PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JANUARY 12, 2005**

This proxy statement and the enclosed form of proxy are furnished in connection with solicitation of proxies by our board directors for use at an annual meeting of shareholders to be held on January 12, 2005, and any postponements or adjournments.

On or about December 15, 2004, this proxy statement and the accompanying form of proxy are being mailed to each shareholder of record at the close of business on December 10, 2004.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this proxy statement carefully.

What matters am I voting on?

You will be voting on:

- the election of thirteen directors to hold office until the next annual meeting of shareholders and until their successors are elected and qualified;
- the approval of a proposal to issue shares of our common stock to New Valley Corporation and Frost-Nevada Investments Trust through the conversion of our outstanding senior convertible promissory notes held by such parties, at a price of \$0.50 per share for New Valley and \$0.40 per share for Frost-Nevada;
- the approval of a proposal to issue shares of our common stock at \$0.45 per share in a private placement to investors, including New Valley, Frost-Nevada and certain of our officers and directors, raising gross proceeds of up to \$20,000,000; and
- any other business that may properly come before the meeting.

Who is entitled to vote?

Holders of our common stock as of the close of business on December 10, 2004, the record date, are entitled to vote at the meeting. As of the record date, we had issued and outstanding 46,540,573 shares of common stock, our only class of voting securities outstanding. Each holder of our common stock is entitled to one vote for each share held on the record date.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance

[Table of Contents](#)

with the procedures set forth in this proxy statement, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted FOR the election as directors of the nominees listed below under Proposal I, FOR the approval of the proposal to issue shares of our common stock to New Valley and Frost-Nevada upon conversion of their outstanding senior convertible promissory notes as described below under Proposal II and FOR the approval of Proposal III to issue shares of our common stock at \$0.45 per share in a private placement to investors, including New Valley, Frost-Nevada and certain of our officers and directors, raising gross proceeds of up to \$20,000,000. If you give your proxy, your shares will also be voted in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting.

Can I change my vote after I return my proxy card?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our secretary;
- voting in person at the meeting; or
- delivering another proxy bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number for shares required to be present at the meeting for the meeting to be properly held under our bylaws and Florida law. The presence, in person or by proxy, of a majority of all outstanding shares of common stock entitled to vote at the meeting will constitute a quorum at the meeting. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted (“shareholder withholding”) with respect to a particular matter. Similarly, a broker may not be permitted to vote stock (“broker non-vote”) held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. The shares subject to a proxy which are not being voted on a particular matter because of either shareholder withholding or broker non-vote will not be considered shares present and entitled to vote on that matter. These shares, however, may be considered present and entitled to vote on other matters and will count for purposes of determining the presence of a quorum if the shares are being voted with respect to any matter at the meeting. If the proxy indicates that the shares are not being voted on any matter at the meeting, the shares will not be counted for purposes of determining the presence of a quorum. Abstentions are voted neither “for” nor “against” a matter but are counted in the determination of a quorum.

How may I vote?

You may vote your shares by mail. Date, sign and return the accompanying proxy in the envelope enclosed for that purpose (to which no postage need be affixed if mailed in the United States). You may specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you.

[Table of Contents](#)

How many votes are needed for approval of each matter?

The election of directors requires a plurality vote of the shares of common stock voted at the meeting. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction of the securities holder to withhold authority, abstentions or a broker non-vote) will not be counted in such nominee's favor. As there are thirteen directors to be elected, the thirteen persons receiving the highest votes will be elected if nominees other than those nominated by the board are presented.

The other proposals must be approved by a majority of the votes cast at the meeting with respect to the proposal. Abstentions and shares deemed present at the meeting but not entitled to vote with respect to each of the proposals (because of either shareholder withholding or broker non-vote) are not deemed voted and therefore will have no effect on such vote. With respect to Proposal II and Proposal III, pursuant to the Amended and Restated Debt Conversion Agreement described below, certain current or former members of our board of directors have agreed to vote the shares of our common stock held by them on the date of the agreement in accordance with the vote of a majority of votes cast at the meeting, excluding the shares held by such parties.

Any other proposal properly brought at the annual meeting must be approved by a majority of the votes cast at the meeting with respect to the proposal.

Annual Report

We previously mailed our Annual Report on Form 10-K for the fiscal year ended December 31, 2003, which includes our audited financial statements, to holders of record on May 28, 2004. We will also provide, without charge, a copy of our Annual Report upon the written request of any person stating that (s)he is a beneficial holder of our common stock. Independence of Directors

Our common stock is listed on the American Stock Exchange. As a result, we follow the rules of the Exchange in determining if a director is independent. The board of directors also consults with our counsel to ensure that the board of directors' determinations are consistent with those rules and all relevant securities and other laws and regulations regarding the independence of directors. Consistent with these considerations, the board of directors affirmatively has determined that Messrs. Frost, Beinstein, Eide, Podell, Genson, Pelton and Rosen will be our independent directors for the upcoming year. The other remaining directors would not be deemed independent under the Exchange's rules because they are currently employed by us or have other prior or existing relationships with us that results in them being deemed not "independent."

Code of Ethics

In February 2004, our board of directors adopted a code of ethics that applies to our directors, officers and employees, as well as those of our subsidiaries. A copy of our code of ethics has been filed as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2003. Requests for copies of our code of ethics should be sent in writing to Investor Relations Department, Ladenburg Thalmann Financial Services Inc., 590 Madison Avenue, 34th Floor, New York, New York 10022.

Board and Committee Information

During the fiscal year ended December 31, 2003, our board of directors met one time and acted by unanimous written consent two times. In 2003, two members of our board of directors attended our annual meeting. Although we do not have any formal policy regarding director attendance at annual shareholder meetings, we attempt to schedule our annual meetings so that all of our directors can attend. In addition, we expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. We have standing nominating, compensation and audit committees of the board of directors. Each of our current directors attended at least 75% of the aggregate number of meetings of the board and of each committee of which he was a member held in 2003.

Nominating Committee Information

Our nominating committee was formed in February 2004 and consists of Henry C. Beinstein and Robert J. Eide, each of whom is an independent director. The nominating committee is responsible for overseeing the selection of persons to be nominated as our directors. The nominating committee considers persons identified by its members, management, investors, investment bankers and others. The nominating committee does not have a written charter, nor does it have any formal criteria for nominees. However, we feel that persons to be nominated should be actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure, and be willing to devote significant time to the promotion of the oversight duties of the board of directors of a public company. For more information regarding our nomination process, see the section entitled "2005 Annual Meeting Shareholder Proposals and Nominations" below.

At the annual meeting to which this proxy relates, the persons to be elected are current executive officers and directors standing for re-election. Additionally, some of the persons to be elected were recommended by our non-management directors currently standing for re-election.

As the nominating committee was not formed until February 2004, it did not meet during the fiscal year ended December 31, 2003.

Compensation Committee Information and Report

The compensation committee was established in November 1999 and is currently comprised of Henry C. Beinstein, Robert J. Eide and Howard M. Lorber. Following the annual meeting, Mr. Lorber will be replaced with Brian S. Genson. The compensation committee is responsible for administering our Annual Incentive Bonus Plan ("Bonus Plan"), our Special Performance Incentive Plan ("Incentive Plan") and our 1999 Performance Equity Plan ("Equity Plan"). During the fiscal year ended December 31, 2003, the compensation committee acted by unanimous written consent three times.

Compensation Committee Report on Executive Compensation

This report is made by our compensation committee, which consists of three non-employee directors. The responsibilities of the committee include:

- establishing the general compensation policy for our executive officers, including our chief executive officer;
- administering our Bonus Plan, Incentive Plan and Equity Plan, each of which is designed to comply with the requirements of Section 162(m) of the Internal Revenue Code; and

Table of Contents

- in administering each of these plans, determining who participates in the plans, establishing performance goals, if any, and determining specific grants and bonuses to the participants.

The committee's executive compensation policies are generally designed to provide competitive levels of compensation that integrate pay with our annual performance and reward above average corporate performance, recognize individual initiative and achievements, and assist us in attracting and retaining qualified executives. Our agreements with our executive officers have generally included compensation in the form of (i) a base salary, which was not anticipated to be the sole component of our executives total annual cash compensation, (ii) brokerage commissions with respect to customer accounts for which such individuals were the designated account representatives, (iii) participation in our Bonus Plan and Incentive Plan that was designed to provide additional cash compensation based upon our achieving specific criteria and performance targets and (iv) a grant of stock options under our Equity Plan.

Our Bonus Plan is a performance-based compensation plan which provides for the payment of bonuses to participants selected by the committee if performance targets established by the committee are met within the specified performance periods. For the fiscal year ended December 31, 2003, the committee determined at the beginning of the period that participating employees would participate in a bonus pool equal to 25% of our net income before taxes and before the accrual of compensation payable under this plan, provided that we achieved a 10% return on equity before taxes at the end of the fiscal year. For the fiscal year ended December 31, 2003, the predetermined target was not met and no awards were made under this plan.

Our Incentive Plan is similar in nature to our Bonus Plan in that participants selected by the committee at the beginning of the year are permitted to receive bonuses upon reaching performance targets established by the committee within specific performance periods, which performance targets can be based upon one or more selected business criteria. For the fiscal year ended December 31, 2003, the committee determined that the participants would be entitled to receive a bonus that is based upon total consolidated revenues provided that specified commission levels are achieved. These bonuses are paid monthly, based on the average monthly revenues to such date. Final awards reflecting the performance for the last month of the fiscal year and the fiscal year overall are not paid until the financial results for the year are reconciled and the committee has approved and certified that the established performance requirements have been achieved. During the fiscal year ended December 31, 2003, the performance targets were achieved and bonuses were paid to the participants based upon percentages established by the committee when it selected the participants.

Our Equity Plan was adopted by our shareholders in August 1999 under which our officers, directors, key employees and consultants are eligible to receive stock options, stock appreciation rights, restricted stock awards and other stock based awards. We may issue grants to executives upon their employment or at subsequent dates based on recommendations made by our senior management to the committee.

Compensation of the Chief Executive Officer

Victor Rivas served as our president and chief executive officer during the fiscal year ended December 31, 2003. Mr. Rivas' base salary for such year was determined in accordance with the employment agreement that we entered into with him in May 2001. Mr. Rivas' base salary was at the rate of \$500,000 per year subject to periodic increases as determined by our board of directors or our compensation committee. As a portion of his compensation for the fiscal year ended December 31, 2003,

Our audit committee was established in November 1999 and is currently comprised of Henry C. Beinstein, Robert J. Eide and Richard J. Lampen, with Mr. Beinstein serving as the chairman of the committee. After the date of this report but prior to the annual meeting, Mr. Lampen will be replaced with Jeffrey S. Podell. Except pursuant to limited exceptions, our audit committee is required by the American Stock Exchange to be made up of at least three "independent directors" who are also "financially literate" as defined in the standards. These listing standards define an "independent director" generally as a person, other than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The listing standards define "financially literate" as being able to read and understand fundamental financial statements (including a company's balance sheet, income statement and cash flow statement).

Financial Expert on Audit Committee

Our board of directors believes that the audit committee has at least one "audit committee financial expert" (as defined in Regulation 240.401(h)(1)(i)(A) of Regulation S-K) serving on its audit committee, such "audit committee financial expert" being Mr. Beinstein. Our board of directors also believes that Mr. Beinstein would be considered an "independent" director under Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934.

Our audit committee has met and held discussions with management and our independent auditors. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). Our independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by our independent auditors. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the board of directors include the audited consolidated financial statements in our annual report on Form 10-K for the fiscal year ended December 31, 2003.

Compensation Arrangements for Executive Officers

Victor M. Rivas was formerly employed by us as our president and chief executive officer under an employment agreement with Ladenburg which would have expired in August 2004. On March 9, 2004, we entered into a severance, waiver and release agreement with Mr. Rivas. Under the severance agreement, effective March 31, 2004, Mr. Rivas retired from all of his positions with us and all of our subsidiaries including Ladenburg. Pursuant to the severance agreement, Mr. Rivas received (i) a lump sum payment of approximately \$449,000 (representing various amounts owed to him under his existing employment agreement) and (ii) continued health benefits under his existing employment agreement until the earlier of his 65th birthday or until he is covered on a comparable basis by another plan.

In connection with Mr. Rivas' retirement, we entered into an employment agreement with Charles I. Johnston pursuant to which Mr. Johnston serves as our president and chief executive officer and as a member of our board of directors and as chairman and chief executive officer of Ladenburg effective as of April 1, 2004. The agreement continues indefinitely until terminated by either party in accordance with the agreement. Under the agreement, Mr. Johnston receives a base salary of \$250,000 per year. Additionally, in connection with his commencing work for us, we paid him a bonus of \$10,417 on April 1, 2004. We also issued Mr. Johnston options to purchase 2,500,000 shares of our common stock at a price of \$0.75 per share, 1,000,000 of which are under our Equity Plan and 1,500,000 of which are outside the plan. The options vest based on Mr. Johnston's continued employment with us in five annual installments commencing on March 9, 2005 and expire on March 8, 2014. The options provide that if a "change of control" (as defined in the Employment Agreement) occurs, all options not yet vested will vest and become immediately exercisable. If Mr. Johnston is terminated by us for any reason other than for cause within the first year of the agreement, we are obligated to pay him \$100,000 and 100,000 of his options will vest. Thereafter, we will be required to pay him a full year's base salary if we terminate his employment. The employment agreement also provides that Mr. Johnston will not compete with us or any of our subsidiaries in any company that is materially involved in the retail brokerage business for a period of one year from the date of his termination.

