PROXY STATEMENT

Our board of directors is soliciting proxies for the 2011 annual meeting of shareholders to be held on November 10, 2011. This proxy statement and the enclosed form of proxy contain important information for you to consider in deciding how to vote on the matters brought before the annual meeting.

We first sent this proxy statement to shareholders on or about October 7, 2011. Our board of directors set October 3, 2011 as the record date for the 2011 annual meeting. Shareholders of record who owned our stock at the close of business on that date may vote and attend the 2011 annual meeting. As of the record date, we had 182,939,152 shares of common stock issued and outstanding, our only outstanding class of voting securities. Each holder of our common stock is entitled to one vote for each share held on the record date.

What matters am I voting on?

You will be voting on:

- the election of eleven directors to hold office until the next annual meeting of shareholders and until their successors are elected and qualified;
- an advisory vote on executive compensation, or the say on pay vote;
- an advisory vote on the frequency of holding the say on pay vote in the future;
- the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2011; and
- any other business that may properly come before the meeting.

Who may vote?

Holders of our common stock at the close of business on October 3, 2011, the record date, may vote at the meeting. As of the close of business on the record date, 182,939,152 shares of our common stock were outstanding. Each shareholder has one vote for each share of common stock owned on the record date.

When and where is the meeting?

We will hold the meeting on November 10, 2011, at 10:00 a.m. local time at our offices located at 4400 Biscayne Blvd., Miami, Florida 33137.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board. The persons named in the proxy have been designated as proxies by our board. If you sign and return the proxy in accordance with the procedures described in this proxy statement, the persons designated as proxies by the board will vote your shares at the meeting as specified in your proxy.

If you duly execute the proxy card but do not specify how you want to vote, your shares will be voted:

- FOR the election as directors of the nominees listed below under Proposal I;
- FOR the advisory vote on executive compensation under Proposal II;
- FOR the advisory vote on executive compensation being held every year under Proposal III; and
- FOR the ratification of the appointment of EisnerAmper LLP as our independent registered public accounting firm for fiscal 2011 as described under Proposal IV.

If you give your proxy, the proxies named on the proxy card also will vote your shares in their discretion on any other matters properly brought before the meeting.

TABLE OF CONTENTS

Can I change my vote after I voted?

You may revoke your proxy at any time before it is exercised by:

- delivering written notification of your revocation to our secretary;
- voting in person at the meeting; or
- delivering another proxy bearing a later date.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

What is a quorum?

A quorum is the minimum number of shares required to be present at the meeting for the meeting to be properly held under our bylaws and Florida law. The presence, in person or by proxy, of a majority of all outstanding shares of common stock entitled to vote at the meeting will constitute a quorum. If less than a majority of outstanding shares entitled to vote are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date, time or place. Notice need not be given of the new date, time or place if announced at the meeting before an adjournment is taken.

If I hold shares in the name of a broker, bank or other nominee, who votes my shares?

If your shares are held in “street name” (that is, if they are held in the name of a bank, broker or other nominee), you will receive instructions on how to vote from your bank, broker or other nominee. It will then be the nominee’s responsibility to vote your shares for you in the manner you direct.

Under applicable rules of national securities exchanges, brokers may generally vote on routine matters, such as the ratification of our independent auditors as set forth in Proposal IV, but may not vote on non-routine matters, such as the election of directors as set forth in Proposal I and each of the non-binding advisory votes set forth in Proposals II and III, unless they have received voting instructions from the person for whom they are holding shares. Consequently, it is very important that you vote your shares for the election of directors and for the non-binding advisory votes on executive compensation. If you do not provide voting instructions to your broker, then your broker cannot vote on any non-routine matter, and the broker will return the proxy card to us, indicating that he or she does not have the authority to vote on that matter. That is generally referred to as a “broker non-vote.”

Other than the ratification of our auditors as set forth in Proposal IV, all other proposals described in this proxy statement are non-routine matters; therefore, we strongly encourage you to provide instructions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This will ensure that your shares are voted at the meeting.

If your shares are held in “street name” and you wish to vote in person at the meeting, you should contact the broker or other nominee who holds your shares to obtain a broker’s proxy card that you can bring with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes are counted as present for purposes of determining the presence of a quorum, but they are not counted as votes either in favor of or against any matter to be brought before the annual meeting.

How may I vote?

You may vote your shares by submitting your proxy by mail or by attending the meeting. If you vote by mail, date, sign and return the accompanying proxy in the envelope enclosed for that purpose (to which no postage need be affixed if mailed in the United States). You may specify your choices by marking the appropriate boxes on the proxy card. If you attend the meeting, you may deliver your completed proxy card in person or fill out and return a ballot that will be supplied to you at the meeting.

