of the sellers. Although there are various costs and obligations associated with being a public company, we believe target businesses will find this method a more certain and cost effective method to becoming a public company than the typical initial public offering. In a typical initial public offering, there are additional expenses incurred in marketing, road show and public reporting efforts that may not be present to the same extent in connection with a business combination with us.

Furthermore, once a proposed business combination is completed, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters' ability to complete the offering, as well as general market conditions, which could prevent the offering from occurring. Once public, we believe the target business would then have greater access to capital and an additional means of providing management incentives consistent with stockholders' interests. It can offer further benefits by augmenting a company's profile among potential new customers and vendors and aid in attracting talented employees.

Financial position

With funds available for a business combination initially in the amount of approximately \$175,000,000 after payment of approximately \$6,125,000 of deferred underwriting fees (or \$200,725,000 after payment of approximately \$8,050,000 of deferred underwriting fees if the underwriters' over-allotment option is exercised in full), we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt ratio. Because we are able to complete a business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, we have not taken any steps to secure third party financing and there can be no assurance it will be available to us.

Effecting our initial business combination

General

We are not presently engaged in, and we will not engage in, any operations for an indefinite period of time following this offering. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the private placement of the sponsor warrants, our capital stock, debt or a combination of these as the consideration to be paid in our initial business combination. We may seek to complete our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, which would subject us to the numerous risks inherent in such companies and businesses.

If our initial business combination is paid for using stock or debt securities, or not all of the funds released from the trust account are used for payment of the purchase price in connection with our business combination or used for redemptions of purchases of our common stock, we may apply the cash released to us from the trust account that is not applied to the purchase price for general corporate purposes, including for maintenance or expansion of operations of acquired businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

We have not identified any acquisition target and we have not, nor has anyone on our behalf, initiated any substantive discussions with respect to identifying any acquisition target. From the period prior to our formation through the date of this prospectus, there have been no communications or discussions between any of our officers, directors or our sponsor and any of their potential contacts or relationships regarding a potential initial business combination. Additionally, we have not engaged or retained any agent or other

TABLE OF CONTENTS

representative to identify or locate any suitable acquisition candidate, to conduct any research or take any measures, directly or indirectly, to locate or contact a target business.

Because, unlike many blank check companies, we do not have the limitation that a target business have a minimum fair market enterprise value of the net assets held in the trust account at the time of our signing a definitive agreement in connection with our initial business combination, we will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses. Accordingly, there is no current basis for investors in this offering to evaluate the possible merits or risks of the target business with which we may ultimately complete our initial business combination. Although our management will assess the risks inherent in a particular target business with which we may combine, we cannot assure you that this assessment will result in our identifying all risks that a target business may encounter. Furthermore, some of those risks may be outside of our control, meaning that we can do nothing to control or reduce the chances that those risks will adversely impact a target business.

We may seek to raise additional funds through a private offering of debt or equity securities in connection with the completion of our initial business combination, and we may effectuate an initial business combination using the proceeds of such offering rather than using the amounts held in the trust account. Subject to compliance with applicable securities laws, we would complete such financing only simultaneously with the completion of our business combination. In the case of an initial business combination funded with assets other than the trust account assets, our tender offer documents or proxy materials disclosing the business combination would disclose the terms of the financing and, only if required by law, we would seek stockholder approval of such financing. There are no prohibitions on our ability to raise funds privately or through loans in connection with our initial business combination. At this time, we are not a party to any arrangement or understanding with any third party with respect to raising any additional funds through the sale of securities or otherwise.

Sources of target businesses

We anticipate that target business candidates will be brought to our attention from various unaffiliated sources, including investment bankers, private investment funds and other members of the financial community. Target businesses may be brought to our attention by such unaffiliated sources as a result of being solicited by us through calls or mailings. These sources may also introduce us to target businesses in which they think we may be interested on an unsolicited basis, since many of these sources will have read this prospectus and know what types of businesses we are targeting. Our officers and directors, as well as their affiliates, may also bring to our attention target business candidates that they become aware of through their business contacts as a result of formal or informal inquiries or discussions they may have, as well as attending trade shows or conventions. In addition, we expect to receive a number of proprietary deal flow opportunities that would not otherwise necessarily be available to us as a result of the track record and business relationships of our officers and directors. While we do not presently anticipate engaging the services of professional firms or other individuals that specialize in business acquisitions on any formal basis, we may engage these firms or other individuals in the future, in which event we may pay a finder's fee, consulting fee or other compensation to be determined in an arm's length negotiation based on the terms of the transaction. We will engage a finder only to the extent our management determines that the use of a finder may bring opportunities to us that may not otherwise be available to us or if finders approach us on an unsolicited basis with a potential transaction that our management determines is in our best interest to pursue. Payment of finder's fees is customarily tied to completion of a transaction, in which case any such fee will be paid out of the funds held in the trust account. In no event, however, will our sponsor or any of our existing officers or directors, or any entity with which they are affiliated, be paid any finder's fee, consulting fee or other compensation prior to, or for any services they render in order to effectuate, the completion of our initial business combination (regardless of the type of transaction that it is). None of our sponsor, officers, directors and any of their respective affiliates will be allowed to receive any compensation, finder's fees or consulting fees from a prospective acquisition target in connection with a contemplated acquisition of such target by us. Although some of our officers and directors may enter into employment or consulting agreements with the acquired business following our initial business combination, the presence or absence of any such arrangements will not be used as a criteria in our selection process of an acquisition candidate.

TABLE OF CONTENTS

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete an initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm which is a member of FINRA that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context. Generally, such opinion is rendered to a company's board of directors and investment banking firms may take the view that stockholders may not rely on the opinion. Such view will not impact our decision on which investment banking firm to hire.

Selection of a target business and structuring of our initial business combination

Because, unlike many blank check companies, we do not have the limitation that a target business have a minimum fair market enterprise value equal to a specified percentage of the net assets held in the trust account at the time of our signing a definitive agreement in connection with our initial business combination, our management will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses, although we will not be permitted to effectuate our initial business combination with another blank check company or a similar company with nominal operations. In any case, we will only complete an initial business combination in which we become the controlling stockholder of the target or are otherwise not required to register as an investment company under the Investment Company Act. There is no basis for investors in this offering to evaluate the possible merits or risks of any target business with which we may ultimately complete a business combination. To the extent we effect a business combination with a company or business that may be financially unstable or in its early stages of development or growth, we may be affected by numerous risks inherent in such company or business. Although our management will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all significant risk factors.

In evaluating a prospective target business, we expect to conduct an extensive due diligence review which will encompass, among other things, meetings with incumbent management and employees, document reviews, interviews of customers and suppliers, inspection of facilities, as well as review of financial and other information which will be made available to us.

The time required to select and evaluate a target business and to structure and complete our initial business combination, and the costs associated with this process, are not currently ascertainable with any degree of certainty. Any costs incurred with respect to the identification and evaluation of a prospective target business with which a business combination is not ultimately completed will result in our incurring losses and will reduce the funds we can use to complete another business combination. We will not pay any finders or consulting fees to members of our management team, or any of their respective affiliates, for services rendered to or in connection with a business combination.

Lack of business diversification

For an indefinite period of time after completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business. Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. By completing a business combination with only a single entity, our lack of diversification may:

- subject us to negative economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact on the particular industry in which we operate after our initial business combination, and
- cause us to depend on the marketing and sale of a single product or limited number of products or services.

Limited ability to evaluate the target's management team

Although we intend to closely scrutinize the management of a prospective target business when evaluating the desirability of effecting a business combination with that business, our assessment of the target business's management may not prove to be correct. In addition, the future management may not have the

TABLE OF CONTENTS

necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of members of our management team, if any, in the target business cannot presently be stated with any certainty. While it is possible that one or more of our directors will remain associated in some capacity with us following a business combination, it is unlikely that any of them will devote their full efforts to our affairs subsequent to a business combination. Moreover, we cannot assure you that members of our management team will have significant experience or knowledge relating to the operations of the particular target business. We cannot assure you that any of our key personnel will remain in senior management or advisory positions with the combined company. The determination as to whether any of our key personnel will remain with the combined company will be made at the time of our initial business combination.

Following a business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that additional managers will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

Stockholders may not have the ability to approve a business combination

We intend to conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC. Therefore we do not intend to seek stockholder approval before we effect our initial business combination as not all business combinations require stockholder approval under applicable state law. However, we will seek stockholder approval, if it is required by law, or we may decide to seek stockholder approval for business or other legal reasons. Presented in the table below is a graphic explanation of the types of initial business combinations we may consider and whether stockholder approval is currently required under Delaware law for each such transaction.

Type of Transaction	Whether Stockholder Approval is Required
Purchase of assets	No
Purchase of stock of target not involving a merger with the company	No
Merger of target into a subsidiary of the company	No
Merger of the company with a target	Yes

Permitted purchases of our securities

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, prior to the completion of a business combination, our amended and restated certificate of incorporation will permit the release to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering (2,625,000 shares, or 3,018,750 shares if the underwriters' over-allotment option is exercised in full) at any time commencing after the filing of a preliminary proxy statement for our initial business combination and ending on the date of the stockholder meeting to approve the initial business combination. Purchases will be made only in open market transactions at times when we are not in possession of any material non-public information and may not be made during a restricted period under Regulation M under the Exchange Act. It is intended that purchases will comply with Rule 10b-18 under the Exchange Act, which provides a safe harbor for purchases made under certain conditions, including with respect to the manner of sale (sales are required to be effected through one broker on a single day, subject to certain exceptions), timing (purchases are subject to certain restrictions at the beginning and end of the trading session), pricing (the purchase price may not exceed the highest independent bid or the last independent transaction price, whichever is higher) and volume of purchases (the total volume of Rule 10b-18 purchases effected by us or any affiliated purchasers effected on any single day generally must not exceed 25% of the average daily trading volume of the shares). If the conditions of Rule 10b-18, as in effect at the time we wish to make such purchases, are not satisfied, it is likely that we will not make such purchases. Any purchases we make will be at prices (inclusive of commissions) not to exceed the per-share amount then held in the trust account (approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full). We can purchase any or all of the 2,625,000 shares (or 3,018,750 shares if the over-allotment option is exercised in full) we are entitled to purchase. It will be entirely in our discretion as to how many shares are purchased. Purchasing decisions will be made based on various factors, including the then current market price of our

TABLE OF CONTENTS

common stock and the terms of the proposed business combination. All shares purchased by us will be immediately cancelled. Such open market purchases, if any, would be conducted by us to minimize any disparity between the then current market price of our common stock and the per-share amount held in the trust account. A market price below the per-share trust amount could provide an incentive for purchasers to buy our shares after the filing of our preliminary proxy statement at a discount to the per-share amount held in the trust account for the sole purpose of voting against our initial business combination and exercising redemption rights for the full per-share amount held in the trust account. Such trading activity could enable such investors to block a business combination by making it difficult for us to obtain the approval of such business combination by the vote of a majority of our outstanding shares of common stock that are voted.

In addition, in the event we seek stockholder approval of our business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, we may enter into privately negotiated transactions to purchase public shares following the completion of the business combination from stockholders who would have otherwise elected to have their shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules for a per-share pro rata portion of the trust account. Our sponsor, directors, officers, advisors or their affiliates may also purchase shares in privately negotiated transactions either prior to or following the completion of our initial business combination. Neither we nor our directors, officers, advisors or their affiliates will make any such purchases when we or they are in possession of any material non-public information not disclosed to the seller. Such a purchase would include a contractual acknowledgement that such stockholder, although still the record holder of our shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that we or our sponsor, directors, officers, advisors or their affiliates purchase shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling stockholders would be required to revoke their prior elections to redeem their shares.

The purpose of such purchases would be to (i) increase the likelihood of obtaining stockholder approval of the business combination or (ii), where the purchases are made by our sponsor, directors, officers, advisors or their affiliates, to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of the business combination, where it appears that such requirement would otherwise not be met. This may result in the completion of a business combination that may not otherwise have been possible.

As a consequence of any such purchases by us:

- the funds in our trust account that are so used will not be available to us after the business combination;
- the public “float” of our common stock may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to obtain the quotation, listing or trading of our securities on a national securities exchange;
- because the stockholders who sell their shares in a privately negotiated transaction or pursuant to market transactions as described above may receive a per share purchase price payable from the trust account that is not reduced by a pro rata share of the deferred underwriting commissions or franchise or income taxes payable, our remaining stockholders may bear the entire payment of such deferred commissions and franchise or income taxes payable (as well as, in the case of purchases which occur prior to the completion of our initial business combination, up to \$100,000 of net interest that may be released to us from the trust account to fund our dissolution expenses in the event we do not complete our initial business combination within the prescribed time frame). That is, if we seek stockholder approval of our initial business combination, the redemption price per share payable to public stockholders who elect to have their shares redeemed will be reduced by a larger percentage of the franchise or income taxes payable than it would have been in the absence of such privately negotiated or market transactions, and stockholders who do not elect to have their shares redeemed and remain our stockholders after the business combination will bear the economic burden of the deferred commissions and franchise or income taxes payable because such amounts will be payable by us; and

TABLE OF CONTENTS

- the payment of any premium would result in a reduction in book value per share for the remaining stockholders compared to the value received by stockholders that have their shares purchased by us at a premium.

Our sponsor, officers, directors and/or their affiliates anticipate that they will identify the stockholders with whom our sponsor, officers, directors or their affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders following our mailing of tender offer materials in connection with our initial business combination. To the extent that our sponsor, officers, directors, advisors or their affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the trust account or vote against the business combination. Pursuant to the terms of such arrangements, any shares so purchased by our sponsor, officers, advisors, directors and/or their affiliates would then revoke their election to redeem such shares. The terms of such purchases would operate to facilitate our ability to complete a proposed business combination by potentially reducing the number of shares redeemed for cash.

Redemption rights for public stockholders upon completion of our initial business combination

We will provide our stockholders with the opportunity to redeem their shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.00 per public share, or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and any public shares they may hold in connection with the completion of a business combination.

Manner of Conducting Redemptions

Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in conjunction with their initial business combinations and provide for related redemptions of public shares for cash upon completion of such initial business combinations even if not required by law, if a stockholder vote is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers, and
- file tender offer documents with the SEC prior to completing our initial business combination which will contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem shall remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act. In addition, the tender offer will be conditioned on public stockholders not tendering more than a specified number of public shares, which number will be based on the requirement that we may not redeem public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete the initial business combination.

When we conduct a tender offer to redeem our public shares upon completion of our initial business combination, in order to comply with the tender offer rules, the offer will be made to all of our stockholders, not just our public stockholders. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with any such tender offer.

TABLE OF CONTENTS

If, however, stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules, and
- file proxy materials with the SEC.

In the event that we seek stockholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide our public stockholders with the redemption rights described above upon completion of the initial business combination.

If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. In such case, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after the offering in favor of our initial business combination. Each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction. In addition, our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination.

Many blank check companies would not be able to complete a business combination if the holders of the company's public shares voted against a proposed business combination and elected to redeem or convert more than a specified maximum percentage of the shares sold in such company's initial public offering, which percentage threshold has typically been between 19.99% and 39.99%. As a result, many blank check companies have been unable to complete business combinations because the amount of shares voted by their public stockholders electing conversion exceeded the maximum conversion threshold pursuant to which such company could proceed with a business combination. Since we have no such specified maximum redemption threshold, our structure is different in this respect from the structure that has been used by many blank check companies. However, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we are not subject to the SEC's "penny stock" rules). In such case, we would not proceed with the redemption of our public shares and the related business combination, and instead may search for an alternate business combination.

Limitation on redemption rights upon completion of a business combination if we seek stockholder approval

Notwithstanding the foregoing, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 10% of the shares sold in this offering. We believe this restriction will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to exercise their redemption rights as a means to force us or our management to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 10% of the shares sold in this offering could threaten to exercise its redemption rights if such holder's shares are not purchased by us or our management at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders' ability to redeem no more than 10% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete a business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our stockholders' ability to vote all of their shares for or against a business combination.

TABLE OF CONTENTS

Tendering stock certificates in connection with a tender offer or redemption rights

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders, or up to two business days prior to the vote on the proposal to approve the business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically using Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option. The tender offer or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements. Accordingly, a public stockholder would have from the time we send out our tender offer materials until the close of the tender offer period, or up to two days prior to the vote on the business combination if we distribute proxy materials, as applicable, to tender its shares if it wishes to seek to exercise its redemption rights. Given the relatively short exercise period, it is advisable for stockholders to use electronic delivery of their public shares.

There is a nominal cost associated with the above-referenced tendering process and the act of certifying the shares or delivering them through the DWAC System. The transfer agent will typically charge the tendering broker \$35.00 and it would be up to the broker whether or not to pass this cost on to the redeeming holder. However, this fee would be incurred regardless of whether or not we require holders seeking to exercise redemption rights to tender their shares. The need to deliver shares is a requirement of exercising redemption rights regardless of the timing of when such delivery must be effectuated.

The foregoing is different from the procedures used by many blank check companies. In order to perfect redemption rights in connection with their business combinations, many blank check companies would distribute proxy materials for the stockholders’ vote on an initial business combination, and a holder could simply vote against a proposed business combination and check a box on the proxy card indicating such holder was seeking to exercise his redemption rights. After the business combination was approved, the company would contact such stockholder to arrange for him to deliver his certificate to verify ownership. As a result, the stockholder then had an “option window” after the completion of the business combination during which he could monitor the price of the company’s stock in the market. If the price rose above the redemption price, he could sell his shares in the open market before actually delivering his shares to the company for cancellation. As a result, the redemption rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become “option” rights surviving past the completion of the business combination until the redeeming holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a redeeming holder’s election to redeem is irrevocable once the business combination is approved.

Any request to redeem such shares, once made, may be withdrawn at any time up to the date set forth in the tender offer materials or the date of the stockholder meeting set forth in our proxy materials, as applicable. Furthermore, if a holder of a public share delivered its certificate in connection with an election of redemption rights and subsequently decides prior to the applicable date not to elect to exercise such rights, such holder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to holders of our public shares electing to redeem their shares will be distributed promptly after the completion of a business combination.

If the initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their redemption rights would not be entitled to redeem their shares for the applicable pro rata share of the trust account. In such case, we will promptly return any certificates delivered by public holders who elected to redeem their shares.

If our initial proposed business combination is not completed, we may continue to try to complete a business combination with a different target until 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends.

TABLE OF CONTENTS

Redemption of public shares and liquidation if no initial business combination

Our sponsor, officers and directors have agreed that we will have only 21 months from the closing of this offering to complete our initial business combination or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends. If we are unable to complete a business combination within such time period, our amended and restated certificate of incorporation provides that we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends. However, if our sponsor, or any of our officers, directors or affiliates acquire public shares in or after this offering, they will be entitled to redemption rights with respect to such public shares if we fail to complete a business combination within the required time period. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless in the event we do not complete a business combination within the prescribed time frame. We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the \$1,000,000 of proceeds held outside the trust account and from the up to \$1,750,000, subject to adjustment in the event the size of the offering changes as a result of the underwriters' exercise of any portion of the over-allotment option or if we otherwise decide to change the size of this offering, in interest income on the balance of the trust account (net franchise and income taxes payable) that will be released to us to fund our working capital requirements, although we cannot assure you that there will be sufficient funds for such purpose. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the trust account not required to pay franchise and income taxes on interest income earned on the trust account balance, we may request the trustee to release to us an additional amount of up to \$100,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of this offering, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account, the per-share redemption amount received by stockholders upon our dissolution would be approximately \$10.00 (or approximately \$9.97 if the underwriters' over-allotment option is exercised in full). The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public stockholders. We cannot assure you that the actual per-share redemption amount received by stockholders will not be less than approximately \$10.00, plus interest (net of any franchise and income taxes payable). Under Section 281(b) of the DGCL, our plan of dissolution must provide for all claims against us to be paid in full or make provision for payments to be made in full, as applicable, if there are sufficient assets. These claims must be paid or provided for before we make any distribution of our remaining assets to our stockholders. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, there is no

TABLE OF CONTENTS

guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, Messrs. Sloan and Sagansky have agreed that they will be jointly and severally liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below \$10.00 per share (or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full), except as to any claims by a third party who executed a waiver of any and all rights to seek access to the trust account and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, Messrs. Sloan and Sagansky will not be responsible to the extent of any liability for such third party claims. We cannot assure you, however, that Messrs. Sloan and Sagansky would be able to satisfy those obligations. None of our officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below \$10.00 per public share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full) and Messrs. Sloan and Sagansky assert that they are unable to satisfy their joint and several indemnification obligations or that they have no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against Messrs. Sloan and Sagansky to enforce their indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against Messrs. Sloan and Sagansky to enforce their indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be less than \$10.00 per public share (or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full).

We will seek to reduce the possibility that Messrs. Sloan and Sagansky will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Messrs. Sloan and Sagansky will also not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We will have access to up to \$1,000,000 from the proceeds of this offering, and the up to \$1,750,000, subject to adjustment in the event the size of the offering changes as a result of the underwriters' exercise of any portion of the over-allotment option or if we otherwise decide to change the size of this offering, in interest income on the balance of the trust account (net of franchise and income taxes payable) with which to pay any such potential claims (including costs and expenses incurred in connection with our liquidation, currently estimated to be no more than approximately \$100,000). In the event that we liquidate and it is subsequently determined that the reserve for claims and liabilities is insufficient, stockholders who received funds from our trust account could be liable for claims made by creditors. In the event that our offering expenses exceed our estimate of \$750,000, we may fund such excess with funds from the \$1,000,000 not to be held in the trust account. In such case, the amount of funds we intend to be held outside the trust account would decrease by a corresponding amount. Conversely, in the

TABLE OF CONTENTS

event that the offering expenses are less than our estimate of \$750,000, the amount of funds we intend to be held outside the trust account would increase by a corresponding amount.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, may be considered a liquidation distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of 100% of our public shares in the event we do not complete our initial business combination within 21 months from the closing of this offering or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, is not considered a liquidation distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidation distribution. If we are unable to complete a business combination within the prescribed time frame, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our public shares as soon as reasonably possible following our 21st month, or 24th month, if applicable, and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of such date.

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent 10 years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in our underwriting agreement, we will seek to have all vendors, service providers, prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of this obligation, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the trust account is remote. Further, Messrs. Sloan and Sagansky may be liable only to the extent necessary to ensure that the amounts in the trust account are not reduced below \$10.00 per public share (or approximately \$9.97 per public share if the underwriters'

TABLE OF CONTENTS

over-allotment option is exercised in full) less any per-share amounts distributed from our trust account to our public stockholders in the event we are unable to complete a business combination within 21 months from the closing of this offering or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, and will not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, Messrs. Sloan and Sagansky will not be responsible to the extent of any liability for such third-party claims.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.00 per share to our public stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. Furthermore, our board may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

Our public stockholders will be entitled to receive funds from the trust account only in the event of the redemption of 100% of our public shares if we do not complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, or if they redeem their respective shares for cash upon the completion of the initial business combination. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account. In the event we seek stockholder approval in connection with our initial business combination, a stockholder’s voting in connection with the business combination alone will not result in a stockholder’s redeeming its shares to us for an applicable pro rata share of the trust account. Such stockholder must have also exercised its redemption rights described above.

Comparison of redemption or purchase prices in connection with our initial business combination and if we fail to complete a business combination.

The following table compares the redemptions and other permitted purchases of public shares that may take place in connection with the completion of our initial business combination and if we are unable to complete an initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends.

	Redemptions in Connection with our Initial Business Combination	Other Permitted Purchases of Public Shares by us or our Affiliates	Redemptions if we fail to Complete an Initial Business Combination
Calculation of redemption price	Redemptions at the time of our initial business combination may be made pursuant to a tender offer or in connection with a stockholder vote. The redemption price will be the same whether we conduct redemptions pursuant to a tender offer or in connection with a stockholder vote. In either case, our public stockholders may redeem their public shares for cash equal to the aggregate amount then on deposit in the trust account (which is initially anticipated to be approximately \$10.00 per public share, or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full), including interest less franchise and income taxes payable, divided by the number of then outstanding public shares, subject to the limitation that no redemptions will take place if all of the redemptions would cause our net tangible assets to be less than \$5,000,001.	If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, prior to the completion of a business combination, there can be released to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering. Such purchases would be at prices not to exceed the per-share amount then held in the trust account (which is initially anticipated to be approximately \$10.00 per share or approximately \$9.97 per share if the underwriters' over-allotment option is exercised in full). In addition, if we seek stockholder approval of our initial business combination, we may enter into privately negotiated transactions to purchase public shares from stockholders following completion of the initial business combination with proceeds released to us from the trust account immediately following completion of the initial business combination. There is no limit to the prices that we or our sponsor, directors, officers, advisors or their affiliates may pay in these transactions.	If we are unable to complete an initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, we will redeem all public shares at a per-share price, payable in cash, equal to the aggregate amount, then on deposit in the trust account (which is initially anticipated to be approximately \$10.00 per public share, or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full), including interest less franchise and income taxes payable and less up to \$100,000 of such net interest to pay dissolution expenses, divided by the number of then outstanding public shares. In addition we will be required to distribute to the former public stockholders any refund of income taxes that were paid from the trust account which is received after such redemption.

TABLE OF CONTENTS

	Redemptions in Connection with our Initial Business Combination	Other Permitted Purchases of Public Shares by us or our Affiliates	Redemptions if we fail to Complete an Initial Business Combination
Impact to remaining stockholders	The redemptions in connection with our initial business combination will reduce the book value per share for our remaining stockholders, who will bear the burden of the deferred underwriting commissions and franchise and income taxes payable.	If the permitted purchases described above are made at prices not exceeding the per-share amount then held in the trust account, these purchases will reduce the book value per share for our remaining stockholders following a business combination, who will bear the burden of the deferred underwriting commissions and franchise and income taxes payable. If we make these purchases using funds released to us from the trust account following completion of a business combination at prices that are at a premium to the per-share amount then held in the trust account, our remaining stockholders will also experience a reduction in book value per share to the extent of such premiums.	The redemption of 100% of our public shares if we fail to complete a business combination will reduce the book value per share for the shares held by our initial stockholders, who will be our only remaining stockholders after such redemptions.

Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419

The following table compares the terms of this offering to the terms of an offering by a blank check company subject to the provisions of Rule 419. This comparison assumes that the gross proceeds, underwriting commissions and underwriting expenses of our offering would be identical to those of an offering undertaken by a company subject to Rule 419, and that the underwriters will not exercise their over-allotment option. None of the provisions of Rule 419 apply to our offering.

	Terms of Our Offering	Terms Under a Rule 419 Offering
Escrow of offering proceeds	Approximately \$175,000 of the net offering proceeds, which includes the \$5,250,000 net proceeds from the sale of the sponsor warrants and approximately \$6,125,000 in deferred underwriting commissions (approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full), will be deposited into a trust account with American Stock Transfer & Trust Company, LLC acting as trustee.	Approximately \$175,000,000 of the offering proceeds, representing the gross proceeds of this offering, would be required to be deposited into either an escrow account with an insured depository institution or in a separate bank account established by a broker-dealer in which the broker-dealer acts as trustee for persons having the beneficial interests in the account.

Investment of net proceeds	Approximately \$175,000,000 of the net offering proceeds, which includes the \$5,250,000 net proceeds from the sale of the sponsor warrants and approximately \$6,125,000 in deferred underwriting commissions (approximately \$8,050,000 if the underwriters' over-allotment option is exercised in full) held in trust will be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act.	Proceeds could be invested only in specified securities such as a money market fund meeting conditions of the Investment Company Act or in securities that are direct obligations of, or obligations guaranteed as to principal or interest by, the United States.
Receipt of interest on escrowed funds	Interest on proceeds from the trust account to be paid to stockholders is reduced by (i) any income or franchise taxes paid or payable and then (ii) up to \$1,750,000, subject to adjustment as described herein, that can be used for working capital purposes, and (iii) in the event of our liquidation for failure to complete our initial business combination within the allotted time, up to \$100,000 of net interest that may be released to us should we have no or insufficient working capital to fund the costs and expenses of our dissolution and liquidation.	Interest on funds in escrow account would be held for the sole benefit of investors, unless and only after the funds held in escrow were released to us in connection with our completion of a business combination.
Limitation on fair value or net assets of target business	We are not required to set a minimum valuation on either the fair market value or net assets of a target business.	The fair value or net assets of a target business must represent at least 80% of the maximum offering proceeds.

Trading of securities issued	<p>The units will begin trading on or promptly after the date of this prospectus. The common stock and warrants comprising the units will begin separate trading on the 52nd day following the date of this prospectus unless Citigroup Global Markets Inc. informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. We will file the Current Report on Form 8-K promptly after the closing of this offering, which is anticipated to take place three business days from the date of this prospectus. If the over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the over-allotment option.</p>	<p>No trading of the units or the underlying common stock and warrants would be permitted until the completion of a business combination. During this period, the securities would be held in the escrow or trust account.</p>
Exercise of the warrants	<p>The warrants cannot be exercised until the later of 30 days after the completion of our initial business combination or 12 months from the closing of this offering.</p>	<p>The warrants could be exercised prior to the completion of a business combination, but securities received and cash paid in connection with the exercise would be deposited in the escrow or trust account.</p>

Election to remain an investor	<p>We will provide our public stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, including interest less franchise and income taxes payable, upon the completion of our initial business combination, subject to the limitations described herein. We may not be required by law to hold a stockholder vote. If we are not required by law and do not otherwise decide to hold a stockholder vote, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC and file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, we hold a stockholder vote, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. Each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction.</p>	<p>A prospectus containing information pertaining to the business combination required by the SEC would be sent to each investor. Each investor would be given the opportunity to notify the company in writing, within a period of no less than 20 business days and no more than 45 business days from the effective date of a post-effective amendment to the company's registration statement, to decide if he, she or it elects to remain a stockholder of the company or require the return of his, her or its investment. If the company has not received the notification by the end of the 45th business day, funds and interest or dividends, if any, held in the trust or escrow account are automatically returned to the stockholder. Unless a sufficient number of investors elect to remain investors, all funds on deposit in the escrow account must be returned to all of the investors and none of the securities are issued.</p>

Comparison of This Offering to Those of Many Blank Check Companies Not Subject to Rule 419

The following table compares the terms of this offering to the terms of many blank check companies that are not subject to Rule 419. Each term of this offering described in the table below is located in our amended and restated certificate of incorporation other than “— Warrant terms” which is located in the warrant agreement.

	Terms of Our Offering	Terms of Many Blank Check Offerings	Impact on Whether a Particular Business Combination is Completed
Requirement to conduct a tender offer or hold a stockholder vote	We will provide our stockholders with the opportunity to redeem their shares of common stock upon the completion of our initial business combination on the terms described in this prospectus. We intend to conduct these redemptions pursuant to the tender offer rules without filing a proxy statement with the SEC and without conducting a stockholder vote to approve our initial business combination, unless stockholder approval is required by law or we decide to seek stockholder approval for business or other legal reasons.	Many blank check companies are required to file a proxy statement with the SEC and hold a stockholder vote to approve their initial business combination regardless of whether such a vote is required by law. These blank check companies may not complete a business combination if the majority of the company’s public shares voted are voted against a proposed business combination.	Our ability to complete our initial business combination without conducting a stockholder vote in the event that a stockholder vote is not required by law may increase the likelihood that we will be able to complete our initial business combination and decrease the ability of public stockholders to affect whether or not a particular business combination is completed.
Requirement to vote against a business combination in order to redeem	If we seek stockholder approval in conjunction with the completion of our initial business combination, each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction.	Many blank check companies require public stockholders to vote against the proposed business combination in order to redeem their shares.	The ability of our public stockholders to vote in favor of a business combination and redeem their shares may increase the likelihood that we will be able to complete our initial business combination and decrease the ability of public stockholders to affect whether or not a particular business combination is completed.

TABLE OF CONTENTS

	Terms of Our Offering	Terms of Many Blank Check Offerings	Impact on Whether a Particular Business Combination is Completed
Redemption threshold	We do not have a specified maximum redemption threshold apart from the limitation that we will not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001. In such case, we would not proceed with the redemption of our public shares and the related business combination, and instead may search for an alternate business combination.	Many blank check companies are not permitted to complete a business combination if more than a specified percentage of the shares sold in such company's initial public offering, which percentage threshold has typically been between 19.99% and 39.99%, elect to redeem or convert their shares in connection with the stockholder vote.	The absence of a redemption threshold in our offering will make it easier for us to complete our initial business combination even if a substantial majority of our stockholders do not agree.
Accelerated deadline to complete business combination	We will only have 21 months to complete our initial business combination, or 24 months if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends.	Many blank check companies have between 24 and 36 months to complete their initial business combinations.	The deadline for us to complete our initial business combination may decrease the likelihood that we will be able to complete our initial business combination compared to many blank check companies but should not impact the ability of our public stockholders to affect whether or not a particular business combination is completed.

TABLE OF CONTENTS

	Terms of Our Offering	Terms of Many Blank Check Offerings	Impact on Whether a Particular Business Combination is Completed
Permitted purchases of shares by us prior to the completion of our initial business combination using amounts held in the trust account	If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our business combination pursuant to the tender offer rules, prior to the completion of a business combination, there could be released to us from the trust account amounts necessary to purchase up to 15% of the shares sold in this offering at any time commencing after the filing of a preliminary proxy statement for our initial business combination and ending on the date of the stockholder meeting to approve the initial business combination.	Many blank check companies are prohibited from utilizing funds from the trust account to purchase shares from public stockholders prior to the completion of their initial business combination.	Our ability to purchase shares prior to the completion of our initial business combination using amounts held in the trust account may increase the likelihood that we will be able to complete our initial business combination and decrease the ability of public stockholders to affect whether or not a particular business combination is completed.
Minimum fair market value of target	We may enter into our initial business combination with a target regardless of its fair market value so long as we acquire a controlling interest in the target.	Many blank check companies are required to complete their initial business combination with a target whose fair market value is equal to at least 80% of the amount of money held in the trust account of the blank check company at the time of entry into a definitive agreement for a business combination.	The absence of a minimum fair market value requirement in our offering may increase the likelihood that we will be able to complete our initial business combination but should not impact the ability of our public stockholders to affect whether or not a particular business combination is completed.

TABLE OF CONTENTS

	Terms of Our Offering	Terms of Many Blank Check Offerings	Impact on Whether a Particular Business Combination is Completed
Warrant terms	The warrants issued in this offering (i) have an exercise price that is above the initial public offering price of our units and that is subject to reduction in the event that we pay extraordinary dividends, (ii) do not expire until five years from the closing of our initial business combination or earlier upon redemption or liquidation, (iii) require the consent of holders of 65% of the public warrants to amend their terms and (iv) may be exercised on a cashless basis if a registration statement covering shares underlying the warrants is not effective within 60 days following our initial business combination (subject to compliance with certain state blue sky laws, as specified in the warrant agreement).	The warrants issued in many blank check offerings (i) have an exercise price that is lower than the initial public offering price of their units and that is not subject to reduction in the event that they pay extraordinary dividends, (ii) expire five years from the closing of the company's initial public offering or earlier upon redemption or liquidation, (iii) only require the consent of holders of a majority of the such warrants to amend their terms and (iv) are not exercisable unless a registration statement covering shares underlying the warrants is effective within 60 days following the initial business combination (subject to compliance with certain state blue sky laws, as specified in the warrant agreement).	The differences in the terms of the warrants issued in our offering may increase the likelihood that we will be able to complete our initial business combination to the extent that potential targets view the fact that the exercise price is above the initial public offering price of our units favorably but should not impact the ability of our public stockholders to affect whether or not a particular business combination is completed.

Competition

In identifying, evaluating and selecting a target business for a business combination, we may encounter intense competition from other entities having a business objective similar to ours, including other blank check companies, private equity groups and leveraged buyout funds, and operating businesses seeking strategic acquisitions. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Moreover, many of these competitors possess greater financial, technical, human and other resources than us. Our ability to acquire larger target businesses will be limited by our available financial resources. This inherent limitation gives others an advantage in pursuing the acquisition of a target business. Furthermore, our obligation to pay cash in connection with our public stockholders who exercise their redemption rights may reduce the resources available to us for an initial business combination and our outstanding warrants, and the future dilution they potentially represent, may not be viewed favorably by certain target businesses. Either of these factors may place us at a competitive disadvantage in successfully negotiating an initial business combination.

TABLE OF CONTENTS

Facilities

We currently maintain our executive offices at 10900 Wilshire Blvd., Suite 1500, Los Angeles, California 90024. The cost for this space is included in the \$10,000 per month fee described above that Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer, charges us for general and administrative services. We believe, based on rents and fees for similar services in the Los Angeles metropolitan area, that the fee charged by Mr. Sloan is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space adequate for our current operations.

Employees

We currently have three executive officers. These individuals are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time they will devote in any time period will vary based on whether a target business has been selected for our initial business combination and the stage of the business combination process we are in. We do not intend to have any full time employees prior to the completion of our initial business combination.

Periodic Reporting and Financial Information

We will register our units, common stock and warrants under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual reports will contain financial statements audited and reported on by our independent registered public accountants.

We will provide stockholders with audited financial statements of the prospective target business as part of the tender offer materials or proxy solicitation materials sent to stockholders to assist them in assessing the target business. In all likelihood, these financial statements will need to be prepared in accordance with GAAP. We cannot assure you that any particular target business identified by us as a potential acquisition candidate will have financial statements prepared in accordance with GAAP or that the potential target business will be able to prepare its financial statements in accordance with GAAP. To the extent that this requirement cannot be met, we may not be able to acquire the proposed target business. While this may limit the pool of potential acquisition candidates, we do not believe that this limitation will be material.

We will be required to evaluate our internal control procedures for the fiscal year ending December 31, 2012 as required by the Sarbanes-Oxley Act. Only in the event we are deemed to be a large accelerated filer or an accelerated filer will we be required to have our internal control procedures audited. A target company may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

Legal Proceedings

There is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team in their capacity as such, and we and the members of our management team have not been subject to any such proceeding in the 12 months preceding the date of this prospectus.

MANAGEMENT

Directors and Executive Officers

Our directors, executive officers and director nominees are as follows:

Name	Age	Position
Harry E. Sloan	60	Chairman and Chief Executive Officer
Jeff Sagansky	59	President
James A. Graf	46	Vice President, Chief Financial Officer, Treasurer and Secretary
Dennis A. Miller	53	Director Nominee
James M. McNamara	57	Director Nominee

Harry E. Sloan has been our chairman and chief executive officer since our inception. From October 2005 to August 2009, Mr. Sloan served as chairman and chief executive officer of Metro-Goldwyn-Mayer, Inc., or MGM, a motion picture, television, home entertainment, and theatrical production and distribution company, and thereafter continued as non-executive chairman until January 2011. He was appointed by a consortium comprised of private equity investors, Comcast Corporation and Sony Corporation of America one year after they agreed to acquire MGM through a leveraged buyout in September 2004. MGM filed for protection under Chapter 11 of the United States Bankruptcy Code in November 2010 pursuant to a pre-packaged plan of reorganization, which was confirmed by a federal bankruptcy court in December 2010. Mr. Sloan currently is an outside consultant to MGM pursuant to a consulting agreement which expires in October 2011. From 1990 to 2001, Mr. Sloan was chairman and chief executive officer of SBS Broadcasting, S.A., or SBS, a European broadcasting group, operating commercial television, premium pay channels, radio stations and related print businesses in Western and Central and Eastern Europe, which he founded in 1990 and continued as executive chairman until 2005. In 1999, SBS became the largest shareholder of Lions Gate Entertainment Corp., or Lions Gate, an independent motion picture and television production company. Mr. Sloan served as chairman of the board of Lions Gate from April 2004 to March 2005. From 1983 to 1989, Mr. Sloan was co-chairman of New World Entertainment Ltd., an independent motion picture and television production company. In January 2011, Mr. Sloan joined the board of Promotora de Informaciones, S.A., or PRISA, Spain's largest media conglomerate which owns El Pais, the leading newspaper in the Spanish-speaking world, as well as pay television, radio and digital properties. He has served on the board of ZeniMax Media Inc., an independent producer of interactive gaming and web content, since 1999. Mr. Sloan was appointed by President Ronald Reagan in 1987 to the President's Advisory Council on Trade and Policy Negotiations (ACTPN). He currently serves on the UCLA Anderson School of Management Board of Visitors and the Executive Board of UCLA Theatre, Film and Television. Mr. Sloan received his Juris Doctor from Loyola Law School in 1976 and his Bachelor of Arts degree from the University of California, Los Angeles in 1971. Mr. Sloan's designation as chairman of our board of directors was based upon his extensive background and experience as an executive in the media and entertainment industries and his substantial experience in identifying and acquiring a wide variety of businesses. Number and Terms of Office of Officers and Directors

Our board of directors is divided into three classes with only one class of directors being elected in each year and each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a three-year term. The term of office of the first class of directors, consisting of Dennis A. Miller, will expire at our first annual meeting of stockholders. The term of office of the second class of directors, consisting of James M. McNamara, will expire at the second annual meeting of stockholders. The term of office of the third class of directors, consisting of Mr. Sloan, will expire at the third annual meeting of stockholders.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our amended and restated bylaws as it deems appropriate. Our amended and restated bylaws provide that our officers may consist of a chairman of the board, chief executive officer, president, chief financial officer, vice presidents, secretary, treasurer and such other offices as may be determined by the board of directors.

Collectively, through their positions described above, our officers and directors have extensive experience in the private equity business and the retail and consumer products business. These individuals will play a key role in identifying and evaluating prospective acquisition candidates, selecting the target businesses, and structuring, negotiating and completing their acquisition.

Director Independence

Although we are not required to have a majority of independent directors on our board of directors, we have elected to have a majority of independent directors. An "independent director" is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship, which, in the opinion of the company's board of directors would interfere with the director's exercise of independent judgment in carrying out the responsibilities of a director.

Our board of directors has determined that each of Dennis A. Miller and James M. McNamara, who have agreed to join our board of directors and are expected to join our board of directors upon the closing of this offering, will be independent directors as such term is defined under the rules of the NYSE Amex and Rule 10A-3 of the Exchange Act. Although our company will not be listed on the NYSE Amex upon completion of this offering, we have voluntarily applied the definition of director independence used by the NYSE Amex Company Guide in making the determinations with respect to Dennis A. Miller and James M. McNamara. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

Executive Officer and Director Compensation

None of our executive officers or directors received any cash compensation for services rendered. Commencing on the date that our securities are first quoted on the OTCBB through the earlier of completion of our initial business combination or our liquidation, we will pay Roscomare Ltd., an entity owned and controlled by Mr. Sloan, a total of \$10,000 per month for office space and administrative services, including secretarial support. This arrangement is being agreed to by Mr. Sloan for our benefit and is not intended to provide Mr. Sloan compensation in lieu of a salary. In addition, we will pay Mr. Graf or an entity owned and controlled by him, a monthly consulting fee of \$15,000 for services prior to the completion of the initial business combination. We believe that such fees are at least as favorable as we could have obtained from an unaffiliated third party for such services. Other than these monthly fees, no compensation of any kind, including finder's and consulting fees, will be paid to our sponsor, executive officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the completion of an initial business combination. However, these individuals will be reimbursed for any out-of-pocket expenses incurred

TABLE OF CONTENTS

in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our independent directors will review on a quarterly basis all payments that were made to our sponsor, officers, directors or our or their affiliates.