Salvatore Giardina is currently employed by us as our executive vice president and chief financial officer until April 1, 2005 under an employment agreement with Ladenburg. The employment agreement provides for an annual base salary of approximately \$214,000 subject to periodic increases and discretionary bonuses as determined by our board of directors or our compensation committee. If Mr. Giardina is terminated by us for any reason other than for cause during the term of the agreement, we are obligated to pay him the remainder of his salary during the term of the agreement as a lump sum payment. The agreement provides that Mr. Giardina will not, for a period of one year from the date of his termination, solicit or induce any director, officer or employee of us or our subsidiaries to terminate such person's employment or to become employed by any other corporation or business.

Effective December 31, 2002, we entered into an amendment to Richard Rosenstock's employment agreement that provided for him to no longer be employed by us. However, he will continue to be employed by Ladenburg as a registered representative until December 31, 2005. Mr. Rosenstock, a member of our board of directors and our former vice chairman and chief operating officer, received \$25,000 upon signing of the amendment, a monthly base salary of approximately \$17,000 for the first year of the agreement and a monthly base salary of \$15,000 for the duration of the agreement. Additionally, Mr. Rosenstock will receive 50% of all of his retail brokerage production for the term of the

[Table of Contents](#)

agreement and 15% of any compensation received by Ladenburg or any of its affiliates as a finders fee for any corporate finance transactions entered into within 18 months after the introduction by Mr. Rosenstock to Ladenburg. He is no longer entitled to participate in the Incentive Plan and Bonus Plan. The agreement provides that Mr. Rosenstock will not compete with us or our subsidiaries for a period of one year from the date of his termination, but allows him to deal with any of his prior or then existing customers or clients without any restriction. The signing bonus and base salary are considered a buy-out for accounting purposes, and accordingly, a total of \$590,000 was accrued as of December 31, 2002 and included in operating expenses for 2002.

Messrs. Zeitchick and Mangone, our former executive vice presidents, were previously employed by us and Ladenburg Capital Management pursuant to five-year employment agreements dated August 24, 1999. Effective December 31, 2003, we entered into amendments to each of Messrs. Zeitchick's and Mangone's agreements that provided for them to terminate their employment with us as our executive vice presidents. The amendments provided for each of them to be employed with Ladenburg as a registered representative until August 31, 2004. Messrs. Zeitchick and Mangone each received a monthly base salary of approximately \$4,000 and was entitled to continue to participate in our Bonus Plan as well as receive an override (as defined in our Incentive Plan) at a rate of 0.25335%. They also received a 50% payout on all of their retail brokerage production in accordance with Ladenburg's standard procedures and will receive 15% of all compensation received by Ladenburg or any of its affiliates as a finders fee for any corporate finance transactions entered into within 18 months after the introduction by them to Ladenburg. We have been continuing to employ Messrs. Zeitchick and Mangone on a month to month basis under the same terms as the agreement provided. Additionally, each received \$7,684 representing 20% of the amounts paid to Ladenburg Capital Fund Management, the general partner of the Ladenburg Focus Fund, as performance, management and other fees in connection with the fund during or relating to the year ended December 31, 2003. The agreements provide that Messrs. Zeitchick and Mangone will not compete with us or our subsidiaries for a period of one year from the date of their termination, but allows them to deal with any of their prior or then existing customers or clients without any restriction. The remaining salary payable under these amended employment agreements is considered a buy-out for accounting purposes, and accordingly, a total of \$60,000 was accrued as of December 31, 2003 and included in operating expenses for 2003.

Compensation Arrangements for Directors

Directors who are employees of ours receive no cash compensation for serving as directors. Our non-employee directors receive annual fees of \$15,000, payable in quarterly installments, for their services on our board of directors, and members of our audit committee and compensation committee each receive an additional annual fee of \$10,000 and \$5,000, respectively. In addition, each director receives five hundred dollars per meeting that he attends. Additionally, upon their election or re-election, as the case may be, we grant our non-employee directors ten-year options under our 1999 Performance Equity Plan to purchase 20,000 shares of our common stock at fair market value on the date of grant. All of our directors are reimbursed for their costs incurred in attending meetings of the board of directors or of the committees on which they serve.

(1) The estimated present value at grant date of the options granted to such individual has been calculated using the Black-Scholes option pricing model, based upon the following assumptions: volatility of 103.20%, a risk-free rate of 4.27%, an expected life of 10 years, a dividend rate of 0% and no forfeiture. The approach used in developing the assumptions upon which the Black-Scholes valuation was done is consistent with the requirements of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation."

The following table sets forth the fiscal year-end option values of outstanding options at December 31, 2003, and the dollar value of unexercised, in-the-money options for our Named Executive Officers. There were no stock options exercised by any of the Named Executive Officers in 2003.

Annual Incentive Bonus Plan

On August 23, 1999, our shareholders adopted the Annual Incentive Bonus Plan, which is a performance-based compensation plan for our executive officers and other key employees. The plan is administered by our compensation committee and is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code. Under this plan, bonuses are paid to participants selected by our compensation committee if performance targets established by our compensation committee are met within the specified performance periods. For the fiscal year ended December 31, 2003 and for the fiscal year ending December 31, 2004, our compensation committee determined that participating employees would share in a bonus pool equal to 25% of our net income before taxes and before the accrual of compensation payable under this plan provided that we achieve a 10% return on equity before taxes at the end of the fiscal year. The maximum award payable annually to any participant under this plan was limited to a percentage of the bonus pool created and was subject to the maximum limit of \$5,000 for any person. The maximum award available to Victor M. Rivas under the Plan was limited to 32.5% of the Pool and the maximum award available to any other participant under the plan was limited to 22.5% of the Pool. No awards were made under the Bonus Plan for fiscal 2003 to Messrs. Rivas, Zeitchick and Mangone, the participants in the Bonus Plan for 2003. The compensation committee has selected Messrs. Zeitchick and Mangone to participate in the Bonus Plan for fiscal 2004.

Special Performance Incentive Plan

On August 23, 1999, our shareholders adopted our Special Performance Incentive Plan. The Incentive Plan is similar in nature to the Bonus Plan in seeking to provide performance-based

[Table of Contents](#)

compensation within the meaning of Section 162(m) of the Internal Revenue Code. Executive officers and key employees selected by our compensation committee may receive bonuses upon reaching performance targets established by our compensation committee within specific performance periods, which performance targets may be based upon one or more selected business criteria. For the fiscal year ended December 31, 2003 and for the fiscal year ending December 31, 2004, the compensation committee has determined that participants are entitled to receive an incentive award that is based on our total consolidated revenues provided that specified commission levels are achieved. Awards are payable monthly, based on the average monthly revenues to such date. However, final awards reflecting the performance for the last month of the fiscal period and the fiscal period overall are not paid until all financial results for the year are reconciled and the compensation committee has approved and certified that the established performance requirements have been achieved. The maximum award payable for any fiscal period to any participant is the lesser of \$5,000,000 or a set percentage for the individual participants as disclosed elsewhere in this report. Messrs. Zeitchick and Mangone received bonuses under the Incentive Plan for fiscal 2003 as disclosed in the Summary Compensation table above. The compensation committee has determined that Messrs. Zeitchick and Mangone will currently be entitled to participate in this plan for fiscal 2004.

1999 Performance Equity Plan

On August 23, 1999, our shareholders adopted the 1999 Performance Equity Plan covering 3,000,000 shares of our common stock, under which our officers, directors, key employees and consultants are eligible to receive incentive or non-qualified stock options, stock appreciation rights, restricted stock awards, deferred stock, stock reload options and other stock based awards. On May 7, 2001, our shareholders approved an amendment increasing the number of shares available for issuance under the plan to 5,500,000 shares. On November 6, 2002, our shareholders approved another amendment increasing the number of shares available for issuance under the plan to 10,000,000 shares. The Equity Plan will terminate when no further awards may be granted and awards granted are no longer outstanding, provided that incentive options may only be granted until May 26, 2009. The plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code and is administered by our compensation committee. To the extent permitted under the provisions of the plan, the compensation committee has authority to determine the selection of participants, allotment of shares, price, and other conditions of awards.

Ladenburg Thalmann Financial Services Inc. Employee Stock Purchase Plan

In November 2002, our shareholders approved the "Ladenburg Thalmann Financial Services Inc. Employee Stock Purchase Plan," under which a total of 5,000,000 shares of common stock are available for issuance. Under this stock purchase plan, as currently administered by the compensation committee, all full-time employees may use a portion of their salary to acquire shares of our common stock. Option periods have been initially set at three months long and commence on January 1st, April 1st, July 1st and October 1st of each year and end on March 31st, June 30th, September 30th and December 31st of each year. On the first day of each option period, known as the "date of grant," each participating employee is automatically granted an option to purchase shares of our common stock to be automatically exercised on the last trading day of the three-month purchase period comprising an option period. The last trading day of an option period is known as an "exercise date." On the exercise date, the amounts withheld will be applied to purchase shares for the employee from us. The purchase price will be the lesser of 85% of the last sale price of our common stock on the date of grant or on the exercise date. The plan became effective November 6, 2002 and as of the date of this proxy statement, 2,378,064 shares of common stock have been issued under it.

Equity Compensation Plan Information

[Table of Contents](#)

The following table sets forth certain information at December 31, 2003 with respect to our equity compensation plans that provide for the issuance of options, warrants or rights to purchase our securities.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (excluding securities reflected in the first column)
Equity Compensation Plans Approved by Security Holders	5,453,030	\$ 1.76	4,546,970
Equity Compensation Plans Not Approved by Security Holders	200,000	\$ 1.00	-0-

On August 31, 2001, New Valley and Frost-Nevada each loaned us \$1,000,000. As consideration for the loans, we issued to each of them a five-year, immediately exercisable warrant to purchase 100,000 shares of our common stock at an exercise price of \$1.00 per share. These two warrants were our only equity compensation “plans” not approved by our shareholders at December 31, 2003.

Stock Price Performance Graph

The graph below compares the cumulative total return of our common stock from January 1, 1998 through December 31, 2003 with the cumulative total return of companies comprising the Amex Composite Index (formerly the Amex Market Value Index) and a peer group selected by us based on comparative revenue. The graph plots the growth in value of an initial investment of \$100 in each of our common stock, the Amex Composite Index and the peer groups selected by us over the indicated time periods, and assuming reinvestment of all dividends, if any, paid on our the securities. We have not paid any cash dividends and, therefore, the cumulative total return calculation for us is based solely upon stock price appreciation and not upon reinvestment of cash dividends. The stock price performance shown on the graph is not necessarily indicative of future price performance.

Our peer group is comprised of companies engaged in the same business that we are, each with revenues comparable to ours, and consists of the following companies: First Albany Companies, Inc., First Montauk Financial Corp., The John Nuveen Co., Kirlin Holding Corp., Crown Financial Group, Inc. (formerly M.H. Meyerson & Co., Inc.), Olympic Cascade Financial Corp., Paulson Capital Corp., Siebert Financial Corp. and Stifel Financial Corp.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers, directors and persons who beneficially own more than ten percent of our common stock to file reports of ownership and changes in ownership with the SEC. These reporting persons are also required to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of these forms furnished to us and representations that no other reports were required, all Section 16(a) reporting requirements were complied with during the fiscal year ending December 31, 2003.

Certain Relationships and Related Transactions

On May 7, 2001, we consummated the stock purchase agreement, as amended, with New Valley, Berliner Effektengesellschaft AG and Ladenburg in which we acquired all of the outstanding common stock of Ladenburg. This transaction, the subsequent repurchase of the senior convertible promissory note held by Berliner and the proposed conversion of our remaining outstanding senior convertible promissory notes are described in greater detail under Proposal II below.

Prior to the consummation of the acquisition of the outstanding common stock of Ladenburg, New Valley maintained office space at Ladenburg's principal offices. In connection with the consummation of the transaction, New Valley entered into a license agreement with Ladenburg in which New Valley would continue to occupy this space at no cost to New Valley. The license agreement is for one year and is automatically renewed for successive one-year periods unless terminated by New Valley. The space, which is not currently occupied by New Valley, has been subleased by Ladenburg to an unaffiliated third party through June 30, 2010.

From June 2001 until October 2002, J. Bryant Kirkland III, the vice president, treasurer and chief financial officer of New Valley, served as our chief financial officer and New Valley did not allocate any expense to us for his services. In December 2002, we accrued compensation for Mr. Kirkland's services, in the amount of \$100,000 which was paid in four quarterly installments of \$25,000, commencing April 1, 2003.

On March 27, 2002, we borrowed \$2,500,000 from New Valley. The loan, which bears interest at 1% above the prime rate, was due on the earlier of December 31, 2003 or the completion of one or more equity financings where we receive at least \$5,000,000 in total proceeds. The terms of the loan restrict us from incurring or assuming any indebtedness that is not subordinated to the loan so long as the loan is outstanding. On July 16, 2002, we borrowed an additional \$2,500,000 from New Valley on the same terms as the March 2002 loan. In November 2002, we completed the renegotiation of our clearing agreement with one of our clearing brokers whereby this clearing broker became our primary clearing broker, clearing substantially all of our business. As part of the new agreement with this clearing broker, an affiliate of the clearing broker loaned us an aggregate of \$3,500,000 in December 2002. In connection with these loans, New Valley agreed to extend the maturity of its loans to December 31, 2006 and to subordinate its loans to the repayment of the loans made by the affiliate of our clearing broker.

On October 8, 2002, we borrowed an additional \$2,000,000 from New Valley. The loan, which bore interest at 1% above the prime rate, matured on the earliest of December 31, 2002, the next business day after we received our federal income tax refund for the fiscal year ended September 30, 2002, and the next business day after we received a loan from an affiliate of our clearing broker in connection with the conversion of additional clearing business to this broker. This loan was repaid in December 2002 upon receipt of the loans made by the affiliate of our clearing broker.

