Bank of America Corporation (the Corporation) and its management may make certain statements that constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. Forward-looking statements often use words such as “anticipates,” “targets,” “expects,” “hopes,” “estimates,” “intends,” “plans,” “goals,” “outlook,” “believes,” “continue” and other similar expressions or future or conditional verbs such as “will,” “may,” “might,” “should,” “would” and “could.” Forward-looking statements represent the Corporation’s current expectations, plans or forecasts of its or its business segments’ future results, which may include, among other measures, revenue, liquidity, net interest income, other income, provision for credit losses, expenses, operating leverage, effective tax rate, efficiency ratio, capital measures, deposits and assets, as well as strategy, future business and economic conditions more generally, and other future matters. These statements are not guarantees of future results or performance and involve certain known and unknown risks, uncertainties and assumptions that are difficult to predict and are often beyond the Corporation’s control. Actual outcomes and results may differ materially from those expressed in, or implied by, any of these forward-looking statements.

You should not place undue reliance on any forward-looking statement and should consider the following uncertainties and risks, as well as the risks and uncertainties more fully discussed under Item 1A. Risk Factors of the Corporation’s 2025 Annual Report on Form 10-K and in any of the Corporation’s subsequent U.S. Securities and Exchange Commission (SEC) filings: the Corporation’s potential judgments, orders, settlements, penalties, fines and reputational damage, which are inherently difficult to predict, resulting from pending, threatened or future litigation and regulatory inquiries, demands, requests, investigations, proceedings and enforcement actions, which the Corporation is subject to in the ordinary course of business, including matters related to our processing of unemployment benefits for California and certain other states, the features of our automatic credit card payment service, the adequacy of the Corporation’s anti-money laundering and economic sanctions programs and the processing of electronic payments, including through the Zelle network, and related fraud, which are in various stages; in connection with ongoing litigation, the impact of certain changes to Visa’s and Mastercard’s respective card payment network rules and reductions in interchange fees for U.S.-based merchants; the possibility that the Corporation’s future liabilities may be in excess of its recorded liability and estimated range of possible loss for litigation, and regulatory and government actions; the impact of U.S. and global interest rates (including the potential for ongoing fluctuations in interest rates), inflation, currency exchange rates, economic conditions, trade policies and tensions, including changes in, or the imposition of, tariffs and/or trade barriers and the economic impacts, volatility and uncertainty resulting therefrom, which may have varying effects across

industries and geographies, and geopolitical instability; uncertainties about the financial stability and growth rates of non-U.S. jurisdictions, the risk that those jurisdictions may face difficulties servicing their sovereign debt, and related stresses on financial markets, currencies and trade, and the Corporation’s exposures to such risks, including direct, indirect and operational; the impact of the interest rate, inflationary, macroeconomic, banking and regulatory environment on the Corporation’s assets, business, financial condition and results of operations; the impact of adverse developments affecting the U.S. or global banking industry, including a deterioration in private credit markets, bank failures and liquidity concerns, resulting in worsening economic and market volatility, and regulatory responses thereto; the possibility that future credit losses may be higher than currently expected, including due to changes in economic assumptions, which may include unemployment rates, real estate prices, gross domestic product levels and corporate bond spreads, customer behavior, adverse developments with respect to U.S. or global economic conditions and other uncertainties, such as the impact of trade policies, supply chain disruptions, commodity prices, inflationary pressures and labor shortages on economic conditions and our business; potential losses related to the Corporation’s concentration of credit risk; the Corporation’s ability to achieve its expense targets (including noninterest expense) and expectations regarding revenue, net interest income, operating leverage, other income, provision for credit losses, net charge-offs, effective tax rate, loan or deposit growth or other projections and targets; variances to the underlying assumptions and judgments used in estimating banking book net interest income sensitivity; adverse changes to the Corporation’s credit ratings from the major credit rating agencies; an inability to access capital markets or maintain deposits or borrowing costs; estimates of the fair value and other accounting values, subject to impairment assessments, of certain of the Corporation’s assets and liabilities; the estimated or actual impact of changes in accounting standards or assumptions in applying those standards; uncertainty regarding the content, timing and impact of regulatory capital and liquidity requirements; the impact of adverse changes to total loss-absorbing capacity requirements, stress capital buffer requirements and/or global systemically important bank surcharges; the potential impact of actions of the Board of Governors of the Federal Reserve System on the Corporation’s capital plans; the effect of changes in or interpretations of income tax laws and regulations, including impacts from the 2025 Budget Reconciliation Act; the impact of implementation and compliance with U.S. and international laws, regulations and regulatory interpretations, including recovery and resolution planning requirements, Federal Deposit Insurance Corporation assessments, fiduciary standards, derivatives regulations and potential changes to loss allocations between financial institutions and customers, including for losses incurred from the use of our products and services, including electronic payments and payment of checks, that were authorized by the customer but induced by fraud; the impact of failures or

disruptions in or breaches of the Corporation's operations or information systems, or those of various third parties, including regulators and federal and state governments, such as from cybersecurity incidents; the risks related to the development, implementation, use and management of emerging technologies, including artificial intelligence and the ability to achieve potential benefits, such as increased productivity and cost savings; the risks related to the transition and physical impacts of climate change; our ability to achieve environmental goals or the impact of any changes in the Corporation's sustainability or human capital management strategy or goals; the impact of uncertain or changing political conditions, federal government shutdowns, including partial shutdowns, and uncertainty regarding the federal government's debt limit or changes in fiscal, monetary, trade or regulatory policy; the emergence of widespread health emergencies or pandemics; the impact of natural disasters, extreme weather events, military conflicts (including the Russia/Ukraine conflict, the conflicts in the Middle East, the possible expansion of such conflicts and potential geopolitical and economic consequences), civil unrest, terrorism or other geopolitical events; and other matters.

Forward-looking statements speak only as of the date they are made, and the Corporation undertakes no obligation to update any forward-looking statement to reflect the impact of circumstances or events that arise after the date the forward-looking statement was made.

Notes to the Consolidated Financial Statements referred to in Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) are incorporated by reference into the MD&A. Throughout the MD&A, the Corporation uses certain acronyms and abbreviations that are defined in the Glossary.

Executive Summary

Business Overview

The Corporation is a Delaware corporation, a bank holding company (BHC) and a financial holding company. When used in this report, "Bank of America," "the Corporation," "we," "us" and "our" may refer to Bank of America Corporation individually, Bank of America Corporation and its subsidiaries, or certain of Bank of America Corporation's subsidiaries or affiliates. Our principal executive offices are located in Charlotte, North Carolina. Through our various bank and nonbank subsidiaries throughout the U.S. and in international markets, we provide a diversified range of banking and nonbank financial services and products through four business segments: *Consumer Banking*, *Global Wealth & Investment Management (GWIM)*, *Global Banking* and *Global Markets*, with the remaining operations recorded in *All Other*. We operate our banking activities primarily under the Bank of America, National Association (Bank of America, N.A. or BANA) charter. At March 31, 2026, the Corporation had \$3.5 trillion in assets and a headcount of approximately 212,000 employees. As of March 31, 2026, we served clients through operations across the U.S., its territories and more than 35 countries and/or jurisdictions. Our retail banking footprint covers all major markets in the U.S., and we serve approximately 69 million consumer and small business clients with approximately 3,500 retail financial centers, approximately 15,000 automated teller machines (ATMs), and leading digital banking platforms (www.bankofamerica.com) with approximately 50 million active users, including approximately 42 million active mobile users. We offer industry-leading support to approximately four million small business households. Our *GWIM* businesses, with client balances of \$4.6 trillion, provide tailored solutions to meet client needs through a full set of

investment management, brokerage, banking, trust and retirement products. We are a global leader in corporate and investment banking and trading across a broad range of asset classes serving corporations, governments, institutions and individuals around the world.

The Corporation's website is www.bankofamerica.com, and the Investor Relations portion of our website is https://investor.bankofamerica.com. We use our website to distribute company information, including as a means of disclosing material, non-public information and for complying with our disclosure obligations under Regulation FD. We routinely post and make accessible financial and other information regarding the Corporation on our website. Investors should monitor our website, including the Investor Relations portion, in addition to our press releases, SEC filings, public conference calls and webcasts. Notwithstanding the foregoing, the information contained on our website as referenced in this paragraph is not incorporated by reference into this Quarterly Report on Form 10-Q.

⁽¹⁾ For definitions, see Key Metrics on page 94.

⁽²⁾ Return on average tangible common shareholders' equity is a non-GAAP financial measure. For more information and a corresponding reconciliation to the most directly comparable financial measures defined by accounting principles generally accepted in the United States of America (GAAP), see Non-GAAP Reconciliations on page 43.

Net income was \$8.6 billion, or \$1.11 per diluted share, for the three months ended March 31, 2026 compared to \$7.4 billion, or \$0.89 per diluted share, for the same period in 2025. The increase in net income was due to higher net interest income and noninterest income, as well as lower provision for credit losses, partially offset by higher noninterest expense.

Total assets increased \$84.4 billion from December 31, 2025 to \$3.5 trillion primarily driven by higher securities borrowed or purchased under agreements to resell and higher derivative assets to support *Global Markets* client activity, higher loans and leases due to growth in commercial loans, and higher cash and cash equivalents due to deposit inflows, partially offset by lower debt securities due to sales and maturities.

Total liabilities increased \$87.0 billion from December 31, 2025 to \$3.2 trillion primarily driven by higher trading account liabilities, customer trade payables and securities loaned or sold under agreements to repurchase to support *Global Markets* client activity, higher deposits in *Consumer Banking* and *Global Banking*, as well as higher short-term borrowings and long-term debt issuances for liquidity positioning.

Shareholders' equity decreased \$2.6 billion from December 31, 2025 primarily due to returns of capital to shareholders through common stock repurchases and common and preferred stock dividends, as well as a preferred stock redemption and a decrease in accumulated other comprehensive income (OCI), partially offset by net income.

Net Interest Income

Net interest income increased \$1.3 billion to \$15.7 billion for the three months ended March 31, 2026 compared to the same period in 2025. Net interest yield on a fully taxable-equivalent (FTE) basis increased eight basis points (bps) to 2.07 percent for the three months ended March 31, 2026. The increases were primarily driven by higher net interest income related to *Global Markets* activity, deposit and loan growth, and fixed-asset repricing, partially offset by the impact of lower interest rates. For more information on net interest yield and FTE basis, see Supplemental Financial Data on page 5, and for more information on interest rate risk management, see Interest Rate Risk Management for the Banking Book on page 40.

Noninterest Income

Table 2 Noninterest Income

(Dollars in millions)	Three Months Ended March 31	
	2026	2025
Fees and commissions:		
Card income	\$ 1,493	\$ 1,518
Service charges	1,674	1,561
Investment and brokerage services	5,541	4,813
Investment banking fees	1,841	1,523
Total fees and commissions	10,549	9,415
Market making and similar activities	3,637	3,584
Other income (loss)	341	805
Total noninterest income	\$ 14,527	\$ 13,804

Noninterest income increased \$723 million to \$14.5 billion for the three months ended March 31, 2026 compared to the same period in 2025. The following highlights the significant changes.

- Service charges increased \$113 million primarily due to higher treasury service charges.
- Investment and brokerage services increased \$728 million primarily driven by higher asset management fees reflecting higher market valuations and the impact of strong assets under management (AUM) flows, as well as higher brokerage fees due to increased transactional volume, partially offset by the impact of lower AUM pricing.
- Investment banking fees increased \$318 million driven by higher advisory fees, equity issuance and debt issuance fees.
- Market making and similar activities increased \$53 million primarily driven by higher trading revenue in Equities, partially offset by lower income from foreign currency risk management activities.
- Other income decreased \$464 million primarily due to gains recorded on leveraged finance activities in the prior-year period.

Provision for Credit Losses

The provision for credit losses decreased \$143 million to \$1.3 billion for the three months ended March 31, 2026 compared to the same period in 2025. For more information on the provision for credit losses, see *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses* to the Consolidated Financial Statements.

Noninterest Expense

Table 3 Noninterest Expense

(Dollars in millions)	Three Months Ended March 31	
	2026	2025
Compensation and benefits	\$ 11,334	\$ 10,889
Information processing and communications	2,018	1,894
Occupancy and equipment	1,900	1,856
Product delivery and transaction related	1,126	914
Professional fees	583	652
Marketing	533	506
Other general operating	1,037	1,059
Total noninterest expense	\$ 18,531	\$ 17,770

Noninterest expense increased \$761 million to \$18.5 billion for the three months ended March 31, 2026 compared to the same period in 2025. The increase was primarily driven by higher revenue-related expenses, as well as continued investments in the business, including people and technology.

Income Tax Expense

Table 4 Income Tax Expense

(Dollars in millions)	Three Months Ended March 31	
	2026	2025
Income before income taxes	\$ 10,404	\$ 8,997
Income tax expense	1,820	1,637
Effective tax rate	17.5 %	18.2 %

The effective tax rate decreased for the three months ended March 31, 2026 compared to the same period in 2025 primarily due to higher benefits related to the vesting of employee share-based awards in the current-year period.

Supplemental Financial Data

Non-GAAP Financial Measures

In this Quarterly Report on Form 10-Q, we present certain non-GAAP financial measures. Non-GAAP financial measures exclude certain items or otherwise include components that differ from the most directly comparable measures calculated in accordance with GAAP. Non-GAAP financial measures are provided as additional useful information to assess our financial condition, results of operations (including period-to-period operating performance) or compliance with prospective regulatory requirements. These non-GAAP financial measures are not intended as a substitute for GAAP financial measures and may not be defined or calculated the same way as non-GAAP financial measures used by other companies.

When presented on a consolidated basis, we view net interest income on an FTE basis as a non-GAAP financial measure. To derive the FTE basis, net interest income is adjusted to reflect tax-exempt income on an equivalent before-tax basis with a corresponding increase in income tax expense. For purposes of this calculation, we use the federal statutory tax rate of 21 percent and a representative state tax rate. Net interest yield, which measures the basis points we earn over the cost of funds, utilizes net interest income on an FTE basis. We believe that presentation of these items on an FTE basis allows for comparison of amounts from both taxable and tax-exempt sources and is consistent with industry practices.

We may present certain key performance indicators and ratios excluding certain items (e.g., debit valuation adjustment (DVA) gains (losses)), which result in non-GAAP financial measures. We believe that the presentation of measures that exclude these items is useful because such measures provide additional information to assess the underlying operational performance and trends of our businesses and to allow better comparison of period-to-period operating performance.

We also evaluate our business based on certain ratios that utilize tangible equity, a non-GAAP financial measure. Tangible equity represents shareholders' equity or common shareholders' equity reduced by goodwill and intangible assets (excluding mortgage servicing rights (MSRs)), net of related deferred tax liabilities ("adjusted" shareholders' equity or common shareholders' equity). These measures are used to evaluate our use of equity. In addition, profitability, relationship and investment models use both return on average tangible common shareholders' equity and return on average tangible

shareholders' equity as key measures to support our overall growth objectives. These ratios are:

- Return on average tangible common shareholders' equity measures our net income applicable to common shareholders as a percentage of adjusted average common shareholders' equity. The tangible common equity ratio represents adjusted ending common shareholders' equity divided by total tangible assets.
- Return on average tangible shareholders' equity measures our net income as a percentage of adjusted average total shareholders' equity. The tangible equity ratio represents adjusted ending shareholders' equity divided by total tangible assets.
- Tangible book value per common share represents adjusted ending common shareholders' equity divided by ending common shares outstanding.

We believe ratios utilizing tangible equity provide additional useful information because they present measures of those assets that can generate income. Tangible book value per common share provides additional useful information about the level of tangible assets in relation to outstanding shares of common stock.

The aforementioned supplemental data and performance measures are presented in Table 5 on page 6.

For more information on the reconciliation of these non-GAAP financial measures to the corresponding GAAP financial measures, see Non-GAAP Reconciliations on page 43.

Key Performance Indicators

We present certain key financial and nonfinancial performance indicators (key performance indicators) that management uses when assessing our consolidated and/or segment results. We believe they are useful to investors because they provide additional information about our underlying operational performance and trends. These key performance indicators (KPIs) may not be defined or calculated in the same way as similar KPIs used by other companies. For information on how these metrics are defined, see Key Metrics on page 94.

Our consolidated key performance indicators, which include various equity and credit metrics, are presented in Table 1 on page 3, and Table 5 on page 6.

For information on key segment performance metrics, see Business Segment Operations on page 8.

Business Segment Operations

Segment Description and Basis of Presentation

We report our results of operations through four business segments: *Consumer Banking*, *GWIM*, *Global Banking* and *Global Markets*, with the remaining operations recorded in *All Other*. We manage our segments and report their results on an FTE basis. For more information, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

We periodically review capital allocated to our businesses and allocate capital annually during the strategic and capital planning processes. We utilize a methodology that considers the effect of regulatory capital requirements in addition to internal risk-based capital models. The capital allocated to the business segments is referred to as allocated capital. Allocated equity in the reporting units is comprised of allocated capital plus capital

Consumer Banking offers a diversified range of lending, deposit and investment products and services to consumers and small businesses. For more information about *Consumer Banking*, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Consumer Banking Results

Net income for *Consumer Banking* increased \$529 million to \$3.1 billion compared to the same period in 2025 primarily due to higher revenue and lower provision for credit losses. Net interest income increased \$488 million to \$9.0 billion primarily

for the portion of goodwill and intangibles specifically assigned to the reporting unit. For more information, including the definition of a reporting unit, see *Note 7 – Goodwill and Intangible Assets* to the Consolidated Financial Statements.

For more information on our presentation of financial information on an FTE basis, see Supplemental Financial Data on page 5, and for reconciliations to consolidated total revenue, net income and period-end total assets, see *Note 17 – Business Segment Information* to the Consolidated Financial Statements.

Key Performance Indicators

We present certain key financial and nonfinancial performance indicators that management uses when evaluating segment results. We believe they are useful to investors because they provide additional information about our segments' operational performance, client trends and business growth.

driven by higher deposit spreads, as well as loan and deposit balances. Noninterest income increased \$68 million to \$2.1 billion, primarily due to results from the allocation of asset and liability management (ALM) activities.

The provision for credit losses decreased \$160 million to \$1.1 billion primarily due to improved asset quality in credit card. Noninterest expense remained relatively unchanged at \$5.8 billion.

The return on average allocated capital was 27 percent, up from 23 percent, due to higher net income, partially offset by an increase in allocated capital. For information on capital

allocated to the business segments, see Business Segment Operations on page 8.

Average loans and leases increased \$7.1 billion to \$322.2 billion due to growth across all products.

Average deposits increased \$3.3 billion to \$950.8 billion primarily due to net inflows of \$9.1 billion in checking and \$7.9 billion in time deposits, partially offset by net outflows of \$13.8 billion in money market and other savings.

Consumer investment assets increased \$75.6 billion to \$573.3 billion driven by higher market valuations and positive net client flows.

⁽⁶⁾ Calculated as the difference between total revenue, net of interest expense, and net charge-offs divided by average loans.
⁽⁷⁾ The loan production amounts represent the unpaid principal balance of loans and, in the case of home equity, the principal amount of the total line of credit.
⁽⁸⁾ In addition to loan production in *Consumer Banking*, there is also first mortgage and home equity loan production in *GWIM*.

Active mobile banking users increased by more than one million, reflecting client growth and continuing changes in our clients' banking preferences. We had a net decrease of 141 financial centers and an increase of 36 ATMs as we continued to optimize our consumer banking network.

During the three months ended March 31, 2026, the total risk-adjusted margin increased one basis point primarily driven by lower net charge-offs, largely offset by lower card-related fee income and lower net interest margin due to loan balance mix. Total credit card purchase volumes increased \$4.8 billion to \$93.0 billion, and debit card purchase volumes increased \$11.7 billion to \$151.9 billion, reflecting higher levels of consumer spending.

During the three months ended March 31, 2026, first mortgage loan originations for *Consumer Banking* and the total Corporation increased \$1.2 billion and \$1.9 billion compared to the same period in 2025 primarily driven by higher demand.

During the three months ended March 31, 2026, home equity production in *Consumer Banking* and the total Corporation increased \$166 million and \$248 million compared to the same period in 2025 primarily driven by higher demand.

GWIM consists of two primary businesses: Merrill Wealth Management and Bank of America Private Bank. For more information on GWIM, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Net income for GWIM increased \$322 million to \$1.3 billion for the three months ended March 31, 2026 compared to the same period in 2025 primarily due to higher revenue, partially offset by higher noninterest expense. The operating margin was 26 percent compared to 22 percent a year ago.

Net interest income increased \$97 million to \$1.9 billion primarily driven by loan growth.

Noninterest income, which primarily includes investment and brokerage services income, increased \$599 million to \$4.9 billion. The increase was primarily driven by higher asset management fees, which increased 15 percent to \$4.2 billion, reflecting higher market valuations and the impact of strong AUM flows, as well as higher brokerage fees due to increased transactional volume, partially offset by the impact of lower AUM pricing.

Noninterest expense increased \$279 million to \$4.9 billion primarily due to higher revenue-related incentives.

The return on average allocated capital was 24 percent, up from 21 percent, due to higher net income, partially offset by an increase in allocated capital. For information on capital allocated to the business segments, see Business Segment Operations on page 8.

Average loans and leases increased \$29.8 billion to \$262.2 billion primarily driven by custom lending, securities-based lending and residential mortgage. Average deposits increased \$179 million to \$286.6 billion, with growth in banking balances largely offset by a decline in brokerage deposits due to clients moving balances to higher yielding cash alternatives.

Merrill Wealth Management revenue of \$5.6 billion increased 11 percent primarily driven by higher asset management fees reflecting higher market valuations and the impact of strong AUM flows, as well as higher brokerage fees due to increased transactional volume, partially offset by the impact of lower AUM pricing.

Bank of America Private Bank revenue of \$1.1 billion increased 14 percent primarily driven by higher net interest income from loan and deposit growth, as well as higher asset management fees reflecting higher market valuations and the impact of strong AUM flows.

Global Banking, which includes Global Corporate Banking, Global Commercial Banking, Business Banking and Global Investment Banking, provides a wide range of lending-related products and services, integrated working capital management and treasury solutions, and underwriting and advisory services through our network of global offices and client relationship teams. For more information about *Global Banking*, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Net income for *Global Banking* increased \$163 million to \$2.1 billion for the three months ended March 31, 2026 compared to the same period in 2025 driven by higher revenue, partially offset by higher noninterest expense and higher provision for credit losses.

Net interest income increased \$79 million to \$3.2 billion primarily due to the benefit of higher average deposit and loan balances, partially offset by the impact of lower interest rates.

Noninterest income increased \$216 million to \$3.1 billion primarily due to higher investment banking fees, revenue from tax-related equity investment activity and higher treasury service charges, partially offset by gains related to sales of certain leveraged finance positions in the prior-year period.

The provision for credit losses increased \$31 million to \$185 million primarily driven by loan growth in the commercial and industrial portfolio and a qualitative reserve build related to uncertainties associated with the ongoing conflicts in the Middle East, partially offset by improved asset quality within the commercial real estate portfolio.

Noninterest expense was \$3.2 billion, relatively unchanged from the same period a year ago.

The return on average allocated capital was 16 percent, up from 15 percent, due to higher net income, partially offset by an increase in allocated capital. For information on capital allocated to the business segments, see Business Segment Operations on page 8.

Business Lending revenue increased \$165 million for the three months ended March 31, 2026 compared to the same period in 2025 primarily driven by tax-related equity investment activity in affordable housing and renewable energy.

Global Transaction Services revenue increased \$205 million for the three months ended March 31, 2026 compared to the same period in 2025 primarily driven by the benefit of higher average deposit balances and higher treasury service charges, partially offset by the impact of lower interest rates.

Average loans and leases of \$396.9 billion increased five percent for the three months ended March 31, 2026 compared to the same period in 2025 due to client demand. Average deposits of \$647.6 billion increased 13 percent due to growth in deposit balances from existing clients and the addition of new clients.

Global Investment Banking

Client teams and product specialists underwrite and distribute debt, equity and loan products, and provide advisory services and tailored risk management solutions. The economics of certain investment banking and underwriting activities are shared primarily between *Global Banking* and *Global Markets* under an internal revenue-sharing arrangement. *Global Banking* originates certain deal-related transactions with our corporate and commercial clients that are executed and distributed by

Global Markets. To provide a complete discussion of our consolidated investment banking fees, the table below presents total Corporation investment banking fees and the portion attributable to *Global Banking*.

Global Markets offers sales and trading services and research services to institutional clients across fixed-income, credit, currency, commodity and equity businesses. *Global Markets* product coverage includes securities and derivative products in both the primary and secondary markets. For more information about *Global Markets*, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

The following explanations for period-over-period changes in results for *Global Markets*, including those disclosed under Sales and Trading Revenue, are the same for amounts including and excluding net DVA. Amounts excluding net DVA are non-GAAP financial measures. For more information on net DVA, see Supplemental Financial Data on page 5.

Net income for *Global Markets* increased \$57 million to \$2.0 billion for the three months ended March 31, 2026 compared to the same period in 2025. Net DVA gains were \$63 million compared to \$19 million in 2025. Excluding net DVA, net income increased \$23 million to \$2.0 billion.

Revenue increased \$524 million to \$7.1 billion primarily due to higher sales and trading revenue, partially offset by gains related to sales of certain leveraged finance positions in the prior-year period. Sales and trading revenue increased \$722 million, and excluding net DVA, increased \$678 million. These increases were primarily driven by higher revenue in Equities.

Noninterest expense increased \$559 million to \$4.4 billion primarily driven by higher revenue-related expenses and continued investments in the business, including people and technology.

Average total assets increased \$132.3 billion to \$1.1 trillion for the three months ended March 31, 2026 compared to the same period in 2025 driven by loan growth, higher levels of inventory and increased financing activity. Period-end total assets increased \$58.9 billion from December 31, 2025 to \$1.1 trillion driven by the same factors as average total assets.

The return on average allocated capital was 15 percent, down from 16 percent, primarily due to an increase in allocated capital. For information on capital allocated to the business segments, see Business Segment Operations on page 8.

Sales and Trading Revenue

For a description of sales and trading revenue, see Business Segment Operations in the MD&A of the Corporation's 2025 Annual Report on Form 10-K. The following table and related discussion present sales and trading revenue, substantially all

of which is in *Global Markets*, with the remainder in *Global Banking*. In addition, the following table and related discussion also present sales and trading revenue, excluding net DVA, which is a non-GAAP financial measure. For more information on net DVA, see Supplemental Financial Data on page 5.

⁽²⁾ Includes FTE adjustments of \$174 million and \$78 million for the three months ended March 31, 2026 and 2025.

⁽³⁾ Includes *Global Banking* sales and trading revenue of \$242 million and \$(37) million for the three months ended March 31, 2026 and 2025.

⁽⁴⁾ Fixed-income, Currencies and Commodities (FICC) and Equities sales and trading revenue, excluding net DVA, is a non-GAAP financial measure. FICC net DVA gains were \$49 million and \$15 million for the three months ended March 31, 2026 and 2025. Equities net DVA gains were \$14 million and \$4 million for the three months ended March 31, 2026 and 2025.

Including and excluding net DVA, FICC revenue increased \$66 million and \$32 million for the three months ended March 31, 2026 compared to the same period in 2025 driven by improved trading performance in macro and credit products. Including and excluding net DVA, Equities revenue increased \$656 million and \$646 million driven by increased client activity and improved trading performance in derivatives.

⁽¹⁾ In segments where the total of liabilities and equity exceeds assets, which are generally deposit-taking segments, we allocate assets from *All Other* to those segments to match liabilities (i.e., deposits) and allocated shareholders' equity. Average allocated assets were \$1.0 trillion and \$976.7 billion for the three months ended March 31, 2026 and 2025, and period-end allocated assets were \$1.0 trillion at both March 31, 2026 and December 31, 2025.

n/m = not meaningful

All Other primarily consists of ALM activities, liquidating businesses and certain expenses not otherwise allocated to a business segment, and adjustments to allocate income tax benefits from tax-related equity investments to noninterest income to present *Global Banking* and *Global Markets* on an FTE basis. ALM activities encompass interest rate and foreign currency risk management activities for which substantially all of the results are allocated to our business segments. For more information on our ALM activities, see *Note 17 – Business Segment Information* to the Consolidated Financial Statements.

Results in *All Other* improved \$153 million to net income of \$101 million primarily due to lower noninterest expense.

Noninterest expense decreased \$127 million to \$163 million primarily due to lower expenses related to a liquidating business activity.

The income tax benefit increased \$54 million to \$978 million.

Managing Risk

Risk is inherent in all our business activities. The seven key types of risk faced by the Corporation are strategic, credit, market, liquidity, compliance, operational and reputational. Sound risk management enables us to serve our customers and deliver for our shareholders. If not managed well, risk can result in financial loss, regulatory sanctions and penalties, litigation and damage to our reputation, each of which may adversely impact our ability to execute our business strategies. We take a comprehensive approach to risk management with a defined Risk Framework and an articulated Risk Appetite Statement, which are approved annually by the Board's Enterprise Risk Committee (ERC) and the Board.

Our Risk Framework serves as the foundation for the consistent and effective management of risks facing the Corporation. The Risk Framework sets forth roles and responsibilities for the management of risk and provides a blueprint for how the Board, through delegation of authority to committees and executive officers, establishes risk appetite and associated limits for our activities.

Our risk appetite provides a common framework that includes a set of measures to assist senior management and the Board in assessing the Corporation's risk profile across all risk types against our risk appetite and risk capacity. Our risk appetite is formally articulated in the Risk Appetite Statement, which includes both qualitative statements and quantitative limits.

For more information on the Corporation's risks, see Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K. These risks are being managed within our Risk Framework and supporting risk management programs. For more information on our Risk Framework, risk management activities and the key types of risk faced by the Corporation, see the Managing Risk section in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Capital Management

The Corporation manages its capital position so that its capital is more than adequate to support its business activities and aligns with risk, risk appetite and strategic planning. For more information, see Capital Management in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

CCAR and Capital Planning

The Federal Reserve requires BHCs with average total consolidated assets of \$100 billion or more to submit a capital plan and planned capital actions on an annual basis, consistent with the rules governing the Comprehensive Capital Analysis and Review (CCAR) capital plan and associated stress capital buffer (SCB) requirements, which include supervisory stress testing by the Federal Reserve. Based on the results of our 2025 CCAR stress test under the current regulatory framework, our SCB is 2.5 percent, resulting in a Common equity tier 1 (CET1) minimum requirement of 10.0 percent, effective October 1, 2025. At March 31, 2026, the Corporation's CET1 ratio was 11.2 percent under the Standardized approach.

In February 2026, the Federal Reserve announced that SCB requirements for large banks, including the Corporation, will not change until 2027. As a result, the Corporation's SCB will remain at 2.5 percent through September 30, 2027. In April 2026, we submitted our 2026 CCAR capital plan and related supervisory stress tests. The Federal Reserve has indicated that it will disclose CCAR capital plan supervisory stress test results by June 30, 2026.

The Board authorized a \$40 billion common stock repurchase program, effective August 1, 2025. Pursuant to this Board authorization, during the three months ended March 31, 2026, the Corporation repurchased \$7.2 billion of common stock. For more information, see Part II, Item 2. Unregistered Sales of Equity Securities and Use of Proceeds on page 96 and Capital Management – CCAR and Capital Planning in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

The timing and amount of common stock repurchases are subject to various factors, including the Corporation's capital position, liquidity, financial performance and alternative uses of capital, stock trading price, regulatory requirements and general market conditions, and may be suspended or discontinued at any time. Such repurchases may be effected through open market purchases or privately negotiated transactions, including repurchase plans that satisfy the conditions of Rule 10b5-1 of the Securities Exchange Act of 1934, as amended (Exchange Act).

Further, as part of our planned capital actions, during the three months ended March 31, 2026, the Corporation paid common stock dividends of \$2.0 billion.

Regulatory Capital

As a BHC, we are subject to regulatory capital rules, including Basel 3, issued by U.S. banking regulators. Basel 3 established minimum capital ratios and buffer requirements and outlined two methods of calculating risk-weighted assets (RWA), the Standardized approach and the Advanced approaches. The Standardized approach relies primarily on supervisory risk weights based on exposure type, and the Advanced approaches determine risk weights based on internal models.

The Corporation's depository institution subsidiaries are also subject to the Prompt Corrective Action (PCA) framework. The Corporation and its primary affiliated banking entity, BANA, are Advanced approaches institutions under Basel 3 and are required to report regulatory risk-based capital ratios and RWA under both the Standardized and Advanced approaches. The lower of the capital ratios under Standardized or Advanced approaches compared to their respective regulatory capital ratio requirements is used to assess capital adequacy, including under the PCA framework. As of March 31, 2026, the Corporation's binding ratio was the Total capital ratio under the Standardized approach.

Minimum Capital Requirements

In order to avoid restrictions on capital distributions and discretionary bonus payments to executive officers, the Corporation must meet risk-based capital ratio requirements that include a capital conservation buffer of 2.5 percent (under the Advanced approaches only), an SCB (under the Standardized approach only), plus any applicable countercyclical capital buffer and a global systemically important bank (G-SIB) surcharge. The buffers and surcharge must be comprised solely of CET1 capital. At March 31, 2026 and December 31, 2025, the Corporation's minimum CET1 requirement was 10.0 percent under both the Standardized approach and the Advanced approaches.