After the completion of our initial business combination, directors or members of our management team who remain with us, may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the tender offer materials or proxy solicitation materials furnished to our stockholders in connection with a proposed business combination. It is unlikely the amount of such compensation will be known at the time, as it will be up to the directors of the post-combination business to determine executive and director compensation. Any compensation to be paid to our officers will be determined, or recommended to the board of directors for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on our board of directors.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the completion of our initial business combination, although it is possible that some or all of our executive officers and directors may negotiate employment or consulting arrangements to remain with us after the initial business combination. The existence or terms of any such employment or consulting arrangements to retain their positions with us may influence our management's motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the completion of an initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our executive officers and directors that provide for benefits upon termination of employment.

Board Committees

Our board of directors intends to establish an audit committee and a compensation committee upon completion of a business combination. At that time our board of directors intends to adopt charters for these committees. Prior to such time we do not intend to establish either committee. Accordingly, there will not be a separate committee comprised of some members of our board of directors with specialized accounting and financial knowledge to meet, analyze and discuss solely financial matters concerning prospective target businesses. We do not believe a compensation committee is necessary prior to a business combination as there will be no salary, fees or other compensation being paid to our officers or directors prior to a business combination other than as disclosed in this prospectus.

Code of Conduct and Ethics

We have adopted a code of conduct and ethics applicable to our directors, officers and employees in accordance with applicable federal securities laws.

Conflicts of Interest

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware, like us, are required, under the doctrine of corporate opportunity, to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation's line of business; and
- it would not be fair to the corporation and its stockholders for the opportunity not to be brought to the attention of the corporation.

TABLE OF CONTENTS

Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above-listed criteria to multiple entities. Furthermore, our amended and restated certificate of incorporation provides that the doctrine of corporate opportunity will not apply with respect to any of our officers or directors, or any of their respective affiliates. However, although the doctrine of corporate opportunity will not apply, and in order to minimize potential conflicts of interest which may arise from multiple corporate affiliations, each of our officers and directors, other than our independent directors, has entered into a written agreement with us requiring him to present to us for our consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any fiduciary duties or contractual obligations such officer or director may have, currently or in the future, in respect of the companies to which such officer or director currently has fiduciary duties or contractual obligations. These written agreements will expire upon the earliest of the completion of our initial business combination, our failure to complete an initial business combination in the prescribed time frame or such time as the applicable person ceases to be an officer or director. Accordingly, each of these individuals must present to us only business combination opportunities with a target business having an enterprise value of \$100,000,000 or more that they become aware of following the date of this prospectus prior to presenting them to any company which they become affiliated with following this offering. However, they would be required to present business opportunities to companies which they are affiliated with and owe a fiduciary or contractual obligation to prior to the date of this prospectus prior to presenting them to us. Below is a table summarizing the entities to which our officers and directors currently have fiduciary duties or contractual obligations:

Individual	Entity	Entity's Business	Affiliation
Harry E. Sloan	Promotora de Informaciones, S.A. (PRISA)	International media conglomerate based in Spain	Director
	ZeniMax Media Inc.	Independent producer of interactive gaming and web content	Director
Jeff Sagansky	Winchester Capital Management LLC	Motion picture and television finance company	Co-founder and Chairman
	Scripps Networks Interactive, Inc.	Lifestyle media company	Director
James A. Graf	TC Capital Pte. Ltd.	Corporate finance advisory firm based in Singapore	Managing Director

Accordingly, if any of the above officers or directors becomes aware of a business combination opportunity which is suitable for any of the above entities to which he has pre-existing fiduciary or contractual obligations, he will honor his pre-existing fiduciary or contractual obligations to present such business combination opportunity to such entity, and only present it to us if such entity rejects the opportunity. We do not believe, however, that any of the foregoing pre-existing fiduciary duties or contractual obligations will materially undermine our ability to complete a business combination. Our independent directors will not be obligated to present any business combination opportunities to us.

Each of our officers and directors may become involved with subsequent blank check companies similar to our company, although they each have agreed not to participate in the formation of, or become an officer or director of, any blank check company that is not limited to a particular industry or is focused on media and entertainment companies until we have entered into a definitive agreement regarding our initial business combination or we have failed to complete our initial business combination within the prescribed time frame. Prior to this offering, none of our officers, directors or promoters have been involved in any blank check offerings.

TABLE OF CONTENTS

In addition, each of our officers and directors may become involved with entities, including blank check companies with which he is permitted to be involved as indicated above, public and private companies, private equity funds, venture capital funds, hedge funds and other investment vehicles and capital pools engaged in business activities similar to those intended to be conducted by us. If any of our officers or directors becomes aware of business combination opportunities that may be appropriate for presentation to us as well as the other entities with which he is involved, he may have conflicts of interest in determining to which entity a particular business opportunity should be presented.

Potential investors should also be aware of the following other potential conflicts of interest:

- None of our officers and directors is required to commit his full time to our affairs and, accordingly, may have conflicts of interest in allocating his time among various business activities.
- Our initial stockholders purchased founder shares prior to the date of this prospectus and our sponsor will purchase sponsor warrants in a transaction that will close simultaneously with the closing of this offering. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination. Additionally, our initial stockholders have agreed to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within the prescribed time frame. If we do not complete our initial business combination within the prescribed time frame, the proceeds of the sale of the sponsor warrants will be used to fund the redemption of our public shares, and the sponsor warrants will expire worthless. Furthermore, the founder shares and sponsor warrants will be placed into escrow on the date of this prospectus and will not be transferable, assignable or salable while in escrow, subject to limited exceptions, as described herein. The founder shares will be released from escrow on the earlier of (x) one year after the completion of our initial business combination or earlier if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. Notwithstanding the foregoing, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will not be released from escrow unless they no longer are subject to forfeiture, as described herein. The sponsor warrants will not be released from escrow until 30 days following the completion of our initial business combination. Because each of Messrs. Sloan, Sagansky, Graf, Miller and McNamara will indirectly own shares of our common stock or warrants through our sponsor (or may own such shares or warrants directly), they may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate a business combination.
- Our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to a business combination.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete an initial business combination with such a company, we, or a committee of independent directors, would obtain an opinion from an independent investment banking firm that is a member of FINRA that such an initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context. Furthermore, in no event will our sponsor or any of our existing officers or directors, or any of their respective affiliates, be paid any finder's fee, consulting fee or other compensation prior to, or for any services they render in order to effectuate, the completion of our initial business combination (other than the \$10,000 per month payable to Roscomare Ltd., an entity owned and controlled by Mr. Sloan, our chairman and chief executive officer, for office space, secretarial and administrative services, and consulting fees payable to our

TABLE OF CONTENTS

chief financial officer, James A. Graf, or an entity owned or controlled by Mr. Graf, of \$15,000 per month for services prior to the closing of our initial business combination).

We cannot assure you that any of the above mentioned conflicts will be resolved in our favor.

In the event that we submit our initial business combination to our public stockholders for a vote, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any shares purchased during or after the offering in favor of our initial business combination.

Limitation on Liability and Indemnification of Officers and Directors

Our amended and restated certificate of incorporation provides that our officers and directors will be indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, our amended and restated certificate of incorporation provides that our directors will not be personally liable for monetary damages to us for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors.

We will enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our amended and restated bylaws also will permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification. We will purchase a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against officers and directors, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

(2) Assumes exercise of the underwriters' over-allotment option and no resulting forfeiture of an aggregate of 576,220 founder shares held by our initial stockholders and includes a portion of the founder shares in an amount equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option that are subject to forfeiture by our initial stockholders on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for consideration of cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like).

Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering.

TABLE OF CONTENTS

Immediately after this offering (assuming no exercise of the underwriters' over-allotment option), our initial stockholders will beneficially own 18.0% of the then issued and outstanding shares of our common stock (assuming they do not purchase any units in this offering and they are not required to forfeit their founder earnout shares, as described in this prospectus). Because of this ownership block, our initial stockholders may be able to effectively influence the outcome of all matters requiring approval by our stockholders, including the election of directors, amendments to our amended and restated certificate of incorporation and approval of significant corporate transactions other than approval of our initial business combination.

To the extent the underwriters do not exercise the over-allotment option, up to an aggregate of 576,220 founder shares held by our initial stockholders will be subject to forfeiture. Our initial stockholders will be required to forfeit only a number of founder shares necessary to maintain our initial stockholders' 18.0% ownership interest in our common stock on a fully-diluted basis after giving effect to the offering and the exercise, if any, of the underwriters' over-allotment option. In addition, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will be subject to forfeiture by our initial stockholders on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for consideration of cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like).

Our sponsor has committed, pursuant to a written agreement, to purchase an aggregate of 7,000,000 sponsor warrants at a price of \$0.75 per warrant (\$5,250,000 in the aggregate) in a private placement that will occur simultaneously with the closing of this offering. Each sponsor warrant entitles the holder to purchase one share of our common stock at \$11.50 per share. The purchase price of the sponsor warrants will be added to the proceeds from this offering to be held in the trust account pending our completion of our initial business combination. If we do not complete our initial business combination within the prescribed time frame, the proceeds of the sale of the sponsor warrants will be used to fund the redemption of our public shares, and the sponsor warrants will expire worthless. The sponsor warrants are subject to the transfer restrictions described below. The sponsor warrants will not be redeemable by us so long as they are held by our sponsor or their permitted transferees. If the sponsor warrants are held by holders other than our sponsor or its permitted transferees, the sponsor warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering. The sponsor warrants may also be exercised by our sponsor or its permitted transferees on a cashless basis. Otherwise, the sponsor warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering.

Global Eagle Acquisition LLC, our sponsor, and our executive officers and directors are deemed to be our "promoters" as such term is defined under the federal securities laws.

Transfers of Founder Shares and Sponsor Warrants

On the date of this prospectus, the founder shares and sponsor warrants will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent pursuant to an escrow agreement between us, the holders of the founder shares and sponsor warrants, the escrow agent and the representative of the underwriters. While in escrow, such securities will not be transferable, other than (a) to our officers or directors, any affiliates or family members of any of our officers or directors, any members of our sponsor, or any affiliates of our sponsor, (b) by gift to a member of one of the members of our sponsor's immediate family or to a trust, the beneficiary of which is a member of one of the members of our sponsor's immediate family, an affiliate of our sponsor or to a charitable organization; (c) by virtue of laws of descent and distribution upon death of one of the members of our sponsor; (d) pursuant to a qualified domestic relations order; (e) by virtue of the laws of the state of Delaware or our sponsor's limited liability company agreement upon dissolution of our sponsor; (f) in the event of our liquidation prior to our completion of our initial business combination; or (g) in the event of our completion of a liquidation,

merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property subsequent to our completion of our initial business combination; provided, however, that these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions.

The founder shares will be released from escrow on the earlier of (x) one year after the completion of our initial business combination or earlier if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Notwithstanding the foregoing, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will not be released from escrow unless they no longer are subject to forfeiture, as described herein.

The sponsor warrants will not be released from escrow until 30 days following the completion of our initial business combination.

Registration Rights

The holders of the founder shares, sponsor warrants and warrants that may be issued upon conversion of working capital loans will have registration rights to require us to register a sale of any of our securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These stockholders will be entitled to make up to three demands, excluding short form registration demands, that we register such securities for sale under the Securities Act. In addition, these stockholders will have "piggy-back" registration rights to include their securities in other registration statements filed by us. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective with respect to any securities while they are held in escrow, as described herein. We will bear the costs and expenses of filing any such registration statements.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In February 2011, we issued an aggregate of 4,417,683 founder shares to our sponsor for an aggregate purchase price of \$25,000 in cash, or approximately \$0.01 per share. Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering. If the underwriters determine the size of the offering should be increased, a stock dividend would be effectuated in order to maintain the ownership represented by the founder shares at the same percentage, as was the case before the stock dividend.

If the underwriters do not exercise all or a portion of their over-allotment option, our initial stockholders have agreed, pursuant to a written agreement with us, that they will forfeit up to an aggregate of 576,220 founder shares in proportion to the portion of the underwriters' over-allotment option that was not exercised. In addition, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will be subject to forfeiture by our initial stockholders on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our stockholders having the right to exchange their shares of common stock for consideration of cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like). If such shares are forfeited, we would record the aggregate fair value of the shares forfeited and reacquired to treasury stock and a corresponding credit to additional paid-in capital based on the difference between the fair market value of the forfeited shares and the price paid to us for such forfeited shares of approximately \$3,261. Upon receipt, such forfeited shares would then be immediately cancelled, which would result in the retirement of the treasury stock and a corresponding charge to additional paid-in capital.

Our sponsor has committed, pursuant to a written agreement, to purchase an aggregate of 7,000,000 sponsor warrants in a private placement that will occur simultaneously with the closing of this offering. Each sponsor warrant entitles the holder to purchase one share of our common stock at \$11.50 per share. The sponsor warrants (including the common stock issuable upon exercise of the sponsor warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by it until 30 days after the completion of our initial business combination.

Each of Messrs. Sloan, Sagansky and Graf is a member of our sponsor. Each of our officers and directors (other than our independent directors) has agreed, pursuant to a written agreement with us, that until the earliest of our initial business combination, our liquidation or such time as he ceases to be an officer or director, to present to us for our consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any pre-existing fiduciary or contractual obligations he might have currently or in the future in respect of the companies to which he currently has fiduciary duties or contractual obligations. As more fully discussed in "Management — Conflicts of Interest," if any of our officers or directors (other than our independent directors) becomes aware of a business combination opportunity that falls within the line of business of any entity to which he has pre-existing fiduciary or contractual obligations, he may be required to present such business combination opportunity to such entity prior to presenting such business combination opportunity to us. All of our officers and directors (other than our independent directors) currently have certain relevant fiduciary duties or contractual obligations that may take priority over their duties to us.

Commencing on the date that our securities are first quoted on the OTCBB through the earlier of completion of our initial business combination or our liquidation, we will pay Roscomare Ltd., an entity owned and controlled by Mr. Sloan, a total of \$10,000 per month for office space and administrative services, including secretarial support. This arrangement is being agreed to by Mr. Sloan for our benefit and is not intended to provide Mr. Sloan compensation in lieu of a salary. In addition, we will pay Mr. Graf or an entity owned and controlled by him, a monthly consulting fee of \$15,000 for services prior to the completion of the initial business combination. We believe that such fees are at least as favorable as we could have obtained from an unaffiliated third party for such services. Other than these monthly fees, no compensation of any kind,

TABLE OF CONTENTS

including finder's and consulting fees, will be paid to our sponsor, executive officers and directors, or any of their respective affiliates, for services rendered prior to or in connection with the completion of an initial business combination. However, these individuals will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our independent directors will review on a quarterly basis all payments that were made to our sponsor, officers, directors or our or their affiliates.

Prior to the closing of this offering, our sponsor has agreed to loan us up to \$200,000 to be used for a portion of the expenses of this offering. These loans are non-interest bearing, unsecured and are due at the earlier of August 1, 2011 or the closing of this offering. The loan will be repaid upon the closing of this offering out of the \$750,000 of offering proceeds that has been allocated to the payment of offering expenses.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. If we complete an initial business combination, we would repay such loaned amounts. In the event that the initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment, other than the interest on such proceeds that may be released to us for working capital purposes. Up to \$500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$0.75 per warrant at the option of the lender. The warrants would be identical to the sponsor warrants. The terms of such loans by our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans.

After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to our stockholders, to the extent then known, in the tender offer or proxy solicitation materials, as applicable, furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of distribution of such tender offer materials or at the time of a stockholder meeting held to consider our initial business combination, as applicable, as it will be up to the directors of the post-combination business to determine executive and director compensation.

All ongoing and future transactions between us and any member of our management team or his or her respective affiliates will be on terms believed by us at that time, based upon other similar arrangements known to us, to be no less favorable to us than are available from unaffiliated third parties. It is our intention to obtain estimates from unaffiliated third parties for similar goods or services to ascertain whether such transactions with affiliates are on terms that are no less favorable to us than are otherwise available from such unaffiliated third parties. If a transaction with an affiliated third party were found to be on terms less favorable to us than with an unaffiliated third party, we would not engage in such transaction.

We have entered into a registration rights agreement with respect to the founder shares and sponsor warrants, which is described under the heading "Principal Stockholders — Registration Rights."

TABLE OF CONTENTS

DESCRIPTION OF SECURITIES

Our authorized capital stock consists of 400,000,000 shares of common stock, \$0.0001 par value, and 1,000,000 shares of undesignated preferred stock, \$0.0001 par value. The following description summarizes the material terms of our capital stock. Because it is only a summary, it may not contain all the information that is important to you.

Units

Each unit consists of one share of common stock and one warrant. Each warrant entitles the holder to purchase one share of common stock. The common stock and warrants comprising the units will begin separate trading on the 52nd day following the date of this prospectus unless Citigroup Global Markets Inc. informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin.

In no event will the common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet reflecting our receipt of the gross proceeds of this offering. We will file a Current Report on Form 8-K which includes this audited balance sheet upon the completion of this offering, which is anticipated to take place three business days after the date of this prospectus. The audited balance sheet will include proceeds we received from the exercise of the over-allotment option if such option is exercised prior to the filing of the Current Report on Form 8-K. If the underwriters' over-allotment option is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' over-allotment option.

Common Stock

As of the date of this prospectus, there were 4,417,683 shares of our common stock outstanding, all of which were held of record by our initial stockholders. This includes an aggregate of 576,220 shares of common stock subject to forfeiture by our initial stockholders to the extent that the underwriters' over-allotment option is not exercised in full so that our initial stockholders will own 18.0% of our issued and outstanding shares after this offering (assuming they do not purchase any units in this offering and they are not required to forfeit their founder earnout shares, as described in this prospectus). Harry E. Sloan, our chairman and chief executive officer, Jeff Sagansky, our president, and James A. Graf, our vice president, chief financial officer, treasurer and secretary, are each members of our sponsor. Upon closing of this offering, 21,341,463 shares of our common stock will be outstanding (assuming no exercise of the underwriters' over-allotment option).

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. Our board of directors is divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. There is no cumulative voting with respect to the election of directors, with the result that the holders of more than 50% of the shares voted for the election of directors can elect all of the directors. Our stockholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Because our amended and restated certificate of incorporation authorizes the issuance of up to 400,000,000 shares of common stock, if we were to enter into a business combination, we may (depending on the terms of such a business combination) be required to increase the number of shares of common stock which we are authorized to issue at the same time as our stockholders vote on the business combination to the extent we seek stockholder approval in connection with a business combination.

We do not currently intend to hold an annual meeting of stockholders until after we complete a business combination, and thus may not be in compliance with Section 211(b) of the DGCL. Therefore, if our stockholders want us to hold an annual meeting prior to our completion of a business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

TABLE OF CONTENTS

We will provide our stockholders with the opportunity to redeem their shares upon the completion of our initial business combination at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable, divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be approximately \$10.00 per public share, or approximately \$9.97 per public share if the underwriters' over-allotment option is exercised in full. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination. Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in conjunction with their initial business combinations and provide for related redemptions of public shares for cash upon completion of such initial business combinations even when a vote is not required by law, if a stockholder vote is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC, and file tender offer documents with the SEC prior to completing our initial business combination. Our amended and restated certificate of incorporation requires these tender offer documents to contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, a stockholder approval of the transaction is required by law, or we decide to obtain stockholder approval for business or other legal reasons, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. However, the participation of our sponsor, officers, directors, advisors or their affiliates in privately-negotiated transactions (as described in this prospectus), if any, could result in the approval of a business combination even if a majority of our public stockholders vote, or indicate their intention to vote, against such business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock, non-votes will have no effect on the approval of a business combination once a quorum is obtained. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve a business combination.

If we seek stockholder approval in connection with a business combination, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after the offering in favor of our initial business combination. Each public stockholder may elect to redeem their public shares irrespective of whether they vote for or against the proposed transaction.

Pursuant to our amended and restated certificate of incorporation, if we are unable to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our initial stockholders have agreed to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends. However, if our initial stockholders or any of our officers, directors or affiliates acquire public

TABLE OF CONTENTS

shares in or after this offering, they will be entitled to redemption rights with respect to such public shares if we fail to complete a business combination within the required time period.

In the event of a liquidation, dissolution or winding up of the company after a business combination, our stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the common stock. Our stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to the common stock, except that we will provide our stockholders with the opportunity to redeem their shares of our common stock for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account, including interest but net of any franchise and income taxes payable, upon the completion of our initial business combination, subject to the limitations described herein.

Founder Shares

The founder shares are identical to the shares of common stock included in the units being sold in this offering, and holders of founder shares have the same stockholder rights as public stockholders, except that (i) the founder shares will be held in escrow and released only upon the occurrence of certain events, as described in more detail below, and (ii) our initial stockholders have agreed (A) to waive their redemption rights with respect to their founder shares and public shares in connection with the completion of a business combination and (B) to waive their redemption rights with respect to their founder shares if we fail to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, although they will be entitled to redemption rights with respect to any public shares they hold if we fail to complete a business combination within such time period. If we submit our initial business combination to our public stockholders for a vote, our initial stockholders have agreed to vote their founder shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after the offering in favor of our initial business combination.

On the date of this prospectus, the founder shares will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent. While in escrow, the founder shares will not be transferable, other than to permitted transferees as described above under “Principal Stockholders — Transfers of Founder Shares and Sponsor Warrants”. The founder shares will be released from escrow on the earlier of (x) one year after the completion of our initial business combination or earlier if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. Notwithstanding the foregoing, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters’ overallotment option) will not be released from escrow unless they no longer are subject to forfeiture, as described herein.

Preferred Stock

Our amended and restated certificate of incorporation provides that shares of preferred stock may be issued from time to time in one or more series. Our board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the common stock and could have anti-takeover effects. The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. We have no preferred stock outstanding at the date hereof. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that we will not do so in the future. No shares of preferred stock are being issued or registered in this offering.

TABLE OF CONTENTS

Warrants

Public Stockholders' Warrants

Each warrant entitles the registered holder to purchase one share of our common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of one year from the closing of this offering or 30 days after the completion of our initial business combination. The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any shares of common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of common stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable and we will not be obligated to issue shares of common stock upon exercise of a warrant unless common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentence are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will we be required to net cash settle any warrant. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of common stock underlying such unit.

We have agreed that as soon as practicable, but in no event later than fifteen (15) business days, after the closing of our initial business combination, we will use our best efforts to file with the SEC a post-effective amendment to the registration statement of which this prospectus is a part, or a new registration statement, for the registration, under the Securities Act, of the shares of common stock issuable upon exercise of the warrants, and we will use our best efforts to take such action as is necessary to register or qualify for sale, in those states in which the warrants were initially offered by us, the shares of common stock issuable upon exercise of the warrants, to the extent an exemption is not available. We will use our best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. In addition, we agree to use our best efforts to register the shares of common stock issuable upon exercise of a warrant under the blue sky laws of the states of residence of the exercising warrant holder to the extent an exemption is not available.

If any such post-effective amendment or registration statement has not been declared effective by the 60th business day following the closing of our initial business combination, holders of the warrants will have the right, during the period beginning on the 61st business day after the closing of our initial business combination and ending upon such post-effective amendment or registration statement being declared effective by the SEC, and during any other period when we will fail to have maintained an effective registration statement covering the shares of common stock issuable upon exercise of the warrants, to exercise such warrants on a cashless basis, by exchanging the warrants (in accordance with Section 3(a)(9) of the Securities Act or another exemption) for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the warrant exercise price and the fair market value" by (y) the fair market value. For these purposes, fair market value will mean the volume weighted average price of common stock as reported during the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the warrant agent from the holder of such warrants or our securities broker or intermediary.

TABLE OF CONTENTS

Once the warrants become exercisable, we may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days' prior written notice of redemption (the "30-day redemption period") to each warrant holder; and
- if, and only if, the reported last sale price of the common stock equals or exceeds \$17.50 per share for any 20 trading days within a 30 trading day period ending three business days before we send to the notice of redemption to the warrant holders.

We will not redeem the warrants unless an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the common stock may fall below the \$17.50 redemption trigger price as well as the \$11.50 warrant exercise price after the redemption notice is issued.

If we call the warrants for redemption as described above, our management will have the option to require any holder that wishes to exercise his, her or its warrant to do so on a cashless basis. If our management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering his, her or its warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of common stock to be received upon exercise of the warrants, including the "fair market value" in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants after a business combination. If we call our warrants for redemption and our management does not take advantage of this option, the sponsor and its permitted transferees would still be entitled to exercise their sponsor warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 9.8% of the shares of common stock outstanding immediately after giving effect to such exercise.

If the number of outstanding shares of common stock is increased by a stock dividend payable in shares of common stock, or by a split-up of shares of common stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of common stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of common stock. A rights offering to holders of common stock entitling holders to purchase shares of common stock at a

TABLE OF CONTENTS

price less than the fair market value will be deemed a stock dividend of a number of shares of common stock equal to the product of (i) the number of shares of common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for common stock) multiplied by (ii) the quotient of (x) the price per share of common stock paid in such rights offering divided by (y) the fair market value. For these purposes (i) if the rights offering is for securities convertible into or exercisable for common stock, in determining the price payable for common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of common stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of common stock on account of such shares of common stock (or other shares of our capital stock into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of common stock in connection with a proposed initial business combination, or (d) in connection with the redemption of our public shares upon our failure to complete our initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of common stock in respect of such event.

If the number of outstanding shares of our common stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of common stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of common stock.

Whenever the number of shares of common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of common stock purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of common stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of common stock (other than those described above or that solely affects the par value of such shares of common stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of common stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of our common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. The warrant agreement provides for certain modifications to what holders of warrants will have the right to purchase and receive upon the occurrence of certain events, and that if less than 70% of the consideration receivable by the holders of common stock in the applicable event is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or on the OTC Bulletin Board, or is to be so listed for trading immediately following such event, then the warrant exercise price will be reduced in accordance with a formula specified in the warrant agreement.

TABLE OF CONTENTS

The warrants will be issued in registered form under a warrant agreement between American Stock Transfer & Trust Company, LLC, as warrant agent, and us. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a complete description of the terms and conditions applicable to the warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

Sponsor Warrants

The sponsor warrants (including the common stock issuable upon exercise of the sponsor warrants) will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent, and will not be released until 30 days after the completion of our initial business combination. While in escrow, the sponsor warrants will be subject to restrictions on transfer described under “Principal Stockholders — Transfers of Founder Shares and Sponsor Warrants” and they will not be redeemable by us so long as they are held by the sponsor or its permitted transferees. Otherwise, the sponsor warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering, except that such warrants may be exercised by the holders on a cashless basis. If the sponsor warrants are held by holders other than the sponsor or its permitted transferees, the sponsor warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

If holders of the sponsor warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering his, her or its warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by our sponsor or its affiliates and permitted transferees is because it is not known at this time whether they will be affiliated with us following a business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public stockholders who could exercise their warrants and sell the shares of common stock received upon such exercise freely in the open market in order to recoup the cost of such exercise, the insiders could be significantly restricted from selling such securities. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

Dividends

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of a business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of a business combination. The payment of any cash dividends subsequent to a business combination will be within the discretion of our board of directors at such time. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the

TABLE OF CONTENTS

foreseeable future, except if we increase the size of the offering pursuant to Rule 462(b) under the Securities Act, in which case we will effect a stock dividend immediately prior to the completion of the offering in such amount as to maintain our initial stockholders' ownership at 14.0% of the issued and outstanding shares of our common stock upon the completion of this offering. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

Our Transfer Agent and Warrant Agent

The transfer agent for our common stock and warrant agent for our warrants is American Stock Transfer & Trust Company, LLC. We have agreed to indemnify American Stock Transfer & Trust Company, LLC in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all claims and losses that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence or intentional misconduct of the indemnified person or entity.

Our Amended and Restated Certificate of Incorporation

Our amended and restated certificate of incorporation contains certain requirements and restrictions relating to this offering that will apply to us until the completion of our business combination. These provisions cannot be amended without the approval of 65% of our stockholders. Our initial stockholders, who will collectively beneficially own 18.0% of our common stock upon the closing of this offering (assuming they do not purchase any units in this offering), will participate in any vote to amend our amended and restated certificate of incorporation and will have the discretion to vote in any manner they choose. Specifically, our amended and restated certificate of incorporation provides, among other things, that:

- if we are unable to complete a business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest that may be distributed to us to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the trust account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law;
- prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to (i) receive funds from the trust account or (ii) vote on any initial business combination;
- although we do not intend to enter into a business combination with a target business that is affiliated with our sponsor, our directors or officers, we are not prohibited from doing so. In the event we enter into such a transaction, we, or a committee of independent directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA that such a business combination is fair to our company from a financial point of view;
- if a stockholder vote on our initial business combination is not required by law and we do not decide to hold a stockholder vote for business or other legal reasons, we will offer to redeem our public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act and will file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act; and

TABLE OF CONTENTS

- we will not effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In addition, our amended and restated certificate of incorporation provides that under no circumstances will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001.

Certain Anti-Takeover Provisions of Delaware Law

We will be subject to the provisions of Section 203 of the DGCL regulating corporate takeovers upon completion of this offering. This statute prevents certain Delaware corporations, under certain circumstances, from engaging in a “business combination” with:

- a stockholder who owns 15% or more of our outstanding voting stock (otherwise known as an “interested stockholder”);
- an affiliate of an interested stockholder; or
- an associate of an interested stockholder, for three years following the date that the stockholder became an interested stockholder.

A “business combination” includes a merger or sale of more than 10% of our assets. However, the above provisions of Section 203 do not apply if:

- our board of directors approves the transaction that made the stockholder an “interested stockholder,” prior to the date of the transaction;
- after the completion of the transaction that resulted in the stockholder becoming an interested stockholder, that stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, other than statutorily excluded shares of common stock; or
- on or subsequent to the date of the transaction, the business combination is approved by our board of directors and authorized at a meeting of our stockholders, and not by written consent, by an affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Securities Eligible for Future Sale

Immediately after this offering (assuming no exercise of the underwriters’ over-allotment option and the forfeiture of 576,220 founder shares held by our initial stockholders) we will have 21,341,463 shares of common stock outstanding. Of these shares, the 17,500,000 shares sold in this offering will be freely tradable without restriction or further registration under the Securities Act, except for any shares purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the remaining 3,841,463 shares and all 7,000,000 sponsor warrants are restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering.

Rule 144

Pursuant to Rule 144, a person who has beneficially owned restricted shares of our common stock or warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale and (ii) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as we were required to file reports) preceding the sale.

Persons who have beneficially owned restricted shares of our common stock or warrants for at least six months but who are our affiliates at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of shares of common stock then outstanding, which will equal 213,415 shares immediately after this offering (or 245,427 if the underwriters exercise their over-allotment option); or

TABLE OF CONTENTS

- the average weekly reported trading volume of the common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by our affiliates under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, our initial stockholders will be able to sell their founder shares and sponsor warrants, as applicable, pursuant to Rule 144 without registration one year after we have completed our initial business combination.

Registration Rights

The holders of the founder shares, sponsor warrants and warrants that may be issued upon conversion of working capital loans (and any shares of common stock issuable upon the exercise of the sponsor warrant and warrants that may be issued upon conversion of working capital loans) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. The holders of the majority of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of an initial business combination. However, the registration rights agreement provides that we will not permit any registration statement filed under the Securities Act to become effective with respect to any securities until they are released from escrow, as described herein. We will bear the expenses incurred in connection with the filing of any such registration statements.

Quotation of Securities

We expect our units, common stock and warrants quoted on the OTCBB under the symbols “ ”, “ ”, and “ ”, respectively. We anticipate that our units will be quoted on the OTCBB on or promptly after the effective date of the registration statement. Following the date the shares of our common stock and warrants are eligible to trade separately, we anticipate that the shares of our common stock and warrants will be quoted separately and as a unit on the OTCBB. Citigroup Global Markets, Inc. has advised us that it intends to act as a market maker of our securities on the OTCBB until the earlier of (i) the completion of our initial business combination and (ii) the redemption of all our public shares if we fail to complete a business combination in the prescribed time frame but it could cease making a market at any time.

MATERIAL U.S. FEDERAL TAX CONSIDERATIONS

This is a general summary of the material U.S. federal tax consequences of the acquisition, ownership and disposition of our units, common stock and warrants, which we refer to collectively as our securities, purchased by public stockholders pursuant to this offering. This discussion assumes that stockholders will hold our securities as capital assets within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the “Code”). This discussion does not address all aspects of U.S. federal taxation that may be relevant to a public stockholder in light of such stockholder’s particular circumstances. In addition, this discussion does not address (i) U.S. gift or estate tax laws except to the limited extent set forth below, (ii) state, local or foreign tax consequences, (iii) the special tax rules that may apply to certain stockholders, including without limitation banks, insurance companies, financial institutions, broker-dealers, taxpayers that have elected mark-to-market accounting, taxpayers subject to the alternative minimum tax provisions of the Code, tax-exempt entities, S corporations, regulated investment companies, real estate investment trusts, taxpayers whose functional currency is not the U.S. dollar, U.S. expatriates or former long-term residents of the United States, or governments or their agencies or instrumentalities, or (iv) the special tax rules that may apply to a stockholder that acquires, holds, or disposes of our securities as part of a straddle, hedge, wash sale (except to the limited extent described below), constructive sale or conversion transaction or other integrated investment. Additionally, this discussion does not consider the tax treatment of partnerships (including entities treated as partnerships for U.S. federal tax purposes) or other pass-through entities or persons who hold our securities through such entities. The tax treatment of a partnership and each partner thereof will generally depend upon the status and activities of the partnership and such partner. Thus, partnerships, other pass-through entities and persons holding our securities through such entities should consult their own tax advisors.

This discussion is based on current provisions of the Code, U.S. Treasury regulations promulgated under the Code, judicial opinions, and published rulings and procedures of the United States Internal Revenue Service (“IRS”), all as in effect on the date of this prospectus and all of which are subject to change, possibly with retroactive effect. We have not sought, and will not seek, any ruling from the IRS or any opinion of counsel with respect to the tax consequences discussed below, and there can be no assurance that the IRS will not take a position contrary to the tax consequences discussed below or that any position taken by the IRS would not be sustained.

As used in this “Material U.S. Federal Tax Considerations” section only, the term “U.S. person” means a person that is, for U.S. federal income tax purposes (i) an individual citizen or resident of the United States, (ii) a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any State thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust if (A) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (B) it has in effect a valid election to be treated as a U.S. person. As used in this discussion, the term “U.S. holder” means a beneficial owner of our securities that is a U.S. person and the term “non-U.S. holder” means a beneficial owner of our securities (other than an entity that is treated as a partnership or as a disregarded entity for U.S. federal income tax purposes) that is not a U.S. person.

This discussion is only a summary of material U.S. federal income and estate tax consequences of the acquisition, ownership and disposition of our securities. Each prospective investor is urged to consult its own tax advisors with respect to the U.S. federal, state, local and foreign tax consequences to such investor of the acquisition, ownership and disposition of our securities.

Company

Personal Holding Company Status

We could be subject to a second level of U.S. federal income tax on a portion of our income if we are determined to be a personal holding company (“PHC”) for U.S. federal income tax purposes. A U.S. corporation generally will be classified as a PHC for U.S. federal income tax purposes in a given taxable year if (i) at any time during the last half of such taxable year, five or fewer individuals (without regard to

TABLE OF CONTENTS

their citizenship or residency and including as individuals for this purpose certain entities such as certain tax-exempt organizations, pension funds, and charitable trusts) own or are deemed to own (pursuant to certain constructive ownership rules) more than 50% of the stock of the corporation by value and (ii) at least 60% of the corporation's adjusted ordinary gross income, as determined for U.S. federal income tax purposes, for such taxable year consists of PHC income (which includes, among other things, dividends, interest, certain royalties, annuities and, under certain circumstances, rents).

Depending on the date and size of our initial business combination, it is possible that at least 60% of our adjusted ordinary gross income may consist of PHC income as discussed above. In addition, depending on the concentration of our stock in the hands of individuals, including the members of our sponsor and certain tax-exempt organizations, pension funds, and charitable trusts, it is possible that more than 50% of our stock will be owned or deemed owned (pursuant to the constructive ownership rules) by such persons during the last half of a taxable year. Thus, no assurance can be given that we will not become a PHC following this offering or in the future. If we are or were to become a PHC in a given taxable year, we would be subject to an additional PHC tax on our undistributed PHC income, which generally includes our taxable income, subject to certain adjustments. For taxable years beginning after December 31, 2012, the tax rate on undistributed PHC income will be equal to the highest marginal rate on ordinary income applicable to individuals. For the tax years ending before January 1, 2013, the tax rate is 15%.

Public Stockholders

General

There is no authority addressing the treatment, for U.S. federal income tax purposes, of securities with terms substantially the same as the units, and, therefore, that treatment is not entirely clear. Each unit should be treated for U.S. federal income tax purposes as an investment unit consisting of one share of our common stock and a warrant to acquire one share of our common stock. Each holder of a unit must allocate the purchase price paid by such holder for such unit between the share of common stock and the warrant based on their respective relative fair market values. A holder's initial tax basis in the common stock and the warrant included in each unit should equal the portion of the purchase price of the unit allocated thereto.

The foregoing treatment of the common stock and warrants and a holder's purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its own tax advisors regarding the U.S. federal, state, local and any foreign tax consequences of an investment in a unit (including alternative characterizations of a unit). Unless otherwise stated, the following discussions are based on the assumption that the characterization of the common stock and warrants and the allocation described above are accepted for U.S. federal tax purposes.

U.S. Holders

Taxation of Distributions

If we pay cash distributions to U.S. holders of shares of our common stock, such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. holder's adjusted tax basis in our common stock. Any remaining excess will be treated as gain realized on the sale or other disposition of the common stock and will be treated as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock" below.

Dividends we pay to a U.S. holder that is a taxable corporation generally will qualify for the dividends received deduction if the requisite holding period is satisfied. With certain exceptions (including, but not limited to, dividends treated as investment income for purposes of investment interest deduction limitations), and provided certain holding period requirements are met, dividends we pay to a non-corporate U.S. holder generally will constitute "qualified dividends" that will be subject to tax at the maximum tax rate accorded to

TABLE OF CONTENTS

long-term capital gains (currently 15%) for tax years beginning before January 1, 2013, after which the rate applicable to dividends is currently scheduled to return to the tax rate generally applicable to ordinary income. It is unclear whether the redemption rights with respect to the common stock described in this prospectus may prevent a U.S. holder from satisfying the applicable holding period requirements with respect to the dividends received deduction or the preferential tax rate on qualified dividend income, as the case may be.

Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock

In general, a U.S. holder must treat any gain or loss recognized upon a sale, taxable exchange or other taxable disposition of our common stock (which would include a dissolution and liquidation in the event we do not complete an initial business combination within 21 months from the closing of this offering or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends) as capital gain or loss. Any such capital gain or loss will be long-term capital gain or loss if the U.S. holder's holding period for the common stock so disposed of exceeds one year. It is unclear, however, as to whether the redemption rights with respect to the common stock described in this prospectus may suspend the running of the applicable holding period for this purpose. Generally, a U.S. holder will recognize gain or loss in an amount equal to the difference between (i) the sum of the amount of cash and the fair market value of any property received in such disposition (or, if the common stock is held as part of a unit at the time of the disposition, the portion of the amount realized on such disposition that is allocated to the common stock based upon the then fair market values of the common stock and the warrant included in the unit) and (ii) the U.S. holder's adjusted tax basis in its common stock so disposed of. A U.S. holder's adjusted tax basis in its common stock generally will equal the U.S. holder's acquisition cost (that is, as discussed above, the portion of the purchase price of a unit allocated to a share of common stock) less any prior return of capital. Long-term capital gain realized by a non-corporate U.S. holder generally will be subject to a maximum rate of 15% for tax years beginning before January 1, 2013, after which the maximum long-term capital gains rate is scheduled to increase. The deduction of capital losses is subject to limitations, as is the deduction for losses realized upon a taxable disposition by a U.S. holder of our common stock (whether or not held as part of a unit) if, within a period beginning 30 days before the date of such disposition and ending 30 days after such date, such U.S. holder has acquired (by purchase or by an exchange on which the entire amount of gain or loss was recognized by law), or has entered into a contract or option so to acquire, substantially identical stock or securities.

Redemption of Common Stock

In the event that a U.S. holder redeems common stock pursuant to the redemption provisions described in this prospectus, the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as sale of the common stock. If that redemption qualifies as a sale of common stock by the U.S. holder under Section 302 of the Code, the U.S. holder will be treated as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock" above. If that redemption does not qualify as a sale of common stock under Section 302 of the Code, the U.S. holder will be treated as receiving a corporate distribution with the tax consequences described above. Whether that redemption qualifies for sale treatment will depend largely on the total number of shares of our stock treated as held by the U.S. holder (including any stock constructively owned by the U.S. holder as a result of, among other things, owning warrants) relative to all of our shares both before and after the redemption. The redemption of common stock generally will be treated as a sale of the common stock (rather than as a corporate distribution) if the redemption (i) is "substantially disproportionate" with respect to the U.S. holder, (ii) results in a "complete termination" of the U.S. holder's interest in us or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. holder takes into account not only stock actually owned by the U.S. holder, but also shares of our stock that are constructively owned by it. A U.S. holder may constructively own, in addition to stock owned directly, stock owned by certain related individuals and entities in which the U.S. holder has an interest or that have an interest in such U.S. holder, as well as any stock the U.S. holder has a right to acquire by exercise of an option, which would generally include common stock which could be acquired pursuant to the exercise of the warrants. In order to meet the substantially disproportionate test, the percentage of our outstanding voting stock actually and constructively

TABLE OF CONTENTS

owned by the U.S. holder immediately following the redemption of common stock must, among other requirements, be less than 80 percent of the percentage of our outstanding voting stock actually and constructively owned by the U.S. holder immediately before the redemption. There will be a complete termination of a U.S. holder's interest if either (i) all of the shares of our stock actually and constructively owned by the U.S. holder are redeemed or (ii) all of the shares of our stock actually owned by the U.S. holder are redeemed and the U.S. holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of stock owned by certain family members and the U.S. holder does not constructively own any other stock. The redemption of the common stock will not be essentially equivalent to a dividend if a U.S. holder's conversion results in a "meaningful reduction" of the U.S. holder's proportionate interest in us. Whether the redemption will result in a meaningful reduction in a U.S. holder's proportionate interest in us will depend on the particular facts and circumstances. However, the IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority stockholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a "meaningful reduction." A U.S. holder should consult with its own tax advisors as to the tax consequences of a redemption.

If none of the foregoing tests are satisfied, then the redemption will be treated as a corporate distribution and the tax effects will be as described under "U.S. Holders — Taxation of Distributions," above. After the application of those rules, any remaining tax basis of the U.S. holder in the redeemed common stock will be added to the U.S. holder's adjusted tax basis in its remaining stock, or, if it has none, to the U.S. holder's adjusted tax basis in its warrants or possibly in other stock constructively owned by it.