[Table of Contents](#)

In September 2004, we borrowed an additional \$500,000 from each of New Valley and Frost-Nevada and in November 2004, we borrowed an additional \$1,250,000 from each of New Valley and Frost-Nevada. The loans, which bear interest at 2% above the prime rate, mature on the earlier of January 15, 2006 and the tenth business day following the consummation of one or more debt or equity financings whereby we receive at least \$10 million in aggregate gross proceeds. The entire principal amount plus accrued interest on these loans may be converted, at the option of the holders, into any securities we sell in such financing. Accordingly, these loans may be converted into our Private Placement described below in Proposal III at the option of the holders. Alternatively, we anticipate repaying these loans following consummation of the Private Placement.

In December 2004, Dr. Phillip Frost and an affiliate of New Valley each loaned Ladenburg Thalmann & Co. \$2.0 million under temporary subordinated loan agreements. These loans were repaid by Ladenburg Thalmann & Co. in December 2004 with interest at 2% above the prime rate.

We may from time to time borrow additional funds on a short-term basis from New Valley or from other parties, including our shareholders and clearing brokers, on terms which will be no less favorable than we could obtain from an unaffiliated third party in order to supplement the liquidity of our broker-dealer operations.

Howard Lorber is chairman of the board of directors of Hallman & Lorber Associates, Inc., a private consulting and actuarial firm, and related entities, which receive commissions from insurance policies written for us. These commissions amounted to approximately \$48,000 in 2003.

Several members of the immediate families of our executive officers and directors are employed as registered representatives of Ladenburg. As such, they receive a percentage of commissions generated from customer accounts for which they are designated account representatives and are eligible to receive bonuses in the discretion of management. The arrangements we have with these individuals are similar to the arrangements we have with our other registered representatives. Richard Sonkin, the brother-in-law of Richard J. Rosenstock, received approximately \$248,000 in compensation during 2003. Steven Zeitchick, the brother of Mark Zeitchick, received \$329,000 in compensation during 2003. It is anticipated that each of these individuals will receive in excess of \$60,000 in compensation from us in 2004.

PROPOSAL II

DEBT CONVERSION

On November 15, 2004, we entered into an Amended and Restated Debt Conversion Agreement. Pursuant to the Amended and Restated Debt Conversion Agreement, New Valley and Frost-Nevada will convert their notes into approximately 19,663,000 and 31,517,000 shares of common stock, respectively, at reduced conversion prices of \$0.50 per share for New Valley (from \$2.0836498 per share) and \$0.40 per share for Frost-Nevada (from \$1.5390594 per share) for an weighted average conversion price of approximately \$0.44 per share (the “Weighted Average Conversion Price”). Additionally, pursuant to the Amended and Restated Debt Conversion Agreement, New Valley and Frost-Nevada have each agreed to purchase up to a maximum of \$5,000,000, or 11,111,111 shares of common stock, not subscribed for in our Private Placement (described below under Proposal III) at a purchase price of \$0.45 per share (“Standby Price”).

A copy of the Amended and Restated Debt Conversion Agreement is attached hereto as **Appendix A**. You are urged to read the Amended and Restated Debt Conversion Agreement and the other attachments carefully. It is contemplated that the conversion will be consummated promptly after the meeting if shareholders approve this proposal.

Background

On May 7, 2001, we consummated the stock purchase agreement, as amended, with New Valley Corporation, Berliner Effektengesellschaft AG and Ladenburg Thalmann & Co. Inc. in which we acquired all of the outstanding common stock of Ladenburg. As partial consideration for the common stock of Ladenburg, we issued:

- 18,598,098 shares of common stock and \$8.01 million aggregate principal amount of our senior convertible promissory notes due December 31, 2005, convertible into 3,844,216 shares of common stock, to New Valley; and
- 4,620,501 shares of common stock and \$1.99 million aggregate principal amount of our senior convertible promissory notes due December 31, 2005, convertible into 955,055 shares of common stock, to Berliner.

We also paid New Valley and Berliner \$8.01 million and \$1.99 million in cash, respectively. The cash portion of the consideration paid to New Valley and Berliner was obtained pursuant to a loan agreement with Frost-Nevada Limited Partnership under which Frost-Nevada provided us with \$10.0 million in cash in exchange for \$10.0 million aggregate principal amount of our senior convertible promissory notes due December 31, 2005, convertible into 6,497,475 shares of common stock. These notes were subsequently transferred to Frost-Nevada Investments Trust.

The note issued to New Valley bears interest at a rate of 7.5% per year, payable quarterly, and is secured by a pledge of the shares of common stock of Ladenburg Thalmann & Co. The note is convertible, in whole or in part, at any time, into that number of shares of common stock determined by dividing the principal and interest to be converted by the “conversion price.” The “conversion price” is \$2.0836498 and is subject to anti-dilution adjustment for stock splits, dividends and other similar events. Additionally, if, during any period of 20 consecutive trading days, the closing sale price of our common stock is at least \$8.00, the principal and all accrued interest on the note will be automatically converted into shares of common stock at the conversion price then in effect. The note also provides that if a

[Table of Contents](#)

change of control occurs, as defined in the note, we must offer to purchase the note at a purchase price equal to the unpaid principal amount of the note and the accrued interest.

The note issued to Frost-Nevada has the same terms as the note issued to New Valley, except that the conversion price of the note is \$1.5390594 and it pays interest at a rate of 8.5% per year. The notes issued to New Valley, Berliner and Frost-Nevada were also secured by a pledge of the shares of common stock of Ladenburg Thalmann & Co.

On June 28, 2002, New Valley and Frost-Nevada agreed with us to forbear until May 15, 2003 payment of the interest due to them under the senior convertible promissory notes held by them on the interest payment dates of the notes commencing on June 30, 2002 through March 2003. On March 3, 2003, these parties agreed to extend the interest forbearance period to January 15, 2005 with respect to interest payments due through December 31, 2004. In connection with the execution of the Amended and Restated Debt Conversion Agreement, these parties again agreed to extend the interest forbearance period to May 13, 2005 with respect to interest payments due through March 31, 2005. Interest on the deferred amounts accrues at 8% on the New Valley note and 9% on the Frost-Nevada note. We also agreed to apply any net proceeds from any subsequent public offerings to any such deferred amounts owed to the holders of the notes to the extent possible.

Although the holders of our outstanding senior convertible promissory notes had agreed to the forbearance described above, our outstanding indebtedness resulted in a negative net worth and continued to negatively impact our operations, including our ability to attract and retain brokers. Our negative net worth has also had an effect on our continued listing with the American Stock Exchange, which requires us to maintain certain minimum levels of stockholders' equity that we are unable to maintain due in part to our outstanding indebtedness. As a result, we determined to have several members of our management initiate discussions with the note holders in an attempt to explore possible solutions to our highly leveraged status.

After continued negotiations over several months, we were ultimately able to reach agreements with the holders of our senior convertible promissory notes. On March 29, 2004, we entered into an agreement with Berliner pursuant to which we repurchased the note held by Berliner, plus all accrued but unpaid interest thereon, for \$1,000,000 in cash, and such note was immediately retired. The note issued to Berliner had the same terms that the note issued to New Valley had and Berliner had agreed to the same forbearance terms as New Valley and Frost-Nevada did until its repurchase. Also on March 29, 2004, we entered into the Debt Conversion Agreement with New Valley and Frost-Nevada. Pursuant to the original Debt Conversion Agreement, New Valley and Frost-Nevada had agreed to convert the entire principal and all accrued but unpaid interest thereon into our common stock at conversion prices of \$0.70 per share (for Frost-Nevada) and \$1.10 per share (for New Valley), or a weighted average conversion price of \$0.83 per share. However, as a result of various capital related issues that recently affected us, our financial condition further deteriorated and we were forced to seek additional financing from New Valley and Frost-Nevada. Accordingly, each loaned us \$500,000 in September 2004 and \$1,250,000 in November 2004. In connection with the foregoing, we also commenced discussions with New Valley and Frost-Nevada regarding a further reduction in the conversion prices pursuant to the Debt Conversion Agreement and New Valley and Frost-Nevada purchasing additional shares of our common stock. After reviewing the foregoing issues and having subsequent discussions with representatives of New Valley and Frost-Nevada, we ultimately entered into the Amended and Restated Debt Conversion Agreement that called for a further reduction in the conversion prices to \$0.50 per share for New Valley and \$0.40 per share for Frost-Nevada and provided for New Valley and Frost-Nevada to each purchase up to \$5,000,000 of our common stock.

The Amended and Restated Debt Conversion Agreement was approved by our board of directors on October 29, 2004 with Messrs. Beinstein, Eide, Frost, Lampen and Lorber abstaining due to their affiliations with New Valley or Frost-Nevada. For more information on the events surrounding our board's approval of the Amended and Restated Debt Conversion Agreement, see the section entitled "Additional Information Relating to Proposal II and Proposal III" below.

Amended and Restated Debt Conversion Agreement

[Table of Contents](#)

On November 15, 2004, we entered into the Amended and Restated Debt Conversion Agreement with New Valley and Frost-Nevada. The Amended and Restated Debt Conversion Agreement contains customary representations and warranties for transactions of this nature made by each of the parties and is subject to approval by our shareholders. Pursuant to the agreement:

- each of New Valley and Frost-Nevada agreed that, if investors other than New Valley and Frost-Nevada do not subscribe for all of the shares of common stock being offered in the Private Placement by the day immediately following the annual meeting (or such earlier date as agreed to by the parties), it will subscribe for an amount of shares of common stock equal to \$5,000,000 less fifty percent of the amount by which the aggregate purchase price of shares of common stock subscribed for by other investors exceeds \$10,000,000 on terms no less favorable than those offered to other investors in the Private Placement. For instance, if other investors in the Private Placement commit to purchase an aggregate of \$11,000,000 of shares, New Valley and Frost-Nevada will each commit to purchase \$4,500,000 of shares. Alternatively, if other investors commit to purchase an aggregate of only \$9,000,000 of shares, New Valley and Frost-Nevada will each commit to purchase \$5,000,000 of shares;
- we agreed to cause the shares of common stock to be issued to New Valley and Frost-Nevada to be listed on the American Stock Exchange;
- we agreed to file, and use reasonable best efforts to cause to be declared effective by the SEC, a registration statement to register the shares of common stock to be received by New Valley and Frost-Nevada as a result of the transactions for resale pursuant to the Securities Act of 1933, as amended;
- each of Bennett S. LeBow, Howard M. Lorber, Richard J. Lampen, Henry C. Beinstein and Robert J. Eide agreed to vote the shares of our common stock held by them on the date of the agreement in accordance with the vote of a majority of votes cast at the meeting, excluding the shares held by such parties; and
- we agreed to pay the all costs and expenses incurred by New Valley and Frost-Nevada with respect to the negotiation, execution, delivery and performance of the agreement, including reasonable attorneys' fees, any expenses incurred by them in connection with any filings needed to be made with the SEC and any expenses incurred by them in connection with their review and due diligence of the registration statement, as well as to reimburse or advance to them any costs and expenses incurred by them in connection with the engagement of a nationally recognized appraiser to perform an appraisal of the value of the shares of common stock they receive pursuant to the Amended and Restated Debt Conversion Agreement for purposes of preparing their tax returns.

Although we will not receive any proceeds from the issuance of our common stock upon conversion of the senior convertible promissory notes, we will immediately retire, without the payment of additional consideration, the debt attributable to the notes converted. We currently anticipate recording a pre-tax charge in 2004 of approximately \$19,100,000 in our statements of operations reflecting the expense attributable to the reduction in the conversion price of the senior convertible promissory notes to be converted following the debt conversion. After giving effect to this loss, the issuance of common stock upon conversion of the notes and the assumed equity investment of \$10,000,000 by New Valley and Frost-Nevada, the net balance sheet effect of the transactions will be an increase in our shareholders' equity of approximately \$32,000,000.

Fairness Opinion

In connection with our entering into the Amended and Restated Debt Conversion Agreement, we engaged Capitalink, L.C. to deliver a written opinion stating that, as of the date of such opinion, based upon and subject to the assumptions made, matters considered, and limitations on its review as set forth in the opinion, the Weighted Average Conversion Price and Standby Price were fair, from a financial point of view, to our unaffiliated shareholders. Following a formal presentation by Capitalink setting forth the analyses that Capitalink had performed in examining the proposed transactions, it issued such an opinion.

The full text of the written opinion of Capitalink is attached as Appendix B and is incorporated by reference into this proxy statement. You are urged to read the Capitalink opinion carefully and in its entirety for a description of the assumptions made, matters considered, procedures followed and limitations on the review undertaken by Capitalink in rendering its opinion. The summary of the Capitalink opinion set forth in this proxy statement is qualified in its entirety by reference to the full text of the opinion. The Capitalink opinion is not intended to be and does not constitute a recommendation to you as to how you should vote with respect to the transaction. Capitalink was not requested to opine as to, and its opinion does not address, our underlying business decision to proceed with or effect the transaction. Further, Capitalink was not asked to consider, and its opinion does not address, the relative merits of the transaction as compared to any alternative business strategy that we might pursue. Capitalink was not engaged to seek alternatives to the transaction that might exist for us.