The Corporation is required to calculate its G-SIB surcharge on an annual basis under two methods and is subject to the higher of the resulting two surcharges. Method 1 is consistent with the approach prescribed by the Basel Committee on Banking Supervision's assessment methodology and is calculated using specified indicators of systemic importance. Method 2 modifies the Method 1 approach for various factors. The Corporation's Method 1 G-SIB surcharge is 1.5 percent, and

its Method 2 G-SIB surcharge is 3.0 percent. Under the current regulatory framework, on January 1, 2027, the Corporation's G-SIB surcharge will increase by 50 bps to 2.0 percent under Method 1 and to 3.5 percent under Method 2, which will increase the Corporation's minimum capital ratio requirements.

The Corporation and its insured depository institution subsidiaries are also required to maintain a minimum supplementary leverage ratio (SLR) plus a leverage buffer to avoid certain restrictions on capital distributions and discretionary bonus payments to executive officers. Prior to January 1, 2026, the minimum SLR requirement was 5.0 percent for the Corporation and 6.0 percent for its insured depository institutions. Effective January 1, 2026, the Corporation and its insured depository institutions early adopted a final rule on modified enhanced SLR requirements, resulting in a minimum SLR requirement of 3.75 percent, which includes

the leverage buffer, for both the Corporation and its insured depository institutions. At March 31, 2026, the Corporation's SLR was 5.5 percent and BANA's SLR was 5.9 percent, which both exceeded their minimum SLR requirement of 3.75 percent. For more information, see Capital Management – Regulatory Developments in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Capital Composition and Ratios

Table 7 presents Bank of America Corporation's capital ratios and related information in accordance with Basel 3 Standardized and Advanced approaches as measured at March 31, 2026 and December 31, 2025. For the periods presented herein, the Corporation met the definition of well capitalized under current regulatory requirements.

⁽¹⁾ The CET1 capital regulatory minimum is the sum of the CET1 capital ratio minimum of 4.5 percent, our G-SIB surcharge of 3.0 percent, and SCB (under the Standardized approach) of 2.5 percent at March 31, 2026 and December 31, 2025. The countercyclical capital buffer was zero for both periods. The SLR regulatory minimum at March 31, 2026 and December 31, 2025 includes a leverage buffer of 0.75 percent and 2.0 percent.

⁽²⁾ Total capital under the Advanced approaches differs from the Standardized approach due to differences in the amount permitted in Tier 2 capital related to the qualifying allowance for credit losses.

⁽³⁾ Reflects total average assets adjusted for certain Tier 1 capital deductions.

At March 31, 2026, CET1 capital was \$199.7 billion, a decrease of \$1.7 billion from December 31, 2025, primarily due to capital distributions and an increase in net unrealized losses on available-for-sale debt securities included in accumulated OCI, largely offset by earnings. Tier 1 capital decreased \$2.7 billion driven by the same factors as CET1 capital and a preferred stock redemption. Total capital under the Standardized approach decreased \$2.9 billion driven by the

same factors as Tier 1 capital, as well as a decrease in subordinated debt and in the adjusted allowance for credit losses included in Tier 2 capital. RWA under the Standardized approach, which drove the lower CET1 capital ratio at March 31, 2026, increased \$5.2 billion during the first quarter of 2026 to \$1,778 billion primarily driven by growth in *Global Banking* and *Global Markets*, partially offset by *GWIM*. Supplementary leverage exposure at March 31, 2026 increased \$100.7 billion primarily driven by increased activity in *Global Markets*.

Table 10 presents regulatory capital information for BANA in accordance with Basel 3 Standardized and Advanced approaches as measured at March 31, 2026 and December 31, 2025. BANA met the definition of well capitalized under the PCA framework for both periods.

⁽¹⁾ Risk-based capital regulatory minimums at both March 31, 2026 and December 31, 2025 are the minimum ratios under Basel 3 including a capital conservation buffer of 2.5 percent. The regulatory minimums for the Tier 1 leverage ratios as of both period ends, and the SLR as of December 31, 2025, are the percent required to be considered well capitalized under the PCA framework.

⁽²⁾ Total capital under the Advanced approaches differs from the Standardized approach due to differences in the amount permitted in Tier 2 capital related to the qualifying allowance for credit losses.

⁽³⁾ Reflects total average assets adjusted for certain Tier 1 capital deductions.

Total Loss-Absorbing Capacity Requirements

Total loss-absorbing capacity (TLAC) consists of the Corporation's Tier 1 capital and eligible long-term debt issued directly by the Corporation. Eligible long-term debt for TLAC ratios is comprised of unsecured debt that has a remaining maturity of at least one year and satisfies additional requirements as prescribed in the TLAC final rule. As with the

risk-based capital ratios and SLR, the Corporation is required to maintain TLAC ratios in excess of minimum requirements plus applicable buffers to avoid restrictions on capital distributions and discretionary bonus payments to executive officers. Table 11 presents the Corporation's TLAC and long-term debt ratios and related information as of March 31, 2026 and December 31, 2025.

⁽¹⁾ The TLAC RWA regulatory minimum consists of 18.0 percent plus a TLAC RWA buffer comprised of 2.5 percent plus the Method 1 G-SIB surcharge of 1.5 percent. The countercyclical buffer is zero for both periods. The TLAC supplementary leverage exposure regulatory minimum consists of 7.5 percent plus a 0.75 percent TLAC leverage buffer. The TLAC RWA and leverage buffers must be comprised solely of CET1 capital and Tier 1 capital, respectively.

⁽²⁾ The long-term debt RWA regulatory minimum is comprised of 6.0 percent plus the Corporation's Method 2 G-SIB surcharge of 3.0 percent. The long-term debt leverage exposure regulatory minimum is 3.25 percent, consisting of 2.5 percent plus a 0.75 percent long-term debt leverage buffer.

⁽³⁾ The approach that yields the higher RWA is used to calculate TLAC and long-term debt ratios, which was the Standardized approach as of March 31, 2026 and December 31, 2025.

Regulatory Developments

The following supplements the disclosure in Capital Management – Regulatory Developments in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

On March 19, 2026, the Federal Reserve, Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation issued a notice of proposed rulemaking (NPR) regarding risk-based capital requirements for large banking organizations. Separately, the Federal Reserve issued an NPR that would revise the calculation of the G-SIB surcharge. Any final rules issued are subject to change from the current proposals. The Corporation is evaluating the potential impact of the proposed rules on its regulatory capital requirements.

Regulatory Capital and Securities Regulation

The Corporation's principal U.S. broker-dealer subsidiaries are BofA Securities, Inc. (BofAS) and Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S). The Corporation's principal European subsidiaries undertaking broker-dealer activities are Merrill Lynch International (MLI) and BofA Securities Europe SA (BofASE).

The U.S. broker-dealer subsidiaries are subject to the net capital requirements of Rule 15c3-1 under the Exchange Act. BofAS computes its capital requirements as an alternative net capital broker-dealer under Rule 15c3-1(a)(7) and Rule 15c3-1e, which permit the use of SEC-approved models, and MLPF&S computes its capital requirements in accordance with the alternative standard under Rule 15c3-1. BofAS is registered as a futures commission merchant and is subject to Commodity Futures Trading Commission (CFTC) Regulation 1.17. The U.S. broker-dealer subsidiaries are also registered with the Financial Industry Regulatory Authority, Inc. (FINRA). Pursuant to FINRA Rule 4110, FINRA may impose higher net capital requirements than Rule 15c3-1 under the Exchange Act with respect to each of the broker-dealers.

BofAS provides institutional services, and in accordance with the SEC alternative net capital requirements, is required to regularly maintain tentative net capital in excess of \$5.0 billion and net capital in excess of the greater of \$1.0 billion or a certain percentage of its reserve requirement in addition to a certain percentage of securities-based swap risk margin. BofAS must also notify the SEC in the event its tentative net capital is less than \$6.0 billion. In accordance with CFTC net capital requirements, BofAS is required to hold a certain percentage of its customers' and affiliates' risk-based margin if greater than the SEC's minimum net capital requirement. At March 31, 2026, BofAS had tentative net capital of \$24.9 billion. BofAS

also had regulatory net capital of \$20.4 billion, which exceeded the minimum requirement of \$4.8 billion.

MLPF&S provides retail services and is required to maintain net capital that is the greater of \$250,000 or two percent of a certain component of its reserve calculation. At March 31, 2026, MLPF&S' regulatory net capital was \$11.3 billion, which exceeded the minimum requirement of 190 million.

Our European broker-dealers are subject to requirements from U.S. and non-U.S. regulators. MLI, a U.K. investment firm, is regulated by the Prudential Regulation Authority and the Financial Conduct Authority and is subject to certain regulatory capital requirements. At March 31, 2026, MLI's capital resources were \$34.1 billion, which exceeded the minimum Pillar 1 requirement of \$13.3 billion.

BofASE, an authorized credit institution with its head office located in France, is regulated by the Autorité de Contrôle Prudentiel et de Résolution and the Autorité des Marchés Financiers, and supervised under the Single Supervisory Mechanism by the European Central Bank. At March 31, 2026, BofASE's capital resources were \$11.7 billion, which exceeded the minimum Pillar 1 requirement of \$4.1 billion.

In addition, MLI and BofASE remained conditionally registered with the SEC as security-based swap dealers, and maintained net liquid assets at March 31, 2026 that exceeded the applicable minimum requirements under the Exchange Act. The entities are also registered as swap dealers with the CFTC and met applicable capital requirements at March 31, 2026.

Liquidity Risk

Funding and Liquidity Risk Management

Our primary liquidity risk management objective is to meet expected or unexpected cash flow and collateral requirements, including payments under long-term debt agreements, commitments to extend credit and customer deposit withdrawals, while continuing to support our businesses and customers under a range of economic conditions. To achieve that objective, we analyze and monitor our liquidity risk under expected and stressed conditions, maintain liquidity and access to diverse funding sources, including our stable deposit base, and seek to align liquidity-related incentives and risks. These liquidity risk management practices have helped enable us to effectively navigate market volatility arising from the interest rate environment, inflationary pressures and broader macroeconomic changes.

We define liquidity as readily available assets, limited to cash and high-quality, liquid, unencumbered securities that we can use to meet our contractual and contingent financial

obligations as they arise. We manage our liquidity position through line of business and ALM activities, as well as through our legal entity funding strategy, on both a forward and current (including intraday) basis under both expected and stressed conditions. We believe that a centralized approach to funding and liquidity management enhances our ability to monitor liquidity requirements, maximizes access to funding sources, minimizes borrowing costs and facilitates timely responses to liquidity events.

We provide centralized funding and liquidity management through a variety of activities, including monitoring of established limits, assessing exposures under both normal and stressed conditions and reviewing liquidity risk management processes and controls. Global Risk Management (GRM) provides oversight of liquidity management across the Corporation, including front line units and legal entities. GRM oversees the liquidity risk management governance structure, establishes liquidity risk policies, and provides independent review and challenge of the Corporation's liquidity risk management processes.

For more information on the Corporation's liquidity risks, see the Liquidity section within Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K. For more information regarding global funding and liquidity risk management, as well as liquidity sources, liquidity arrangements, contingency planning and credit ratings discussed below, see Liquidity Risk in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

NB Holdings Corporation

Bank of America Corporation, as the parent company (the Parent), which is a separate and distinct legal entity from our bank and nonbank subsidiaries, has an intercompany arrangement with our wholly-owned holding company subsidiary, NB Holdings Corporation (NB Holdings). We have transferred, and agreed to transfer, additional Parent assets not required to satisfy anticipated near-term expenditures to NB Holdings. The Parent is expected to continue to have access to the same flow of dividends, interest and other amounts of cash necessary to service its debt, pay dividends and perform other obligations as it would have had it not entered into these arrangements and transferred any assets. These arrangements support our preferred single point of entry resolution strategy, under which only the Parent would be resolved under the U.S. Bankruptcy Code.

Global Liquidity Sources and Other Unencumbered Assets

We maintain liquidity available to the Corporation, including the Parent and selected subsidiaries, in the form of cash and high- quality, liquid, unencumbered securities. Our liquidity buffer, referred to as Global Liquidity Sources (GLS), is comprised of assets that are readily available to the Parent and selected subsidiaries, including holding company, bank and broker-dealer subsidiaries, even during stressed market conditions. Our cash is primarily on deposit with the Federal Reserve Bank and, to a lesser extent, central banks outside of the U.S. We limit the composition of high-quality, liquid, unencumbered securities to U.S. government securities, U.S. agency securities, U.S. agency mortgage-backed securities and other investment-grade securities, and a select group of non-U.S. government securities. We can obtain cash for these securities, even in stressed conditions, through repurchase agreements or outright sales. We hold our GLS in legal entities that allow us to meet the liquidity requirements of our global businesses, and we consider the impact of potential regulatory, tax, legal and other

restrictions that could limit the transferability of funds among entities.

Table 12 presents average GLS for the three months ended March 31, 2026 and December 31, 2025.

Table 12 Average Global Liquidity Sources

Nonbank and other entities ⁽¹⁾	182	186
Total Average Global Liquidity Sources	\$ 960	\$ 975

⁽¹⁾ Nonbank includes Parent, NB Holdings and other regulated entities.

Our bank subsidiaries' liquidity is primarily driven by deposit and lending activity, as well as securities valuation and net debt activity. Bank subsidiaries can also generate incremental liquidity by pledging a range of unencumbered loans and securities to certain Federal Home Loan Banks (FHLBs) and the Federal Reserve Discount Window. The cash we could have obtained by borrowing against this pool of specifically-identified eligible assets was \$342 billion and \$343 billion at March 31, 2026 and December 31, 2025. We have established operational procedures to enable us to borrow against these assets, including regularly monitoring our total pool of eligible loans and securities collateral. Eligibility is defined in guidelines from the FHLBs and the Federal Reserve and is subject to change at their discretion. Due to regulatory restrictions, liquidity generated by the bank subsidiaries can generally be used only to fund obligations within the bank subsidiaries, and transfers to the Parent or nonbank subsidiaries may be subject to prior regulatory approval.

Liquidity is also held in nonbank entities, including the Parent, NB Holdings and other regulated entities. The Parent and NB Holdings liquidity is typically in the form of cash deposited at BANA, which is excluded from the liquidity at bank subsidiaries, and high-quality, liquid, unencumbered securities. Liquidity held in other regulated entities, comprised primarily of broker-dealer subsidiaries, is primarily available to meet the obligations of that entity, and transfers to the Parent or to any other subsidiary may be subject to prior regulatory approval due to regulatory restrictions and minimum requirements. Our other regulated entities also hold unencumbered investment-grade securities and equities that we believe could be used to generate additional liquidity.

Table 13 presents the composition of average GLS for the three months ended March 31, 2026 and December 31, 2025.

Table 13 Average Global Liquidity Sources Composition

	Three Months Ended

Total Average Global Liquidity Sources	\$ 960	\$ 975

Our GLS are substantially the same in composition to what qualifies as High Quality Liquid Assets (HQLA) under the final U.S. Liquidity Coverage Ratio (LCR) rules. However, HQLA for purposes of calculating LCR is not reported at market value, but

at a lower value that incorporates regulatory deductions and the exclusion of excess liquidity held at certain subsidiaries. The LCR is calculated as the amount of a financial institution's unencumbered HQLA relative to the estimated net cash outflows the institution could encounter over a 30-day period of significant liquidity stress, expressed as a percentage. Our average consolidated HQLA, on a net basis, was \$673 billion and \$667 billion for the three months ended March 31, 2026 and December 31, 2025. For both periods, the average consolidated LCR was 112 percent. Our LCR may fluctuate due to normal business flows from customer activity.

Liquidity Stress Analysis

We utilize liquidity stress analysis to assist us in determining the appropriate amounts of liquidity to maintain at the Parent and our subsidiaries to meet contractual and contingent cash outflows under a range of scenarios. For more information on liquidity stress analysis, see Liquidity Risk – Liquidity Stress Analysis in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Net Stable Funding Ratio

The Net Stable Funding Ratio (NSFR) is a liquidity requirement for large banks to maintain a minimum level of stable funding over a one-year period. The requirement is intended to support the ability of banks to lend to households and businesses in both normal and adverse economic conditions and is complementary to the LCR, which focuses on short-term liquidity risks. The U.S. NSFR applies to the Corporation on a consolidated basis and to our insured depository institutions. At March 31, 2026, the Corporation and its insured depository institutions were in compliance with the U.S. NSFR. For more information, see the Pillar 3 U.S. NSFR Disclosure report for the quarters ended December 31, 2025 and September 30, 2025 on the Corporation's website, the contents of which are not incorporated by reference into this Quarterly Report on Form 10-Q.

Diversified Funding Sources

We fund our assets primarily with a mix of deposits, and secured and unsecured liabilities through a centralized, globally coordinated funding approach diversified across products, programs, markets, currencies and investor groups. We fund a substantial portion of our lending activities through our

deposits, which were \$2.04 trillion and \$2.02 trillion at March 31, 2026 and December 31, 2025. Our trading activities in other regulated entities are primarily funded on a secured basis through securities lending and repurchase agreements, and these amounts will vary based on customer activity and market conditions.

Deposits

Our deposit base is well-diversified by clients, geography and product type across our business segments. At March 31, 2026, 48 percent of our deposits were in *Consumer Banking*, 14 percent in *GWIM* and 32 percent in *Global Banking*. We consider a substantial portion of our deposit base to be a stable, low-cost and consistent source of liquidity. At March 31, 2026, approximately 70 percent of consumer and small business deposits and 83 percent of U.S. deposits in *Global Banking* were held by clients who have had accounts with us for 10 or more years. In addition, at March 31, 2026 and December 31, 2025, 27 percent and 26 percent of our deposits were noninterest bearing and were primarily operating accounts of our consumer and commercial clients. Deposits at March 31, 2026 increased \$18.9 billion from December 31, 2025 primarily due to deposit growth in *Consumer Banking* and *Global Banking*.

During the three months ended March 31, 2026 and 2025, rates paid on deposits were 51 bps and 61 bps in *Consumer Banking*, 204 bps and 250 bps in *GWIM*, and 221 bps and 273 bps in *Global Banking*. For information on rates paid on consolidated deposit balances, see Table 6 on page 7.

Long-term Debt

During the three months ended March 31, 2026, we issued \$33.1 billion of long-term debt consisting of \$9.7 billion of notes issued by Bank of America Corporation, substantially all of which were TLAC compliant, \$10.3 billion of notes issued by Bank of America, N.A. and \$13.1 billion of other debt.

During the three months ended March 31, 2026, we had total long-term debt maturities and redemptions in the aggregate of \$24.4 billion consisting of \$11.8 billion for Bank of America Corporation, \$5.5 billion for Bank of America, N.A. and \$7.1 billion of other debt. Table 14 presents the carrying value of aggregate annual contractual maturities of long-term debt at March 31, 2026.

⁽¹⁾ Total includes \$175.7 billion of outstanding senior notes that are both TLAC eligible and callable one year before their stated maturities, including \$16.4 billion during the remainder of 2026, and \$27.3 billion, \$27.8 billion, \$8.4 billion and \$21.5 billion during each year of 2027 through 2030, respectively, and \$74.3 billion thereafter. For more information on our TLAC eligible and callable outstanding notes, see Liquidity Risk – Diversified Funding Sources in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

⁽²⁾ Represents liabilities of consolidated variable interest entities (VIEs) included in long-term debt on the Consolidated Balance Sheet.

Total long-term debt increased \$8.1 billion to \$326.0 billion during the three months ended March 31, 2026 primarily due to debt issuances, partially offset by maturities and valuation adjustments. We may, from time to time, repurchase outstanding debt instruments in various transactions, depending on market conditions, liquidity and other factors. Our other regulated entities may also make markets in our debt instruments to provide liquidity for investors.

During the three months ended March 31, 2026, we issued \$15.8 billion of structured notes, which are debt obligations that pay investors returns linked to other debt or equity securities, indices, currencies or commodities. These structured notes are typically issued to meet client demand, and notes with certain attributes may also be TLAC eligible. We typically use derivatives and/or investments to economically hedge the variable returns due on the structured notes so that the net cost, which is recognized in market making and similar activities, is similar to unsecured long-term debt. We could be required to settle certain structured note obligations for cash or other securities prior to maturity under certain circumstances, which we consider for liquidity planning purposes. We believe, however, that a portion of such borrowings will remain outstanding beyond the earliest put or redemption date.

Substantially all of our senior and subordinated debt obligations contain no provisions that could trigger a requirement for an early repayment, require additional collateral support, result in changes to terms, accelerate maturity or create additional financial obligations upon an adverse change in our credit ratings, financial ratios, earnings, cash flows or stock price. For more information on long-term debt funding,

including issuances and maturities and redemptions, see *Note 11 – Long-term Debt* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

We use derivative transactions to manage the duration, interest rate and currency risks of our borrowings, considering the characteristics of the assets they are funding. For more information on our ALM activities, see Interest Rate Risk Management for the Banking Book on page 40.

Credit Ratings

Credit ratings and outlooks are opinions expressed by rating agencies on our creditworthiness and that of our obligations or securities, including long-term debt, short-term borrowings, preferred stock and other securities, including asset securitizations. Table 15 presents the Corporation's current long-term/short-term senior debt ratings and outlooks expressed by the rating agencies.

The ratings and outlooks from Moody's Investors Service, Standard & Poor's Global Ratings and Fitch Ratings for the Corporation and its subsidiaries have not changed from those disclosed in the Corporation's 2025 Annual Report on Form 10-K.

For more information on additional collateral and termination payments that could be required in connection with certain over-the-counter derivative contracts and other trading agreements in the event of a credit rating downgrade, see *Note 3 – Derivatives* to the Consolidated Financial Statements herein and Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K.

Finance Subsidiary Issuers and Parent Guarantor

BofA Finance LLC, a Delaware limited liability company (BofA Finance), is a consolidated finance subsidiary of the Corporation that has issued and sold, and is expected to continue to issue and sell, its senior unsecured debt securities (Guaranteed Notes) that are fully and unconditionally guaranteed by the Corporation. The Corporation guarantees the due and punctual payment, on demand, of amounts payable on the Guaranteed Notes if not paid by BofA Finance. In addition, each of BAC Capital Trust XIII, BAC Capital Trust XIV and BAC Capital Trust XV, Delaware statutory trusts (collectively, the Trusts) is a 100 percent owned finance subsidiary of the Corporation that has issued and sold trust preferred securities (the Trust Preferred Securities) or capital securities (the Capital Securities and, together with the Guaranteed Notes and the Trust Preferred Securities, the Guaranteed Securities), as applicable, that remained outstanding at March 31, 2026. The Corporation has fully and unconditionally guaranteed (or effectively provided for the full and unconditional guarantee of) all such securities issued by such finance subsidiaries. For more information regarding such guarantees by the Corporation, see Liquidity Risk – Finance Subsidiary Issuers and Parent Guarantor in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Representations and Warranties Obligations

For information on representations and warranties obligations in connection with the sale of mortgage loans, see *Note 12 – Commitments and Contingencies* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Credit Risk Management

For information on our credit risk management activities, see the following: Consumer Portfolio Credit Risk Management on page 24, Commercial Portfolio Credit Risk Management on page 29, Non-U.S. Portfolio on page 35, Allowance for Credit Losses on page 36, *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses* to the Consolidated Financial Statements, and Credit Risk Management in the MD&A of the Corporation's 2025 Annual Report on Form 10-K. For more information on the Corporation's credit risks, see the Credit section within Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K. For more information on the Corporation's economic and geopolitical risks, see the Geopolitical section within Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K.

During the three months ended March 31, 2026, our net charge-off ratio decreased compared to the same period in

2025 primarily driven by lower credit card and commercial real estate office charge-offs. Commercial reservable criticized exposure decreased \$409 million compared to December 31, 2025 driven by the commercial real estate portfolio, and nonperforming loans remained relatively unchanged at \$5.8 billion. Uncertainties surrounding geopolitical tensions, particularly related to the ongoing conflicts in the Middle East, and persistent inflationary pressures continue to weigh on the broader economic outlook. These factors have been assessed for any impacts to the portfolio and may contribute to future deterioration in credit quality metrics as they evolve.

Consumer Portfolio Credit Risk Management

Credit risk management for the consumer portfolio begins with initial underwriting and continues throughout a borrower's credit cycle. Statistical techniques in conjunction with experiential judgment are used in all aspects of portfolio management including underwriting, product pricing, risk appetite, setting credit limits, and establishing operating processes and metrics to quantify and balance risks and returns. Statistical models are built using detailed behavioral information from external sources, such as credit bureaus, and/or internal historical experience and are a component of our consumer credit risk management process. These models are used in part to assist in making both new and ongoing credit decisions as well as portfolio management strategies, including authorizations and line management, collection practices and strategies, and determination of the allowance for loan and lease losses and allocated capital for credit risk.

Consumer Credit Portfolio

During the three months ended March 31, 2026, the U.S. unemployment rate and home prices remained relatively stable. During the three months ended March 31, 2026, net charge-offs decreased \$60 million to \$1.1 billion compared to the same period in 2025, primarily driven by improvement in the credit card portfolio.

The consumer allowance for loan and lease losses decreased \$109 million to \$8.3 billion from December 31, 2025. For more information, see Allowance for Credit Losses on page 36.

For more information on our accounting policies regarding delinquencies, nonperforming status, charge-offs and loan modifications for the consumer portfolio, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K and *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses* to the Consolidated Financial Statements.

⁽¹⁾ Residential mortgage loans accruing past due 90 days or more are fully-insured loans. At March 31, 2026 and December 31, 2025, residential mortgage included \$115 million and \$104 million of loans on which interest had been curtailed by the Federal Housing Administration (FHA), and therefore were no longer accruing interest, although principal was still insured, and \$125 million and \$103 million of loans on which interest was still accruing.

⁽²⁾ Outstandings primarily includes auto and specialty lending loans and leases of \$53.9 billion and \$55.3 billion, U.S. securities-based lending loans of \$56.2 billion and \$55.0 billion at March 31, 2026 and December 31, 2025, and non-U.S. consumer loans of \$3.1 billion and \$3.0 billion at March 31, 2026 and December 31, 2025.

⁽³⁾ For more information on the fair value option, see Note 15 – Fair Value Option to the Consolidated Financial Statements.

⁽⁴⁾ Excludes consumer loans accounted for under the fair value option. At March 31, 2026 and December 31, 2025, loans accounted for under the fair value option that were past due 90 days or more and not accruing interest were insignificant.

We believe that the presentation of information adjusted to exclude the impact of the fully-insured loan portfolio and loans accounted for under the fair value option is more representative of the ongoing operations and credit quality of the business. As a result, in the following tables and discussions of the residential mortgage and home equity portfolios, we exclude loans accounted for under the fair value option and provide information that excludes the impact of the fully-insured loan portfolio in certain credit quality statistics.

Residential Mortgage

The residential mortgage portfolio made up the largest percentage of our consumer loan portfolio at 49 percent of consumer loans and leases at March 31, 2026. Approximately 49 percent of the residential mortgage portfolio was in *Consumer Banking*, 47 percent was in *GWIM* and the remaining portion was in *Global Markets* and *All Other*.

Outstanding balances in the residential mortgage portfolio were relatively unchanged during the three months ended March 31, 2026.

At March 31, 2026 and December 31, 2025, the residential mortgage portfolio included \$8.9 billion and \$9.1 billion of outstanding fully-insured loans, of which \$1.8 billion and \$1.9 billion had FHA insurance, with the remainder protected by Fannie Mae long-term standby agreements.

Table 18 presents certain residential mortgage key credit statistics on both a reported basis and excluding the fully-insured loan portfolio. The following discussion presents the residential mortgage portfolio excluding the fully-insured loan portfolio.

⁽¹⁾ Outstandings, accruing past due, nonperforming loans and percentages of portfolio exclude loans accounted for under the fair value option.

⁽²⁾ Includes loans that are contractually current that have not yet demonstrated a sustained period of payment performance following a modification.

Nonperforming outstanding balances in the residential mortgage portfolio increased \$95 million to \$2.1 billion during the three months ended March 31, 2026 driven by extended relief provided to borrowers for their residential rebuilding efforts after the 2025 California wildfires. Of the nonperforming residential mortgage loans at March 31, 2026, \$1.2 billion, or 58 percent, were current on contractual payments. Excluding fully-insured loans, loans accruing past due 30 days or more decreased \$21 million to \$1.1 billion during the three months ended March 31, 2026.

Of the \$227.3 billion in total residential mortgage loans outstanding at March 31, 2026, \$65.9 billion, or 29 percent, of loans were originated as interest-only. The outstanding balance of interest-only residential mortgage loans that had entered the amortization period was \$3.7 billion, or six percent, at March 31, 2026. Residential mortgage loans that have entered the amortization period generally experience a higher rate of early stage delinquencies and nonperforming status compared to the residential mortgage portfolio as a whole. At March 31, 2026, \$51 million, or one percent, of outstanding interest-only residential mortgages that had entered the amortization period were accruing past due 30 days or more compared to \$1.1

billion, or less than one percent, for the entire residential mortgage portfolio. In addition, at March 31, 2026, \$153 million, or four percent, of outstanding interest-only residential mortgage loans that had entered the amortization period were nonperforming, of which \$50 million were contractually current. Loans that have yet to enter the amortization period in our interest-only residential mortgage portfolio are primarily well-collateralized loans to our wealth management clients and have an interest-only period of three years to 10 years. Substantially all of these loans that have yet to enter the amortization period will not be required to make a fully-amortizing payment until 2028 or later.

Table 19 presents outstandings, nonperforming loans and net charge-offs by certain state concentrations for the residential mortgage portfolio. In the New York area, the New York-Northern New Jersey-Long Island Metropolitan Statistical Area (MSA) made up 15 percent of outstandings at both March 31, 2026 and December 31, 2025. The Los Angeles-Long Beach-Santa Ana MSA within California represented 14 percent of outstandings at both March 31, 2026 and December 31, 2025.

Home Equity

At March 31, 2026, the home equity portfolio made up six percent of the consumer portfolio and was comprised of home equity lines of credit (HELOCs), home equity loans and reverse mortgages. HELOCs generally have an initial draw period of 10 years, and after the initial draw period ends, the loans generally convert to 15- or 20-year amortizing loans. We no longer originate home equity loans or reverse mortgages.

At March 31, 2026, 85 percent of the home equity portfolio was in *Consumer Banking*, 11 percent was in *GWIM* and the remainder of the portfolio was in *All Other*. Outstanding balances in the home equity portfolio were relatively unchanged during the

three months ended March 31, 2026. Of the total home equity portfolio at March 31, 2026 and December 31, 2025, \$8.8 billion and \$8.9 billion, or 33 percent as of the end of both periods, were in first-lien positions. At March 31, 2026, outstanding balances in the home equity portfolio that were in a second-lien or more junior-lien position and where we also held the first-lien loan totaled \$4.7 billion, or 18 percent, of our total home equity portfolio.

Unused HELOCs totaled \$43.0 billion and \$43.1 billion at March 31, 2026 and December 31, 2025. The HELOC utilization rate was 38 percent at both March 31, 2026 and December 31, 2025.

⁽¹⁾ Outstandings, accruing past due, nonperforming loans and percentages of the portfolio exclude loans accounted for under the fair value option.
⁽²⁾ Includes loans that are contractually current that have not yet demonstrated a sustained period of payment performance following a modification.

Nonperforming outstanding balances in the home equity portfolio were relatively unchanged during the three months ended March 31, 2026. Of the nonperforming home equity loans at March 31, 2026, \$237 million, or 61 percent, were current on contractual payments. In addition, \$84 million, or 21 percent, were 180 days or more past due and had been written down to the estimated fair value of the collateral, less costs to sell. Accruing loans that were 30 days or more past due remained relatively unchanged during the three months ended March 31, 2026.

Of the \$26.8 billion in total home equity portfolio outstandings at March 31, 2026, as shown in Table 20, eight percent require interest-only payments. The outstanding balance of HELOCs that had reached the end of their draw period and entered the amortization period was \$3.1 billion at March 31, 2026. The HELOCs that have entered the amortization period have experienced a higher percentage of early stage delinquencies and nonperforming status when compared to the HELOC portfolio as a whole. At March 31, 2026, \$26 million, or one percent, of outstanding HELOCs that had entered the

amortization period were accruing past due 30 days or more. In addition, at March 31, 2026, \$211 million, or seven percent, were nonperforming.

For our interest-only HELOC portfolio, we can infer how many of our home equity customers pay only the minimum amount due on their home equity loans and lines through a review of our HELOC portfolio that we service and is still in its revolving period. During the three months ended March 31, 2026, 21 percent of these customers with an outstanding balance did not pay any principal on their HELOCs.

Table 21 presents outstandings, nonperforming balances and net recoveries by certain state concentrations for the home equity portfolio. In the New York area, the New York-Northern New Jersey-Long Island MSA made up 10 percent of the outstanding home equity portfolio at both March 31, 2026 and December 31, 2025. The Los Angeles-Long Beach-Santa Ana MSA within California made up 10 percent of the outstanding home equity portfolio at both March 31, 2026 and December 31, 2025.

Credit Card

At March 31, 2026, 97 percent of the credit card portfolio was managed in *Consumer Banking* with the remainder in *GWIM*. Outstandings in the credit card portfolio decreased \$3.2 billion during the three months ended March 31, 2026 to \$102.8 billion primarily driven by a seasonal decline in purchase volume. Net charge-offs decreased \$77 million to \$924 million

during the three months ended March 31, 2026 compared to the same period in 2025 as the portfolio continued to improve. Credit card loans 30 days or more past due decreased \$92 million, and 90 days or more past due decreased \$10 million during the three months ended March 31, 2026.

Unused lines of credit for credit card increased to \$426.7 billion at March 31, 2026 from \$417.6 billion at December 31, 2025.