The tax treatment of the receipt of any "premium" purchase price by U.S. holders in connection with a privately negotiated transaction as described in this prospectus (see "The Offering — Other permitted purchases of public shares by us or our affiliates") is unclear. The premium may be treated as either (i) additional consideration received in exchange for the tendered common stock in a redemption, in which case such payments will be taken into account in determining the amount of gain or loss on the exchange as discussed above, or (ii) a separate fee for voting in favor of the proposed business combination, in which case such payments will be treated as ordinary income to recipient U.S. holders. There can be no assurance that the IRS will not attempt to treat the receipt of the premiums as the receipt of separate consideration for voting in favor of the proposed business combination. U.S. holders are urged to consult their own tax advisors as to the proper treatment of the premiums.

U.S. holders who actually or constructively own one percent or more of our stock (by vote or value) may be subject to special reporting requirements with respect to a redemption of common stock, and such holders should consult with their own tax advisors with respect to their reporting requirements.

Exercise of a Warrant

Except as discussed below with respect to the cashless exercise of a warrant, a U.S. holder will not be required to recognize taxable gain or loss upon exercise of a warrant. The U.S. holder's tax basis in the share of our common stock received upon exercise of the warrant generally will be an amount equal to the sum of the U.S. holder's initial investment in the warrant (i.e., the portion of the U.S. holder's purchase price for a unit that is allocated to the warrant, as described above under "— General") and the exercise price. The U.S. holder's holding period for the share of our common stock received upon exercise of the warrant will begin on the date following the date of exercise (or possibly the date of exercise) of the warrant and will not include the period during which the U.S. holder held the warrant.

The tax consequences of a cashless exercise of a warrant are not clear under current tax law. A cashless exercise may be tax-free, either because the exercise is not a gain realization event or because the exercise is treated as a recapitalization for U.S. federal income tax purposes. In either tax-free situation, a U.S. holder's basis in the common stock received would equal the holder's basis in the warrant. If the cashless exercise were treated as not being a gain realization event, a U.S. holder's holding period in the common stock would be treated as commencing on the date following the date of exercise (or possibly the date of exercise) of the warrant. If the cashless exercise were treated as a recapitalization, the holding period of the common stock would include the holding period of the warrant.

TABLE OF CONTENTS

It is also possible that a cashless exercise could be treated as a taxable exchange in which gain or loss would be recognized. In such event, a U.S. holder could be deemed to have surrendered warrants equal to the number of common shares having a value equal to the exercise price for the total number of warrants to be exercised. The U.S. holder would recognize capital gain or loss in an amount equal to the difference between the fair market value of the common stock represented by the warrants deemed surrendered and the U.S. holder's tax basis in the warrants deemed surrendered. In this case, a U.S. holder's tax basis in the common stock received would equal the sum of the fair market value of the common stock represented by the warrants deemed surrendered and the U.S. holder's tax basis in the warrants exercised. A U.S. holder's holding period for the common stock would commence on the date following the date of exercise (or possibly the date of exercise) of the warrant.

Due to the absence of authority on the U.S. federal income tax treatment of a cashless exercise, there can be no assurance which, if any, of the alternative tax consequences and holding periods described above would be adopted by the IRS or a court of law. Accordingly, U.S. holders should consult their tax advisors regarding the tax consequences of a cashless exercise.

Sale, Taxable Exchange, Redemption or Expiration of a Warrant

Upon a sale, taxable exchange (other than by exercise), redemption, or expiration of a warrant, a U.S. holder will be required to recognize taxable gain or loss in an amount equal to the difference between (i) the amount realized upon such disposition or expiration (or, if the warrant is held as part of a unit at the time of the disposition of the unit, the portion of the amount realized on such disposition that is allocated to the warrant based on the then fair market values of the warrant and the common stock included in the unit) and (ii) the U.S. holder's tax basis in the warrant (that is, as discussed above, the portion of the U.S. holder's purchase price for a unit that is allocated to the warrant, as described above under "— General"). Such gain or loss would generally be treated as long-term capital gain or loss if the warrant was held by the U.S. holder for more than one year at the time of such disposition or expiration. As discussed above, the deductibility of capital losses is subject to certain limitations, as is the deduction for losses upon a taxable disposition by a U.S. holder of a warrant (whether or not held as part of a unit) if, within a period beginning 30 days before the date of such disposition and ending 30 days after such date, such U.S. holder has acquired (by purchase or by an exchange on which the entire amount of gain or loss was recognized by law), or has entered into a contract or option so to acquire, substantially identical stock or securities.

Additional Taxes After 2012

For taxable years beginning after December 31, 2012, U.S. holders that are individuals, estates or trusts and whose income exceeds certain thresholds generally will be subject to a 3.8% Medicare contribution tax on unearned income, including, among other things, dividends on, and capital gains from the sale or other taxable disposition of, our common stock, subject to certain limitations and exceptions. U.S. holders should consult their own tax advisors regarding the effect, if any, of such tax on their ownership and disposition of our securities.

Non-U.S. Holders

Taxation of Distributions

In general, any distributions we make to a non-U.S. holder of shares of our common stock, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles), generally will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with the non-U.S. holder's conduct of a trade or business within the United States, we generally will be required to withhold tax from the gross amount of the dividend at a rate of 30%, unless such non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN). Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the non-U.S. holder's adjusted tax basis in its shares of our common stock and, to the extent such distribution exceeds the non-U.S. holder's adjusted tax basis, as gain realized from the sale or other disposition of the common stock, which will be treated as described under "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants" below. In addition, if

TABLE OF CONTENTS

we determine that we are likely to be classified as a “United States real property holding corporation” (see “Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants” below), we will withhold 10% of any distribution that exceeds our current and accumulated earnings and profits.

Dividends we pay to a non-U.S. holder that are effectively connected with such non-U.S. holder’s conduct of a trade or business within the United States generally will not be subject to U.S. withholding tax, provided such non-U.S. holder complies with certain certification and disclosure requirements (usually by providing an IRS Form W-8ECI). Instead, such dividends generally will be subject to U.S. federal income tax, net of certain deductions, at the same graduated individual or corporate rates applicable to U.S. holders (subject to an exemption or reduction in such tax as may be provided by an applicable income tax treaty). If the non-U.S. holder is a corporation, dividends that are effectively connected income may also be subject to a “branch profits tax” at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty).

Exercise of a Warrant

The U.S. federal income tax treatment of a non-U.S. holder’s exercise of a warrant generally will correspond to the U.S. federal income tax treatment of the exercise of a warrant by a U.S. holder, as described under “U.S. Holders — Exercise of a Warrant” above, although to the extent a cashless exercise results in a taxable exchange, the consequences would be similar to those described below in “Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants.”

Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants

A non-U.S. holder generally will not be subject to U.S. federal income or withholding tax in respect of gain recognized on a sale, taxable exchange or other taxable disposition of our common stock (which would include a dissolution and liquidation in the event we do not complete an initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, or warrants (including an expiration or redemption of our warrants), in each case without regard to whether those securities were held as part of a unit, unless:

- the gain is effectively connected with the conduct of a trade or business by the non-U.S. holder within the United States (and, under certain income tax treaties, is attributable to a United States permanent establishment or fixed base maintained by the non-U.S. holder);
- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or
- we are or have been a “U.S. real property holding corporation” for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the non-U.S. holder held our common stock, and, in the case where shares of our common stock are regularly traded on an established securities market, the non-U.S. holder has owned, directly or indirectly, more than 5% of our common stock at any time within the shorter of the five-year period preceding the disposition or such non-U.S. holder’s holding period for the shares of our common stock. There can be no assurance that our common stock will be treated as regularly traded on an established securities market for this purpose.

Unless an applicable treaty provides otherwise, gain described in the first bullet point above will be subject to tax at generally applicable U.S. federal income tax rates. Any gains described in the first bullet point above of a non-U.S. holder that is a foreign corporation may also be subject to an additional “branch profits tax” at a 30% rate (or lower treaty rate). Gain described in the second bullet point above (which may be offset by U.S. source capital losses) will be subject to a flat 30% U.S. federal income tax. Non-U.S. holders should consult their own tax advisors regarding possible eligibility for benefits under income tax treaties.

TABLE OF CONTENTS

Although we currently are not a U.S. real property holding corporation, we cannot determine whether we will be a United States real property holding corporation in the future until we complete an initial business combination. We will be classified as a U.S. real property holding corporation if the fair market value of our “U.S. real property interests” equals or exceeds 50 percent of the sum of the fair market value of our worldwide real property interests plus our other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes.

Redemption of Common Stock

The characterization for U.S. federal income tax purposes of a non-U.S. holder’s redemption of our common stock pursuant to the redemption provisions described in this prospectus generally will correspond to the U.S. federal income tax characterization of such a redemption by a U.S. holder, as described under “U.S. Holders — Redemption of Common Stock” above, and the consequences of the redemption to the non-U.S. holder will be as described above under “Non-U.S. Holders — Taxation of Distributions” and “Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Common Stock and Warrants,” as applicable.

As discussed above in “U.S. Holders — Redemption of Common Stock,” the treatment of the receipt of any premium in connection with a privately negotiated transaction as described in this prospectus is unclear. Accordingly, we intend to withhold U.S. federal income tax at a rate of 30% from any premium paid to a non-U.S. Holder, unless (i) the non-U.S. holder is engaged in the conduct of a trade or business in the United States to which the receipt of the premium is effectively connected and provides a properly executed IRS Form W-8ECI or (ii) a U.S. tax treaty either eliminates or reduces such withholding tax with respect to the premium paid to the non-U.S. holder and the non-U.S. holder provides a properly executed IRS Form W-8BEN (claiming exemption or reduction under an applicable treaty), and in both cases, neither we nor our paying agent knows or has reason to know that such certification is false. If such withholding results in an overpayment of taxes, the applicable non-U.S. holder may be able to obtain a refund or credit, provided that the required information is timely furnished to the IRS. Non-U.S. holders should consult their tax advisors with respect to the tax treatment of any such premium.

Information Reporting and Backup Withholding

We must report annually to the IRS and to each holder the amount of dividends or other distributions we pay to such holder on our shares of common stock and the amount of tax withheld with respect to those distributions, regardless of whether withholding is required. In the case of a non-U.S. holder, the IRS may make copies of the information returns reporting those dividends and amounts withheld available to the tax authorities in the country in which the non-U.S. holder resides pursuant to the provisions of an applicable income tax treaty or exchange of information treaty.

The gross amount of dividends and proceeds from the disposition of our common stock or warrants paid to a holder that fails to provide the appropriate certification in accordance with applicable U.S. Treasury regulations generally will be subject to backup withholding at the applicable rate.

Information reporting and backup withholding generally are not required with respect to the amount of any proceeds from the sale by a non-U.S. holder of common stock or warrants outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if a non-U.S. holder sells common stock or warrants through a U.S. broker or the U.S. office of a foreign broker, the broker will be required to report to the IRS the amount of proceeds paid to such holder, unless the non-U.S. holder provides appropriate certification (usually on an IRS Form W-8BEN) to the broker of its status as a non-U.S. holder or such non-U.S. holder is an exempt recipient. In addition, for information reporting purposes, certain non-U.S. brokers with certain type of relationships with the United States will be treated in a manner similar to United States brokers.

Backup withholding is not an additional tax. Any amounts we withhold under the backup withholding rules may be refunded or credited against the holder’s U.S. federal income tax liability, if any, by the IRS if the required information is furnished to the IRS in a timely manner.

[TABLE OF CONTENTS](#)

Recent legislation may impose additional reporting or certification requirements on certain non-U.S. holders. Each non-U.S. holder is urged to consult its own tax advisors with respect to any reporting and certifications applicable to it.

Federal Estate Tax

Shares of our common stock or warrants owned or treated as owned by an individual who is not a U.S. citizen or resident (as specifically defined for U.S. federal estate tax purposes) at the time of his or her death will be included in the individual's gross estate for U.S. federal estate tax purposes, unless an applicable estate tax treaty provides otherwise, and therefore may be subject to U.S. federal estate tax. Each non-U.S. holder should consult its own tax advisors regarding the U.S. federal estate tax.

UNDERWRITING

Citigroup Global Markets Inc. is acting as sole book-running manager of this offering and as representative of the underwriters named below. Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus, each underwriter named below has severally agreed to purchase and we have agreed to sell to that underwriter, the number of units set forth opposite the underwriter's name.

Underwriter	Number of Units
Citigroup Global Markets Inc.	
Deutsche Bank Securities Inc.	
Total	17,500,000

The underwriting agreement provides that the obligations of the underwriters to purchase the units included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the units (other than those covered by the over-allotment option described below) if they purchase any of the units.

Units sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any units sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price not to exceed \$ per unit. If all of the units are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. Citigroup Global Markets Inc. has advised us that the underwriters do not intend to make sales to discretionary accounts.

If the underwriters sell more units than the total number set forth in the table above, we have granted to the underwriters an option, exercisable for 45 days from the date of this prospectus, to purchase up to 2,625,000 additional units at the public offering price less the underwriting discount. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional units approximately proportionate to that underwriter's initial purchase commitment. Any units issued or sold under the option will be issued and sold on the same terms and conditions as the other units that are the subject of this offering.

We, our sponsor and our officers and directors have agreed that, for a period of 180 days from the date of this prospectus, we and they will not, without the prior written consent of Citigroup Global Markets Inc., offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any units, warrants, shares of common stock or any other securities convertible into, or exercisable, or exchangeable for, shares of common stock. Citigroup Global Markets Inc. in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice.

On the date of this prospectus, the founder shares and sponsor warrants will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent. While in escrow, such securities will not be transferable, other than to permitted transferees as described below under "Principal Stockholders — Transfers of Founder Shares and Sponsor Warrants".

The founder shares will be released from escrow on the earlier of (x) one year after the completion of our initial business combination or earlier if, subsequent to our business combination, the last sales price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date on which we complete a liquidation, merger, stock exchange or other similar transaction after our initial business combination that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property.

TABLE OF CONTENTS

Notwithstanding the foregoing, the founder earnout shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will not be released from escrow unless they no longer are subject to forfeiture, as described herein.

The sponsor warrants will not be released from escrow until 30 days following the completion of our initial business combination.

Prior to this offering, there has been no public market for our securities. Consequently, the initial public offering price for the units was determined by negotiations between us and the representative. The determination of our per unit offering price was more arbitrary than would typically be the case if we were an operating company. Among the factors considered in determining initial public offering price were the history and prospects of companies whose principal business is the acquisition of other companies, prior offerings of those companies, our management, our capital structure, and currently prevailing general conditions in equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the units, common stock or warrants will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our units, common stock or warrants will develop and continue after this offering.

We expect our units to be quoted on the OTC Bulletin Board ("OTCBB") under the symbol " " and, once the common stock and warrants begin separate trading, to have our common stock and warrants quoted on the OTCBB under the symbols " " and " ", respectively.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' over-allotment option.

	Paid by Global Eagle Acquisition Corp.	
	No Exercise	Full Exercise
Per Unit	\$ 0.55	\$ 0.60
Total ⁽¹⁾	\$ 9,625,000	\$ 12,075,000

- (1) The underwriters have agreed to defer \$0.35 per unit, or approximately \$6,125,000 in the aggregate, of underwriting commissions, which will be placed in the trust account at Citibank, N.A. with American Stock Transfer & Trust Company, LLC acting as trustee. If the aggregate gross proceeds to us from this offering (including pursuant to the exercise of the underwriters' over-allotment option) exceed \$200,000,000, the aggregate underwriting commissions will be increased to \$0.60 per unit with \$0.40 per unit being deferred and placed into the trust account. The deferred commissions will be released to the underwriters only on completion of an initial business combination, as described in this prospectus.

If we do not complete our initial business combination within 21 months from the closing of this offering, or 24 months from the closing of this offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends, the trustee and the underwriters have agreed that (i) they will forfeit any rights or claims to their deferred underwriting discounts and commissions, including any accrued interest thereon, then in the trust account, and (ii) that the deferred underwriters' discounts and commissions will be distributed on a pro rata basis, together with any accrued interest thereon and net of franchise and income taxes payable income taxes on such interest, to the public stockholders.

In connection with the offering, the underwriters may purchase and sell units in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the over-allotment option, and stabilizing purchases.

- Short sales involve secondary market sales by the underwriters of a greater number of shares than they are required to purchase in the offering.
- "Covered" short sales are sales of units in an amount up to the number of units represented by the underwriters' over-allotment option.

TABLE OF CONTENTS

- “Naked” short sales are sales of units in an amount in excess of the number of units represented by the underwriters’ over-allotment option.
- Covering transactions involve purchases of units either pursuant to the over-allotment option or in the open market after the distribution has been completed in order to cover short positions.
 - To close a naked short position, the underwriters must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the units in the open market after pricing that could adversely affect investors who purchase in the offering.
 - To close a covered short position, the underwriters must purchase units in the open market after the distribution has been completed or must exercise the over-allotment option. In determining the source of shares to close the covered short position, the underwriters will consider, among other things, the price of units available for purchase in the open market as compared to the price at which they may purchase units through the over-allotment option.
- Stabilizing transactions involve bids to purchase units so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchase, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the units. They may also cause the price of the units to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Citigroup Global Markets Inc. has advised us that it intends to act as a market maker of our securities on the OTCBB until the earlier of (i) the completion of our initial business combination and (ii) the redemption of all of our public shares if we fail to complete a business combination in the prescribed time frame, but it could cease making a market at any time.

We estimate that our portion of the total expenses of this offering payable by us will be \$750,000, excluding underwriting discounts and commissions.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, and have no present intent to do so. However, any of the underwriters may introduce us to potential target businesses or assist us in raising additional capital in the future. If any of the underwriters provide services to us after this offering, we may pay such underwriter fair and reasonable fees that would be determined at that time in an arm’s length negotiation; provided that no agreement will be entered into with any of the underwriters and no fees for such services will be paid to any of the underwriters prior to the date that is 90 days from the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriters’ compensation in connection with this offering and we may pay the underwriters of this offering or any entity with which they are affiliated a finder’s fee or other compensation for services rendered to us in connection with the completion of a business combination.

State Blue Sky Information

We will offer and sell the units to retail customers only in Colorado, Delaware, the District of Columbia, Florida, Georgia, Hawaii, Illinois, Indiana, Louisiana, Minnesota, Missouri, New York, Rhode Island, South Carolina, South Dakota, Utah, Virginia, Wisconsin and Wyoming. In New York and Hawaii, we have relied on exemptions from the state registration requirements. In states other than those listed above, we will apply to have the units registered for sale and will not sell the units to retail customers in such states unless and until such registration is effective.

TABLE OF CONTENTS

If you are not an institutional investor, you may purchase our securities in this offering only in the jurisdictions described directly above. Institutional investors in every state, except Idaho, may purchase the units in this offering pursuant to exemptions under the blue sky laws of various states. The definition of an “institutional investor” varies from state to state but generally includes financial institutions, broker-dealers, banks, insurance companies and other qualified entities.

The National Securities Markets Improvement Act of 1996, which is a federal statute, preempts the states from regulating transactions in certain securities, which are referred to as “covered securities.” The resale of the units, from and after the effective date, and the common stock and warrants comprising the units, once they become separately transferable, are exempt from state registration requirements under the National Securities Markets Improvement Act because we will file periodic and annual reports under the Exchange Act. However, certain states require notice filings and collect fees with regard to these transactions and a state may suspend the offer and sale of securities within such state if any such required filing is not made or fee is not paid. As of the date of this prospectus, Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, Nevada, New Jersey, New Mexico, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Utah, Virginia, Washington, West Virginia, Wisconsin and Wyoming either do not presently require any notice filings or fee payments or have not yet issued rules or regulations indicating whether notice filings or fee payments will be required. The District of Columbia, Illinois, Montana, New Hampshire, North Dakota, Ohio, Oregon, Puerto Rico, Rhode Island, Tennessee, Texas and Vermont currently permit the resale of the units, and the common stock and warrants comprising the units, once they become separately transferable, if the proper notice filings and fees have been submitted. As of the date of this prospectus, we have not determined in which, if any, of these states we will submit the required filings or pay the required fee. Additionally, if any of these states that has not yet adopted a statute relating to the National Securities Markets Improvement Act adopts such a statute in the future requiring a filing or fee or if any state amends its existing statutes with respect to its requirements, we would need to comply with those new requirements in order for our securities to continue to be eligible for resale in those jurisdictions.

Under the National Securities Markets Improvement Act, the states retain the jurisdiction to investigate and bring enforcement actions with respect to fraud or deceit, or unlawful conduct by a broker or dealer, in connection with the sale of securities. Although we are not aware of a state having used these powers to prohibit or restrict resales of securities issued by blank check companies generally, certain state securities commissioners view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the resale of securities of blank check companies in their states.

Aside from the exemption from registration provided by the National Securities Markets Improvement Act, we believe that the units, from and after the effective date, and the common stock and warrants comprising the units, once they become separately transferable, will be eligible for sale on a secondary market basis in various states based on the availability of another applicable exemption from state registration requirements, in certain instances subject to waiting periods, notice filings or fee payments.

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a relevant member state), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the “relevant implementation date”), an offer of units described in this prospectus may not be made to the public in that relevant member state prior to the publication of a prospectus in relation to the units that has been approved by the competent authority in that relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, with effect from and including the relevant implementation date, an offer of our units may be made to the public in that relevant member state at any time:

- to fewer than 100 natural or legal persons (other than qualified investors as defined below) subject to obtaining the prior consent of the underwriter for any such offer; or

For the purpose of this provision, the expression an “offer to the public” in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the units to be offered so as to enable an investor to decide to purchase or subscribe for the units, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each relevant member state.

We have not authorized and do not authorize the making of any offer of units through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the units as contemplated in this prospectus. Accordingly, no purchaser of the units, other than the underwriters, is authorized to make any further offer of the units on behalf of us or the underwriters.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Global Eagle Acquisition Corp.

We have audited the accompanying balance sheet of Global Eagle Acquisition Corp. (a corporation in the development stage) (the “Company”) as of February 4, 2011, and the related statements of operations, stockholder’s equity and cash flows for the period from February 2, 2011 (date of inception) to February 4, 2011. These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Eagle Acquisition Corp. (a corporation in the development stage) as of February 4, 2011, and the results of its operations and its cash flows for the period from February 2, 2011 (date of inception) to February 4, 2011, in conformity with accounting principles generally accepted in the United States of America.

GLOBAL EAGLE ACQUISITION CORP. (A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

1. Organization and Business Operations

Incorporation

Global Eagle Acquisition Corp. (the “Company”), a corporation in the development stage, was incorporated in Delaware on February 2, 2011.

Sponsor

The company’s sponsor is Global Eagle Acquisition, LLC, a Delaware limited liability company (the “Sponsor”). Members of the Sponsor include Harry E. Sloan, the Company’s Chairman and Chief Executive Officer, Jeff Sagansky, the Company’s President, and James A. Graf, the Company’s Vice President, Chief Financial Officer, Treasurer and Secretary.

Fiscal Year End

The Company has selected December 31 as its fiscal year end.

Business Purpose

The Company was formed for the purpose of acquiring, through a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, exchangeable share transaction or other similar business combination, one or more operating businesses or assets that we have not yet identified (“Business Combination”). The Company has neither engaged in any operations nor generated significant revenue to date. The Company is considered to be in the development stage as defined in FASB Accounting Standard Codification, or ASC 915, “Development Stage Entities,” and is subject to the risks associated with activities of development stage companies.

The Company’s management has broad discretion with respect to the Business Combination, although substantially all of the net proceeds of the Proposed Offering (as defined below) are intended to be generally applied toward consummating a Business Combination. However, there is no assurance that the Company will be able to successfully affect a Business Combination.

Financing

The Sponsor intends to finance a Business Combination in part with proceeds from a \$175,000,000 public offering (the “Public Offering” — Note 3), and a \$5,250,000 private placement (Note 4).

Upon the closing of the Public Offering and the private placement, \$175,000,000 (or \$200,725,000 if the underwriter’s over-allotment option is exercised in full — Note 3) will be held in the Trust Account (discussed below).

Trust Account

The trust account (the “Trust Account”) will be invested in permitted United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, which we refer to as the Investment Company Act, having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act.

Our amended and restated certificate of incorporation provides that, except for a portion of interest income earned on the Trust Account balance that may be released to the Company to pay any taxes on such interest and to fund working capital requirements, and any amounts necessary for the Company to purchase up to 15% of the Company’s public shares if the Company seeks stockholder approval of the Business Combination, none of the funds held in trust will be released until the earlier of: (i) the completion of the Business Combination; or (ii) the redemption of 100% of the shares of common stock included in the units being sold in the Public Offering if the Company is unable to complete a Business Combination within 21 months from the closing of the Public Offering, or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends (subject to the requirements of law).

GLOBAL EAGLE ACQUISITION CORP.
(A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

1. Organization and Business Operations – (continued)

Business Combination

A Business Combination is subject to the following size, focus and stockholder approval provisions:

Size — The prospective target business will not have a limitation to size; however, the Company will not complete a Business Combination unless it acquires a controlling interest in a target company or are otherwise not required to register as an investment company under the Investment Company Act.

Focus — The Company's efforts in identifying prospective target businesses will initially be focused on businesses in the media and entertainment industries but the Company may pursue opportunities in other business sectors.

Tender Offer/Stockholder Approval — The Company, after signing a definitive agreement for a Business Combination, will either (i) seek stockholder approval of the Business Combination at a meeting called for such purpose in connection with which stockholders may seek to redeem their shares, regardless of whether they vote for or against the Business Combination, for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest but less franchise and income taxes payable, or (ii) provide stockholders with the opportunity to sell their shares to the Company by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest but less franchise and income taxes payable. The decision as to whether the Company will seek stockholder approval of the Business Combination or will allow stockholders to sell their shares in a tender offer will be made by the Company, solely in its discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require the Company to seek stockholder approval. If the Company seeks stockholder approval, it will complete its Business Combination only if a majority of the outstanding shares of common stock voted are voted in favor of the Business Combination. However, in no event will the Company redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001. In such case, the Company would not proceed with the redemption of its public shares and the related Business Combination, and instead may search for an alternate Business Combination.

Regardless of whether the Company holds a stockholder vote or a tender offer in connection with a Business Combination, a public stockholder will have the right to redeem their shares for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account, including interest but less franchise and income taxes payable. As a result, such shares of common stock will be recorded at conversion/tender value and classified as temporary equity upon the completion of the Public Offering, in accordance with Financial Accounting Standards Board, or FASB, ASC Topic 480, "Distinguishing Liabilities from Equity."

Permitted Purchase of Public Shares — If the Company seeks stockholder approval prior to the Business Combination and does not conduct redemptions pursuant to the tender offer rules, prior to the Business Combination, the Company's Amended and Restated Certificate of Incorporation will permit the release to the Company from the Trust Account, amounts necessary to purchase up to 15% of the shares sold in the Public Offering. All shares so purchased by the Company will be immediately cancelled.

Liquidation

If the Company does not complete a Business Combination within 21 months from the closing of the Public Offering, or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the common stock sold as part of the

units in the Public Offering, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest which may be distributed to the Company to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the Trust Account which is received after such redemption shall be distributed to the former public stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial public offering price per share in the Public Offering (assuming no value is attributed to the warrants contained in the units to be offered in the Public Offering discussed in Note 3).

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Company are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America and pursuant to the rules and regulations of the Securities and Exchange Commission.

These financial statements were approved by management and available for issuance on February 11, 2011. Subsequent events have been evaluated through this date.

Development Stage Company

The Company is considered to be in the development stage as defined by FASB ASC 915, "Development Stage Entities," and is subject to the risks associated with activities of development stage companies. The Company has neither engaged in any operations nor generated any income to date. All activity through the date the financial statements were issued relates to the Company's formation and the Public Offering. Following such offering, the Company will not generate any operating revenues until after completion of a Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income on the designated Trust Account after the Public Offering.

Net Loss Per Common Share

Net loss per common share is computed by dividing net loss applicable to common stockholders by the weighted average number of common shares outstanding during the period, plus to the extent dilutive the incremental number of shares of common stock to settle warrants, as calculated using the treasury stock method. At February 4, 2011, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into common stock and then share in the earnings of the Company under the treasury stock method. As a result, diluted loss per common share is the same as basic loss per common share for the period.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts in a financial institution which, at times, may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks of such accounts.

GLOBAL EAGLE ACQUISITION CORP. (A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

2. Significant Accounting Policies – (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Deferred income taxes are provided for the differences between the bases of assets and liabilities for financial reporting and income tax purposes. A valuation allowance is established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement with the relevant taxing authority. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces ending retained earnings. Based on its analysis, the Company has determined that it has not incurred any liability for unrecognized tax benefits as of February 4, 2011. The Company's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

The Company recognizes interest and penalties related to unrecognized tax benefits in interest expense and other expenses, respectively. No interest expense or penalties have been recognized as of and for the period ended February 4, 2011. The Company is subject to income tax examinations by major taxing authorities since inception.

The Company may be subject to potential examination by U.S. federal, U.S. states or foreign jurisdiction authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, U.S. state and foreign tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Deferred Offering Costs

Deferred offering costs consist principally of legal and accounting fees incurred through the balance sheet date that are related to the Public Offering and that will be charged to capital upon the receipt of the capital raised or charged to operations if the Public Offering is not completed.

Fair Value of Financial Instruments

Unless otherwise disclosed, the fair values of financial instruments, including cash and the note payable to stockholder, approximate their carrying amount due primarily to their short-term nature.

Recent Accounting Pronouncements

Management does not believe that any other recently issued, but not effective, accounting standards, if currently adopted, would have a material effect on the Company's financial statements.

3. Public Offering

Public Units

The Public Offering calls for the Company to offer for sale 17,500,000 units at a price of \$10.00 per unit (the "Public Units"). Each unit consists of one share of the Company's common stock, \$0.0001 par value and

3. Public Offering – (continued)

one warrant (the “Public Warrants”). The Company intends to grant the underwriters a 45-day option to purchase up to 2,625,000 additional Public Units solely to cover over-allotments, if any.

Public Warrant Terms and Conditions:

Exercise Conditions — Each Public Warrant will entitle the holder to purchase from the Company one share of common stock at an exercise price of \$11.50 per share commencing on the later of: (i) 30 days after the completion of the Company’s initial Business Combination, or (ii) 12 months from the closing of the offering, provided that the Company has an effective registration statement covering the shares of common stock issuable upon exercise of the Public Warrants and such shares are registered, qualified or exempt from registration under the securities, or blue sky, laws of the state of residence of the holder. The Public Warrants expire at 5:00 pm, New York time, 5 years after the completion of the Company’s initial Business Combination or earlier upon redemption or liquidation. The Public Warrants will be redeemable in whole and not in part at a price of \$0.01 per warrant upon a minimum of 30 days’ prior written notice of redemption after the Public Warrants become exercisable; if, and only if, the last sales price of the Company’s common stock equals or exceeds \$17.50 per share for any 20 trading days within a 30-trading day period ending on the third trading date prior to the date on which the Company sends the notice of redemption to the Public Warrant holders. If the Public Warrants are redeemed by the Company, management will have the option to require all holders that wish to exercise warrants to do so on a cashless basis.

Registration Risk — In accordance with a warrant agreement relating to the Public Warrants, the Company will be required to use its best efforts to maintain the effectiveness of a registration statement relating to common stock which would be issued upon exercise of the Public Warrants. The Company will not be obligated to deliver securities, and there are no contractual penalties for failure to deliver securities, if a registration statement is not effective at the time of exercise. Additionally, in the event that a registration is not effective at the time of exercise, the holders of such Public Warrants shall not be entitled to exercise such Public Warrants (except on a cashless basis under certain circumstances) and in no event (whether in the case of a registration statement not being effective or otherwise) will the Company be required to net cash settle or cash settle the Public Warrants. Consequently, the Public Warrants may expire unexercised, unredeemed and worthless, and an investor in the Public Offering may effectively pay the full unit price solely for the shares of common stock included in the Public Units.

Accounting — Since the Company is not required to net cash settle the Public Warrants, management has determined that the Public Warrants will be recorded at fair value and classified within stockholders’ equity as “Additional paid-in capital” upon their issuance in accordance with FASB ASC 815-40.

Underwriting Agreement

The Company is committed to pay an underwriting discount of 2.0% of the public unit offering price to the underwriters at the closing of the Public Offering, with an additional fee of 3.5% of the gross offering proceeds (4.0% of the gross offering proceeds if such proceeds exceed \$200,000,000) payable upon the Company’s completion of a Business Combination. The underwriters will not be entitled to any interest accrued on the deferred discount.

4. Related Party Transactions

Founder Shares — In February 2011, the Sponsor purchased 4,417,683 shares of common stock as adjusted, (the “Founder Shares”) for \$25,000, or \$0.01 per share. This amount has been adjusted as the Company effected a forward stock split in the form of a dividend and issued 302,979 additional shares to the Sponsor subsequent to the balance sheet date. All share information in the Company’s financial statements have been retroactively restated for the effect of this dividend. Subsequently, in March 2011, the Company’s

sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on the Company's board of directors upon the closing of this offering.

Forfeiture — The Founder Shares include 576,220 shares of common stock that are subject to forfeiture if and to the extent the underwriters' over-allotment option is not exercised, so that the Sponsor and its permitted transferees will own 18.0% of the Company's issued and outstanding shares after the Public Offering.

In addition, a portion of the Founder Shares in an amount equal to 4.0% of the Company's issued and outstanding shares after the Public Offering and the exercise of the over-allotment option, if applicable ("Earnout Shares"), will be subject to forfeiture on the third anniversary of the closing of the Company's Business Combination unless following the Business Combination (i) the last sales price of the Company's stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) the Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Company's stockholders having the right to exchange their shares of common stock for consideration of cash, securities or other property which equals or exceeds \$13.00 per share.

Rights — The Founder Shares are identical to the shares of common stock included in the units being sold in the Public Offering except that (i) the Founder Shares will be subject to certain transfer restrictions, as described in more detail below, and (ii) the Sponsor will agree to waive its redemption rights with respect to the Founder Shares and public shares it purchases in connection with the Business Combination and will also waive its redemption rights with respect to the Founder Shares if the Company fails to complete a Business Combination within 21 months from the closing of the Public Offering, or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends.

Voting — If the Company seeks stockholder approval of its Business Combination, the Sponsor will agree to vote the Founder Shares in accordance with the majority of the votes cast by the public stockholders and to vote any public shares purchased during or after the Public Offering in favor of the Business Combination.

Liquidation — Although the Sponsor and its permitted transferees will waive their redemption rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the prescribed time frame, they will be entitled to redemption rights with respect to any Public Shares they may own.

Sponsor Warrants — The Sponsor has agreed to purchase an aggregate of 7,000,000 warrants (the "Sponsor Warrants") at \$0.75 per warrant (for an aggregate purchase price of \$5,250,000) from the Company on a private placement basis simultaneously with the closing of the Public Offering.

Exercise Conditions — Each Sponsor Warrant is exercisable into one share of common stock at \$11.50 per share. The proceeds from the Sponsor Warrant will be added to the proceeds from the Public Offering held in the Trust Account. The Sponsor Warrants will be identical to the warrants included in the units sold in the Public Offering except that the Sponsor Warrants (i) will not be redeemable by the Company as long as they are held by the Sponsor or any of its permitted transferees, (ii) will be subject to certain transfer restrictions described in more detail below and (iii) may be exercised for cash or on a cashless basis.

Accounting — Since the Company is not required to net-cash settle the Sponsor Warrants, management has determined that the Sponsor Warrants will be recorded at fair value and classified within stockholders' equity as "Additional paid-in capital" upon their issuance in accordance with FASB ASC 815-40.

Disposition Restrictions

On the date of the prospectus included in the registration statement for the Public Offering, the Founder Shares and Sponsor Warrants will be placed into a segregated escrow account maintained by American Stock Transfer & Trust Company, LLC acting as escrow agent. While in escrow, such securities will not be transferable, other than to certain permitted transferees. The Founder Shares will be released from escrow on the earlier of (x) one year after the completion of the Business Combination or earlier if, subsequent to the Business Combination, the last sales price of the Company's common stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the Business Combination, or (y) the date on which the Company completes a liquidation, merger, stock exchange or other similar transaction after the Business Combination that results in all of the Company's stockholders having the right to exchange their shares of common stock for cash, securities or other property. Notwithstanding the foregoing, the Earnout Shares will not be released from escrow unless they no longer are subject to forfeiture, as described above. The Sponsor Warrants will not be released from escrow until 30 days following the completion of the Business Combination.

Registration Rights

The holders of the Founder Shares, Sponsor Warrants and warrants that may be issued upon conversion of working capital loans will hold registration rights to require the Company to register a sale of any of the securities held by them pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering. These stockholders will be entitled to make up to three demands, excluding short form demands, that the Company register such securities for sale under the Securities Act. In addition, these stockholders will have "piggy-back" registration rights to include their securities in other registration statements filed by the Company. However, the registration rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective with respect to any securities until they are released from escrow, as described above. The Company will bear the costs and expenses of filing any such registration statements.

Administrative Services and Consulting Fees

The Company has agreed to pay \$10,000 a month in total for office space and general and administrative services to Roscomare Ltd., an entity owned and controlled by Mr. Sloan, the Company's Chairman and Chief Executive Officer. The Company has also agreed to pay \$15,000 a month to Mr. Graf, the Company's Chief Financial Officer. Services will commence promptly after the date the Company's securities are first quoted on the OTCBB and will terminate upon the earlier of (i) the completion of a Business Combination or (ii) the liquidation of the Company.

Note Payable

The Company issued an unsecured promissory note (the "Note") to Sponsor on February 2, 2011 that provides for the Sponsor to advance to the Company, from time to time, up to \$200,000 for expenses related to the Proposed Offering. On February 4, 2011, the Sponsor advanced \$25,000 to the Company under the Note, leaving a total \$175,000 as yet undrawn on February 4, 2011. The Note is non-interest bearing and is payable on the earlier of August 1, 2011 or the completion of the Proposed Offering. Due to the short-term nature of the Note, the fair value of the Note approximates its carrying amount of \$25,000 at February 4, 2011.

5. Commitments & Contingencies

The Company expects to grant the underwriters a 45-day option to purchase up to 2,625,000 additional Units to cover the over-allotment at the initial public offering price less the underwriting discounts and commissions.

The Company is committed to pay an underwriting discount of 2.0% of the Unit offering price to the underwriters at the closing of the Proposed Offering, with an additional fee (the “Deferred Discount”) of 3.5% of the gross offering proceeds payable upon the Company’s consummation of a Business Combination if the gross offering proceeds are no more than \$200,000,000; or a Deferred Discount of 4.0% if the gross offering proceeds are more than \$200,000,000, which would be the case in the event the underwriter’s over-allotment option is exercised in full. The underwriters will not be entitled to any interest accrued on the Deferred Discount, and no Deferred Discount is payable to the underwriters if there is no Business Combination.

6. Income Taxes

Components of the Company’s deferred tax assets are as follows:

Net operating loss carry-forward	\$ 1,400
Less, valuation allowance	(1,400)
	<u>\$ —</u>

Management has recorded a full valuation allowance against its deferred tax assets because it does not believe it is more likely than not that sufficient taxable income will be generated. The effective tax rate differs from the statutory rate of 34% due to the establishment of the valuation allowance. The net operating loss carry-forward expires in 2031.

7. Stockholder’s Equity

Common Stock — The authorized common stock of the Company includes up to 100,000,000 shares. Holders of the Company’s common stock are entitled to one vote for each share of common stock. At February 4, 2011, there were 4,417,683 shares of common stock outstanding.

Preferred Shares — The Company is authorized to issue 1,000,000 preferred shares with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors.

Item 14. Indemnification of Directors and Officers.

Our amended and restated certificate of incorporation provides that all of our directors, officers, employees and agents shall be entitled to be indemnified by us to the fullest extent permitted by Section 145 of the Delaware General Corporation Law.

Section 145 of the Delaware General Corporation Law concerning indemnification of officers, directors, employees and agents is set forth below.

Section 145. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in

TABLE OF CONTENTS

or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former officers and directors or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

(h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

TABLE OF CONTENTS

(i) For purposes of this section, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the corporation” as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation’s obligation to advance expenses (including attorneys’ fees).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

In accordance with Section 102(b)(7) of the DGCL, our amended and restated certificate of incorporation, will provide that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL. The effect of this provision of our amended and restated certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders’ derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director’s duty of care.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our amended and restated certificate of incorporation, the liability of our directors to us or our stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our amended and restated certificate of incorporation limiting or eliminating the liability of directors, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to further limit or eliminate the liability of directors on a retroactive basis.

Our amended and restated certificate of incorporation will also provide that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former officers and directors, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney’s fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred

or suffered by any such person in connection with any such proceeding. Notwithstanding the foregoing, a person eligible for indemnification pursuant to our amended and restated certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

The right to indemnification conferred by our amended and restated certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition, provided, however, that if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our amended and restated certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our amended and restated certificate of incorporation may have or hereafter acquire under law, our amended and restated certificate of incorporation, our amended and restated bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

Any repeal or amendment of provisions of our amended and restated certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our amended and restated certificate of incorporation will also permit us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our amended and restated certificate of incorporation.

Our amended and restated bylaws, which we intend to adopt immediately prior to the closing of this offering, include the provisions relating to advancement of expenses and indemnification rights consistent with those set forth in our amended and restated certificate of incorporation. In addition, our amended and restated bylaws provide for a right of indemnity to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our amended and restated bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our amended and restated bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnification agreements with each of our officers and directors a form of which is filed as Exhibit 10.8 to this Registration Statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

TABLE OF CONTENTS

Pursuant to the Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement, we have agreed to indemnify the Underwriters and the Underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

Item 15. Recent Sales of Unregistered Securities.

In February 2011, Global Eagle Acquisition LLC, our sponsor, purchased 4,417,683 shares of our common stock, for an aggregate offering price of \$25,000 at an average purchase price of approximately \$0.01 per share. Subsequently, in March 2011, our sponsor transferred an aggregate of 44,176 founder shares to Dennis A. Miller and James M. McNamara, each of whom has agreed to serve on our board of directors upon the closing of this offering. The founder shares held by our initial stockholders include an aggregate of 576,220 shares subject to forfeiture to the extent that the underwriters' over-allotment option is not exercised in full. In addition, a portion of the founder shares (equal to 4.0% of our issued and outstanding shares after this offering and the expiration of the underwriters' over-allotment option) will be subject to forfeiture by holders of such founder shares on the third anniversary of the closing of our initial business combination unless following our initial business combination (i) the last sales price of our stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (ii) we complete a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property for an amount which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like). Such securities were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(2) of the Securities Act.

Harry E. Sloan, our chairman and chief executive officer, Jeff Sagansky, our president, and James A. Graf, our vice president, chief financial officer, treasurer and secretary, are each members of our sponsor. Our sponsor is an accredited investor for purposes of Rule 501 of Regulation D. Each of the equity holders in our sponsor is an accredited investor under Rule 501 of Regulation D. The sole business of our sponsor is to act as the company's sponsor in connection with this offering. The limited liability company agreement of our sponsor provides that its membership interests may only be transferred to our officers or directors or other persons affiliated with our sponsor, or in connection with estate planning transfers.