Capitalink is an investment banking firm that, as part of its investment banking business, regularly is engaged in the evaluation of businesses and their securities in connection with mergers, acquisitions, corporate restructurings, private placements, and for other purposes. Capitalink does not beneficially own any interest in us. Our special committee determined to use the services of Capitalink because it is a recognized investment banking firm that has substantial experience in similar matters. Capitalink has received a fee of \$72,000 in connection with the preparation and issuance of its opinion and previously received a fee of \$80,000 in connection with the preparation and issuance of its opinion in March 2004 for the original Debt Conversion Agreement that was never consummated. In addition, we have agreed to indemnify Capitalink for certain liabilities that may arise out of the rendering of the opinion. Capitalink does not beneficially own any interest in our company.

In arriving at its opinion, Capitalink took into account an assessment of general economic, market and financial conditions as well as its experience in connection with similar transactions and securities valuations generally. In so doing, among other things, Capitalink reviewed and/or analyzed:

- publicly available financial information and other data with respect to our company, including our Annual Report on Form 10-K for the year ended December 31, 2003, our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2004, our Current Reports on Form 8-K, dated February 19, 2004, July 21, 2004, September 15, 2004 and September 20, 2004, and our Preliminary Proxy Statement filed May 19, 2004;
- board of directors and committee minutes with respect to our company;

Capitalink also performed such other analyses and examinations as were deemed appropriate and held discussions with our senior management, members of our special committee as well as our full board and discussed with them certain financial and operating information furnished by them, including financial analyses with respect to our business and operations.

In arriving at its opinion, Capitalink relied upon and assumed the accuracy and completeness of all of the financial and other information that was used without assuming any responsibility for any independent verification of any such information and further relied upon the assurances of our management that it is not aware of any facts or circumstances that would make any such information inaccurate or misleading. Capitalink did not make a physical inspection of our properties and facilities and did not make or obtain any evaluations or appraisals of our assets and liabilities (contingent or otherwise). Capitalink did not attempt to confirm whether we have good title to our assets. Capitalink assumed that the transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. Capitalink assumed that the transaction will be consummated substantially in accordance with the terms set forth, without any further amendments thereto, and without waiver by us of any of the conditions to any obligations, or in the alternative that any such amendments, revisions or waivers thereto will not be detrimental to our unaffiliated shareholders.

Capitalink's opinion is necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of, October 18, 2004. Accordingly, although subsequent developments may affect its opinion, Capitalink has not assumed any obligation to update, review or reaffirm its opinion.

The estimates contained in Capitalink's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than those suggested by such analyses. In addition, analyses relating to the value of businesses or securities do not necessarily purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, Capitalink's analyses and estimates are inherently subject to substantial uncertainty.

Each of the analyses conducted by Capitalink was carried out in order to provide a different perspective on the transaction, and to enhance the total mix of information available. Capitalink did not form a conclusion as to whether any individual analysis, considered in isolation, supported or failed to support an opinion as to the fairness, from a financial point of view, of the purchase price to our unaffiliated shareholders. Capitalink did not place any particular reliance or weight on any individual analysis, but instead concluded that its analyses, taken as a whole, supported its determination. Accordingly, Capitalink believes that its analyses must be considered as a whole and that selecting portions of its analyses or the factors it considered, without considering all analyses and factors collectively, could create an incomplete and misleading view of the process underlying the analyses performed by Capitalink in connection with the preparation of its opinion.

The financial review and analyses include information presented in tabular format. In order to fully understand Capitalink's financial review and analyses, the tables must be read together with the text presented. The tables alone are not a complete description of the financial review and analyses and considering the tables alone could create a misleading or incomplete view of Capitalink's financial review and analyses.

Further, the summary of Capitalink's analyses described below is not a complete description of the analyses underlying Capitalink's opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Capitalink made qualitative judgments as to the relevance of each analysis and factor that it considered. In addition, Capitalink may have given various analyses more or less weight than other analyses, and may have deemed various assumptions more or less probable than other assumptions, so that the range of valuations resulting from any particular analysis described above should not be taken to be Capitalink's view of our actual value. In performing its analyses, Capitalink made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond our control. The analyses performed by Capitalink are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by such analyses. In addition, analyses relating to the value of businesses or assets do not purport to be appraisals or to necessarily reflect the prices at which businesses or assets may actually be sold.

The analyses performed were prepared solely as part of Capitalink's analysis of the fairness of the conversion price and the purchase price of the purchase commitment by New Valley and Frost-Nevada, from a financial point of view, to our unaffiliated shareholders, and were provided to our special committee in connection with the delivery of Capitalink's opinion. The opinion of Capitalink was just one of the many factors taken into account by the special committee and our board of directors in making its determination to approve the transactions.

Pro Forma Capitalization Review. Capitalink analyzed the pro forma impact of the transaction to our book value and securities ownership as of September 30, 2004 and December 31, 2004 (the initial estimated closing date of the transaction). Based on pro forma information as of September 30, 2004, our net book value per share would increase from \$(0.49) per share to \$(0.01) per share after the debt conversion. The proposed minimum and maximum Private Placement of between \$10 million and \$20 million, respectively, would further increase our net book value per share to between \$0.08 and \$0.13.

Based on pro forma numbers as of December 31, 2004, our net book value per share would increase from \$(0.54) per share to \$(0.03) per share after the debt conversion. The proposed minimum and maximum Private Placement of \$10 million and \$20 million, respectively, would further increase our net book value per share to between \$0.06 and \$0.12.

Pro Forma Securities Ownership Review. Capitalink analyzed the transaction and its impact on our common stock ownership.

Capitalink analyzed the pro forma impact of the transaction to our securities ownership as of September 30, 2004 and December 31, 2004 (the initial estimated closing date of the transaction). Based on pro forma information as of September 30, 2004, it was assumed approximately 50.161 million shares would be issued to New Valley and Frost-Nevada thereby increasing their combined beneficial ownership from 20.2% under current conversion terms to 49.8%, respectively, on a fully diluted basis.

[Table of Contents](#)

Based on pro forma information as of December 31, 2004, it was assumed approximately 51.162 million shares would be issued to New Valley and Frost-Nevada thereby increasing their combined beneficial ownership from 20.4% under current conversion terms to 50.1%, respectively, on a fully diluted basis.

Capitalink noted that the Private Placement of between \$10 million and \$20 million would increase or further dilute the ownership percentage of all existing shareholders, including that of New Valley and Frost-Nevada, depending on the participants in the offering.

Financial Performance Analysis. Capitalink undertook analyses of our historical and financial data in order to understand and interpret our operating and financial performance and strength.

Capitalink reviewed our historical financial data from our public filings for the four years ended December 31, 2003 and our financial statements for the six months ended June 30, 2004. Our revenue and earnings were adjusted to remove any unusual or extraordinary sources of revenue and expenses. The adjustments provide a more accurate portrayal of our underlying earnings. Capitalink noted the following:

- Revenue fell significantly over the reviewed period — from a high of \$93.9 million in 2001 to \$61.4 million in 2003. Revenue for the last twelve months ended June 30, 2004 was \$54.3 million. The fall in revenue was primarily due to several factors including the general downturn in the economy, the events of 9/11 and the reduction in our investment banking and market making activities.
- The portion of revenue derived from brokerage commissions has steadily risen over the last four years from 36.9% in 2000 to 69.0% in 2003. The steady rise in this percentage is due to the reduction in our investment banking and market marking activities.
- Our adjusted earnings before interest, taxes, depreciation and amortization (“EBITDA”) has been extremely volatile over the past five years and has ranged from a high of \$7.5 million for 2000 to \$(20.9) million for 2002. Our losses in 2002 were primarily attributable to the significant downturn in the economy and broker-dealer activities compounded by the events of 9/11.
- During fiscal 2003, we managed to reduce costs and losses significantly. However, with additional restructuring expenses and the continual decline in our revenue, EBITDA losses for the latest twelve month period ended June 30, 2004 was approximately \$(3.9) million.
- We were significantly leveraged as our interest bearing debt as of June 30, 2004 was approximately \$33.4 million and we had a net worth (deficit) of approximately (\$20.4) million. Based on our historical performance, there was a question whether we would have the ability to pay accrued interest due January 15, 2005 or principal payments due December 2005 on our senior convertible notes.
- The continuing operating losses, litigation payments and capital requirements necessitated that we raise additional capital in addition to restructure our outstanding debt.
- In September 2004, we borrowed \$500,000 each from New Valley and Frost-Nevada.

Market Performance Analysis. Capitalink utilized a historical stock price analysis to review and compare our stock performance to the general market indices and a selected peer group. In addition, Capitalink reviewed the liquidity of our common stock in the public trading markets.

Capitalink reviewed the daily closing market price and trading volume of our common stock for the twenty four month period and the twelve month periods ended October 15, 2004. Capitalink compared the daily closing market price performance of our common stock to both the comparable companies (noted below) and the Russell 3000 Index for both periods. Capitalink also calculated total trading volumes at various closing price ranges. In addition, the number of trading days, and the respective percentages, at certain trading volumes, were set forth.

Capitalink noted that for the 24 month period:

- Our common stock experienced limited liquidity with average and median daily number of shares traded at 87,580 and 43,800, respectively.
- Our average price was \$0.46, and ranged from a high of \$1.70 to a low of \$0.05 over the period. Our common stock closed at \$0.54 on October 15, 2004.
- Our common stock rose 200.0%, while the Comparable Companies index rose 309.0% and the Russell 3000 Index rose 32.4%.

Capitalink also noted that for the 12 month period:

- Our common stock experienced limited liquidity with the average and median daily number of shares traded at 91,902 and 58,800, respectively.
- Our average share price was \$0.72 and ranged from high of \$1.70 to a low of \$0.37 over the period.
- Our common stock underperformed relative to the Comparable Companies and the general market index. Our common stock fell 5.3%, while the Comparable Companies index rose 96.6% and the Russell 3000 Index rose 0.9%.

Valuation Overview. The following table provides a summary of the range of indicated values for each of the analyses used by Capitalink.

Methodology	Indicated Equity Value		
	Per Share		
Comparable Company Analysis	\$ 0.21	–	\$ 0.35
Comparable Transaction Analysis	\$ 0.34	–	\$ 0.51
Discounted Cash Flow Analysis	\$ 0.02	–	\$ 0.47

Selected Comparable Company Analysis. Capitalink utilized the selected comparable company analysis, a market valuation approach, for the purposes of compiling guidelines or comparable company statistics and developing valuation metrics based on prices at which stocks of similar companies are trading in a public market.

The selected comparable company analysis compares the trading multiples of us with those of other publicly traded companies that are similar with respect to business model, operating sector, size and

[Table of Contents](#)

target customer base. Capitalink located six companies that it deemed comparable to us with respect to their industry sector and operating model (the “Comparable Companies”). All of the Comparable Companies are regional based broker-dealers classified under the Standard Industrial Classification Code associated with security brokers, dealers and floatation companies. The Comparable Companies utilized were Stifel Financial Corp., MCF Corp., Westech Capital Corp., Paulson Capital Corp., Kirlin Holding Corp., and vFinance, Inc.

Based on size (in terms of total invested capital, enterprise value and revenue), we approximated the average of the Comparable Companies. As of October 15, 2004, the total invested capital, enterprise value and latest twelve month revenue for the Comparable Companies approximately ranged from \$5.7 million to \$268.9 million, from \$3.1 million to \$217.1 million, and from \$25.2 million to \$252.9 million, respectively. In comparison, we had total invested capital, enterprise value and latest twelve month revenue of approximately \$56.9 million, \$55.1 million and \$54.3 million, respectively.

Capitalink reviewed certain financial information relating to us in the context of the corresponding financial information, ratios and public market multiples for the Comparable Companies. No company used in Capitalink’s analysis was deemed to be identical or directly comparable to us. Accordingly, Capitalink considered the multiples for the Comparable Companies, taken as a whole, to be more relevant than the multiples of any single company.

Market values were used to calculate multiples of earnings per share, common equity, and net tangible common equity, while total invested capital and enterprise values were used to calculate multiples of latest twelve month revenue, latest twelve month earnings before taxes (“EBT”), latest twelve month EBITDA, and total assets. For comparative purposes, all operating profits, including EBT and EBITDA, were normalized to exclude unusual and extraordinary expenses or income.

Capitalink noted that over the last three years, we were not able to generate positive earnings. In comparison, all of the Comparable Companies generated positive EBITDA, EBT and earnings per share during the latest twelve month period. In addition, all of the Comparable Companies except for one generated positive EBT and earnings per share during the latest fiscal year and all generated positive EBITDA during the same period.

Capitalink also noted that unlike us, none of the Comparable Companies experienced declining revenue over the latest fiscal period. An analysis of the Comparable Companies and the brokerage industry reveals that although most companies operating within this sector experienced declining revenue and earnings over the last few years, many of the companies have started to rebound. It was further noted that our debt to enterprise value ratio is significantly higher than the Comparable Companies.

Capitalink selected an appropriate multiple range for us by examining the range provided by the Comparable Companies and taking into account factors including our poor historical performance, significant capital risk, recent restructuring and changes of management offset by continued support from our existing capital providers and our established brand name. Capitalink then applied this multiple range to our latest twelve month revenue and total assets as of June 30, 2004.

Based on the selected multiple ranges, Capitalink calculated a range of total invested capital and enterprise value for us. After deducting total and net interest bearing debt and minority interests of approximately \$34.9 million and \$32.9 million, respectively (estimated as of September 30, 2004), and dividing by approximately 46.468 million shares outstanding (including in-the-money options), Capitalink calculated a range of indicated equity values per share of between \$0.21 and \$0.35.

Indicated Reference Range					\$0.21	–	\$0.35

Capitalink did not consider the total assets multiple to be relevant in determining the indicated value for us, and therefore no weight was given to this multiple when calculating the indicated equity value per share

As noted above, none of the Comparable Companies is identical or directly comparable to us. Accordingly, Capitalink considered the multiples for such companies, taken as a whole, to be more relevant than the multiples of any single company. Further, an analysis of publicly traded companies is not mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading of such companies.

