### **Corporate Governance**

#### **Nominating Committee Information**

Our nominating committee oversees the selection of director nominees. The nominating committee considers persons identified by its members, management, investors, investment bankers and others. The nominating committee does not have a written charter, nor does it have any formal criteria for nominees. However, we feel that persons to be nominated should be actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure and be willing to devote significant time to the promotion of the oversight duties of the board of directors of a public company. There have been no material changes to the procedures by which security holders may recommend nominees to our board of directors.

#### ***Audit Committee***

Our board has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. Henry C. Beinstein (Chairman), Robert J. Eide, Saul Gilinski and Jeffrey S. Podell comprise our Audit Committee. Our board has determined that each member of the audit committee is an independent director and is financially literate as required by applicable SEC and NYSE Amex rules.

Under its written charter, which was amended and re-adopted on March 24, 2009 and is available at <http://ir.stockpr.com/ladenburg/governance-documents> under the heading "Audit Committee Charter," our audit committee's responsibilities include, among other things:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;

## [Table of Contents](#)

- discussing with management and the independent auditor the effect on our financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures;
- discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies;
- reviewing disclosures made to the audit committee by our chief executive officer and chief financial officer during their certification process for our Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all auditing services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; and
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies.

### **Financial Expert on Audit Committee**

Our board has determined that Mr. Beinstein is our “audit committee financial expert” (as defined in Item 407(d)(5)(ii) of Regulation S-K) and that he is “independent” under applicable NYSE Amex rules applicable to audit committee members.

## **ITEM 11. EXECUTIVE COMPENSATION.**

### **Compensation Overview**

This Compensation Overview section discusses the compensation programs and policies for our executive officers and the compensation committee’s role in the design and administration of these programs and policies in making specific compensation decisions for our executive officers.

Henry C. Beinstein, Robert J. Eide, Brian S. Genson and Dr. Richard Krasno, each of whom is an independent director, currently comprise our compensation committee. The committee’s responsibilities include:

- establishing the general compensation policy for our executive officers, including our chief executive officer;
- administering our Qualified Employee Stock Purchase Plan (“QESPP”), our Amended and Restated 1999 Performance Equity Plan (“1999 Plan”) and our 2009 Incentive Compensation Plan (“2009 Plan”);
- determining who participates in these plans, establishing performance goals, if any, and determining specific grants and awards to the participants.

Our compensation committee has established compensation policies designed to provide competitive compensation levels that integrate pay with our annual performance and reward above average corporate performance, recognize individual initiative and

## [Table of Contents](#)

achievements and assist us in attracting and retaining qualified executives. Our compensation committee may engage outside advisors, experts and others to assist it in determining executive compensation.

The compensation committee makes all final determinations with respect to executive officers' compensation, based on an appraisal of our financial status. Our chief executive officer may make recommendations to the compensation committee relating to the compensation of executive officers, but the compensation committee has full autonomy in determining executive compensation. The compensation committee also considers and approves all director compensation other than standard fees for board and committee service.

Our compensation committee is charged with performing an annual review of our executive officers' cash and other compensation to determine whether we provide adequate incentives and motivation to executive officers and whether the compensation we provide to our executive officers is comparable to the compensation provided to other executive officers in similarly situated companies.

Our executive officers generally receive the following forms of compensation:

- a base salary, which is not anticipated to be the sole component of total annual cash compensation;
- brokerage commissions, if the executive is a registered representative, with respect to customer accounts for which such executive is the designated account representative;
- a discretionary cash bonus; and
- a stock option grant.

### **Compensation Components**

The four primary compensation components are base salary, brokerage commissions (for those officers who are registered representatives), cash bonuses and equity awards. We discuss each of these items in more detail below.

*Base Salary.* Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms, while avoiding paying amounts in excess of what we believe is necessary to motivate executives to meet corporate goals. We review base salaries annually, subject to terms of employment agreements, and our compensation committee seeks to adjust base salaries to realign them with industry norms after taking into account individual responsibilities, performance and experience.

*Brokerage Commissions.* If an executive is a registered representative, part of the executive's total compensation is a percentage of the brokerage commissions for customer accounts for which such executive is the designated account representatives. We believe this form of additional compensation helps incentivize our executives who are registered representatives. For fiscal 2008 and 2009, Mark Zeitchick was the only executive officer who was paid brokerage commissions.