In addition, our sponsor has committed, pursuant to a written agreement, to purchase from us an aggregate of 7,000,000 sponsor warrants at \$0.75 per warrant (for an aggregate purchase price of \$5,250,000). These purchases will take place on a private placement basis simultaneously with the completion of our initial public offering. These issuances will be made pursuant to the exemption from registration contained in Section 4(2) of the Securities Act.

No underwriting discounts or commissions were paid with respect to such sales.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in

the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

TABLE OF CONTENTS

(d) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

The Company also proposes to grant to the Underwriters an option to purchase up to 2,625,000 additional units to cover over-allotments, if any (the “Option Securities”; the Option Securities, together with the Underwritten Securities, being hereinafter called the “Securities”). Each Unit consists of one share of the Company’s common stock, par value \$0.0001 per share (the “Common Stock”), and one warrant to purchase one share of Common Stock (the “Warrant(s)”). The shares of Common Stock and Warrants included in the Units will not trade separately until the 52nd day following the date of the Prospectus (unless the Representative informs the Company of its decision to allow earlier separate trading), subject to (a) the Company’s preparation of an audited balance sheet reflecting the receipt by the Company of the proceeds of the offering of the Securities, (b) the filing of such audited balance sheet with the Commission on a Form 8-K or similar form by the Company that includes such audited balance sheet, and (c) the Company having issued a press release announcing when such separate trading will begin. Each Warrant entitles its holder, upon exercise, to purchase one share of Common Stock for \$11.50 during the period commencing on the later of thirty (30) days after the completion of an initial Business Combination (as defined below) or twelve (12) months from the date of the consummation of the Offering (as defined below) and terminating on the five-year anniversary of the date of the completion of such initial Business Combination or earlier upon redemption. As used herein, the term “Business Combination” (as described more fully in the Registration Statement) shall mean a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses.

(iii) The Company has not taken, directly or indirectly, any action designed to or that would constitute or that might reasonably be expected to cause or result in, under the Exchange Act or otherwise, stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities.

(jjj) The Company does not own an interest in any corporation, partnership, limited liability company, joint venture, trust or other entity.

(kkk) No relationship, direct or indirect, exists between or among any of the Company or any affiliate of the Company, on the one hand, and any director, director nominee, officer, shareholder, special advisor, customer or supplier of the Company or any affiliate of the Company, on the other hand, which is required by the Act or the Exchange Act to be described in the Registration Statement, Statutory Prospectus or the Prospectus that is not described as required. There are no outstanding loans, advances (except normal advances for business expenses in the ordinary course of business) or guarantees of indebtedness by the Company to or for the benefit of any of the officers, directors or director nominees of the Company or any of their respective family members, except as disclosed in the Registration Statement, Statutory Prospectus and the Prospectus. The Company has not extended or maintained credit, arranged for the extension of credit, or renewed an extension of credit, in the form of a personal loan to or for any director or officer of the Company.

(lll) The Company has not offered, or caused the Underwriters to offer, the Underwritten Securities to any person or entity with the intention of unlawfully influencing: (a) a customer or supplier of the Company or any affiliate of the Company to alter the customer's or supplier's level or type of business with the Company or such affiliate or (b) a journalist or publication to write or publish favorable information about the Company or any such affiliate.

(mmm) Upon delivery and payment for the Units on the Closing Date, the Company will not be subject to Rule 419 under the Act and none of the Company's outstanding securities will be deemed to be a "penny stock" as defined in Rule 3a51-1 under the Exchange Act.

Any certificate signed by any officer of the Company and delivered to the Representative or counsel for the Underwriters in connection with the offering of the Securities shall be deemed a representation and warranty by the Company, as to matters covered thereby, to each Underwriter.

2. Purchase and Sale. (a) Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Underwriter, and each Underwriter agrees, severally and not jointly, to purchase from the Company, at a purchase price of \$9.80 per Unit, the amount of the Underwritten Securities set forth opposite such Underwriter's name in Schedule I hereto.

(a) Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company hereby grants an option to the several Underwriters to purchase, severally and not jointly, up to 2,625,000 Option Securities at the same purchase price per share as the Underwriters shall pay for the Underwritten Securities. Said option may be exercised only to cover over-allotments in the sale of the Underwritten Securities by the Underwriters. Said option may be exercised in whole or in part at any time on or before the 45th day after the date of the Prospectus upon written notice by the Representative to the Company setting forth the number of Option Securities as to which the several Underwriters are exercising the option and the settlement date. The number of Option Securities to be purchased by each Underwriter shall be based upon the same percentage of the total number of the Option Securities to be purchased by the several Underwriters as such Underwriter is purchasing of the Underwritten Securities, subject to such adjustments as the Representative in its absolute discretion shall make to eliminate any fractional shares.

(b) In addition to the discount from the public offering price represented by the Purchase Price set forth in the first sentence of Section 2(a) of this Agreement, the Company hereby agrees to pay to the Underwriters a deferred discount of \$0.35 per Unit (including both Underwritten Securities and Option Securities) purchased hereunder (the “Deferred Discount”). If the aggregate gross proceeds of the offering (including pursuant to any purchase of the Option Securities) exceed \$200,000,000, the Deferred Discount will be increased to \$0.40 per Unit. The Deferred Discount will be payable from amounts on deposit in the Trust Account if and when the Company consummates a Business Combination. The Underwriters hereby agree that if no Business Combination is consummated within the time period provided in the Trust Agreement and the funds held under the Trust Agreement are distributed to the holders of the Common Stock included in the Securities sold pursuant to this Agreement (the “Public Stockholders”), (i) the Underwriters will forfeit any rights or claims to the Deferred Discount and (ii) the trustee under the Trust Agreement is authorized to distribute the Deferred Discount to the Public Stockholders on a pro rata basis.

3 . Delivery and Payment. Delivery of and payment for the Underwritten Securities and the Option Securities (if the option provided for in Section 2(b) hereof shall have been exercised on or before the third Business Day prior to the Closing Date) shall be made at 10:00 AM, New York City time, on [●], 2011, or at such time on such later date not more than three Business Days after the foregoing date as the Representative shall designate, which date and time may be postponed by agreement between the Representative and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the “Closing Date”). Delivery of the Securities shall be made to the Representative for the respective accounts of the several Underwriters against payment by the several Underwriters through the Representative of the purchase price thereof by wire transfer payable in same-day funds to an account specified by the Company and to the Trust Account as described below in this Section 3. Delivery of the Underwritten Securities and the Option Securities shall be made through the facilities of The Depository Trust Company (“DTC”) unless the Representative shall otherwise instruct.

(a) Payment for the Underwritten Securities shall be made as follows: \$171,500,000 of the proceeds received by the Company for the Underwritten Securities, including \$6,125,000 of Deferred Discount, shall be deposited in the Trust Account pursuant to the terms of the Trust Agreement and \$1,750,000 shall be paid to the order of the Company upon delivery to the Representative of the Underwritten Securities through the facilities of DTC or, if the Representative has otherwise instructed, upon delivery to the Representative of certificates (in form and substance satisfactory to the Representative) representing the Underwritten Securities, in each case for the account of the Underwriters. The Underwritten Securities shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two Business Days prior to the Closing Date. If delivery is not made through the facilities of DTC, the Company will permit the Representative to examine and package the Underwritten Securities for delivery, at least one Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Underwritten Securities except upon tender of payment by the Representative for all the Underwritten Securities.

(b) Payment for the Option Securities shall be made as follows: \$9.80 per Option Security shall be deposited in the Trust Account pursuant to the terms of the Trust Agreement upon delivery to the Representative of the Option Securities through the facilities of DTC or, if the Representative has otherwise instructed, upon delivery to the Representative of certificates (in form and substance satisfactory to the Representative) representing the Option Securities (or through the facilities of DTC) for the account of the Underwriters. The Option Securities shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two Business Days prior to the Closing Date. If delivery is not made through the facilities of DTC, the Company will permit the Representative to examine and package the Option Securities for delivery, at least one Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Option Securities except upon tender of payment by the Representative for all the Option Securities.

If the option provided for in Section 2(b) hereof is exercised after the third Business Day prior to the Closing Date, the Company will deliver the Option Securities (at the expense of the Company) to the Representative, at 388 Greenwich Street, New York, New York, on the date specified by the Representative (which shall be at least three Business Days after exercise of said option) for the respective accounts of the several Underwriters, against payment by the several Underwriters through the Representative of the purchase price thereof to the Trust Account as described above in Section 3(b). If settlement for the Option Securities occurs after the Closing Date, the Company will deliver to the Representative on the settlement date for the Option Securities, and the obligation of the Underwriters to purchase the Option Securities shall be conditioned upon receipt of, supplemental opinions, certificates and letters confirming as of such date the opinions, certificates and letters delivered on the Closing Date pursuant to Section 6 hereof.

4. Offering by Underwriters. It is understood that the several Underwriters propose to offer the Securities for sale to the public as set forth in the Prospectus (the "Offering").

5. Agreements. The Company agrees with the several Underwriters that:

(a) Prior to the termination of the offering of the Securities, the Company will not file any amendment of the Registration Statement or supplement to the Prospectus or any Rule 462(b) Registration Statement unless the Company has furnished you a copy for your review prior to filing and will not file any such proposed amendment, supplement or Rule 462(b) Registration Statement to which you reasonably object. The Company will cause the Prospectus, properly completed, and any supplement thereto to be filed in a form approved by the Representative with the Commission pursuant to the applicable paragraph of Rule 424(b) within the time period prescribed and will provide evidence satisfactory to the Representative of such timely filing. The Company will promptly advise the Representative (i) when the Prospectus, and any supplement thereto, shall have been filed (if required) with the Commission pursuant to Rule 424(b) or when any Rule 462(b) Registration Statement shall have been filed with the Commission, (ii) when, prior to termination of the offering of the Securities, any amendment to the Registration Statement shall have been filed or become effective, (iii) of any request by the Commission or its staff for any amendment of the Registration Statement, or any Rule 462(b) Registration Statement, or for any supplement to the Prospectus or for any additional information, (iv) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or of any notice objecting to its use or the institution or threatening of any proceeding for that purpose and (v) of the receipt by the Company of any notification with respect to the suspension of the qualification of the Securities for sale in any jurisdiction or the institution or threatening of any proceeding for such purpose. The Company will use its best efforts to prevent the issuance of any such stop order or the occurrence of any such suspension or objection to the use of the Registration Statement and, upon such issuance, occurrence or notice of objection, to obtain as soon as possible the withdrawal of such stop order or relief from such occurrence or objection, including, if necessary, by filing an amendment to the Registration Statement or a new registration statement and using its best efforts to have such amendment or new registration statement declared effective as soon as practicable.

(b) If, at any time prior to the filing of the Prospectus pursuant to Rule 424(b), any event occurs as a result of which the Statutory Prospectus would include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein in the light of the circumstances under which they were made at such time not misleading, the Company will (i) notify promptly the Representative so that any use of the Statutory Prospectus may cease until it is amended or supplemented; (ii) amend or supplement the Statutory Prospectus to correct such statement or omission; and (iii) supply any amendment or supplement to you in such quantities as you may reasonably request.

(c) If, at any time when a prospectus relating to the Securities is required to be delivered under the Act (including in circumstances where such requirement may be satisfied pursuant to Rule 172), any event occurs as a result of which the Prospectus as then supplemented would include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein in the light of the circumstances under which they were made or the circumstances then prevailing not misleading, or if it shall be necessary to amend the Registration Statement or supplement the Prospectus to comply with the Act or the rules thereunder, the Company promptly will (i) notify the Representative of any such event; (ii) prepare and file with the Commission, subject to the second sentence of paragraph (a) of this Section 5, an amendment or supplement that will correct such statement or omission or effect such compliance; and (iii) supply any supplemented Prospectus to you in such quantities as you may reasonably request.

(d) As soon as practicable, the Company will make generally available to its security holders and to the Representative an earnings statement or statements of the Company and its subsidiaries that will satisfy the provisions of Section 11(a) of the Act and Rule 158.

(e) The Company will not make any offer relating to the Units that constitutes or would constitute a Free Writing Prospectus or a portion thereof required to be filed by the Company with the Commission or retained by the Company under Rule 433 of the Securities Act.

(f) The Company will furnish to the Representative and counsel for the Underwriters, without charge, signed copies of the Registration Statement (including exhibits thereto) and to each other Underwriter a copy of the Registration Statement (without exhibits thereto) and, so long as delivery of a prospectus by an Underwriter or dealer may be required by the Act (including in circumstances where such requirement may be satisfied pursuant to Rule 172), as many copies of each Preliminary Prospectus, the Prospectus and any supplement thereto as the Representative may reasonably request. The Company will pay the expenses of printing or other production of all documents relating to the offering.

(g) The Company will arrange, if necessary, for the qualification of the Securities for sale under the laws of such jurisdictions as the Representative may designate and will maintain such qualifications in effect so long as required for the distribution of the Securities; provided that in no event shall the Company be obligated to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to service of process in suits, other than those arising out of the offering or sale of the Securities, in any jurisdiction where it is not now so subject.

(h) Except as set forth in Section 5(v), the Company will not, without the prior written consent of the Representative, offer, sell, contract to sell, pledge or otherwise dispose of (or enter into any transaction that is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any affiliate of the Company or any person in privity with the Company or any affiliate of the Company), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the Commission in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act with respect to, any other Units, shares of Common Stock, Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock or publicly announce an intention to effect any such transaction during the period commencing on the date hereof and ending 180 days after the date of this Agreement; provided, however, that the Company may (1) issue and sell the Sponsor Warrants, (2) issue and sell the Option Securities on exercise of the option provided for in Section 2(b) hereof and (3) register with the Commission pursuant to the Registration Rights Agreement, in accordance with the terms of the Registration Rights Agreement, the resale of the Founder's Shares and the Sponsor Warrants.

(i) The Company will not take, directly or indirectly, any action designed to or that would constitute or that might reasonably be expected to cause or result in, under the Exchange Act or otherwise, stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities.

(j) The Company agrees to pay the costs and expenses relating to the following matters: (i) the preparation, printing or reproduction and filing with the Commission of the Registration Statement (including financial statements and exhibits thereto), each Preliminary Prospectus, the Prospectus and each amendment or supplement to any of them; (ii) the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of such copies of the Registration Statement, each Preliminary Prospectus, the Prospectus and all amendments or supplements to any of them, as may, in each case, be reasonably requested for use in connection with the offering and sale of the Securities; (iii) the preparation, printing, authentication, issuance and delivery of certificates for the Securities, including any stamp or transfer taxes in connection with the original issuance and sale of the Securities; (iv) the printing (or reproduction) and delivery of this Agreement and all other agreements or documents printed (or reproduced) and delivered in connection with the offering of the Securities; (v) the registration of the Securities under the Exchange Act and the quotation of the Securities on the OTC Bulletin Board; (vi) the printing and delivery of a blue sky memorandum and the Secondary Market Trading Survey (as defined in Section 5(ii) hereof), any registration or qualification of the Securities for offer and sale under the securities or blue sky laws of the several states (including filing fees and fees for counsel for the Underwriters relating to such memorandum, survey, registration and qualification in an aggregate amount previously agreed upon between the Company and the Representative); (vii) any filings required to be made with FINRA (including filing fees and the reasonable and documented fees and expenses of counsel for the Underwriters relating to such filings); (viii) the transportation and other expenses incurred by or on behalf of the Company (and not the Underwriters) in connection with presentations to prospective purchasers of the Securities; (ix) the fees and expenses of the Company's accountants and the fees and expenses of counsel (including local and special counsel) for the Company; and (x) all other costs and expenses incident to the performance by the Company of its obligations hereunder.

(k) For a period commencing on the Effective Date and ending at least five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs, the Company will use its best efforts to maintain the registration of the Units, Common Stock and Warrants under the provisions of the Exchange Act, except after giving effect to a going private transaction after the completion of a Business Combination. The Company will not deregister the Units, Common Stock or Warrants under the Exchange Act (except in connection with a going private transaction after the completion of a Business Combination) without the prior written consent of the Representative.

(l) The Company shall, on the date hereof, retain its independent registered public accounting firm to audit the financial statements of the Company as of the Closing Date (the "Audited Financial Statements") reflecting the receipt by the Company of the proceeds of the Offering on the Closing Date. As soon as the Audited Financial Statements become available, the Company shall promptly, but not later than four Business Days after the Closing Date, file a Current Report on Form 8-K with the Commission, which Report shall contain the Company's Audited Financial Statements. Additionally, upon the Company's receipt of the proceeds from the exercise of all or any portion of the option provided for in Section 2(b) hereof, the Company shall promptly, but not later than four Business Days after the receipt of such proceeds, file a Current Report on Form 8-K with the Commission, which report shall disclose the Company's sale of the Option Securities and its receipt of the proceeds therefrom.

(m) For a period commencing on the Effective Date and ending at least five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs or the Common Stock and Warrants cease to be publicly traded, the Company, at its expense, shall cause its regularly engaged independent registered public accounting firm to review (but not audit) the Company's financial statements for each of the first three fiscal quarters prior to the announcement of quarterly financial information, the filing of the Company's Form 10-Q quarterly report and the mailing, if any, of quarterly financial information to stockholders.

(n) For a period commencing on the Effective Date and ending at least five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs or the Common Stock and Warrants cease to be publicly traded, the Company shall retain a transfer and warrant agent.

(o) In no event will the fees payable under the Services Agreement be more than \$10,000 per month in the aggregate until the earlier of the date of the consummation of the Business Combination or the Liquidation.

(p) Other than payments made pursuant to the terms of the Services Agreement and the Consulting Agreement and except as set forth in this subsection, the Company shall not pay the Sponsor or any of the Company's executive officers, directors or any of their respective affiliates any fees or compensation for services rendered to the Company prior to, or in connection with, the consummation of a Business Combination; provided however, that such officers, directors and affiliates (i) may receive reimbursement for out-of-pocket expenses incurred by them in connection with activities on the Company's behalf to the extent that such expenses do not exceed the amount of available proceeds not deposited in the Trust Account and the amount of interest income that may be released from the Trust Account as described in the Registration Statement and (ii) may be repaid loans as described in the Registration Statement.

(q) The Company will apply the net proceeds from the offering received by it in a manner consistent in all material respects with the applications described under the caption "Use of Proceeds" in the Statutory Prospectus and the Prospectus.

(r) For a period of 90 days following the Effective Date, in the event any person or entity (regardless of any FINRA affiliation or association) is engaged to assist the Company in its search for a merger candidate or to provide any other merger and acquisition services, or has provided or will provide any investment banking, financial, advisory and/or consulting services to the Company, the Company agrees that it shall provide to FINRA, the Representative and its counsel prior to the consummation of the Business Combination: (i) the identity of the person or entity providing any such services; (ii) complete details of all such services and copies of all agreements governing such services; and (iii) justification as to why the value received by any person or entity for such services is not underwriting compensation for the Offering. The Company also agrees that proper disclosure of such arrangement or potential arrangement will be made in the tender offer materials or proxy statement, as applicable, which the Company may file in connection with the Business Combination for purposes of offering redemption of shares held by its stockholders or for soliciting stockholder approval, as applicable.

(s) The Company shall advise FINRA, the Representative and its counsel if it is aware that any 5% or greater stockholder of the Company becomes an affiliate or associated person of a Member participating in the distribution of the Company's Securities.

(t) The Company shall cause the proceeds of the Offering to be held in the Trust Account to be invested only in United States government treasury bills with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act as set forth in the Trust Agreement and disclosed in the Statutory Prospectus and the Prospectus. The Company will otherwise conduct its business in a manner so that it will not become subject to the Investment Company Act. Furthermore, once the Company consummates a Business Combination, it will not be required to register as an investment company under the Investment Company Act.

(u) During the period prior to the Company's initial Business Combination, the Company may instruct the trustee under the Trust Agreement that up to an aggregate of \$1,750,000 of interest income (after appropriate reserve for payment of taxes) be released to the Company solely for the purposes described in the Registration Statement. After an aggregate of \$1,750,000 is released to the Company, any interest income earned on the amounts held in the Trust Account (net of taxes payable thereon) will remain in the Trust Account until the earlier of the consummation of the Company's initial Business Combination or the Liquidation, except as otherwise provided in this Section 5(u) or Section 5(v). The amount of interest income permitted to be released from the Trust Account to the Company may be increased by up to \$262,500, if the Underwriters' over-allotment option is exercised in full. If the Underwriters' over-allotment option is not exercised in full, but is exercised in part, the amount of interest income permitted to be released from the Trust Account shall be increased proportionally in relation to the proportion of the over-allotment option that was exercised by the Underwriters. Moreover, the amount of interest income that the Company may instruct the trustee under the Trust Agreement to release to the Company may be further increased, to the extent that there is any interest accrued in the Trust Account not required to pay income taxes on interest income earned on the balance then in the Trust Account or franchise taxes, by up to an additional \$100,000 if the proceeds of the Offering held outside of the Trust Account and the funds otherwise released to the Company to cover its operating expenses in accordance with this Section 5(u) are not sufficient to cover the costs and expenses associated with implementing the Company's plan of dissolution.

(v) If the Company seeks stockholder approval of the initial Business Combination, prior to the consummation thereof, the Company may instruct the trustee under the Trust Agreement that amounts necessary to purchase up to 15% of the shares of Common Stock sold as part of the Units in the Offering (the "Public Shares") (2,625,000 shares, or 3,018,750 shares if the Underwriters' over-allotment option is exercised in full) at any time commencing after the filing of a preliminary proxy statement for the initial Business Combination and ending on the date of the stockholder meeting to approve such initial Business Combination (such purchases being referred to herein as "Open Market Purchases") be released to the Company from the Trust Account. Such Open Market Purchases (i) may be made only in open market transactions at times when the Company is not in possession of material non-public information, (ii) may not be made during a restricted period under Regulation M under the Exchange Act and (iii) shall comply with Rule 10b-18 under the Exchange Act, at prices (inclusive of commissions) not to exceed an amount equal to (A) the aggregate amount then on deposit in the Trust Account divided by (B) the total number of Public Shares then outstanding. All Public Shares purchased in Open Market Purchases shall be immediately cancelled.

(w) The Company will reserve and keep available that maximum number of its authorized but unissued securities that are issuable upon exercise of any of the Warrants and Sponsor Warrants outstanding from time to time.

(x) Prior to the consummation of a Business Combination or the Liquidation, the Company shall not issue any shares of Common Stock, Warrants or any options or other securities convertible into Common Stock, or any shares of preferred stock, in each case, that participate in any manner in the Trust Account or that vote as a class with the Common Stock on a Business Combination.

(y) The Company's independent directors will review on a quarterly basis all payments made to the Sponsor, to the Company's officers or directors, or to the Company's or any of such other persons' respective affiliates.

(z) The Company agrees that it will use commercially reasonable efforts to prevent the Company from becoming subject to Rule 419 under the Act prior to the consummation of any Business Combination, including, but not limited to, using its best efforts to prevent any of the Company's outstanding securities from being deemed to be a "penny stock" as defined in Rule 3a-51-1 under the Exchange Act during such period.

(aa) To the extent required by Rule 13a-15(e) under the Exchange Act, the Company will maintain "disclosure controls and procedures" (as defined under Rule 13a-15(e) under the Exchange Act) and a system of internal accounting controls sufficient to provide reasonable assurances that (i) transactions are executed in accordance with management's general or specific authorization, (ii) transactions are recorded as necessary in order to permit preparation of financial statements in accordance with GAAP and to maintain accountability for assets, (iii) access to assets is permitted only in accordance with management's general or specific authorization, and (iv) the recorded accountability for assets is compared with existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

(bb) As soon as legally required to do so, the Company and its directors and officers, in their capacities as such, shall take all actions necessary to comply with any provision of the Sarbanes-Oxley Act, including Section 402 related to loans and Sections 302 and 906 related to certifications.

(cc) The Company shall not take any action or omit to take any action that would cause the Company to be in breach or violation of its Amended and Restated Certificate of Incorporation, as amended, or Bylaws, as amended.

(dd) The Company will seek to have all vendors, service providers (other than independent accountants), prospective target businesses or other entities with which it does business enter into agreement waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of the Public Stockholders. The Company may forego obtaining such waivers only if the Company shall have received the approval of its Chief Executive Officer.

(ee) The Company may consummate the initial Business Combination and conduct redemptions of shares of Common Stock for cash upon consummation of such Business Combination without a stockholder vote pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, including the filing of tender offer documents with the Commission. Such tender offer documents will contain substantially the same financial and other information about the initial Business Combination and the redemption rights as is required under the Commission's proxy rules and will provide each stockholder of the Company with the opportunity prior to the consummation of the initial Business Combination to redeem the shares of Common Stock held by such stockholder for an amount of cash equal to (A) the aggregate amount then on deposit in the Trust Account representing (x) the proceeds held in the Trust Account from the Offering and the sale of the Sponsor Warrants that are not released to the Company for Open Market Purchases and (y) any interest income earned on the funds held in the Trust Account, net of income and franchise taxes payable, that are not released to the Company to cover its operating expenses in accordance with Section 5(u), divided by (B) the total number of Public Shares then outstanding. If, however, the Company elects not to file such tender offer documents, a stockholder vote is required by law in connection with the initial Business Combination, or the Company decides to hold a stockholder vote for business or other legal reasons, the Company will submit such Business Combination to the Company's stockholders for their approval ("Business Combination Vote"). With respect to the initial Business Combination Vote, if any, the Sponsor has agreed to vote all of its Founder's Shares in accordance with the majority of the votes cast by the Public Stockholders and to vote any other shares of Common Stock purchased during or after the Offering in favor of the Company's initial Business Combination. If the Company seeks stockholder approval of the initial Business Combination, the Company will offer to each Public Stockholder holding shares of Common Stock the right to have its shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules of the Commission at a per share redemption price (the "Redemption Price") equal to (I) the aggregate amount then on deposit in the Trust Account representing (1) the proceeds held in the Trust Account from the Offering and the sale of the Sponsor Warrants that are not released to the Company for Open Market Purchases and (2) any interest income earned on the funds held in the Trust Account, net of income and franchise taxes payable, that are not released to the Company to cover its operating expenses in accordance with Section 5(u), divided by (II) the total number of Public Shares then outstanding. If the Company seeks stockholder approval of the initial Business Combination, the Company may proceed with such Business Combination only if a majority of the shares voted by the Public Stockholders are voted to approve such Business Combination. If, after seeking and receiving such stockholder approval, the Company elects to so proceed, it will redeem shares, at the Redemption Price, from those Public Stockholders who affirmatively requested such redemption. Only Public Stockholders holding shares of Common Stock who properly exercise their redemption rights, in accordance with the applicable tender offer or proxy materials related to such Business Combination, shall be entitled to receive distributions from the Trust Account in connection with an initial Business Combination, and the Company shall pay no distributions with respect to any other holders or shares of capital stock of the Company in connection therewith. In the event that the Company does not effect a Business Combination by twenty-one (21) months (twenty-four (24) months, if extended as described in the Registration Statement) from the date of the consummation of the Offering, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten (10) business days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the Trust Account that is received after the redemption shall be distributed to the former Public Stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Only Public Stockholders holding shares of Common Stock included in the Securities shall be entitled to receive such redemption amounts and the Company shall pay no such redemption amounts or any distributions in liquidation with respect to any other shares of capital stock of the Company.

(ff) In the event that the Company desires or is required by an applicable law or regulation to cause an announcement (“Business Combination Announcement”) to be placed in The Wall Street Journal, The New York Times or any other news or media publication or outlet or to be made via a public filing with the Commission announcing the consummation of the Business Combination that indicates that the Underwriters were the underwriters in the Offering, the Company shall supply the Representative with a draft of the Business Combination Announcement and provide the Representative with a reasonable advance opportunity to comment thereon, subject to the agreement of the Underwriters to keep confidential such draft announcement in accordance with the Representative’s standard policies regarding confidential information.

(gg) Upon the consummation of the initial Business Combination, the Company will pay to the Representative, on behalf of the Underwriters, the Deferred Discount. Payment of the Deferred Discount will be made out of the proceeds of this offering held in the Trust Account. The Underwriters shall have no claim to payment of any interest earned on the portion of the proceeds held in the Trust Account representing the Deferred Discount. If the Company fails to consummate its initial Business Combination within twenty-one (21) months (twenty-four (24) months, if extended) from the date of the consummation of the Offering, the Deferred Discount will not be paid to the Representative and will, instead, be included in the Liquidation distribution of the proceeds held in the Trust Account made to the Public Stockholders. In connection with any such Liquidation, the Underwriters forfeit any rights or claims to the Deferred Discount.

(hh) During such time as the Securities, Common Stock and Warrants are quoted on the OTC Bulletin Board (or any successor trading market such as the Bulletin Board Exchange) or the Pink Sheets, LLC (or similar publisher of quotations) and no other automated quotation system, the Company shall provide to the Representative, at its expense, to the extent reasonably available, such reports published by FINRA or the Pink Sheets, LLC relating to price and trading of the Securities, Common Stock and Warrants, as the Representative shall reasonably request. In addition to the requirements of the preceding sentence, for a period of twenty-one (21) months (twenty-four (24) months, if extended) from the Closing Date, the Company, at its expense, shall provide the Representative a subscription to the Company’s weekly Depository Transfer Company Security Position Reports.

(ii) The Company shall engage Joseph G. Krassy, Esq. to deliver to the Representative on or before the Effective Date, a written report detailing those states in which the Securities, Common Stock and Warrants may be traded in non-issuer transactions under the Blue Sky laws of the fifty (50) States (the “Secondary Market Trading Survey”).

(jj) The Company will endeavor in good faith, in cooperation with the Representative, at or prior to the time the Registration Statement becomes effective, to qualify the Securities for offering and sale under the securities laws of such jurisdictions as the Representative may reasonably designate, provided that no such qualification shall be required in any jurisdiction where, as a result thereof, the Company would be subject to service of general process or to taxation as a foreign corporation doing business in such jurisdiction. Until the earliest of (i) the date on which all Underwriters shall have ceased to engage in market-making activities in respect of the Securities, (ii) the date on which the Securities are listed or quoted, as the case may be, on the New York Stock Exchange, the NYSE American Stock Exchange or the Nasdaq Stock Market (or any successor to such entities), (iii) a going private transaction after the completion of a Business Combination, and (iv) the date of the liquidation of the Company (the period from the Effective Date to such earliest date, the “Blue Sky Compliance Period”), in each jurisdiction where such qualification shall be effected, the Company will, unless the Representative agrees that such action is not at the time necessary or advisable, use all reasonable efforts to file and make such statements or reports at such times as are or may be required to qualify the Securities for offering and sale under the securities laws of such jurisdiction.

(kk) During the Blue Sky Compliance Period, the Company shall promptly take such action as may be reasonably requested by the Representative to maintain secondary market trading in such other states as may be reasonably requested by the Representative.

6 . Conditions to the Obligations of the Underwriters. The obligations of the Underwriters to purchase the Underwritten Securities and the Option Securities, as the case may be, shall be subject to the accuracy of the representations and warranties on the part of the Company contained herein as of the Execution Time, the Closing Date and any settlement date pursuant to Section 3 hereof, to the accuracy of the statements of the Company made in any certificates pursuant to the provisions hereof, to the performance by the Company of its obligations hereunder and to the following additional conditions:

(a) The Prospectus, and any supplement thereto, have been filed in the manner and within the time period required by Rule 424(b); and no stop order suspending the effectiveness of the Registration Statement or any notice objecting to its use shall have been issued and no proceedings for that purpose shall have been instituted or threatened.

(b) The Company shall have requested and caused McDermott Will & Emery LLP, counsel for the Company, to have furnished to the Representative its opinions dated the Closing Date and addressed to the Representative in the form attached as Exhibit A hereto.

(c) The Representative shall have received from Akin Gump Strauss Hauer & Feld LLP, counsel for the Underwriters, such opinion or opinions, dated the Closing Date and addressed to the Representative, with respect to the issuance and sale of the Securities, the Registration Statement, the Statutory Prospectus, the Prospectus (together with any supplement thereto) and other related matters as the Representative may reasonably require, and the Company shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters.

(d) The Company shall have furnished to the Representative a certificate of the Company, signed by the Chief Executive Officer and the principal financial or accounting officer of the Company, dated the Closing Date, to the effect that the signers of such certificate have carefully examined the Registration Statement each Preliminary Prospectus, the Prospectus and any amendment or supplement thereto, and this Agreement and that:

(i) the representations and warranties of the Company in this Agreement are true and correct on and as of the Closing Date with the same effect as if made on the Closing Date and the Company has complied with all the agreements and satisfied all the conditions on its part to be performed or satisfied at or prior to the Closing Date;

(ii) no stop order suspending the effectiveness of the Registration Statement or any notice objecting to its use has been issued and no proceedings for that purpose have been instituted or, to the Company's knowledge, threatened; and

(iii) since the date of the most recent financial statements included in the Statutory Prospectus and the Prospectus (exclusive of any supplement thereto), there has been no Material Adverse Effect, except as set forth in or contemplated in the Statutory Prospectus and the Prospectus (exclusive of any supplement thereto).

(e) The Company shall have requested and caused Rothstein to have furnished to the Representative, at the Execution Time and at the Closing Date, letters, dated respectively as of the Execution Time and as of the Closing Date, in form and substance satisfactory to the Representative, confirming that they are a registered public accounting firm that is independent with respect to the Company within the meaning of the Act and the Exchange Act and the applicable rules and regulations adopted by the Commission thereunder and that they have performed a review of the audited financial statements of the Company for the period February 2, 2011 (inception) to [●], 2011, and stating in effect that:

(i) in their opinion the audited financial statements and financial statement schedules included in the Registration Statement, the Statutory Prospectus and the Prospectus and reported on by them comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the Commission; and

(ii) they have performed certain other specified procedures as a result of which they determined that certain information of an accounting, financial or statistical nature (which is limited to accounting, financial or statistical information derived from the general accounting records of the Company) set forth in the Registration Statement, the Statutory Prospectus and the Prospectus, including the information set forth under the captions “Dilution” and “Capitalization” in the Statutory Prospectus and the Prospectus, agrees with the accounting records of the Company, excluding any questions of legal interpretation.

References to the Prospectus in this paragraph (e) include any supplement thereto at the date of the letter.

(f) Subsequent to the Execution Time or, if earlier, the dates as of which information is given in the Registration Statement (exclusive of any amendment thereof), the Statutory Prospectus and the Prospectus (exclusive of any supplement thereto), there shall not have been (i) any change or decrease specified in the letter or letters referred to in paragraph (e) of this Section 6 or (ii) any change, or any development involving a prospective change, in or affecting the financial condition, earnings, business or properties of the Company, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Statutory Prospectus and the Prospectus (exclusive of any supplement thereto) the effect of which, in any case referred to in clause (i) or (ii) above, is, in the sole judgment of the Representative, so material and adverse as to make it impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the Registration Statement (exclusive of any amendment thereof), the Statutory Prospectus and the Prospectus (exclusive of any supplement thereto).

(g) On or prior to the Closing Date, the Sponsor shall have entered into an escrow agreement with AST, as escrow agent, or such other escrow agent that is reasonably acceptable to the Representative, pursuant to which the Sponsor shall deliver into escrow the Founder’s Shares and Sponsor Warrants with such Founder’s Shares and Sponsor Warrants being held in escrow until satisfaction of the applicable conditions described therein.

(h) Prior to the Closing Date, the Company shall have furnished to the Representative such further information, certificates and documents as the Representative may reasonably request.

(i) FINRA shall not have raised any objection with respect to the fairness or reasonableness of the underwriting or other arrangements of the transactions contemplated hereby.

(j) The Securities shall have been authorized for quotation on the OTC Bulletin Board, and satisfactory evidence of such actions shall have been provided to the Representative.

(k) On the Effective Date, the Company shall have delivered to the Representative executed copies of the Trust Agreement, the Warrant Agreement, the Founder's Purchase Agreement, the Securities Assignment Agreement, the Warrant Subscription Agreement and each of the Insider Letters.

(l) On or before the Effective Date, the Representative shall have received the Secondary Market Trading Survey from Joseph G. Krassy, Esq.

(m) At least one Business Day prior to the Closing Date, the Sponsor shall have caused the purchase price for the Sponsor Warrants to be funded into the Trust Account.

(n) No order preventing or suspending the sale of the Units in any jurisdiction designated by the Representative pursuant to Section 5(jj) hereof shall have been issued as of the Closing Date, and no proceedings for that purpose shall have been instituted or shall have been threatened.

If any of the conditions specified in this Section 6 shall not have been fulfilled when and as provided in this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be reasonably satisfactory in form and substance to the Representative and counsel for the Underwriters, this Agreement and all obligations of the Underwriters hereunder may be canceled at, or at any time prior to, the Closing Date by the Representative. Notice of such cancellation shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered by this Section 6 shall be delivered at the office of Akin Gump Strauss Hauer & Feld LLP, counsel for the Underwriters, at One Bryant Park, New York, New York, 10036, unless otherwise indicated herein, on the Closing Date.

7 . Reimbursement of Underwriters' Expenses. If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Underwriters set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Underwriters, the Company will reimburse the Underwriters severally through the Representative on demand for all out-of-pocket expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8 . Indemnification and Contribution. (a) The Company agrees to indemnify and hold harmless each Underwriter, the directors, officers, employees and agents of each Underwriter, each person who controls any Underwriter within the meaning of either the Act or the Exchange Act and each affiliate of each Underwriter against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Act, the Exchange Act or other Federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement for the registration of the Securities as originally filed or in any amendment thereof, or in any Preliminary Prospectus or the Prospectus or in any amendment thereof or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and agrees to reimburse each such indemnified party, as incurred, for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the Company will not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon (i) any such untrue statement or alleged untrue statement or omission or alleged omission made therein in reliance upon and in conformity with written information furnished to the Company by or on behalf of any Underwriter through the Representative specifically for inclusion therein, it being understood and agreed that the only such information furnished by any Underwriter consists of the information described in the last sentence of Section 8(b) hereof, (ii) the use of any Preliminary Prospectus or the Prospectus in violation of any stop order or other notice received by any Underwriter indicating the then current Preliminary Prospectus or the Prospectus is not to be used in connection with the sale of any Securities, or (iii) an Underwriter otherwise failing in its prospectus delivery obligations. This indemnity agreement will be in addition to any liability that the Company may otherwise have.

(a) Each Underwriter severally and not jointly agrees to indemnify and hold harmless the Company, each of its directors, each of its officers who signs the Registration Statement, and each person who controls the Company within the meaning of either the Act or the Exchange Act, to the same extent as the foregoing indemnity from the Company to each Underwriter, but only with reference to written information relating to such Underwriter furnished to the Company by or on behalf of such Underwriter through the Representative specifically for inclusion in the documents referred to in the foregoing indemnity. This indemnity agreement will be in addition to any liability that any Underwriter may otherwise have. The Company acknowledges that the statements set forth (i) in the last paragraph of the cover page regarding delivery of the Securities and (ii) under the heading "Underwriting", (w) the list of Underwriters and their respective roles and participation in the sale of the Securities, (x) the sentences related to concessions and reallowances and sales to discretionary accounts, (y) the paragraphs related to stabilization, syndicate covering transactions and penalty bids, and (z) the sections related to state blue sky information, in the Preliminary Prospectus and the Prospectus constitute the only information furnished in writing by or on behalf of the several Underwriters for inclusion in the Preliminary Prospectus or the Prospectus.

(b) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest, (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties that are different from or additional to those available to the indemnifying party, (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. An indemnifying party will not, without the prior written consent of the indemnified parties (which consent shall not be unreasonably withheld, delayed or conditioned), settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding.

(c) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to or insufficient to hold harmless an indemnified party for any reason, the Company and the Underwriters severally agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending the same) (collectively "Losses") to which the Company and one or more of the Underwriters may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and by the Underwriters on the other from the offering of the Securities; provided, however, that in no case shall any Underwriter (except as may be provided in any agreement among underwriters relating to the offering of the Securities) be responsible for any amount in excess of the underwriting discount or commission applicable to the Securities purchased by such Underwriter hereunder. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and the Underwriters severally shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company on the one hand and of the Underwriters on the other in connection with the statements or omissions that resulted in such Losses as well as any other relevant equitable considerations. Benefits received by the Company shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Underwriters shall be deemed to be equal to the total underwriting discounts and commissions, in each case as set forth on the cover page of the Prospectus. Relative fault shall be determined by reference to, among other things, whether any untrue or any alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the Company on the one hand or the Underwriters on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company and the Underwriters agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation that does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Underwriter within the meaning of either the Act or the Exchange Act and each director, officer, employee and agent of an Underwriter shall have the same rights to contribution as such Underwriter, and each person who controls the Company within the meaning of either the Act or the Exchange Act, each officer of the Company who shall have signed the Registration Statement and each director of the Company shall have the same rights to contribution as the Company, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Underwriter. If any one or more Underwriters shall fail to purchase and pay for any of the Securities agreed to be purchased by such Underwriter or Underwriters hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Underwriters shall be obligated severally to take up and pay for (in the respective proportions that the amount of Securities set forth opposite their names in Schedule I hereto bears to the aggregate amount of Securities set forth opposite the names of all the remaining Underwriters) the Securities that the defaulting Underwriter or Underwriters agreed but failed to purchase; provided, however, that in the event that the aggregate amount of Securities that the defaulting Underwriter or Underwriters agreed but failed to purchase shall exceed 10% of the underwritten Securities, the remaining Underwriters shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities. If within one Business Day after such default relating to more than 10% of the Underwritten Securities the remaining Underwriters do not arrange for the purchase of such Underwritten Securities, then the Company shall be entitled to a further period of one Business Day within which to procure another party or parties reasonably satisfactory to you to purchase said Underwritten Securities. In the event that neither the remaining Underwriters nor the Company purchase or arrange for the purchase of all of the Underwritten Securities to which a default relates as provided in this Section 9, this Agreement will terminate without liability to any nondefaulting Underwriter or the Company. In the event of a default by any Underwriter as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representative shall determine in order that the required changes in the Registration Statement and the Prospectus or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Underwriter of its liability, if any, to the Company and any nondefaulting Underwriter for damages occasioned by its default hereunder.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representative, by notice given to the Company prior to delivery of and payment for the Securities, if at any time prior to such delivery and payment (i) trading in the Company's Units, Common Stock or Warrants shall have been suspended by the Commission, or trading in securities generally on the New York Stock Exchange or quotation on the OTC Bulletin Board (or successor trading market) shall have been suspended or limited or minimum prices shall have been established on such exchange or trading market, (ii) a banking moratorium shall have been declared either by Federal or New York State authorities or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by the United States of a national emergency or war, or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representative, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the Statutory Prospectus or the Prospectus (exclusive of any supplement thereto).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company or its officers and of the Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or the Company or any of the officers, directors, employees, agents or controlling persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Notices. All communications hereunder will be in writing and effective only on receipt, and, if sent to the Representative, will be mailed, delivered or telefaxed to the Citigroup Global Markets Inc. General Counsel (fax no.: (212) 816-7912) and confirmed to the General Counsel, Citigroup Global Markets Inc., at 388 Greenwich Street, New York, New York, 10013, Attention: General Counsel; or, if sent to the Company, will be mailed, delivered or telefaxed to (310) 209-7225 and confirmed to it at 10900 Wilshire Blvd., Suite 1500 Los Angeles, CA 90024, attention of Harry E. Sloan and mailed, delivered or telefaxed to (212) 547-5400 and confirmed to the Company's counsel at McDermott Will & Emery LLP, 340 Madison Avenue, New York, New York 10173, Attention: Joel Rubinstein.