Direct/Indirect Consumer

At March 31, 2026, 47 percent of the direct/indirect portfolio was included in *Consumer Banking* (consumer auto and recreational vehicle lending) and 53 percent was included in *GWIM* (principally securities-based lending loans). Outstandings

in the direct/indirect portfolio were relatively unchanged during the three months ended March 31, 2026.

Other consumer primarily consists of deposit overdraft balances. Net charge-offs during the three months ended March 31, 2026 totaled \$63 million, relatively unchanged compared to the same period in 2025.

Nonperforming Consumer Loans, Leases and Foreclosed Properties Activity

Table 24 presents nonperforming consumer loans, leases and foreclosed properties activity for the three months ended March 31, 2026. During the three months ended March 31, 2026, nonperforming consumer loans increased \$104 million to \$2.7 billion driven by extended residential mortgage relief provided to borrowers for their home rebuilding efforts following the 2025 California wildfires.

At March 31, 2026, \$550 million, or 21 percent, of nonperforming loans were 180 days or more past due and had been written down to their estimated property value less costs to sell. In addition, at March 31, 2026, \$1.5 billion, or 57 percent, of nonperforming consumer loans were current and classified as nonperforming loans in accordance with applicable policies.

During the three months ended March 31, 2026, foreclosed properties remained relatively unchanged.

Commercial Portfolio Credit Risk Management

Commercial credit risk is evaluated and managed with the goal that concentrations of credit exposure continue to be aligned with our risk appetite. We review, measure and manage concentrations of credit exposure by industry, product, geography, customer relationship and loan size. We also review, measure and manage commercial real estate loans by geographic location and property type. In addition, within our non-U.S. portfolio, we evaluate exposures by region and by country. Tables 29, 31 and 34 summarize our concentrations. We also utilize syndications of exposure to third parties, loan sales, hedging and other risk mitigation techniques to manage the size and risk profile of the commercial credit portfolio. For more information on our industry concentrations, see Table 31 and Commercial Portfolio Credit Risk Management – Industry Concentrations on page 33.

For more information on our accounting policies regarding delinquencies, nonperforming status and net charge-offs, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K and *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses* to the Consolidated Financial Statements.

Commercial Credit Portfolio

Outstanding commercial loans and leases increased \$22.9 billion during the three months ended March 31, 2026 due to growth in U.S. and Non-U.S. commercial, primarily in *Global Banking* and *Global Markets*. During the three months ended March 31, 2026, commercial credit quality improved, as the reservable criticized utilized exposure rate improved to 3.21 percent from 3.37 percent as of December 31, 2025.

Nonperforming commercial loans decreased \$77 million during the three months ended March 31, 2026, primarily due to commercial real estate. Commercial net charge-offs increased \$17 million compared to the same period in 2025 primarily due to higher U.S. commercial charge-offs, partially offset by continued improvement in the commercial real estate office portfolio.

We are closely monitoring emerging trends, including the ongoing conflicts in the Middle East and higher energy prices, as well as borrower performance in the current environment.

The commercial allowance for loan and lease losses increased \$54 million during the three months ended March 31, 2026 to \$4.9 billion. For more information, see Allowance for Credit Losses on page 36.

Total commercial utilized credit exposure increased \$34.7 billion during the three months ended March 31, 2026 to \$843.1 billion primarily driven by higher loans and leases, as well as derivative assets. The utilization rate for loans and leases, standby letters of credit (SBLCs) and financial guarantees, and commercial letters of credit, in the aggregate, was 56 percent and 55 percent at March 31, 2026 and December 31, 2025.

Table 25 presents commercial credit exposure by type for utilized, unfunded and total binding committed credit exposure. Commercial utilized credit exposure includes SBLCs and financial guarantees and commercial letters of credit that have been issued and for which we are legally bound to advance funds under prescribed conditions during a specified time period, and excludes exposure related to trading account assets. Although funds have not yet been advanced, these exposure types are considered utilized for credit risk management purposes.

⁽⁴⁾ Includes the notional amount of unfunded legally binding lending commitments, net of amounts distributed (i.e., syndicated or participated) to other financial institutions. The distributed amounts were \$10.5 billion and \$10.6 billion at March 31, 2026 and December 31, 2025.

⁽⁵⁾ Derivative assets are carried at fair value, reflect the effects of legally enforceable master netting agreements and have been reduced by cash collateral of \$30.8 billion and \$27.2 billion at March 31, 2026 and December 31, 2025. Not reflected in utilized and committed exposure is additional non-cash derivative collateral held of \$72.1 billion and \$71.4 billion at March 31, 2026 and December 31, 2025, which consists primarily of other marketable securities.

Nonperforming commercial loans decreased \$77 million during the three months ended March 31, 2026, driven by commercial real estate. Table 26 presents our commercial loans and leases portfolio and related credit quality information at March 31, 2026 and December 31, 2025.

Table 28 presents commercial reservable criticized utilized exposure by loan type. Criticized exposure corresponds to the Special Mention, Substandard and Doubtful asset categories as defined by regulatory authorities. Total commercial reservable criticized utilized exposure of \$24.3 billion decreased \$409

million, or two percent, during the three months ended March 31, 2026 primarily driven by commercial real estate and non-U.S. commercial. At both March 31, 2026 and December 31, 2025, 87 percent of commercial reservable criticized utilized exposure was secured.

⁽²⁾ Percentages are calculated as commercial reservable criticized utilized exposure divided by total commercial reservable utilized exposure for each exposure category.

Commercial and Industrial

Commercial and industrial loans include U.S. commercial and non-U.S. commercial portfolios.

U.S. Commercial

At March 31, 2026, 57 percent of the U.S. commercial loan portfolio, excluding small business, was managed in *Global Banking*, 25 percent in *Global Markets*, 17 percent in *GWIM* (loans that provide financing for asset purchases, business investments and other liquidity needs for high net worth clients) and the remainder primarily in *Consumer Banking*. U.S. commercial loans increased \$15.7 billion, or four percent, during the three months ended March 31, 2026 primarily driven by *Global Banking*. Reservable criticized utilized exposure increased \$431 million, or four percent, driven by a broad range of industries.

Non-U.S. Commercial

At March 31, 2026, 51 percent of the non-U.S. commercial loan portfolio was managed in *Global Banking* and 48 percent in *Global Markets*. Non-U.S. commercial loans increased \$5.7 billion, or four percent, during the three months ended March 31, 2026 primarily driven by *Global Banking*. Reservable criticized utilized exposure decreased \$231 million, or eight percent. For more information on the non-U.S. commercial portfolio, see Non-U.S. Portfolio on page 35.

Commercial Real Estate

Commercial real estate primarily includes commercial loans secured by non-owner-occupied real estate and is dependent on the sale or lease of the real estate as the primary source of repayment. Outstanding loans increased \$867 million or one

percent during the three months ended March 31, 2026 to \$69.6 billion, driven by growth across multiple property types. The commercial real estate portfolio is primarily managed in *Global Banking* and consists of loans made primarily to public and private developers, and commercial real estate firms. The portfolio remains diversified across property types and geographic regions. California represented the largest state concentration at 20 percent of commercial real estate at both March 31, 2026 and December 31, 2025. Industrial/Warehouse loans represented the largest property type concentration at 18 percent and 19 percent of commercial real estate at March 31, 2026 and December 31, 2025. Office loans decreased \$617 million, or five percent, from December 31, 2025 and represented less than one percent of total loans for the Corporation.

Reservable criticized utilized exposure for commercial real estate decreased \$699 million, or eight percent, during the three months ended March 31, 2026. Reservable criticized exposure for the office property type was \$3.1 billion at March 31, 2026, representing a decrease of \$360 million, or 10 percent, from December 31, 2025. Approximately \$4.4 billion of office loans are scheduled to mature by the end of 2026.

During the three months ended March 31, 2026, net charge-offs decreased \$67 million to \$56 million compared to the same period in 2025 driven by office loans. We use a number of proactive risk mitigation initiatives designed to reduce adversely rated exposure in the commercial real estate portfolio, including transfers of deteriorating exposures for management by independent special asset officers and the pursuit of loan restructurings or asset sales to achieve the best results for our customers and the Corporation.

Table 29 presents outstanding commercial real estate loans by geographic region, based on the geographic location of the collateral, and by property type.

U.S. Small Business Commercial

The U.S. small business commercial loan portfolio is comprised of small business card loans and small business loans primarily managed in *Consumer Banking*. Credit card-related products were 51 percent of the U.S. small business commercial portfolio at both March 31, 2026 and December 31, 2025, and represented 97 percent and 98 percent of net charge-offs for the three months ended March 31, 2026 and 2025. Accruing loans that were past due 90 days or more remained relatively unchanged during the three months ended March 31, 2026.

Nonperforming Commercial Loans, Leases and Foreclosed Properties Activity

Table 30 presents the nonperforming commercial loans, leases and foreclosed properties activity during the three months ended March 31, 2026 and 2025. Nonperforming loans do not include loans accounted for under the fair value option. During the three months ended March 31, 2026, nonperforming commercial loans and leases decreased \$77 million to \$3.2 billion. At March 31, 2026, 96 percent of commercial nonperforming loans, leases and foreclosed properties were secured, and 46 percent were contractually current. Commercial nonperforming loans were carried at 82 percent of their unpaid principal balance, as the carrying value of these loans has been reduced to the estimated collateral value less costs to sell.

⁽²⁾ Includes U.S. small business commercial activity. Small business card loans are excluded as they are not classified as nonperforming.

⁽³⁾ Commercial loans and leases may be returned to performing status when all principal and interest is current and full repayment of the remaining contractual principal and interest is expected, when the loan otherwise becomes well-secured and is in the process of collection, or when a modified loan demonstrates a sustained period of payment performance.

⁽⁴⁾ Outstanding commercial loans exclude loans accounted for under the fair value option.

Industry Concentrations

Table 31 presents commercial committed and utilized credit exposure by industry. For information on net notional credit protection purchased to hedge funded and unfunded exposures for which we elected the fair value option, as well as certain other credit exposures, see Commercial Portfolio Credit Risk Management – Risk Mitigation.

Commercial credit exposure is diversified across a broad range of industries. Total commercial committed exposure increased \$29.1 billion during the three months ended March 31, 2026 to \$1.5 trillion. The increase in commercial committed exposure was concentrated in Asset managers and funds, Capital goods and Energy.

For information on industry limits, see Commercial Portfolio Credit Risk Management – Risk Mitigation in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Asset managers and funds, our largest industry concentration with committed exposure of \$242.8 billion, increased \$8.4 billion, or four percent, during the three months ended March 31, 2026, which was primarily driven by investment-grade exposures.

Finance companies, our second largest industry concentration with committed exposure of \$130.8 billion, increased \$1.1 billion, or one percent, during the three months ended March 31, 2026. The increase in committed exposure was primarily driven by increases in Diversified financials and Thrifts and mortgage finance.

Capital goods, our third largest industry concentration with committed exposure of \$112.7 billion, increased \$4.0 billion, or four percent, during the three months ended March 31, 2026. The increase in committed exposure was driven by increases in Industrial conglomerates, Aerospace and defense and Trading companies and distributors, partially offset by a decrease in Electrical equipment.

Geopolitical tensions, particularly related to the ongoing conflicts in the Middle East, and higher costs associated with persistent inflationary pressures have led to increased uncertainty in the U.S. and global economies and have adversely impacted, and may continue to adversely impact, a number of industries. We continue to monitor these risks.

⁽¹⁾ Includes U.S. small business commercial exposure.

⁽²⁾ Includes the notional amount of unfunded legally binding lending commitments, net of amounts distributed (i.e., syndicated or participated) to other financial institutions. The distributed amounts were \$10.5 billion and \$10.6 billion at March 31, 2026 and December 31, 2025.

⁽³⁾ Industries are viewed from a variety of perspectives to best isolate the perceived risks. For purposes of this table, the real estate industry is defined based on the primary business activity of the borrowers or counterparties using operating cash flows and primary source of repayment as key factors.

Risk Mitigation

We purchase credit protection to cover the funded portion as well as the unfunded portion of certain credit exposures. To lower the cost of obtaining our desired credit protection levels, we may add credit exposure within an industry, borrower or counterparty group by selling protection.

At both March 31, 2026 and December 31, 2025, net notional credit default protection purchased in our credit derivatives portfolio to hedge our funded and unfunded exposures for which we elected the fair value option, as well as certain other credit exposures, was \$14.5 billion. We recorded net gains of \$12 million for the three months ended March 31, 2026 compared to net gains of \$3 million for the three months ended March 31, 2025. The net gains on these instruments were largely offset by net losses on the related exposures. The Value-at-Risk (VaR) results for these exposures are included in the fair value option portfolio information in Table 37. For more information, see Trading Risk Management on page 38.

Tables 32 and 33 present the maturity profiles and the credit exposure debt ratings of the net credit default protection portfolio at March 31, 2026 and December 31, 2025.

Non-U.S. Portfolio

Our non-U.S. credit and trading portfolios are subject to country risk. We define country risk as the risk of loss from unfavorable economic and political conditions, currency fluctuations, social instability and changes in government policies. A risk management framework is in place to measure, monitor and manage non-U.S. risk and exposures. In addition to the direct risk of doing business in a country, we also are exposed to indirect country risks (e.g., related to the collateral received on secured financing transactions or related to client clearing activities). These indirect exposures are managed in the normal course of business through credit, market and operational risk governance rather than through country risk governance. For more information on our non-U.S. credit and trading portfolios, see Non-U.S. Portfolio in the MD&A of the Corporation's 2025 Annual Report on Form 10-K. For more information on risks related to our non-U.S. portfolio, see the Geopolitical section within Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K.

Table 34 presents our 20 largest non-U.S. country exposures at March 31, 2026. These exposures accounted for 89 percent of our total non-U.S. exposure at March 31, 2026 and 88 percent at December 31, 2025. Net country exposure for these 20 countries increased \$15.4 billion from December 31, 2025 primarily driven by increases in France, Germany, the United Kingdom and India.

Our largest non-U.S. country exposure at March 31, 2026 was the United Kingdom with net exposure of \$67.4 billion, which increased \$2.8 billion from December 31, 2025 primarily due to increased exposure to financial institutions. Our second largest non-U.S. country exposure was Germany with net exposure of \$42.5 billion at March 31, 2026, which increased

\$3.4 billion from December 31, 2025 primarily due to increased corporate exposure. We continue to closely monitor the ongoing conflicts in the Middle East and potential impacts on our portfolio and borrowers, including through higher energy prices, increased market volatility, supply chain disruptions and related macroeconomic effects.

Allowance for Credit Losses

The allowance for credit losses decreased \$71 million from December 31, 2025 to \$14.3 billion at March 31, 2026, which included a \$96 million reserve decrease and \$25 million reserve increase related to the consumer and commercial portfolios, respectively. Table 35 presents an allocation of the allowance for credit losses by product type at March 31, 2026 and December 31, 2025.

Market Risk Management

For more information on our market risk management process, see Market Risk Management in the MD&A of the Corporation's 2025 Annual Report on Form 10-K. For more information on market risks, see the Market section within Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K.

Market risk is the risk that changes in market conditions may adversely impact the value of assets or liabilities, or otherwise negatively impact earnings. This risk is inherent in the financial instruments associated with our operations, primarily within our *Global Markets* segment. We are also exposed to these risks in other areas of the Corporation (e.g., our ALM activities). In the event of market stress, these risks could have a material impact on our results.

Trading Risk Management

To evaluate risks in our trading activities, we focus on the actual and potential volatility of revenues generated by individual positions as well as portfolios of positions. VaR is a common statistic used to measure market risk. Our primary VaR statistic is equivalent to a 99 percent confidence level, which means that for a VaR with a one-day holding period, there should not be

losses in excess of VaR, on average, 99 out of 100 trading days.

Table 37 presents the total market-based portfolio VaR, which is the combination of the total trading positions portfolio and the fair value option portfolio. The VaR amounts for all periods presented in Table 37 and Table 38 include the financial instruments used in the Corporation's market risk management of its trading portfolios. For more information on the market risk VaR for trading activities, see Trading Risk Management in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

The total market-based portfolio VaR results in Table 37 include market risk to which we are exposed from all business segments' trading activities, which exclude credit valuation adjustment (CVA), DVA and the related hedges of these items. The majority of this portfolio is within the *Global Markets* segment.

Table 37 presents period-end, average, high and low daily trading VaR for the three months ended March 31, 2026, December 31, 2025 and March 31, 2025 using a 99 percent confidence level.

The following graph presents the trading positions portfolio VaR for the previous five quarters, corresponding to the data in Table 37.

Additional VaR statistics produced within our single VaR model are provided in Table 38 at the same level of detail as in Table 37. Evaluating VaR with additional statistics allows for an increased understanding of the risks in the portfolio, as the historical market data used in the VaR calculation does not necessarily follow a predefined statistical distribution. Table 38 presents average trading VaR statistics at 99 percent and 95 percent confidence levels for the three months ended March 31, 2026, December 31, 2025 and March 31, 2025.

Backtesting

The accuracy of the VaR methodology is evaluated by backtesting, which compares the daily VaR results, utilizing a one-day holding period, against a comparable subset of trading revenue. For more information on our backtesting process, see Trading Risk Management – Backtesting in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

During the three months ended March 31, 2026, there were two days where this subset of trading revenue had losses that exceeded our total covered portfolio VaR, utilizing a one-day holding period.

Total Trading-related Revenue

Total trading-related revenue, excluding brokerage fees, and CVA, DVA and funding valuation adjustment gains (losses), represents the total amount earned from trading positions, including net interest income associated with *Global Markets* trading activities, which are taken in a diverse range of financial instruments and markets. For more information, see Trading Risk Management – Total Trading-related Revenue in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

The following histogram is a graphic depiction of trading volatility and illustrates the daily level of trading-related revenue

for the three months ended March 31, 2026 compared to the three months ended December 31, 2025. During the three months ended March 31, 2026, positive trading-related revenue was recorded for 100 percent of the trading days, of which 97 percent were daily trading gains of over \$25 million. This compares to the three months ended December 31, 2025 where positive trading-related revenue was recorded for 98 percent of the trading days, of which 89 percent were daily trading gains of over \$25 million, and the largest loss was \$2 million.

Trading Portfolio Stress Testing

Because the very nature of a VaR model suggests results can exceed our estimates and it is dependent on a limited historical window, we also stress test our portfolio using scenario analysis. This analysis estimates the change in the value of our trading portfolio that may result from abnormal market movements. For more information, see Trading Risk Management – Trading Portfolio Stress Testing in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Interest Rate Risk Management for the Banking Book

The following discussion presents net interest income for banking book activities. For more information, see Interest Rate Risk Management for the Banking Book in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Table 39 presents the spot and 12-month forward rates used in developing the forward curve used in our baseline forecasts at March 31, 2026 and December 31, 2025.

Table 39 Forward Rates

	Federal Funds	SOFR	10-Year SOFR
	March 31, 2026

Table 40 shows the potential pretax impact to forecasted net interest income over the next 12 months from March 31, 2026 and December 31, 2025 resulting from instantaneous parallel and non-parallel shocks to the market-based forward curve. Periodically, we evaluate the scenarios presented so that they are meaningful in the context of the current rate environment. Amounts presented reflect dynamic deposit sensitivities, which incorporate behavioral customer deposit balance changes that could occur under various scenarios. For more information, see Interest Rate Risk Management for the Banking Book in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

We continue to be asset sensitive to a parallel move in interest rates, with the majority of that impact coming from the short end of the yield curve. Additionally, higher interest rates negatively impact the fair value of our debt securities classified as available for sale and adversely affect accumulated OCI, and thus capital levels under the Basel 3 capital rules. Under instantaneous upward parallel shifts, the near-term adverse impact to Basel 3 capital would be reduced over time by offsetting positive impacts to net interest income generated from banking book activities. For more information on Basel 3, see Capital Management – Regulatory Capital on page 16.

As part of our ALM activities, we use securities, certain residential mortgages, and interest rate and foreign exchange derivatives in managing interest rate sensitivity. The sensitivity analysis in Table 40 assumes that we take no action in response to these rate shocks and does not assume any change in other macroeconomic variables normally correlated with changes in interest rates. In higher rate scenarios, the analysis assumes that a portion of low-cost or noninterest-bearing deposits is replaced with higher yielding deposits or market-based funding. Conversely, in lower rate scenarios, the analysis assumes that a portion of higher yielding deposits or market-based funding is replaced with low-cost or noninterest-bearing deposits.

For larger interest rate shift scenarios, the interest rate sensitivity may behave in a non-linear manner as there are numerous estimates and assumptions, which require a high

degree of judgment and are often interrelated, that could impact the outcome. Pertaining to the mortgage-backed securities and residential mortgage portfolio, if long-end interest rates were to significantly decrease over the next twelve months, for example over 200 bps, there would generally be an increase in customer prepayment behaviors with an incremental reduction to net interest income, noting that the extent of changes in customer prepayment activity can be impacted by multiple factors and is not necessarily limited to long-end interest rates. Conversely, if long-end interest rates were to significantly increase over the next twelve months, for example, over 200 bps, customer prepayments would likely modestly decrease and result in an incremental increase to net interest income. In addition, deposit pricing is rate sensitive in nature. This sensitivity is assumed to have non-linear impacts to larger short-end rate movements. In decreasing interest rate scenarios, and particularly where interest rates have decreased to small amounts, the ability to further reduce rates paid is reduced as customer rates near zero. In higher short-end rate scenarios, deposit pricing will likely increase at a faster rate, leading to incremental interest expense and reducing asset sensitivity. While the impact related to the above assumptions used in the asset sensitivity analysis can provide directional analysis on how net interest income will be impacted in changing environments, the ultimate impact is dependent upon the interrelationship of the assumptions and factors, which vary in different macroeconomic scenarios.

Economic Value of Equity

In addition to interest rate sensitivity described above, the Corporation's management of its interest rate exposures in the banking book also considers a long-term view of interest rate sensitivity through the measurement of Economic Value of Equity (EVE). EVE captures changes in the net present value of banking book assets and liabilities under various interest rate scenarios and its impact to Tier 1 capital. Similar to net interest income, the Corporation establishes limits for EVE. EVE is largely driven by the Corporation's longer duration fixed-rate products, such as investment securities, residential mortgages and deposits. For assets or liabilities that have no stated maturity, such as deposits, the Corporation estimates the duration for measurement purposes.

Interest Rate and Foreign Exchange Derivative Contracts

We use interest rate and foreign exchange derivative contracts in our ALM activities to manage our interest rate and foreign exchange risks. Specifically, we use those derivatives to manage both the variability in cash flows and changes in fair value of various assets and liabilities arising from those risks. Our interest rate derivative contracts are generally non-leveraged swaps tied to various benchmark interest rates and foreign exchange basis swaps, options, futures and forwards, and our foreign exchange contracts include cross-currency interest rate swaps, foreign currency futures contracts, foreign currency forward contracts and options.

The derivatives used in our ALM activities can be split into two broad categories: designated accounting hedges and other risk management derivatives. Designated accounting hedges are primarily used to manage our exposure to interest rates as described in the Interest Rate Risk Management for the Banking Book section and are included in the sensitivities presented in Table 40. The Corporation also uses foreign currency derivatives in accounting hedges to manage substantially all of the foreign exchange risk of our foreign operations. By hedging the foreign exchange risk of our foreign operations, the Corporation's market risk exposure in this area is not significant.

Risk management derivatives are predominantly used to hedge foreign exchange risks related to various foreign currency-denominated assets and liabilities and eliminate substantially all foreign currency exposures in the cash flows of the Corporation's non-trading foreign currency-denominated financial instruments. These foreign exchange derivatives are sensitive to other market risk exposures such as cross-currency basis spreads and interest rate risk. However, as these features are not a significant component of these foreign exchange derivatives, the market risk related to this exposure is not significant. For more information on the accounting for derivatives, see *Note 3 – Derivatives* to the Consolidated Financial Statements.

Mortgage Banking Risk Management

We originate, fund and service mortgage loans, which subject us to credit, liquidity and interest rate risks, among others. We determine whether loans will be held for investment or held for sale at the time of commitment and manage credit and liquidity risks by selling or securitizing a portion of the loans we originate.

Changes in interest rates impact the value of interest rate lock commitments (IRLCs) and the related residential first mortgage loans held-for-sale (LHFS), as well as the value of the MSRs. Because the interest rate risks of these hedged items offset, we combine them into one overall hedged item with one combined economic hedge portfolio consisting of derivative contracts and securities. For more information on IRLCs and the related residential mortgage LHFS, see Mortgage Banking Risk Management in the MD&A of the Corporation's 2025 Annual Report on Form 10-K.

Critical Accounting Estimates

Our significant accounting principles are essential in understanding the MD&A. Many of our significant accounting principles require complex judgments to estimate the values of assets and liabilities. We have procedures and processes in place to facilitate making these judgments. For more information, see Critical Accounting Estimates in the MD&A of the Corporation's 2025 Annual Report on Form 10-K and *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

See Market Risk Management on page 38 in the MD&A and the sections referenced therein for Quantitative and Qualitative Disclosures about Market Risk.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

As of the end of the period covered by this report, the Corporation's management, including the Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness and design of the Corporation's disclosure controls and procedures (as that term is defined in Rule 13a-15(e) of the Exchange Act). Based upon that evaluation, the Corporation's Chief Executive Officer and Chief Financial Officer concluded that the Corporation's disclosure controls and procedures were effective, as of the end of the period covered by this report.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Corporation's internal control over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) during the three months ended March 31, 2026, that have materially affected, or are reasonably likely to materially affect, the Corporation's internal control over financial reporting.

Bank of America Corporation and Subsidiaries

Notes to Consolidated Financial Statements

NOTE 1 Summary of Significant Accounting Principles

Bank of America Corporation, a bank holding company and a financial holding company, provides a diverse range of financial services and products throughout the U.S. and in certain international markets. The term "the Corporation" as used herein may refer to Bank of America Corporation, individually, Bank of America Corporation and its subsidiaries, or certain of Bank of America Corporation's subsidiaries or affiliates.

Principles of Consolidation and Basis of Presentation

The Consolidated Financial Statements include the accounts of the Corporation and its majority-owned subsidiaries and those variable interest entities (VIEs) where the Corporation is the primary beneficiary. Intercompany accounts and transactions have been eliminated. Results of operations of acquired companies are included from the dates of acquisition, and for VIEs, from the dates that the Corporation became the primary beneficiary. Assets held in an agency or fiduciary capacity are not included in the Consolidated Financial Statements. The Corporation accounts for investments in companies for which it

owns a voting interest and for which it has the ability to exercise significant influence over operating and financing decisions using the equity method of accounting. These investments, which include the Corporation's interests in affordable housing and renewable energy partnerships, are recorded in other assets. Equity method investments are subject to impairment testing, and the Corporation's proportionate share of income or loss is included in other income.

The preparation of the Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could materially differ from those estimates and assumptions.

These unaudited Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements, and related notes thereto, of the Corporation's 2025 Annual Report on Form 10-K.

The nature of the Corporation's business is such that the results of any interim period are not necessarily indicative of results for a full year. In the opinion of management, all adjustments, which consist of normal recurring adjustments necessary for a fair statement of the interim period results, have been made. The Corporation evaluates subsequent events through the date of filing with the Securities and Exchange Commission (SEC).

NOTE 2 Net Interest Income and Noninterest Income

The table below presents the Corporation's net interest income and noninterest income disaggregated by revenue source for the three months ended March 31, 2026 and 2025. For more information, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. For a disaggregation of noninterest income by business segment and *All Other*, see *Note 17 – Business Segment Information*.

NOTE 3 Derivatives

Derivative Balances

Derivatives are entered into on behalf of customers, for trading or to support risk management activities. Derivatives used in risk management activities include derivatives that may or may not be designated in qualifying hedge accounting relationships. Derivatives that are not designated in qualifying hedge accounting relationships are referred to as other risk management derivatives. For more information on the Corporation's derivatives and hedging activities, see *Note 1 – Summary of Significant Accounting Principles* and *Note 3 –*

Derivatives to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. The following tables present derivative instruments included on the Consolidated Balance Sheet in derivative assets and liabilities at March 31, 2026 and December 31, 2025. Balances are presented on a gross basis, prior to the application of counterparty and cash collateral netting. Total derivative assets and liabilities are adjusted on an aggregate basis to take into consideration the effects of legally enforceable master netting agreements and have been reduced by cash collateral received or paid.

⁽¹⁾ Represents the total contract/notional amount of derivative assets and liabilities outstanding.

⁽²⁾ Includes certain out-of-the-money purchased options that have a liability amount primarily due to the deferral of option premiums to the end of the contract.

⁽³⁾ Includes certain out-of-the-money written options that have an asset amount primarily due to the deferral of option premiums to the end of the contract.

⁽⁴⁾ The net derivative asset (liability) and notional amount of written credit derivatives for which the Corporation held purchased credit derivatives with identical underlying referenced names were \$1.0 billion and \$421.3 billion, respectively, at December 31, 2025.

Offsetting of Derivatives

The Corporation enters into International Swaps and Derivatives Association, Inc. (ISDA) master netting agreements or similar agreements with substantially all of the Corporation's derivative counterparties. For more information, see *Note 3 – Derivatives* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

The following table presents derivative instruments included in derivative assets and liabilities on the Consolidated Balance Sheet at March 31, 2026 and December 31, 2025 by primary risk (e.g., interest rate risk) and the platform, where applicable,

on which these derivatives are transacted. Balances are presented on a gross basis, prior to the application of counterparty and cash collateral netting. Total gross derivative assets and liabilities are adjusted on an aggregate basis to take into consideration the effects of legally enforceable master netting agreements, which include reducing the balance for counterparty netting and cash collateral received or paid.

For more information on offsetting of securities financing agreements, see *Note 9 – Securities Financing Agreements, Collateral and Restricted Cash*.

⁽¹⁾ Over-the-counter (OTC) derivatives include bilateral transactions between the Corporation and a particular counterparty. Over-the-counter cleared derivatives include bilateral transactions between the Corporation and a counterparty where the transaction is cleared through a clearinghouse. Exchange-traded derivatives include listed options transacted on an exchange.

⁽²⁾ Consists of derivatives entered into under master netting agreements where the enforceability of these agreements is uncertain under bankruptcy laws in some countries or industries.

⁽³⁾ Amounts are limited to the derivative asset/liability balance and, accordingly, do not include excess collateral received/pledged. Financial instruments collateral includes securities received or pledged and cash securities held and posted at third-party custodians that are not offset on the Consolidated Balance Sheet but shown as a reduction to derive net derivative assets and liabilities.

Derivatives Designated as Accounting Hedges

The Corporation uses various types of interest rate and foreign exchange derivative contracts to protect against changes in the fair value of its assets and liabilities due to fluctuations in interest rates and foreign exchange rates (fair value hedges). The Corporation also uses these types of contracts to protect against changes in the cash flows of its assets and liabilities, and other forecasted transactions (cash flow hedges). The Corporation hedges its net investment in consolidated non-U.S.

operations determined to have functional currencies other than the U.S. dollar using forward exchange contracts and cross-currency basis swaps, and by issuing foreign currency- denominated debt (net investment hedges).

Fair Value Hedges

The table below summarizes information related to fair value hedges for the three months ended March 31, 2026 and 2025.

Gains and Losses on Derivatives and Hedged Items Designated in Fair Value Hedges

⁽¹⁾ Amounts are recorded in interest expense in the Consolidated Statement of Income.

⁽²⁾ Represents cross-currency interest rate swaps related to available-for-sale debt securities and long-term debt. For the three months ended March 31, 2026 and 2025, the derivative amount includes gains (losses) of \$2 million and \$9 million in interest income, \$81 million and \$(210) million in market making and similar activities, and \$(4) million and \$(1) million in accumulated other comprehensive income (OCI). Line item totals are in the Consolidated Statement of Income and on the Consolidated Balance Sheet.

⁽³⁾ Amounts are recorded in interest income in the Consolidated Statement of Income.

⁽⁴⁾ Amounts are recorded in market making and similar activities in the Consolidated Statement of Income.

The table below summarizes the carrying value of hedged assets and liabilities that are designated in fair value hedging relationships, along with the cumulative amount of gains and losses on the hedged assets and liabilities that are included in their carrying value. There is no impact to earnings for the cumulative amount of these fair value hedging adjustments as long as the hedging relationships remain open through the

hedged period. Instead, the open hedges have the effect of synthetically converting the hedged assets and liabilities into variable-rate instruments. If an open hedge is de-designated prior to the derivative's maturity, any cumulative fair value adjustments at the de-designation date are then amortized or accreted into earnings over the remaining life of the hedged assets or liabilities.

Designated Fair Value Hedged Assets and Liabilities

	March 31, 2026		December 31, 2025	
	Carrying Value	Cumulative Fair Value Adjustments ⁽¹⁾	Carrying Value	Cumulative Fair Value Adjustments ⁽¹⁾
(Dollars in millions)				
Long-term debt	\$ 178,723	\$ (1,798)	\$ 175,694	\$ (792)

Trading account assets ⁽⁴⁾	8,139	37	12,170	294

⁽¹⁾ Increase (decrease) to carrying value.

⁽²⁾ These amounts include the amortized cost of the financial assets in closed portfolios used to designate hedging relationships in which the hedged item is a stated layer that is expected to be remaining at the end of the hedging relationship (i.e. portfolio layer hedging relationship). At March 31, 2026 and December 31, 2025, the amortized cost of the closed portfolios used in these hedging relationships was \$46.1 billion and \$35.8 billion, of which \$26.6 billion and \$23.7 billion were designated in a portfolio layer hedging relationship. At March 31, 2026 and December 31, 2025, the cumulative adjustment associated with these hedging relationships was a decrease of \$193 million and \$46 million.