*Discretionary Cash Bonus.* We grant discretionary cash bonuses to executives and directors. This is an important part of executive compensation. These bonuses may exceed base salary amounts and are more closely tied to both company and individual performance. Our compensation committee establishes bonus amounts by taking account of, among other things, individual performance, growth in our business through organic growth and acquisitions, satisfaction of financial goals, including EBITDA, as adjusted, changes in shareholder value and the business environment in which we operated during the year. We believe that EBITDA, as adjusted, is correlated to shareholder value creation and therefore is one of the appropriate measures to consider in determining executive compensation. EBITDA, as adjusted, is intended to minimize or eliminate the effect of items that do not directly reflect our performance or individual executive performance. While the compensation committee considers the foregoing objective factors, the actual bonus amount for each executive officer is based on the compensation committee's subjective assessment of both our overall performance for the year, in the context of the business environment in which we operated, and the contribution that each such individual made to that performance. The compensation committee believes that a discretionary bonus plan is appropriate because objective, short-term financial measures may not fully reflect the underlying reasons for our performance and will not reflect individual executive performance.

*Equity Awards.* We grant stock options and other stock-based awards to incentivize executives for long-term performance and to provide an appropriate balance between our long-term and short-term performance. We believe that providing a meaningful portion of our executives' total compensation package in stock options and other stock-based awards will align the incentives of our executives with the interests of our shareholders and with our long-term success. The compensation committee develops its equity award determinations based on its judgment as to whether the complete compensation packages provided to our executives, including prior

## [Table of Contents](#)

equity awards, are sufficient to retain, motivate and adequately award the executives. We generally grant options that vest over a period of three or four years beginning on the first anniversary of the grant date. We believe that this vesting schedule contributes significantly to the retention of our executive officers because they must remain employed for at least one year before they can realize any potential value from an option grant and will need to continue in our employ for the duration of the vesting schedule in order to realize the maximum potential value. In January 2010, we granted options to purchase 1,000,000, 600,000, 600,000, 600,000 and 50,000 shares to Dr. Frost and Messrs. Lorber, Lampen, Zeitchick and Kaufman, respectively. The exercise price for these options is \$.90 per share (a premium to the closing market price of \$.72 on the grant date). These options vest in four equal annual installments beginning on the first anniversary of the grant date.

Equity awards are granted generally through the 1999 Plan and the 2009 Plan. Each of the 1999 Plan and the 2009 Plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code and is administered by our compensation committee. To the extent permitted under the provisions of these plans, the compensation committee has authority to determine the selection of participants, allotment of shares, price, and other conditions of awards.

*Other Compensation.* We maintain various employee benefit plans, including medical, dental, life and disability insurance and 401(k) plans, and these plans are available to all salaried employees. We pay all medical and dental insurance premiums for certain of our executive officers.

### **Risk Considerations in our Compensation Programs**

We have reviewed our compensation structures and policies as they pertain to risk and have determined that our compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on our company.

### **Tax Considerations**

Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation in excess of \$1 million in any taxable year paid to the chief executive officer and the four other most highly compensated officers. The effect of Section 162(m) is substantially mitigated by our net operating losses, although the amount of any deduction disallowed under Section 162(m) could increase our alternative minimum tax by up to 2% of such disallowed amount. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied. Because our shareholders approved our 1999 Plan and our 2009 Plan, awards under these plans generally qualify as "performance-based" compensation that is fully deductible and not subject to the Section 162(m) deduction limit. In determining executive compensation, our compensation committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. Also, the compensation committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

### **Compensation Arrangements for Executive Officers**

Richard J. Lampen serves as our president and chief executive officer under a management services agreement with Vector Group. Under this agreement, Vector Group makes Mr. Lampen’s services available to us and will provide, upon our request, other financial and accounting resources, including assistance in complying with Section 404 of the Sarbanes-Oxley Act of 2002, in exchange for an annual fee of \$600,000, payable in quarterly installments, and an indemnification by us of Vector Group. The management agreement is terminable by either party on 30 days’ prior notice.

Mark Zeitchick serves as our executive vice president and president and chief executive officer of Ladenburg Thalmann & Co. Inc. Under his employment agreement, Mr. Zeitchick receives an annual base salary of \$250,000, a percentage of commissions from customer accounts for which he is a designated account representative and a discretionary bonus. The agreement’s initial term ended on December 31, 2007, but the agreement automatically renews for successive one year periods unless terminated by either party upon 30 days’ prior written notice. The current term of the agreement is through December 31, 2010.