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the officers, directors, employees, agents and controlling persons referred to in Section 8 hereof, and no other person will have any right or obligation hereunder.

14. No Fiduciary Duty. The Company hereby acknowledges that (a) the purchase and sale of the Securities pursuant to this Agreement is an arm's-length commercial transaction between the Company, on the one hand, and the Underwriters and any affiliate through which it may be acting, on the other, (b) the Underwriters are acting as principal and not as an agent or fiduciary of the Company and (c) the Company's engagement of the Underwriters in connection with the offering and the process leading up to the offering is as independent contractors and not in any other capacity. Furthermore, the Company agrees that it is solely responsible for making its own judgments in connection with the offering (irrespective of whether any of the Underwriters has advised or is currently advising the Company on related or other matters). The Company agrees that it will not claim that the Underwriters have rendered advisory services of any nature or respect, or owe an agency, fiduciary or similar duty to the Company, in connection with such transaction or the process leading thereto.

15. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Company and the Underwriters, or any of them, with respect to the subject matter hereof.

16. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

17. Waiver of Jury Trial. The Company hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

18. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

(c) Subject to the rights, if any, of the holders of any outstanding series of the Preferred Stock and the provisions of *Article IX* hereof, in the event of any voluntary or involuntary liquidation, dissolution or winding-up of the Corporation, after payment or provision for payment of the debts and other liabilities of the Corporation, the holders of the Common Stock shall be entitled to receive all the remaining assets of the Corporation available for distribution to its stockholders, ratably in proportion to the number of shares of the Common Stock held by them.

Section 4.4 Rights and Options. The Corporation has the authority to create and issue rights, warrants and options entitling the holders thereof to purchase shares of any class or series of the Corporation’s capital stock or other securities of the Corporation, and such rights, warrants and options shall be evidenced by instrument(s) approved by the Board. The Board is empowered to set the exercise price, duration, times for exercise and other terms and conditions of such rights, warrants or options; provided, however, that the consideration to be received for any shares of capital stock subject thereto may not be less than the par value thereof.

ARTICLE V BOARD OF DIRECTORS

Section 5.1 Board Powers. The business and affairs of the Corporation shall be managed by, or under the direction of, the Board. In addition to the powers and authority expressly conferred upon the Board by statute, this Amended and Restated Certificate or the Bylaws (“*Bylaws*”) of the Corporation, the Board is hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, subject, nevertheless, to the provisions of the DGCL and this Amended and Restated Certificate.

Section 5.2 Number, Election and Term.

(a) The number of directors of the Corporation, other than those who may be elected by the holders of one or more series of the Preferred Stock voting separately by class or series, shall be fixed from time to time exclusively by the Board pursuant to a resolution adopted by a majority of the Whole Board. For purposes of this Amended and Restated Certificate, “**Whole Board**” shall mean the total number of directors the Corporation would have if there were no vacancies.

(b) Subject to Section 5.5 hereof, the Board shall be divided into three classes, as nearly equal in number as possible and designated Class I, Class II and Class III. The Board is authorized to assign members of the Board already in office to Class I, Class II or Class III. The term of the initial Class I Directors shall expire at the first annual meeting of the stockholders of the Corporation following the effectiveness of this Amended and Restated Certificate; the term of the initial Class II Directors shall expire at the second annual meeting of the stockholders of the Corporation following the effectiveness of this Amended and Restated Certificate; and the term of the initial Class III Directors shall expire at the third annual meeting of the stockholders of the Corporation following the effectiveness of this Amended and Restated Certificate. At each succeeding annual meeting of the stockholders of the Corporation, beginning with the first annual meeting of the stockholders of the Corporation following the effectiveness of this Amended and Restated Certificate, successors to the class of directors whose term expires at that annual meeting shall be elected for a three-year term. Subject to Section 5.5 hereof, if the number of directors is changed, any increase or decrease shall be apportioned by the Board among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case shall a decrease in the number of directors shorten the term of any incumbent director.

(c) Subject to Section 5.5 hereof, a director shall hold office until the annual meeting for the year in which his or her term expires and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

(d) Unless and except to the extent that the Bylaws shall so require, the election of directors need not be by written ballot.

Section 5.3 Newly Created Directorships and Vacancies. Subject to Section 5.5 hereof, newly created directorships resulting from an increase in the number of directors and any vacancies on the Board resulting from death, resignation, retirement, disqualification, removal or other cause may be filled solely by a majority vote of the remaining directors then in office, even if less than a quorum, or by a sole remaining director (and not by stockholders), and any director so chosen shall hold office for the remainder of the full term of the class of directors to which the new directorship was added or in which the vacancy occurred and until his or her successor has been elected and qualified, subject, however, to such director's earlier death, resignation, retirement, disqualification or removal.

Section 5.4 Removal. Subject to Section 5.5 hereof, any or all of the directors may be removed from office at any time, but only for cause and only by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class.

Section 5.5 Preferred Stock — Directors. Notwithstanding any other provision of this *Article V*, and except as otherwise required by law, whenever the holders of one or more series of the Preferred Stock shall have the right, voting separately by class or series, to elect one or more directors, the term of office, the filling of vacancies, the removal from office and other features of such directorships shall be governed by the terms of such series of the Preferred Stock as set forth in this Amended and Restated Certificate (including any Preferred Stock Designation) and such directors shall not be included in any of the classes created pursuant to this *Article V* unless expressly provided by such terms.

ARTICLE VI BYLAWS

In furtherance and not in limitation of the powers conferred upon it by law, the Board shall have the power to adopt, amend, alter or repeal the Bylaws. The affirmative vote of a majority of the Whole Board shall be required to adopt, amend, alter or repeal the Bylaws. The Bylaws also may be adopted, amended, altered or repealed by the stockholders; provided, however, that in addition to any vote of the holders of any class or series of capital stock of the Corporation required by law or by this Amended and Restated Certificate (including any Preferred Stock Designation), the affirmative vote of the holders of at least a majority of the voting power of all then outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, shall be required for the stockholders to adopt, amend, alter or repeal the Bylaws; and provided further, however, that no Bylaws hereafter adopted by the stockholders shall invalidate any prior act of the Board that would have been valid if such Bylaws had not been adopted.

ARTICLE VII
MEETINGS OF STOCKHOLDERS; ACTION BY WRITTEN CONSENT

Section 7.1 Meetings. Subject to the rights of the holders of any outstanding series of the Preferred Stock, and to the requirements of applicable law, special meetings of stockholders of the Corporation may be called only by the Chairman of the Board, Chief Executive Officer of the Corporation, or the Board pursuant to a resolution adopted by a majority of the Whole Board, and the ability of the stockholders to call a special meeting is hereby specifically denied.

Section 7.2 Advance Notice. Advance notice of stockholder nominations for the election of directors and of business to be brought by stockholders before any meeting of the stockholders of the Corporation shall be given in the manner provided in the Bylaws.

Section 7.3 Action by Written Consent. Subsequent to the consummation of the Corporation's initial public offering of securities (the "*Offering*"), any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such holders and may not be effected by written consent of the stockholders.

ARTICLE VIII
LIMITED LIABILITY; INDEMNIFICATION

Section 8.1 Limitation of Director Liability. A director of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification or repeal.

Section 8.2 Indemnification and Advancement of Expenses.

(a) To the fullest extent permitted by applicable law, as the same exists or may hereafter be amended, the Corporation shall indemnify and hold harmless each person who is or was made a party or is threatened to be made a party to or is otherwise involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a "*proceeding*") by reason of the fact that he or she is or was a director or officer of the Corporation or, while a director or officer of the Corporation, is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, other enterprise or nonprofit entity, including service with respect to an employee benefit plan (an "*indemnitee*"), whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent, or in any other capacity while serving as a director, officer, employee or agent, against all liability and loss suffered and expenses (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred by such indemnitee in connection with such proceeding. The Corporation shall to the fullest extent not prohibited by applicable law pay the expenses (including attorneys' fees) incurred by an indemnitee in defending or otherwise participating in any proceeding in advance of its final disposition; provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking, by or on behalf of the indemnitee, to repay all amounts so advanced if it shall ultimately be determined that the indemnitee is not entitled to be indemnified under this Section 8.2 or otherwise. The rights to indemnification and advancement of expenses conferred by this Section 8.2 shall be contract rights and such rights shall continue as to an indemnitee who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators. Notwithstanding the foregoing provisions of this Section 8.2(a), except for proceedings to enforce rights to indemnification and advancement of expenses, the Corporation shall indemnify and advance expenses to an indemnitee in connection with a proceeding (or part thereof) initiated by such indemnitee only if such proceeding (or part thereof) was authorized by the Board.

(b) The rights to indemnification and advancement of expenses conferred on any indemnitee by this Section 8.2 shall not be exclusive of any other rights that any indemnitee may have or hereafter acquire under law, this Amended and Restated Certificate, the Bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

(c) Any repeal or amendment of this Section 8.2 by the stockholders of the Corporation or by changes in law, or the adoption of any other provision of this Amended and Restated Certificate inconsistent with this Section 8.2, shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to provide broader indemnification rights on a retroactive basis than permitted prior thereto), and shall not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any proceeding (regardless of when such proceeding is first threatened, commenced or completed) arising out of, or related to, any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

(d) This Section 8.2 shall not limit the right of the Corporation, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than indemnitees.

ARTICLE IX BUSINESS COMBINATION REQUIREMENTS; EXISTENCE

Section 9.1 General.

(a) The provisions of this *Article IX* shall apply during the period commencing upon the effectiveness of this Amended and Restated Certificate of Incorporation and terminating upon the consummation of the Corporation's initial Business Combination and may be amended to be effective prior to the consummation of the initial Business Combination only by the affirmative vote of the holders of at least sixty-five percent (65%) of all then outstanding shares of the Common Stock.

(b) Immediately after the Offering, a certain amount of the net offering proceeds received by the Corporation in the Offering (including the proceeds of any exercise of the underwriters' over-allotment option) and certain other amounts specified in the Corporation's registration statement on Form S-1, as initially filed with the Securities and Exchange Commission on February 15, 2011, as amended (the "**Registration Statement**"), shall be deposited in a trust account (the "**Trust Account**"), established for the benefit of the Public Stockholders (as defined below) pursuant to a trust agreement described in the Registration Statement. Holders of shares of the Corporation's Common Stock included as part of the units sold in the Offering (the "**Offering Shares**") (whether such Offering Shares were purchased in the Offering or in the secondary market following the Offering and whether or not such holders are affiliates of Global Eagle Acquisition LLC (the "**Sponsor**")) are referred to herein as "**Public Stockholders**."

Section 9.2 Redemption Rights.

(a) Prior to the consummation of the initial Business Combination, the Corporation shall provide all holders of Offering Shares with the opportunity to have their Offering Shares redeemed upon the consummation of the initial Business Combination pursuant to, and subject to the limitations of, Sections 9.2(b) and 9.2(c) (such rights of such holders to have their Offering Shares redeemed pursuant to such Sections, the "**Redemption Rights**") hereof for cash equal to the applicable redemption price per share determined in accordance with Section 9.2(b) hereof (the "**Redemption Price**"); provided, however, that the Corporation shall not redeem or repurchase Offering Shares to the extent that such redemption would result in the Corporation's failure to have net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**")) in excess of \$5 million (such limitation hereinafter called the "**Redemption Limitation**"). Notwithstanding anything to the contrary contained in this Amended and Restated Certificate, there shall be no Redemption Rights or liquidating distributions with respect to any warrant issued pursuant to the Offering.

(b) If the Corporation offers to redeem the Offering Shares other than in conjunction with a stockholder vote on an initial Business Combination pursuant to a proxy solicitation, the Corporation shall offer to redeem the Offering Shares upon the consummation of the initial Business Combination, subject to lawfully available funds therefor, in accordance with the provisions of Section 9.2(a) hereof pursuant to a tender offer in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act (such rules and regulations hereinafter called the “**Tender Offer Rules**”) which it shall commence prior to the consummation of the initial Business Combination; provided, however, that if a stockholder vote is required by law to approve the proposed initial Business Combination, or the Corporation decides to hold a stockholder vote on the proposed initial Business Combination for business or other legal reasons, the Corporation shall offer to redeem the Offering Shares, subject to lawfully available funds therefor, in accordance with the provisions of Section 9.2(a) hereof in conjunction with a proxy solicitation pursuant to applicable Securities and Exchange Commission proxy rules at a price per share equal to the Redemption Price calculated in accordance with the following provisions of this Section 9.2(b). In the event that the Corporation offers to redeem the Offering Shares pursuant to a tender offer in accordance with the Tender Offer Rules, the Redemption Price per share of the Common Stock payable to holders of the Offering Shares tendering their Offering Shares pursuant to such tender offer shall be equal to the quotient obtained by dividing (i) the aggregate amount on deposit in the Trust Account as of two days prior to the date of the commencement of the tender offer plus interest accrued from the date of the commencement of such tender offer until two business days prior to the consummation of the initial Business Combination, less franchise and income taxes payable, by (ii) the total number of then outstanding Offering Shares. If the Corporation offers to redeem the Offering Shares in conjunction with a stockholder vote on the proposed initial Business Combination pursuant to a proxy solicitation, the Redemption Price per share of the Common Stock payable to holders of the Offering Shares exercising their Redemption Rights shall be equal to the quotient obtained by dividing (i) the aggregate amount on deposit in the Trust Account as of two business days prior to the consummation of the initial Business Combination, less franchise and income taxes payable, by (ii) the total number of then outstanding Offering Shares.

(c) If the Corporation offers to redeem the Offering Shares in conjunction with a stockholder vote on an initial Business Combination pursuant to a proxy solicitation, a Public Stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13(d)(3) of the Exchange Act), shall be restricted from seeking Redemption Rights with respect to more than an aggregate of 10% of the Offering Shares.

(d) In the event that the Corporation has not consummated a Business Combination within 21 months from the closing of the Offering, or 24 months from the closing of the Offering if a letter of intent or definitive agreement relating to a prospective initial Business Combination is executed before the 21-month period ends, the Corporation shall (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, subject to lawfully available funds therefor, redeem 100% of the Offering Shares in consideration of a per-share price, payable in cash, equal to the quotient obtained by dividing (A) the aggregate amount then on deposit in the Trust Account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), by (B) the total number of then outstanding Offering Shares, which redemption will completely extinguish rights of the Public Stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the Trust Account which is received after the redemption shall be distributed to the former Public Stockholders, and (iii) as promptly as reasonably possible following such redemptions, subject to the approval of the remaining stockholders and the Board in accordance with applicable law, dissolve and liquidate, subject in each case to the Corporation’s obligations under the DGCL to provide for claims of creditors and other requirements of applicable law.

(e) If the Corporation offers to redeem the Offering Shares in conjunction with a stockholder vote on an initial Business Combination, the Corporation shall consummate the proposed Business Combination only if such initial Business Combination is approved by the affirmative vote of the holders of a majority of the shares of the Common Stock that are voted at a stockholder meeting held to consider such initial Business Combination.

Section 9.3 Distributions from the Trust Account

(a) A Public Stockholder shall be entitled to receive funds from the Trust Account only (i) as provided in Section 9.2(d) hereof or (ii) as provided in Sections 9.2(a) and 9.2(b) hereof. In no other circumstances shall a Public Stockholder have any right or interest of any kind in or to distributions from the Trust Account, and no stockholder other than a Public Stockholder shall have any interest in or to the Trust Account.

(b) Payment of the amounts necessary to satisfy the Redemption Rights exercised shall be made as promptly as practical after the consummation of the initial Business Combination and the delivery of shares by the applicable stockholder.

(c) Each Public Stockholder that does not exercise its Redemption Rights shall retain its interest in the Corporation and shall be deemed to have given its consent to the release of the remaining funds in the Trust Account to the Corporation, and following payment to any Public Stockholders exercising their Redemption Rights, the remaining funds in the Trust Account shall be released to the Corporation.

(d) The exercise by a Public Stockholder of the Redemption Rights shall be conditioned on such Public Stockholder following the specific procedures for redemptions set forth by the Corporation in any applicable tender offer or proxy materials sent to the Corporation's Public Stockholders relating to the proposed initial Business Combination.

(e) Notwithstanding anything to the contrary in this *Article IX*, but subject to the Redemption Limitation, if the Corporation seeks stockholder approval of an initial Business Combination, prior to the consummation thereof, the Corporation or its designee may instruct the trustee under the Trust Agreement that amounts necessary to purchase up to 15% of the Offering Shares at any time and from time to time commencing after the filing of a preliminary proxy statement for the initial Business Combination and ending on the date of the stockholder meeting to approve such initial Business Combination (such purchases being referred to herein as "***Open Market Purchases***") be released to the Corporation from the Trust Account. Such Open Market Purchases may be made only at per share prices (inclusive of commissions) that do not exceed an amount equal to (A) the aggregate amount then on deposit in the Trust Account divided by (B) the total number of Offering Shares then outstanding. Any Offering Shares so purchased shall be immediately cancelled.

Section 9.4 Share Issuances. Prior to the consummation of the Corporation's initial Business Combination, the Corporation shall not issue any additional shares of capital stock of the Corporation that would entitle the holders thereof to receive funds from the Trust Account or vote on any Business Combination.

Section 9.5 Transactions with Affiliates. In the event the Corporation enters into an initial Business Combination with a target business that is affiliated with the Sponsor, or the directors or officers of the Corporation, the Corporation, or a committee of the independent directors of the Corporation, shall obtain an opinion from an independent investment banking firm that is a member of the Financial Industry Regulatory Authority that such Business Combination is fair to the Corporation from a financial point of view.

Section 9.6 No Transactions with Other Blank Check Companies. The Corporation shall not enter into a Business Combination with another blank check company or a similar company with nominal operations.

ARTICLE X CORPORATE OPPORTUNITY

The doctrine of corporate opportunity, or any other analogous doctrine, shall not apply with respect to the Corporation or any of its officers or directors or in circumstances where the application of any such doctrine would conflict with any fiduciary duties or contractual obligations they may have as of the date of this Amended and Restated Certificate or in the future.

ARTICLE XI AMENDMENT OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Amended and Restated Certificate (including any Preferred Stock Designation), in the manner now or hereafter prescribed by this Amended and Restated Certificate and the DGCL; and, except as set forth in *Article VIII*, all rights, preferences and privileges herein conferred upon stockholders, directors or any other persons by and pursuant to this Amended and Restated Certificate in its present form or as hereafter amended are granted subject to the right reserved in this *Article XI*; provided, however, that *Article IX* of this Amended and Restated Certificate may be amended only as provided therein.

IN WITNESS WHEREOF, Global Eagle Acquisition Corp. has caused this Amended and Restated Certificate to be duly executed in its name and on its behalf by an authorized officer this day of , 2011.

2.1 Form of Warrant. Each Warrant shall be issued in registered form only and shall be in substantially the form of Exhibit A hereto, the provisions of which are incorporated herein and shall be signed by, or bear the facsimile signature of, the Chairman of the Board, President, Chief Executive Officer, Secretary or other principal officer of the Company. In the event the person whose facsimile signature has been placed upon any Warrant shall have ceased to serve in the capacity in which such person signed the Warrant before such Warrant is issued, it may be issued with the same effect as if he or she had not ceased to be such at the date of issuance.

2.2 Effect of Countersignature. Unless and until countersigned by the Warrant Agent pursuant to this Agreement, a Warrant shall be invalid and of no effect and may not be exercised by the holder thereof.

2.3 Registration.

2.3.1 Warrant Register. The Warrant Agent shall maintain books (the “**Warrant Register**”), for the registration of original issuance and the registration of transfer of the Warrants. Upon the initial issuance of the Warrants, the Warrant Agent shall issue and register the Warrants in the names of the respective holders thereof in such denominations and otherwise in accordance with instructions delivered to the Warrant Agent by the Company.

2.3.2 Registered Holder. Prior to due presentment for registration of transfer of any Warrant, the Company and the Warrant Agent may deem and treat the person in whose name such Warrant is registered in the Warrant Register (the “**Registered Holder**”) as the absolute owner of such Warrant and of each Warrant represented thereby (notwithstanding any notation of ownership or other writing on the Warrant Certificate (as defined below) made by anyone other than the Company or the Warrant Agent), for the purpose of any exercise thereof, and for all other purposes, and neither the Company nor the Warrant Agent shall be affected by any notice to the contrary.

2.4 Detachability of Warrants. The Common Stock and Public Warrants comprising the Units shall begin separate trading on the 52nd day following the date of the Prospectus or, if such 52nd day is not on a day, other than a Saturday, Sunday or federal holiday, on which banks in New York City are generally open for normal business (a “**Business Day**”), then on the immediately succeeding Business Day following such date, or earlier (the “**Detachment Date**”) with the consent of Citigroup Global Markets Inc. (“**Citi**”), as representative of the several underwriters, but in no event shall the Common Stock and the Public Warrants comprising the Units be separately traded until (A) the Company has filed a current report on Form 8-K with the Commission containing an audited balance sheet reflecting the receipt by the Company of the gross proceeds of the Offering, including the proceeds received by the Company from the exercise by the underwriters of their right to purchase additional shares of Common Stock in the Offering (the “**Over-allotment Option**”), if the Over-allotment Option is exercised prior to the filing of the Form 8-K, and (y) the Company issues a press release and files with the Commission a current report on Form 8-K announcing when such separate trading shall begin.

2.5. Sponsor Warrants. The Sponsor Warrants shall be identical to the Public Warrants, except that so long as they are held by the members of the Sponsor or any of their Permitted Transferees (as defined below) the Sponsor Warrants: (i) may be exercised for cash or on a cashless basis, pursuant to subsection 3.3.1(c) hereof, (ii) may not be transferred, assigned or sold until thirty (30) days after the completion by the Company of an initial Business Combination (as defined below), and (iii) shall not be redeemable by the Company; provided, however, that in the case of (ii), the Sponsor Warrants and any shares of Common Stock held by the members of the Sponsor and issued upon exercise of the Sponsor Warrants may be transferred by the holders thereof:

- (a) as gift to such person’s immediate family or to a trust, the beneficiary of which is a member of such person’s immediate family, an affiliate of such person or to a charitable organization,
- (b) to the Company’s officers or directors, any affiliate or family member of any of the Company’s officers or directors or any affiliate of the Sponsor or to any member(s) of the Sponsor,
- (c) by virtue of the laws of descent and distribution upon death of such person,
- (d) pursuant to a qualified domestic relations order,
- (e) in the event of the Company’s liquidation prior to the completion of the Company’s initial Business Combination, or
- (f) in the event that, subsequent to the consummation of the Company’s initial Business Combination, the Company consummates a merger, stock exchange or other similar transaction that results in all of the holders of the Company’s equity securities issued in the Offering having the right to exchange their shares of Common Stock for cash, securities or other property;

provided, however, that, in the case of clauses (a) through (d), these transferees (the “**Permitted Transferees**”) enter into a written agreement with the Company agreeing to be bound by the transfer restrictions in this Agreement.

3. Terms and Exercise of Warrants.

3.1 Warrant Price. Each Warrant shall, when countersigned by the Warrant Agent, entitle the Registered Holder thereof, subject to the provisions of such Warrant and of this Agreement, to purchase from the Company the number of shares of Common Stock stated therein, at the price of \$11.50 per share, subject to the adjustments provided in Section 4 hereof and in the last sentence of this Section 3.1. The term “**Warrant Price**” as used in this Agreement shall mean the price per share at which shares of Common Stock may be purchased at the time a Warrant is exercised. The Company in its sole discretion may lower the Warrant Price at any time prior to the Expiration Date (as defined below) for a period of not less than twenty (20) Business Days, provided, that the Company shall provide at least twenty (20) days prior written notice of such reduction to Registered Holders of the Warrants and, provided further that any such reduction shall be identical among all of the Warrants.

3.2 Duration of Warrants. A Warrant may be exercised only during the period (the “**Exercise Period**”) commencing on the later of: (i) the date that is thirty (30) days after the first date on which the Company completes a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses (a “**Business Combination**”), or (ii) the date that is twelve (12) months from the date of the closing of the Offering, and terminating at 5:00 p.m., New York City time on the earlier to occur of: (x) the date that is five (5) years after the date on which the Company completes its initial Business Combination, (y) the liquidation of the Company, or (z) other than with respect to the Sponsor Warrants, the Redemption Date (as defined below) as provided in Section 6.2 hereof (the “**Expiration Date**”); provided, however, that the exercise of any Warrant shall be subject to the satisfaction of any applicable conditions, as set forth in subsection 3.3.2 below with respect to an effective registration statement. Except with respect to the right to receive the Redemption Price (as defined below) (other than with respect to a Sponsor Warrant) in the event of a redemption (as set forth in Section 6 hereof), each Warrant (other than a Sponsor Warrant in the event of a redemption) not exercised on or before the Expiration Date shall become void, and all rights thereunder and all rights in respect thereof under this Agreement shall cease at 5:00 p.m. New York City time on the Expiration Date. The Company in its sole discretion may extend the duration of the Warrants by delaying the Expiration Date; provided, that the Company shall provide at least twenty (20) days prior written notice of any such extension to Registered Holders of the Warrants and, provided further that any such extension shall be identical in duration among all the Warrants.

3.3 Exercise of Warrants.

3.3.1 Payment. Subject to the provisions of the Warrant and this Agreement, a Warrant, when countersigned by the Warrant Agent, may be exercised by the Registered Holder thereof by surrendering it, at the office of the Warrant Agent, or at the office of its successor as Warrant Agent, in the Borough of Manhattan, City and State of New York, with the subscription form, as set forth in the Warrant, duly executed, and by paying in full the Warrant Price for each full share of Common Stock as to which the Warrant is exercised and any and all applicable taxes due in connection with the exercise of the Warrant, the exchange of the Warrant for the shares of Common Stock and the issuance of such Common Stock, as follows:

(a) in lawful money of the United States, in good certified check or good bank draft payable to the order of the Company;

(b) in the event of a redemption pursuant to Section 6 hereof in which the Company’s board of directors (the “**Board**”) has elected to require all holders of the Warrants to exercise such Warrants on a “cashless basis,” by surrendering the Warrants for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value”, as defined in this subsection 3.3.1(b) by (y) the Fair Market Value. Solely for purposes of this subsection 3.3.1(b) and Section 6.3, the “Fair Market Value” shall mean the average last sale price of the Common Stock for the ten (10) trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of the Warrants, pursuant to Section 6 hereof;

(c) with respect to any Sponsor Warrant, so long as such Sponsor Warrant is held by the Sponsor, a member of the Sponsor or a Permitted Transferee, by surrendering the Warrants for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value”, as defined in this subsection 3.3.1(c), by (y) the Fair Market Value. Solely for purposes of this subsection 3.3.1(c), the “Fair Market Value” shall mean the average last sale price of the Common Stock for the ten (10) trading days ending on the third trading day prior to the date on which notice of exercise of the Warrant is sent to the Warrant Agent; or

(d) as provided in Section 7.4 hereof.

3.3.2 Issuance of Shares of Common Stock on Exercise. As soon as practicable after the exercise of any Warrant and the clearance of the funds in payment of the Warrant Price (if payment is pursuant to subsection 3.3.1(a)), the Company shall issue to the Registered Holder of such Warrant a certificate or certificates for the number of full shares of Common Stock to which he, she or it is entitled, registered in such name or names as may be directed by him, her or it, and if such Warrant shall not have been exercised in full, a new countersigned Warrant for the number of shares as to which such Warrant shall not have been exercised. Notwithstanding the foregoing, the Company shall not be obligated to deliver any shares of Common Stock pursuant to the exercise of a Warrant and shall have no obligation to settle such Warrant exercise unless a registration statement under the Securities Act with respect to the shares of Common Stock underlying the Public Warrants is then effective and a prospectus relating thereto is current, subject to the Company's satisfying its obligations under Section 7.4. No Warrant shall be exercisable and the Company shall not be obligated to issue shares of Common Stock upon exercise of a Warrant unless the Common Stock issuable upon such Warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the Registered Holder of the Warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a Warrant, the holder of such Warrant shall not be entitled to exercise such Warrant and such Warrant may have no value and expire worthless, in which case the purchaser of a Unit containing such Public Warrants shall have paid the full purchase price for the Unit solely for the shares of Common Stock underlying such Unit. In no event shall the Company be required to net cash settle any Warrant.

3.3.3 Valid Issuance. All shares of Common Stock issued upon the proper exercise of a Warrant in conformity with this Agreement shall be validly issued, fully paid and nonassessable.

3.3.4 Date of Issuance. Each person in whose name any certificate for shares the Common Stock is issued shall for all purposes be deemed to have become the holder of record of such shares of Common Stock on the date on which the Warrant was surrendered and payment of the Warrant Price was made, irrespective of the date of delivery of such certificate, except that, if the date of such surrender and payment is a date when the share transfer books of the Company are closed, such person shall be deemed to have become the holder of such shares at the close of business on the next succeeding date on which the share transfer books are open.

3.3.5 Maximum Percentage. A holder of a Warrant may notify the Company in writing in the event it elects to be subject to the provisions contained in this subsection 3.3.5; however, no holder of a Warrant shall be subject to this subsection 3.3.5 unless he, she or it makes such election. If the election is made by a holder, the Warrant Agent shall not effect the exercise of the holder's Warrant, and such holder shall not have the right to exercise such Warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the Warrant Agent's actual knowledge, would beneficially own in excess of 9.8% (the "**Maximum Percentage**") of the shares of Common Stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such person and its affiliates shall include the number of shares of Common Stock issuable upon exercise of the Warrant with respect to which the determination of such sentence is being made, but shall exclude shares of Common Stock that would be issuable upon (x) exercise of the remaining, unexercised portion of the Warrant beneficially owned by such person and its affiliates and (y) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by such person and its affiliates (including, without limitation, any convertible notes or convertible preferred stock or warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein. Except as set forth in the preceding sentence, for purposes of this paragraph, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the "**Exchange Act**"). For purposes of the Warrant, in determining the number of outstanding shares of Common Stock, the holder may rely on the number of outstanding shares of Common Stock as reflected in (1) the Company's most recent annual report on Form 10-K, quarterly report on Form 10-Q, current report on Form 8-K or other public filing with the Commission as the case may be, (2) a more recent public announcement by the Company or (3) any other notice by the Company or American Stock Transfer & Trust Company, LLC (the "**Transfer Agent**") setting forth the number of shares of Common Stock outstanding. For any reason at any time, upon the written request of the holder of the Warrant, the Company shall, within two (2) Business Days, confirm orally and in writing to such holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of equity securities of the Company by the holder and its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. By written notice to the Company, the holder of a Warrant may from time to time increase or decrease the Maximum Percentage applicable to such holder to any other percentage specified in such notice; provided, however, that any such increase shall not be effective until the sixty-first (61st) day after such notice is delivered to the Company.

4. Adjustments.

4.1 Stock Dividends.

4.1.1 Split-Ups. If after the date hereof, and subject to the provisions of Section 4.6 below, the number of outstanding shares of Common Stock is increased by a stock dividend payable in shares of Common Stock, or by a split-up of shares of Common Stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be increased in proportion to such increase in the outstanding shares of Common Stock. A rights offering to holders of the Common Stock entitling holders to purchase shares of Common Stock at a price less than the “Fair Market Value” (as defined below) shall be deemed a stock dividend of a number of shares of Common Stock equal to the product of (i) the number of shares of Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for the Common Stock) multiplied by (ii) the quotient of (x) the price per share of Common Stock paid in such rights offering divided by (y) the Fair Market Value. For purposes of this subsection 4.1.1, (i) if the rights offering is for securities convertible into or exercisable for Common Stock, in determining the price payable for Common Stock, there shall be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) “Fair Market Value” means the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the shares of Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

4.1.2 Extraordinary Dividends. If the Company, at any time while the Warrants are outstanding and unexpired, shall pay a dividend or make a distribution in cash, securities or other assets to the holders of the Common Stock on account of such shares of Common Stock (or other shares of the Company’s capital stock into which the Warrants are convertible), other than (a) as described in subsection 4.1.1 above, (b) Ordinary Cash Dividends (as defined below), (c) to satisfy the redemption rights of the holders of the Common Stock in connection with a proposed initial Business Combination, (d) as a result of the repurchase of shares of Common Stock by the Company if a proposed initial Business Combination is presented to the stockholders of the Company for approval or (e) in connection with the Company’s liquidation and the distribution of its assets upon its failure to consummate a Business Combination (any such non- excluded event being referred to herein as an “**Extraordinary Dividend**”), then the Warrant Price shall be decreased, effective immediately after the effective date of such Extraordinary Dividend, by the amount of cash and/or the fair market value (as determined by the Board, in good faith) of any securities or other assets paid on each share of Common Stock in respect of such Extraordinary Dividend. For purposes of this subsection 4.1.2, “**Ordinary Cash Dividends**” means any cash dividend or cash distribution which, when combined on a per share of Common Stock basis, with the per share amounts of all other cash dividends and cash distributions paid on the Common Stock during the 365-day period ending on the date of declaration of such dividend or distribution (as adjusted to appropriately reflect any of the events referred to in other subsections of this Section 4 and excluding cash dividends or cash distributions that resulted in an adjustment to the Warrant Price or to the number of shares of Common Stock issuable on exercise of each Warrant) does not exceed \$0.50 (being 5% of the offering price of the Units in the Company’s Offering).

4.2 Aggregation of Shares. If after the date hereof, and subject to the provisions of Section 4.6 hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Common Stock issuable on exercise of each Warrant shall be decreased in proportion to such decrease in outstanding shares of Common Stock.

4.3 Adjustments in Exercise Price. Whenever the number of shares of Common Stock purchasable upon the exercise of the Warrants is adjusted, as provided in subsection 4.1.1 or 4.2 above, the Warrant Price shall be adjusted (to the nearest cent) by multiplying such Warrant Price immediately prior to such adjustment by a fraction (x) the numerator of which shall be the number of shares of Common Stock purchasable upon the exercise of the Warrants immediately prior to such adjustment, and (y) the denominator of which shall be the number of shares of Common Stock so purchasable immediately thereafter.

4.4 Replacement of Securities upon Reorganization, etc. In case of any reclassification or reorganization of the outstanding shares of Common Stock (other than a change under subsections 4.1.1 or 4.1.2 or Section 4.2 hereof or that solely affects the par value of such shares of Common Stock), or in the case of any merger or consolidation of the Company with or into another corporation (other than a consolidation or merger in which the Company is the continuing corporation and that does not result in any reclassification or reorganization of the outstanding shares of Common Stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of the Company as an entirety or substantially as an entirety in connection with which the Company is dissolved, the holders of the Warrants shall thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the Warrants and in lieu of the shares of Common Stock of the Company immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the Warrants would have received if such holder had exercised his, her or its Warrant(s) immediately prior to such event (the ***“Alternative Issuance”***); provided, however, that (i) if the holders of the Common Stock were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities, cash or other assets constituting the Alternative Issuance for which each Warrant shall become exercisable shall be deemed to be the weighted average of the kind and amount received per share by the holders of the Common Stock in such consolidation or merger that affirmatively make such election, and (ii) if a tender, exchange or redemption offer shall have been made to and accepted by the holders of the Common Stock (other than a tender, exchange or redemption offer made by the Company in connection with redemption rights held by stockholders of the Company as provided for in the Company’s certificate of incorporation or as a result of the repurchase of shares of Common Stock by the Company if a proposed initial Business Combination is presented to the stockholders of the Company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) more than 50% of the outstanding shares of Common Stock, the holder of a Warrant shall be entitled to receive as the Alternative Issuance, the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such Warrant holder had exercised the Warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Common Stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in this Section 4; provided further, however, that if more than 30% of the consideration receivable by the holders of the Common Stock in the applicable event is payable in the form of common stock in the successor entity that is not listed for trading on a national securities exchange or on the OTC Bulletin Board, or is not to be so listed for trading immediately following such event, then the Warrant Price shall be reduced by an amount (in dollars) equal to the quotient of (x) \$17.50 (subject to adjustment in accordance with Section 6.1 hereof) minus the Per Share Consideration (as defined below) (but in no event, less than zero), and (y): if the applicable event is announced on or prior to the third anniversary of the closing date of the initial Business Combination, 2; if the applicable event is announced after the third anniversary of the closing date of the initial Business Combination and on or prior to the fourth anniversary of the closing date of the initial Business Combination, 2.5; if the applicable event is announced after the fourth anniversary of the closing date of the initial Business Combination and on or prior to the Expiration Date, 3. ***“Per Share Consideration”*** means (i) if the consideration paid to holders of the Common Stock consists exclusively of cash, the amount of such cash per share of Common Stock, and (ii) in all other cases, the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the effective date of the applicable event. If any reclassification or reorganization also results in a change in shares of Common Stock covered by subsection 4.1.1, then such adjustment shall be made pursuant to subsection 4.1.1 or Sections 4.2, 4.3 and this Section 4.4. The provisions of this Section 4.4 shall similarly apply to successive reclassifications, reorganizations, mergers or consolidations, sales or other transfers.

4.5 Notices of Changes in Warrant. Upon every adjustment of the Warrant Price or the number of shares issuable upon exercise of a Warrant, the Company shall give written notice thereof to the Warrant Agent, which notice shall state the Warrant Price resulting from such adjustment and the increase or decrease, if any, in the number of shares purchasable at such price upon the exercise of a Warrant, setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. Upon the occurrence of any event specified in Sections 4.1, 4.2, 4.3 or 4.4, the Company shall give written notice of the occurrence of such event to each holder of a Warrant, at the last address set forth for such holder in the Warrant Register, of the record date or the effective date of the event. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such event.

4.6 No Fractional Shares. Notwithstanding any provision contained in this Warrant Agreement to the contrary, the Company shall not issue fractional shares upon exercise of Warrants. If, by reason of any adjustment made pursuant to this Section 4, the holder of any Warrant would be entitled, upon the exercise of such Warrant, to receive a fractional interest in a share, the Company shall, upon such exercise, round up to the nearest whole number, the number of the shares of Common Stock to be issued to such holder.

4.7 Form of Warrant. The form of Warrant need not be changed because of any adjustment pursuant to this Section 4, and Warrants issued after such adjustment may state the same Warrant Price and the same number of shares as is stated in the Warrants initially issued pursuant to this Agreement; provided, however, that the Company may at any time in its sole discretion make any change in the form of Warrant that the Company may deem appropriate and that does not affect the substance thereof, and any Warrant thereafter issued or countersigned, whether in exchange or substitution for an outstanding Warrant or otherwise, may be in the form as so changed.

4.8 Other Events. In case any event shall occur affecting the Company as to which none of the provisions of preceding subsections of this Section 4 are strictly applicable, but which would require an adjustment to the terms of the Warrants in order to (i) avoid an adverse impact on the Warrants and (ii) effectuate the intent and purpose of this Section 4, then, in each such case, the Company shall appoint a firm of independent public accountants, investment banking or other appraisal firm of recognized national standing, which shall give its opinion as to whether or not any adjustment to the rights represented by the Warrants is necessary to effectuate the intent and purpose of this Section 4 and, if they determine that an adjustment is necessary, the terms of such adjustment. The Company shall adjust the terms of the Warrants in a manner that is consistent with any adjustment recommended in such opinion.

5. Transfer and Exchange of Warrants.

5.1 Registration of Transfer. The Warrant Agent shall register the transfer, from time to time, of any outstanding Warrant upon the Warrant Register, upon surrender of such Warrant for transfer, properly endorsed with signatures properly guaranteed and accompanied by appropriate instructions for transfer. Upon any such transfer, a new Warrant representing an equal aggregate number of Warrants shall be issued and the old Warrant shall be cancelled by the Warrant Agent. The Warrants so cancelled shall be delivered by the Warrant Agent to the Company from time to time upon request.

5.2 Procedure for Surrender of Warrants. Warrants may be surrendered to the Warrant Agent, together with a written request for exchange or transfer, and thereupon the Warrant Agent shall issue in exchange therefor one or more new Warrants as requested by the Registered Holder of the Warrants so surrendered, representing an equal aggregate number of Warrants; provided, however, that in the event that a Warrant surrendered for transfer bears a restrictive legend (as in the case of the Sponsor Warrants), the Warrant Agent shall not cancel such Warrant and issue new Warrants in exchange thereof until the Warrant Agent has received an opinion of counsel for the Company stating that such transfer may be made and indicating whether the new Warrants must also bear a restrictive legend.

5.3 Fractional Warrants. The Warrant Agent shall not be required to effect any registration of transfer or exchange which shall result in the issuance of a warrant certificate for a fraction of a warrant.

5.4 Service Charges. No service charge shall be made for any exchange or registration of transfer of Warrants.

5.5 Warrant Execution and Countersignature. The Warrant Agent is hereby authorized to countersign and to deliver, in accordance with the terms of this Agreement, the Warrants required to be issued pursuant to the provisions of this Section 5, and the Company, whenever required by the Warrant Agent, shall supply the Warrant Agent with Warrants duly executed on behalf of the Company for such purpose.

5.6 Transfer of Warrants. Prior to the Detachment Date, the Public Warrants may be transferred or exchanged only together with the Unit in which such Warrant is included, and only for the purpose of effecting, or in conjunction with, a transfer or exchange of such Unit. Furthermore, each transfer of a Unit on the register relating to such Units shall operate also to transfer the Warrants included in such Unit. Notwithstanding the foregoing, the provisions of this Section 5.6 shall have no effect on any transfer of Warrants on and after the Detachment Date.

6. Redemption.

6.1 Redemption. Subject to Section 6.4 hereof, not less than all of the outstanding Warrants may be redeemed, at the option of the Company, at any time while they are exercisable and prior to their expiration, at the office of the Warrant Agent, upon notice to the Registered Holders of the Warrants, as described in Section 6.2 below, at the price of \$0.01 per Warrant (the “**Redemption Price**”), provided that the last sales price of the Common Stock reported has been at least \$17.50 per share (subject to adjustment in compliance with Section 4 hereof), on each of twenty (20) trading days within the thirty (30) trading-day period ending on the third Business Day prior to the date on which notice of the redemption is given and provided that there is an effective registration statement covering the shares of Common Stock issuable upon exercise of the Warrants, and a current prospectus relating thereto, available throughout the 30-day Redemption Period (as defined in Section 6.2 below).

6.2 Date Fixed for, and Notice of, Redemption. In the event that the Company elects to redeem all of the Warrants, the Company shall fix a date for the redemption (the “**Redemption Date**”). Notice of redemption shall be mailed by first class mail, postage prepaid, by the Company not less than thirty (30) days prior to the Redemption Date to the Registered Holders of the Warrants to be redeemed at their last addresses as they shall appear on the registration books. Any notice mailed in the manner herein provided shall be conclusively presumed to have been duly given whether or not the Registered Holder received such notice.

6.3 Exercise After Notice of Redemption. The Warrants may be exercised, for cash (or on a “cashless basis” in accordance with subsection 3.3.1(b) of this Agreement) at any time after notice of redemption shall have been given by the Company pursuant to Section 6.2 hereof and prior to the Redemption Date. In the event that the Company determines to require all holders of Warrants to exercise their Warrants on a “cashless basis” pursuant to subsection 3.3.1, the notice of redemption shall contain the information necessary to calculate the number of shares of Common Stock to be received upon exercise of the Warrants, including the “Fair Market Value” (as such term is defined in subsection 3.3.1(b) hereof) in such case. On and after the Redemption Date, the record holder of the Warrants shall have no further rights except to receive, upon surrender of the Warrants, the Redemption Price.