⁽³⁾ Carrying value represents amortized cost.

⁽⁴⁾ Represents hedging activities related to certain commodities inventory.

At March 31, 2026 and December 31, 2025, the fair value adjustments from de-designated long-term debt hedges decreased the long-term debt carrying value by \$12.4 billion and \$12.9 billion. The fair value adjustments from de-designated available-for-sale (AFS) debt securities hedges decreased the AFS debt securities carrying value by \$1.5 billion and \$2.7 billion at March 31, 2026 and December 31, 2025. The fair value adjustments are being amortized or accreted into interest over the contractual lives of the assets or liabilities.

at March 31, 2026, losses of \$2.0 billion after-tax (\$2.7 billion pretax) related to both open and closed cash flow hedges are expected to be reclassified into earnings in the next 12 months. These net losses reclassified into earnings are expected to primarily decrease net interest income related to the respective hedged items. For open cash flow hedges, the maximum length of time over which forecasted transactions are hedged is approximately three years. For terminated cash flow hedges, the time period over which the forecasted transactions will be recognized in interest income is approximately two years, with the aggregated amount beyond this time period being insignificant.

Cash Flow and Net Investment Hedges

The table below summarizes certain information related to cash flow hedges and net investment hedges for the three months ended March 31, 2026 and 2025. Of the \$2.6 billion after-tax net loss (\$3.5 billion pretax) on derivatives in accumulated OCI

⁽²⁾ Amounts reclassified from accumulated OCI are recorded in compensation and benefits expense in the Consolidated Statement of Income.

⁽³⁾ Amounts reclassified from accumulated OCI are recorded in other income in the Consolidated Statement of Income. For the three months ended March 31, 2026 and 2025, amounts excluded from effectiveness testing and recognized in market making and similar activities were gains of \$38 million and \$2 million.

Other Risk Management Derivatives

Other risk management derivatives are used by the Corporation to reduce certain risk exposures by economically hedging various assets and liabilities. The table below presents gains (losses) on these derivatives for the three months ended March 31, 2026 and 2025. These gains (losses) are largely offset by the income or expense recorded on the hedged item.

⁽³⁾ Gains (losses) on these derivatives are recorded in market making and similar activities.

⁽⁴⁾ Gains (losses) on these derivatives are recorded in compensation and benefits expense.

Transfers of Financial Assets with Risk Retained through Derivatives

The Corporation enters into certain transactions involving the transfer of financial assets that are accounted for as sales where substantially all of the economic exposure to the transferred financial assets is retained through derivatives (e.g., interest rate and/or credit), but the Corporation does not retain control over the assets transferred. At March 31, 2026 and December 31, 2025, the Corporation had transferred \$4.1 billion and \$3.9 billion of non-U.S. government-guaranteed mortgage-backed securities to a third-party trust and retained economic exposure to the transferred assets through derivative contracts. In connection with these transfers, the Corporation received gross cash proceeds of \$4.1 billion and \$3.9 billion at the transfer dates. At March 31, 2026 and December 31, 2025, the fair value of the transferred securities was \$4.0 billion and \$3.8 billion.

Sales and Trading Revenue

The Corporation enters into trading derivatives to facilitate client transactions and to manage risk exposures arising from trading account assets and liabilities. It is the Corporation's policy to include these derivative instruments in its trading activities, which include derivatives and non-derivative cash instruments. The resulting risk from these derivatives is managed on a portfolio basis as part of the Corporation's *Global Markets* business segment. For more information on sales and trading revenue, see *Note 3 – Derivatives* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

The table below, which includes both derivatives and non-derivative cash instruments, identifies the amounts in the respective income statement line items attributable to the Corporation's sales and trading revenue in *Global Markets*, categorized by primary risk, for the three months ended March 31, 2026 and 2025. This table includes debit valuation adjustment (DVA) and funding valuation adjustment (FVA) gains (losses). *Global Markets* results in *Note 17 – Business Segment Information* are presented on a fully taxable-equivalent (FTE) basis. The table below is not presented on an FTE basis.

Includes investment and brokerage services revenue of \$760 million and \$626 million for the three months ended March 31, 2026 and 2025.

⁽²⁾ Includes commodity risk.

Credit Derivatives

The Corporation enters into credit derivatives primarily to facilitate client transactions and to manage credit risk exposures. Credit derivatives are classified as investment and non-investment grade based on the credit quality of the underlying referenced obligation. The Corporation considers ratings of BBB- or higher as investment grade. Non-investment grade includes non-rated credit derivative instruments. The Corporation discloses internal categorizations of investment grade and non-investment grade consistent with how risk is managed for these instruments. For more information on credit derivatives, see *Note 3 – Derivatives* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Credit derivative instruments where the Corporation is the seller of credit protection and their expiration at March 31, 2026 and December 31, 2025 are summarized in the following table.

The notional amount represents the maximum amount payable by the Corporation for most credit derivatives. However, the Corporation does not monitor its exposure to credit derivatives based solely on the notional amount because this measure does not take into consideration the probability of occurrence. As such, the notional amount is not a reliable indicator of the Corporation's exposure to these contracts. Instead, a risk framework is used to define risk tolerances and establish limits so that certain credit risk-related losses occur within acceptable, predefined limits.

Credit-related notes in the table above include investments in securities issued by collateralized debt obligation (CDO), collateralized loan obligation (CLO) and credit-linked note

vehicles. These instruments are primarily classified as trading securities. The carrying value of these instruments equals the Corporation's maximum exposure to loss. The Corporation is not obligated to make any payments to the entities under the terms of the securities owned.

Credit-related Contingent Features and Collateral

Certain of the Corporation's derivative contracts contain credit risk-related contingent features, primarily in the form of ISDA master netting agreements and credit support documentation that enhance the creditworthiness of these instruments compared to other obligations of the respective counterparty with whom the Corporation has transacted. These contingent features may be for the benefit of the Corporation as well as its

counterparties with respect to changes in the Corporation's creditworthiness and the mark-to-market exposure under the derivative transactions. At March 31, 2026 and December 31, 2025, the Corporation held cash and securities collateral of \$126.0 billion and \$119.7 billion and posted cash and securities collateral of \$94.7 billion and \$97.8 billion in the normal course of business under derivative agreements, excluding cross-product margining agreements where clients are permitted to margin on a net basis for both derivative and secured financing arrangements.

In connection with certain OTC derivative contracts and other trading agreements, the Corporation can be required to provide additional collateral or to terminate transactions with certain counterparties in the event of a downgrade of the senior debt ratings of the Corporation or certain subsidiaries. The amount of additional collateral required depends on the contract and is usually a fixed incremental amount and/or the market value of the exposure. For more information on credit-related contingent features and collateral, see *Note 3 – Derivatives* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

At March 31, 2026, the amount of collateral, calculated based on the terms of the contracts, that the Corporation and certain subsidiaries could be required to post to counterparties but had not yet posted to counterparties was \$4.9 billion, including \$2.5 billion for Bank of America, National Association (BANA).

Some counterparties are currently able to unilaterally terminate certain contracts, or the Corporation or certain subsidiaries may be required to take other action such as find a suitable replacement or obtain a guarantee. At March 31, 2026 and December 31, 2025, the liability recorded for these derivative contracts was not significant.

The following table presents the amount of additional collateral that would have been contractually required by derivative contracts and other trading agreements at March 31, 2026 if the rating agencies had downgraded their long-term senior debt ratings for the Corporation or certain subsidiaries by one incremental notch and by an additional second incremental notch. The table also presents derivative liabilities that would be subject to unilateral termination by counterparties upon downgrade of the Corporation's or certain subsidiaries' long-term senior debt ratings.

Valuation Adjustments on Derivatives

The table below presents credit valuation adjustment (CVA), DVA and FVA gains (losses) on derivatives (excluding the effect of any related hedge activities), which are recorded in market making and similar activities, for the three months ended March 31, 2026 and 2025. For more information on the valuation adjustments on derivatives, see *Note 3 – Derivatives* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

NOTE 4 Securities

The table below presents the amortized cost, gross unrealized gains and losses, and fair value of AFS debt securities, other debt securities carried at fair value and held-to-maturity (HTM) debt securities at March 31, 2026 and December 31, 2025.

⁽¹⁾ At both March 31, 2026 and December 31, 2025, the underlying collateral type included approximately 27 percent prime and 73 percent subprime.

⁽²⁾ Primarily includes non-U.S. securities used to satisfy certain international regulatory requirements. Any changes in value are reported in market making and similar activities. For detail on the components, see Note 14 – Fair Value Measurements.

⁽³⁾ Includes securities pledged as collateral of \$132.1 billion and \$153.8 billion at March 31, 2026 and December 31, 2025.

⁽⁴⁾ The Corporation held debt securities from Fannie Mae (FNMA) and Freddie Mac (FHLMC) that each exceeded 10 percent of shareholders' equity, with an amortized cost of \$245.8 billion and \$159.4 billion, and a fair value of \$206.5 billion and \$134.4 billion at March 31, 2026, and an amortized cost of \$246.9 billion and \$158.5 billion, and a fair value of \$208.0 billion and \$133.6 billion at December 31, 2025.

At March 31, 2026 and December 31, 2025, the Corporation's expected credit losses on AFS and HTM debt securities with a total amortized cost of \$886.2 billion and \$911.3 billion were not significant. Of these amounts, \$835.9 billion and \$863.7 billion of AFS and HTM debt securities were predominantly U.S. agency and U.S. Treasury securities and had a zero credit loss assumption as of the end of the same periods. At March 31, 2026 and December 31, 2025, nonperforming AFS debt securities held by the Corporation were not significant. For more information on the zero credit loss assumption, see Note 1 – Summary of Significant Accounting Principles to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

At March 31, 2026 and December 31, 2025, the Corporation held equity securities at an aggregate fair value of \$250 million and \$253 million, respectively, and other equity securities, as valued under the measurement alternative, at a carrying value of \$523 million and \$479 million, respectively,

both of which are included in other assets. At March 31, 2026 and December 31, 2025, the Corporation also held money market investments at a fair value of \$1.3 billion and \$1.2 billion, which are included in time deposits placed and other short-term investments.

The gross realized gains and losses on sales of AFS debt securities for the three months ended March 31, 2026 and 2025 are presented in the table below.

⁽³⁾ Consumer loans accounted for under the fair value option includes residential mortgage loans of \$58 million and home equity loans of \$107 million. Commercial loans accounted for under the fair value option includes U.S. commercial loans of \$2.1 billion and non-U.S. commercial loans of \$1.2 billion. For more information, see *Note 14 – Fair Value Measurements* and *Note 15 – Fair Value Option*.

⁽⁴⁾ Total outstandings includes U.S. commercial real estate loans of \$62.7 billion and non-U.S. commercial real estate loans of \$6.0 billion.

⁽⁵⁾ Total outstandings includes loans and leases of \$39.5 billion pledged as collateral to the FHLB. The Corporation also pledged \$313.7 billion of loans with no related outstanding borrowings to secure potential borrowing capacity with the FRB and FHLB.

The Corporation has entered into long-term credit protection agreements with FNMA and FHLMC on loans totaling \$7.1 billion and \$7.2 billion at March 31, 2026 and December 31, 2025, providing full credit protection on residential mortgage loans that become severely delinquent. All of these loans are individually insured, and therefore the Corporation does not record an allowance for credit losses related to these loans.

Nonperforming Loans and Leases

Nonperforming loans were \$5.8 billion at both March 31, 2026 and December 31, 2025. Commercial nonperforming loans were \$3.2 billion at both March 31, 2026 and December 31, 2025, primarily comprised of U.S. commercial and commercial real estate. Consumer nonperforming loans of \$2.7 billion and \$2.6 billion at March 31, 2026 and December 31, 2025 increased

\$104 million driven by extended residential mortgage relief provided to borrowers for their home rebuilding efforts following the 2025 California wildfires.

The following table presents the Corporation's nonperforming loans and leases and loans accruing past due 90 days or more at March 31, 2026 and December 31, 2025. Nonperforming loans held-for-sale (LHFS) are excluded from nonperforming loans and leases, as they are recorded at either fair value or the lower of cost or fair value. For more information on the criteria for classification as nonperforming, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

⁽¹⁾ Residential mortgage loans accruing past due 90 days or more are fully-insured loans. At March 31, 2026 and December 31, 2025 residential mortgage included \$115 million and \$104 million of loans on which interest had been curtailed by the Federal Housing Administration (FHA), and therefore were no longer accruing interest, although principal was still insured, and \$125 million and \$103 million of loans on which interest was still accruing.

⁽²⁾ Primarily relates to loans for which the estimated fair value of the underlying collateral less any costs to sell is greater than the amortized cost of the loans as of the reporting date.

Credit Quality Indicators

The Corporation monitors credit quality within its Consumer Real Estate, Credit Card and Other Consumer, and Commercial portfolio segments based on primary credit quality indicators. For more information on the portfolio segments, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. Within the Consumer Real Estate portfolio segment, the primary credit quality indicators are refreshed loan-to-value (LTV) and refreshed Fair Isaac Corporation (FICO) score. Refreshed LTV measures the carrying value of the loan as a percentage of the value of the property securing the loan, refreshed quarterly. Home equity loans are evaluated using combined loan-to-value (CLTV), which measures the carrying value of the Corporation's loan and available line of credit combined with any outstanding senior liens against the property as a percentage of the value of the property securing the loan, refreshed quarterly. FICO score measures the creditworthiness of the borrower based on the financial obligations of the borrower and the borrower's credit history. FICO scores are typically refreshed quarterly or more frequently. Certain borrowers (e.g., borrowers that have had debts discharged in a

bankruptcy proceeding) may not have their FICO scores updated. FICO scores are also a primary credit quality indicator for the Credit Card and Other Consumer portfolio segment and the business card portfolio within U.S. small business commercial. Within the Commercial portfolio segment, loans are evaluated using the internal classifications of pass rated or reservable criticized as the primary credit quality indicators. The term reservable criticized refers to those commercial loans that are internally classified or listed by the Corporation as Special Mention, Substandard or Doubtful, which are asset quality categories defined by regulatory authorities. These assets have an elevated level of risk and may have a high probability of default or total loss. Pass rated refers to all loans not considered reservable criticized. In addition to these primary credit quality indicators, the Corporation uses other credit quality indicators for certain types of loans.

The following tables present certain credit quality indicators and gross charge-offs for the Corporation's Consumer Real Estate, Credit Card and Other Consumer, and Commercial portfolio segments by year of origination, except for revolving loans and revolving loans that were modified into term loans, which are shown on an aggregate basis at March 31, 2026.

Loan Modifications to Borrowers in Financial Difficulty

As part of its credit risk management, the Corporation may modify a loan agreement with a borrower experiencing financial difficulties through a refinancing or restructuring of the borrower's loan agreement (modification programs).

Consumer Real Estate

The following modification programs are offered for consumer real estate loans to borrowers experiencing financial difficulties.

Forbearance and Other Payment Plans: Forbearance plans generally consist of the Corporation suspending the borrower's payments for a defined period, with those payments then due over a defined period of time or at the conclusion of the forbearance period. The aging status of a loan is generally frozen when it enters into a forbearance plan. If a borrower is unable to fulfill their obligations under the forbearance plans, they may be offered a trial offer or permanent modification.

Trial Offer and Permanent Modifications: Trial offer for modification plans generally consist of the Corporation offering a borrower modified loan terms that reduce their contractual payments temporarily over a three-to-four-month trial period. If the customer successfully makes the modified payments during the trial period and formally accepts the modified terms, the modified loan terms become permanent. Some borrowers may enter into permanent modifications without a trial period. In a permanent modification, the borrower's payment terms are typically modified in more than one manner, but generally include a term extension and an interest rate reduction. At times, the permanent modification may also include principal forgiveness and/or a deferral of past due principal and interest amounts to the end of the loan term. The combinations utilized are based on modifying the terms that give the borrower an improved ability to meet the contractual obligations. The term extensions granted for residential mortgage and home equity permanent modifications vary widely and can be up to 30 years, but most are in the range of 1 to 20 years. Principal forgiveness and payment deferrals were insignificant during the three months ended March 31, 2026 and 2025.

The table below provides the ending amortized cost of the Corporation's consumer real estate loans modified during the three months ended March 31, 2026 and 2025.

For consumer real estate borrowers in financial difficulty that received a forbearance, trial or permanent modification, commitments to lend additional funds were not significant at March 31, 2026 and 2025.

The Corporation tracks the performance of modified loans to assess effectiveness of modification programs. If a forbearance plan results in an other-than-insignificant payment delay, whether at inception or due to a subsequent extension, the loan's payment status is based on the original contractual terms. During the three months ended March 31, 2026 and

2025, defaults of residential and home equity loans that had been modified within 12 months were insignificant. The table below provides aging information as of March 31, 2026 and 2025 for consumer real estate loans that were modified over the last 12 months.

Consumer real estate foreclosed properties totaled \$58 million at both March 31, 2026 and December 31, 2025. The carrying value of consumer real estate loans, including fully-insured loans, for which formal foreclosure proceedings were in process at March 31, 2026 and December 31, 2025, was \$422 million and \$411 million. During the three months ended March 31, 2026 and 2025, the Corporation reclassified \$11 million and \$12 million of consumer real estate loans to foreclosed properties or, for properties acquired upon foreclosure of certain government-guaranteed loans (principally FHA-insured loans), to other assets. The reclassifications represent non-cash investing activities and, accordingly, are not reflected in the Consolidated Statement of Cash Flows.

Credit Card and Other Consumer

Credit card and other consumer loans are primarily modified by placing the customer on a fixed payment plan with a significantly reduced fixed interest rate, with terms ranging from 6 months to 72 months, most of which had a 60-month term at March 31, 2026. In certain circumstances, the Corporation will forgive a portion of the outstanding balance if the borrower makes payments up to a set amount. The Corporation makes modifications directly with borrowers for loans held by the Corporation (internal programs) as well as through third-party renegotiation agencies that provide solutions to customers' entire unsecured debt structures (external programs). The March 31, 2026 amortized cost of credit card and other consumer loans that were modified through these programs during the three months ended March 31, 2026 was \$238 million compared to \$217 million during the three months ended March 31, 2025. These modifications represented 0.11 percent of outstanding credit card and other consumer loans for both the three months ended March 31, 2026 and 2025. During the three months ended March 31, 2026 and 2025, the financial effect of modifications resulted in a weighted-average interest rate reduction of 17.74 percent and 18.37 percent, and principal forgiveness of \$25 million in both periods.

The Corporation tracks the performance of modified loans to assess effectiveness of modification programs. As of March 31, 2026 and 2025, defaults of credit card and other consumer loans that had been modified within 12 months were not significant. At March 31, 2026, modified credit card and other consumer loans to borrowers experiencing financial difficulty over the last 12 months totaled \$715 million, of which \$609 million were current, \$59 million were 30-89 days past due, and \$47 million were greater than 90 days past due. At March 31, 2025, modified credit card and other consumer loans to borrowers experiencing financial difficulty totaled \$632 million, of which \$530 million were current, \$54 million were 30-89 days past due, and \$48 million were greater than 90 days past due.

Commercial Loans

Modifications of loans to commercial borrowers experiencing financial difficulty are designed to reduce the Corporation's loss exposure while providing borrowers with an opportunity to work through financial difficulties, often to avoid foreclosure or bankruptcy. Each modification is unique, reflects the borrower's individual circumstances and is designed to benefit the borrower while mitigating the Corporation's risk exposure. Commercial modifications are primarily term extensions and payment forbearances. Payment forbearances involve the Corporation forbearing its contractual right to collect certain payments or payment in full (maturity forbearance) for a defined period of time. Reductions in interest rates and principal forgiveness occur infrequently for commercial borrowers. Principal forgiveness may occur in connection with foreclosure, short sales or other settlement agreements, leading to termination or sale of the loan. The following table provides the ending amortized cost of commercial loans modified during the three months ended March 31, 2026 and 2025.

Term extensions granted increased the weighted-average life of the impacted loans by 1.6 years for both the three months ended March 31, 2026 and 2025. The weighted-average duration of loan payments deferred under the Corporation's commercial loan forbearance program was 1.3 years and 8 months during the three months ended March 31, 2026 and 2025. The deferral period for loan payments can vary, but are mostly in the range of 8 months to two years. Modifications of loans to troubled borrowers for Commercial Lease Financing and U.S. Small Business Commercial were not significant during the three months ended March 31, 2026 and 2025.

The Corporation tracks the performance of modified loans to assess effectiveness of modification programs. During the three months ended March 31, 2026, defaults of commercial loans that had been modified within 12 months were \$209 million. During the three months ended March 31, 2025, defaults of commercial loans that had been modified within the last 12 months were \$444 million. The table below provides aging information as of March 31, 2026 and 2025 for commercial loans that were modified over the last 12 months.

For the three months ended March 31, 2026 and 2025, the Corporation had commitments to lend \$477 million and \$86 million to commercial borrowers experiencing financial difficulty whose loans were modified during the period.

Loans Held-for-sale

The Corporation had LHFS of \$10.9 billion and \$5.2 billion at March 31, 2026 and December 31, 2025. Cash and non-cash proceeds from sales and paydowns of loans originally classified as LHFS were \$6.8 billion and \$13.9 billion for the three months ended March 31, 2026 and 2025. Cash used for originations and purchases of LHFS totaled \$12.5 billion and \$10.5 billion for the three months ended March 31, 2026 and 2025. For the three months ended March 31, 2026 and 2025, non-cash net transfers into LHFS were not significant.

Accrued Interest Receivable

Accrued interest receivable for loans and leases and LHFS was \$4.1 billion and \$4.2 billion at March 31, 2026 and December 31, 2025 and is reported in customer and other receivables on the Consolidated Balance Sheet.

Outstanding credit card loan balances include unpaid principal, interest and fees. Credit card loans are not classified as nonperforming but are charged off no later than the end of

the month in which the account becomes 180 days past due, within 60 days after receipt of notification of death or bankruptcy, or upon confirmation of fraud. During the three months ended March 31, 2026 and 2025, the Corporation reversed \$222 million and \$231 million of interest and fee income against the income statement line item in which it was originally recorded upon charge-off of the principal balance of the loan.

For the outstanding residential mortgage, home equity, direct/indirect consumer and commercial loan balances classified as nonperforming during the three months ended March 31, 2026 and 2025, interest and fee income reversed at the time the loans were classified as nonperforming was not significant. For more information on the Corporation's nonperforming loan policies, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Allowance for Credit Losses

The allowance for credit losses is estimated using quantitative and qualitative methods that consider a variety of factors, such as historical loss experience, the current credit quality of the

portfolio and an economic outlook over the life of the loan. Qualitative reserves cover losses that are expected but, in the Corporation's assessment, may not adequately be reflected in the quantitative methods or the economic assumptions. The economic outlook is a significant factor and incorporates forward-looking information through the use of several macroeconomic scenarios in determining the weighted economic outlook over the forecasted life of the assets. These scenarios include key macroeconomic variables such as gross domestic product, unemployment rate, real estate prices and corporate bond spreads. The scenarios that are chosen each quarter and the weighting given to each scenario depend on a variety of factors including recent economic events, leading economic indicators, internal and third-party economist views, and industry trends. For more information on the Corporation's credit loss accounting policies including the allowance for credit losses, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

The March 31, 2026 estimate for allowance for credit losses was based on various economic scenarios, including a baseline scenario derived from consensus estimates, an adverse scenario reflecting an extended moderate recession, a downside scenario reflecting continued inflation, a tail risk scenario similar to the severely adverse scenario used in stress testing and an upside scenario that considers the potential for improvement above the baseline scenario. The Corporation's overall weighted economic outlook as of March 31, 2026 remained relatively stable as compared to the weighted economic outlook estimated as of December 31, 2025. The weighted economic outlook for the Corporation's quantitative reserves assumes that the U.S. average unemployment rate will be approximately five percent in the fourth quarter of 2026 and will remain near this level through the fourth quarter of 2027. It also assumes U.S. real gross domestic product will grow at 1.5 percent and 1.8 percent year-over-year in the fourth quarters of 2026 and 2027.

The allowance for credit losses decreased \$71 million from December 31, 2025 to \$14.3 billion at March 31, 2026. The decrease in the allowance for credit losses was driven by continued improvement in credit card and commercial real estate, partially offset by loan growth and a qualitative reserve build related to uncertainties associated with the ongoing conflicts in the Middle East. The change in the allowance for credit losses was comprised of a net decrease of \$55 million in the allowance for loan and lease losses and a decrease of \$16 million in the reserve for unfunded lending commitments. The decrease in the allowance for credit losses was attributed to a decrease in the credit card and other consumer portfolios of \$110 million, partially offset by an increase in the commercial portfolio of \$25 million and the consumer real estate portfolio of \$14 million.

The provision for credit losses decreased \$143 million to \$1.3 billion for the three months ended March 31, 2026 compared to the same period in 2025. The decline in the provision for credit losses was attributed to a decrease in consumer of \$137 million and commercial of \$6 million. The decrease in consumer was primarily driven by improvement in asset quality in credit card. The provision for credit losses in commercial was relatively unchanged, as loan growth and a qualitative reserve build related to uncertainties associated with the ongoing conflicts in the Middle East were largely offset by improvement in asset quality in commercial real estate.

Net charge-offs decreased \$43 million to \$1.4 billion for the three months ended March 31, 2026 compared to the same period in 2025. The decline in net charge-offs was attributed to a \$60 million decrease in the consumer portfolio due to asset quality improvement in credit card, partially offset by a \$17 million increase in the commercial portfolio primarily due to corporate and commercial lending.

The changes in the allowance for credit losses, including net charge-offs and provision for loan and lease losses, are detailed in the table below.

NOTE 6 Securitizations and Other Variable Interest Entities

The Corporation utilizes VIEs in the ordinary course of business to support its own and its customers' financing and investing needs. The Corporation routinely securitizes loans and debt securities using VIEs as a source of funding for the Corporation and as a means of transferring the economic risk of the loans or debt securities to third parties. The assets are transferred into a trust or other securitization vehicle such that the assets are legally isolated from the creditors of the Corporation and are not available to satisfy its obligations. These assets can only be used to settle obligations of the trust or other securitization vehicle. The Corporation also administers, structures or invests in other VIEs including CDOs, investment vehicles and other entities. For more information on the Corporation's use of VIEs, see *Note 1 – Summary of Significant Accounting Principles* and *Note 6 – Securitizations and Other Variable Interest Entities* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

The tables in this Note present the assets and liabilities of consolidated and unconsolidated VIEs at March 31, 2026 and December 31, 2025 in situations where the Corporation has a loan or security interest and involvement with transferred assets or if the Corporation otherwise has an additional interest in the VIE. The tables also present the Corporation's maximum loss exposure at March 31, 2026 and December 31, 2025 resulting from its involvement with consolidated VIEs and unconsolidated VIEs. The Corporation's maximum loss exposure is based on the unlikely event that all of the assets in the VIEs become worthless and incorporates not only potential losses associated with assets recorded on the Consolidated Balance Sheet but also potential losses associated with off-balance sheet commitments, such as unfunded liquidity commitments and other contractual arrangements. The Corporation's maximum loss exposure does not include losses previously recognized through write-downs of assets.

The Corporation invests in ABS, CLOs and other similar investments issued by third-party VIEs with which it has no other form of involvement other than a loan or debt security issued by the VIE. In addition, the Corporation also enters into certain commercial lending arrangements that may utilize VIEs for

activities secondary to the lending arrangement, for example to hold collateral. The Corporation's maximum loss exposure to these VIEs is the investment balances. These securities and loans are included in *Note 4 – Securities* or *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses* and are not included in the following tables.

The Corporation did not provide financial support to consolidated or unconsolidated VIEs during the three months ended March 31, 2026 or the year ended December 31, 2025 that it was not previously contractually required to provide, nor does it intend to do so.

The Corporation had liquidity commitments, including written put options and collateral value guarantees, with certain unconsolidated VIEs of \$1.2 billion and \$1.1 billion at March 31, 2026 and December 31, 2025.

First-lien Mortgage Securitizations

As part of its mortgage banking activities, the Corporation securitizes a portion of the first-lien residential mortgage loans it originates or purchases from third parties, generally in the form of residential mortgage-backed securities guaranteed by government-sponsored enterprises, FNMA and FHLMC (collectively the GSEs), or the Government National Mortgage Association (GNMA) primarily in the case of FHA-insured and U.S. Department of Veterans Affairs (VA)-guaranteed mortgage loans. Securitization usually occurs in conjunction with or shortly after origination or purchase, and the Corporation may also securitize loans held in its residential mortgage portfolio. In addition, the Corporation may, from time to time, securitize commercial mortgages it originates or purchases from other entities. The Corporation typically services the loans it securitizes. Further, the Corporation may retain beneficial interests in the securitization trusts including senior and subordinate securities and equity tranches issued by the trusts.

Except as described in *Note 10 – Commitments and Contingencies*, the Corporation does not provide guarantees or recourse to the securitization trusts other than standard representations and warranties.

The table below summarizes select information related to first-lien mortgage securitizations for the three months ended March 31, 2026 and 2025.

⁽¹⁾ The Corporation transfers residential mortgage loans to securitizations sponsored primarily by the GSEs or GNMA in the normal course of business and primarily receives residential mortgage-backed securities in exchange. Substantially all of these securities are classified as Level 2 within the fair value hierarchy and are typically sold shortly after receipt.

⁽²⁾ A majority of the first-lien residential mortgage loans securitized are initially classified as LHFS and accounted for under the fair value option. Gains recognized on these LHFS prior to securitization, which totaled \$13 million and \$6 million, net of hedges, during the three months ended March 31, 2026 and 2025, are not included in the table above.

⁽³⁾ The Corporation may have the option to repurchase delinquent loans out of securitization trusts, which reduces the amount of servicing advances it is required to make. The Corporation may also repurchase loans from securitization trusts to perform modifications. Repurchased loans include FHA-insured mortgages collateralizing GNMA securities.

The Corporation recognizes consumer MSR's from the sale or securitization of consumer real estate loans. The unpaid principal balance of loans serviced for investors, including residential mortgage and home equity loans, totaled \$77.8 billion and \$82.7 billion at March 31, 2026 and 2025. Servicing fee and ancillary fee income on serviced loans was \$50 million

and \$55 million during the three months ended March 31, 2026 and 2025. Servicing advances on serviced loans, including loans serviced for others and loans held for investment, were \$840 million and \$894 million at March 31, 2026 and December 31, 2025. For more information on MSR's, see *Note 14 – Fair Value Measurements*.

Home Equity Loans

The Corporation retains interests, primarily senior securities, in home equity securitization trusts to which it transferred home equity loans. In addition, the Corporation may be obligated to provide subordinate funding to the trusts during a rapid amortization event. This obligation is included in the maximum loss exposure in the preceding table. The charges that will ultimately be recorded as a result of the rapid amortization events depend on the undrawn portion of the home equity lines

of credit, performance of the loans, the amount of subsequent draws and the timing of related cash flows.

Mortgage and Home Equity Securitizations

The table below summarizes select information related to mortgage and home equity securitization trusts in which the Corporation held a variable interest and had continuing involvement at March 31, 2026 and December 31, 2025.

⁽¹⁾ For unconsolidated home equity loan VIEs, the maximum loss exposure includes outstanding trust certificates issued by trusts in rapid amortization, net of recorded reserves. For both consolidated and unconsolidated home equity loan VIEs, the maximum loss exposure excludes the reserve for representations and warranties obligations and corporate guarantees. For more information, see *Note 10 – Commitments and Contingencies*.

⁽²⁾ Maximum loss exposure includes obligations under loss-sharing reinsurance and other arrangements for non-agency residential mortgage and commercial mortgage securitizations, but excludes the reserve for representations and warranties obligations and corporate guarantees and also excludes servicing advances and other servicing rights and obligations. For more information, see *Note 10 – Commitments and Contingencies* and *Note 14 – Fair Value Measurements*.

⁽³⁾ Principal balance outstanding includes loans where the Corporation was the transferor to securitization VIEs with which it has continuing involvement, which may include servicing the loans.

Other Asset-backed Securitizations

The following paragraphs summarize select information related to other asset-backed VIEs in which the Corporation had a variable interest at March 31, 2026 and December 31, 2025.

Credit Card and Automobile Loan Securitizations

The Corporation securitizes originated and purchased credit card and automobile loans as a source of financing. The loans are sold on a non-recourse basis to consolidated trusts. The securitizations are ongoing, whereas additional receivables will be funded into the trusts by either loan repayments or proceeds from securities issued to third parties, depending on the securitization structure. The Corporation's continuing involvement with the securitization trusts includes servicing the receivables and holding various subordinated interests, including an undivided seller's interest in the credit card receivables and owning certain retained interests.

At March 31, 2026 and December 31, 2025, the carrying values of the receivables in the trusts totaled \$16.0 billion and \$17.1 billion, which are included in loans and leases, and the carrying values of senior debt securities that were issued to third-party investors from the trusts totaled \$6.1 billion and \$6.4 billion, which are included in long-term debt.

Resecuritization Trusts

The Corporation transfers securities, typically MBS, into resecuritization VIEs generally at the request of customers seeking securities with specific characteristics. Generally, there are no significant ongoing activities performed in a resecuritization trust, and no single investor has the unilateral ability to liquidate the trust.