Selected Comparable Transaction Analysis. Capitalink utilized the selected comparable transaction analysis, a market valuation approach, for the purposes of compiling precedent or comparable transaction statistics and developing valuation metrics based on the pricing in such transactions.

Information is typically not disclosed for transactions involving a private seller, even when the buyer is a public company, unless the acquisition is deemed to be “material” for the acquirer. As a result, the selected comparable transaction analysis is limited to transactions involving the acquisition of a public company, or substantially all of its assets, or the acquisition of a large private company, or substantially all of its assets, by a public company.

Capitalink located eleven transactions announced since January 2002 involving target companies in related industries to us (the “Comparable Transactions”) and for which detailed financial information was available. Target companies were involved in the securities brokerage industry and classified under the Standard Industrial Classification Code for security brokers, dealers and floatation companies.

[Table of Contents](#)

Based on the information disclosed with respect to the targets in the each of the Comparable Transactions, Capitalink calculated and compared total price paid as a multiple of net common equity, and enterprise values as multiples of latest twelve month revenue, latest twelve month EBITDA and total assets.

Capitalink determined a range of indicated enterprise values for us by selecting a range of valuation multiples based on the Comparable Transactions, and applying them to our latest twelve month revenue, and total assets as of June 30, 2004. Capitalink also took into account factors including our poor historical performance, significant capital risk, recent restructuring and changes of management offset by continued support from our existing capital providers and our established brand name.

Based on the selected multiple ranges, Capitalink calculated a range of enterprise values. After deducting net interest bearing debt and minority interests of approximately \$32.9 million (estimated as of September 30, 2004), and dividing by approximately 46.468 million shares outstanding (including in-the-money options), Capitalink calculated a range of indicated equity values per share of between \$0.34 and \$0.51.

	Statistic \$ (000)	Selected Multiple			Indicated Equity Value Per Share		
		Low	-	High	Low	-	High
Enterprise Value							
Latest Twelve Month							
Revenue	\$54,332	0.9x	–	1.04x	\$0.34	–	\$0.51
Total Assets	\$32,710	0.6x	–	1.1x	\$0.00	–	\$0.05
Indicated Reference Range					\$0.34	–	\$0.51

None of the Comparable Transactions are identical to the transaction being considered at the annual meeting. Accordingly, an analysis of comparable business combinations is not mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the target companies in the transactions and other factors that could affect the respective acquisition values.

Discounted Cash Flow Analysis. Capitalink utilized the discounted cash flow analysis, an income valuation approach, in order to develop valuation metrics based on the present value of our projected free cash flows.

While the discounted cash flow analysis is the most scientific of the methodologies, it is dependent on projections and is further dependent on numerous industry-specific and macroeconomic factors.

A discounted cash flow analysis estimates value based upon a company's projected future free cash flow discounted at a rate reflecting risks inherent in its business and capital structure. Unleveraged free cash flow represents the amount of cash generated and available for principal, interest and dividend payments after providing for ongoing business operations.

Utilizing projections provided by our management, Capitalink determined the net present value of the unleveraged free cash flows to determine our total invested capital value. Capitalink then deducted interest bearing debt estimated as of September 30, 2004 to derive our indicated equity value.

[Table of Contents](#)

The projections show a gradual increase in our revenue between 2004 and 2007 from approximately \$40.3 million to approximately \$70.9 million. For the forecast period, our management projects our EBITDA to increase from approximately \$(8.0) million for 2004, to approximately \$9.5 million for 2007. Over the period, our EBITDA margin is expected to improve from (19.9)% in 2004, to 13.4% in 2007. Capitalink noted the average EBITDA margin for the LTM period calculated in the Comparable Company analysis was 14.4%.

In order to arrive at a present value, Capitalink utilized discount rates ranging from 16.5% to 20.5%. This was based on an estimated weighted average cost of capital of 18.5% (based on our weighted average cost of debt of 7.4% and 24.6% estimated cost of equity). Capitalink presented a range of terminal values at the end of the forecast period utilizing three alternative methods including a range of terminal revenue multiples, terminal EBITDA multiples, and by applying a range of long term perpetual growth rates.

Capitalink noted the following:

- Utilizing revenue multiples of between 0.9 times and 1.3 times, Capitalink calculated a range of total invested capital from approximately \$31.4 million to approximately \$53.3 million.
- Utilizing EBITDA multiples of between 8.0 times and 11.0 times, Capitalink calculated a range of indicated total invested capital from approximately \$38.3 million to approximately \$61.1 million.
- Utilizing perpetual growth rates of between 10.0% and 11.0%, Capitalink calculated a range of indicated total invested capital from approximately \$23.8 million to approximately \$56.3 million.

The total invested capital values above were then reduced by our total debt of approximately \$34.9 million (which includes approximately \$30.5 million in debt and accrued interest on convertible notes and approximately \$4.4 million in minority interests) to arrive at an indicated equity value range.

The equity value range was then divided by total common stock equivalents of approximately 46.468 million, which includes in-the-money options, to obtain a range of indicated equity value per share of between \$0.02 and \$0.47.

Premiums Analysis. A premium (discount) analysis determines whether the price implied in the transaction is at a premium or discount to our current and historical average common stock price.

Capitalink compared the Weighted Average Conversion Price and Standby Price to the average closing price of our common stock on October 15, 2004, October 14, 2004 and over varying time periods prior to October 14, 2004.

Capitalink noted the following:

- Capitalink noted that the Weighted Average Conversion Price represents a slight discount over our average closing share price for most of the periods reviewed.
- Capitalink noted that the Standby Price represents a slight discount over our average closing share price for most of the periods reviewed.

[Table of Contents](#)

- Capitalink noted that from October 2002 to October 2003, the Weighted Average Conversion Price and the Standby Price represented a premium over our prevailing share price. However, over the 2004 period, they generally represented a discount. Capitalink also noted that during the 2004 period, we announced the restructuring of our debt obligations at which time our share price peaked at \$1.70. Capitalink noted that the rise in our common stock during the 2004 period significantly increased the average stock price for most of the periods reviewed.

No Dissenters' Rights

Under Florida law, our shareholders will not be entitled to dissenter's rights in connection with the Debt Conversion.

American Stock Exchange Approval

We are obligated to have the shares of common stock issuable to New Valley and Frost-Nevada approved for listing on the American Stock Exchange, which lists our common stock. It is the policy of the American Stock Exchange, which lists our common stock, to require shareholder approval of the issuance by a company, other than in a public offering, of common stock or securities convertible into or exercisable for common stock, if the issuance is going to be directed to any of our officers, directors or significant stockholders. Because of this policy, our shareholders are being asked to approve this proposal.

OUR BOARD OF DIRECTORS HAS APPROVED THE DEBT CONVERSION AND BELIEVES THAT IT IS FAIR TO, AND IN THE BEST INTERESTS OF, OUR SHAREHOLDERS. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS APPROVE THE DEBT CONVERSION.

PROPOSAL III

PRIVATE PLACEMENT

On October 29, 2004, our board of directors approved and recommended that our shareholders consider and approve the issuance of a total of up to 44,444,444 shares of our common stock at \$0.45 per share to investors in a private placement (“Private Placement”) raising gross proceeds of up to \$20,000,000. We have agreed to register for re-sale all of the shares of common stock we issue in the Private Placement.

Certain of our officers and directors may participate in the private placement on the same terms as other participating individuals. Additionally, each of New Valley and Frost-Nevada have agreed that, if investors other than New Valley and Frost-Nevada do not subscribe for all of the shares of common stock being offered in the Private Placement by the day immediately following the annual meeting (or such earlier date as agreed to by the parties), it will subscribe for an amount of shares of common stock equal to \$5,000,000 less fifty percent of the amount by which the aggregate purchase price of shares of common stock subscribed for by other investors exceeds \$10,000,000 on terms no less favorable than those offered to other investors in the Private Placement. For instance, if other investors in the Private Placement commit to purchase an aggregate of \$11,000,000 of shares, New Valley and Frost-Nevada will each commit to purchase \$4,500,000 of shares. Alternatively, if other investors commit to purchase an aggregate of only \$9,000,000 of shares, New Valley and Frost-Nevada will each commit to purchase \$5,000,000 of shares. We have agreed to use our commercially reasonable efforts to have investors other than New Valley and Frost-Nevada subscribe for all of shares we will offer in the Private Placement. Payment for the shares to be purchased by New Valley and Frost-Nevada will be made by either certified check, wire transfer of immediately available funds and/or by delivery of their outstanding \$500,000 principal amount promissory notes, dated as of September 17, 2004, plus accrued interest thereon, their outstanding \$1,250,000 principal amount promissory notes, dated as of November 1, 2004, plus accrued interest thereon, as well as the principal and any accrued interest evidenced by additional promissory notes that we may issue in the future convertible by their terms into the Private Placement, at their sole option.

It is the policy of the American Stock Exchange, which lists our common stock, to require shareholder approval of the issuance by a company, other than in a public offering, of common stock or securities convertible into or exercisable for common stock, if the issuance is going to be directed to any of our officers, directors or significant stockholders. Because of this policy, our shareholders are being asked to approve this proposal.

If this proposal is approved, we could receive up to \$20,000,000 in gross proceeds from the sale of our shares of common stock. We intend to use the proceeds from the private placement for working capital and general corporate purposes.

OUR BOARD OF DIRECTORS HAS APPROVED THE PRIVATE PLACEMENT AND BELIEVES THAT ITS TERMS ARE FAIR TO, AND IN THE BEST INTERESTS OF, OUR SHAREHOLDERS. THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS APPROVE THE PRIVATE PLACEMENT.

ADDITIONAL INFORMATION RELATING TO PROPOSAL II AND PROPOSAL III

The following is additional information that relates to Proposal II and Proposal III.

Special Committee

In connection with our determination to enter into the Amended and Restated Debt Conversion Agreement, our board of directors held several meetings to discuss the transactions. Currently, three members of New Valley's board of directors, and three members of the board of directors of Vector Group Ltd., New Valley's parent company, are members of our board of directors. Of these individuals, two are also executive officers of New Valley. Dr. Phillip Frost, the sole trustee of Frost-Nevada Investments Trust, is also a member of our board of directors. As a result of these affiliations with New Valley and Frost-Nevada, our board of directors sought to independently confirm that the Weighted Average Conversion Price and Standby Price were fair from a financial point of view to our unaffiliated shareholders, our board of directors. Accordingly, we determined to form a special committee comprised of Richard J. Rosenstock, Mark Zeitchick and Vincent A. Mangone, each a member of our board of directors. At the time of its formation, these three individuals were the only members of our board of directors without an affiliation of any kind to New Valley, Vector Group or Frost-Nevada. On October 7, 2004, the special committee engaged Capitalink, L.C. to confirm to the committee that the Weighted Average Conversion Price and Standby Price was fair, from a financial point of view, to our unaffiliated shareholders and issue a fairness opinion if it concluded it could do so, which it did on October 19, 2004. Following several meetings that the special committee held, it determined to approve the transactions and recommend that the full board of directors also approve the transactions.

The special committee and board of directors also determined that it would be appropriate to have the interested shareholders in the transaction vote in accordance with the vote of a majority of other votes cast at the shareholder meeting. Accordingly, each of Messrs. Lorber, LeBow, Lampen, Beinstein and Eide has agreed to vote the shares of our common stock held by him on the date of the agreement with respect to Proposal II and Proposal III in accordance with the vote of a majority of votes cast at the meeting, excluding the shares held by such parties.

Insider Interests

As described above, New Valley has informed us that it currently anticipates distributing shares it receives as a result of the transactions described under Proposal II and Proposal III as a dividend to its stockholders promptly following the closing of such transactions. Vector Group, New Valley's principal shareholder, may in turn distribute the shares of common stock it receives as a shareholder of New Valley to its stockholders. As a result, each of Messrs. Lorber, Lampen, Beinstein, Eide and Podell may receive shares of our common stock upon consummation of the foregoing transactions, as each is a shareholder of New Valley and/or Vector Group.

Beneficial Ownership

Following the consummation of the transactions described above (assuming such consummation occurs on December 31, 2004), approximately \$22,439,000 principal and accrued interest will be converted into approximately 51,180,000 shares of our common stock as a result of the conversion of our senior convertible promissory notes representing 52.4% of our shares of common stock following the transactions. Additionally, if we raise the full \$20 million in the Private Placement, we will be issuing 44,444,444 shares of our common stock representing 31.3% of our shares of common stock following the transactions.

[Table of Contents](#)

Of the 51,180,000 shares that may be issued as a result of the Debt Conversion, approximately 19,663,000 will be issued to New Valley and approximately 31,517,000 will be issued to Frost-Nevada. If we are only able to raise \$10 million in the Private Placement from outside third parties, New Valley and Frost-Nevada will each be required to invest \$5 million. As a result, each will be issued an additional 11,111,111 shares of common stock. Accordingly, Frost-Nevada could be issued a total of approximately 42,628,329 shares of common stock increasing its beneficial ownership of our common stock from approximately 19% to approximately 37% and New Valley could be issued a total of approximately 30,774,537 shares of common stock increasing its beneficial ownership of our common stock from approximately 9% to approximately 26%. Assuming New Valley distributes the shares it receives in these transactions to its stockholders, New Valley would beneficially own less than 1% of our common stock.