6.4 Exclusion of Sponsor Warrants. The Company agrees that the redemption rights provided in this Section 6 shall not apply to the Sponsor Warrants if at the time of the redemption such Sponsor Warrants continue to be held by the Sponsor or its Permitted Transferees. However, once such Sponsor Warrants are transferred (other than to Permitted Transferees under subsection 2.5), the Company may redeem the Sponsor Warrants, provided that the criteria for redemption are met, including the opportunity of the holder of such Sponsor Warrants to exercise the Sponsor Warrants prior to redemption pursuant to Section 6.3. Sponsor Warrants that are transferred to persons other than Permitted Transferees shall upon such transfer cease to be Sponsor Warrants and shall become Public Warrants under this Agreement.

7. Other Provisions Relating to Rights of Holders of Warrants.

7.1 No Rights as Stockholder. A Warrant does not entitle the Registered Holder thereof to any of the rights of a stockholder of the Company, including, without limitation, the right to receive dividends, or other distributions, exercise any preemptive rights to vote or to consent or to receive notice as stockholders in respect of the meetings of stockholders or the election of directors of the Company or any other matter.

7.2 Lost, Stolen, Mutilated, or Destroyed Warrants. If any Warrant is lost, stolen, mutilated, or destroyed, the Company and the Warrant Agent may on such terms as to indemnity or otherwise as they may in their discretion impose (which shall, in the case of a mutilated Warrant, include the surrender thereof), issue a new Warrant of like denomination, tenor, and date as the Warrant so lost, stolen, mutilated, or destroyed. Any such new Warrant shall constitute a substitute contractual obligation of the Company, whether or not the allegedly lost, stolen, mutilated, or destroyed Warrant shall be at any time enforceable by anyone.

7.3 Reservation of the Common Stock. The Company shall at all times reserve and keep available a number of its authorized but unissued shares of Common Stock that shall be sufficient to permit the exercise in full of all outstanding Warrants issued pursuant to this Agreement.

7.4 Registration of the Common Stock. The Company agrees that as soon as practicable, but in no event later than fifteen (15) Business Days after the closing of its initial Business Combination, it shall use its best efforts to file with the Commission a post-effective amendment to the Registration Statement, or a new registration statement, for the registration, under the Securities Act, of the shares of Common Stock issuable upon exercise of the Warrants, and it shall use its best efforts to take such action as is necessary to register or qualify for sale, in those states in which the Warrants were initially offered by the Company, the shares of Common Stock issuable upon exercise of the Warrants, to the extent an exemption is not available. The Company shall use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Warrants in accordance with the provisions of this Agreement. If any such post-effective amendment or registration statement has not been declared effective by the 60th Business Day following the closing of the Business Combination, holders of the Warrants shall have the right, during the period beginning on the 61st Business Day after the closing of the Business Combination and ending upon such post-effective amendment or registration statement being declared effective by the Commission, and during any other period when the Company shall fail to have maintained an effective registration statement covering the shares of Common Stock issuable upon exercise of the Warrants, to exercise such Warrants on a “cashless basis,” by exchanging the Warrants (in accordance with Section 3(a)(9) of the Act or another exemption) for that number of shares of Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Common Stock underlying the Warrants, multiplied by the difference between the Warrant Price and the “Fair Market Value” (as defined below) by (y) the Fair Market Value. Solely for purposes of this Section 7.4, “Fair Market Value” shall mean the volume weighted average price of the Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the date that notice of exercise is received by the Warrant Agent from the holder of such Warrants or its securities broker or intermediary. The date that notice of cashless exercise is received by the Warrant Agent shall be conclusively determined by the Warrant Agent. The Company shall provide the Warrant Agent with an opinion of counsel for the Company (which shall be an outside law firm with securities law experience) stating that (i) the exercise of the Warrants on a cashless basis in accordance with this Section 7.4 is not required to be registered under the Securities Act and (ii) the shares of Common Stock issued upon such exercise shall be freely tradable under United States federal securities laws by anyone who is not an affiliate (as such term is defined in Rule 144 under the Securities Act) of the Company and, accordingly, shall not be required to bear a restrictive legend. For the avoidance of any doubt, (i) unless and until all of the Warrants have been exercised on a cashless basis, the Company shall continue to be obligated to comply with its registration obligations under the first three sentences of this Section 7.4, and (ii) no holder of Warrants shall have the right to exercise any Warrants on a cashless basis unless the Common Stock issuable upon exercise of such Warrants is registered or qualified, or exempt from registration or qualification, under the blue sky laws of the state of residence of the exercising holder. In addition, if an exercising Warrant holder is an institutional investor and is not a resident of a state in which the Warrants were initially offered by the Company (as to which state the Company is required to take certain actions pursuant to the first sentence of this Section 7.4), the Company agrees to use its best efforts to take such action, if any, as is necessary to permit the issuance of shares of Common Stock upon exercise of such holder’s Warrants pursuant to the institutional investor exemptions under the blue sky laws of the state of such holder’s residence.

8. Concerning the Warrant Agent and Other Matters.

8.1 Payment of Taxes. The Company shall from time to time promptly pay all taxes and charges that may be imposed upon the Company or the Warrant Agent in respect of the issuance or delivery of shares of Common Stock upon the exercise of the Warrants, but the Company shall not be obligated to pay any transfer taxes in respect of the Warrants or such shares.

8.2 Resignation, Consolidation, or Merger of Warrant Agent

8.2.1 Appointment of Successor Warrant Agent. The Warrant Agent, or any successor to it hereafter appointed, may resign its duties and be discharged from all further duties and liabilities hereunder after giving sixty (60) days’ notice in writing to the Company. If the office of the Warrant Agent becomes vacant by resignation or incapacity to act or otherwise, the Company shall appoint in writing a successor Warrant Agent in place of the Warrant Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after it has been notified in writing of such resignation or incapacity by the Warrant Agent or by the holder of a Warrant (who shall, with such notice, submit his Warrant for inspection by the Company), then the holder of any Warrant may apply to the Supreme Court of the State of New York for the County of New York for the appointment of a successor Warrant Agent at the Company’s cost. Any successor Warrant Agent, whether appointed by the Company or by such court, shall be a corporation organized and existing under the laws of the State of New York, in good standing and having its principal office in the Borough of Manhattan, City and State of New York, and authorized under such laws to exercise corporate trust powers and subject to supervision or examination by federal or state authority. After appointment, any successor Warrant Agent shall be vested with all the authority, powers, rights, immunities, duties, and obligations of its predecessor Warrant Agent with like effect as if originally named as Warrant Agent hereunder, without any further act or deed; but if for any reason it becomes necessary or appropriate, the predecessor Warrant Agent shall execute and deliver, at the expense of the Company, an instrument transferring to such successor Warrant Agent all the authority, powers, and rights of such predecessor Warrant Agent hereunder; and upon request of any successor Warrant Agent the Company shall make, execute, acknowledge, and deliver any and all instruments in writing for more fully and effectually vesting in and confirming to such successor Warrant Agent all such authority, powers, rights, immunities, duties, and obligations.

8.2.2 Notice of Successor Warrant Agent. In the event a successor Warrant Agent shall be appointed, the Company shall give notice thereof to the predecessor Warrant Agent and the Transfer Agent for the Common Stock not later than the effective date of any such appointment.

8.2.3 Merger or Consolidation of Warrant Agent. Any corporation into which the Warrant Agent may be merged or with which it may be consolidated or any corporation resulting from any merger or consolidation to which the Warrant Agent shall be a party shall be the successor Warrant Agent under this Agreement without any further act.

8.3 Fees and Expenses of Warrant Agent

8.3.1 Remuneration. The Company agrees to pay the Warrant Agent reasonable remuneration for its services as such Warrant Agent hereunder and shall, pursuant to its obligations under this Agreement, reimburse the Warrant Agent upon demand for all expenditures that the Warrant Agent may reasonably incur in the execution of its duties hereunder.

8.3.2 Further Assurances. The Company agrees to perform, execute, acknowledge, and deliver or cause to be performed, executed, acknowledged, and delivered all such further and other acts, instruments, and assurances as may reasonably be required by the Warrant Agent for the carrying out or performing of the provisions of this Agreement.

8.4 Liability of Warrant Agent

8.4.1 Reliance on Company Statement. Whenever in the performance of its duties under this Warrant Agreement, the Warrant Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a statement signed by the President or Chairman of the Board of the Company and delivered to the Warrant Agent. The Warrant Agent may rely upon such statement for any action taken or suffered in good faith by it pursuant to the provisions of this Agreement.

8.4.2 Indemnity. The Warrant Agent shall be liable hereunder only for its own gross negligence, willful misconduct or bad faith. The Company agrees to indemnify the Warrant Agent and save it harmless against any and all liabilities, including judgments, costs and reasonable counsel fees, for anything done or omitted by the Warrant Agent in the execution of this Agreement, except as a result of the Warrant Agent's gross negligence, willful misconduct or bad faith.

8.4.3 Exclusions. The Warrant Agent shall have no responsibility with respect to the validity of this Agreement or with respect to the validity or execution of any Warrant (except its countersignature thereof). The Warrant Agent shall not be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Warrant. The Warrant Agent shall not be responsible to make any adjustments required under the provisions of Section 4 hereof or responsible for the manner, method, or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment; nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any shares of Common Stock to be issued pursuant to this Agreement or any Warrant or as to whether any shares of Common Stock shall, when issued, be valid and fully paid and nonassessable.

8.5 Acceptance of Agency. The Warrant Agent hereby accepts the agency established by this Agreement and agrees to perform the same upon the terms and conditions herein set forth and among other things, shall account promptly to the Company with respect to Warrants exercised and concurrently account for, and pay to the Company, all monies received by the Warrant Agent for the purchase of shares of Common Stock through the exercise of the Warrants.

8.6 Waiver. The Warrant Agent has no right of set-off or any other right, title, interest or claim of any kind ("***Claim***") in, or to any distribution of, the Trust Account (as defined in that certain Investment Management Trust Agreement, dated as of the date hereof, by and between the Company and the Warrant Agent as trustee thereunder) and hereby agrees not to seek recourse, reimbursement, payment or satisfaction for any Claim against the Trust Account for any reason whatsoever. The Warrant Agent hereby waives any and all Claims against the Trust Account and any and all rights to seek access to the Trust Account.

9. Miscellaneous Provisions.

9.1 Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Warrant Agent shall bind and inure to the benefit of their respective successors and assigns.

9.2 Notices. Any notice, statement or demand authorized by this Warrant Agreement to be given or made by the Warrant Agent or by the holder of any Warrant to or on the Company shall be sufficiently given when so delivered if by hand or overnight delivery or if sent by certified mail or private courier service within five (5) days after deposit of such notice, postage prepaid, addressed (until another address is filed in writing by the Company with the Warrant Agent), as follows:

9.3 Applicable Law. The validity, interpretation, and performance of this Agreement and of the Warrants shall be governed in all respects by the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The Company hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such jurisdiction, which jurisdiction shall be exclusive. The Company hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

Further, the members of the Sponsor shall not vote any Warrants owned or controlled by them in favor of such amendment unless the Registered Holders of 65% of the Public Warrants vote in favor of such amendment. Notwithstanding the foregoing, the Company may lower the Warrant Price or extend the duration of the Exercise Period pursuant to Sections 3.1 and 3.2, respectively, without the consent of the Registered Holders.

The Sponsor agrees that if the Company seeks stockholder approval of a proposed Business Combination, then in connection with such proposed Business Combination, it (i) shall vote all Founder Shares in accordance with the majority of the votes cast by the Public Stockholders and (ii) shall vote any shares acquired by it in the Public Offering or the secondary public market in favor of such proposed Business Combination.

2. The Sponsor and Members hereby agree that in the event that the Company fails to consummate a Business Combination (as defined in the Underwriting Agreement) within 21 months from the closing of the Public Offering or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends, the Sponsor and each Member shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, redeem 100% of the Common Stock sold as part of the Units in the Offering, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the Trust Account which is received after the redemption shall be distributed to the former Public Stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and other requirements of applicable law.

Each of the Members and the Sponsor acknowledges that they have no right, title, interest or claim of any kind in or to any monies held in the Trust Account or any other asset of the Company as a result of any liquidation of the Company with respect to the Founder Shares. The Sponsor and each of the Members hereby further waive, with respect to any shares of the Common Stock held by it, any redemption rights it may have in connection with the consummation of a Business Combination, including, without limitation, any such rights available in the context of a stockholder vote to approve such Business Combination or in the context of a tender offer made by the Company to purchase shares of the Common Stock (although the Sponsor and the Members shall be entitled to redemption and liquidation rights with respect to any shares of the Common Stock (other than the Founder Shares) they hold if the Company fails to consummate a Business Combination within 21 months from the date of the closing of the Public Offering or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends).

3. During the period commencing on the effective date of the Underwriting Agreement and ending 180 days after such date, the Sponsor and the Members shall not (i) sell, offer to sell, contract or agree to sell, hypothecate, pledge, grant any option to purchase or otherwise dispose of or agree to dispose of, directly or indirectly, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Commission promulgated thereunder, with respect to any Units, shares of Common Stock, Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock owned by him, her or it, (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Units, shares of Common Stock, Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of Common Stock owned by him, her or it, whether any such transaction is to be settled by delivery of such securities, in cash or otherwise, or (iii) publicly announce any intention to effect any transaction specified in clause (i) or (ii).

4. In the event of the liquidation of the Trust Account, Harry E. Sloan and Jeff Sagansky (the “**Indemnitors**”) jointly and severally agree to indemnify and hold harmless the Company against any and all loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all legal or other expenses reasonably incurred in investigating, preparing or defending against any litigation, whether pending or threatened, or any claim whatsoever) to which the Company may become subject as a result of any claim by (i) any third party for services rendered or products sold to the Company or (ii) a prospective target business with which the Company has entered into an acquisition agreement (a “**Target**”); provided, however, that such indemnification of the Company by the Indemnitors shall apply only to the extent necessary to ensure that such claims by a third party for services rendered (other than the Company’s independent public accountants) or products sold to the Company or a Target do not reduce the amount of funds in the Trust Account to below \$10.00 per share of the Common Stock sold in the Public Offering (the “**Offering Shares**”) (or approximately \$9.97 per Offering Share if the underwriters’ over-allotment option, as described in the Prospectus, is exercised in full, or such pro rata amount in between \$9.97 and \$10.00 per Offering Share that corresponds to the portion of the over-allotment option that is exercised), and provided, further, that only if such third party or Target has not executed an agreement waiving claims against and all rights to seek access to the Trust Account whether or not such agreement is enforceable. In the event that any such executed waiver is deemed to be unenforceable against such third party, the Indemnitors shall not be responsible for any liability as a result of any such third party claims. Notwithstanding any of the foregoing, such indemnification of the Company by the Indemnitors shall not apply as to any claims under the Company’s obligation to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended. The Indemnitors shall have the right to defend against any such claim with counsel of its choice reasonably satisfactory to the Company if, within 15 days following written receipt of notice of the claim to the Indemnitors, the Indemnitors notify the Company in writing that it shall undertake such defense.

5. To the extent that the Underwriters do not exercise their over-allotment option to purchase an additional 2,625,000 shares of the Common Stock (as described in the Prospectus), the Sponsor agrees that it shall return to the Company for cancellation, at no cost, the number of Founder Shares held by the Sponsor determined by multiplying 4,240,976 by a fraction, (i) the numerator of which is 2,625,000 minus the number of shares of the Common Stock purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 2,625,000. The Sponsor further agrees that to the extent that (a) the size of the Public Offering is increased or decreased and (b) the Sponsor has either purchased or sold shares of the Common Stock or an adjustment to the number of Founder Shares has been effected by way of a stock split, stock dividend, reverse stock split, contribution back to capital or otherwise, in each case in connection with such increase or decrease in the size of the Public Offering, then (i) the references to 2,625,000 in the numerator and denominator of the formula in the immediately preceding sentence shall be changed to a number equal to 15% of the number of shares included in the Units issued in the Public Offering and (ii) the reference to 4,240,976 in the formula set forth in the immediately preceding sentence shall be adjusted to such number of shares of the Common Stock that the Sponsor would have to return to the Company in order to hold 17.82% of the Company’s issued and outstanding shares after the Public Offering (assuming the Underwriters do not exercise their over-allotment option). In addition, a portion of the Founder Shares in an amount equal to 3.96% of the Company’s issued and outstanding shares immediately after the Public Offering, shall be returned to the Company for cancellation, at no cost, in the event that the last sales price of the Company’s stock does not equal or exceed \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within thirty-six (36) months following the closing of the Company’s initial Business Combination or the Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of its stockholders having the right to exchange their shares of common stock for consideration in cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like).

6. (a) In order to minimize potential conflicts of interest which may arise from multiple corporate affiliations, each Member agrees that until the earliest of the completion of the Company's initial Business Combination, the Company's failure to complete an initial Business Combination in the prescribed time frame or such time as he ceases to be an officer or director of the Company, he shall present to the Company for its consideration, prior to presentation to any other entity, any business combination opportunity with a target business having an enterprise value of \$100,000,000 or more, subject to any fiduciary duties or contractual obligations he may have, currently or in the future, in respect of the companies to which he currently has fiduciary duties or contractual obligations.

(b) Each Member understands that the Company may effect a Business Combination with a single target business or multiple target businesses simultaneously and agrees that he shall not participate in the formation of, or become an officer or director of, any blank check company until the Company has entered into a definitive agreement regarding its initial Business Combination or the Company has failed to complete an initial Business Combination within 24 months from the closing of the Public Offering; provided, however, that nothing contained herein shall override any Member's fiduciary obligations to any entity with which he, she or it is currently directly or indirectly associated or affiliated or by whom he is currently employed.

(c) Each Member hereby agrees and acknowledges that (i) each of the Underwriters and the Company would be irreparably injured in the event of a breach by such Member of his obligations under paragraphs 6(a) and/or 6(b) herein, (ii) monetary damages may not be an adequate remedy for such breach and (iii) the non-breaching party shall be entitled to injunctive relief, in addition to any other remedy that such party may have in law or in equity, in the event of such breach.

7. Each Member's biographical information furnished to the Company and attached here as Exhibit A is true and accurate in all respects and does not omit any material information with respect to such Member's background. The Member's questionnaire furnished to the Company and attached hereto as Exhibit B is true and accurate in all respects. Each Member represents and warrants that: such Member is not subject to or a respondent in any legal action for, any injunction, cease-and-desist order or order or stipulation to desist or refrain from any act or practice relating to the offering of securities in any jurisdiction; such Member has never been convicted of, or pleaded guilty to, any crime (i) involving fraud, (ii) relating to any financial transaction or handling of funds of another person, or (iii) pertaining to any dealings in any securities and such Member is not currently a defendant in any such criminal proceeding; and neither such Member nor the Sponsor has ever been suspended or expelled from membership in any securities or commodities exchange or association or had a securities or commodities license or registration denied, suspended or revoked.

8. Except as disclosed in the Prospectus, neither the Sponsor, any Member, nor any affiliate of the Sponsor or any Member, nor any director or officer of the Company, shall receive any finder's fee, reimbursement, consulting fee, monies in respect of any repayment of a loan or other compensation prior to, or in connection with any services rendered in order to effectuate the consummation of the Company's initial Business Combination (regardless of the type of transaction that it is), other than the following: repayment of a loan of up to \$200,000 made to the Company by the Sponsor, pursuant to a Promissory Note dated February 2, 2011; payment of an aggregate of \$10,000 per month to Roscomare Ltd., for office space, secretarial and administrative services, pursuant to an Administrative Support Agreement, dated February 2, 2011; payment of consulting fees payable to James A. Graf, or an entity owned or controlled by Mr. Graf, of \$15,000 per month for services prior to the closing of our initial business combination pursuant to a Consulting Agreement, dated _____, 2011; reimbursement for any reasonable out-of-pocket expenses related to identifying, investigating and consummating an initial Business Combination, so long as no proceeds of the Public Offering held in the Trust Account may be applied to the payment of such expenses prior to the consummation of a Business Combination, except that the Company may, for purposes of funding its working capital requirements (including paying such expenses), receive from the Trust Account up to \$1,750,000 in interest income (net of franchise and income taxes payable), in the event the underwriters' over-allotment option in the Public Offering is not exercised in full, or \$2,012,500 in interest income (net of franchise and income taxes payable), if the underwriters' over-allotment option in the Public Offering is exercised in full (or, if the over-allotment option is not exercised in full, but is exercised in part, the amount in interest income (net of franchise and income taxes payable) to be released shall be increased proportionally in relation to the proportion of the over-allotment option which was exercised); and repayment of loans, if any, and on such terms as to be determined by the Company from time to time, made by the Sponsor or an affiliate of the Sponsor or certain of the Company's officers and directors to finance transaction costs in connection with an intended initial Business Combination, provided, that, if the Company does not consummate an initial Business Combination, a portion of the working capital held outside the Trust Account may be used by the Company to repay such loaned amounts so long as no proceeds from the Trust Account are used for such repayment; provided, however, that the Company may, for purposes of funding its working capital requirements (including repaying such loans), receive from the Trust Account up to \$1,750,000 in interest income (net of taxes payable on such interest), in the event the underwriters' over-allotment option in the Public Offering is not exercised in full, or \$2,012,500 in interest income (net of taxes payable on such interest), if the underwriters' over-allotment option in the Public Offering is exercised in full (or, if the over-allotment option is not exercised in full, but is exercised in part, the amount in interest income (net of taxes payable on such interest) to be released shall be increased proportionally in relation to the proportion of the over-allotment option which was exercised).

9. The Sponsor and each Member have full right and power, without violating any agreement to which he or it is bound (including, without limitation, any non-competition or non-solicitation agreement with any employer or former employer), to enter into this Letter Agreement and each Member hereby consents to being named in the Prospectus as an officer and/or director of the Company.

10. As used herein, (i) “**Business Combination**” shall mean a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses; (ii) “**Founder Shares**” shall mean the 4,417,683 shares of the Common Stock of the Company acquired by the Sponsor for an aggregate purchase price of \$25,000, or approximately \$0.01 per share, prior to the consummation of the Public Offering, adjusted to reflect the return and cancellation of such shares on _____; (iii) “**Sponsor Warrants**” shall mean the Warrants to purchase up to 7,000,000 shares of the Common Stock of the Company that are acquired by the Members for an aggregate purchase price of \$5,250,000 million, or \$0.75 per Warrant in a private placement that shall occur simultaneously with the consummation of the Public Offering; (iv) “**Public Stockholders**” shall mean the holders of securities issued in the Public Offering; and (v) “**Trust Account**” shall mean the trust fund into which a portion of the net proceeds of the Public Offering shall be deposited.

11. This Letter Agreement, and the exhibits thereto, constitute the entire agreement and understanding of the parties hereto in respect of the subject matter hereof and supersede all prior understandings, agreements, or representations by or among the parties hereto, written or oral, to the extent they relate in any way to the subject matter hereof or the transactions contemplated hereby. This Letter Agreement may not be changed, amended, modified or waived (other than to correct a typographical error) as to any particular provision, except by a written instrument executed by all parties hereto.

12. No party hereto may assign either this Letter Agreement or any of its rights, interests, or obligations hereunder without the prior written consent of the other party. Any purported assignment in violation of this paragraph shall be void and ineffectual and shall not operate to transfer or assign any interest or title to the purported assignee. This Letter Agreement shall be binding on the Sponsor, each of the Members and each of their respective successors, heirs, personal representatives and assigns.

13. This Letter Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The parties hereto (i) all agree that any action, proceeding, claim or dispute arising out of, or relating in any way to, this Letter Agreement shall be brought and enforced in the courts of New York City, in the State of New York, and irrevocably submits to such jurisdiction and venue, which jurisdiction and venue shall be exclusive and (ii) waives any objection to such exclusive jurisdiction and venue or that such courts represent an inconvenient forum.

14. Any notice, consent or request to be given in connection with any of the terms or provisions of this Letter Agreement shall be in writing and shall be sent by express mail or similar private courier service, by certified mail (return receipt requested), by hand delivery or facsimile transmission.

15. This Letter Agreement shall terminate on the earlier of (i) the expiration of the applicable Escrow Period (as such term is defined in the Escrow Agreement dated as of _____, 2011 among the Company, the Sponsor, American Stock Transfer & Trust Company, LLC and the other parties thereto), or (ii) the liquidation of the Company; provided, however, that this Letter Agreement shall earlier terminate in the event that the Public Offering is not consummated and closed by _____, provided further that paragraph 4 of this Letter Agreement shall survive such liquidation.

Re: Initial Public Offering

Gentlemen:

This letter ("**Letter Agreement**") is being delivered to you in accordance with the Underwriting Agreement (the "**Underwriting Agreement**") entered into by and between Global Eagle Acquisition Corp., a Delaware corporation (the "**Company**") and Citigroup Global Markets Inc., as representative of the several underwriters (the "**Underwriters**"), relating to an underwritten initial public offering (the "**Public Offering**"), of 17,500,000 of the Company's units (the "**Units**"), each comprised of one share of the Company's common stock, par value \$0.0001 per share (the "**Common Stock**"), and one warrant exercisable for one share of Common Stock (each, a "**Warrant**"). The Units sold in the Offering shall be quoted and traded on the Over-the-Counter Bulletin Board pursuant to a registration statement on Form S-1 and prospectus (the "**Prospectus**") filed by the Company with the Securities and Exchange Commission (the "**Commission**"). Certain capitalized terms used herein are defined in paragraph 6 hereof.

In order to induce the Company and the Underwriters to enter into the Underwriting Agreement and to proceed with the Public Offering, the Company has entered into that certain letter agreement, dated as of _____, 2011, by and among Global Eagle Acquisition LLC (the "**Sponsor**") and the members of the Sponsor (the "**Members**").

Therefore, in order to induce the Company and the Underwriters to enter into the Underwriting Agreement and to proceed with the Public Offering and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby agrees with the Company as follows:

1. The undersigned hereby agrees that in the event that the Company fails to consummate a Business Combination (as defined in the Underwriting Agreement) within 21 months from the closing of the Public Offering or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21 month period ends, he or she shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, redeem 100% of the Common Stock sold as part of the Units in the Public Offering, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest but net of franchise and income taxes payable (less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and subject to the requirement that any refund of income taxes that were paid from the Trust Account which is received after the redemption shall be distributed to the former Public Stockholders, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and other requirements of applicable law.

2. (a) The undersigned agrees that if the Company seeks stockholder approval of a proposed Business Combination, then in connection with such proposed Business Combination, he or she shall (i) vote all the Founder Shares owned by him or her in accordance with the majority of the votes cast by the Public Stockholders and (ii) vote any shares acquired by him or her in the Public Offering or the secondary public market in favor of such proposed Business Combination.

(b) To the extent that the Underwriters do not exercise their over-allotment option to purchase an additional 2,625,000 shares of Common Stock (as described in the Prospectus), the undersigned agrees that he or she shall return to the Company for cancellation, at no cost, the number of Founder Shares held by him or her determined by multiplying 22,088 by a fraction, (i) the numerator of which is 2,625,000 minus the number of shares of the Common Stock purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 2,625,000. The undersigned further agrees that to the extent that (a) the size of the Public Offering is increased or decreased and (b) the undersigned has either purchased or sold shares of the Common Stock or an adjustment to the number of Founder Shares has been effected by way of a stock split, stock dividend, reverse stock split, contribution back to capital or otherwise, in each case in connection with such increase or decrease in the size of the Public Offering, then (i) the references to 2,625,000 in the numerator and denominator of the formula in the immediately preceding sentence shall be changed to a number equal to 15% of the number of shares included in the Units issued in the Public Offering and (ii) the reference to 22,088 in the formula set forth in the immediately preceding sentence shall be adjusted to such number of shares of the Common Stock that the undersigned would have to return to the Company in order to hold 0.09% of the Company's issued and outstanding shares after the Public Offering (assuming the Underwriters do not exercise their over-allotment option). In addition, a portion of the Founder Shares held by him or her in an amount equal to 0.02% of the Company's issued and outstanding shares immediately after the Public Offering, shall be returned to the Company for cancellation, at no cost, in the event that the last sales price of the Company's stock does not equal or exceed \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within thirty-six (36) months following the closing of the Company's initial Business Combination or the Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of its stockholders having the right to exchange their shares of common stock for consideration in cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like).

(c) The undersigned acknowledges that he or she has no right, title, interest or claim of any kind in or to any monies held in the Trust Account or any other asset of the Company as a result of any liquidation of the Company with respect to the Founder Shares held by him or her. The undersigned hereby further waives, with respect to any shares of the Common Stock held by him or her, any redemption rights he or she may have in connection with the consummation of a Business Combination, including, without limitation, any such rights available in the context of a stockholder vote to approve such Business Combination or in the context of a tender offer made by the Company to purchase shares of the Common Stock (although the undersigned shall be entitled to redemption and liquidation rights with respect to any shares of the Common Stock (other than the Founder Shares) he or she holds if the Company fails to consummate a Business Combination within 21 months from the date of the closing of the Public Offering or 24 months from the closing of the Public Offering if a letter of intent or definitive agreement relating to a prospective Business Combination is executed before the 21-month period ends).

3. The undersigned's biographical information furnished to the Company and attached here as Exhibit A is true and accurate in all respects and does not omit any material information with respect to the undersigned's background. The undersigned's questionnaire furnished to the Company and attached hereto as Exhibit B is true and accurate in all respects. The undersigned represents and warrants that:

(a) the undersigned is not subject to or a respondent in any legal action for, any injunction, cease-and-desist order or order or stipulation to desist or refrain from any act or practice relating to the offering of securities in any jurisdiction;

(b) the undersigned has never been convicted of, or pleaded guilty to, any crime (i) involving fraud, (ii) relating to any financial transaction or handling of funds of another person, or (iii) pertaining to any dealings in any securities and the undersigned is not currently a defendant in any such criminal proceeding; and

(c) the undersigned has never been suspended or expelled from membership in any securities or commodities exchange or association or had a securities or commodities license or registration denied, suspended or revoked.

4. Except as disclosed in the Prospectus, neither the undersigned nor any affiliate of the undersigned, shall receive any finder's fee, reimbursement, consulting fee, monies in respect of any repayment of a loan or other compensation prior to, or in connection with any services rendered in order to effectuate the consummation of the Company's initial Business Combination (regardless of the type of transaction that it is), other than the following:

(a) repayment of a loan of up to \$200,000 made to the Company by the Sponsor, pursuant to a Promissory Note, dated February 2, 2011;

(b) payment of an aggregate of \$10,000 per month to Roscomare Ltd., for office space, secretarial and administrative services, pursuant to an Administrative Support Agreement, dated February 2, 2011;

(c) payment of consulting fees payable to James A. Graf, or an entity owned or controlled by Mr. Graf, of \$15,000 per month for services prior to the closing of our initial business combination pursuant to a Consulting Agreement, dated _____, 2011

(d) reimbursement for any reasonable out-of-pocket expenses related to identifying, investigating and consummating an initial Business Combination, so long as no proceeds of the Public Offering held in the Trust Account may be applied to the payment of such expenses prior to the consummation of a Business Combination, except that the Company may, for purposes of funding its working capital requirements (including paying such expenses), receive from the Trust Account up to \$1,750,000 in interest income (net of franchise and income taxes payable), in the event the underwriters' over-allotment option in the Public Offering is not exercised in full, or \$2,012,500 in interest income (net of franchise and income taxes payable), if the underwriters' over-allotment option in the Public Offering is exercised in full (or, if the over-allotment option is not exercised in full, but is exercised in part, the amount in interest income (net of franchise and income taxes payable) to be released shall be increased proportionally in relation to the proportion of the over-allotment option which was exercised); and

(e) repayment of loans, if any, and on such terms as to be determined by the Company from time to time, made by the Sponsor or an affiliate of the Sponsor or certain of the Company's officers and directors to finance transaction costs in connection with an intended initial Business Combination, provided, that, if the Company does not consummate an initial Business Combination, a portion of the working capital held outside the Trust Account may be used by the Company to repay such loaned amounts so long as no proceeds from the Trust Account are used for such repayment; provided, however, that the Company may, for purposes of funding its working capital requirements (including repaying such loans), receive from the Trust Account up to \$1,750,000 in interest income (net of taxes payable on such interest), in the event the underwriters' over-allotment option in the Public Offering is not exercised in full, or \$2,012,500 in interest income (net of taxes payable on such interest), if the underwriters' over-allotment option in the Public Offering is exercised in full (or, if the over-allotment option is not exercised in full, but is exercised in part, the amount in interest income (net of taxes payable on such interest) to be released shall be increased proportionally in relation to the proportion of the over-allotment option which was exercised).

5. The undersigned has full right and power, without violating any agreement to which he or she is bound (including, without limitation, any non-competition or non-solicitation agreement with any employer or former employer), to enter into this Letter Agreement and to serve as an officer of the Company or as a director on the board of directors of the Company, as applicable, and hereby consents to being named in the Prospectus as an officer and/or as a director of the Company, as applicable.

6. As used in this Letter Agreement, (i) "**Business Combination**" shall mean a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination, involving the Company and one or more businesses; (ii) "**Founder Shares**" shall mean the 4,417,683 shares of the Common Stock of the Company acquired by the Sponsor for an aggregate purchase price of \$25,000, or approximately \$0.01 per share, prior to the consummation of the Public Offering, adjusted to reflect the return and cancellation of such shares on _____, 2011; (iii) "**Public Stockholders**" shall mean the holders of securities issued in the Public Offering; and (iv) "**Trust Account**" shall mean the trust fund into which a portion of the net proceeds of the Public Offering will be deposited.

7. This Letter Agreement, and the exhibits thereto, constitute the entire agreement and understanding of the parties hereto in respect of the subject matter hereof and supersede all prior understandings, agreements, or representations by or among the parties hereto, written or oral, to the extent they relate in any way to the subject matter hereof or the transactions contemplated hereby. This Letter Agreement may not be changed, amended, modified or waived (other than to correct a typographical error) as to any particular provision, except by a written instrument executed by the parties hereto.

8. Neither party may assign either this Letter Agreement or any of its rights, interests, or obligations hereunder without the prior written consent of the other party. Any purported assignment in violation of this paragraph shall be void and ineffectual and shall not operate to transfer or assign any interest or title to the purported assignee. This Letter Agreement shall be binding on the undersigned and each of his or her heirs, personal representatives and assigns.

9. This Letter Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The parties hereto (i) agree that any action, proceeding, claim or dispute arising out of, or relating in any way to, this Letter Agreement shall be brought and enforced in the courts of New York City, in the State of New York, and irrevocably submits to such jurisdiction and venue, which jurisdiction and venue shall be exclusive and (ii) waives any objection to such exclusive jurisdiction and venue or that such courts represent an inconvenient forum.

10. Any notice, consent or request to be given in connection with any of the terms or provisions of this Letter Agreement shall be in writing and shall be sent by express mail or similar private courier service, by certified mail (return receipt requested), by hand delivery or facsimile transmission.

11. This Letter Agreement shall terminate on the earlier of (i) the expiration of the applicable Escrow Period (as such term is defined in the Escrow Agreement dated as of _____, 2011 among the Company, the Sponsor, American Stock Transfer & Trust Company, LLC and the other parties thereto), or (ii) the liquidation of the Company; provided, however, that this Letter Agreement shall earlier terminate in the event that the Public Offering is not consummated and closed by _____, 2011.

INVESTMENT MANAGEMENT TRUST AGREEMENT

This Agreement is made effective as of _____, 2011 by and between Global Eagle Acquisition Corp., a Delaware corporation (the “**Company**”), and American Stock Transfer & Trust Company, LLC (the “**Trustee**”).

NOW THEREFORE, IT IS AGREED:

1. Agreements and Covenants of Trustee. The Trustee hereby agrees and covenants to:

(a) Hold the Property in trust for the Beneficiaries in accordance with the terms of this Agreement in the Trust Account at Citibank, N.A. and at a brokerage institution selected by the Trustee that is satisfactory to the Company;

(b) Manage, supervise and administer the Trust Account subject to the terms and conditions set forth herein;

(c) In a timely manner, upon the written instruction of the Company invest and reinvest the Property in United States government securities within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, having a maturity of 180 days or less, or in money market funds meeting the conditions of paragraphs (c)(2), (c)(3), (c)(4) and (c)(5) of Rule 2a-7 promulgated under the Investment Company Act of 1940, as amended, as determined by the Company; it being understood that the Trust Account will earn no interest while account funds are uninvested awaiting the Company’s instructions hereunder;

(d) Collect and receive, when due, all interest or other income arising from the Property, which shall become part of the “Property,” as such term is used herein;

(e) Promptly notify the Company and Citigroup Global Markets Inc. of all communications received by the Trustee with respect to any Property requiring action by the Company;

(f) Supply any necessary information or documents as may be requested by the Company (or its authorized agents) in connection with the Company’s preparation of the tax returns relating to assets held in the Trust Account;

(g) Participate in any plan or proceeding for protecting or enforcing any right or interest arising from the Property if, as and when instructed by the Company to do so;

(h) Render to the Company monthly written statements of the activities of, and amounts in, the Trust Account reflecting all receipts and disbursements of the Trust Account;

(i) Commence liquidation of the Trust Account only after and promptly after (x) receipt of, and only in accordance with, the terms of a letter ("**Termination Letter**") in a form substantially similar to that attached hereto as either Exhibit A or Exhibit B signed on behalf of the Company by its Chief Executive Officer or Chairman of the board of directors (the "**Board**") or other authorized officer of the Company, and complete the liquidation of the Trust Account and distribute the Property in the Trust Account only as directed in the Termination Letter and the other documents referred to therein (less up to \$100,000 of all interest arising from the Property that may be released to the Company to pay dissolution expenses) or (y) _____¹, if a Termination Letter has not been received by the Trustee prior to such date, in which case the Trust Account shall be liquidated in accordance with the procedures set forth in the Termination Letter attached as Exhibit B and the Property in the Trust Account distributed to the Public Stockholders of record as of such date (less up to \$100,000 of all interest arising from the Property that may be released to the Company to pay dissolution expenses); provided, however, that in the event the Trustee receives a Termination Letter in a form substantially similar to Exhibit B hereto, or if the Trustee begins to liquidate the Property because it has received no such Termination Letter by _____², the Trustee shall keep the Trust Account open until the earliest to occur of (i) twelve (12) months following the date the Property has been distributed to the Public Stockholders; (ii) the Trustee's receipt of a letter in a form substantially similar to Exhibit D hereto and the completion by the Trustee of the distribution of the amounts specified therein; and (iii) the Trustee's receipt of a written notice from the Company's independent registered public accountants stating that the Company will not be receiving any tax refund on its income tax payments;

(j) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit C (a "**Tax Payment Withdrawal Instruction**"), withdraw from the Trust Account and distribute to the Company the amount requested by the Company to cover any income or franchise tax obligation owed by the Company as a result of assets of the Company or interest or other income earned on the Property, which amount shall be delivered directly to the Company by electronic funds transfer or other method of prompt payment, and the Company shall forward such payment to the relevant taxing authority; provided, however, that to the extent there is not sufficient cash in the Trust Account to pay such tax obligation, the Trustee shall liquidate such assets held in the Trust Account as shall be designated by the Company in writing to make such distribution; provided further that if the tax to be paid is a franchise tax, the written request by the Company to make such distribution shall be accompanied by a copy of the franchise tax bill from the State of Delaware for the Company and a written statement from the principal financial officer of the Company setting forth the actual amount payable. The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to said funds, and the Trustee shall have no responsibility to look beyond said request;

(k) Upon written request from the Company given after distribution of the Property to the Public Stockholders, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit D (a "**Tax Refund Instruction**"), distribute to the Public Stockholders, less amounts to be disbursed to the Company to cover accrued expenses as set forth in the Tax Refund Instruction, amounts deposited by the Company into the Trust Account that the Company has represented to be tax refund(s) of the Company's income tax payments;

(l) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit E (an "**Interest Withdrawal Instruction**"), distribute to the Company the amount requested by the Company to be used for working capital requirements; provided, however, that the aggregate amount of all such distributions pursuant to this Section 1(l) shall not exceed \$[1,750,000] [CONFIRM] in interest income (net of franchise and income taxes payable), in the event the underwriters' over-allotment option in the Offering is not exercised in full, or \$[2,007,250] [CONFIRM] in interest income (net of franchise and income taxes payable), if the underwriters' over-allotment option in the Offering is exercised in full (or, if the over-allotment option is not exercised in full, but is exercised in part, the amount in interest income (net of franchise and income taxes payable) to be released shall be increased above \$[1,750,000] proportionally in relation to the proportion of the over-allotment option which was exercised);

¹ Insert date that is 21 months from the closing of the Offering, or 24 months from the closing of the Offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends.

² Insert date that is 21 months from the closing of the Offering, or 24 months from the closing of the Offering if a letter of intent or definitive agreement relating to a prospective initial business combination is executed before the 21-month period ends.

(m) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit F (a “**Permitted Purchase of Shares Withdrawal Instruction**”), the Trustee shall distribute to the Company the amount requested by the Company to be used to purchase up to 2,625,000 shares of the Common Stock, in the event the underwriters’ over-allotment option in the Offering is not exercised in full or up to 3,018,750 shares of the Common Stock in the event the underwriters’ over-allotment option in the Offering is exercised in full, not to exceed the per share amount then held in the Trust Account (or, if the over-allotment option is not exercised in full, but is exercised in part, the number of shares that may be purchased shall be increased above \$2,625,000 proportionally in relation to the proportion of the over-allotment option which was exercised) (such purchase hereinafter referred to as the “**Permitted Purchases**”); provided, however, that to the extent there is not sufficient cash in the Trust Account to make such distribution the Trustee shall liquidate such assets held in the Trust Account as shall be designated by the Company in writing to make such distribution; and

(n) Not make any withdrawals or distributions from the Trust Account other than pursuant to Section 1(i), (j), (k), (l) or (m) above.