The Corporation resecuritized \$12.2 billion and \$11.4 billion of securities during the three months ended March 31, 2026 and 2025. Securities transferred into resecuritization VIEs were measured at fair value with changes in fair value recorded in market making and similar activities prior to the resecuritization and, accordingly, no gain or loss on sale was recorded. During the three months ended March 31, 2026 and 2025, resecuritization proceeds included securities with an initial fair value of \$843 million and \$2.0 billion, of which substantially all of the securities were classified as trading account assets for both periods. Substantially all of the trading account securities carried at fair value were categorized as Level 2 within the fair value hierarchy.

During the three months ended March 31, 2026 and 2025, the Corporation's deconsolidated resecuritization trusts were not significant.

Customer VIEs

Customer VIEs include credit-linked, equity-linked and commodity-linked note VIEs, repackaging VIEs and asset acquisition VIEs, which are typically created on behalf of customers who wish to obtain market or credit exposure to a specific company, index, commodity or financial instrument.

The Corporation's involvement in the VIE is limited to its loss exposure. The Corporation's maximum loss exposure to consolidated and unconsolidated customer VIEs totaled \$2.1 billion and \$1.7 billion at March 31, 2026 and December 31, 2025, including the notional amount of derivatives to which the Corporation is a counterparty, net of losses previously recorded, and the Corporation's investment, if any, in securities issued by the VIEs.

Municipal Bond Trusts

The Corporation administers municipal bond trusts that hold highly-rated, long-term, fixed-rate municipal bonds. The trusts obtain financing by issuing floating-rate trust certificates that reprice on a weekly or other short-term basis to third-party investors.

The Corporation's liquidity commitments to unconsolidated municipal bond trusts, including those for which the Corporation was transferor, totaled \$3.0 billion at both March 31, 2026 and December 31, 2025. The weighted-average remaining life of bonds held in the trusts at March 31, 2026 was 9.3 years. There were no significant write-downs or downgrades of assets or issuers during the three months ended March 31, 2026 and 2025.

Collateralized Debt Obligation VIEs

The Corporation receives fees for structuring CDO VIEs, which hold diversified pools of fixed-income securities, typically corporate debt or ABS, which the CDO VIEs fund by issuing multiple tranches of debt and equity securities. CDOs are generally managed by third-party portfolio managers. The Corporation typically transfers assets to these CDOs, holds securities issued by the CDOs and may be a derivative

counterparty to the CDOs. The Corporation's maximum loss exposure to consolidated and unconsolidated CDOs totaled \$63 million and \$60 million at March 31, 2026 and December 31, 2025.

Investment VIEs

The Corporation sponsors, invests in or provides financing, which may be in connection with the sale of assets, to a variety of investment VIEs that hold loans, real estate, debt securities or other financial instruments and are designed to provide the desired investment profile to investors or the Corporation. At March 31, 2026 and December 31, 2025, the Corporation's consolidated investment VIEs had total assets of \$65 million and \$58 million. The Corporation also held investments in unconsolidated VIEs with total assets of \$31.0 billion and \$30.0 billion at March 31, 2026 and December 31, 2025. The Corporation's maximum loss exposure associated with both consolidated and unconsolidated investment VIEs totaled \$2.7 billion and \$2.8 billion at March 31, 2026 and December 31, 2025 comprised primarily of on-balance sheet assets less non-recourse liabilities.

Leveraged Lease Trusts

The Corporation's net investment in consolidated leveraged lease trusts totaled \$885 million and \$850 million at March 31, 2026 and December 31, 2025. The trusts hold long-lived equipment such as rail cars, power generation and distribution equipment, and commercial aircraft. The Corporation structures the trusts and holds a significant residual interest. The net investment represents the Corporation's maximum loss exposure to the trusts in the unlikely event that the leveraged lease investments become worthless. Debt issued by the leveraged lease trusts is non-recourse to the Corporation.

The following table summarizes the maximum loss exposure and assets held by the Corporation that related to other asset-backed VIEs at March 31, 2026 and December 31, 2025.

⁽¹⁾ At March 31, 2026 and December 31, 2025 loans and leases in the consolidated credit card trust included \$4.7 billion and \$5.4 billion of seller's interest.

⁽²⁾ The retained senior securities were valued using quoted market prices or observable market inputs (Level 2 of the fair value hierarchy).

Tax-related VIEs

The Corporation holds equity investments in unconsolidated limited partnerships and similar entities that construct, own and operate affordable housing, renewable energy and certain other projects. The total assets of these unconsolidated tax-related VIEs were \$84.7 billion and \$86.5 billion as of March 31, 2026 and December 31, 2025. An unrelated third party is typically the general partner or managing member and has control over the significant activities of the VIE. As an investor, tax credits associated with the investments in these entities are allocated to the Corporation, as provided by the U.S. Internal Revenue Code and related regulations, and are recognized as income tax benefits in the Corporation's Consolidated Statement of Income in the year they are earned, which varies based on the type of investments.

At March 31, 2026 and December 31, 2025, the Corporation had tax-related equity investments totaling \$24.5 billion and \$25.4 billion, which were comprised of \$23.5 billion and \$24.4 billion as of the same periods under programs for which the Corporation elected the proportional amortization method, as well as \$1.0 billion as of both periods accounted for under the equity method or fair value option. These investments are further described below.

The Corporation has investments in affordable housing, renewable energy and certain other projects that had a carrying value of \$23.5 billion and \$24.4 billion at March 31, 2026 and December 31, 2025, which included unfunded capital contributions of \$7.5 billion and \$8.1 billion that are probable to be paid.

For the investments that qualify, the Corporation has elected to account for its equity investments in affordable housing, renewable wind energy and certain other projects under the

proportional amortization method. The investments that do not qualify are accounted for under the equity method. During the three months ended March 31, 2026 and 2025, the Corporation recognized income tax credits and other tax benefits related to these investments of \$1.1 billion and \$1.2 billion. For investments accounted for under the proportional amortization method, the Corporation recognized investment amortization of \$753 million and \$842 million in income tax expense during the three months ended March 31, 2026 and 2025, and additional gains, losses and other returns totaling \$34 million and \$20 million in other income for the same periods. The Corporation also has equity investments in solar renewable energy projects that are accounted for under either the equity method or at fair value when the Corporation has elected to account for the investment at fair value. These investments totaled \$1.0 billion at both March 31, 2026 and December 31, 2025. The Corporation's unfunded commitments that are not included in the carrying value of its tax-related equity investment VIEs totaled \$3.5 billion and \$2.6 billion at March 31, 2026 and December 31, 2025, which are contingent on various conditions precedent to funding over the next 10 years. The Corporation's risk of loss is generally mitigated by policies requiring the project to qualify for the expected tax credits prior to making its investment. For investments accounted for under the proportional amortization method, there were no significant modifications or events that resulted in a change in the nature of those investments or in the relationship with the underlying project. The Corporation may also enter into power purchase agreements with renewable energy tax credit entities.

The table below summarizes select information related to unconsolidated tax-related VIEs in which the Corporation held a variable interest at March 31, 2026 and December 31, 2025.

Total goodwill	\$ 69,021	\$ 69,021

Intangible Assets

At both March 31, 2026 and December 31, 2025, the net carrying value of intangible assets was \$1.8 billion. At both March 31, 2026 and December 31, 2025, intangible assets included \$1.5 billion of intangible assets associated with trade names, substantially all of which had an indefinite life and, accordingly, are not being amortized. Amortization of intangibles expense was \$20 million for both the three months ended March 31, 2026 and 2025.

NOTE 8 Leases

The Corporation enters into both lessor and lessee arrangements. For more information on lease accounting, see *Note 1 – Summary of Significant Accounting Principles* and *Note 8 – Leases* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. For more information on lease financing receivables, see *Note 5 – Outstanding Loans and Leases and Allowance for Credit Losses*.

Lessor Arrangements

The Corporation's lessor arrangements primarily consist of operating, sales-type and direct financing leases for equipment. Lease agreements may include options to renew and for the lessee to purchase the leased equipment at the end of the lease term.

The table below presents the net investment in sales-type and direct financing leases at March 31, 2026 and December 31, 2025.

Net Investment ⁽¹⁾

(Dollars in millions)	March 31 2026	December 31 2025

Unguaranteed residuals	3,456	3,520
Total net investment in sales-type and direct financing leases	\$ 22,356	\$ 22,718

⁽¹⁾ In certain cases, the Corporation obtains third-party residual value insurance to reduce its residual asset risk. The carrying value of residual assets with third-party residual value insurance for at least a portion of the asset value was \$9.4 billion at both March 31, 2026 and December 31, 2025.

The table below presents lease income for the three months ended March 31, 2026 and 2025.

Lease Income

	2026	2025
Sales-type and direct financing leases	\$ 319	\$ 302
Operating leases	276	253
Total lease income	\$ 595	\$ 555

Lessee Arrangements

The Corporation's lessee arrangements predominantly consist of operating leases for premises and equipment; the Corporation's financing leases are not significant.

The table below provides information on the right-of-use assets and lease liabilities at March 31, 2026 and December 31, 2025.

Lessee Arrangements

(Dollars in millions)	March 31 2026	December 31 2025
Right-of-use assets	\$ 10,773	\$ 8,395
Lease liabilities	11,471	9,086

At March 31, 2026 and December 31, 2025, right-of-use assets included \$2.8 billion and \$393 million, and lease liabilities included \$2.9 billion and \$440 million for a lease to a related party, which was extended in the first quarter of 2026 to 2049, for the Corporation's principal office in New York, NY. The Corporation owns a 49.99 percent equity interest in the property, with the remaining 50.01 percent owned by a third party.

NOTE 9 Securities Financing Agreements, Collateral and Restricted Cash

The Corporation enters into securities financing agreements which include securities borrowed or purchased under agreements to resell and securities loaned or sold under agreements to repurchase. These financing agreements (also referred to as "matched-book transactions") are to accommodate customers, obtain securities to cover short positions and finance inventory positions. The Corporation elects to account for certain securities financing agreements under the fair value option. For more information on the fair value option, see *Note 15 – Fair Value Option*.

Offsetting of Securities Financing Agreements

The Securities Financing Agreements table presents securities financing agreements included on the Consolidated Balance

Sheet in federal funds sold and securities borrowed or purchased under agreements to resell, and in federal funds purchased and securities loaned or sold under agreements to repurchase at March 31, 2026 and December 31, 2025. Balances are presented on a gross basis, prior to the application of counterparty netting. Gross assets and liabilities are adjusted on an aggregate basis to take into consideration the effects of legally enforceable master netting agreements. For more information on the offsetting of derivatives, see *Note 3 – Derivatives*. For more information on the securities financing agreements and the offsetting of securities financing transactions, see *Note 10 – Securities Financing Agreements, Short-term Borrowings, Collateral and Restricted Cash* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

⁽¹⁾ Includes activity where uncertainty exists as to the enforceability of certain master netting agreements under bankruptcy laws in some countries or industries.

⁽²⁾ Includes securities collateral received or pledged under repurchase or securities lending agreements where there is a legally enforceable master netting agreement. These amounts are not offset on the Consolidated Balance Sheet, but are shown as a reduction to derive a net asset or liability. Securities collateral received or pledged where the legal enforceability of the master netting agreements is uncertain is excluded from the table.

⁽³⁾ Excludes repurchase activity of \$21.3 billion and \$19.6 billion reported in loans and leases on the Consolidated Balance Sheet for March 31, 2026 and December 31, 2025.

⁽⁴⁾ Balance is reported in accrued expenses and other liabilities on the Consolidated Balance Sheet and relates to transactions where the Corporation acts as the lender in a securities lending agreement and receives securities that can be pledged as collateral or sold. In these transactions, the Corporation recognizes an asset at fair value, representing the securities received, and a liability, representing the obligation to return those securities.

Repurchase Agreements and Securities Loaned Transactions Accounted for as Secured Borrowings

The following tables present securities sold under agreements to repurchase and securities loaned by remaining contractual term to maturity and class of collateral pledged. Included in "Other" are transactions where the Corporation acts as the lender in a securities lending agreement and receives securities that can be pledged as collateral or sold. Certain agreements contain a right to substitute collateral and/or terminate the

agreement prior to maturity at the option of the Corporation or the counterparty. Such agreements are included in the table below based on the remaining contractual term to maturity. For more information on collateral requirements, see *Note 10 – Securities Financing Agreements, Short-term Borrowings, Collateral and Restricted Cash* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Collateral

The Corporation accepts securities and loans as collateral that it is permitted by contract or practice to sell or repledge. At both March 31, 2026 and December 31, 2025, the fair value of this collateral was \$1.1 trillion, of which \$1.1 trillion and \$1.0 trillion were sold or repledged as of the end of the periods. The primary source of this collateral is securities borrowed or purchased under agreements to resell. For more information on collateral, see *Note 10 – Securities Financing Agreements, Short-term Borrowings, Collateral and Restricted Cash* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Restricted Cash

At March 31, 2026 and December 31, 2025, the Corporation held restricted cash included within cash and cash equivalents on the Consolidated Balance Sheet of \$7.1 billion and \$6.5 billion, predominantly related to cash segregated in compliance with securities regulations and cash held on deposit with central banks to meet reserve requirements.

NOTE 10 Commitments and Contingencies

In the normal course of business, the Corporation enters into a number of off-balance sheet commitments. These commitments expose the Corporation to varying degrees of credit and market risk and are subject to the same credit and market risk limitation reviews as those instruments recorded on the Consolidated Balance Sheet. For more information on commitments and contingencies, see *Note 12 – Commitments and Contingencies* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Credit Extension Commitments

The Corporation enters into commitments to extend credit such as loan commitments, standby letters of credit (SBLCs) and commercial letters of credit to meet the financing needs of its customers. The following table includes the notional amount of unfunded legally binding lending commitments net of amounts distributed (i.e., syndicated or participated) to other financial institutions. The distributed amounts were \$10.5 billion and \$10.6 billion at March 31, 2026 and December 31, 2025. The carrying value of the Corporation's credit extension commitments at both March 31, 2026 and December 31, 2025, excluding commitments accounted for under the fair value option, was \$1.2 billion, which predominantly related to the reserve for unfunded lending commitments. The carrying value of these commitments is classified in accrued expenses and other liabilities on the Consolidated Balance Sheet.

Legally binding commitments to extend credit generally have specified rates and maturities. Certain of these commitments have adverse change clauses that help to protect the Corporation against deterioration in the borrower's ability to pay.

The following table includes the notional amount of commitments of \$2.5 billion and \$2.4 billion at March 31, 2026 and December 31, 2025 that are accounted for under the fair value option. However, the table excludes the cumulative net fair value for these commitments of \$68 million and \$67 million at March 31, 2026 and December 31, 2025, which is classified in accrued expenses and other liabilities. For more information regarding the Corporation's loan commitments accounted for under the fair value option, see *Note 15 – Fair Value Option*.

⁽¹⁾ At March 31, 2026 and December 31, 2025, \$3.5 billion and \$3.4 billion of these loan commitments were held in the form of a security.

⁽²⁾ The notional amounts of SBLCs and financial guarantees classified as investment grade and non-investment grade based on the credit quality of the underlying reference name within the instrument were \$28.4 billion and \$10.2 billion at March 31, 2026, and \$26.8 billion and \$10.4 billion at December 31, 2025. Amounts in the table include consumer SBLCs of \$1.0 billion and \$987 million at March 31, 2026 and December 31, 2025.

⁽³⁾ Primarily includes second-loss positions on lease-end residual value guarantees.

⁽⁴⁾ Includes business card unused lines of credit.

Other Commitments

At March 31, 2026 and December 31, 2025, the Corporation had commitments to purchase loans (e.g., residential mortgage and commercial real estate) of \$786 million and \$700 million, which upon settlement will be included in trading account assets, loans or LHFS, and commitments to purchase commercial loans, net of amounts sold, of \$518 million and \$558 million, which upon settlement will be included in trading account assets.

At March 31, 2026 and December 31, 2025, the Corporation had commitments to enter into resale and forward-dated resale and securities borrowing agreements of \$236.4 billion and \$149.0 billion, and commitments to enter into forward-dated repurchase and securities lending agreements of \$147.1 billion and \$108.9 billion. A significant portion of these commitments will expire within the next 12 months.

At March 31, 2026 and December 31, 2025, the Corporation had a commitment to originate or purchase up to \$3.9 billion and \$4.0 billion, on a rolling 12-month basis, of auto loans and leases from a strategic partner. This commitment extends through November 2030 and can be terminated with 12 months prior notice.

At March 31, 2026 and December 31, 2025, the Corporation had debt and equity security commitments totaling \$850 million and \$884 million.

As a Federal Reserve member bank, the Corporation is required to subscribe to a certain amount of shares issued by its Federal Reserve district bank, which pays cumulative dividends at a prescribed rate. At both March 31, 2026 and December 31, 2025, the Corporation had paid \$5.4 billion for half of its subscribed shares, with the remaining half subject to call by the Federal Reserve district bank board, which the Corporation believes is remote.

Other Guarantees

Bank-owned Life Insurance Book Value Protection

The Corporation sells products that offer book value protection to insurance carriers who offer group life insurance policies to corporations, primarily banks. At both March 31, 2026 and December 31, 2025, these guarantees, which are accounted for as derivatives, had a notional amount of \$2.4 billion and an insignificant fair value. At March 31, 2026 and December 31, 2025, the Corporation's maximum exposure related to these guarantees totaled \$378 million and \$377 million, with an estimated maturity in 2034.

Merchant Services

The Corporation in its role as merchant acquirer or as a sponsor of other merchant acquirers may be held liable for any reversed charges that cannot be collected from the merchants due to, among other things, merchant fraud or insolvency. If charges are properly reversed after a purchase and cannot be collected from either the merchants or merchant acquirers, the Corporation may be held liable for these reversed charges. The ability to reverse a charge is primarily governed by the applicable payment network rules and regulations, which include, but are not limited to, the type of charge, type of payment used and time limits. The total amount of transactions subject to reversal under payment network rules and regulations processed for the preceding six-month period, which was approximately \$190 billion, is an estimate of the Corporation's maximum potential exposure as of March 31, 2026. The Corporation's risk in this area primarily relates to circumstances where a cardholder has purchased goods or services for future delivery. The Corporation mitigates this risk by requiring cash deposits, guarantees, letters of credit or other types of collateral from certain merchants. The Corporation's reserves for contingent losses, and the losses incurred related to the merchant processing activity were not significant.

Representations and Warranties Obligations and Corporate Guarantees

For more information on representations and warranties obligations and corporate guarantees, see *Note 12 – Commitments and Contingencies* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

The reserve for representations and warranties obligations and corporate guarantees was \$185 million and \$184 million at March 31, 2026 and December 31, 2025 and is included in accrued expenses and other liabilities on the Consolidated Balance Sheet, and the related provision is included in other income in the Consolidated Statement of Income. The representations and warranties reserve represents the Corporation's best estimate of probable incurred losses, is based on its experience in previous negotiations, and is subject to judgment, a variety of assumptions and known or unknown uncertainties. At March 31, 2026, the estimated range of possible loss in excess of the accrued representations and warranties reserve was not significant. Future representations and warranties losses may occur in excess of the amounts recorded for these exposures; however, the Corporation does not expect such amounts to be material to the Corporation's financial condition and liquidity.

Fixed Income Clearing Corporation Sponsored Member Repo Program

The Corporation acts as a sponsoring member in a repo program whereby the Corporation clears certain eligible resale and repurchase agreements through the Government Securities Division of the Fixed Income Clearing Corporation on behalf of clients that are sponsored members in accordance with the Fixed Income Clearing Corporation's rules. As part of this program, the Corporation guarantees the payment and performance of its sponsored members to the Fixed Income Clearing Corporation. The Corporation's guarantee obligation is secured by a security interest in cash or high-quality securities collateral placed by clients with the clearinghouse and therefore, the potential for the Corporation to incur significant losses under this arrangement is remote. The Corporation's maximum potential exposure, without taking into consideration the related collateral, was \$244.3 billion and \$339.1 billion at March 31, 2026 and December 31, 2025.

Other Guarantees

In the normal course of business, the Corporation periodically guarantees the obligations of its affiliates in a variety of transactions including ISDA-related transactions and non-ISDA related transactions such as commodities trading, repurchase agreements, prime brokerage agreements and other transactions.

Guarantees of Certain Long-term Debt

The Corporation, as the parent company, fully and unconditionally guarantees the securities issued by BofA Finance LLC, a consolidated finance subsidiary of the Corporation, and effectively provides for the full and unconditional guarantee of trust securities and capital securities issued by certain statutory trust companies that are 100 percent owned finance subsidiaries of the Corporation.

Other Contingencies

In 2023, the Federal Deposit Insurance Corporation (FDIC) issued a final rule to impose a special assessment to recover certain estimated losses to the Deposit Insurance Fund (DIF) arising from the closures of Silicon Valley Bank and Signature Bank. The FDIC recovered the estimated losses through quarterly special assessments collected from certain insured depository institutions, including the Corporation. During the three months ended March 31, 2026, the Corporation paid its final scheduled quarterly special assessment of \$244 million. The FDIC retains the authority to impose a one-time supplemental assessment should actual losses to the DIF exceed the total amount collected, or provide an offset against regular deposit insurance assessments if collections exceed actual losses to the DIF. The Corporation would recognize any such adjustment in the period in which the underlying determination is made.

Litigation and Regulatory Matters

The following disclosures supplement the disclosure in *Note 12 – Commitments and Contingencies* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K (the prior commitments and contingencies disclosure).

In the ordinary course of business, the Corporation and its subsidiaries are routinely defendants in or parties to many pending and threatened legal, regulatory and governmental actions and proceedings. In view of the inherent difficulty of predicting the outcome of such matters, particularly where the claimants seek very large or indeterminate damages or where the matters present novel legal theories or involve a large number of parties, the Corporation generally cannot predict the eventual outcome of the pending matters, timing of the ultimate resolution of these matters, or eventual loss, fines or penalties related to each pending matter.

As a matter develops, the Corporation, in conjunction with any outside counsel handling the matter, evaluates whether such matter presents a loss contingency that is probable and estimable, and, for the matters disclosed below and in the prior commitments and contingencies disclosure, whether a loss in excess of any accrued liability is reasonably possible in future periods. Once the loss contingency is deemed to be both probable and estimable, the Corporation will establish an accrued liability and record a corresponding amount of litigation-related expense. The Corporation continues to monitor the matter for further developments that could affect the amount of the accrued liability that has been previously established. Excluding expenses of internal and external legal service providers, litigation and regulatory investigation-related expense of \$196 million and \$156 million was recognized during the three months ended March 31, 2026 and 2025.

For any matter disclosed in this Note and in the prior commitments and contingencies disclosure for which a loss in future periods is reasonably possible and reasonably estimable (whether in excess of an accrued liability or where there is no accrued liability), the Corporation's estimated range of possible loss is \$0 to \$0.25 billion in excess of the accrued liability, if any, as of March 31, 2026.

The accrued liability and estimated range of possible loss are based upon currently available information and subject to significant judgment, a variety of assumptions and known and unknown uncertainties. The matters underlying the accrued liability and estimated range of possible loss are unpredictable and may change from time to time, and actual losses may vary significantly from the current estimate and accrual. The estimated range of possible loss does not represent the Corporation's maximum loss exposure.

Information is provided below and in the prior commitments and contingencies disclosure regarding the nature of the litigation or other contingency and, where specified, associated claimed damages. Based on current knowledge, and taking into

account accrued liabilities, management does not believe that loss contingencies arising from pending matters, including the matters described below and in the prior commitments and contingencies disclosure, will have a material adverse effect on the consolidated financial condition or liquidity of the Corporation. However, in light of the significant judgment, variety of assumptions and uncertainties involved in those matters, some of which are beyond the Corporation's control, and the very large or indeterminate damages sought in some of those matters, an adverse outcome in one or more of those matters could be material to the Corporation's business or results of operations for any particular reporting period, or cause significant reputational harm.

Deposit Insurance Assessment

On March 31, 2026, the U.S. District Court for the District of Columbia ruled that BANA did not owe additional interest to the FDIC. BANA continues to pledge security satisfactory to the FDIC with respect to the amount of additional interest the FDIC had sought, pending a possible appeal by the FDIC.

NOTE 11 Shareholders' Equity

⁽¹⁾ In 2026, and through May 1, 2026.

During the three months ended March 31, 2026, the Corporation repurchased and retired approximately 140 million shares of common stock, which reduced shareholders' equity by \$7.2 billion, including excise taxes.

During the three months ended March 31, 2026, in connection with employee stock plans, the Corporation issued 92 million shares of its common stock and, to satisfy tax withholding obligations, repurchased 35 million shares of common stock. At March 31, 2026, the Corporation had reserved 498 million unissued shares of common stock for future issuances under employee stock plans, convertible notes and preferred stock.

On April 23, 2026, the Board of Directors declared a quarterly common stock dividend of \$0.28 per share.

Preferred Stock

During the three months ended March 31, 2026, the Corporation declared \$425 million of cash dividends on preferred stock. During the three months ended March 31, 2026, the Corporation fully redeemed Series DD for \$1.0 billion.

For more information on the Corporation's preferred stock, including liquidation preference, dividend requirements and redemption period, see *Note 13 – Shareholders' Equity* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

⁽¹⁾ Reclassifications of pretax debt securities, DVA and foreign currency (gains) losses are recorded in other income in the Consolidated Statement of Income.

⁽²⁾ Reclassifications of pretax employee benefit plan costs are recorded in other general operating expense in the Consolidated Statement of Income.

NOTE 13 **Earnings Per Common Share**

The calculation of earnings per common share (EPS) and diluted EPS for the three months ended March 31, 2026 and 2025 is presented below. For more information on the calculation of EPS, see *Note 1 – Summary of Significant Accounting Principles* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

	Three Months Ended March 31	
	2026	2025

Net income applicable to common shareholders	\$ 8,155	\$ 6,954
Average common shares issued and outstanding	7,256.1	7,677.9
Earnings per common share	\$ 1.12	\$ 0.91
Diluted earnings per common share		
Net income applicable to common shareholders	\$ 8,155	\$ 6,954
Add preferred stock dividends due to assumed conversions	56	—
Net income allocated to common shareholders	\$ 8,211	\$ 6,954
Average common shares issued and outstanding	7,256.1	7,677.9
Dilutive potential common shares	161.4	92.9
Total average diluted common shares issued and outstanding	7,417.5	7,770.8
Diluted earnings per common share	\$ 1.11	\$ 0.89

Diluted EPS is calculated by adjusting net income applicable to common shareholders and average common shares issued and outstanding for the potential impact, if dilutive, of any instruments that are exercisable or convertible into common shares. As the Corporation's Series L convertible preferred stock (Series L) was dilutive to EPS for the three months ended March 31, 2026, total average dilutive common shares issued and outstanding included 62 million common shares, as the Series L was assumed to have been converted into common shares as of the beginning of the period. In addition, Series L preferred dividends of \$56 million for the three months ended March 31, 2026 were included in net income allocated to common shareholders, as they would have been paid if the Series L was converted. For the three months ended March 31, 2025, the Corporation's Series L was antidilutive, and therefore, there was no assumed conversion of any shares.

NOTE 14 **Fair Value Measurements**

Under applicable accounting standards, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most

advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Corporation determines the fair values of its financial instruments under applicable accounting standards and conducts a review of fair value hierarchy classifications on a quarterly basis. Transfers into or out of fair value hierarchy classifications are made if the significant inputs used in the financial models measuring the fair values of the assets and liabilities become unobservable or observable in the current marketplace. During the three months ended March 31, 2026, there were no changes to valuation approaches or techniques that had, or are expected to have, a material impact on the Corporation's consolidated financial position or results of operations.

For more information regarding the fair value hierarchy, how the Corporation measures fair value and valuation techniques, see *Note 1 – Summary of Significant Accounting Principles* and *Note 20 – Fair Value Measurements* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. The Corporation accounts for certain financial instruments under the fair value option. For more information, see *Note 15 – Fair Value Option*.

⁽¹⁾ Amounts represent the impact of legally enforceable master netting agreements and also cash collateral held or placed with the same counterparties.

⁽²⁾ Includes securities with a fair value of \$13.2 billion that were segregated in compliance with securities regulations or deposited with clearing organizations. This amount is included in the parenthetical disclosure on the Consolidated Balance Sheet. Trading account assets also includes certain commodities inventory of \$27 million that is accounted for at the lower of cost or net realizable value, which is the current selling price less any costs to sell.

⁽³⁾ Includes MSRs, which are classified as Level 3 assets, of \$946 million.

⁽⁴⁾ Total recurring Level 3 assets were 0.29 percent of total consolidated assets, and total recurring Level 3 liabilities were 0.19 percent of total consolidated liabilities.

The following tables present a reconciliation of all assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the three months ended March 31, 2026 and 2025, including net realized and unrealized gains (losses) included in earnings and accumulated OCI. Transfers into Level 3 occur primarily due to

decreased price observability, and transfers out of Level 3 occur primarily due to increased price observability. Transfers occur on a regular basis for long-term debt instruments due to changes in the impact of unobservable inputs on the value of the embedded derivative in relation to the instrument as a whole.

⁽¹⁾ Assets (liabilities). For assets, increase (decrease) to Level 3 and for liabilities, (increase) decrease to Level 3.

⁽²⁾ Includes gains (losses) reported in earnings in the following income statement line items: Trading account assets/liabilities - market making and similar activities and other income; Net derivative assets (liabilities) - market making and similar activities and other income; AFS debt securities - other income; Other debt securities carried at fair value - other income; Loans and leases - other income; Loans held-for-sale - other income; Other assets - market making and similar activities and other income; Short-term borrowings - market making and similar activities; Accrued expenses and other liabilities - other income; Long-term debt - market making and similar activities.

⁽³⁾ Includes unrealized gains (losses) in OCI on AFS debt securities, foreign currency translation adjustments, derivatives designated in cash flow hedges and the impact of changes in the Corporation's credit spreads on long-term debt accounted for under the fair value option. Amounts include net unrealized gains of \$26 million and \$25 million related to financial instruments still held at March 31, 2026 and 2025.

⁽⁴⁾ Net derivative assets (liabilities) include derivative assets of \$4.8 billion and \$3.5 billion and derivative liabilities of \$5.4 billion and \$5.0 billion at March 31, 2026 and 2025.

⁽⁵⁾ Amounts represent instruments that are accounted for under the fair value option.

⁽⁶⁾ Issuances represent MSRs recognized following securitizations or whole-loan sales.

⁽⁷⁾ Settlements primarily represent the net change in fair value of the MSR asset due to the recognition of modeled cash flows and the passage of time.

The following tables present information about significant unobservable inputs related to the Corporation's material categories of Level 3 financial assets and liabilities at March 31, 2026 and December 31, 2025.

Uncertainty of Fair Value Measurements from Unobservable Inputs

For information on the types of instruments, valuation approaches and the impact of changes in unobservable inputs used in Level 3 measurements, see *Note 20 – Fair Value Measurements* to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Nonrecurring Fair Value

The Corporation holds certain assets that are measured at fair value only in certain situations (e.g., the impairment of an asset), and these measurements are referred to herein as nonrecurring. The amounts below represent assets still held as of the reporting date for which a nonrecurring fair value adjustment was recorded during the three months ended March 31, 2026 and 2025.

Losses on foreclosed properties include losses recorded during the first 90 days after transfer of a loan to foreclosed properties.

The table below presents information about significant unobservable inputs utilized in the Corporation's nonrecurring Level 3 fair value measurements during the three months ended March 31, 2026.

There were no significant Level 3 instruments held as of December 31, 2025 that had nonrecurring fair value measurements for the year ended December 31, 2025.

NOTE 15 Fair Value Option

The Corporation elects to account for certain financial instruments under the fair value option. For more information on the primary financial instruments for which the fair value option elections have been made, see Note 21 – Fair Value Option to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K. The following tables provide

information about the fair value carrying amount and the contractual principal outstanding of assets and liabilities accounted for under the fair value option at March 31, 2026 and December 31, 2025, and information about where changes in the fair value of assets and liabilities accounted for under the fair value option are included in the Consolidated Statement of Income for the three months ended March 31, 2026 and 2025.

⁽¹⁾ The gains (losses) in market making and similar activities are primarily offset by (losses) gains on trading liabilities that hedge these assets.

⁽²⁾ Includes the value of IRLCs on funded loans, including those sold during the period.

⁽³⁾ The net gains (losses) in market making and similar activities relate to the embedded derivatives in structured liabilities and are typically offset by (losses) gains on derivatives and securities that hedge these liabilities. For the cumulative impact of changes in the Corporation's own credit spreads and the amount recognized in accumulated OCI, see Note 12 – Accumulated Other Comprehensive Income (Loss). For more information on how the Corporation's own credit spread is determined, see Note 20 – Fair Value Measurements to the Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

⁽⁴⁾ Includes gains (losses) on other assets, long-term deposits and federal funds purchased and securities loaned or sold under agreements to repurchase.

NOTE 16 **Fair Value of Financial Instruments**

The following disclosures include financial instruments that are not carried at fair value or only a portion of the ending balance is carried at fair value on the Consolidated Balance Sheet. Certain loans, deposits, long-term debt, unfunded lending commitments and other financial instruments are accounted for under the fair value option. For more information, see *Note 21 – Fair Value Option* to the Consolidated Financial Statements of the Corporation’s 2025 Annual Report on Form 10-K.

Fair Value of Financial Instruments

The carrying values and fair values by fair value hierarchy of certain financial instruments where only a portion of the ending balance was carried at fair value at March 31, 2026 and December 31, 2025 are presented in the table below.

⁽¹⁾ Includes demand deposits of \$1.1 trillion with no stated maturities at both March 31, 2026 and December 31, 2025.