Closing Conditions and Expected Timing of Closing

The consummation of the Debt Conversion and Private Placement including the commitment by New Valley and Frost-Nevada to invest up to \$5,000,000 of shares of common stock if not subscribed for by other investors, as more fully described under Proposal II and Proposal III, are subject to shareholder approval, having the registration statement described in Proposal II declared effective by the SEC and the absence of a material adverse change in our financial condition and operations. We cannot consummate any of the transactions unless both Proposal II and Proposal III are approved by our shareholders. We expect to consummate the transactions as soon as practicable once shareholder approval is obtained and the registration statement is declared effective, but no later than May 13, 2005.

Independent Auditors

Our audit committee has selected Eisner LLP as our independent auditors for the fiscal year ending December 31, 2004. Eisner LLP was our independent auditors for the fiscal year ended December 31, 2003. Representatives of Eisner LLP are expected to be present at the annual meeting. The representatives of Eisner will have the opportunity to make statements and will be available to respond to appropriate questions from shareholders.

On September 30, 2002, we dismissed PricewaterhouseCoopers LLP as our independent auditors. Our audit committee recommended and approved the decision to change independent auditors. PricewaterhouseCoopers' reports on our financial statements for the past two fiscal years did not contain any adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with its audits for the two most recent fiscal years and review of unaudited financial statements through June 30, 2002 (the most recent unaudited financial statements subject to review), there were no disagreements with PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers would have caused them to make reference to the subject matter of the disagreement in connection with their report. During the two most recent fiscal years and through September 30, 2002, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the SEC. A copy of PricewaterhouseCoopers' letter stating that it agreed with the foregoing statements has been filed with the SEC.

Solicitation of Proxies

The solicitation of proxies in the enclosed form is made on behalf of our board of directors and we are paying the cost of this solicitation. In addition to the use of the mails, proxies may be solicited personally or over the telephone by our directors, officers and regular employees at nominal cost. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for expenses incurred in sending proxy material to beneficial owners of our stock.

2005 Annual Meeting Shareholder Proposals and Nominations

In order for any shareholder proposal or nominations to be presented at the annual meeting of shareholders to be held in 2005 or to be eligible for inclusion in our proxy statement for such meeting, they must be received by us at our principal executive offices by August 17, 2005. Each proposal should include the exact language of the proposal, a brief description of the matter and the reasons for the proposal, the name and address of the shareholder making the proposal and the disclosure of that shareholder's number of shares of common stock owned, length of ownership of the shares, representation that the shareholder will continue to own the shares through the shareholder meeting, intention to appear in person or by proxy at the shareholder meeting and material interest, if any, in the matter being proposed.

Shareholder nominations for persons to be elected as directors should include the name and address of the shareholder making the nomination, a representation that the shareholder owns shares of common stock entitled to vote at the shareholder meeting, a description of all arrangements between the shareholder and each nominee and any other persons relating to the nomination, the information about the nominees required by the Exchange Act of 1934 and a consent to nomination of the person so nominated.

AMENDED AND RESTATED DEBT CONVERSION AGREEMENT

THIS AMENDED AND RESTATED DEBT CONVERSION AGREEMENT (“Agreement”), dated as November 15, 2004, among Ladenburg Thalmann Financial Services Inc., a Florida corporation (the “Company”), New Valley Corporation, a Delaware corporation (“New Valley”), and Frost-Nevada Investments Trust (“Frost-Nevada” and together with New Valley, the “Holders”).

WHEREAS, on May 7, 2001, the Company issued Senior Convertible Promissory Notes due December 31, 2005, as amended from time to time, to the Holders in an aggregate principal amount of \$18,010,000 (the “Notes”);

WHEREAS, the Holders have previously agreed to forbear the interest payments due on the Notes until January 15, 2005;

WHEREAS, as a result of the Notes and the Company’s other outstanding indebtedness, the Company is highly leveraged and continues to have a negative net worth;

WHEREAS, the foregoing has continued to negatively impact the Company’s operations, including its ability to attract and retain brokers;

WHEREAS, the Company has requested that the Holders convert their Notes into common stock, par value \$.0001 per share (“Common Stock”), of the Company as set forth herein;

NOW THEREFORE, in consideration of the premises and the mutual covenants and agreements of the parties hereinafter set forth, the parties hereto hereby agree as follows:

1. Debt Conversion.

(a) Each of New Valley and Frost-Nevada hereby severally agrees, subject to the conditions set forth herein, to convert the principal and accrued interest on its Notes into shares of the Company’s Common Stock (“Conversion Shares”) at a conversion price of \$0.50 and \$0.40 per share, respectively (“Debt Conversion”), subject to appropriate adjustment for reclassifications, stock splits, stock dividends, spin-offs or distributions, share combinations or other similar changes affecting the Common Stock as a whole. The Company and the Holders further agree to apply receipt of the Conversion Shares first to the principal portion of the Notes and then to the accrued interest. The Company and the Holders shall treat the Debt Conversion as a tax-free reorganization pursuant to Internal Revenue Code Section 368(a)(1)(E).

(b) In connection with the Debt Conversion, the Company has proposed to undertake a private placement financing (“Financing”) of up to \$20,000,000 of its shares (“Placement Shares”) of Common Stock at \$0.45 per share. Each of New Valley and Frost-Nevada hereby agrees that, if investors other than New Valley and Frost-Nevada do not subscribe for all of the Placement Shares offered in the Financing by the day immediately following the Shareholder Meeting (defined below) or such earlier date as agreed to by the Company and the Holders (the “Commitment Date”), it will subscribe for an amount of Placement Shares equal to \$5,000,000 less fifty percent of the amount by which the aggregate purchase price of Placement

Shares subscribed for by other investors exceeds \$10,000,000 (the "Purchase Commitment"). The Purchase Commitment shall be made by each of New Valley and Frost-Nevada in equal proportions between the parties on terms no less favorable than those offered to other investors in the Financing. The Company hereby covenants and agrees to use its commercially reasonable efforts to have investors other than the Holders subscribe for all of the Placement Shares prior to the Commitment Date. Solely for purposes of clarification, if other investors in the Financing commit to purchase an aggregate of \$11,000,000 of Placement Shares, New Valley and Frost-Nevada shall each commit to purchase \$4,500,000 of Placement Shares.

Alternatively, if other investors in the Financing commit to purchase an aggregate of only \$9,000,000 of Placement Shares, New Valley and Frost-Nevada shall each commit to purchase \$5,000,000 of Placement Shares. New Valley and Frost-Nevada shall fulfill their Purchase Commitment by executing and delivering to the Company a properly completed subscription agreement or other similar document, reasonably acceptable to them and used by the Company in connection with the Financing, on the Commitment Date. Payment for all Placement Shares subscribed for in the Financing shall occur at the Closing (defined below). Payment for the Placement Shares to be purchased by New Valley and Frost-Nevada pursuant to the Purchase Commitment shall be made by either certified check, wire transfer of immediately available funds and/or by delivery of their outstanding \$500,000 principal amount promissory note, dated as of September 17, 2004, plus accrued interest thereon, their outstanding \$1,250,000 principal amount promissory note, dated as of November 1, 2004, plus accrued interest thereon, as well as the principal and any accrued interest evidenced by additional promissory notes that the Company may issue in the future convertible by their terms into the Financing (collectively, the "Purchase Notes"), at the Holder's option.

(c) The Company shall cause a meeting of its shareholders ("Shareholder Meeting") to be duly called and held as soon as reasonably practicable after the date of execution of this Agreement for the purposes of voting on the Debt Conversion, the Financing, the Purchase Commitment and such other customary matters as may be determined by the Company. In connection with such Shareholder Meeting, the Company will prepare and mail to its shareholders as promptly as practicable a proxy statement and all other proxy materials (the "Proxy Statement") for such meeting. The Company and the Holders severally shall cooperate with each other in all reasonable respects with the preparation of the Proxy Statement and any amendment or supplement thereto. The Company shall notify the Holders of the receipt of any comments of the Securities and Exchange Commission ("Commission") with respect to the Proxy Statement and any requests by the Commission for any amendment or supplement thereto or for additional information, and shall provide to them promptly copies of any correspondence between the Company or its counsel and the Commission with respect to the Proxy Statement. The Company shall give the Holders and their counsel the opportunity to review the Proxy Statement and all responses to requests for additional information by and replies to comments of the Commission before their being filed with, or sent to, the Commission. The Company will use its commercially reasonable efforts, after consultation with the Holders, to respond promptly to all such comments of and requests by the Commission and to cause the Proxy Statement to be mailed to the Company's shareholders entitled to vote at the Shareholder Meeting at the earliest practicable time.

(d) The Company will use its commercially reasonable efforts to obtain the necessary approvals by its shareholders for the Debt Conversion, Financing, Purchase Commitment and any related matters ("Shareholder Approval") at the Shareholder Meeting and shall cause its Board of Directors to include in the Proxy Statement its recommendation that the Company's shareholders vote in favor of the matters presented in the Proxy Statement. In the event that the Shareholder Approval is not obtained on the date on which the Shareholder

Meeting is initially convened, the Board of Directors of the Company shall adjourn the meeting from time to time as necessary for the purpose of obtaining the Shareholder Approval and shall use its commercially reasonable efforts during any such adjournments to obtain the Shareholder Approval.

(e) By executing this Agreement, each of the Holders and Bennett S. LeBow, Howard M. Lorber, Richard J. Lampen, Henry C. Beinstein and Robert J. Eide (“Proxy Parties”) hereby severally appoint Richard J. Rosenstock, Mark Zeitchick or Vincent A. Mangone, or any of them, with full power of substitution, as their agent, attorney and proxy, representing an irrevocable proxy pursuant to Section 607.0722 of the Florida Business Corporation Act, coupled with an interest, so as to vote all the shares of Common Stock held by the Proxy Parties in accordance with the vote of a majority of votes cast at the Shareholder Meeting excluding the shares held by such Proxy Parties.

(f) The Company shall comply with all legal requirements applicable to the Shareholder Meeting and take such other actions as may be necessary to effectuate the Debt Conversion, Financing and Purchase Commitment, including, but not limited to, providing notices to, and responding to queries from, all applicable regulatory authorities and stock exchanges and obtaining all necessary third party consents.

(g) Subject to the terms and conditions of this Agreement, the consummation of the Financing and the Debt Conversion contemplated by this Agreement shall take place at a closing (“Closing”) to be held at 10:00 a.m., local time, on the fourth business day after the date on which the last of the conditions set forth in Section 4(c) below is fulfilled, at the offices of Graubard Miller, 600 Third Avenue, New York, New York 10016, or at such other time, date or place as the parties may agree upon in writing. The Company shall send to each Holder at least two business days prior to the Closing a notice indicating the amount of interest accrued on the Notes and Purchase Notes, if any, through the date of the Closing and the number of shares of Common Stock each Holder will be issued upon the Debt Conversion and obligated to purchase pursuant to the Purchase Commitment. At the Closing, each Holder shall deliver its Notes for cancellation and payment for any Placement Shares it purchases (as described above in Section 1(b)) and the Company shall deliver to each Holder certificates representing the Conversion Shares and Placement Shares to which such Holder is entitled as a result of such Debt Conversion and Purchase Commitment. From and after the Closing, the Notes shall represent solely the right to receive Conversion Shares. If a Holder has lost its Note or Purchase Notes and is unable to deliver such notes at the Closing, it shall submit an affidavit of loss and indemnity agreement so that such notes may be replaced and deemed cancelled in accordance with the terms hereof. In the event that as a result of the Debt Conversion, fractions of shares would be required to be issued, such fractional shares shall be rounded up or down to the nearest whole share. The Company shall pay any documentary, stamp or similar issue or transfer tax due on such Debt Conversion, except that the Holder shall pay any such tax due because the Conversion Shares are issued in a name other than the Holder’s.

2. Representations and Warranties of Company. The Company hereby represents and warrants to the Holders as follows:

(a) As of the date hereof, the Company has 200,000,000 shares of Common Stock authorized, of which 46,540,573 shares of Common Stock are issued and outstanding, and 2,000,000 shares of preferred stock authorized, of which no shares are issued and outstanding. As of the date hereof, the Company has reserved for issuance 11,142,656 shares of Common Stock upon exercise of all outstanding options and warrants. All of the issued and outstanding

shares of the Company's Common Stock are, and all shares reserved for issuance will be, upon issuance in accordance with the terms specified in the instruments or agreements pursuant to which they are issuable, duly authorized, validly issued, fully paid and nonassessable. The Placement Shares that may be issued and delivered to the Holders as a result of the Purchase Commitment, and the Conversion Shares to be issued and delivered to the Holders upon conversion of the Notes, have been duly authorized and when issued upon payment of the purchase price or conversion of the Notes, as the case may be, will be validly issued, fully-paid and non-assessable. The issuance of the Conversion Shares will be exempt from registration pursuant to Section 3(a)(9) promulgated under the Securities Act of 1933, as amended ("Securities Act") and such Conversion Shares will not be "restricted securities" as defined under Rule 144 promulgated under the Securities Act. The issuance of the Placement Shares will be exempt from registration pursuant to Section 4(2) promulgated under the Securities Act.

(b) The Company has full legal power to execute and deliver this Agreement and to perform its obligations hereunder. All acts required to be taken by the Company to enter into this Agreement and to carry out the transactions contemplated hereby have been properly taken, and this Agreement constitutes a legal, valid and binding obligation of the Company, enforceable in accordance with its terms and does not conflict with, result in a breach or violation of or constitute (or with notice of lapse of time or both constitute) a default under any instrument, contract or other agreement to which the Company or its subsidiaries is a party.

(c) The affirmative vote of the holders of record of at least a majority of the shares of the Company's Common Stock cast at the Shareholder Meeting with respect to the matters referred to in Section 1 hereof is the only vote of the holders of any class or series of the capital stock of the Company required to approve the transactions contemplated hereby.