2. Agreements and Covenants of the Company. The Company hereby agrees and covenants to:

(a) Give all instructions to the Trustee hereunder in writing, signed by the Company’s Chairman of the Board, President, Chief Executive Officer or Chief Financial Officer. In addition, except with respect to its duties under Sections 1(i) through 1(m) hereof, the Trustee shall be entitled to rely on, and shall be protected in relying on, any verbal or telephonic advice or instruction which it, in good faith and with reasonable care, believes to be given by any one of the persons authorized above to give written instructions, provided that the Company shall promptly confirm such instructions in writing;

(b) Subject to Section 4 hereof, hold the Trustee harmless and indemnify the Trustee from and against any and all expenses, including reasonable counsel fees and disbursements, or losses suffered by the Trustee in connection with any action taken by it hereunder and in connection with any action, suit or other proceeding brought against the Trustee involving any claim, or in connection with any claim or demand, which in any way arises out of or relates to this Agreement, the services of the Trustee hereunder, or the Property or any interest earned on the Property, except for expenses and losses resulting from the Trustee’s gross negligence, fraud or willful misconduct. Promptly after the receipt by the Trustee of notice of demand or claim or the commencement of any action, suit or proceeding, pursuant to which the Trustee intends to seek indemnification under this Section 2(b), it shall notify the Company in writing of such claim (hereinafter referred to as the “**Indemnified Claim**”). The Trustee shall have the right to conduct and manage the defense against such Indemnified Claim; provided that the Trustee shall obtain the consent of the Company with respect to the selection of counsel, which consent shall not be unreasonably withheld. The Trustee may not agree to settle any Indemnified Claim without the prior written consent of the Company, which such consent shall not be unreasonably withheld. The Company may participate in such action with its own counsel;

(c) Pay the Trustee the fees set forth on Schedule A hereto, including an initial acceptance fee and a monthly administration fee, which fees shall be subject to modification by the parties from time to time. It is expressly understood that the Property shall not be used to pay such fees unless and until it is distributed to the Company pursuant to Sections 1(j) through 1(m) hereof. The Company shall pay the Trustee the initial acceptance fee and the first monthly fee at the consummation of the Offering. The Trustee shall refund to the Company the monthly fee (on a pro rata basis) with respect to any period after the liquidation of the Trust Account. The Company shall not be responsible for any other fees or charges of the Trustee except as set forth in this Section 2(c) and as may be provided in Section 2(b) hereof;

(d) In connection with any vote of the Company’s stockholders regarding a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses (a “**Business Combination**”), provide to the Trustee an affidavit or certificate of the inspector of elections for the stockholder meeting verifying the vote of such stockholders regarding such Business Combination;

(e) Provide Citigroup Global Markets Inc. with a copy of any Termination Letter(s) and/or any other correspondence that is sent to the Trustee with respect to any proposed withdrawal from the Trust Account promptly after it issues the same;

(f) In the event the Company is entitled to receive a tax refund on its income tax obligation, and promptly after the amount of such refund is determined on a final basis, provide the Trustee with notice in writing (with a copy to Citigroup Global Markets Inc.) of the amount of such income tax refund in the form of Exhibit D hereto; and

(g) Instruct the Trustee to make only those distributions that are permitted under this Agreement, and refrain from instructing the Trustee to make any distributions that are not permitted under this Agreement.

3. Limitations of Liability. The Trustee shall have no responsibility or liability to:

(a) Take any action with respect to the Property, other than as directed in Section 1 hereof, and the Trustee shall have no liability to any party except for liability arising out of the Trustee's gross negligence, fraud or willful misconduct;

(b) Institute any proceeding for the collection of any principal and income arising from, or institute, appear in or defend any proceeding of any kind with respect to, any of the Property unless and until it shall have received instructions from the Company given as provided herein to do so and the Company shall have advanced or guaranteed to it funds sufficient to pay any expenses incident thereto;

(c) Refund any depreciation in principal of any Property;

(d) Assume that the authority of any person designated by the Company to give instructions hereunder shall not be continuing unless provided otherwise in such designation, or unless the Company shall have delivered a written revocation of such authority to the Trustee;

(e) The other parties hereto or to anyone else for any action taken or omitted by it, or any action suffered by it to be taken or omitted, in good faith and in the Trustee's best judgment, except for the Trustee's gross negligence, fraud or willful misconduct. The Trustee may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Trustee, which counsel may be the Company's counsel), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which the Trustee believes, in good faith and with reasonable care, to be genuine and to be signed or presented by the proper person or persons. The Trustee shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement or any of the terms hereof, unless evidenced by a written instrument delivered to the Trustee, signed by the proper party or parties and, if the duties or rights of the Trustee are affected, unless it shall give its prior written consent thereto;

(f) Verify the accuracy of the information contained in the Registration Statement,

(g) Provide any assurance that any Business Combination entered into by the Company or any other action taken by the Company is as contemplated by the Registration Statement;

(h) File information returns with respect to the Trust Account with any local, state or federal taxing authority or provide periodic written statements to the Company documenting the taxes payable by the Company, if any, relating to any interest income earned on the Property;

(i) Prepare, execute and file tax reports, income or other tax returns and pay any taxes with respect to any income generated by, and activities relating to, the Trust Account, regardless of whether such tax is payable by the Trust Account or the Company, including, but not limited to, income tax obligations, except pursuant to Section 1(j) hereof; or

(j) Verify calculations, qualify or otherwise approve the Company's written requests for distributions pursuant to Sections 1(i) through 1(m) hereof.

4. Trust Account Waiver. The Trustee has no right of set-off or any right, title, interest or claim of any kind (“**Claim**”) to, or to any monies in, the Trust Account, and hereby irrevocably waives any Claim to, or to any monies in, the Trust Account that it may have now or in the future. In the event the Trustee has any Claim against the Company under this Agreement, including, without limitation, under Section 2(b) or Section 2(c) hereof, the Trustee shall pursue such Claim solely against the Company and its assets outside the Trust Account and not against the Property or any monies in the Trust Account.

5. Termination. This Agreement shall terminate as follows:

(a) If the Trustee gives written notice to the Company that it desires to resign under this Agreement, the Company shall use its reasonable efforts to locate a successor trustee, pending which the Trustee shall continue to act in accordance with this Agreement. At such time that the Company notifies the Trustee that a successor trustee has been appointed and has agreed to become subject to the terms of this Agreement, the Trustee shall transfer the management of the Trust Account to the successor trustee, including but not limited to the transfer of copies of the reports and statements relating to the Trust Account, whereupon this Agreement shall terminate; provided, however, that in the event that the Company does not locate a successor trustee within ninety (90) days of receipt of the resignation notice from the Trustee, the Trustee may submit an application to have the Property deposited with any court in the State of New York or with the United States District Court for the Southern District of New York and upon such deposit, the Trustee shall be immune from any liability whatsoever; or

(b) At such time that the Trustee has completed the liquidation of the Trust Account and its obligations in accordance with the provisions of Section 1(i) hereof (which section may not be amended under any circumstances) and distributed the Property in accordance with the provisions of the Termination Letter, this Agreement shall terminate except with respect to Section 2(b).

6. Miscellaneous.

(a) The Company and the Trustee each acknowledge that the Trustee will follow the security procedures set forth below with respect to funds transferred from the Trust Account. The Company and the Trustee will each restrict access to confidential information relating to such security procedures to authorized persons. Each party must notify the other party immediately if it has reason to believe unauthorized persons may have obtained access to such confidential information, or of any change in its authorized personnel. In executing funds transfers, the Trustee shall rely upon all information supplied to it by the Company, including, account names, account numbers, and all other identifying information relating to a Beneficiary, Beneficiary’s bank or intermediary bank. Except for any liability arising out of the Trustee’s gross negligence, fraud or willful misconduct, the Trustee shall not be liable for any loss, liability or expense resulting from any error in the information or transmission of the funds.

(b) This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. This Agreement may be executed in several original or facsimile counterparts, each one of which shall constitute an original, and together shall constitute but one instrument.

(c) This Agreement contains the entire agreement and understanding of the parties hereto with respect to the subject matter hereof. Except for Section 1(i) hereof (which section may not be amended under any circumstances), this Agreement or any provision hereof may only be changed, amended or modified (other than to correct a typographical error) by a writing signed by each of the parties hereto.

(d) This Agreement or any provision hereof may only be changed, amended or modified pursuant to Section 6(c) hereof with the Consent of the Stockholders; provided, however, that no such change, amendment or modification may be made to Section 1(i) hereof (which section may not be amended under any circumstances), it being the specific intention of the parties hereto that each of the Company’s stockholders is, and shall be, a third party beneficiary of this Section 6(d) with the same right and power to enforce this Section 6(d) as the other parties hereto. For purposes of this Section 6(d), the “**Consent of the Stockholders**” means receipt by the Trustee of a certificate from the inspector of elections of the stockholder meeting certifying that either (i) the Company’s stockholders of record as of a record date established in accordance with Section 213(a) of the Delaware General Corporation Law, as amended (“**DGCL**”), who hold sixty-five percent (65%) or more of all then outstanding shares of the Common Stock, have voted in favor of such change, amendment or modification, or (ii) the Company’s stockholders of record as of the record date who hold sixty-five percent (65%) or more of all then outstanding shares of the Common Stock, have delivered to such entity a signed writing approving such change, amendment or modification. Except for any liability arising out of the Trustee’s gross negligence, fraud or willful misconduct, the Trustee may rely conclusively on the certification from the inspector or elections referenced above and shall be relieved of all liability to any party for executing the proposed amendment in reliance thereon.

(e) The parties hereto consent to the jurisdiction and venue of any state or federal court located in the City of New York, State of New York, for purposes of resolving any disputes hereunder. AS TO ANY CLAIM, CROSS-CLAIM OR COUNTERCLAIM IN ANY WAY RELATING TO THIS AGREEMENT, EACH PARTY WAIVES THE RIGHT TO TRIAL BY JURY.

The Company shall notify you at least forty-eight (48) hours in advance of the actual date of the consummation of the Business Combination (“**Consummation Date**”). Upon the distribution of all the funds, net of any payments necessary for reasonable unreimbursed expenses related to liquidating the Trust Account, your obligations under the Trust Agreement shall be terminated.

In the event that the Business Combination is not consummated on the Consummation Date described in the notice thereof and we have not notified you on or before the original Consummation Date of a new Consummation Date, then upon receipt by the Trustee of written instructions from the Company, the funds held in the Trust Account shall be reinvested as provided in Section 1(c) of the Trust Agreement on the business day immediately following the Consummation Date as set forth in the notice as soon thereafter as possible.

Subject to the provisions of subsection 2.1.4 and Section 2.4 hereof, at any time and from time to time on or after the Prospectus Date, the Holders of at least twenty per cent (20%) of the then outstanding number of Registrable Securities (the “**Demanding Holders**”) may make a written demand for Registration of at least fifteen percent (15%) of the then outstanding number of Registrable Securities, which written demand shall describe the amount and type of securities to be included in such Registration and the intended method(s) of distribution thereof (such written demand a “**Demand Registration**”). The Company shall, within ten (10) days of the Company’s receipt of the Demand Registration, notify, in writing, all other Holders of Registrable Securities of such demand, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder’s Registrable Securities in a Registration pursuant to a Demand Registration (each such Holder that includes all or a portion of such Holder’s Registrable Securities in such Registration, a “**Requesting Holder**”) shall so notify the Company, in writing, within five (5) days after the receipt by the Holder of the notice from the Company. Upon receipt by the Company of any such written notification from a Requesting Holder(s) to the Company, such Requesting Holder(s) shall be entitled to have their Registrable Securities included in a Registration pursuant to a Demand Registration and the Company shall effect, as soon thereafter as practicable, but not more than forty five (45) days immediately after the Company’s receipt of the Demand Registration, the Registration of all Registrable Securities requested by the Demanding Holders and Requesting Holders pursuant such the Demand Registration. Under no circumstances shall the Company be obligated to effect more than an aggregate of three (3) Registrations pursuant to a Demand Registration under this subsection 2.1.1 with respect to any or all Registrable Securities; provided, however, that a Registration shall not be counted for such purposes unless a Form S-1 or any similar long-form registration statement that may be available at such time (“**Form S-1**”) has become effective and all of the Registrable Securities requested by the Requesting Holders to be registered on behalf of the Requesting Holders in such Form S-1 Registration have been sold, in accordance with Section 3.1 of this Agreement.

2.1.2 Effective Registration. Notwithstanding the provisions of subsection 2.1.1 above or any other part of this Agreement, a Registration pursuant to a Demand Registration shall not count as a Registration unless and until (i) the Registration Statement filed with the Commission with respect to a Registration pursuant to a Demand Registration has been declared effective by the Commission and (ii) the Company has complied with all of its obligations under this Agreement with respect thereto; provided, further, that if, after such Registration Statement has been declared effective, an offering of Registrable Securities in a Registration pursuant to a Demand Registration is subsequently interfered with by any stop order or injunction of the Commission, federal or state court or any other governmental agency the Registration Statement with respect to such Registration shall be deemed not to have been declared effective, unless and until, (i) such stop order or injunction is removed, rescinded or otherwise terminated, and (ii) a majority-in-interest of the Demanding Holders initiating such Demand Registration thereafter affirmatively elect to continue with such Registration and accordingly notify the Company in writing, but in no event later than five (5) days, of such election; provided, further, that the Company shall not be obligated or required to file another Registration Statement until the Registration Statement that has been previously filed with respect to a Registration pursuant to a Demand Registration becomes effective or is subsequently terminated.

Subject to the provisions of subsection 2.1.4 and Section 2.4 hereof, if a majority-in-interest of the Demanding Holders so advise the Company as part of their Demand Registration that the offering of the Registrable Securities pursuant to such Demand Registration shall be in the form of an Underwritten Offering, then the right of such Demanding Holder or Requesting Holder (if any) to include its Registrable Securities in such Registration shall be conditioned upon such Holder’s participation in such Underwritten Offering and the inclusion of such Holder’s Registrable Securities in such Underwritten Offering to the extent provided herein. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.1.3 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the majority-in-interest of the Demanding Holders initiating the Demand Registration.

2.1.4 Reduction of Underwritten Offering. If the managing Underwriter or Underwriters in an Underwritten Registration pursuant to a Demand Registration, in good faith, advises the Company, the Demanding Holders and the Requesting Holders (if any) in writing that the dollar amount or number of Registrable Securities that the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other Common Stock or other equity securities that the Company desires to sell and the Common Stock, if any, as to which a Registration has been requested pursuant to separate written contractual piggy-back registration rights held by any other stockholders who desire to sell, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of such securities, as applicable, the “**Maximum Number of Securities**”), then the Company shall include in such Underwritten Offering, as follows: (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (pro rata based on the number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Demanding Holders and Requesting Holders have requested be included in such Underwritten Registration (such proportion is referred to herein as “**Pro Rata**”)) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1 hereof, without exceeding the Maximum Number of Securities; and (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (iv) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i), (ii) and (iii), the Common Stock or other equity securities of other persons or entities that the Company is obligated to register in a Registration pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 Demand Registration Withdrawal. A majority-in-interest of the Demanding Holders initiating a Demand Registration or a majority-in-interest of the Requesting Holders (if any), pursuant to a Registration under subsection 2.1.1 shall have the right to withdraw from a Registration pursuant to such Demand Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to the Registration of their Registrable Securities pursuant to such Demand Registration. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with a Registration pursuant to a Demand Registration prior to its withdrawal under this subsection 2.1.5.

2.2 Piggyback Registration.

2.2.1 Piggyback Rights. If, at any time on or after the date the Company consummates a Business Combination, the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities, or securities or other obligations exercisable or exchangeable for, or convertible into equity securities, for its own account or for the account of stockholders of the Company (or by the Company and by the stockholders of the Company including, without limitation, pursuant to Section 2.1 hereof), other than a Registration Statement (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company’s existing stockholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall give written notice of such proposed filing to all of the Holders of Registrable Securities as soon as practicable but not less than ten (10) days before the anticipated filing date of such Registration Statement, which notice shall (A) describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any, in such offering, and (B) offer to all of the Holders of Registrable Securities the opportunity to register the sale of such number of Registrable Securities as such Holders may request in writing within five (5) days after receipt of such written notice (such Registration a “**Piggyback Registration**”). The Company shall, in good faith, cause such Registrable Securities to be included in such Piggyback Registration and shall use its best efforts to cause the managing Underwriter or Underwriters of a proposed Underwritten Offering to permit the Registrable Securities requested by the Holders pursuant to this subsection 2.2.1 to be included in a Piggyback Registration on the same terms and conditions as any similar securities of the Company included in such Registration and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. All such Holders proposing to distribute their Registrable Securities through an Underwritten Offering under this subsection 2.2.1 shall enter into an underwriting agreement in customary form with the Underwriter(s) selected for such Underwritten Offering by the Company.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter or Underwriters in an Underwritten Registration that is to be a Piggyback Registration, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of the Common Stock that the Company desires to sell, taken together with (i) the Common Stock, if any, as to which Registration has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder (ii) the Registrable Securities as to which registration has been requested pursuant Section 2.2 hereof, and (iii) the Common Stock, if any, as to which Registration has been requested pursuant to separate written contractual piggy-back registration rights of other stockholders of the Company, exceeds the Maximum Number of Securities, then:

(a) If the Registration is undertaken for the Company's account, the Company shall include in any such Registration (A) first, the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1 hereof, Pro Rata, which can be sold without exceeding the Maximum Number of Securities; and (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock, if any, as to which Registration has been requested pursuant to written contractual piggy-back registration rights of other stockholders of the Company, which can be sold without exceeding the Maximum Number of Securities;

(b) If the Registration is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration (A) first, the Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1, pro rata based on the number of Registrable Securities that each Holder has requested be included in such Underwritten Registration and the aggregate number of Registrable Securities that the Holders have requested to be included in such Underwritten Registration, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this subsection 2.2.3.

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, any Registration effected pursuant to Section 2.2 hereof shall not be counted as a Registration pursuant to a Demand Registration effected under Section 2.1 hereof.

2.3 Registrations on Form S-3. The Holders of Registrable Securities may at any time, and from time to time, request in writing that the Company, pursuant to Rule 415 under the Securities Act (or any successor rule promulgated thereafter by the Commission), register the resale of any or all of their Registrable Securities on Form S-3 or any similar short-form registration statement that may be available at such time ("**Form S-3**"); provided, however, that the Company shall not be obligated to effect such request through an Underwritten Offering. Within five (5) days of the Company's receipt of a written request from a Holder or Holders of Registrable Securities for a Registration on Form S-3, the Company shall promptly give written notice of the proposed Registration on Form S-3 to all other Holders of Registrable Securities, and each Holder of Registrable Securities who thereafter wishes to include all or a portion of such Holder's Registrable Securities in such Registration on Form S-3 shall so notify the Company, in writing, within ten (10) days after the receipt by the Holder of the notice from the Company. As soon as practicable thereafter, but not more than twelve (12) days after the Company's initial receipt of such written request for a Registration on Form S-3, the Company shall register all or such portion of such Holder's Registrable Securities as are specified in such written request, together with all or such portion of Registrable Securities of any other Holder or Holders joining in such request as are specified in the written notification given by such Holder or Holders; provided, however, that the Company shall not be obligated to effect any such Registration pursuant to Section 2.3 hereof if (i) a Form S-3 is not available for such offering; or (ii) the Holders of Registrable Securities, together with the Holders of any other equity securities of the Company entitled to inclusion in such Registration, propose to sell the Registrable Securities and such other equity securities (if any) at any aggregate price to the public of less than \$10,000,000.

2.4 Restrictions on Registration Rights. If (A) during the period starting with the date sixty (60) days prior to the Company's good faith estimate of the date of the filing of, and ending on a date one hundred and twenty (120) days after the effective date of, a Company initiated Registration and provided that the Company has delivered written notice to the Holders prior to receipt of a Demand Registration pursuant to subsection 2.1.1 and it continues to actively employ, in good faith, all reasonable efforts to cause the applicable Registration Statement to become effective; (B) the Holders have requested an Underwritten Registration and the Company and the Holders are unable to obtain the commitment of underwriters to firmly underwrite the offer; or (C) in the good faith judgment of the Board such Registration would be seriously detrimental to the Company and the Board concludes as a result that it is essential to defer the filing of such Registration Statement at such time, then in each case the Company shall furnish to such Holders a certificate signed by the Chairman of the Board stating that in the good faith judgment of the Board it would be seriously detrimental to the Company for such Registration Statement to be filed in the near future and that it is therefore essential to defer the filing of such Registration Statement. In such event, the Company shall have the right to defer such filing for a period of not more than thirty (30) days; provided, however, that the Company shall not defer its obligation in this manner more than once in any 12-month period. Notwithstanding anything to the contrary contained in this Agreement, no Registration shall be effected or permitted and no Registration Statement shall become effective, with respect to any Registrable Securities held by any Holder, until after the expiration of the Escrow Period (as such term is defined in the Escrow Agreement) in accordance with the terms of the Escrow Agreement.

3.1.9 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in Section 3.4 hereof;

3.1.10 permit a representative of the Holders, the Underwriters, if any, and any attorney or accountant retained by such Holders or Underwriter to participate, at each such person’s own expense, in the preparation of the Registration Statement, and cause the Company’s officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, however, that such representatives or Underwriters enter into a confidentiality agreement, in form and substance reasonably satisfactory to the Company, prior to the release or disclosure of any such information;

3.1.11 obtain a “cold comfort” letter from the Company’s independent registered public accountants in the event of an Underwritten Registration, in customary form and covering such matters of the type customarily covered by “cold comfort” letters as the managing Underwriter may reasonably request, and reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.12 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions, and reasonably satisfactory to a majority in interest of the participating Holders;

3.4 Suspension of Sales; Adverse Disclosure. Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until it has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as practicable after the time of such notice), or until it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company's control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than thirty (30) days, determined in good faith by the Company to be necessary for such purpose. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities. The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this Section 3.4.

3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be reporting under the Exchange Act, covenants to file timely (or obtain extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to Sections 13(a) or 15(d) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings. The Company further covenants that it shall take such further action as any Holder may reasonably request, all to the extent required from time to time to enable such Holder to sell shares of the Common Stock held by such Holder without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act, including providing any legal opinions. Upon the request of any Holder, the Company shall deliver to such Holder a written certification of a duly authorized officer as to whether it has complied with such requirements.

ARTICLE IV
INDEMNIFICATION AND CONTRIBUTION

4.1 Indemnification.

4.1.1 The Company agrees to indemnify, to the extent permitted by law, each Holder of Registrable Securities, its officers and directors and each person who controls such Holder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and expenses (including attorneys' fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such Holder expressly for use therein. The Company shall indemnify the Underwriters, their officers and directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to the indemnification of the Holder.

4.1.2 In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys' fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, however, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. The Holders of Registrable Securities shall indemnify the Underwriters, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

4.1.3 Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

4.1.4 The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

4.1.5 If the indemnification provided under Section 4.1 hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, however, that the liability of any Holder under this subsection 4.1.5 shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in subsections 4.1.1, 4.1.2 and 4.1.3 above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this subsection 4.1.5 were determined by pro rata allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this subsection 4.1.5. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this subsection 4.1.5 from any person who was not guilty of such fraudulent misrepresentation.

5.2.1 This Agreement and the rights, duties and obligations of the Company hereunder may not be assigned or delegated by the Company in whole or in part.

5.2.2 Notwithstanding anything to the contrary contained in the Escrow Agreement, this Agreement and the rights, duties and obligations of the Holders of Registrable Securities hereunder may be assigned or delegated by such Holder of Registrable Securities in conjunction with and to the extent of any transfer of Registrable Securities by any such Holder.

5.2.3 This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties and its successors and the permitted assigns of the Holders.

5.2.4 This Agreement shall not confer any rights or benefits on any persons that are not parties hereto, other than as expressly set forth in this Agreement and Section 5.2 hereof.

5.2.5 No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment as provided in Section 5.1 hereof and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement). Any transfer or assignment made other than as provided in this Section 5.2 shall be null and void.

5.3 Counterparts. This Agreement may be executed in multiple counterparts (including facsimile or PDF counterparts), each of which shall be deemed an original, and all of which together shall constitute the same instrument, but only one of which need be produced.

5.4 Governing Law; Venue. NOTWITHSTANDING THE PLACE WHERE THIS AGREEMENT MAY BE EXECUTED BY ANY OF THE PARTIES HERETO, THE PARTIES EXPRESSLY AGREE THAT THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED UNDER THE LAWS OF THE STATE OF DELAWARE AS APPLIED TO AGREEMENTS AMONG DELAWARE RESIDENTS ENTERED INTO AND TO BE PERFORMED ENTIRELY WITHIN DELAWARE, WITHOUT REGARD TO THE CONFLICT OF LAW PROVISIONS OF SUCH JURISDICTION.

5.5 Amendments and Modifications. Upon the written consent of the Company and the Holders of at least sixty-six and two-thirds percent (66 2/3%) of the Registrable Securities at the time in question, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in its capacity as a holder of the shares of capital stock of the Company, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder so affected. No course of dealing between any Holder or the Company and any other party hereto or any failure or delay on the part of a Holder or the Company in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or the Company. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

5.6 Other Registration Rights. The Company represents and warrants that no person, other than a Holder of Registrable Securities, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any Registration filed by the Company for the sale of securities for its own account or for the account of any other person. Further, the Company represents and warrants that this Agreement supersedes any other registration rights agreement or agreement with similar terms and conditions and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail.

FORM OF INDEMNITY AGREEMENT

THIS INDEMNITY AGREEMENT (this “*Agreement*”) is made as of _____, 2011, by and between GLOBAL EAGLE ACQUISITION CORP., a Delaware corporation (the “Company”), and _____ (“*Indemnitee*”).

RECITALS

WHEREAS, highly competent persons have become more reluctant to serve publicly-held corporations as directors or in other capacities unless they are provided with adequate protection through insurance or adequate indemnification against inordinate risks of claims and actions against them arising out of their service to and activities on behalf of such corporations.

WHEREAS, the Board of Directors of the Company (the “*Board*”) has determined that, in order to attract and retain qualified individuals, the Company will attempt to maintain on an ongoing basis, at its sole expense, liability insurance to protect persons serving the Company and its subsidiaries from certain liabilities. Although the furnishing of such insurance has been a customary and widespread practice among United States-based corporations and other business enterprises, the Company believes that, given current market conditions and trends, such insurance may be available to it in the future only at higher premiums and with more exclusions. At the same time, directors, officers and other persons in service to corporations or business enterprises are being increasingly subjected to expensive and time-consuming litigation relating to, among other things, matters that traditionally would have been brought only against the Company or business enterprise itself. The Amended and Restated Certificate of Incorporation (the “*Charter*”) and Bylaws of the Company require indemnification of the officers and directors of the Company. Indemnitee may also be entitled to indemnification pursuant to applicable provisions of the Delaware General Corporation Law (“*DGCL*”). The Charter, bylaws of the Company and the DGCL expressly provide that the indemnification provisions set forth therein are not exclusive, and thereby contemplate that contracts may be entered into between the Company and members of the board of directors, officers and other persons with respect to indemnification, hold harmless, exoneration, advancement and reimbursement rights.

WHEREAS, the uncertainties relating to such insurance and to indemnification have increased the difficulty of attracting and retaining such persons.

WHEREAS, the Board has determined that the increased difficulty in attracting and retaining such persons is detrimental to the best interests of the Company’s stockholders and that the Company should act to assure such persons that there will be increased certainty of such protection in the future.

WHEREAS, it is reasonable, prudent and necessary for the Company contractually to obligate itself to indemnify, hold harmless, exonerate and to advance expenses on behalf of, such persons to the fullest extent permitted by applicable law so that they will serve or continue to serve the Company free from undue concern that they will not be so protected against liabilities.

WHEREAS, this Agreement is a supplement to and in furtherance of the Charter and Bylaws of the Company and any resolutions adopted pursuant thereto, and shall not be deemed a substitute therefor, nor to diminish or abrogate any rights of Indemnitee thereunder.

WHEREAS, Indemnitee may not be willing to serve as an officer or director without adequate protection, and the Company desires Indemnitee to serve in such capacity. Indemnitee is willing to serve, continue to serve and to take on additional service for or on behalf of the Company on the condition that he be so indemnified.

NOW, THEREFORE, in consideration of the premises and the covenants contained herein, the Company and Indemnitee do hereby covenant and agree as follows:

TERMS AND CONDITIONS

1. SERVICES TO THE COMPANY. Indemnatee will serve or continue to serve as an officer, director or key employee of the Company for so long as Indemnatee is duly elected or appointed or until Indemnatee tenders his resignation. The foregoing notwithstanding, this Agreement shall continue in full force and effect after Indemnatee has ceased to serve as a director of the Company, as provided in Section 17.

2. DEFINITIONS. As used in this Agreement:

(a) References to “**agent**” shall mean any person who is or was a director, officer or employee of the Company or a subsidiary of the Company or other person authorized by the Company to act for the Company, to include such person serving in such capacity as a director, officer, employee, fiduciary or other official of another corporation, partnership, limited liability company, joint venture, trust or other enterprise at the request of, for the convenience of, or to represent the interests of the Company or a subsidiary of the Company.

(b) The terms “**Beneficial Owner**” and “**Beneficial Ownership**” shall have the meanings set forth in Rule 13d-3 promulgated under the Exchange Act (as defined below) as in effect on the date hereof.

(c) A “**Change in Control**” shall be deemed to occur upon the earliest to occur after the date of this Agreement of any of the following events:

(i) Acquisition of Stock by Third Party. Any Person (as defined below) is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company representing fifteen percent (15%) or more of the combined voting power of the Company’s then outstanding securities entitled to vote generally in the election of directors, unless (1) the change in the relative Beneficial Ownership of the Company’s securities by any Person results solely from a reduction in the aggregate number of outstanding shares of securities entitled to vote generally in the election of directors, or (2) such acquisition was approved in advance by the Continuing Directors (as defined below) and such acquisition would not constitute a Change in Control under part (iii) of this definition;

(ii) Change in Board of Directors. Individuals who, as of the date hereof, constitute the Board, and any new director whose election by the Board or nomination for election by the Company’s stockholders was approved by a vote of at least two thirds of the directors then still in office who were directors on the date hereof or whose election for nomination for election was previously so approved (collectively, the “**Continuing Directors**”), cease for any reason to constitute at least a majority of the members of the Board;

(iii) Corporate Transactions. The effective date of a reorganization, merger or consolidation of the Company (a “**Business Combination**”), in each case, unless, following such Business Combination: (1) all or substantially all of the individuals and entities who were the Beneficial Owners of securities entitled to vote generally in the election of directors immediately prior to such Business Combination beneficially own, directly or indirectly, more than 51% of the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company’s assets either directly or through one or more Subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination, of the securities entitled to vote generally in the election of directors; (2) no Person (excluding any corporation resulting from such Business Combination) is the Beneficial Owner, directly or indirectly, of 15% or more of the combined voting power of the then outstanding securities entitled to vote generally in the election of directors of the surviving corporation except to the extent that such ownership existed prior to the Business Combination; and (3) at least a majority of the Board of Directors of the corporation resulting from such Business Combination were Continuing Directors at the time of the execution of the initial agreement, or of the action of the Board of Directors, providing for such Business Combination;

(iv) Liquidation. The approval by the stockholders of the Company of a complete liquidation of the Company or an agreement or series of agreements for the sale or disposition by the Company of all or substantially all of the Company’s assets, other than factoring the Company’s current receivables or escrows due (or, if such approval is not required, the decision by the Board to proceed with such a liquidation, sale, or disposition in one transaction or a series of related transactions); or

(v) Other Events. There occurs any other event of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A (or a response to any similar item on any similar schedule or form) promulgated under the Exchange Act (as defined below), whether or not the Company is then subject to such reporting requirement.

(d) “**Corporate Status**” describes the status of a person who is or was a director, officer, trustee, general partner, managing member, fiduciary, employee or agent of the Company or of any other Enterprise (as defined below) which such person is or was serving at the request of the Company.

(e) “**Delaware Court**” shall mean the Court of Chancery of the State of Delaware.

(f) “**Disinterested Director**” shall mean a director of the Company who is not and was not a party to the Proceeding (as defined below) in respect of which indemnification is sought by Indemnitee.

(g) “**Enterprise**” shall mean the Company and any other corporation, constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger to which the Company (or any of its wholly owned subsidiaries) is a party, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise of which Indemnitee is or was serving at the request of the Company as a director, officer, trustee, general partner, managing member, fiduciary, employee or agent.

(h) “**Exchange Act**” shall mean the Securities Exchange Act of 1934, as amended.

(i) “**Expenses**” shall include all direct and indirect costs, fees and expenses of any type or nature whatsoever, including, without limitation, all attorneys’ fees and costs, retainers, court costs, transcript costs, fees of experts, witness fees, travel expenses, fees of private investigators and professional advisors, duplicating costs, printing and binding costs, telephone charges, postage, delivery service fees, fax transmission charges, secretarial services and all other disbursements, obligations or expenses in connection with prosecuting, defending, preparing to prosecute or defend, investigating, being or preparing to be a witness in, settlement or appeal of, or otherwise participating in, a Proceeding (as defined below), including reasonable compensation for time spent by the Indemnitee for which he or she is not otherwise compensated by the Company or any third party. Expenses also shall include Expenses incurred in connection with any appeal resulting from any Proceeding (as defined below), including without limitation the principal, premium, security for, and other costs relating to any cost bond, supersedeas bond, or other appeal bond or its equivalent. Expenses, however, shall not include amounts paid in settlement by Indemnitee or the amount of judgments or fines against Indemnitee.

(j) References to “**fines**” shall include any excise tax assessed on Indemnitee with respect to any employee benefit plan; references to “serving at the request of the Company” shall include any service as a director, officer, employee, agent or fiduciary of the Company which imposes duties on, or involves services by, such director, officer, employee, agent or fiduciary with respect to an employee benefit plan, its participants or beneficiaries; and if Indemnitee acted in good faith and in a manner Indemnitee reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan, Indemnitee shall be deemed to have acted in a manner “not opposed to the best interests of the Company” as referred to in this Agreement.

(k) “**Independent Counsel**” shall mean a law firm or a member of a law firm with significant experience in matters of corporation law and neither presently is, nor in the past five years has been, retained to represent: (i) the Company or Indemnitee in any matter material to either such party (other than with respect to matters concerning the Indemnitee under this Agreement, or of other indemnitees under similar indemnification agreements); or (ii) any other party to the Proceeding (as defined below) giving rise to a claim for indemnification hereunder. Notwithstanding the foregoing, the term “Independent Counsel” shall not include any person who, under the applicable standards of professional conduct then prevailing, would have a conflict of interest in representing either the Company or Indemnitee in an action to determine Indemnitee’s rights under this Agreement.

(l) The term “**Person**” shall have the meaning as set forth in Sections 13(d) and 14(d) of the Exchange Act as in effect on the date hereof; provided, however, that “Person” shall exclude: (i) the Company; (ii) any Subsidiaries (as defined below) of the Company; (iii) any employment benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of any corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company; and (iv) any trustee or other fiduciary holding securities under an employee benefit plan of the Company or of a Subsidiary (as defined below) of the Company or of a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company.

(m) The term “**Proceeding**” shall include any threatened, pending or completed action, suit, arbitration, mediation, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, whether brought in the right of the Company or otherwise and whether of a civil (including intentional or unintentional tort claims), criminal, administrative or investigative nature, in which Indemnitee was, is, will or might be involved as a party or otherwise by reason of the fact that Indemnitee is or was a director or officer of the Company, by reason of any action (or failure to act) taken by him or of any action (or failure to act) on his part while acting as a director or officer of the Company, or by reason of the fact that he is or was serving at the request of the Company as a director, officer, trustee, general partner, managing member, fiduciary, employee or agent of any other Enterprise, in each case whether or not serving in such capacity at the time any liability or expense is incurred for which indemnification, reimbursement, or advancement of expenses can be provided under this Agreement.

(n) The term “**Subsidiary**,” with respect to any Person, shall mean any corporation or other entity of which a majority of the voting power of the voting equity securities or equity interest is owned, directly or indirectly, by that Person.

3. INDEMNITY IN THIRD-PARTY PROCEEDINGS. To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 3 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness or otherwise) in any Proceeding, other than a Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 3, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses, judgments, liabilities, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnitee or on his behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company and, in the case of a criminal Proceeding, had no reasonable cause to believe that his conduct was unlawful.

4. INDEMNITY IN PROCEEDINGS BY OR IN THE RIGHT OF THE COMPANY. To the fullest extent permitted by applicable law, the Company shall indemnify, hold harmless and exonerate Indemnitee in accordance with the provisions of this Section 4 if Indemnitee was, is, or is threatened to be made, a party to or a participant (as a witness or otherwise) in any Proceeding by or in the right of the Company to procure a judgment in its favor. Pursuant to this Section 4, Indemnitee shall be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or on his behalf in connection with such Proceeding or any claim, issue or matter therein, if Indemnitee acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company. No indemnification, hold harmless or exoneration for Expenses shall be made under this Section 4 in respect of any claim, issue or matter as to which Indemnitee shall have been finally adjudged by a court to be liable to the Company, unless and only to the extent that any court in which the Proceeding was brought or the Delaware Court shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, Indemnitee is fairly and reasonably entitled to indemnification, to be held harmless or to exoneration.

5. INDEMNIFICATION FOR EXPENSES OF A PARTY WHO IS WHOLLY OR PARTLY SUCCESSFUL . Notwithstanding any other provisions of this Agreement, to the extent that Indemnitee is a party to (or a participant in) and is successful, on the merits or otherwise, in any Proceeding or in defense of any claim, issue or matter therein, in whole or in part, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him in connection therewith. If Indemnitee is not wholly successful in such Proceeding but is successful, on the merits or otherwise, as to one or more but less than all claims, issues or matters in such Proceeding, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses actually and reasonably incurred by him or on his behalf in connection with each successfully resolved claim, issue or matter. If the Indemnitee is not wholly successful in such Proceeding, the Company also shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnitee against all Expenses reasonably incurred in connection with a claim, issue or matter related to any claim, issue, or matter on which the Indemnitee was successful. For purposes of this Section and without limitation, the termination of any claim, issue or matter in such a Proceeding by dismissal, with or without prejudice, shall be deemed to be a successful result as to such claim, issue or matter.

6. INDEMNIFICATION FOR EXPENSES OF A WITNESS . Notwithstanding any other provision of this Agreement, to the extent that Indemnatee is, by reason of his Corporate Status, a witness in any Proceeding to which Indemnatee is not a party, he shall, to the fullest extent permitted by applicable law, be indemnified, held harmless and exonerated against all Expenses actually and reasonably incurred by him or on his behalf in connection therewith.

7. ADDITIONAL INDEMNIFICATION, HOLD HARMLESS AND EXONERATION RIGHTS.

(a) Notwithstanding any limitation in Sections 3, 4, or 5, the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnatee if Indemnatee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnatee in connection with the Proceeding. No indemnification, hold harmless or exoneration rights shall be available under this Section 7(a) on account of Indemnatee's conduct which constitutes a breach of Indemnatee's duty of loyalty to the Company or its stockholders or is an act or omission not in good faith or which involves intentional misconduct or a knowing violation of the law.

(b) Notwithstanding any limitation in Sections 3, 4, 5 or 7(a), the Company shall, to the fullest extent permitted by applicable law, indemnify, hold harmless and exonerate Indemnatee if Indemnatee is a party to or threatened to be made a party to any Proceeding (including a Proceeding by or in the right of the Company to procure a judgment in its favor) against all Expenses, judgments, fines, penalties and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of such Expenses, judgments, fines, penalties and amounts paid in settlement) actually and reasonably incurred by Indemnatee in connection with the Proceeding.

8. CONTRIBUTION IN THE EVENT OF JOINT LIABILITY.

(a) To the fullest extent permissible under applicable law, if the indemnification, hold harmless and/or exoneration rights provided for in this Agreement are unavailable to Indemnatee in whole or in part for any reason whatsoever, the Company, in lieu of indemnifying, holding harmless or exonerating Indemnatee, shall pay, in the first instance, the entire amount incurred by Indemnatee, whether for judgments, liabilities, fines, penalties, amounts paid or to be paid in settlement and/or for Expenses, in connection with any Proceeding without requiring Indemnatee to contribute to such payment, and the Company hereby waives and relinquishes any right of contribution it may have at any time against Indemnatee.

(b) The Company shall not enter into any settlement of any Proceeding in which the Company is jointly liable with Indemnatee (or would be if joined in such Proceeding) unless such settlement provides for a full and final release of all claims asserted against Indemnatee.

(c) The Company hereby agrees to fully indemnify, hold harmless and exonerate Indemnatee from any claims for contribution which may be brought by officers, directors or employees of the Company other than Indemnatee who may be jointly liable with Indemnatee.

9. EXCLUSIONS. Notwithstanding any provision in this Agreement, the Company shall not be obligated under this Agreement to make any indemnification, hold harmless or exoneration payment in connection with any claim made against Indemnatee:

(a) for which payment has actually been received by or on behalf of Indemnatee under any insurance policy or other indemnity provision, except with respect to any excess beyond the amount actually received under any insurance policy, contract, agreement, other indemnity provision or otherwise;

(b) for an accounting of profits made from the purchase and sale (or sale and purchase) by Indemnatee of securities of the Company within the meaning of Section 16(b) of the Exchange Act or similar provisions of state statutory law or common law; or

(c) except as otherwise provided in Sections 14(e)-(f) hereof, prior to a Change in Control, in connection with any Proceeding (or any part of any Proceeding) initiated by Indemnatee, including any Proceeding (or any part of any Proceeding) initiated by Indemnatee against the Company or its directors, officers, employees or other indemnitees, unless (i) the Board authorized the Proceeding (or any part of any Proceeding) prior to its initiation or (ii) the Company provides the indemnification, hold harmless or exoneration payment, in its sole discretion, pursuant to the powers vested in the Company under applicable law.

10. ADVANCES OF EXPENSES; DEFENSE OF CLAIM.

(a) Notwithstanding any provision of this Agreement to the contrary, and to the fullest extent not prohibited by applicable law, the Company shall pay the Expenses incurred by Indemnatee (or reasonably expected by Indemnatee to be incurred by Indemnatee within three months) in connection with any Proceeding within ten (10) days after the receipt by the Company of a statement or statements requesting such advances from time to time, prior to the final disposition of any Proceeding. Advances shall be unsecured and interest free. Advances shall be made without regard to Indemnatee's ability to repay the Expenses and without regard to Indemnatee's ultimate entitlement to be indemnified, held harmless or exonerated under the other provisions of this Agreement. Advances shall include any and all reasonable Expenses incurred pursuing a Proceeding to enforce this right of advancement, including Expenses incurred preparing and forwarding statements to the Company to support the advances claimed. To the fullest extent required by applicable law, such payments of Expenses in advance of the final disposition of the Proceeding shall be made only upon the Company's receipt of an undertaking, by or on behalf of the Indemnatee, to repay the advance to the extent that it is ultimately determined that Indemnatee is not entitled to be indemnified by the Company under the provisions of this Agreement, the Charter, the bylaws of the Company, applicable law or otherwise. This Section 10(a) shall not apply to any claim made by Indemnatee for which an indemnification, hold harmless or exoneration payment is excluded pursuant to Section 9.

(b) The Company will be entitled to participate in the Proceeding at its own expense.

(c) The Company shall not settle any action, claim or Proceeding (in whole or in part) which would impose any Expense, judgment, fine, penalty or limitation on the Indemnatee without the Indemnatee's prior written consent.

11. PROCEDURE FOR NOTIFICATION AND APPLICATION FOR INDEMNIFICATION.

(a) Indemnatee agrees to notify promptly the Company in writing upon being served with any summons, citation, subpoena, complaint, indictment, information or other document relating to any Proceeding or matter which may be subject to indemnification, hold harmless or exoneration rights, or advancement of Expenses covered hereunder. The failure of Indemnatee to so notify the Company shall not relieve the Company of any obligation which it may have to the Indemnatee under this Agreement, or otherwise.