Since April 2008, Brett Kaufman has served as our chief financial officer under the terms of an employment letter providing for a \$200,000 annual base salary. He is also eligible for an annual discretionary bonus, which was \$100,000 for each of 2008 and 2009. The employment letter’s initial term expired on December 31, 2009, but it automatically renews for successive one year periods unless terminated by either party upon 60 days’ prior to the expiration of the then current term. The options vest and become exercisable in four equal annual installments beginning on the first anniversary of the grant date.

### Stock Options and Warrants Issued Outside of Equity Plans

As of December 31, 2009, stock options issued outside of our equity plans to purchase an aggregate of 5,764,000 shares of our common stock at exercise prices ranging from \$0.47 per share to \$1.91 per share and warrants to purchase 6,900,000 shares of our common stock at exercise prices ranging from \$0.94 per share to \$1.91 per share were outstanding. See “Equity Compensation Plan Information” below.

### Qualified Employee Stock Purchase Plan

On November 6, 2002, our shareholders approved the QESPP, under which a total of 5,000,000 shares of our common stock are available for issuance. On November 1, 2006, our shareholders approved an amendment to increase the number of shares available for issuance under the plan to 10,000,000 shares. Under this stock purchase plan, as currently administered by the compensation committee, all full-time employees may use a portion of their salary to acquire shares of our common stock during designated periods. Designated periods have been initially set at three months long and commence on January 1<sup>st</sup>, April 1<sup>st</sup>, July 1<sup>st</sup> and October 1<sup>st</sup> of each year and end on March 31<sup>st</sup>, June 30<sup>th</sup>, September 30<sup>th</sup> and December 31<sup>st</sup> of each year. On the first day of each such period, known as the “date of grant,” each participating employee is automatically granted an option to purchase shares of our common stock to be automatically exercised on the last trading day of the three-month purchase period comprising an option period. The last trading day of an option period is known as an “exercise date.” On the exercise date, amounts withheld during the period will be applied to

purchase shares for the employee from us. The purchase price will be 95% of the last sale price of our common stock on the exercise date. As of December 31, 2009, 4,044,816 shares of common stock had been issued under the QESPP.

### **Potential Termination or Change in Control Payments**

Mark Zeitchick and Brett H. Kaufman have employment agreements with us that provide for potential payments in the event of their termination.

Under Mr. Zeitchick's employment agreement, if his employment is terminated for any reason other than death, we are required to pay to Mr. Zeitchick all compensation owed under the agreement as of the termination date and all premiums necessary to maintain medical insurance for him and his family, providing coverage no less extensive than that in effect on the date hereof, and pay for any required deductibles under such insurance, until the earlier of (i) two years after his termination or (ii) until he receives similar coverage, without pre-existing condition limitations, after the expiration of any waiting periods, from a subsequent employer, as well as the cost of insurance, hospitalization, medical or other benefits we make available to our employees. The total estimated payment in the event Mr. Zeitchick's employment had been terminated on December 31, 2009 for any reason other than his death was approximately \$13,797. In the event of Mr. Zeitchick's death, we are required to pay to, or on behalf of, Mr. Zeitchick's spouse or designated beneficiary, if he is survived by a spouse or designated beneficiary, or if not, to his estate, for one year from the date of death, all compensation owed under the agreement as of the termination date and all premiums necessary to maintain medical insurance for his family, providing coverage no less extensive than that in effect on the date of the agreement, any required deductibles under such insurance, as well as the cost of insurance, hospitalization, medical or other benefits made available by us to our employees so that Mr. Zeitchick's beneficiary may participate. The total estimated payment in the event Mr. Zeitchick's employment had been terminated on December 31, 2009 as a result of his death was approximately \$0.

Under the terms of the employment letter with our current vice president and chief financial officer, Brett Kaufman, we are required to pay Mr. Kaufman a severance amount equal to his annual base salary (\$200,000 at December 31, 2009) due to his termination by us without "Cause" or by him for "Good Reason." In the event that Mr. Kaufman's employment is terminated due to death or "Disability," Mr. Kaufman will be entitled to receive a pro-rata bonus for the year of termination based on his bonus for the prior year (\$100,000 in the case of any termination in 2010). Also, Mr. Kaufman and his family will be entitled to receive subsidized health and dental benefits for a period of up to 18 months following any termination due to death, "Disability," without "Cause" or with "Good Reason" (approximately \$23,000 at December 31, 2009). The total estimated payment in the event Mr. Kaufman's employment had been terminated on December 31, 2009 as a result of the above circumstances was approximately \$323,000.