(d) None of the Company's Articles of Incorporation, as amended, or Bylaws, or the laws of Florida, California or New York, contains any applicable anti-takeover provision or statute which would restrict the Company's ability to enter into this Agreement or consummate the transactions contemplated by this Agreement or which would limit any of the Holders' rights following consummation of the transactions contemplated by this Agreement.

(e) No broker, finder or investment banker is entitled to any brokerage, finder's or other fee or commission in connection with the transactions contemplated by this Agreement based upon arrangements made by or on behalf of the Company other than the fees of the investment banking firm that has been engaged by the Company to render the Fairness Opinion (defined below), the fees of which will be paid by the Company.

(f) The Company has delivered or made available to the Holders prior to the execution of this Agreement true and complete copies of all periodic reports, registration statements and proxy statements filed by it with the Commission since January 1, 2002. Each of such filings with the Commission (collectively, the "SEC Filings"), as of its filing date, complied in all material respects with the requirements of the rules and regulations promulgated by the Commission with respect thereto and did not contain any untrue statement of a material fact or omit a material fact necessary in order to make the statements contained therein not misleading in light of the circumstances in which such statements were made.

(g) Since December 31, 2003, except as disclosed in the SEC Filings filed by the Company with the Commission before the date of this Agreement, the Company and its subsidiaries, taken as a whole, has not suffered any material adverse change in its assets, liabilities, financial condition, results of operations or business, except for those occurring as a

result of general economic or financial conditions affecting the United States as a whole or the region in which the Company conducts its business or developments that are not unique to the Company but also affect other entities engaged or participating in the brokerage industry generally in a manner not materially less severely. For purposes of this section, revenues and losses materially consistent with the Company's revenues and losses for the quarter ended June 30, 2004, as reflected in the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2004, shall not be deemed a material adverse change.

(h) The Company has received the opinion ("Fairness Opinion") of Capitalink, L.C. (a copy of which will be furnished to each Holder) to the effect that (i) the average price at which the Notes will be converted and (ii) the purchase price for the Placement Shares to be paid by the Holders pursuant to the Purchase Commitment are fair from a financial point of view to the unaffiliated shareholders of the Company.

(i) No information to be contained in the Proxy Statement to be prepared pursuant to this Agreement and no representation or warranty by the Company contained in this Agreement contains any untrue statement of a material fact or omits a material fact necessary in order to make the statements contained herein or therein not misleading in light of the circumstances in which such statements were made.

(j) Since January 1, 2002 and except as disclosed in the SEC Filings filed by the Company with the Commission before the date of this Agreement, the Company has conducted its business in compliance in all material respects with all applicable laws, rules, regulations, court or administrative orders and processes and rules, directives and orders of regulatory and self-regulatory agencies and bodies, except as would not reasonably be expected, singly or in the aggregate, to be materially adverse to the business, assets or financial condition of the Company.

3. Representations and Warranties of the Holders. New Valley and Frost-Nevada severally and not jointly represent and warrant to the Company as follows:

(a) Each Holder has full legal power to execute and deliver this Agreement and to perform its obligations hereunder. All acts required to be taken by such Holder to enter into this Agreement and to carry out the transactions contemplated hereby have been properly taken; and this Agreement constitutes a legal, valid and binding obligation of such Holder enforceable in accordance with its terms.

(e) Each Holder has sufficient cash resources on hand to purchase the Placement Shares required by its Purchase Commitment on the terms and conditions contained in this Agreement.

(f) Each Holder is relying solely on the representations and warranties contained in Section 2 hereof and in certificates delivered hereunder in making their decision to enter into this Agreement and consummate the transactions contemplated hereby and no oral representations or warranties of any kind have been made by the Company or its officers, directors, employees or agents to such Holders.

4. Conditions.

(a) The obligations of the Company to consummate the transactions contemplated by this Agreement, including the Debt Conversion and the Financing, shall be subject to the fulfillment of the following conditions:

(i) The representations and warranties of each of the Holders set forth in Section 3 hereof shall be true and correct on and as of the Closing date and a certificate certifying such shall be delivered.

(ii) All proceedings, corporate or otherwise, to be taken by the Holders in connection with the consummation of the transactions contemplated by this Agreement shall have been duly and validly taken and all necessary consents, approvals or authorizations of any governmental or regulatory authority or other third party required to be obtained by the Company or the Holders shall have been obtained in form and substance reasonably satisfactory to the Company.

(iii) The Shareholder Approval shall be obtained by the necessary affirmative vote of the shareholders of the Company as described above in Section 1.

(iii) The Shareholder Approval shall be obtained by the necessary affirmative vote of the shareholders of the Company as described above in Section 1.

(iv) The Company shall have caused the Conversion Shares and Placement Shares to be approved for listing on the American Stock Exchange or any national securities exchange on which the Common Stock is then listed.

(v) The Holders shall have received a legal opinion of Graubard Miller, counsel to the Company, addressed to the Holders dated as of such date covering such matters as is customary of transactions of this nature and in form and substance reasonably satisfactory to the Holders.

(c) The obligations of the Holders to consummate the Debt Conversion and the Purchase Commitment shall be subject to the fulfillment of the following conditions on or prior to the Closing Date:

(i) All of the conditions of Section 4(b) shall have been satisfied substituting all references to the Commitment Date in each such condition with references to the Closing Date.

(ii) The Required Registration Statement (defined below) shall have been declared effective by the Commission.

(d) In the event that either of the Holders (or its permitted assigns) shall have failed to (i) deliver to the Company for cancellation such party's Note or an affidavit of loss and indemnity or (ii) fulfill its Purchase Commitment (in either case, a "Breaching Party"), the other Holder ("Non-breaching Party") shall have the right to terminate this Agreement without any breach of this Agreement on such Non-breaching Party's part; provided, however, that the Breaching Party shall remain liable to the Company for the breach of its obligations hereunder.

5. Registration.

(a)(i) The Company shall file a registration statement (the "Required Registration Statement") to register the Conversion Shares and Placement Shares received by the Holders under this Agreement (collectively the "Registrable Securities") for resale pursuant to the Securities Act no later than ten business days after the Commitment Date. The Company shall use commercially reasonable efforts to cause the Required Registration Statement to be declared effective by the Commission as promptly as practicable. Frost-Nevada hereby agrees that it will not sell, assign or transfer any of the Conversion Shares or Placement Shares it receives under this Agreement for a period of one year from the date hereof (except to an affiliated entity that shall agree to continue to be bound by the foregoing restriction).

(ii) In connection the foregoing, the Company will, as expeditiously as possible, use its best efforts to: (A) furnish to New Valley and Frost-Nevada copies of reasonably complete drafts of all such documents proposed to be filed (including exhibits), and each of New Valley and Frost-Nevada shall have the opportunity to object to any information pertaining solely to it that is contained therein and the Company will make the corrections reasonably requested by either of them with respect to such information prior to filing any such registration statement or amendment; (B) prepare and file with the Commission such amendments and supplements to such registration statement and any prospectus used in connection therewith as may be necessary to maintain the effectiveness of such registration statement and to comply with the provisions of

the Securities Act with respect to the disposition of all Registrable Securities covered by such registration statement; (C) promptly notify New Valley and Frost-Nevada: (1) when such registration statement or any prospectus used in connection therewith, or any amendment or supplement thereto, has been filed and, with respect to such registration statement or any post-effective amendment thereto, when the same has become effective; (2) of any written comments from the Commission with respect to any filing referred to in clause (A) and of any written request by the Commission for amendments or supplements to such registration statement or prospectus; and (3) of the notification to the Company by the Commission of its initiation of any proceeding with respect to the issuance by the Commission of, or of the issuance by the Commission of, any stop order suspending the effectiveness of such registration statement; (D) furnish New Valley and Frost-Nevada such number of copies of the prospectus contained in such registration statement (including each preliminary prospectus and any summary prospectus) and any other prospectus filed under Rule 424 promulgated under the Securities Act relating to the Registrable Securities, and such other documents, as New Valley or Frost-Nevada may reasonably request to facilitate the disposition of its Registrable Securities; (E) notify New Valley and Frost-Nevada at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event as a result of which any prospectus included in such registration statement, as then in effect, includes an untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and at the request of New Valley or Frost-Nevada promptly prepare and furnish New Valley and Frost-Nevada a reasonable number of copies of a supplement to or an amendment of such prospectus as may be necessary so that, as thereafter delivered to the purchasers of such securities, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; and (F) make available for inspection by New Valley and Frost-Nevada and any attorney, accountant or other agent retained by any such seller or underwriter (collectively, the “Inspectors”), all financial and other records, pertinent corporate documents and properties of the Company as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and cause the Company’s officers, directors and employees to supply all information reasonably requested by any such Inspector in connection with such registration statement, and permit the inspectors to participate in the preparation of such registration statement and any prospectus contained therein and any amendment or supplement thereto.

(b) The Company shall bear all fees and expenses attendant to registering the Registrable Securities, and shall bear all fees the Holders may incur in connection with its review and due diligence of the Required Registration Statement, but the Holders shall pay any and all sales commissions and the expenses of any legal counsel selected by them to represent them in connection with the sale of the Registrable Securities. The Company shall use its best efforts to cause any registration statement filed pursuant to this section to remain effective until all the Registrable Securities registered thereunder are sold or until the delivery to the Holders of an opinion of counsel to the Company to the effect set forth in Section 5(h).

(c)(i) The Company will indemnify the Holders, their directors and officers and each underwriter, if any, and each person who controls any of them within the meaning of the Securities Act or the Exchange Act against all claims, losses, damages and liabilities (or actions or proceedings, commenced or threatened, in respect thereof), joint or several, arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any prospectus, offering circular or other document (including any related registration statement, notification or the like) incident to any registration, qualification or compliance pursuant to this

Table of Contents

Section 5 or based on any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation thereunder applicable to the Company in connection with any such registration, qualification or compliance, and will reimburse the Holders, their directors and officers, each such underwriter and each person who controls any such underwriter within the meaning of the Securities Act or the Exchange Act for any legal and any other expenses reasonably incurred in connection with investigating and defending any such claim, loss, damage, liability or action or proceeding; provided that the Company will not be liable to a Holder in any such case to the extent that any such claim, loss, damage, liability or expense arises out of or is based on any untrue statement or omission based upon written information furnished to the Company by or on behalf of such Holder specifically stating that it is intended for inclusion in any registration statement under which Registrable Securities are registered. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of a Holder or any such director, officer or controlling person, and shall survive the transfer of such securities by any Holder.

(ii) Each of the Holders, severally and not jointly, shall indemnify the Company, each of its directors and officers and each underwriter, if any, of the Company's securities covered by such registration statement, each person who controls the Company or such underwriter within the meaning of the Securities Act and the Exchange Act and the rules and regulations thereunder, each other securityholder participating in such distribution and each of their officers and directors and each person controlling such other securityholder, against all claims, losses, damages and liabilities (or actions or proceedings, commenced or threatened, in respect thereof) arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any such registration statement, prospectus, offering circular or other document, or any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse the Company and such other security holders, directors, officers, persons, underwriters or control persons for any legal or any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action or proceeding, in each case to the extent, but only to the extent, that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such document in reliance upon and in conformity with written information furnished to the Company by or on behalf of such Holder specifically stating that it is intended for inclusion in such document; provided, however, that the obligations of each Holder hereunder shall be limited to an amount equal to the proceeds received by such Holder of securities sold as contemplated herein. Such indemnity shall remain in full force and effect regardless of any investigation made by or on behalf of the Company or any such director, officer or controlling person, and shall survive the transfer of such securities by any Holder.

(iii) Each party desiring indemnification or contribution under this Section 5(c) hereof (the "Securities Indemnified Party") shall give notice to the party required to provide indemnification or contribution (the "Securities Indemnifying Party") promptly after such Securities Indemnified Party has actual knowledge of any claim as to which indemnity or contribution may be sought, and shall permit the Securities Indemnifying Party to assume, at its sole cost and expense, the defense of any such claim or any litigation resulting therefrom, provided that counsel for the Securities Indemnifying Party, who shall conduct the defense of such claim or any litigation resulting therefrom, shall be approved by the Securities Indemnified Party (whose approval shall not be unreasonably withheld). The Securities Indemnified Party may participate in such defense at the Securities Indemnified Party's expense unless (A) the employment of counsel by the Securities Indemnified Party has been authorized in writing by the Securities Indemnifying Party, (B) the Securities Indemnified Party has been advised by such

counsel employed by it that there are legal defenses available to it involving potential conflict with those of the Securities Indemnifying Party (in which case the Securities Indemnifying Party will not have the right to direct the defense of such action on behalf of the Securities Indemnified Party), or (C) the Securities Indemnifying Party has not in fact employed counsel to assume the defense of such action within a reasonable time after receiving notice of the commencement of the action, in each of which cases the reasonable fees and expenses of counsel for the Securities Indemnified Party shall be at the expense of the Securities Indemnifying Party. The failure of any Securities Indemnified Party to give notice as provided herein shall not relieve the Securities Indemnifying Party of its obligations under this Section 5. No Securities Indemnifying Party, in the defense of any such claim or litigation, shall, except with the consent of each Securities Indemnified Party, consent to entry of any judgment or enter into any settlement which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such Securities Indemnified Party of a release from all liability in respect to such claim or litigation. No Securities Indemnified Party shall settle any claim or demand without the prior written consent of the Securities Indemnifying Party (which consent will not be unreasonably withheld). Each Securities Indemnified Party shall furnish such information regarding itself or the claim in question as the Securities Indemnifying Party may reasonably request in writing and as shall be reasonably required in connection with defense of such claim and litigation resulting therefrom.