⁽²⁾ The carrying value of commercial unfunded lending commitments is included in accrued expenses and other liabilities on the Consolidated Balance Sheet. The Corporation does not estimate the fair value of consumer unfunded lending commitments because, in many instances, the Corporation can reduce or cancel these commitments by providing notice to the borrower. For more information on commitments, see *Note 10 – Commitments and Contingencies*.

NOTE 17 Business Segment Information

The Corporation reports its results of operations through the following four business segments: *Consumer Banking*, *Global Wealth & Investment Management*, *Global Banking* and *Global Markets*, with the remaining operations recorded in *All Other*. For more information, see *Note 23 – Business Segment Information* to the Consolidated Financial Statements of the

Glossary

Alt-A Mortgage – A type of U.S. mortgage that is considered riskier than A-paper, or “prime,” and less risky than “subprime,” the riskiest category. Typically, Alt-A mortgages are characterized by borrowers with less than full documentation, lower credit scores and higher LTVs.

Assets Under Management (AUM) – The total market value of assets under the investment advisory and/or discretion of GWIM which generate asset management fees based on a percentage of the assets’ market values. AUM reflects assets that are generally managed for institutional, high net worth and retail clients, and are distributed through various investment products including mutual funds, other commingled vehicles and separate accounts.

Banking Book – All on- and off-balance sheet financial instruments of the Corporation except for those positions that are held for trading purposes.

Brokerage and Other Assets – Non-discretionary client assets which are held in brokerage accounts or held for safekeeping.

Committed Credit Exposure – Any funded portion of a facility plus the unfunded portion of a facility on which the lender is legally bound to advance funds during a specified period under prescribed conditions.

Credit Derivatives – Contractual agreements that provide protection against a specified credit event on one or more referenced obligations.

Credit Valuation Adjustment (CVA) – A portfolio adjustment required to properly reflect the counterparty credit risk exposure as part of the fair value of derivative instruments.

Debit Valuation Adjustment (DVA) – A portfolio adjustment required to properly reflect the Corporation’s own credit risk exposure as part of the fair value of derivative instruments and/or structured liabilities.

Funding Valuation Adjustment (FVA) – A portfolio adjustment required to include funding costs on uncollateralized derivatives and derivatives where the Corporation is not permitted to use the collateral it receives.

Interest Rate Lock Commitment (IRLC) – Commitment with a loan applicant in which the loan terms are guaranteed for a designated period of time subject to credit approval.

Letter of Credit – A document issued on behalf of a customer to a third party promising to pay the third party upon presentation of specified documents. A letter of credit effectively substitutes the issuer’s credit for that of the customer.

Loan-to-value (LTV) – A commonly used credit quality metric. LTV is calculated as the outstanding carrying value of the loan divided by the estimated value of the property securing the loan.

Macro Products – Include currencies, interest rates and commodities products.

Margin Receivable – An extension of credit secured by eligible securities in certain brokerage accounts.

Matched Book – Repurchase and resale agreements or securities borrowed and loaned transactions where the overall asset and liability position is similar in size and/or maturity. Generally, these are entered into to accommodate customers where the Corporation earns the interest rate spread.

Mortgage Servicing Right (MSR) – The right to service a mortgage loan when the underlying loan is sold or securitized. Servicing includes collections for principal, interest and escrow payments from borrowers and accounting for and remitting principal and interest payments to investors.

Nonperforming Loans and Leases – Includes loans and leases that have been placed on nonaccrual status, including nonaccruing loans whose contractual terms have been restructured in a manner that grants a concession to a borrower experiencing financial difficulties.

Prompt Corrective Action (PCA) – A framework established by the U.S. banking regulators requiring banks to maintain certain levels of regulatory capital ratios, comprised of five categories of capitalization: “well capitalized,” “adequately capitalized,” “undercapitalized,” “significantly undercapitalized” and “critically undercapitalized.” Insured depository institutions that fail to meet certain of these capital levels are subject to increasingly strict limits on their activities, including their ability to make capital distributions, pay management compensation, grow assets and take other actions.

Subprime Loans – Although a standard industry definition for subprime loans (including subprime mortgage loans) does not exist, the Corporation defines subprime loans as specific product offerings for higher risk borrowers.

Value-at-Risk (VaR) – VaR is a model that simulates the value of a portfolio under a range of hypothetical scenarios in order to generate a distribution of potential gains and losses. VaR represents the loss the portfolio is expected to experience with a given confidence level based on historical data. A VaR model is an effective tool in estimating ranges of potential gains and losses on our trading portfolios.

Bank of America Corporation and Subsidiaries

Item 1. Legal Proceedings

See Litigation and Regulatory Matters in Note 10 – Commitments and Contingencies to the Consolidated Financial Statements, which is incorporated by reference in this Item 1, for litigation and regulatory disclosure that supplements the disclosure in Note 12 – Commitments and Contingencies to the

Consolidated Financial Statements of the Corporation's 2025 Annual Report on Form 10-K.

Item 1A. Risk Factors

There are no material changes from the risk factors set forth under Part 1, Item 1A. Risk Factors of the Corporation's 2025 Annual Report on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The table below presents share repurchase activity for the three months ended March 31, 2026. The primary source of funds for cash distributions by the Corporation to its shareholders is dividends received from its banking subsidiaries. Each of the banking subsidiaries is subject to various regulatory policies and requirements relating to the payment of dividends, including requirements to maintain capital above regulatory minimums. All of the Corporation's preferred stock outstanding has preference over the Corporation's common stock with respect to payment of dividends.

(Dollars in millions, except per share information; shares in thousands)

Table with 5 columns: Period, Total Common Shares Repurchased, Weighted-Average Per Share Price, Total Shares Purchased as Part of Publicly Announced Programs, and Remaining Buyback Authority Amounts. Rows include January 1 - 31, 2026, February 1 - 28, 2026, March 1 - 31, 2026, and a total for the three months ended March 31, 2026.

(1) Includes 35 million shares of the Corporation's common stock acquired by the Corporation in connection with satisfaction of tax withholding obligations on vested restricted stock or restricted stock units and certain forfeitures and terminations of employment-related awards and for potential re-issuance to certain employees under equity incentive plans.
(2) On July 23, 2025, the Corporation's Board of Directors authorized and announced a \$40 billion common stock repurchase program (2025 Repurchase Program), effective August 1, 2025, to replace the previously disclosed repurchase program, which expired on August 1, 2025. During the three months ended March 31, 2026, pursuant to the 2025 Repurchase Program, the Corporation repurchased approximately 140 million shares, or \$7.2 billion, of its common stock. For more information, see Capital Management – CCAR and Capital Planning in the MD&A on page 16 and Note 11 – Shareholders' Equity to the Consolidated Financial Statements.

The Corporation did not have any unregistered sales of equity securities during the three months ended March 31, 2026.

Item 5. Other Information

Trading Arrangements

During the fiscal quarter ended March 31, 2026, none of the Corporation's directors or officers as defined in Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended (Exchange Act) adopted or terminated a Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement (in each case, as defined in Item 408 of Regulation S-K) for the purchase or sale of the Corporation's securities.

Form of Cash-Settled Restricted Stock Units Award Agreement

Award Agreement

This document contains your Award Agreement under the Bank of America Corporation Equity Plan.

What you need to do

1. Review the Award Agreement to ensure you understand its provisions. With each award you receive, provisions of your Award Agreement may change so it is important to review your Award Agreement.
2. Print the Award Agreement and file it with your important papers.
3. Designate your beneficiary on the Benefits OnLine® Beneficiary tab.

Bank of America Corporation Equity Plan Restricted Stock Units Award Agreement

Granted to:

Grant date:

Grant type:

Grant code:

Number granted:

Note: The number of Restricted Stock Units is based on a "divisor price" of \$[price], which is the ten (10)-day average closing price of Bank of America Corporation common stock for the ten (10) business days immediately preceding and including [date].

This Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), and you, an employee of Bank of America or one of its Subsidiaries.

Bank of America sponsors the Bank of America Corporation Equity Plan (the "Stock Plan"). A Prospectus describing the Stock Plan has been delivered to you. The Stock Plan itself is available upon request, and its terms and provisions are incorporated herein by reference. When used herein, the terms which are defined in the Stock Plan shall have the meanings given to them in the Stock Plan, as modified herein (if applicable).

The Restricted Stock Units covered by this Agreement are being granted to you in connection with the Bank of America Corporation Executive Incentive Compensation Plan, subject to the following terms and provisions.

1. Subject to the terms and conditions of the Stock Plan and this Agreement, Bank of America grants to you the number of Restricted Stock Units shown above. Each Restricted Stock Unit shall have a value equal to the Fair Market Value of one (1) share of Bank of America common stock.
-

2. You acknowledge having read the Prospectus and agree to be bound by all the terms and conditions of the Stock Plan and this Agreement.
3. The Restricted Stock Units covered by this Award shall become earned by, and payable to, you in accordance with the terms and conditions of the Stock Plan and this Agreement in the amounts and on the dates shown on the enclosed Exhibit A.
4. If a cash dividend is paid with respect to Bank of America common stock, you shall not receive any dividend equivalents, additional full or fractional Restricted Stock Units or other cash payments with respect to such cash dividends.
5. You may designate a beneficiary to receive payment in connection with the Restricted Stock Units granted hereunder in the event of your death while in service with Bank of America or its Subsidiaries in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. Any beneficiary designation in effect at the time of your termination of employment with Bank of America and its Subsidiaries (other than a termination of employment due to your death) will remain in effect following your termination of employment unless you change your beneficiary designation or it otherwise ceases to be enforceable and/or valid in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. If you do not designate a beneficiary or if your designated beneficiary does not survive you, then your beneficiary will be your estate.
6. The existence of this Award shall not affect in any way the right or power of Bank of America or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in Bank of America's capital structure or its business, or any merger or consolidation of Bank of America, or any issue of bonds, debentures, preferred or prior preference stocks ahead of or convertible into, or otherwise affecting the Bank of America common stock or the rights thereof, or the dissolution or liquidation of Bank of America, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.
7. Bank of America may, in its sole discretion, decide to deliver any documents related to this Award or future Awards that may be granted under the Stock Plan by electronic means or request your consent to participate in the Stock Plan by electronic means. You hereby consent to receive such documents by electronic delivery and, if requested, agree to participate in the Stock Plan through an online or electronic system established and maintained by Bank of America or a third party designated by Bank of America.

Any notice which either party hereto may be required or permitted to give to the other shall be in writing and may be delivered personally, by intraoffice mail, by fax, by electronic mail or other electronic means, or via a postal service, postage prepaid, to such electronic mail or postal address and directed to such person as Bank of America may notify you from time to time; and to you at your electronic mail or postal address as shown on the records of Bank of America from time to time or as otherwise determined appropriate by Bank of America, in its sole discretion, or at such other electronic mail or

postal address as you, by notice to Bank of America, may designate in writing from time to time.

8. To the extent allowed by and consistent with applicable law and any applicable limitations period, if it is determined at any time that you have engaged in Detrimental Conduct or engaged in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct, Bank of America will be entitled to recover from you in its sole discretion some or all of the cash paid to you pursuant to this Agreement.

You recognize that if you engage in Detrimental Conduct or any hedging or derivative transactions involving Bank of America common stock the losses to Bank of America and/or its Subsidiaries may amount to the full value of any cash paid to you pursuant to this Agreement. In addition, the Award is subject to the requirements of (i) Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (regarding recovery of erroneously awarded compensation) and any implementing rules and regulations thereunder (the “Dodd-Frank clawback rules”), (ii) similar rules under the laws of any other jurisdiction and (iii) any policies adopted by Bank of America to implement such requirements, all to the extent determined by Bank of America in its discretion to be applicable to you. For the avoidance of doubt, if the Dodd-Frank clawback rules and any implementing policy apply to you, then (A) you will not be entitled to earn or retain any portion of this Award that is determined to be erroneously awarded compensation, and (B) Bank of America may take action against this Award or any proceeds you receive from it to recover any erroneously awarded compensation you may have received from Bank of America (whether related to this Award or otherwise), all in accordance with the Dodd-Frank clawback rules and the applicable implementing policy (including the Incentive Compensation Recoupment Policy) and subject to the requirements of applicable law.

In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units in accordance with the Payment Schedule set forth in Exhibit A may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

9. You acknowledge that Bank of America has not provided you with any legal advice. You have the right to consult with, and should consult with, your personal legal advisor prior to accepting this Agreement.
 10. You acknowledge that, regardless of any action taken by Bank of America or your employer, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items (or, if applicable, your
-

portion thereof) related to your participation in the Stock Plan ("Tax-Related Items") is and remains your responsibility and may exceed the amount (if any) withheld by Bank of America or your employer. You further acknowledge that Bank of America and/or your employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including but not limited to the grant and vesting of the Restricted Stock Units, your satisfaction of any age and/or length of service criteria or payout of the Award, (ii) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate your liability for Tax-Related Items or achieve any specific tax result and (iii) do not commit to and are under no obligation to use a withholding method for Tax-Related Items which results in the most favorable or any particular tax treatment for you. Further, if you have become subject to Tax-Related Items in more than one jurisdiction, you acknowledge that Bank of America or your employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

In the event Bank of America determines that it and/or your employer must withhold any Tax-Related Items, you agree as a condition of the grant of the Restricted Stock Units to make arrangements satisfactory to Bank of America and/or your employer to enable it to satisfy all withholding requirements by all legal means, including, but not limited to, withholding any applicable Tax-Related Items from the pay-out of the Restricted Stock Units. In addition, you authorize Bank of America and/or your employer to fulfill its withholding obligations by all legal means, including, but not limited to, withholding Tax-Related Items from your wages, salary or other cash compensation Bank of America or your employer pays to you. Bank of America may refuse to pay any earned Restricted Stock Units if you fail to comply with any obligations in connection with the Tax-Related Items.

11. The validity, construction and effect of this Agreement are governed by, and subject to, the laws of the State of Delaware and the laws of the United States, as provided in the Stock Plan, unless otherwise required by applicable law. To the extent any claim or dispute arising out of or relating to this Award or this Agreement is not subject to binding arbitration, the parties hereby submit to and consent to the exclusive jurisdiction of North Carolina and agree that such litigation shall be conducted solely in the courts of Mecklenburg County, North Carolina or the federal courts for the United States for the Western District of North Carolina and no other courts, unless otherwise required by applicable law.
 12. In the event any provision of this Agreement shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. This Agreement constitutes the final understanding between you and Bank of America regarding the Restricted Stock Units. Any prior agreements, commitments or negotiations concerning the Restricted Stock Units are superseded. Subject to the terms of the Stock Plan, this Agreement may only be amended by a written instrument signed by both parties.
-

13. If you move to any country outside of the United States during the term of your Award, additional terms and conditions may apply to your Award. Bank of America reserves the right to impose other requirements on the Award to the extent Bank of America determines it is necessary or advisable for legal or administrative reasons and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.
-

IN WITNESS WHEREOF, Bank of America has caused this Agreement to be executed by its duly authorized officer, and you have hereunto set your hand, all effective as of the grant date listed above.

Exhibit A

Bank of America Corporation Equity Plan

PAYMENT OF RESTRICTED STOCK UNITS

(a) PAYMENT SCHEDULE. Subject to the provisions of paragraphs (b), (c) and (e) below, the Restricted Stock Units shall be earned and payable if you remain employed with Bank of America and its Subsidiaries through each of the payment dates as follows:

[schedule]

Payment shall be made as soon as administratively practicable, generally within thirty (30) days after each applicable Payment Date.

(b) IMPACT OF TERMINATION OF EMPLOYMENT ON PAYMENT OF RESTRICTED STOCK UNITS. If your employment with Bank of America and its Subsidiaries terminates prior to any of the above Payment Date(s), then any portion of the Restricted Stock Units that has not yet become earned and payable shall become earned and payable or be canceled depending on the reason for termination as follows.

(i) Death or Disability. Any unearned portion of the Restricted Stock Units shall become immediately earned and payable as of the date of your termination of employment if your termination is due to your death or Disability. Payment will be made as soon as administratively practicable, generally within thirty (30) days after notification of termination from the payroll system.

(ii) All Other Terminations. In the case of All Other Terminations, any portion of the Restricted Stock Units that was not already earned and payable pursuant to paragraph (a) above as of the date of termination of employment shall be canceled as of that date.

(c) COVENANTS.

(i) Detrimental Conduct. You agree that during any period in which the Restricted Stock Units remain payable, you will not engage in Detrimental Conduct.

(ii) Hedging or Derivative Transactions. You agree that during any period in which the Restricted Stock Units remain payable, you will not engage in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct.

(iii) Remedies. Payment of Restricted Stock Units in accordance with the schedule set forth in paragraph (a) above is specifically conditioned on the requirement that at all times prior to each Payment Date, you do not engage in Detrimental Conduct or hedging or derivative transactions involving Bank of America common stock, as described in paragraphs (c)(i) and (ii) during such period. If Bank of America determines in its reasonable business judgment that you have failed to satisfy the foregoing requirements, then any portion of the Restricted Stock Units that has not yet been paid as of the date of such determination shall be immediately canceled as of the date of such determination. In addition, if Bank of America, a regulator, a law enforcement agency or a

governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units in accordance with the Payment Schedule set forth in paragraph (a) above may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

(d) FORM OF PAYMENT. Payment of Restricted Stock Units shall be made in the form of cash for each Restricted Stock Unit that is payable. The amount of the payment that you will receive with respect to the Restricted Stock Units shall be determined by multiplying the number of Restricted Stock Units by the Fair Market Value of one (1) share of Bank of America common stock on the Payment Date.

(e) RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION. If, immediately before a Payment Date otherwise provided by this Exhibit A, Bank of America or its Subsidiaries have been unable to recover from you erroneously awarded compensation that is required to be recovered under the Dodd-Frank clawback rules and any implementing policy, Bank of America may reduce the net, after-tax amount to be paid on your Award as of that Payment Date (after all applicable tax withholding requirements have been satisfied) by an amount up to the outstanding balance of erroneously awarded compensation to be recovered from you as of the Payment Date. For the avoidance of doubt, the full amount of the Award payable as of the Payment Date shall be included in income to you as of that Payment Date and nothing in this paragraph (e) shall result in any acceleration of the Payment Date.

(f) DEFINITIONS. For purposes hereof, the following terms shall have the following meanings.

All Other Terminations means any termination of your employment with Bank of America and its Subsidiaries, whether initiated by you or your employer, other than a termination due to your death or Disability.

Cause shall be defined as that term is defined in your offer letter or other applicable employment agreement; or, if there is no such definition, "Cause" means a termination of your employment with Bank of America and its Subsidiaries if it occurs in conjunction with a determination by your employer that you have (i) committed an act of fraud or dishonesty in the course of your employment; (ii) been convicted of (or plead no contest with respect to) a crime constituting a felony or a crime of comparable magnitude under applicable law (as determined by Bank of America in its sole discretion); (iii) committed an act or omission which causes you or Bank of America or its Subsidiaries to be in violation of federal or state securities laws, rules or regulations, and/or the rules of any exchange or association of which Bank of America or its Subsidiaries is a member, including statutory disqualification; (iv) failed to perform your job duties where such failure is injurious to Bank of America or any Subsidiary, or to Bank of America's or such Subsidiary's business interests or reputation; (v) materially breached any written policy applicable to your employment with Bank of America or any of its Subsidiaries including, but not limited to, the Bank of America Corporation Code of Conduct and General Policy on Insider Trading; or (vi) made an unauthorized disclosure of any confidential or proprietary information of Bank of America or its Subsidiaries or have committed any

other material violation of Bank of America's written policies regarding confidential and proprietary information.

Detrimental Conduct means your serious misconduct or unethical behavior, including any one of the following: (i) any conduct that would constitute Cause; (ii) the commission of a criminal act by you, whether or not performed in the workplace, that subjects, or if generally known, would subject Bank of America or its Subsidiaries to public ridicule or embarrassment, or other improper or intentional conduct causing reputational harm to Bank of America, its Subsidiaries, or a client of Bank of America or its Subsidiaries; (iii) the breach of a fiduciary duty owed to Bank of America or its Subsidiaries or a client or former client of Bank of America or its Subsidiaries; (iv) intentional violation, or grossly negligent disregard, of Bank of America's or its Subsidiaries' policies, rules and procedures, specifically including, but not limited to any of your obligations under the Bank of America Corporation Code of Conduct and workplace policies; or (v) you taking or maintaining trading positions that result in a need to restate financial results in a subsequent reporting period or that result in a significant financial loss to Bank of America or its Subsidiaries during or after the performance year.

Disability is as defined in the Stock Plan.

Number granted:

Note: The number of Restricted Stock Units is based on a "divisor price" of \$[price], which is the ten (10)-day average closing price of Bank of America Corporation common stock for the ten (10) business days immediately preceding and including [date].

This Performance Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), and you, an employee of Bank of America or one of its Subsidiaries.

[For Mr. Athanasia: This Performance Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), Bank of America, N.A. ("BANA") and you, an employee of BANA.]

Bank of America sponsors the Bank of America Corporation Equity Plan (the "Stock Plan"). A Prospectus describing the Stock Plan has been delivered to you. The Stock Plan itself is available upon request, and its terms and provisions are incorporated herein by reference. When used herein, the terms which are defined in the Stock Plan shall have the meanings given to them in the Stock Plan, as modified herein (if applicable).

The Restricted Stock Units covered by this Agreement are being granted to you in connection with your participation in the Performance Year *[year]* program, subject to the following terms and provisions.

1. Subject to the terms and conditions of the Stock Plan and this Agreement, Bank of America grants to you the number of Restricted Stock Units shown above. Each Restricted Stock Unit shall have a value equal to the Fair Market Value of one (1) share of Bank of America common stock.
 2. You acknowledge having read the Prospectus and agree to be bound by all the terms and conditions of the Stock Plan and this Agreement.
 3. The Restricted Stock Units covered by this Award shall become earned by, and payable to, you in accordance with the terms and conditions of the Stock Plan and this Agreement in the amounts and on the dates shown on the enclosed Exhibit A.
 4. If a cash dividend is paid with respect to Bank of America common stock, a cash dividend equivalent equal to the total cash dividend you would have received had your Restricted Stock Units been actual Shares will be accumulated and paid in cash through payroll when the Restricted Stock Units become earned and payable. Dividend equivalents are credited with interest at the three (3)-year constant maturity Treasury rate in effect on the grant date noted above until the Settlement Date provided in Exhibit A.
 5. To the extent that this Award is paid in Shares, you agree that you shall comply with (or provide adequate assurance as to future compliance with) all applicable securities laws, as determined by Bank of America, as a condition precedent to the delivery of any Shares pursuant to this Agreement. In addition, you agree that, upon request, you will furnish a letter agreement providing that you will (i) not distribute or resell any of said Shares in violation of the U.S. Securities Act of 1933, as amended, (ii) indemnify and hold Bank of America harmless against all liability for any such violation and (iii) accept all liability for any such violation.
 6. To the extent allowed by and consistent with applicable law and any applicable limitations period, if it is determined at any time that you have engaged in Detrimental Conduct or engaged in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct, Bank of America will be entitled to recover from you in its sole discretion some or all of the Shares or cash, as applicable, and any related dividend equivalents paid to you pursuant to this Agreement.
-

You recognize that if you engage in Detrimental Conduct or any hedging or derivative transactions involving Bank of America common stock, the losses to Bank of America and/or its Subsidiaries may amount to the full value of any Shares or cash, as applicable, and any related dividend equivalents paid to you pursuant to this Agreement. In addition, the Award is subject to the requirements of (i) Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (regarding recovery of erroneously awarded compensation) and any implementing rules and regulations thereunder (the “Dodd-Frank clawback rules”), (ii) similar rules under the laws of any other jurisdiction and (iii) any policies adopted by Bank of America to implement such requirements, all to the extent determined by Bank of America in its discretion to be applicable to you. For the avoidance of doubt, if the Dodd-Frank clawback rules and any implementing policy apply to you, then (A) you will not be entitled to earn or retain any portion of this Award that is determined to be erroneously awarded compensation, and (B) Bank of America may take action against this Award or any proceeds you receive from it to recover any erroneously awarded compensation you may have received from Bank of America (whether related to this Award or otherwise), all in accordance with the Dodd-Frank clawback rules and the applicable implementing policy (including the Incentive Compensation Recoupment Policy) and subject to the requirements of applicable law.

In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units in accordance with Exhibit A may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

7. You may designate a beneficiary to receive payment in connection with the Restricted Stock Units granted hereunder in the event of your death while in service with Bank of America or its Subsidiaries in accordance with Bank of America’s beneficiary designation procedures, as in effect from time to time. Any beneficiary designation in effect at the time of your termination of employment with Bank of America and its Subsidiaries (other than a termination of employment due to your death) will remain in effect following your termination of employment unless you change your beneficiary designation or it otherwise ceases to be enforceable and/or valid in accordance with Bank of America’s beneficiary designation procedures, as in effect from time to time. If you do not designate a beneficiary or if your designated beneficiary does not survive you, then your beneficiary will be your estate.
 8. The existence of this Award shall not affect in any way the right or power of Bank of America or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in Bank of America’s capital structure or its business, or any merger or consolidation of Bank of America, or any issue of bonds, debentures, preferred or prior preference stocks ahead of or convertible into, or otherwise affecting
-

the Bank of America common stock or the rights thereof, or the dissolution or liquidation of Bank of America, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

9. Bank of America may, in its sole discretion, decide to deliver any documents related to this Award or future Awards that may be granted under the Stock Plan by electronic means or request your consent to participate in the Stock Plan by electronic means. You hereby consent to receive such documents by electronic delivery and, if requested, agree to participate in the Stock Plan through an online or electronic system established and maintained by Bank of America or a third party designated by Bank of America.

Any notice which either party hereto may be required or permitted to give to the other shall be in writing and may be delivered personally, by intraoffice mail, by fax, by electronic mail or other electronic means, or via a postal service, postage prepaid, to such electronic mail or postal address and directed to such person as Bank of America may notify you from time to time; and to you at your electronic mail or postal address as shown on the records of Bank of America from time to time or as otherwise determined appropriate by Bank of America, in its sole discretion, or at such other electronic mail or postal address as you, by notice to Bank of America, may designate in writing from time to time.

10. You acknowledge that Bank of America has not provided you with any legal advice. You have the right to consult with, and should consult with, your personal legal advisor prior to accepting this Agreement.
11. You acknowledge that, regardless of any action taken by Bank of America or your employer, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items (or, if applicable, your portion thereof) related to your participation in the Stock Plan ("Tax-Related Items") is and remains your responsibility and may exceed the amount (if any) withheld by Bank of America or your employer. You further acknowledge that Bank of America and/or your employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including but not limited to the grant and vesting of the Restricted Stock Units, your satisfaction of any age and/or length of service criteria, the payment of any Restricted Stock Units, the subsequent sale of any Shares acquired upon the vesting of the Restricted Stock Units and the receipt of any dividends and/or dividend equivalents, (ii) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate your liability for Tax-Related Items or achieve any specific tax result and (iii) do not commit to and are under no obligation to use a withholding method for Tax-Related Items which results in the most favorable or any particular tax treatment for you. Further, if you have become subject to Tax-Related Items in more than one jurisdiction, you acknowledge that Bank of America or your employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.
-

In the event Bank of America determines that it and/or your employer must withhold any Tax-Related Items, you agree as a condition of the grant of the Restricted Stock Units to make arrangements satisfactory to Bank of America and/or your employer to enable it to satisfy all withholding requirements by all legal means, including, but not limited to, withholding any applicable Tax-Related Items from the pay-out of the Restricted Stock Units. In addition, you authorize Bank of America and/or your employer to fulfill its withholding obligations by all legal means, including, but not limited to, withholding Tax-Related Items from your wages, salary or other cash compensation Bank of America or your employer pays to you, withholding Tax-Related Items from the cash proceeds, if any, received upon any sale of any Shares received in payment for your Restricted Stock Units and, at the time of payment, withholding Shares to meet withholding obligations for Tax-Related Items, in an amount which does not exceed the maximum statutory tax rates in the applicable jurisdictions. Bank of America may refuse to pay any earned Restricted Stock Units if you fail to comply with any obligations in connection with the Tax-Related Items.

12. The validity, construction and effect of this Agreement are governed by, and subject to, the laws of the State of Delaware and the laws of the United States, as provided in the Stock Plan, unless otherwise required by applicable law. To the extent any claim or dispute arising out of or relating to this Award or this Agreement is not subject to binding arbitration, the parties hereby submit to and consent to the exclusive jurisdiction of North Carolina and agree that such litigation shall be conducted solely in the courts of Mecklenburg County, North Carolina or the federal courts for the United States for the Western District of North Carolina and no other courts, unless otherwise required by applicable law.
 13. In the event any provision of this Agreement shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. This Agreement constitutes the final understanding between you and Bank of America regarding the Restricted Stock Units. Any prior agreements, commitments or negotiations concerning the Restricted Stock Units are superseded. Subject to the terms of the Stock Plan, this Agreement may only be amended by a written instrument signed by *[all / both]* parties.
[For Mr. Athanasia: BANA is a party to this Agreement as your employer. Bank of America is solely responsible for its obligations under this Agreement and under the Stock Plan, including but not limited to its obligations related to the issuance of the Restricted Stock Units.]
 14. If you move to any country outside of the United States during the term of your Award, additional terms and conditions may apply to your Award. Bank of America reserves the right to impose other requirements on the Award to the extent Bank of America determines it is necessary or advisable for legal or administrative reasons and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.
-

IN WITNESS WHEREOF, Bank of America has caused this Agreement to be executed by its duly authorized officer, and you have hereunto set your hand, all effective as of the grant date listed above.

Exhibit A

Bank of America Corporation Equity Plan

PAYMENT OF PERFORMANCE RESTRICTED STOCK UNITS

(a) PERFORMANCE VESTING SCHEDULE AND SETTLEMENT DATE

(i) Performance Vesting Schedule and Settlement Date. Subject to the additional conditions set forth in paragraph (a)(iv) below, the number of Restricted Stock Units that are earned for the Performance Period with respect to each metric equals (A) the total number of Restricted Stock Units granted times (B) the applicable weighting times (C) the percentage earned in accordance with the following table, rounded down to the next whole unit.

Three-year Average ROA (Tax-Normalized) (50% Weighting)		Three-year Average Growth in Adjusted TBV (50% Weighting)	
Standard	% Earned	Standard	% Earned
[standard]	[percentage earned]	[standard]	[percentage earned]
[standard]	[percentage earned]	[standard]	[percentage earned]
[standard]	[percentage earned]	[standard]	[percentage earned]
[standard]	[percentage earned]	[standard]	[percentage earned]
[standard]	[percentage earned]	[standard]	[percentage earned]

The Three-year Average ROA (Tax-Normalized) and the Three-year Average Growth in Adjusted TBV will be determined in accordance with conventional rounding principles to the nearest basis point (for Three-year Average ROA (Tax-Normalized)) and the nearest one-hundredth of a percent (for Three-year Average Growth in Adjusted TBV) (e.g., 50.4 bps will be rounded down to 50 bps for Three-year Average ROA (Tax-Normalized) and 5.256% will be rounded up to 5.26% for Three-year Average Growth in Adjusted TBV). The percentage earned for performance between levels at or above the threshold level (i.e., [bps] for Three-year Average ROA (Tax-Normalized) and [percentage]% for Three-year Average Growth in Adjusted TBV) shall be interpolated on a straight line basis and rounded to the nearest whole percentage. No interpolation shall apply for performance below the threshold level. In addition, results for Three-year Average ROA (Tax-Normalized) and Three-year Average Growth in Adjusted TBV will be calculated at the end of the Performance Period and, to the extent necessary, will be normalized to exclude the material effects of changes in the Internal Revenue Code of 1986 and related regulations adopted after the first day of the Performance Period.

(ii) Determination. The determination as to whether, and the extent to which, the performance vesting requirements of this paragraph (a) have been satisfied for the Performance Period shall be made as soon as practicable after the end of the Performance Period with an effective date of [date], and such results must be certified in writing by the Committee before settlement.

(iii) Settlement Date. The "Settlement Date" for any portion of the Award that satisfies the performance vesting requirements under this paragraph (a) shall be [date], provided, however, that in case of termination of employment due to your death as set forth in paragraph (b)(i) below, or in the case of your death following termination of employment as set forth in paragraph (b)(ii), (b)(iv)

or (c) below, the "Settlement Date" shall be the date of your death. On the Settlement Date, to the extent earned, the Restricted Stock Units payable as of the Settlement Date shall be settled 100% in Shares; provided, however, that Bank of America may, in its sole discretion, determine before the Settlement Date to pay all or any portion of the Restricted Stock Units then payable in the form of cash rather than shares. In that case, the amount of the cash payment shall equal the Fair Market Value of the underlying shares of Bank of America common stock, determined as of the Settlement Date, for the portion of the Restricted Stock Units that Bank of America determines to pay in the form of cash rather than by issuance of shares. Settlement shall occur as soon as administratively practicable after the Settlement Date, generally within thirty (30) days (except as noted below in case of death).

(iv) Additional Conditions. For any portion of the Award payable as of the Settlement Date, you must remain employed with Bank of America and its Subsidiaries through the Settlement Date except as otherwise provided in paragraphs (b) and (c) below. In addition, payment as of the Settlement Date is subject to your complying with the covenants set forth in paragraph (d) below, subject to the additional performance-based cancellation provision set forth in paragraph (e) below and subject to the recovery of erroneously awarded compensation provision set forth in paragraph (f) below.