Mr. Kaufman's employment letter defines "Cause", "Disability" and "Good Reason" as follows:

- Cause means: (i) conviction of, or the entry of a plea of guilty or nolo contendere to, a felony, (ii) alcoholism or drug addiction which materially impairs Mr. Kaufman's ability to perform his duties, (iii) continued, intentional and willful failure to substantially and materially perform his material duties and responsibilities after receipt of written notice and failure to cure within 30 days of such notice, (iv) willful and deliberate misconduct that results, or is reasonably likely to result, in material and demonstrative harm to us or our subsidiaries or affiliates, or (v) substantial impairment from performing his duties for a period of longer than 60 consecutive days or more than 120 days as a result of an action taken by a regulatory body or self-regulatory agency.
- Disability means that Mr. Kaufman, as a result of incapacity due to physical or mental illness, has been substantially unable to perform his normal duties for an entire period of six consecutive months, and has not returned to the substantial performance of his duties on a full-time basis within 30 days after written notice of termination is given by us after such six-month period.
- Good Reason means: (i) a material diminution in duties or responsibilities, (ii) failure to appoint or elect Mr. Kaufman as our vice president and chief financial officer or his removal from such position, (iii) a reduction in his base salary, (iv) relocation of his office to a location outside of Miami, FL (other than in connection with travel necessary to perform his duties), or (v) a material breach by us of his employment letter, an indemnification agreement between us or any equity agreement between us, including, without limitation, the failure of any successor to all or substantially all of our assets to assume our obligations under the employment letter and the indemnification agreement.

Also, certain of our option agreements contain clauses that provide that in the event of a change in control of our company, or upon the death or disability of the optionholder, all stock options under such an agreement become fully vested. The unrealized value of in-the-money unvested stock options subject to accelerated vesting are shown below as potential payments to the Named Executive Officers. The unrealized value was calculated by multiplying the number of unvested shares under “2009 Outstanding Equity Awards at Fiscal Year-End” above by the closing price of a share of common stock on December 31, 2009 (\$0.64), then deducting the aggregate exercise price of the unvested stock options.

### Director Compensation

Directors who are also employees receive no cash compensation for serving as directors. Each of our non-employee directors receives annual director fees of \$20,000, payable in quarterly installments. Audit committee, compensation committee and nominating committee members each receive an additional annual fee of \$10,000, \$5,000 and \$5,000, respectively. The chairman of the executive committee (if he is not an employee) receives an additional annual fee of \$100,000. Also, each non-employee director receives \$1,000 and \$500 per board and committee meeting, respectively, that he attends. Upon their election or re-election, as the case may be, we grant our non-employee directors ten-year options under our 1999 Plan or 2009 Plan to purchase 20,000 common shares at fair market value on the grant date. We also reimburse directors for costs incurred in attending board and committee meetings.

The following table summarizes non-employee director compensation for fiscal 2009. Compensation for directors who are also named executive officers is included in the Summary Compensation Table above.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.**

***Related party policy***

Our Code of Business Conduct and Ethics requires us to avoid related party transactions that could result in actual or potential conflicts of interest, except under guidelines approved by our board or audit committee. Related-party transactions are defined as transactions in which:

- the aggregate amount involved is expected to exceed \$120,000 in any calendar year;
- we or any of our subsidiaries is a participant; and
- any (a) executive officer, director or director nominee, (b) five percent or greater beneficial owner of our common stock, or (c) immediate family member, of the persons listed in clauses (a) and (b), has or will have a material interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

A conflict of interest can arise when a person takes actions or has interests that may make it difficult for such person to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position. Our audit committee, under its charter, reviews and approves related-party transactions to the extent we enter into such transactions.

The audit committee considers all relevant factors when determining whether to approve a related party transaction, including:

- whether the transaction is on terms no less favorable to us than terms generally available to us from an unaffiliated third-party under the same or similar circumstances; and
- the extent of the related party's interest in the transaction.

A director may not participate in the approval of any transaction in which he is a related party, but must provide the audit committee with all material information concerning the transaction. Also, we require each of our directors and executive officers to complete a directors' and officers' questionnaire annually that elicits information about related-party transactions. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director or officer.

***Related party transactions***

In connection with our acquisition of Investacorp in 2007, we entered into a \$30,000,000 revolving credit agreement with Frost Gamma Investments Trust ("Frost Gamma"), an entity affiliated with Dr. Phillip Frost, our chairman of the board and our principal shareholder. Borrowings under the credit agreement bear interest at a rate of 11% per annum, payable quarterly. The credit agreement, as amended, matures on August 25, 2016. The note issued under the credit agreement contains customary events of default, which if uncured, entitle the holder to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, such note. The largest aggregate principal amount outstanding under this facility in 2009 and 2008 was \$26,350,000 and \$30,000,000, respectively. In 2009 and 2008, respectively, we paid to Frost Gamma \$11,400,000 and \$12,000,000 in principal and \$2,150,361 and \$2,419,854 in interest under this facility. The aggregate principal amount outstanding under this facility at December 31, 2009 and December 31, 2008 was \$18,450,000 and \$18,000,000, respectively.