(iv) The provisions of this Section 5(c) shall be in addition to any other rights to indemnification or contribution which an Indemnified Party may have pursuant to law, equity, contract or otherwise.

(d) In order to provide for just and equitable contribution under the Securities Act in any case in which (A) any person entitled to indemnification under Section (c) makes a claim for indemnification pursuant hereto but such indemnification is not enforced in such case notwithstanding the fact that this section provides for indemnification in such case, or (B) contribution under the Securities Act, the Exchange Act or otherwise is required on the part of any such person in circumstances for which indemnification is provided under this section, then, and in each such case, the Company and each of the Holders shall contribute to the aggregate losses, liabilities, claims, damages and expenses of the nature contemplated by said indemnity agreement (including legal and other expenses reasonably incurred in connection with investigation or defense) incurred by the Company and the Holders, as incurred, in proportion to their relative fault and the relative knowledge and access to information of the Securities Indemnifying Party, on the one hand, and the Securities Indemnified Party, on the other hand, concerning the matters resulting in such losses, liabilities, claims, damages and expenses, the opportunity to correct and prevent any untrue statement or omission, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission of a material fact relates to information supplied by the Securities Indemnifying Party, on the one hand, or the Securities Indemnified Party, on the other hand, and any other equitable considerations appropriate under the circumstances; provided that no person guilty of a fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this section, each person, if any, who controls the Company within the meaning of Section 15 of the Securities Act shall have the same rights to contribution as the Company.

(e) Each of the Holders shall furnish to the Company such information regarding itself and the distribution proposed by it as the Company may reasonably request in writing and as shall be reasonably required in connection with any registration, qualification or compliance referred to in this Section 5.

(f) The Company shall comply with all of the reporting requirements of the Exchange Act and with all other public information reporting requirements of the Commission, which are conditions to the availability of Rule 144 for the sale of the Common Stock. The Company shall cooperate with each Holder in supplying such information as may be necessary for such Holder to complete and file any information reporting forms presently or hereafter required by the Commission as a condition to the availability of Rule 144.

(g) The Company represents and warrants to the holders of Registrable Securities that the granting of the registration rights to the Holders hereby does not and will not violate any agreement between the Company and any other security holders with respect to registration rights granted by the Company.

(h) The rights granted under this Section 5 shall terminate upon delivery to the Holders of an opinion of counsel to the Company reasonably satisfactory to the Holders to the effect that such rights are no longer necessary for the public sale of the Registrable Securities without restriction as to the number of securities that may be sold at any one time or the manner of sale.

(i) The rights granted under this Section 5 shall not be transferable except to an affiliated entity of a Holder in the event that such Holder assigns its obligation to fulfill its Purchase Commitment to an affiliated entity pursuant to Section 8(e) below.

6. Press Release; Filings. Promptly after execution of this Agreement, the Company shall issue a press release announcing the Debt Conversion, Financing and Purchase Commitment. The Company shall also file with the Securities and Exchange Commission a Current Report on Form 8-K with respect to the transactions contemplated hereby. The Company shall provide the Holders with drafts of both the press release and Form 8-K and a reasonable opportunity to comment thereon. No party hereto shall make any public announcements in respect of this Agreement or the transactions contemplated herein inconsistent with the press release and Form 8-K without the prior approval of the other parties as to the form and content thereof, which approval will not be unreasonably withheld. Notwithstanding the foregoing, any disclosure may be made by a party which its counsel advises is required by applicable law or regulation, in which case the other party shall be given such reasonable advance notice as is practicable in the circumstances and the parties shall use their best efforts to cause a mutually agreeable release or announcement to be issued. The parties may also make appropriate disclosure of the transactions contemplated by this Agreement to their officers, directors, agents and employees.

7. Termination. This Agreement may be terminated no later than the Closing:

(a) At the option of any party in the event that the transactions contemplated by this Agreement have not occurred by May 13, 2005 and such delay was not as a result of any breach of this Agreement by the terminating party;

(b) By the Holders if the Company's Board of Directors failed to recommend or withdrew or modified in a manner adverse to the Holders its approval or recommendation of the Debt Conversion, Financing and Purchase Commitment;

(c) At the option of any party in the event that Shareholder Approval was not obtained at the Shareholder Meeting and any adjournment thereof;

(d) At the option of any party if any other party has materially breached a term of this Agreement and has not cured such breach within 30 days; or

(e) At the option of any party if any competent regulatory authority shall have issued an order making illegal or otherwise restricting, preventing, prohibiting or refusing to approve the transactions contemplated hereby, and such order shall have become final and non-appealable.

8. Miscellaneous.

(a) Section headings used in this Agreement are for convenience of reference only and shall not affect the construction of this Agreement.

(b) This Agreement may be executed in any number of counterparts and by the different parties on separate counterparts and each such counterpart shall be deemed to be an original, but all such counterparts shall together constitute but one and the same agreement.

(c) This Agreement shall be a contract made under and governed by the laws of the State of New York.

(d) All obligations of the Company and rights of the Holders expressed herein shall be in addition to and not in limitation of those provided by applicable law.

(e) The rights and obligations under this Agreement are not assignable except that each of New Valley and Frost-Nevada may assign its obligation to fulfill its Purchase Commitment to an affiliated entity; provided, however, that each of New Valley and Frost-Nevada shall remain liable to fulfill its Purchase Commitment if its respective assignee does not fulfill such obligation. This Agreement shall be binding upon the Company, the Holders and their respective successors and permitted assigns, and shall inure to the benefit of the Company, the Holders and their respective successors and permitted assigns.

(f) The terms and provisions of this Agreement are intended solely for the benefit of each party hereto and their respective successors or permitted assigns, and it is not the intention of the parties to confer third-party beneficiary rights upon any other person or entity.

(g) All amendments or modifications of this Agreement and all consents, waivers and notices delivered hereunder or in connection herewith shall be in writing.

(h) This Agreement constitutes the entire agreement among the parties with respect to the subject matter hereof and supersedes all prior agreements and undertakings, both written and oral, among the parties with respect thereto.

(i) Whether or not the Closing occurs, the Company shall pay all costs and expenses, including reasonable attorneys' fees, incurred by it or the Holders with respect to the negotiation, execution, delivery and performance of this Agreement, including without limitation any expenses of enforcing this provision and any expenses incurred in connection with any filings made by a Holder with the Commission relating to this Agreement and any legal fees incurred by

a Holder in connection with its review of the Required Registration Statement; provided, however, that in the event a Holder materially breaches its obligations hereunder, the Company shall no longer be responsible to pay such costs and expenses and any payments previously made by the Company to such Holder shall be reimbursed by the Holder. This provision shall survive termination of the Agreement. The Company further agrees that it shall reimburse (or advance) to the Holders any costs and expenses incurred in connection with the engagement by such Holders of a nationally recognized appraiser to perform an appraisal of the value of each Holder's Conversion Shares or Placement Shares upon the Closing for purposes of preparing each Holder's tax returns.

9. WAIVER OF JURY TRIAL. EACH OF THE COMPANY AND THE HOLDERS HEREBY IRREVOCABLY WAIVES ALL RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

10. Specific Performance. The parties hereto acknowledge and agree that any remedy at law for any breach of the provisions of this Agreement would be inadequate, and each party hereto hereby consents to the granting by any court of an injunction or other equitable relief, without the necessity of actual monetary loss being proved, in order that the breach or threatened breach of such provisions may be effectively restrained.

Independent Committee of the Board of Directors
Ladenburg Thalmann Financial Services Inc.
590 Madison Avenue
New York, NY 10022

Gentlemen:

We have been advised that Ladenburg Thalmann Financial Services Inc. (the “Company”) will enter into an agreement whereby (i) a \$8.01 million aggregate principal amount senior convertible promissory note, and the associated accrued interest, due New Valley Corporation (“New Valley”) will be converted into shares of the Company’s common stock at \$0.50 per share, (ii) a \$10 million aggregate principal amount senior convertible promissory note, and the associated accrued interest, due Frost-Nevada, Limited Partnership (“Frost-Nevada”) will be converted into shares of the Company’s common stock at \$0.40 per share ((i) and (ii) herein are defined as the “Conversion,” and the weighted average of the Conversion results in a conversion price of \$0.44 and is hereinafter, the “Conversion Price”), and (iii) the Company will issue and sell to investors up to \$20 million of its shares of common stock (the “Offering”) at a per share offering price of \$0.45, in which Frost-Nevada and New Valley shall each agree to a standby commitment in which they each commit to invest up to \$5 million, at a per share price of \$0.45 (the “Standby Price”) if the Offering is not fully subscribed for by other investors. The transaction set forth in (i), (ii) and (iii) above is hereinafter, the “Transaction.”

We have been retained by the Independent Committee of the Board of Directors to render an opinion as to whether, on the date of such opinion, the Conversion Price and the Standby Price are fair, from a financial point of view, to the Company’s unaffiliated shareholders.

We were not asked to consider, and our opinion does not address, the relative merits of the Transaction as compared to any alternative business strategy that might exist for the Company. We were not engaged to seek alternatives to the Transaction that might exist for the Company.

In arriving at our opinion, we took into account an assessment of general economic, market and financial conditions as well as our experience in connection with similar transactions and securities valuations generally and, among other things: (i) reviewed publicly available financial information and other data with respect to the Company, including the Annual Report on Form 10-K for the year ended December 31, 2003, the Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2004, the Current Reports on Form 8-K, dated February 19, 2004, July 21, 2004, September 15, 2004, and September 20, 2004 and the Preliminary Proxy Statement on Schedule 14A, filed May 19, 2004; (ii) reviewed Company Board of Directors and Board committee minutes; (iii) reviewed the Company’s draft profit and loss statement for the

nine months ended September 30, 2004; (iv) reviewed certain financial information prepared in connection with the Company's continued listing application for the American Stock Exchange; (v) reviewed and analyzed the Transaction's financial impact on the Company's book value; (vi) reviewed and analyzed the Transaction's impact on the common stock outstanding; (vii) considered the historical financial results and present financial condition of the Company; (viii) reviewed certain publicly available information concerning the trading of, and the trading market for, the common stock of the Company; (ix) reviewed and analyzed certain financial characteristics of companies that were deemed to have characteristics comparable to those of the Company; (x) reviewed and analyzed certain financial characteristics of target companies in transactions where such target company was deemed to have characteristics comparable to those of the Company; (xi) reviewed and analyzed the Company's free cash flows and prepared a discounted cash flow analysis; (xii) reviewed and analyzed the premiums and discounts implied by the Conversion Price and Standby Price, respectively; (xiii) reviewed and discussed with representatives of the management of the Company certain financial and operating information furnished by them, including financial analyses with respect to the business and operations of the Company; (xiv) inquired about and discussed the Transaction and other matters related thereto with Company management, the Independent Committee and the Board of Directors; and (xv) performed such other analyses and examinations as were deemed appropriate.

In arriving at our opinion we have relied upon and assumed the accuracy and completeness of all of the financial and other information that was used by us without assuming any responsibility for any independent verification of any such information and has further relied upon the assurances of Company management that it is not aware of any facts or circumstances that would make any such information inaccurate or misleading. With respect to the financial information utilized, we assumed that such information has been reasonably prepared on a basis reflecting the best currently available estimates and judgments, and that such information provides a reasonable basis upon which we could make our analyses and form an opinion. We have not made a physical inspection of the properties and facilities of the Company and have not made or obtained any evaluations or appraisals of the assets and liabilities (contingent or otherwise) of the Company. We have not attempted to confirm if the Company has good title to its assets.

We assumed that the Transaction will be consummated in a manner that complies in all respects with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. In addition, based upon discussions with the Company, it is assumed that the Transaction will not be a taxable event to the Company. We further assume that the Transaction will be consummated substantially in accordance with the terms set forth, without any further amendments thereto, and without waiver by the Company of any of the conditions to any obligations or in the alternative that any such amendments, revisions or waivers thereto will not be detrimental to the Company or the unaffiliated shareholders of the Company.

[Table of Contents](#)

Our opinion is necessarily based upon market, economic and other conditions, as they exist on, and could be evaluated as of October 15, 2004. Accordingly, although subsequent developments may affect our opinion, we do not assume any obligation to update, review or reaffirm our opinion.

Our opinion is for the use and benefit of the Independent Committee of the Board of Directors in connection with its consideration of the Transaction and is not intended to be and does not constitute (i) a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Transaction, or (ii) an investment recommendation regarding the Offering. Further, we do not express any opinion as to the underlying valuation or future performance of the Company or the price at which the Company's common stock would trade at any time in the future.

Based upon and subject to the foregoing, it is our opinion that, as of the date of this letter, the Conversion Price and the Standby Price are fair, from a financial point of view, to the Company's unaffiliated shareholders.

In connection with our services, we have previously received a retainer and will receive the balance of our fee upon the rendering of this opinion. In addition, the Company has agreed to indemnify us for certain liabilities that may arise out of the rendering this opinion.

Our opinion is for the use and benefit of the Independent Committee of the Board of Directors and is rendered in connection with its consideration of the Transaction and may not be used by the Company for any other purpose or reproduced, disseminated, quoted or referred to by the Company at any time, in any manner or for any purpose, without the prior written consent of Capitalink, except that this opinion may be reproduced in full in, and references to the opinion and to Capitalink and its relationship with the Company may be included in filings made by the Company with the Securities and Exchange Commission if required by Securities and Exchange Commission rules, and in any proxy statement or similar disclosure document disseminated to shareholders if required by the Securities and Exchange Commission rules.

Very truly yours,

/s/ Capitalink, L.C.