(b) IMPACT OF TERMINATION OF EMPLOYMENT ON RESTRICTED STOCK UNITS. If your employment with Bank of America and its Subsidiaries terminates prior to the Settlement Date, then the Restricted Stock Units (together with any related dividend equivalents) shall become earned and payable or be canceled depending on the reason for termination as follows.

(i) Death. The Restricted Stock Units (and any related dividend equivalents) shall become immediately earned and payable as of the date of your termination of employment if your termination is due to your death and the percentage for calculating the number of Restricted Stock Units that are earned for the Performance Period shall be 100%; provided, however, that if termination of employment due to your death occurs after the end of the Performance Period, the percentage shall be determined in accordance with the table in paragraph (a)(i). Payment will be made as soon as administratively practicable, generally within ninety (90) days after notification of termination from the payroll system.

(ii) Disability. If your employment is terminated by Bank of America or its Subsidiaries due to your Disability, then the Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable in accordance with paragraph (a) above (without regard to whether you are employed by Bank of America or its Subsidiaries as of the Settlement Date), subject to your complying with the covenants set forth in paragraph (d) below and subject to the additional performance-based cancellation provision set forth in paragraph (e) below. Notwithstanding anything in this paragraph (b)(ii) to the contrary, upon your death following a termination of employment by Bank of America or its Subsidiaries due to your Disability, the Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (b)(ii), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death. For this purpose, upon your death following a termination of employment by Bank of America or its Subsidiaries due to your Disability, the

percentage for calculating the number of Restricted Stock Units that are earned for the Performance Period shall be 100%; provided, however, that if your death occurs after the end of the Performance Period, the percentage shall be determined in accordance with the table in paragraph (a)(i).

(iii) Termination by your Employer with Cause. If your employment is terminated by your employer with Cause, then the Restricted Stock Units (and any related dividend equivalents) shall be immediately canceled as of the date of your termination of employment.

(iv) Change in Control. Notwithstanding anything in this Agreement to the contrary, if (A) a Change in Control occurs and (B) on or after the Change in Control and on or before the second anniversary of the Change in Control either (1) your employment is terminated without Cause or (2) you terminate your employment with Bank of America or its Subsidiaries for Good Reason, then the Restricted Stock Units (and any related dividend equivalents) shall become immediately earned as of the date of such termination and shall be payable as of the Settlement Date, without regard to the covenants set forth in paragraph (d) below, but subject to the additional performance-based cancellation provision set forth in paragraph (e) below. For this purpose, the percentage for calculating the number of Restricted Stock Units that are earned for the Performance Period shall be 100%. Notwithstanding anything in this paragraph (b)(iv) to the contrary, upon your death following (A) a termination of your employment without Cause on or before the second anniversary of a Change in Control or (B) a termination of your employment with Bank of America or its Subsidiaries for Good Reason on or before the second anniversary of a Change in Control, the Restricted Stock Units (and any related dividend equivalents) that are continuing to become payable in accordance with the provisions of this paragraph (b)(iv), but have not yet become payable, shall become immediately payable as of the date of your death, the percentage for calculating the number of Restricted Stock Units that are earned for the Performance Period shall be 100% and payment will be made as soon as administratively practicable following your death.

(v) All Other Terminations. In case of All Other Terminations, unless your termination of employment is a Qualifying Termination as described below, the Restricted Stock Units (and any related dividend equivalents) shall be immediately canceled as of the date of your termination of employment.

(c) QUALIFYING TERMINATION. If your employment terminates for any reason other than your death, your Disability, Cause or in connection with a Change in Control as described in paragraph (b)(iv) above and your termination of employment is a Qualifying Termination, then the Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable in accordance with paragraph (a) above (without regard to whether you are employed by Bank of America and its Subsidiaries as of the Settlement Date), subject to the performance-based cancellation provision set forth in paragraph (e) below, provided that (i) to the extent permissible under applicable law, you do not engage in Competition during such period, (ii) you comply with the covenants described in paragraph (d) below and (iii) prior to March 1 of each year during which your Restricted Stock Units remain payable, you provide Bank of America with a certification that you have not engaged in Competition to the extent the Competition restriction in (i) above is applicable.

To be effective, such certification must be provided on such form, at such time and pursuant to such procedures as Bank of America shall establish from time to time. If Bank of America determines in its reasonable business judgment that you have failed to satisfy any of the foregoing requirements, then

the Restricted Stock Units (and any related dividend equivalents) shall be immediately canceled as of the date of such determination. In addition, from time to time following your Qualifying Termination, Bank of America may require you to further certify that you are not engaging in Competition, and if you fail to fully cooperate with any such requirement Bank of America may determine that you are engaging in Competition. Notwithstanding anything in this paragraph (c) to the contrary, upon your death following a Qualifying Termination, the Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (c), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death. For this purpose, upon your death following a Qualifying Termination, the percentage for calculating the number of Restricted Stock Units that are earned for the Performance Period shall be 100%; provided, however, that if your death occurs after the end of the Performance Period, the percentage shall be determined in accordance with the table in paragraph (a)(i). Notwithstanding anything in this Agreement to the contrary, if (i) at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or any Subsidiary in California, the Competition restriction and the certification requirement described in this paragraph (c) will not apply to this Award and (ii) you live or work in Massachusetts, the Competition restriction and the certification requirement described in this paragraph (c) will apply for no more than one year following the date of your termination of employment.

For the avoidance of doubt, the only available remedy under this Agreement for engaging in Competition (or for breach of the covenant in paragraph (d)(i) below) is the cancellation of the Restricted Stock Units (and any related dividend equivalents), and not, for example, enforcement of the restrictions through injunction or similar action. This limitation on remedies does not apply to any competition restrictions or covenants that may be applicable to you under any other written agreement with Bank of America except to the extent expressly provided for in such other written agreement.

(d) COVENANTS.

(i) Non-Solicitation. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, to the maximum extent permissible under applicable law (A) you will not directly or indirectly solicit or recruit for employment or encourage to leave employment with Bank of America or its Subsidiaries, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, any person who is an employee of Bank of America or its Subsidiaries and (B) you will not, directly or indirectly, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, solicit any client or customer of Bank of America or its Subsidiaries which you actively solicited or with whom you worked or otherwise had material contact in the course of your employment with Bank of America and its Subsidiaries. Notwithstanding anything in this Agreement to the contrary, if, at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or any Subsidiary in California, the solicitation restrictions described in (A) and (B) above will not apply to this Award.

(ii) Detrimental Conduct. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in Detrimental Conduct.

(iii) Hedging or Derivative Transactions. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct.

(iv) Remedies. Payment of Restricted Stock Units (and any related dividend equivalents) on the Settlement Date is specifically conditioned on the requirement that at all times prior to such Settlement Date, you do not engage in solicitation, Detrimental Conduct or hedging or derivative transactions, as described in paragraphs (d)(i), (ii) and (iii), during such period. If Bank of America determines in its reasonable business judgment that you have failed to satisfy such requirements, then the Restricted Stock Units (and any related dividend equivalents) as of the date of such determination shall be canceled as of such date of determination. In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units (and any related dividend equivalents) on the Settlement Date may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

(e) PERFORMANCE-BASED CANCELLATION PROVISION. In order to appropriately balance risk and reward, unpaid Restricted Stock Units (and any related dividend equivalents) may be canceled if a loss occurs outside of the ordinary course of business. For Bank of America or a line of business, a “loss” means a pre-tax loss for a fiscal year (as determined under U.S. generally accepted accounting principles in effect as of the close of such fiscal year). A loss in the “ordinary course of business” means a loss resulting from a planned winding down of a business or legacy position. A loss outside of the ordinary course includes (without limitation) losses such as those resulting from risk or compliance violations, deliberate or grossly negligent failures to perform your job duties, or any loss that materially impairs Bank of America’s solvency, liquidity, or capital distribution plans. If a loss outside of the ordinary course of business occurs:

(i) at Bank of America, if you are the Chief Executive Officer, Chief Financial Officer, any Chief Executive Officer direct report who does not lead a line of business, or are any employee who is (A) part of a staff function (such as global technology, global operations, global strategy and enterprise platforms, enterprise credit, sustainability & global research, etc.), (B) part of a key control function (such as audit, compliance, human resources, legal, risk, finance, etc.) or (C) any other individual material risk taker who is not part of a line of business;

(ii) at Bank of America or your line of business, if you are a senior leader who leads a line of business (e.g., are president or head of such line of business); or

(iii) at your line of business, if you are an individual material risk taker who is part of a line of business other than a senior leader who leads a line of business;

then your accountability for such loss will be determined, taking into account such factors as (i) the magnitude of the loss (including positive or negative variance from plan); (ii) your degree of involvement (including such factors as your current or former leadership role within Bank of America or the line of business, and the degree to which you were involved in decisions that are determined to have contributed to the loss); (iii) your performance; and (iv) such other factors as deemed appropriate. For this purpose, a “line of business” means an organizational unit of Bank of America that conducts transactions as an organizational unit that could result in a loss outside of the ordinary course, all as determined by Bank of America in its sole discretion, and which, as of the grant date, includes the following business units: Retail Banking, Preferred Banking (which includes Specialized Consumer Client Solutions for purposes of this Performance-Based Cancellation Provision), Merrill, Private Bank, Business Banking, Global Commercial Banking, Global Corporate & Investment Banking and Global Markets. A transfer, promotion, demotion, termination or any other change to your employment does not affect Bank of America’s ability to determine accountability for a loss arising from actions, omissions or decisions during your prior service. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees) or other management team designated for such purpose, together with key control functions, will review the loss and your accountability. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees) or other management team designated for such purpose will then make a final determination to either take no action or to cancel some or all of your Award. All such determinations will be final and binding.

(f) RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION. If, immediately before a Settlement Date otherwise provided by this Exhibit A, Bank of America or its Subsidiaries have been unable to recover from you erroneously awarded compensation that is required to be recovered under the Dodd-Frank clawback rules and any implementing policy, Bank of America may reduce the net, after-tax amount to be paid on your Award as of that Settlement Date (after all applicable tax withholding requirements have been satisfied) by an amount up to the outstanding balance of erroneously awarded compensation to be recovered from you as of the Settlement Date. For the avoidance of doubt, the full amount of the Award payable as of the Settlement Date shall be included in income to you as of such Settlement Date and nothing in this paragraph (g) shall result in any acceleration of the Settlement Date.

(g) DEFINITIONS. For purposes hereof, the following terms shall have the following meanings.

All Other Terminations means any termination of your employment with Bank of America and its Subsidiaries, whether initiated by you or your employer, other than (i) a Qualifying Termination; (ii) a termination due to your death or your Disability; (iii) a termination by your employer with Cause; and (iv) a termination in connection with a Change in Control as described in paragraph (b)(iv) above.

Cause shall be defined as that term is defined in your offer letter or other applicable employment agreement; or, if there is no such definition, “Cause” means a termination of your employment with Bank of America and its Subsidiaries if it occurs in conjunction with a determination by your employer that you have (i) committed an act of fraud or dishonesty in the course of your

employment; (ii) been convicted of (or plead no contest with respect to) a crime constituting a felony or a crime of comparable magnitude under applicable law (as determined by Bank of America in its sole discretion); (iii) committed an act or omission which causes you or Bank of America or its Subsidiaries to be in violation of federal or state securities laws, rules or regulations, and/or the rules of any exchange or association of which Bank of America or its Subsidiaries is a member, including statutory disqualification; (iv) failed to perform your job duties where such failure is injurious to Bank of America or any Subsidiary, or to Bank of America's or such Subsidiary's business interests or reputation; (v) materially breached any written policy applicable to your employment with Bank of America or any of its Subsidiaries including, but not limited to, the Bank of America Corporation Code of Conduct and General Policy on Insider Trading; or (vi) made an unauthorized disclosure of any confidential or proprietary information of Bank of America or its Subsidiaries or have committed any other material violation of Bank of America's written policies regarding confidential and proprietary information.

Competition means your being engaged, directly or indirectly, whether as a director, officer, employee, consultant, agent or otherwise, with a business entity that is or later becomes designated as a "Competitive Business" based on the criteria effective as of the date of your termination of employment. Notwithstanding anything in this Agreement to the contrary, the scope of Competition will only be as broad as allowed by applicable law, including with respect to duration, geographic scope and scope of restricted activities.

[For Mr. Demare: Competition means "Competition" as defined in your Letter Agreement.]

Detrimental Conduct means your serious misconduct or unethical behavior, including any one of the following: (i) any conduct that would constitute Cause; (ii) the commission of a criminal act by you, whether or not performed in the workplace, that subjects, or if generally known, would subject Bank of America or its Subsidiaries to public ridicule or embarrassment, or other improper or intentional conduct causing reputational harm to Bank of America, its Subsidiaries, or a client of Bank of America or its Subsidiaries; (iii) the breach of a fiduciary duty owed to Bank of America or its Subsidiaries or a client or former client of Bank of America or its Subsidiaries; (iv) intentional violation, or grossly negligent disregard, of Bank of America's or its Subsidiaries' policies, rules and procedures, specifically including, but not limited to any of your obligations under the Bank of America Corporation Code of Conduct and workplace policies; or (v) you taking or maintaining trading positions that result in a need to restate financial results in a subsequent reporting period or that result in a significant financial loss to Bank of America or its Subsidiaries during or after the performance year.

Disability is as defined in the Stock Plan.

Good Reason means, provided that you have complied with the Good Reason Process, the occurrence of any of the following events without your consent: (i) a material diminution in your responsibility, authority or duty; (ii) a material diminution in your base salary except for across-the-board salary reductions based on Bank of America and its Subsidiaries' financial performance similarly affecting all or substantially all management employees of Bank of America and its Subsidiaries; or (iii) the relocation of the office at which you were principally employed immediately prior to a Change in Control to a location more than fifty (50) miles from the location of such office, or your being required to be based anywhere other than such office, except to the extent you were not previously

assigned to a principal location and except for required travel on your employer's business to an extent substantially consistent with your business travel obligations at the time of the Change in Control.

Good Reason Process means that (i) you reasonably determine in good faith that a Good Reason condition has occurred; (ii) you notify Bank of America and its Subsidiaries in writing of the occurrence of the Good Reason condition within sixty (60) days of such occurrence; (iii) you cooperate in good faith with Bank of America and its Subsidiaries' efforts, for a period of not less than thirty (30) days following such notice (the "Cure Period"), to remedy the condition; (iv) notwithstanding such efforts, the Good Reason condition continues to exist following the Cure Period; and (v) you terminate your employment for Good Reason within sixty (60) days after the end of the Cure Period. If Bank of America or its Subsidiaries cures the Good Reason condition during the Cure Period, and you terminate your employment with Bank of America and its Subsidiaries due to such condition (notwithstanding its cure), then you will not be deemed to have terminated your employment for Good Reason.

[For Mr. Demare: Letter Agreement means your letter agreement with Bank of America dated November 9, 2021.]

Performance Period means the three (3) calendar year period beginning [date] and ending [date].

Qualifying Termination means your termination of employment with Bank of America and its Subsidiaries after you have [(i) a length of service of at least ten (10) years and (ii) reached at least age fifty (50) / (i) reached at least age sixty (60) or (ii) attained a length of service of at least ten (10) years and reached at least age fifty-five (55).]). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate.

[For Mr. Demare: Notwithstanding the foregoing, consistent with your Letter Agreement, you are deemed to meet the age and service requirements for Qualifying Termination.]

[For Mr. Koder: Notwithstanding the foregoing, consistent with the "Equity Protection Guarantee" section of your offer letter dated March 4, 2019, you are deemed to meet the age and service requirements for Qualifying Termination.]

Three-year Average Growth in Adjusted TBV means the average year-over-year percentage change in "adjusted tangible book value" for the three (3) calendar years in the Performance Period. For this purpose, "adjusted tangible book value" for each year will equal Bank of America's total common shareholders' equity, less (i) the cumulative impact of any capital actions approved by the Board and completed by Bank of America during the Performance Period, and less (ii) the sum of the carrying value of (A) goodwill and (B) intangible assets excluding mortgage servicing rights, adjusted for (C) deferred tax liabilities directly related to (A) and (B). Each year-over-year percentage change is measured after the conclusion of each calendar year using the beginning balance as of January 1 and the ending balance as of December 31 of that year and, to the extent necessary, will be normalized to exclude the material effects of changes in the Internal Revenue Code of 1986 and related regulations adopted after the first day of the Performance Period.

Three-year Average ROA (Tax-Normalized) means the average “return on assets” for the three (3) calendar years in the Performance Period. For this purpose, “return on assets” will be determined at the conclusion of each year based on the generally accepted accounting principles (“GAAP”) definition and, to the extent necessary, will be normalized to exclude the material effects of changes in the Internal Revenue Code of 1986 and related regulations adopted after the first day of the Performance Period.

Bank of America Corporation Equity Plan Restricted Stock Units Award Agreement

Granted to:

Grant date:

Grant type:

Grant code:

Number granted:

Note: The number of Restricted Stock Units is based on a "divisor price" of \$[price], which is the ten (10)-day average closing price of Bank of America Corporation common stock for the ten (10) business days immediately preceding and including [date].

This Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), and you, an employee of Bank of America or one of its Subsidiaries.

[For Mr. Athanasia: This Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), Bank of America, N.A. ("BANA") and you, an employee of BANA.]

Bank of America sponsors the Bank of America Corporation Equity Plan (the "Stock Plan"). A Prospectus describing the Stock Plan has been delivered to you. The Stock Plan itself is available upon

request, and its terms and provisions are incorporated herein by reference. When used herein, the terms which are defined in the Stock Plan shall have the meanings given to them in the Stock Plan, as modified herein (if applicable).

The Restricted Stock Units covered by this Agreement are being granted to you in connection with your participation in the Performance Year *[year]* program, subject to the following terms and provisions.

1. Subject to the terms and conditions of the Stock Plan and this Agreement, Bank of America grants to you the number of Restricted Stock Units shown above. Each Restricted Stock Unit shall have a value equal to the Fair Market Value of one (1) share of Bank of America common stock.
2. You acknowledge having read the Prospectus and agree to be bound by all the terms and conditions of the Stock Plan and this Agreement.
3. The Restricted Stock Units covered by this Award shall become earned by, and payable to, you in accordance with the terms and conditions of the Stock Plan and this Agreement in the amounts and on the dates shown on the enclosed Exhibit A.
4. If a cash dividend is paid with respect to Bank of America common stock, a cash dividend equivalent equal to the total cash dividend you would have received had your Restricted Stock Units been actual Shares will be accumulated and paid in cash through payroll when the Restricted Stock Units become earned and payable. Dividend equivalents are credited with interest at the three (3)-year constant maturity Treasury rate in effect on the grant date noted above until the applicable payment date provided in Exhibit A.
5. To the extent allowed by and consistent with applicable law and any applicable limitations period, if it is determined at any time that you have engaged in Detrimental Conduct or engaged in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct, Bank of America will be entitled to recover from you in its sole discretion some or all of the cash (and any related dividend equivalents) paid to you pursuant to this Agreement.

You recognize that if you engage in Detrimental Conduct or any hedging or derivative transactions involving Bank of America common stock, the losses to Bank of America and/or its Subsidiaries may amount to the full value of any cash (and any related dividend equivalents) paid to you pursuant to this Agreement. In addition, the Award is subject to the requirements of (i) Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (regarding recovery of erroneously awarded compensation) and any implementing rules and regulations thereunder (the "Dodd-Frank clawback rules"), (ii) similar rules under the laws of any other jurisdiction and (iii) any policies adopted by Bank of America to implement such requirements, all to the extent determined by Bank of America in its discretion to be applicable to you. For the avoidance of doubt, if the Dodd-Frank clawback rules and any implementing policy apply to you, then (A) you will not be entitled to earn or retain any portion of this Award that is determined to be erroneously awarded compensation, and (B) Bank of America may take action against this Award or

any proceeds you receive from it to recover any erroneously awarded compensation you may have received from Bank of America (whether related to this Award or otherwise), all in accordance with the Dodd-Frank clawback rules and the applicable implementing policy (including the Incentive Compensation Recoupment Policy) and subject to the requirements of applicable law.

In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units in accordance with the Payment Schedule set forth in Exhibit A may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

6. You may designate a beneficiary to receive payment in connection with the Restricted Stock Units granted hereunder in the event of your death while in service with Bank of America or its Subsidiaries in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. Any beneficiary designation in effect at the time of your termination of employment with Bank of America and its Subsidiaries (other than a termination of employment due to your death) will remain in effect following your termination of employment unless you change your beneficiary designation or it otherwise ceases to be enforceable and/or valid in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. If you do not designate a beneficiary or if your designated beneficiary does not survive you, then your beneficiary will be your estate.
7. The existence of this Award shall not affect in any way the right or power of Bank of America or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in Bank of America's capital structure or its business, or any merger or consolidation of Bank of America, or any issue of bonds, debentures, preferred or prior preference stocks ahead of or convertible into, or otherwise affecting the Bank of America common stock or the rights thereof, or the dissolution or liquidation of Bank of America, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.
8. Bank of America may, in its sole discretion, decide to deliver any documents related to this Award or future Awards that may be granted under the Stock Plan by electronic means or request your consent to participate in the Stock Plan by electronic means. You hereby consent to receive such documents by electronic delivery and, if requested, agree to participate in the Stock Plan through an online or electronic system established and maintained by Bank of America or a third party designated by Bank of America.

Any notice which either party hereto may be required or permitted to give to the other shall be in writing and may be delivered personally, by intraoffice mail, by fax, by

electronic mail or other electronic means, or via a postal service, postage prepaid, to such electronic mail or postal address and directed to such person as Bank of America may notify you from time to time; and to you at your electronic mail or postal address as shown on the records of Bank of America from time to time or as otherwise determined appropriate by Bank of America, in its sole discretion, or at such other electronic mail or postal address as you, by notice to Bank of America, may designate in writing from time to time.

9. You acknowledge that Bank of America has not provided you with any legal advice. You have the right to consult with, and should consult with, your personal legal advisor prior to accepting this Agreement.
10. You acknowledge that, regardless of any action taken by Bank of America or your employer, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items (or, if applicable, your portion thereof) related to your participation in the Stock Plan ("Tax-Related Items") is and remains your responsibility and may exceed the amount (if any) withheld by Bank of America or your employer. You further acknowledge that Bank of America and/or your employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including but not limited to the grant and vesting of the Restricted Stock Units, your satisfaction of any age and/or length of service criteria, the payment of any Restricted Stock Units and the receipt of any dividend equivalents, (ii) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate your liability for Tax-Related Items or achieve any specific tax result and (iii) do not commit to and are under no obligation to use a withholding method for Tax-Related Items which results in the most favorable or any particular tax treatment for you. Further, if you have become subject to Tax-Related Items in more than one jurisdiction, you acknowledge that Bank of America or your employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

In the event Bank of America determines that it and/or your employer must withhold any Tax-Related Items, you agree as a condition of the grant of the Restricted Stock Units to make arrangements satisfactory to Bank of America and/or your employer to enable it to satisfy all withholding requirements by all legal means, including, but not limited to, withholding any applicable Tax-Related Items from the pay-out of the Restricted Stock Units. In addition, you authorize Bank of America and/or your employer to fulfill its withholding obligations by all legal means, including, but not limited to, withholding Tax-Related Items from your wages, salary or other cash compensation Bank of America or your employer pays to you. Bank of America may refuse to pay any earned Restricted Stock Units if you fail to comply with any obligations in connection with the Tax-Related Items.

11. The validity, construction and effect of this Agreement are governed by, and subject to, the laws of the State of Delaware and the laws of the United States, as provided in the
-

Stock Plan, unless otherwise required by applicable law. To the extent any claim or dispute arising out of or relating to this Award or this Agreement is not subject to binding arbitration, the parties hereby submit to and consent to the exclusive jurisdiction of North Carolina and agree that such litigation shall be conducted solely in the courts of Mecklenburg County, North Carolina or the federal courts for the United States for the Western District of North Carolina and no other courts, unless otherwise required by applicable law.

12. In the event any provision of this Agreement shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. This Agreement constitutes the final understanding between you and Bank of America regarding the Restricted Stock Units. Any prior agreements, commitments or negotiations concerning the Restricted Stock Units are superseded. Subject to the terms of the Stock Plan, this Agreement may only be amended by a written instrument signed by *[all / both]* both parties.
[For Mr. Athanasia: BANA is a party to this Agreement as your employer. Bank of America is solely responsible for its obligations under this Agreement and under the Stock Plan, including but not limited to its obligations related to the issuance of the Restricted Stock Units.]
13. If you move to any country outside of the United States during the term of your Award, additional terms and conditions may apply to your Award. Bank of America reserves the right to impose other requirements on the Award to the extent Bank of America determines it is necessary or advisable for legal or administrative reasons and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

IN WITNESS WHEREOF, Bank of America has caused this Agreement to be executed by its duly authorized officer, and you have hereunto set your hand, all effective as of the grant date listed above.

Bank of America Corporation Equity Plan

PAYMENT OF RESTRICTED STOCK UNITS

(a) PAYMENT SCHEDULE. Subject to the provisions of paragraphs (b), (c), (d), (e) and (g) below, the Restricted Stock Units (and any related dividend equivalents) shall be earned and payable in four (4) equal annual installments if you remain employed with Bank of America and its Subsidiaries through each of the payment dates as follows.

[schedule]

**Payment will be made as soon as administratively practicable, generally within thirty (30) days after the applicable payment date.*

(b) IMPACT OF TERMINATION OF EMPLOYMENT ON RESTRICTED STOCK UNITS. If your employment with Bank of America and its Subsidiaries terminates prior to any of the above payment dates, then any unearned Restricted Stock Units (and any related dividend equivalents) shall become earned and payable or be canceled depending on the reason for termination as follows.

(i) Death. Any unearned Restricted Stock Units (and any related dividend equivalents) shall become immediately earned and payable as of the date of your termination of employment if your termination is due to your death. Payment will be made as soon as administratively practicable, generally within ninety (90) days after notification of termination from the payroll system.

(ii) Disability. If your employment is terminated by your employer due to your Disability, then any unearned Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable at such time as provided in the Payment Schedule described in paragraph (a) above (without regard to whether you are employed by Bank of America or its Subsidiaries), subject to your complying with the covenants set forth in paragraph (d) below and subject to the performance-based cancellation provision set forth in paragraph (e) below. Notwithstanding anything in this paragraph (b)(ii) to the contrary, upon your death following a termination of employment by your employer due to Disability, any unearned Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (b)(ii), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death.

(iii) Termination by your Employer with Cause. If your employment is terminated by your employer with Cause, then any Restricted Stock Units (and any related dividend equivalents) that were not already paid to you pursuant to paragraph (a) above as of the date of your termination of employment shall be canceled as of that date.

(iv) Change in Control. Notwithstanding anything in this Agreement to the contrary, if (A) a Change in Control occurs and (B) on or after the Change in Control and on or before the second anniversary of the Change in Control either (1) your employment is terminated without Cause or (2)

you terminate your employment with Bank of America or its Subsidiaries for Good Reason, then any unearned Restricted Stock Units (and any related dividend equivalents) shall become immediately earned as of the date of such termination and shall be payable at such time as provided in the Payment Schedule described in paragraph (a) above, without regard to the covenants set forth in paragraph (d) below or the performance-based cancellation provision set forth in paragraph (e) below. Notwithstanding anything in this paragraph (b)(iv) to the contrary, upon your death following (A) a termination of your employment without Cause on or before the second anniversary of a Change in Control or (B) a termination of your employment with Bank of America or its Subsidiaries for Good Reason on or before the second anniversary of a Change in Control, any Restricted Stock Units (and any related dividend equivalents) that are continuing to become payable in accordance with the provisions of this paragraph (b)(iv), but have not yet become payable, shall become immediately payable as of the date of your death, and payment will be made as soon as administratively practicable following your death.

(v) All Other Terminations. Unless your termination of employment is a Qualifying Termination as described below, in the case of All Other Terminations, any Restricted Stock Units (and any related dividend equivalents) that were not already earned and payable pursuant to paragraph (a) above as of the date of your termination of employment shall be canceled as of that date.

(c) QUALIFYING TERMINATION. If your employment terminates for any reason other than your death, your Disability, Cause or in connection with a Change in Control as described in paragraph (b)(iv) above and your termination of employment is a Qualifying Termination, then any unearned Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable in accordance with the Payment Schedule set forth in paragraph (a) above subject to the performance-based cancellation provision set forth in paragraph (e) below, provided that (i) to the extent permissible under applicable law, you do not engage in Competition during such period, (ii) you comply with the covenants described in paragraph (d) below and (iii) prior to each payment date, you provide Bank of America with a certification that you have not engaged in Competition to the extent the Competition restriction in (i) above is applicable.

To be effective, such certification must be provided on such form, at such time and pursuant to such procedures as Bank of America shall establish from time to time. If Bank of America determines in its reasonable business judgment that you have failed to satisfy any of the foregoing requirements, then any unearned Restricted Stock Units (and any related dividend equivalents) shall be immediately canceled as of the date of such determination. In addition, from time to time following your Qualifying Termination, Bank of America may require you to further certify that you are not engaging in Competition, and if you fail to fully cooperate with any such requirement Bank of America may determine that you are engaging in Competition. Notwithstanding anything in this paragraph (c) to the contrary, upon your death following a Qualifying Termination, any unearned Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (c), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death. Notwithstanding anything in this Agreement to the contrary, if (i) at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or

any Subsidiary in California, the Competition restriction and the certification requirement described in this paragraph (c) will not apply to this Award and (ii) you live or work in Massachusetts, the Competition restriction and the certification requirement described in this paragraph (c) will apply for no more than one year following the date of your termination of employment.

For the avoidance of doubt, the only available remedy under this Agreement for engaging in Competition (or for breach of the covenant in paragraph (d)(i) below) is the cancellation of any unpaid Restricted Stock Units (and any related dividend equivalents), and not, for example, enforcement of the restrictions through injunction or similar action. This limitation on remedies does not apply to any competition restrictions or covenants that may be applicable to you under any other written agreement with Bank of America except to the extent expressly provided for in such other written agreement.

(d) COVENANTS.

(i) Non-Solicitation. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, to the maximum extent permissible under applicable law (A) you will not directly or indirectly solicit or recruit for employment or encourage to leave employment with Bank of America or its Subsidiaries, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, any person who is an employee of Bank of America or its Subsidiaries and (B) you will not, directly or indirectly, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, solicit any client or customer of Bank of America or its Subsidiaries which you actively solicited or with whom you worked or otherwise had material contact in the course of your employment with Bank of America and its Subsidiaries. Notwithstanding anything in this Agreement to the contrary, if, at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or any Subsidiary in California, the solicitation restrictions described in (A) and (B) above will not apply to this Award.

(ii) Detrimental Conduct. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in Detrimental Conduct.

(iii) Hedging or Derivative Transactions. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct.

(iv) Remedies. Payment of Restricted Stock Units (and any related dividend equivalents) in accordance with the Payment Schedule set forth in paragraph (a) above is specifically conditioned on the requirement that at all times prior to each payment, you do not engage in solicitation, Detrimental Conduct or hedging or derivative transactions, as described in paragraphs (d)(i), (ii) and (iii), during such period. If Bank of America determines in its reasonable business judgment that you have failed to satisfy such requirements, then any Restricted Stock Units (and any related dividend equivalents) that have not yet been paid as of the date of such determination shall be canceled as of such date of determination. In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any

clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units (and any related dividend equivalents) in accordance with the Payment Schedule set forth in paragraph (a) above may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

(e) **PERFORMANCE-BASED CANCELLATION PROVISION.** In order to appropriately balance risk and reward, unpaid Restricted Stock Units (and any related dividend equivalents) may be canceled if a loss occurs outside of the ordinary course of business. For Bank of America or a line of business, a “loss” means a pre-tax loss for a fiscal year (as determined under U.S. generally accepted accounting principles in effect as of the close of such fiscal year). A loss in the “ordinary course of business” means a loss resulting from a planned winding down of a business or legacy position. A loss outside of the ordinary course includes (without limitation) losses such as those resulting from risk or compliance violations, deliberate or grossly negligent failures to perform your job duties, or any loss that materially impairs Bank of America’s solvency, liquidity, or capital distribution plans. If a loss outside of the ordinary course of business occurs:

(i) at Bank of America, if you are the Chief Executive Officer, Chief Financial Officer, any Chief Executive Officer direct report who does not lead a line of business, or are any employee who is (A) part of a staff function (such as global technology, global operations, global strategy and enterprise platforms, enterprise credit, sustainability & global research, etc.), (B) part of a key control function (such as audit, compliance, human resources, legal, risk, finance, etc.) or (C) any other individual material risk taker who is not part of a line of business;

(ii) at Bank of America or your line of business, if you are a senior leader who leads a line of business (e.g., are president or head of such line of business); or

(iii) at your line of business, if you are an individual material risk taker who is part of a line of business other than a senior leader who leads a line of business;

then your accountability for such loss will be determined, taking into account such factors as (i) the magnitude of the loss (including positive or negative variance from plan); (ii) your degree of involvement (including such factors as your current or former leadership role within Bank of America or the line of business, and the degree to which you were involved in decisions that are determined to have contributed to the loss); (iii) your performance; and (iv) such other factors as deemed appropriate. For this purpose, a “line of business” means an organizational unit of Bank of America that conducts transactions as an organizational unit that could result in a loss outside of the ordinary course, all as determined by Bank of America in its sole discretion, and which, as of the grant date, includes the following business units: Retail Banking, Preferred Banking (which includes Specialized Consumer Client Solutions for purposes of this Performance-Based Cancellation Provision), Merrill, Private Bank, Business Banking, Global Commercial Banking, Global Corporate & Investment Banking and Global Markets. A transfer, promotion, demotion, termination or any other change to your employment does not affect Bank of America’s ability to determine accountability for a loss arising from actions, omissions or decisions during your prior service. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees)

or other management team designated for such purpose, together with key control functions, will review the loss and your accountability. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees) or other management team designated for such purpose will then make a final determination to either take no action or to cancel some or all of your Award. All such determinations will be final and binding.