Howard Lorber is a consultant to Hallman & Lorber Associates, Inc., a private consulting and actuarial firm, and related entities, which receive commissions from insurance policies written for us. These commissions were approximately \$14,000 and \$51,000 in 2009 and 2008. Hallman & Lorber Associates, Inc. continues to provide services to us during 2010.

Robert J. Eide is chairman and chief executive officer of Aegis Capital Corp., a brokerage firm which does business with Ladenburg Thalmann & Co. Inc. in the ordinary course on customary terms. Such firm has acted as a selected dealer in several securities offerings in which Ladenburg was an underwriter, but did not participate in any such offerings in 2008 or 2009.

In September 2006, we entered into a management services agreement with Vector Group under which Vector Group agreed to make available to us the services of Richard J. Lampen, Vector Group's executive vice president, to serve as our president and chief executive officer and to provide certain other financial and accounting services, including assistance with complying with Section 404 of the Sarbanes-Oxley Act of 2002. In consideration for such services, we currently pay Vector Group a \$600,000 annual fee plus any direct, out-of-pocket costs, fees and other expenses incurred by Vector Group or Mr. Lampen in providing such services, and have agreed to indemnify Vector Group for any liabilities arising out of the provision of the services. We paid \$600,000 in 2009 and \$500,000 in 2008 to Vector Group under this agreement. The agreement is terminable by either party upon 30 days' prior written notice.

On March 30, 2007, we entered into an office lease with Frost Real Estate Holdings, LLC, an entity affiliated with Dr. Phillip Frost, for the five-year period ending January 31, 2012. The lease is for 15,831 square feet of space in an office building in Miami, Florida, where our principal executive offices and a branch office of Ladenburg Thalmann & Co. Inc. are located. The rent is inclusive of operating expenses, property taxes and parking. Rental payments for 2009 and 2008 amounted to approximately \$524,739 and \$500,392, respectively. We received the advice of a commercial real estate firm at the time we entered into the lease that the lease terms were as fair as could have been obtained from an unaffiliated third party.

In May 2008, we paid a \$250,000 fee to Howard Chalfin, the brother-in-law of Mark Zeitchick, our executive vice president and a director, as payment for introducing us to Punk, Ziegel & Company, L.P., an investment bank that was merged into Ladenburg Thalmann & Co. Inc.

Richard J. Rosenstock, a director, and several members of the immediate families of our directors are employed as registered representatives of Ladenburg Thalmann & Co. Inc. As such, they receive a percentage of commissions generated from customer accounts for which they are designated account representatives and are eligible to receive bonuses in the discretion of management. The arrangements we have with these individuals are similar to the arrangements we have with our other registered representatives. In 2009 and 2008, respectively, (i) Richard J. Rosenstock received approximately \$189,662 and \$329,718 in compensation and (ii) Richard Sonkin, the brother-in-law of Richard J. Rosenstock, received approximately \$223,052 and \$168,160 in compensation. It is anticipated that each of these individuals will receive in excess of \$120,000 in compensation from us in 2010.

Steven Zeitchick, the brother of Mark Zeitchick, is an employee of Ladenburg Thalmann & Co. Inc. and received \$210,000 and \$225,000 in compensation in 2009 and 2008, respectively. We anticipate that Mr. Zeitchick will receive in excess of \$120,000 in compensation from us in 2010.

### **Independence of Directors**

We follow the NYSE Amex rules in determining if a director is independent. Our board also consults with our counsel to ensure that the board's determination is consistent with those rules and other relevant laws and regulations regarding director independence. In making its independence determinations, our board considered that in the ordinary course of business we may provide commercial and investment banking, financial advisory and other services to some of the independent directors and to business organizations and individuals associated with them. Our board determined that, based on available information, none of these relationships were material or affected the independence of any director. Consistent with these considerations, our board of directors has determined that Messrs. Beinstein, Eide, Genson, Gilinski, Krasno and Podell are independent directors. The other remaining directors may not be deemed independent under the NYSE Amex rules because we currently employ them or they have other relationships with us that may result in them being deemed not "independent." All members of our audit, compensation and nominating committees are independent.