(b) Indemnatee may deliver to the Company a written application to indemnify, hold harmless or exonerate Indemnatee in accordance with this Agreement. Such application(s) may be delivered from time to time and at such time(s) as Indemnatee deems appropriate in his or her sole discretion. Following such a written application for indemnification by Indemnatee, the Indemnatee's entitlement to indemnification shall be determined according to Section 12(a) of this Agreement.

12. PROCEDURE UPON APPLICATION FOR INDEMNIFICATION.

(a) A determination, if required by applicable law, with respect to Indemnatee's entitlement to indemnification shall be made in the specific case by one of the following methods, which shall be at the election of Indemnatee: (i) by a majority vote of the Disinterested Directors, even though less than a quorum of the Board or (ii) by Independent Counsel in a written opinion to the Board, a copy of which shall be delivered to Indemnatee. The Company promptly will advise Indemnatee in writing with respect to any determination that Indemnatee is or is not entitled to indemnification, including a description of any reason or basis for which indemnification has been denied. If it is so determined that Indemnatee is entitled to indemnification, payment to Indemnatee shall be made within ten (10) days after such determination. Indemnatee shall reasonably cooperate with the person, persons or entity making such determination with respect to Indemnatee's entitlement to indemnification, including providing to such person, persons or entity upon reasonable advance request any documentation or information which is not privileged or otherwise protected from disclosure and which is reasonably available to Indemnatee and reasonably necessary to such determination. Any costs or Expenses (including attorneys' fees and disbursements) incurred by Indemnatee in so cooperating with the person, persons or entity making such determination shall be borne by the Company (irrespective of the determination as to Indemnatee's entitlement to indemnification) and the Company hereby indemnifies and agrees to hold Indemnatee harmless therefrom.

(b) In the event the determination of entitlement to indemnification is to be made by Independent Counsel pursuant to Section 12(a) hereof, the Independent Counsel shall be selected as provided in this Section 12(b). The Independent Counsel shall be selected by Indemnatee (unless Indemnatee shall request that such selection be made by the Board), and Indemnatee shall give written notice to the Company advising it of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "Independent Counsel" as defined in Section 2 of this Agreement. If the Independent Counsel is selected by the Board, the Company shall give written notice to Indemnatee advising him of the identity of the Independent Counsel so selected and certifying that the Independent Counsel so selected meets the requirements of "Independent Counsel" as defined in Section 2 of this Agreement. In either event, Indemnatee or the Company, as the case may be, may, within ten (10) days after such written notice of selection shall have been received, deliver to the Company or to Indemnatee, as the case may be, a written objection to such selection; provided, however, that such objection may be asserted only on the ground that the Independent Counsel so selected does not meet the requirements of "Independent Counsel" as defined in Section 2 of this Agreement, and the objection shall set forth with particularity the factual basis of such assertion. Absent a proper and timely objection, the person so selected shall act as Independent Counsel. If such written objection is so made and substantiated, the Independent Counsel so selected may not serve as Independent Counsel unless and until such objection is withdrawn or a court of competent jurisdiction has determined that such objection is without merit. If, within twenty (20) days after submission by Indemnatee of a written request for indemnification pursuant to Section 11(a) hereof, no Independent Counsel shall have been selected and not objected to, either the Company or Indemnatee may petition the Delaware Court for resolution of any objection which shall have been made by the Company or Indemnatee to the other's selection of Independent Counsel and/or for the appointment as Independent Counsel of a person selected by the Delaware Court, and the person with respect to whom all objections are so resolved or the person so appointed shall act as Independent Counsel under Section 12(a) hereof. Upon the due commencement of any judicial proceeding or arbitration pursuant to Section 14(a) of this Agreement, Independent Counsel shall be discharged and relieved of any further responsibility in such capacity (subject to the applicable standards of professional conduct then prevailing).

(c) The Company agrees to pay the reasonable fees and expenses of Independent Counsel and to fully indemnify and hold harmless such Independent Counsel against any and all Expenses, claims, liabilities and damages arising out of or relating to this Agreement or its engagement pursuant hereto.

13. PRESUMPTIONS AND EFFECT OF CERTAIN PROCEEDINGS.

(a) In making a determination with respect to entitlement to indemnification hereunder, the person, persons or entity making such determination shall presume that Indemnatee is entitled to indemnification under this Agreement if Indemnatee has submitted a request for indemnification in accordance with Section 11(b) of this Agreement, and the Company shall have the burden of proof to overcome that presumption in connection with the making by any person, persons or entity of any determination contrary to that presumption. Neither the failure of the Company (including by its directors or Independent Counsel) to have made a determination prior to the commencement of any action pursuant to this Agreement that indemnification is proper in the circumstances because Indemnatee has met the applicable standard of conduct, nor an actual determination by the Company (including by its directors or Independent Counsel) that Indemnatee has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that Indemnatee has not met the applicable standard of conduct.

(b) If the person, persons or entity empowered or selected under Section 12 of this Agreement to determine whether Indemnitee is entitled to indemnification shall not have made a determination within thirty (30) days after receipt by the Company of the request therefor, the requisite determination of entitlement to indemnification shall be deemed to have been made and Indemnitee shall be entitled to such indemnification, absent (i) a misstatement by Indemnitee of a material fact, or an omission of a material fact necessary to make Indemnitee's statement not materially misleading, in connection with the request for indemnification, or (ii) a final judicial determination that any or all such indemnification is expressly prohibited under applicable law; provided, however, that such 30-day period may be extended for a reasonable time, not to exceed an additional fifteen (15) days, if the person, persons or entity making the determination with respect to entitlement to indemnification in good faith requires such additional time for the obtaining or evaluating of documentation and/or information relating thereto.

(c) The termination of any Proceeding or of any claim, issue or matter therein, by judgment, order, settlement or conviction, or upon a plea of nolo contendere or its equivalent, shall not (except as otherwise expressly provided in this Agreement) of itself adversely affect the right of Indemnitee to indemnification or create a presumption that Indemnitee did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal Proceeding, that Indemnitee had reasonable cause to believe that his conduct was unlawful.

(d) For purposes of any determination of good faith, Indemnitee shall be deemed to have acted in good faith if Indemnitee's action is based on the records or books of account of the Enterprise, including financial statements, or on information supplied to Indemnitee by the directors or officers of the Enterprise in the course of their duties, or on the advice of legal counsel for the Enterprise, its Board, any committee of the Board or any director, or on information or records given or reports made to the Enterprise, its Board, any committee of the Board or any director, by an independent certified public accountant or by an appraiser or other expert selected by the Enterprise, its Board, any committee of the Board or any director. The provisions of this Section 13(d) shall not be deemed to be exclusive or to limit in any way the other circumstances in which the Indemnitee may be deemed or found to have met the applicable standard of conduct set forth in this Agreement.

(e) The knowledge and/or actions, or failure to act, of any other director, officer, trustee, partner, managing member, fiduciary, agent or employee of the Enterprise shall not be imputed to Indemnitee for purposes of determining the right to indemnification under this Agreement.

14. REMEDIES OF INDEMNITEE.

(a) In the event that (i) a determination is made pursuant to Section 12 of this Agreement that Indemnitee is not entitled to indemnification under this Agreement, (ii) advancement of Expenses, to the fullest extent permitted by applicable law, is not timely made pursuant to Section 10 of this Agreement, (iii) no determination of entitlement to indemnification shall have been made pursuant to Section 12(a) of this Agreement within thirty (30) days after receipt by the Company of the request for indemnification, (iv) payment of indemnification is not made pursuant to Section 5, 6, 7 or the last sentence of Section 12(a) of this Agreement within ten (10) days after receipt by the Company of a written request therefor, (v) a contribution payment is not made in a timely manner pursuant to Section 8 of this Agreement, (vi) payment of indemnification pursuant to Section 3 or 4 of this Agreement is not made within ten (10) days after a determination has been made that Indemnitee is entitled to indemnification, or (vii) payment to Indemnitee pursuant to any hold harmless or exoneration rights under this Agreement or otherwise is not made within ten (10) days after receipt by the Company of a written request therefor, Indemnitee shall be entitled to an adjudication by the Delaware Court to such indemnification, hold harmless, exoneration, contribution or advancement rights. Alternatively, Indemnitee, at his option, may seek an award in arbitration to be conducted by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. Except as set forth herein, the provisions of Delaware law (without regard to its conflict of laws rules) shall apply to any such arbitration. The Company shall not oppose Indemnitee's right to seek any such adjudication or award in arbitration.

(b) In the event that a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnatee is not entitled to indemnification, any judicial proceeding or arbitration commenced pursuant to this Section 14 shall be conducted in all respects as a de novo trial, or arbitration, on the merits and Indemnatee shall not be prejudiced by reason of that adverse determination. In any judicial proceeding or arbitration commenced pursuant to this Section 14, Indemnatee shall be presumed to be entitled to be indemnified, held harmless, exonerated to receive advances of Expenses under this Agreement and the Company shall have the burden of proving Indemnatee is not entitled to be indemnified, held harmless, exonerated and to receive advances of Expenses, as the case may be, and the Company may not refer to or introduce into evidence any determination pursuant to Section 12(a) of this Agreement adverse to Indemnatee for any purpose. If Indemnatee commences a judicial proceeding or arbitration pursuant to this Section 14, Indemnatee shall not be required to reimburse the Company for any advances pursuant to Section 10 until a final determination is made with respect to Indemnatee's entitlement to indemnification (as to which all rights of appeal have been exhausted or lapsed).

(c) If a determination shall have been made pursuant to Section 12(a) of this Agreement that Indemnatee is entitled to indemnification, the Company shall be bound by such determination in any judicial proceeding or arbitration commenced pursuant to this Section 14, absent (i) a misstatement by Indemnatee of a material fact, or an omission of a material fact necessary to make Indemnatee's statement not materially misleading, in connection with the request for indemnification, or (ii) a prohibition of such indemnification under applicable law.

(d) The Company shall be precluded from asserting in any judicial proceeding or arbitration commenced pursuant to this Section 14 that the procedures and presumptions of this Agreement are not valid, binding and enforceable and shall stipulate in any such court or before any such arbitrator that the Company is bound by all the provisions of this Agreement.

(e) The Company shall indemnify and hold harmless Indemnatee to the fullest extent permitted by law against all Expenses and, if requested by Indemnatee, shall (within ten (10) days after the Company's receipt of such written request) pay to Indemnatee, to the fullest extent permitted by applicable law, such Expenses which are incurred by Indemnatee in connection with any judicial proceeding or arbitration brought by Indemnatee (i) to enforce his rights under, or to recover damages for breach of, this Agreement or any other indemnification, hold harmless, exoneration, advancement or contribution agreement or provision of the Charter, or the Company's Bylaws now or hereafter in effect; or (ii) for recovery or advances under any insurance policy maintained by any person for the benefit of Indemnatee, regardless of the outcome and whether Indemnatee ultimately is determined to be entitled to such indemnification, hold harmless or exoneration right, advancement, contribution or insurance recovery, as the case may be (unless such judicial proceeding or arbitration was not brought by Indemnatee in good faith).

(f) Interest shall be paid by the Company to Indemnatee at the legal rate under Delaware law for amounts which the Company indemnifies, holds harmless or exonerates, or is obliged to indemnify, hold harmless or exonerate for the period commencing with the date on which Indemnatee requests indemnification, to be held harmless, exonerated, contribution, reimbursement or advancement of any Expenses and ending with the date on which such payment is made to Indemnatee by the Company.

15. SECURITY. Notwithstanding anything herein to the contrary, to the extent requested by the Indemnatee and approved by the Board, the Company may at any time and from time to time provide security to the Indemnatee for the Company's obligations hereunder through an irrevocable bank line of credit, funded trust or other collateral. Any such security, once provided to the Indemnatee, may not be revoked or released without the prior written consent of the Indemnatee.

16. NON-EXCLUSIVITY; SURVIVAL OF RIGHTS; INSURANCE; SUBROGATION.

(a) The rights of Indemnitee as provided by this Agreement shall not be deemed exclusive of any other rights to which Indemnitee may at any time be entitled under applicable law, the Charter, the Company's bylaws, any agreement, a vote of stockholders or a resolution of directors, or otherwise. No amendment, alteration or repeal of this Agreement or of any provision hereof shall limit or restrict any right of Indemnitee under this Agreement in respect of any Proceeding (regardless of when such Proceeding is first threatened, commenced or completed) arising out of, or related to, any action taken or omitted by such Indemnitee in his Corporate Status prior to such amendment, alteration or repeal. To the extent that a change in applicable law, whether by statute or judicial decision, permits greater indemnification, hold harmless or exoneration rights or advancement of Expenses than would be afforded currently under the Charter, the Company's bylaws or this Agreement, it is the intent of the parties hereto that Indemnitee shall enjoy by this Agreement the greater benefits so afforded by such change. No right or remedy herein conferred is intended to be exclusive of any other right or remedy, and every other right and remedy shall be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other right or remedy.

(b) The DGCL, the Charter and the Company's bylaws permit the Company to purchase and maintain insurance or furnish similar protection or make other arrangements including, but not limited to, providing a trust fund, letter of credit, or surety bond ("**Indemnification Arrangements**") on behalf of Indemnitee against any liability asserted against him or incurred by or on behalf of him or in such capacity as a director, officer, employee or agent of the Company, or arising out of his status as such, whether or not the Company would have the power to indemnify him against such liability under the provisions of this Agreement or under the DGCL, as it may then be in effect. The purchase, establishment, and maintenance of any such Indemnification Arrangement shall not in any way limit or affect the rights and obligations of the Company or of the Indemnitee under this Agreement except as expressly provided herein, and the execution and delivery of this Agreement by the Company and the Indemnitee shall not in any way limit or affect the rights and obligations of the Company or the other party or parties thereto under any such Indemnification Arrangement.

(c) To the extent that the Company maintains an insurance policy or policies providing liability insurance for directors, officers, trustees, partners, managing members, fiduciaries, employees, or agents of the Company or of any other Enterprise which such person serves at the request of the Company, Indemnitee shall be covered by such policy or policies in accordance with its or their terms to the maximum extent of the coverage available for any such director, officer, trustee, partner, managing member, fiduciary, employee or agent under such policy or policies. If, at the time the Company receives notice from any source of a Proceeding as to which Indemnitee is a party or a participant (as a witness or otherwise), the Company has director and officer liability insurance in effect, the Company shall give prompt notice of such Proceeding to the insurers in accordance with the procedures set forth in the respective policies. The Company shall thereafter take all necessary or desirable action to cause such insurers to pay, on behalf of the Indemnitee, all amounts payable as a result of such Proceeding in accordance with the terms of such policies.

(d) In the event of any payment under this Agreement, the Company shall be subrogated to the extent of such payment to all of the rights of recovery of Indemnitee, who shall execute all papers required and take all action necessary to secure such rights, including execution of such documents as are necessary to enable the Company to bring suit to enforce such rights.

(e) The Company's obligation to indemnify, hold harmless, exonerate or advance Expenses hereunder to Indemnitee who is or was serving at the request of the Company as a director, officer, trustee, partner, managing member, fiduciary, employee or agent of any other Enterprise shall be reduced by any amount Indemnitee has actually received as indemnification, hold harmless or exoneration payments or advancement of expenses from such Enterprise. Notwithstanding any other provision of this Agreement to the contrary, (i) Indemnitee shall have no obligation to reduce, offset, allocate, pursue or apportion any indemnification, hold harmless, exoneration, advancement, contribution or insurance coverage among multiple parties possessing such duties to Indemnitee prior to the Company's satisfaction and performance of all its obligations under this Agreement, and (ii) the Company shall perform fully its obligations under this Agreement without regard to whether Indemnitee holds, may pursue or has pursued any indemnification, advancement, hold harmless, exoneration, contribution or insurance coverage rights against any person or entity other than the Company.

17. DURATION OF AGREEMENT . All agreements and obligations of the Company contained herein shall continue during the period Indemnitee serves as a director or officer of the Company or as a director, officer, trustee, partner, managing member, fiduciary, employee or agent of any other corporation, partnership, joint venture, trust, employee benefit plan or other Enterprise which Indemnitee serves at the request of the Company and shall continue thereafter so long as Indemnitee shall be subject to any possible Proceeding (including any rights of appeal thereto and any Proceeding commenced by Indemnitee pursuant to Section 14 of this Agreement) by reason of his Corporate Status, whether or not he is acting in any such capacity at the time any liability or expense is incurred for which indemnification can be provided under this Agreement.

18. SEVERABILITY. If any provision or provisions of this Agreement shall be held to be invalid, illegal or unenforceable for any reason whatsoever: (a) the validity, legality and enforceability of the remaining provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and shall remain enforceable to the fullest extent permitted by law; (b) such provision or provisions shall be deemed reformed to the extent necessary to conform to applicable law and to give the maximum effect to the intent of the parties hereto; and (c) to the fullest extent possible, the provisions of this Agreement (including, without limitation, each portion of any Section, paragraph or sentence of this Agreement containing any such provision held to be invalid, illegal or unenforceable, that is not itself invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested thereby.

19. ENFORCEMENT AND BINDING EFFECT.

(a) The Company expressly confirms and agrees that it has entered into this Agreement and assumed the obligations imposed on it hereby in order to induce Indemnitee to serve as a director, officer or key employee of the Company, and the Company acknowledges that Indemnitee is relying upon this Agreement in serving as a director, officer or key employee of the Company.

(b) Without limiting any of the rights of Indemnitee under the Charter or bylaws of the Company as they may be amended from time to time, this Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings, oral, written and implied, between the parties hereto with respect to the subject matter hereof.

(c) The indemnification, hold harmless, exoneration and advancement of expenses rights provided by or granted pursuant to this Agreement shall be binding upon and be enforceable by the parties hereto and their respective successors and assigns (including any direct or indirect successor by purchase, merger, consolidation or otherwise to all or substantially all of the business or assets of the Company), shall continue as to an Indemnitee who has ceased to be a director, officer, employee or agent of the Company or of any other Enterprise at the Company's request, and shall inure to the benefit of Indemnitee and his or her spouse, assigns, heirs, devisees, executors and administrators and other legal representatives.

(d) The Company shall require and cause any successor (whether direct or indirect by purchase, merger, consolidation or otherwise) to all, substantially all or a substantial part, of the business and/or assets of the Company, by written agreement in form and substance satisfactory to the Indemnitee, expressly to assume and agree to perform this Agreement in the same manner and to the same extent that the Company would be required to perform if no such succession had taken place.

(e) The Company and Indemnitee agree herein that a monetary remedy for breach of this Agreement, at some later date, may be inadequate, impracticable and difficult of proof, and further agree that such breach may cause Indemnitee irreparable harm. Accordingly, the parties hereto agree that Indemnitee may enforce this Agreement by seeking, among other things, injunctive relief and/or specific performance hereof, without any necessity of showing actual damage or irreparable harm and that by seeking injunctive relief and/or specific performance, Indemnitee shall not be precluded from seeking or obtaining any other relief to which he may be entitled. The Company and Indemnitee further agree that Indemnitee shall be entitled to such specific performance and injunctive relief, including temporary restraining orders, preliminary injunctions and permanent injunctions, without the necessity of posting bonds or other undertaking in connection therewith. The Company acknowledges that in the absence of a waiver, a bond or undertaking may be required of Indemnitee by the Court, and the Company hereby waives any such requirement of such a bond or undertaking.

20. MODIFICATION AND WAIVER . No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by the parties hereto. No waiver of any of the provisions of this Agreement shall be deemed or shall constitute a waiver of any other provisions of this Agreement nor shall any waiver constitute a continuing waiver.

21. NOTICES. All notices, requests, demands and other communications under this Agreement shall be in writing and shall be deemed to have been duly given (i) if delivered by hand and receipted for by the party to whom said notice or other communication shall have been directed, or (ii) mailed by certified or registered mail with postage prepaid, on the third (3rd) business day after the date on which it is so mailed:

(a) If to Indemnitee, at the address indicated on the signature page of this Agreement, or such other address as Indemnitee shall provide in writing to the Company.

(b) If to the Company, to:

Global Eagle Acquisition Corp.
10900 Wilshire Blvd., Suite 1500
Los Angeles, California 90024

or to any other address as may have been furnished to Indemnitee in writing by the Company.

22. APPLICABLE LAW AND CONSENT TO JURISDICTION . This Agreement and the legal relations among the parties shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without regard to its conflict of laws rules. Except with respect to any arbitration commenced by Indemnitee pursuant to Section 14(a) of this Agreement, the Company and Indemnitee hereby irrevocably and unconditionally: (a) agree that any action or proceeding arising out of or in connection with this Agreement shall be brought only in the Delaware Court and not in any other state or federal court in the United States of America or any court in any other country; (b) consent to submit to the exclusive jurisdiction of the Delaware Court for purposes of any action or proceeding arising out of or in connection with this Agreement; (c) waive any objection to the laying of venue of any such action or proceeding in the Delaware Court; and (d) waive, and agree not to plead or to make, any claim that any such action or proceeding brought in the Delaware Court has been brought in an improper or inconvenient forum, or is subject (in whole or in part) to a jury trial.

23. IDENTICAL COUNTERPARTS . This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. Only one such counterpart signed by the party against whom enforceability is sought needs to be produced to evidence the existence of this Agreement.

24. MISCELLANEOUS. Use of the masculine pronoun shall be deemed to include usage of the feminine pronoun where appropriate. The headings of the paragraphs of this Agreement are inserted for convenience only and shall not be deemed to constitute part of this Agreement or to affect the construction thereof.

25. PERIOD OF LIMITATIONS . No legal action shall be brought and no cause of action shall be asserted by or in the right of the Company against Indemnitee, Indemnitee's spouse, heirs, executors or personal or legal representatives after the expiration of two years from the date of accrual of such cause of action, and any claim or cause of action of the Company shall be extinguished and deemed released unless asserted by the timely filing of a legal action within such two-year period; provided, however, that if any shorter period of limitations is otherwise applicable to any such cause of action such shorter period shall govern.

26. ADDITIONAL ACTS. If for the validation of any of the provisions in this Agreement any act, resolution, approval or other procedure is required, the Company undertakes to cause such act, resolution, approval or other procedure to be affected or adopted in a manner that will enable the Company to fulfill its obligations under this Agreement.

The Initial Holders acknowledge and agree that the certificates representing the Escrow Securities will bear a legend to reflect the deposit of such Escrow Securities under this Agreement.

3 . Disbursement of the Escrow Securities. The Escrow Agent shall hold each of the Escrow Shares and the Private Warrants until the termination of their respective Escrow Periods (as defined below). In the case of the Escrow Shares, the “**Escrow Period**” shall be the period beginning on the date the certificates representing the Escrow Shares are deposited with the Escrow Agent and ending (a) with respect to the Founder Shares, on the earlier of (x) the first anniversary of the completion of the Company’s initial business combination (as such term is defined in the Registration Statement), (y) such time subsequent to the Company’s initial business combination as the last sales price of the Company’s Common Stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (z) the date on which the Company completes a liquidation, merger, stock exchange or other similar transaction after the Company’s initial business combination that results in all of the Company’s stockholders having the right to exchange their shares of Common Stock for cash, securities or other property, and (b) with respect to the Founder Earnout Shares, on the earlier of (x) the third anniversary of the completion of the Company’s initial business combination as the last sales price of the Company’s Common Stock equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period or (y) the date on which the Company completes a liquidation, merger, stock exchange or other similar transaction that results in all of the Company’s stockholders having the right to exchange their shares of common stock for consideration in cash, securities or other property which equals or exceeds \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like); provided, that in the event neither (x) nor (y) has occurred within three years following the consummation of the Company’s initial business combination (the “**Second Tranche Deadline**”), the Second Tranche Shares shall be forfeited. In the case of the Private Warrants, the “**Escrow Period**” shall be the period beginning on the date the certificates representing the Private Warrants are deposited with the Escrow Agent and ending on the 30th day following the date of the consummation of the Company’s initial business combination.

On the termination date of the applicable Escrow Period, the Escrow Agent shall, upon written instructions from the Company, disburse the Escrow Securities to the Initial Holders; provided, however, that if the Escrow Agent is notified by the Company pursuant to Section 6.7 hereof that (i) up to an aggregate of 576,220 of the Escrow Shares have been forfeited because the Underwriters did not exercise their over-allotment option in full or (ii) the Second Tranche Shares have been forfeited because neither (x) nor (y) above occurred on or before the Second Tranche Deadline, then the Escrow Agent shall promptly destroy the certificates representing such Escrow Securities (or portion thereof, as applicable). In addition, notwithstanding anything to the contrary contained herein, the Escrow Agent shall disburse the Escrow Securities to the Initial Holders upon being notified by the Company that the trust account into which substantially all of the proceeds of the IPO and the sale of the Private Warrants has been deposited as described in the Prospectus (the “**Trust Account**”) is being liquidated because the Company has been unable to consummate its initial business combination within the required time frame. The Escrow Agent shall have no further duties hereunder after the disbursement or destruction of the Escrow Securities in accordance with this Section 3.

4. Rights of Initial Holders in Escrow Securities.

4.1 Voting Rights as a Stockholder. Subject to the terms of the Insider Letter described in Section 4.4 hereof and except as herein provided, the Initial Holders shall retain all of their rights as stockholders of the Company during the Escrow Period, including, without limitation, the right to vote the Escrow Shares.

4.2 Dividends and Other Distributions in Respect of the Escrow Securities. During the applicable Escrow Period, all dividends payable in cash with respect to the Escrow Securities other than the Founder Earnout Shares shall be paid to the Initial Holders, but all dividends payable in cash with respect to the Founder Earnout Shares or in stock or other non-cash property with respect to all of the Escrow Securities (“**Non-Cash Dividends**”) shall be delivered to the Escrow Agent to hold in accordance with the terms hereof. As used herein, the term “Escrow Securities” shall be deemed to include the Non-Cash Dividends distributed thereon, if any.

4.3 Restrictions on Transfer. During the applicable Escrow Period, no sale, transfer or other disposition may be made of any or all of the Escrow Securities except (i) to the Company’s officers or directors, any affiliates or family members of any of the Company’s officers or directors, any members of the Sponsor, or any affiliates of the Sponsor, (ii) by gift to a member of one of the members of the Sponsor’s immediate family or to a trust, the beneficiary of which is a member of one of the members of the Sponsor’s immediate family, an affiliate of the Sponsor or to a charitable organization; (iii) by virtue of laws of descent and distribution upon death of one of the members of the Sponsor; (iv) pursuant to a qualified domestic relations order; (v) by virtue of the laws of the state of Delaware or the Sponsor’s limited liability company agreement upon dissolution of the Sponsor; (vi) in the event of the Company’s liquidation prior to the Company’s completion of our initial business combination; or (vii) in the event of the Company’s completion of a liquidation, merger, stock exchange or other similar transaction which results in all of the Company’s stockholders having the right to exchange their shares of Common Stock for cash, securities or other property subsequent to the Company’s completion of the Company’s initial business combination; provided, however, that these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions. Even if transferred in accordance with this Section 4.3, the Escrow Securities will remain subject to this Agreement and may be released from escrow only in accordance with Section 3 hereof. During the applicable Escrow Period, the Sponsor shall not pledge or grant a security interest in the Escrow Securities or grant a security interest in its rights under this Agreement. The Escrow Shares and Private Warrants each shall bear the respective legend provided on Exhibit B attached hereto.

4 . 4 Insider Letters. Each Initial Holder has executed a letter agreement with the Representative and the Company, dated as of the Effective Date, and which is filed as an exhibit to the Registration Statement (each an “**Insider Letter**”), which contains certain rights and obligations of such Initial Holder with respect to the Company, including, but not limited to, certain voting obligations in respect of the Escrow Shares.

5. Concerning the Escrow Agent.

5.1 Good Faith Reliance. The Escrow Agent shall not be liable for any action taken or omitted by it in good faith and in the exercise of its own best judgment, and may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Escrow Agent, which counsel may be company counsel), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which is believed by the Escrow Agent to be genuine and to be signed or presented by the proper person or persons. The Escrow Agent shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement unless evidenced by a writing delivered to the Escrow Agent signed by the proper party or parties and, if the duties or rights of the Escrow Agent are affected, unless it shall have given its prior written consent thereto.

5.2 Indemnification. The Escrow Agent shall be indemnified and held harmless by the Company from and against any expenses, including reasonable counsel fees and disbursements, or loss suffered by the Escrow Agent in connection with any action taken by it hereunder, action, suit or other proceeding involving any claim which in any way, directly or indirectly, arises out of or relates to this Agreement, the services of the Escrow Agent hereunder, or the Escrow Securities held by it hereunder, other than expenses or losses arising from the gross negligence or willful misconduct of the Escrow Agent. Promptly after the receipt by the Escrow Agent of notice of any demand or claim or the commencement of any action, suit or proceeding, the Escrow Agent shall notify the other parties hereto in writing. In the event of the receipt of such notice, the Escrow Agent, in its sole discretion, may commence an action in the nature of interpleader in an appropriate court to determine ownership or disposition of the Escrow Securities or it may deposit the Escrow Securities with the clerk of any appropriate court or it may retain the Escrow Securities pending receipt of a final, non-appealable order of a court having jurisdiction over all of the parties hereto directing to whom and under what circumstances the Escrow Securities are to be disbursed and delivered. The provisions of this Section 5.2 shall survive in the event the Escrow Agent resigns or is discharged pursuant to Sections 5.5 or 5.6 below.

5.3 Compensation. The Escrow Agent shall be entitled to reasonable compensation from the Company for all services rendered by it hereunder, as set forth on Exhibit C hereto. The Escrow Agent shall also be entitled to reimbursement from the Company for all reasonable expenses paid or incurred by it in the administration of its duties hereunder including, but not limited to, all counsel, advisors' and agents' fees and disbursements and all taxes or other governmental charges.

5.4 Further Assurances. From time to time on and after the date hereof, the Company and the Initial Holders shall deliver or cause to be delivered to the Escrow Agent such further documents and instruments and shall do or cause to be done such further acts as the Escrow Agent shall reasonably request to carry out more effectively the provisions and purposes of this Agreement, to evidence compliance herewith or to assure itself that it is protected in acting hereunder.

5.5 Resignation. The Escrow Agent may resign at any time and be discharged from its duties as escrow agent hereunder by its giving the other parties hereto written notice and such resignation shall become effective as hereinafter provided. Such resignation shall become effective at such time that the Escrow Agent shall turn over to a successor escrow agent appointed by the Company and approved by the Representative, which approval will not be unreasonably withheld, conditioned or delayed, the Escrow Securities held hereunder. If no new escrow agent is so appointed within the 60 day period following the giving of such notice of resignation, the Escrow Agent may deposit the Escrow Securities with any court it reasonably deems appropriate in the State of New York.

5.6 Discharge of Escrow Agent. The Escrow Agent shall resign and be discharged from its duties as escrow agent hereunder if so requested in writing at any time by the other parties hereto, jointly, provided, however, that such resignation shall become effective only upon acceptance of appointment by a successor escrow agent as provided in Section 5.5.

5.7 Liability. Notwithstanding anything herein to the contrary, the Escrow Agent shall not be relieved from liability hereunder for its own gross negligence, fraud or willful misconduct.

6. Miscellaneous.

6 . 1 Governing Law. This Agreement shall for all purposes be deemed to be made under and shall be construed in accordance with the laws of the State of New York without reference to its principles of conflicts of law which would require the application of the laws of another jurisdiction. Each of the parties hereby agrees that any action, proceeding or claim against it arising out of or relating in any way to this Agreement shall be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and irrevocably submits to such personal jurisdiction, which jurisdiction shall be exclusive. Each of the parties hereby waives any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum.

6 . 2 Entire Agreement. This Agreement and the Insider Letters contain the entire agreement of the parties hereto with respect to the subject matter hereof and, except as expressly provided herein, may not be changed or modified except by an instrument in writing signed by the party to be charged. In connection with any proposed amendment, the Escrow Agent may request an opinion of the Company's counsel as to the validity of the proposed amendment as a condition to its execution of said amendment.

6.3 Headings. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation thereof.

6.4 Binding Effect. This Agreement shall be binding upon and inure to the benefit of the respective parties hereto and their legal representative, successors and assigns.

SECURITIES ASSIGNMENT AGREEMENT

This Securities Assignment Agreement (this “**Assignment**”), dated as of March 21, 2011, is made and entered into by and among Global Eagle Acquisition LLC, a Delaware limited liability company (the “**Seller**”), and the parties identified on the signature page hereto (each a “**Buyer**” and collectively, the “**Buyers**”).

WHEREAS, on the terms and subject to the conditions set forth in this Assignment, the Seller wishes to assign an aggregate of 44,176 shares (the “**Shares**”) of common stock (“**Common Stock**”) of Global Eagle Acquisition Corp. (the “**Company**”) to the Buyers and the Buyers wish to purchase the Shares from the Seller.

NOW, THEREFORE, in consideration of the premises, representations, warranties and the mutual covenants contained in this Assignment, and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

Section 1 Assignment of Shares. Seller hereby assigns 22,088 Shares to each Buyer, of which 2,766 Shares shall be subject to forfeiture by each such Buyer to the extent the underwriters’ over-allotment option (as described in the Company’s registration statement on Form S-1, as amended (File Number 333-172267) (the “**Registration Statement**”), under the Securities Act of 1933, as amended (the “**Act**”), relating to an underwritten public offering by the Company (the “**Offering**”) is not exercised in full. In addition, a portion of the Shares held by each Buyer, in an amount equal to 4% of the Company’s issued and outstanding shares immediately after the Offering (the “**Buyer Earnout Shares**”), shall be subject to forfeiture by each Buyer in the event that the last sales price of the Company’s stock does not equal or exceed \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 36 months following the closing of the Company’s initial business combination (as described in the Registration Statement). The Buyers have paid to the Seller an aggregate amount of Two Hundred Fifty Dollars (\$250) (the “**Purchase Price**”), in consideration of the assignment of the Shares.

Section 2 No Conflicts. Each party represents and warrants that neither the execution and delivery of this Assignment by such, nor the consummation or performance by such party of any of transactions contemplated hereby, will with or without notice or lapse of time, constitute, create or result in a breach or violation of, default under, loss of benefit or right under or acceleration of performance of any obligation required under any agreement to which it is a party.

Section 3 Investment Representations. Each Buyer represents and warrants, with respect to himself only, as follows: Such Buyer hereby acknowledges that an investment in the Shares involves certain significant risks. Such Buyer has no need for liquidity in its investment in the Shares for the foreseeable future and is able to bear the risk of that investment for an indefinite period. Such Buyer acknowledges and hereby agrees that the Shares will not be transferable under any circumstances unless registered by the Company in accordance with federal and state securities laws or sold in compliance with an exemption under such laws and such transfer complies with all applicable lock-up restrictions on such Buyer (as described in the Registration Statement). Such Buyer further understands that any certificates evidencing the Shares bear a legend referring to the foregoing transfer restrictions. Such Buyer also acknowledges and hereby agrees that such Buyer shall return to the Company for cancellation, at no cost, (i) 2,881 Shares held by each such Buyer to the extent the underwriters’ over-allotment (as described in the Registration Statement) is not exercised in full and (ii) its Buyer Earnout Shares in the event that the last sales price of the Company’s stock does not equal or exceed \$13.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period within 36 months following the closing of the Company’s initial business combination (as described in the Registration Statement). The Shares are being acquired solely for such Buyer’s own account, for investment purposes only, and are not being purchased with a view to or for the resale, distribution, subdivision or fractionalization thereof; and such Buyer has no present plans to enter into any contract, undertaking, agreement or arrangement for such resale, distribution, subdivision or fractionalization. Such Buyer has been given the opportunity to (i) ask questions of and receive answers from the Seller and the Company concerning the terms and conditions of the Shares, and the business and financial condition of the Company and (ii) obtain any additional information that the Seller possesses or can acquire without unreasonable effort or expense that is necessary to assist such Buyer in evaluating the advisability of the purchase of the Shares and an investment in the Company. Such Buyer is not relying on any oral representation made by any person as to the Company or its operations, financial condition or prospects. Such Buyer is an “accredited investor” as defined in Regulation D promulgated by the Securities and Exchange Commission under the Act. In the event such Buyer does not join the Board of Directors of the Company upon the consummation of the Offering (whether and either at the election of the Company or such Buyer for any reason), then the Buyer shall promptly return the Shares to the Company.

Section 4 **Miscellaneous**. This Assignment, together with the certificates, documents, instruments and writings that are delivered pursuant hereto, constitutes the entire agreement and understanding of the parties hereto in respect of its subject matter. This Assignment may be executed in two or more counterparts, each of which will be deemed an original but all of which together will constitute one and the same instrument. This Assignment may not be amended, modified or waived as to any particular provision, except by a written instrument executed by all parties hereto. Except as otherwise provided herein, no party hereto may assign either this Assignment or any of its rights, interests, or obligations hereunder without the prior written approval of the other party.

**FORM OF CODE OF ETHICS
OF
GLOBAL EAGLE ACQUISITION CORP.**

1. Introduction

The Board of Directors (the “**Board**”) of Global Eagle Acquisition Corp. has adopted this code of ethics (this “**Code**”), which is applicable to all directors, officers and employees (each a “person,” as used herein) of the Company (as defined below), to:

- promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- promote the full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with, or submits to, the Securities and Exchange Commission (the “**SEC**”), as well as in other public communications made by or on behalf of the Company;
- promote compliance with applicable governmental laws, rules and regulations;
- deter wrongdoing; and
- require prompt internal reporting of breaches of, and accountability for adherence to, this Code.

This Code may be amended or modified by the Board. In this Code, references to the “**Company**” mean Global Eagle Acquisition Corp. and, in appropriate context, the Company’s subsidiaries, if any.

2. Honest, Ethical and Fair Conduct

Each person owes a duty to the Company to act with integrity. Integrity requires, among other things, being honest, fair and candid. Deceit, dishonesty and subordination of principle are inconsistent with integrity. Service to the Company should never be subordinated to personal gain and advantage.

Each person must:

- Act with integrity, including being honest and candid while still maintaining the confidentiality of the Company’s information where required or when in the Company’s interests;
 - Observe all applicable governmental laws, rules and regulations;
 - Comply with the requirements of applicable accounting and auditing standards, as well as Company policies, in order to maintain a high standard of accuracy and completeness in the Company’s financial records and other business-related information and data;
-

- Adhere to a high standard of business ethics and not seek competitive advantage through unlawful or unethical business practices;
- Deal fairly with the Company's customers, suppliers, competitors and employees;
- Refrain from taking advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other unfair-dealing practice;
- Protect the assets of the Company and ensure their proper use;
- Until the earliest of (i) the Company's initial business combination (as such term is defined in the Company's initial registration statement filed with the SEC), (ii) liquidation, or (iii) such time as such person ceases to be an officer of the Company, first present to the Company for its consideration, prior to presentation to any other entity, any business opportunity with an enterprise value of \$100 million or more, subject to any fiduciary duties or contractual obligations such person may have, currently or in the future, in respect of the companies to which such person currently has fiduciary duties or contractual obligations; provided, however, that with respect to the Company's independent directors, such obligation shall not be applicable.
- Avoid conflicts of interest, wherever possible, except as may be allowed under guidelines or resolutions approved by the Board (or the appropriate committee of the Board) or as disclosed in the Company's public filings with the SEC. Anything that would be a conflict for a person subject to this Code also will be a conflict for a member of his or her immediate family or any other close relative. Examples of conflict of interest situations include, but are not limited to, the following:
 - any significant ownership interest in any supplier or customer;
 - any consulting or employment relationship with any supplier or customer;
 - the receipt of any money, non-nominal gifts or excessive entertainment from any entity with which the Company has current or prospective business dealings;
 - selling anything to the Company or buying anything from the Company, except on the same terms and conditions as comparable officers or directors are permitted to so purchase or sell;
 - any other financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) involving the Company; and

any other circumstance, event, relationship or situation in which the personal interest of a person subject to this Code interferes — or even appears to interfere — with the interests of the Company as a whole.

3. Disclosure

The Company strives to ensure that the contents of and the disclosures in the reports and documents that the Company files with the SEC and other public communications shall be full, fair, accurate, timely and understandable in accordance with applicable disclosure standards, including standards of materiality, where appropriate. Each person must:

- not knowingly misrepresent, or cause others to misrepresent, facts about the Company to others, whether within or outside the Company, including to the Company's independent registered public accountants, governmental regulators, self-regulating organizations and other governmental officials, as appropriate; and
- in relation to his or her area of responsibility, properly review and critically analyze proposed disclosure for accuracy and completeness.

In addition to the foregoing, the Chief Executive Officer and Chief Financial Officer of the Company and each subsidiary of the Company (or persons performing similar functions), and each other person that typically is involved in the financial reporting of the Company, must familiarize himself or herself with the disclosure requirements applicable to the Company as well as the business and financial operations of the Company.

Each person must promptly bring to the attention of the Chairman of the Board any information he or she may have concerning (a) significant deficiencies in the design or operation of internal and/or disclosure controls that could adversely affect the Company's ability to record, process, summarize and report financial data or (b) any fraud that involves management or other employees who have a significant role in the Company's financial reporting, disclosures or internal controls.

4. Compliance

It is the Company's obligation and policy to comply with all applicable governmental laws, rules and regulations. It is the personal responsibility of each person to, and each person must, adhere to the standards and restrictions imposed by those laws, rules and regulations, including those relating to accounting and auditing matters.

5. Reporting and Accountability

The Board is responsible for applying this Code to specific situations in which questions are presented to it and has the authority to interpret this Code in any particular situation. Any person who becomes aware of any existing or potential breach of this Code is required to notify the Chairman of the Board promptly. Failure to do so is, in and of itself, a breach of this Code.

Specifically, each person must:

- Notify the Chairman of the Board promptly of any existing or potential violation of this Code; and
- Not retaliate against any other person for reports of potential violations that are made in good faith.

The Company will follow the following procedures in investigating and enforcing this Code and in reporting on the Code:

- The Board will take all appropriate action to investigate any breaches reported to it; and
- Upon determination by the Board that a breach has occurred, the Board (by majority decision) will take or authorize such disciplinary or preventive action as it deems appropriate, after consultation with the Company's internal or external legal counsel, up to and including dismissal or, in the event of criminal or other serious violations of law, notification of the SEC or other appropriate law enforcement authorities.

No person following the above procedure shall, as a result of following such procedure, be subject by the Company or any officer or employee thereof to discharge, demotion suspension, threat, harassment or, in any manner, discrimination against such person in terms and conditions of employment.

6. Waivers and Amendments

Any waiver (defined below) or implicit waiver (defined below) from a provision of this Code for the principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions, or any amendment (as defined below) to this Code is required to be disclosed in a Current Report on Form 8-K filed with the SEC. In lieu of filing a Form 8-K to report any such waivers or amendments, the Company may provide such information on its website, in the event that it establishes one in the future, and keep such information on the website for at least 12 months and disclose the website address as well as any intention to provide such disclosures in this manner in its most recently filed Annual Report on Form 10-K.

A "waiver" means the approval by the Company's Board of a material departure from a provision of the Code. An "implicit waiver" means the Company's failure to take action within a reasonable period of time regarding a material departure from a provision of the Code that has been made known to an executive officer of the Company. An "amendment" means any amendment to this Code other than minor technical, administrative or other non-substantive amendments hereto.

All persons should note that it is not the Company's intention to grant or to permit waivers from the requirements of this Code. The Company expects full compliance with this Code.

7. Other Policies and Procedures