(f) FORM OF PAYMENT. Payment of Restricted Stock Units shall be made in the form of cash for each Restricted Stock Unit that is payable. The amount of the payment that you will receive with respect to the Award shall be determined by multiplying the number of Restricted Stock Units payable by the Fair Market Value of one (1) share of Bank of America common stock on the applicable payment date provided in paragraph (a) above.

(g) RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION. If, immediately before a payment date otherwise provided by this Exhibit A, Bank of America or its Subsidiaries have been unable to recover from you erroneously awarded compensation that is required to be recovered under the Dodd-Frank clawback rules and any implementing policy, Bank of America may reduce the net, after-tax amount to be paid on your Award as of that payment date (after all applicable tax withholding requirements have been satisfied) by an amount up to the outstanding balance of erroneously awarded compensation to be recovered from you as of the payment date. For the avoidance of doubt, the full amount of the Award payable as of the payment date shall be included in income to you as of that payment date and nothing in this paragraph (g) shall result in any acceleration of the payment date.

(h) DEFINITIONS. For purposes hereof, the following terms shall have the following meanings.

All Other Terminations means any termination of your employment with Bank of America and its Subsidiaries, whether initiated by you or your employer, other than (i) a Qualifying Termination; (ii) a termination due to your death or your Disability; (iii) a termination by your employer with Cause; and (iv) a termination in connection with a Change in Control as described in paragraph (b)(iv) above.

Cause shall be defined as that term is defined in your offer letter or other applicable employment agreement; or, if there is no such definition, "Cause" means a termination of your employment with Bank of America and its Subsidiaries if it occurs in conjunction with a determination by your employer that you have (i) committed an act of fraud or dishonesty in the course of your employment; (ii) been convicted of (or plead no contest with respect to) a crime constituting a felony or a crime of comparable magnitude under applicable law (as determined by Bank of America in its sole discretion); (iii) committed an act or omission which causes you or Bank of America or its Subsidiaries to be in violation of federal or state securities laws, rules or regulations, and/or the rules of any exchange or association of which Bank of America or its Subsidiaries is a member, including statutory disqualification; (iv) failed to perform your job duties where such failure is injurious to Bank of America or any Subsidiary, or to Bank of America's or such Subsidiary's business interests or reputation; (v) materially breached any written policy applicable to your employment with Bank of America or any of its Subsidiaries including, but not limited to, the Bank of America Corporation Code of Conduct and General Policy on Insider Trading; or (vi) made an unauthorized disclosure of any confidential or proprietary information of Bank of America or its Subsidiaries or have committed any

other material violation of Bank of America's written policies regarding confidential and proprietary information.

Competition means your being engaged, directly or indirectly, whether as a director, officer, employee, consultant, agent or otherwise, with a business entity that is or later becomes designated as a "Competitive Business" based on the criteria effective as of the date of your termination of employment. Notwithstanding anything in this Agreement to the contrary, the scope of Competition will only be as broad as allowed by applicable law, including with respect to duration, geographic scope and scope of restricted activities.

[For Mr. Demare: Competition means "Competition" as defined in your Letter Agreement.]

Detrimental Conduct means your serious misconduct or unethical behavior, including any one of the following: (i) any conduct that would constitute Cause; (ii) the commission of a criminal act by you, whether or not performed in the workplace, that subjects, or if generally known, would subject Bank of America or its Subsidiaries to public ridicule or embarrassment, or other improper or intentional conduct causing reputational harm to Bank of America, its Subsidiaries, or a client of Bank of America or its Subsidiaries; (iii) the breach of a fiduciary duty owed to Bank of America or its Subsidiaries or a client or former client of Bank of America or its Subsidiaries; (iv) intentional violation, or grossly negligent disregard, of Bank of America's or its Subsidiaries' policies, rules and procedures, specifically including, but not limited to any of your obligations under the Bank of America Corporation Code of Conduct and workplace policies; or (v) you taking or maintaining trading positions that result in a need to restate financial results in a subsequent reporting period or that result in a significant financial loss to Bank of America or its Subsidiaries during or after the performance year.

Disability is as defined in the Stock Plan.

Good Reason means, provided that you have complied with the Good Reason Process, the occurrence of any of the following events without your consent: (i) a material diminution in your responsibility, authority or duty; (ii) a material diminution in your base salary except for across-the-board salary reductions based on Bank of America and its Subsidiaries' financial performance similarly affecting all or substantially all management employees of Bank of America and its Subsidiaries; or (iii) the relocation of the office at which you were principally employed immediately prior to a Change in Control to a location more than fifty (50) miles from the location of such office, or your being required to be based anywhere other than such office, except to the extent you were not previously assigned to a principal location and except for required travel on your employer's business to an extent substantially consistent with your business travel obligations at the time of the Change in Control.

Good Reason Process means that (i) you reasonably determine in good faith that a Good Reason condition has occurred; (ii) you notify Bank of America and its Subsidiaries in writing of the occurrence of the Good Reason condition within sixty (60) days of such occurrence; (iii) you cooperate in good faith with Bank of America and its Subsidiaries' efforts, for a period of not less than thirty (30) days following such notice (the "Cure Period"), to remedy the condition; (iv) notwithstanding such efforts, the Good Reason condition continues to exist following the Cure Period; and (v) you terminate your employment for Good Reason within sixty (60) days after the end of the Cure Period. If Bank of America or its Subsidiaries cures the Good Reason condition during the

Cure Period, and you terminate your employment with Bank of America and its Subsidiaries due to such condition (notwithstanding its cure), then you will not be deemed to have terminated your employment for Good Reason.

[For Mr. Demare: Letter Agreement means your letter agreement with Bank of America dated November 9, 2021.]

[Qualifying Termination:

Qualifying Termination means your termination of employment with Bank of America and its Subsidiaries after you have [(i) a length of service of at least ten (10) years and (ii) a combined age and length of service equal to at least sixty (60). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate / (i) a length of service of at least ten (10) years and (ii) reached at least age fifty (50). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate. / (i) reached at least age sixty (60) or (ii) attained a length of service of at least ten (10) years and reached at least age fifty-five (55). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate.]]

[For Mr. Demare: Notwithstanding the foregoing, consistent with your Letter Agreement, you are deemed to meet the age and service requirements for Qualifying Termination.]

[For Mr. Koder: Notwithstanding the foregoing, consistent with the "Equity Protection Guarantee" section of your offer letter dated March 4, 2019, you are deemed to meet the age and service requirements for Qualifying Termination.]

Bank of America Corporation Equity Plan Restricted Stock Units Award Agreement

Granted to:

Grant date:

Grant type:

Grant code:

Number granted:

Note: The number of Restricted Stock Units is based on a "divisor price" of \$[price], which is the ten (10)-day average closing price of Bank of America Corporation common stock for the ten (10) business days immediately preceding and including [date].

This Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), and you, an employee of Bank of America or one of its Subsidiaries.

[For Mr. Athanasia: This Restricted Stock Units Award Agreement and all Exhibits hereto (the "Agreement") is made between Bank of America Corporation, a Delaware corporation ("Bank of America"), Bank of America, N.A. ("BANA") and you, an employee of BANA.]

Bank of America sponsors the Bank of America Corporation Equity Plan (the "Stock Plan"). A Prospectus describing the Stock Plan has been delivered to you. The Stock Plan itself is available upon

request, and its terms and provisions are incorporated herein by reference. When used herein, the terms which are defined in the Stock Plan shall have the meanings given to them in the Stock Plan, as modified herein (if applicable).

The Restricted Stock Units covered by this Agreement are being granted to you in connection with your participation in the Performance Year *[year]* program, subject to the following terms and provisions.

1. Subject to the terms and conditions of the Stock Plan and this Agreement, Bank of America grants to you the number of Restricted Stock Units shown above. Each Restricted Stock Unit shall have a value equal to the Fair Market Value of one (1) share of Bank of America common stock.
2. You acknowledge having read the Prospectus and agree to be bound by all the terms and conditions of the Stock Plan and this Agreement.
3. The Restricted Stock Units covered by this Award shall become earned by, and payable to, you in accordance with the terms and conditions of the Stock Plan and this Agreement in the amounts and on the dates shown on the enclosed Exhibit A.
4. If a cash dividend is paid with respect to Bank of America common stock, a cash dividend equivalent equal to the total cash dividend you would have received had your Restricted Stock Units been actual Shares will be accumulated and paid in cash through payroll when the Restricted Stock Units become earned and payable. Dividend equivalents are credited with interest at the three (3)-year constant maturity Treasury rate in effect on the grant date noted above until the applicable payment date provided in Exhibit A.
5. To the extent that this Award is paid in Shares, you agree that you shall comply with (or provide adequate assurance as to future compliance with) all applicable securities laws, as determined by Bank of America, as a condition precedent to the delivery of any Shares pursuant to this Agreement. In addition, you agree that, upon request, you will furnish a letter agreement providing that you will (i) not distribute or resell any of said Shares in violation of the U.S. Securities Act of 1933, as amended, (ii) indemnify and hold Bank of America harmless against all liability for any such violation and (iii) accept all liability for any such violation.
6. To the extent allowed by and consistent with applicable law and any applicable limitations period, if it is determined at any time that you have engaged in Detrimental Conduct or engaged in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct, Bank of America will be entitled to recover from you in its sole discretion some or all of the Shares or cash, as applicable, and any related dividend equivalents paid to you pursuant to this Agreement.

You recognize that if you engage in Detrimental Conduct or any hedging or derivative transactions involving Bank of America common stock, the losses to Bank of America and/or its Subsidiaries may amount to the full value of any Shares or cash, as applicable,

and any related dividend equivalents paid to you pursuant to this Agreement. In addition, the Award is subject to the requirements of (i) Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (regarding recovery of erroneously awarded compensation) and any implementing rules and regulations thereunder (the "Dodd-Frank clawback rules"), (ii) similar rules under the laws of any other jurisdiction and (iii) any policies adopted by Bank of America to implement such requirements, all to the extent determined by Bank of America in its discretion to be applicable to you. For the avoidance of doubt, if the Dodd-Frank clawback rules and any implementing policy apply to you, then (A) you will not be entitled to earn or retain any portion of this Award that is determined to be erroneously awarded compensation, and (B) Bank of America may take action against this Award or any proceeds you receive from it to recover any erroneously awarded compensation you may have received from Bank of America (whether related to this Award or otherwise), all in accordance with the Dodd-Frank clawback rules and the applicable implementing policy (including the Incentive Compensation Recoupment Policy) and subject to the requirements of applicable law.

In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units in accordance with the Payment Schedule set forth in Exhibit A may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

7. You may designate a beneficiary to receive payment in connection with the Restricted Stock Units granted hereunder in the event of your death while in service with Bank of America or its Subsidiaries in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. Any beneficiary designation in effect at the time of your termination of employment with Bank of America and its Subsidiaries (other than a termination of employment due to your death) will remain in effect following your termination of employment unless you change your beneficiary designation or it otherwise ceases to be enforceable and/or valid in accordance with Bank of America's beneficiary designation procedures, as in effect from time to time. If you do not designate a beneficiary or if your designated beneficiary does not survive you, then your beneficiary will be your estate.
 8. The existence of this Award shall not affect in any way the right or power of Bank of America or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in Bank of America's capital structure or its business, or any merger or consolidation of Bank of America, or any issue of bonds, debentures, preferred or prior preference stocks ahead of or convertible into, or otherwise affecting the Bank of America common stock or the rights thereof, or the dissolution or liquidation
-

of Bank of America, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

9. Bank of America may, in its sole discretion, decide to deliver any documents related to this Award or future Awards that may be granted under the Stock Plan by electronic means or request your consent to participate in the Stock Plan by electronic means. You hereby consent to receive such documents by electronic delivery and, if requested, agree to participate in the Stock Plan through an online or electronic system established and maintained by Bank of America or a third party designated by Bank of America.

Any notice which either party hereto may be required or permitted to give to the other shall be in writing and may be delivered personally, by intraoffice mail, by fax, by electronic mail or other electronic means, or via a postal service, postage prepaid, to such electronic mail or postal address and directed to such person as Bank of America may notify you from time to time; and to you at your electronic mail or postal address as shown on the records of Bank of America from time to time or as otherwise determined appropriate by Bank of America, in its sole discretion, or at such other electronic mail or postal address as you, by notice to Bank of America, may designate in writing from time to time.

10. You acknowledge that Bank of America has not provided you with any legal advice. You have the right to consult with, and should consult with, your personal legal advisor prior to accepting this Agreement.
11. You acknowledge that, regardless of any action taken by Bank of America or your employer, the ultimate liability for all income tax, social insurance, payroll tax, fringe benefits tax, payment on account or other tax-related items (or, if applicable, your portion thereof) related to your participation in the Stock Plan ("Tax-Related Items") is and remains your responsibility and may exceed the amount (if any) withheld by Bank of America or your employer. You further acknowledge that Bank of America and/or your employer (i) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the Restricted Stock Units, including but not limited to the grant and vesting of the Restricted Stock Units, your satisfaction of any age and/or length of service criteria, the payment of any Restricted Stock Units, the subsequent sale of any Shares acquired upon the vesting of the Restricted Stock Units and the receipt of any dividends and/or dividend equivalents, (ii) do not commit to and are under no obligation to structure the terms of the Award or any aspect of the Restricted Stock Units to reduce or eliminate your liability for Tax-Related Items or achieve any specific tax result and (iii) do not commit to and are under no obligation to use a withholding method for Tax-Related Items which results in the most favorable or any particular tax treatment for you. Further, if you have become subject to Tax-Related Items in more than one jurisdiction, you acknowledge that Bank of America or your employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

In the event Bank of America determines that it and/or your employer must withhold any Tax-Related Items, you agree as a condition of the grant of the Restricted Stock Units to

make arrangements satisfactory to Bank of America and/or your employer to enable it to satisfy all withholding requirements by all legal means, including, but not limited to, withholding any applicable Tax-Related Items from the pay-out of the Restricted Stock Units. In addition, you authorize Bank of America and/or your employer to fulfill its withholding obligations by all legal means, including, but not limited to, withholding Tax-Related Items from your wages, salary or other cash compensation Bank of America or your employer pays to you, withholding Tax-Related Items from the cash proceeds, if any, received upon any sale of any Shares received in payment for your Restricted Stock Units and, at the time of payment, withholding Shares to meet withholding obligations for Tax-Related Items, in an amount which does not exceed the maximum statutory tax rates in the applicable jurisdictions. Bank of America may refuse to pay any earned Restricted Stock Units if you fail to comply with any obligations in connection with the Tax-Related Items.

12. The validity, construction and effect of this Agreement are governed by, and subject to, the laws of the State of Delaware and the laws of the United States, as provided in the Stock Plan, unless otherwise required by applicable law. To the extent any claim or dispute arising out of or relating to this Award or this Agreement is not subject to binding arbitration, the parties hereby submit to and consent to the exclusive jurisdiction of North Carolina and agree that such litigation shall be conducted solely in the courts of Mecklenburg County, North Carolina or the federal courts for the United States for the Western District of North Carolina and no other courts, unless otherwise required by applicable law.
 13. In the event any provision of this Agreement shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Agreement, and the Agreement shall be construed and enforced as if the illegal or invalid provision had not been included. This Agreement constitutes the final understanding between you and Bank of America regarding the Restricted Stock Units. Any prior agreements, commitments or negotiations concerning the Restricted Stock Units are superseded. Subject to the terms of the Stock Plan, this Agreement may only be amended by a written instrument signed by *[all / both]* parties.
[For Mr. Athanasia: BANA is a party to this Agreement as your employer. Bank of America is solely responsible for its obligations under this Agreement and under the Stock Plan, including but not limited to its obligations related to the issuance of the Restricted Stock Units.]
 14. If you move to any country outside of the United States during the term of your Award, additional terms and conditions may apply to your Award. Bank of America reserves the right to impose other requirements on the Award to the extent Bank of America determines it is necessary or advisable for legal or administrative reasons and to require you to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

PAYMENT OF RESTRICTED STOCK UNITS

(a) PAYMENT SCHEDULE. Subject to the provisions of paragraphs (b), (c), (d), (e) and (g) below, the Restricted Stock Units (and any related dividend equivalents) shall be earned and payable in four (4) equal annual installments if you remain employed with Bank of America and its Subsidiaries through each of the payment dates as follows.

[schedule]

**Payment will be made as soon as administratively practicable, generally within thirty (30) days after the applicable payment date.*

(b) IMPACT OF TERMINATION OF EMPLOYMENT ON RESTRICTED STOCK UNITS. If your employment with Bank of America and its Subsidiaries terminates prior to any of the above payment dates, then any unearned Restricted Stock Units (and any related dividend equivalents) shall become earned and payable or be canceled depending on the reason for termination as follows.

(i) Death. Any unearned Restricted Stock Units (and any related dividend equivalents) shall become immediately earned and payable as of the date of your termination of employment if your termination is due to your death. Payment will be made as soon as administratively practicable, generally within ninety (90) days after notification of termination from the payroll system.

(ii) Disability. If your employment is terminated by your employer due to your Disability, then any unearned Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable at such time as provided in the Payment Schedule described in paragraph (a) above (without regard to whether you are employed by Bank of America or its Subsidiaries), subject to your complying with the covenants set forth in paragraph (d) below and subject to the performance-based cancellation provision set forth in paragraph (e) below. Notwithstanding anything in this paragraph (b)(ii) to the contrary, upon your death following a termination of employment by your employer due to Disability, any unearned Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (b)(ii), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death.

(iii) Termination by your Employer with Cause. If your employment is terminated by your employer with Cause, then any Restricted Stock Units (and any related dividend equivalents) that were not already paid to you pursuant to paragraph (a) above as of the date of your termination of employment shall be canceled as of that date.

(iv) Change in Control. Notwithstanding anything in this Agreement to the contrary, if (A) a Change in Control occurs and (B) on or after the Change in Control and on or before the second anniversary of the Change in Control either (1) your employment is terminated without Cause or (2)

you terminate your employment with Bank of America or its Subsidiaries for Good Reason, then any unearned Restricted Stock Units (and any related dividend equivalents) shall become immediately earned as of the date of such termination and shall be payable at such time as provided in the Payment Schedule described in paragraph (a) above, without regard to the covenants set forth in paragraph (d) below or the performance-based cancellation provision set forth in paragraph (e) below. Notwithstanding anything in this paragraph (b)(iv) to the contrary, upon your death following (A) a termination of your employment without Cause on or before the second anniversary of a Change in Control or (B) a termination of your employment with Bank of America or its Subsidiaries for Good Reason on or before the second anniversary of a Change in Control, any Restricted Stock Units (and any related dividend equivalents) that are continuing to become payable in accordance with the provisions of this paragraph (b)(iv), but have not yet become payable, shall become immediately payable as of the date of your death, and payment will be made as soon as administratively practicable following your death.

(v) All Other Terminations. Unless your termination of employment is a Qualifying Termination as described below, in the case of All Other Terminations, any Restricted Stock Units (and any related dividend equivalents) that were not already earned and payable pursuant to paragraph (a) above as of the date of your termination of employment shall be canceled as of that date.

(c) QUALIFYING TERMINATION. If your employment terminates for any reason other than your death, your Disability, Cause or in connection with a Change in Control as described in paragraph (b)(iv) above and your termination of employment is a Qualifying Termination, then any unearned Restricted Stock Units (and any related dividend equivalents) shall continue to become earned and payable in accordance with the Payment Schedule set forth in paragraph (a) above subject to the performance-based cancellation provision set forth in paragraph (e) below, provided that (i) to the extent permissible under applicable law, you do not engage in Competition during such period, (ii) you comply with the covenants described in paragraph (d) below and (iii) prior to each payment date, you provide Bank of America with a certification that you have not engaged in Competition to the extent the Competition restriction in (i) above is applicable.

To be effective, such certification must be provided on such form, at such time and pursuant to such procedures as Bank of America shall establish from time to time. If Bank of America determines in its reasonable business judgment that you have failed to satisfy any of the foregoing requirements, then any unearned Restricted Stock Units (and any related dividend equivalents) shall be immediately canceled as of the date of such determination. In addition, from time to time following your Qualifying Termination, Bank of America may require you to further certify that you are not engaging in Competition, and if you fail to fully cooperate with any such requirement Bank of America may determine that you are engaging in Competition. Notwithstanding anything in this paragraph (c) to the contrary, upon your death following a Qualifying Termination, any unearned Restricted Stock Units (and any related dividend equivalents) that are continuing to become earned and payable in accordance with the provisions of this paragraph (c), but have not yet become earned and payable, shall become immediately earned and payable as of the date of your death, and payment will be made as soon as administratively practicable following your death. Notwithstanding anything in this Agreement to the contrary, if (i) at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or

any Subsidiary in California, the Competition restriction and the certification requirement described in this paragraph (c) will not apply to this Award and (ii) you live or work in Massachusetts, the Competition restriction and the certification requirement described in this paragraph (c) will apply for no more than one year following the date of your termination of employment.

For the avoidance of doubt, the only available remedy under this Agreement for engaging in Competition (or for breach of the covenant in paragraph (d)(i) below) is the cancellation of any unpaid Restricted Stock Units (and any related dividend equivalents), and not, for example, enforcement of the restrictions through injunction or similar action. This limitation on remedies does not apply to any competition restrictions or covenants that may be applicable to you under any other written agreement with Bank of America except to the extent expressly provided for in such other written agreement.

(d) COVENANTS.

(i) Non-Solicitation. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, to the maximum extent permissible under applicable law (A) you will not directly or indirectly solicit or recruit for employment or encourage to leave employment with Bank of America or its Subsidiaries, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, any person who is an employee of Bank of America or its Subsidiaries and (B) you will not, directly or indirectly, on your own behalf or on behalf of any other person or entity other than Bank of America or its Subsidiaries, solicit any client or customer of Bank of America or its Subsidiaries which you actively solicited or with whom you worked or otherwise had material contact in the course of your employment with Bank of America and its Subsidiaries. Notwithstanding anything in this Agreement to the contrary, if, at the time you accept this Agreement or at the time your employment terminates, you are a resident of California or you are employed by Bank of America or any Subsidiary in California, the solicitation restrictions described in (A) and (B) above will not apply to this Award.

(ii) Detrimental Conduct. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in Detrimental Conduct.

(iii) Hedging or Derivative Transactions. You agree that during any period in which Restricted Stock Units (and any related dividend equivalents) remain payable, you will not engage in any hedging or derivative transactions involving Bank of America common stock in violation of the Bank of America Corporation Code of Conduct.

(iv) Remedies. Payment of Restricted Stock Units (and any related dividend equivalents) in accordance with the Payment Schedule set forth in paragraph (a) above is specifically conditioned on the requirement that at all times prior to each payment, you do not engage in solicitation, Detrimental Conduct or hedging or derivative transactions, as described in paragraphs (d)(i), (ii) and (iii), during such period. If Bank of America determines in its reasonable business judgment that you have failed to satisfy such requirements, then any Restricted Stock Units (and any related dividend equivalents) that have not yet been paid as of the date of such determination shall be canceled as of such date of determination. In addition, if Bank of America, a regulator, a law enforcement agency or a governmental authority investigates or reviews your conduct or potential applicability of any

clawback that could result in the cancellation of your Award or your obligation to repay all or any portion of your Award, then payment of Restricted Stock Units (and any related dividend equivalents) in accordance with the Payment Schedule set forth in paragraph (a) above may be delayed pending resolution of such investigation or review. If necessary for compliance with U.S. Internal Revenue Code Section 409A or other applicable law, Bank of America in its sole discretion may make any such delayed payment to an escrow account that Bank of America controls, until such time as the investigation or review of your conduct or potential applicability of any clawback has concluded.

(e) **PERFORMANCE-BASED CANCELLATION PROVISION.** In order to appropriately balance risk and reward, unpaid Restricted Stock Units (and any related dividend equivalents) may be canceled if a loss occurs outside of the ordinary course of business. For Bank of America or a line of business, a “loss” means a pre-tax loss for a fiscal year (as determined under U.S. generally accepted accounting principles in effect as of the close of such fiscal year). A loss in the “ordinary course of business” means a loss resulting from a planned winding down of a business or legacy position. A loss outside of the ordinary course includes (without limitation) losses such as those resulting from risk or compliance violations, deliberate or grossly negligent failures to perform your job duties, or any loss that materially impairs Bank of America’s solvency, liquidity, or capital distribution plans. If a loss outside of the ordinary course of business occurs:

(i) at Bank of America, if you are the Chief Executive Officer, Chief Financial Officer, any Chief Executive Officer direct report who does not lead a line of business, or are any employee who is (A) part of a staff function (such as global technology, global operations, global strategy and enterprise platforms, enterprise credit, sustainability & global research, etc.), (B) part of a key control function (such as audit, compliance, human resources, legal, risk, finance, etc.) or (C) any other individual material risk taker who is not part of a line of business;

(ii) at Bank of America or your line of business, if you are a senior leader who leads a line of business (e.g., are president or head of such line of business); or

(iii) at your line of business, if you are an individual material risk taker who is part of a line of business other than a senior leader who leads a line of business;

then your accountability for such loss will be determined, taking into account such factors as (i) the magnitude of the loss (including positive or negative variance from plan); (ii) your degree of involvement (including such factors as your current or former leadership role within Bank of America or the line of business, and the degree to which you were involved in decisions that are determined to have contributed to the loss); (iii) your performance; and (iv) such other factors as deemed appropriate. For this purpose, a “line of business” means an organizational unit of Bank of America that conducts transactions as an organizational unit that could result in a loss outside of the ordinary course, all as determined by Bank of America in its sole discretion, and which, as of the grant date, includes the following business units: Retail Banking, Preferred Banking (which includes Specialized Consumer Client Solutions for purposes of this Performance-Based Cancellation Provision), Merrill, Private Bank, Business Banking, Global Commercial Banking, Global Corporate & Investment Banking and Global Markets. A transfer, promotion, demotion, termination or any other change to your employment does not affect Bank of America’s ability to determine accountability for a loss arising from actions, omissions or decisions during your prior service. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees)

or other management team designated for such purpose, together with key control functions, will review the loss and your accountability. The Compensation and Human Capital Committee (for executive officers), Management Compensation Committee (for Band 1 employees) or other management team designated for such purpose will then make a final determination to either take no action or to cancel some or all of your Award. All such determinations will be final and binding.

(f) FORM OF PAYMENT. Payment of Restricted Stock Units shall be made in the form of one (1) share of Bank of America common stock for each Restricted Stock Unit that is payable. Notwithstanding anything in this paragraph (f) to the contrary, Bank of America may, in its sole discretion, determine before a payment date to pay all or any portion of the Restricted Stock Units then payable in the form of cash rather than shares. In that case, the amount of the cash payment shall equal the Fair Market Value of the underlying shares of Bank of America common stock, determined as of the applicable payment date, for the portion of the Restricted Stock Units that Bank of America determines to pay in the form of cash rather than by issuance of shares.

(g) RECOVERY OF ERRONEOUSLY AWARDED COMPENSATION. If, immediately before a payment date otherwise provided by this Exhibit A, Bank of America or its Subsidiaries have been unable to recover from you erroneously awarded compensation that is required to be recovered under the Dodd-Frank clawback rules and any implementing policy, Bank of America may reduce the net, after-tax amount to be paid on your Award as of that payment date (after all applicable tax withholding requirements have been satisfied) by an amount up to the outstanding balance of erroneously awarded compensation to be recovered from you as of the payment date. For the avoidance of doubt, the full amount of the Award payable as of the payment date shall be included in income to you as of that payment date and nothing in this paragraph (g) shall result in any acceleration of the payment date.

(h) DEFINITIONS. For purposes hereof, the following terms shall have the following meanings.

All Other Terminations means any termination of your employment with Bank of America and its Subsidiaries, whether initiated by you or your employer, other than (i) a Qualifying Termination; (ii) a termination due to your death or your Disability; (iii) a termination by your employer with Cause; and (iv) a termination in connection with a Change in Control as described in paragraph (b)(iv) above.

Cause shall be defined as that term is defined in your offer letter or other applicable employment agreement; or, if there is no such definition, "Cause" means a termination of your employment with Bank of America and its Subsidiaries if it occurs in conjunction with a determination by your employer that you have (i) committed an act of fraud or dishonesty in the course of your employment; (ii) been convicted of (or plead no contest with respect to) a crime constituting a felony or a crime of comparable magnitude under applicable law (as determined by Bank of America in its sole discretion); (iii) committed an act or omission which causes you or Bank of America or its Subsidiaries to be in violation of federal or state securities laws, rules or regulations, and/or the rules of any exchange or association of which Bank of America or its Subsidiaries is a member, including statutory disqualification; (iv) failed to perform your job duties where such failure is injurious to Bank of America or any Subsidiary, or to Bank of America's or such Subsidiary's business interests or reputation; (v) materially breached any written policy applicable to your employment with Bank of America or any of its Subsidiaries including, but not limited to, the Bank of America Corporation Code

of Conduct and General Policy on Insider Trading; or (vi) made an unauthorized disclosure of any confidential or proprietary information of Bank of America or its Subsidiaries or have committed any other material violation of Bank of America's written policies regarding confidential and proprietary information.

Competition means your being engaged, directly or indirectly, whether as a director, officer, employee, consultant, agent or otherwise, with a business entity that is or later becomes designated as a "Competitive Business" based on the criteria effective as of the date of your termination of employment. Notwithstanding anything in this Agreement to the contrary, the scope of Competition will only be as broad as allowed by applicable law, including with respect to duration, geographic scope and scope of restricted activities.

[For Mr. Demare: Competition means "Competition" as defined in your Letter Agreement.]

Detrimental Conduct means your serious misconduct or unethical behavior, including any one of the following: (i) any conduct that would constitute Cause; (ii) the commission of a criminal act by you, whether or not performed in the workplace, that subjects, or if generally known, would subject Bank of America or its Subsidiaries to public ridicule or embarrassment, or other improper or intentional conduct causing reputational harm to Bank of America, its Subsidiaries, or a client of Bank of America or its Subsidiaries; (iii) the breach of a fiduciary duty owed to Bank of America or its Subsidiaries or a client or former client of Bank of America or its Subsidiaries; (iv) intentional violation, or grossly negligent disregard, of Bank of America's or its Subsidiaries' policies, rules and procedures, specifically including, but not limited to any of your obligations under the Bank of America Corporation Code of Conduct and workplace policies; or (v) you taking or maintaining trading positions that result in a need to restate financial results in a subsequent reporting period or that result in a significant financial loss to Bank of America or its Subsidiaries during or after the performance year.

Disability is as defined in the Stock Plan.

Good Reason means, provided that you have complied with the Good Reason Process, the occurrence of any of the following events without your consent: (i) a material diminution in your responsibility, authority or duty; (ii) a material diminution in your base salary except for across-the-board salary reductions based on Bank of America and its Subsidiaries' financial performance similarly affecting all or substantially all management employees of Bank of America and its Subsidiaries; or (iii) the relocation of the office at which you were principally employed immediately prior to a Change in Control to a location more than fifty (50) miles from the location of such office, or your being required to be based anywhere other than such office, except to the extent you were not previously assigned to a principal location and except for required travel on your employer's business to an extent substantially consistent with your business travel obligations at the time of the Change in Control.

Good Reason Process means that (i) you reasonably determine in good faith that a Good Reason condition has occurred; (ii) you notify Bank of America and its Subsidiaries in writing of the occurrence of the Good Reason condition within sixty (60) days of such occurrence; (iii) you cooperate in good faith with Bank of America and its Subsidiaries' efforts, for a period of not less than thirty (30) days following such notice (the "Cure Period"), to remedy the condition; (iv) notwithstanding such efforts, the Good Reason condition continues to exist following the Cure

Period; and (v) you terminate your employment for Good Reason within sixty (60) days after the end of the Cure Period. If Bank of America or its Subsidiaries cures the Good Reason condition during the Cure Period, and you terminate your employment with Bank of America and its Subsidiaries due to such condition (notwithstanding its cure), then you will not be deemed to have terminated your employment for Good Reason.

[For Mr. Demare: Letter Agreement means your letter agreement with Bank of America dated November 9, 2021.]

[Qualifying Termination:

Qualifying Termination means your termination of employment with Bank of America and its Subsidiaries after you have / (i) a length of service of at least ten (10) years and (ii) a combined age and length of service equal to at least sixty (60). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate / (i) a length of service of at least ten (10) years and (ii) reached at least age fifty (50). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate. / (i) reached at least age sixty (60) or (ii) attained a length of service of at least ten (10) years and reached at least age fifty-five (55). Your length of service will be determined by Bank of America, in its sole discretion, and, in that regard if you participate in a tax-qualified 401(k) plan sponsored by Bank of America or its Subsidiaries, your length of service shall be your "Vesting Service" under the tax-qualified 401(k) plan in which you participate.]]

[For Mr. Demare: Notwithstanding the foregoing, consistent with your Letter Agreement, you are deemed to meet the age and service requirements for Qualifying Termination.]

[For Mr. Koder: Notwithstanding the foregoing, consistent with the "Equity Protection Guarantee" section of your offer letter dated March 4, 2019, you are deemed to meet the age and service requirements for Qualifying Termination.]