[TABLE OF CONTENTS](#)

How many votes are needed for approval of each matter?

Assuming a quorum is present at the annual meeting, nominees for directors are elected by a plurality of the votes cast at the meeting. "Plurality" means that the eleven individuals who receive the greatest number of votes cast "FOR" are elected as directors. Additionally, assuming a quorum is present, the outcome of the vote on the frequency of the say on pay vote will be determined by a plurality of the votes cast, which means that we will take under advisement the choice (every one year, two years or three years) that receives the most votes.

If a quorum is present at the annual meeting, each other proposal described in this proxy statement and any other proposal that may properly be brought before the meeting will be approved if the number of votes cast in favor of such proposal exceeds the number of votes cast opposing such proposal.

Are there any rules regarding admission to the annual meeting?

Yes. You are entitled to attend the annual meeting only if you were, or you hold a valid legal proxy naming you to act for, one of our shareholders on the record date. Before we will admit you to the meeting, we must be able to confirm:

- your identity by reviewing a valid form of photo identification, such as a driver's license; and
- that you were, or are validly acting for, a shareholder of record on the record date by:
 - Ø verifying your name and stock ownership against our list of registered shareholders, if you are the record holder of your shares;
 - Ø reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or
 - Ø reviewing a written proxy that shows your name and is signed by the shareholder you are representing, in which case either the shareholder must be a registered shareholder or you must have a brokerage or bank statement for that shareholder as described above.

If you do not have a valid picture identification and proof that you owned, or are legally authorized to act for someone who owned, shares of common stock on October 3, 2011, you will not be admitted, or permitted to vote at, to the meeting.

At the entrance to the meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement as your proof of ownership and any written proxy you present as the representative of a shareholder. We will decide whether the documentation you present for admission to the meeting meets the requirements described above.

PROPOSAL II

ADVISORY VOTE ON EXECUTIVE COMPENSATION (THE SAY ON PAY VOTE)

As required by Section 14A of the Exchange Act, we are seeking a non-binding advisory vote from our shareholders to approve the compensation of our named executive officers as described in the “Compensation Discussion and Analysis” and the executive compensation tables, the footnotes to the tables and narrative information accompanying the tables in this proxy statement. This proposal is also referred to as the say on pay vote.

We have designed our compensation programs to reward employees for producing sustainable growth and profitability to attract and retain high caliber talent and to align compensation with the long-term interests of our shareholders. We believe that our compensation policies and procedures are centered on a pay-for-performance philosophy. Although we have not adopted any formal guidelines for allocating total compensation among various compensation components, we maintain compensation plans that tie a substantial portion of our executives’ overall compensation to the achievement of corporate goals and our success. We believe our compensation program is designed with the appropriate balance of risk and reward consistent with our overall business strategy. In deciding how to vote on this proposal, we urge you to read the “Compensation Discussion and Analysis” section of this proxy statement for details of our executive compensation programs.

Our board recommends that shareholders vote FOR the following resolution:

“RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the executive compensation tables, and the related narrative.”

Because your vote is advisory, it will not be binding upon our board, meaning that prior compensation determinations of the board will not be invalidated and the board will not be required to adjust executive compensation programs or policies as a result of the outcome of the vote. However, the board values shareholders’ opinions and the compensation committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Our board recommends that you vote FOR the advisory vote on executive compensation.

PROPOSAL III

Our shareholders have the opportunity to vote on how often they believe the advisory vote on executive compensation should be held in the future. The choices are: every one year, two years or three years.

After thoughtful consideration, our board believes that holding an advisory vote on executive compensation every year is the most appropriate policy for our company and shareholders at this time.

A say on pay vote conducted every year would appropriately complement a number of effective mechanisms already available to shareholders that allow them to communicate with our board regarding executive compensation or any other matter. Shareholders are encouraged to convey their compensation concerns to us on a real-time basis. Shareholders have a variety of corporate governance mechanisms at their disposal for this purpose. These include annual elections of directors, shareholder approval requirements for equity and cash compensation plans, shareholder proposals, letters to individual directors or the entire board and voicing opinions at the annual meeting of shareholders. As with all of these practices, our board will monitor the effectiveness of an annual advisory say on pay vote to ensure it remains a valuable tool for shareholders.

Prior to voting on this proposal, we encourage you to read the “Compensation Discussion and Analysis” and the executive compensation tables, the footnotes to the tables and narrative information accompanying the tables in this proxy statement, which more thoroughly discuss our compensation policies and programs.

This is an advisory vote, which means that this proposal is not binding. Regardless, the compensation committee values the opinions expressed by our shareholders and expects to implement the frequency which receives the greatest level of support from shareholders. While we believe that a vote once every year is the best choice for our company and shareholders, you are not voting to approve or disapprove our recommendation of an annual vote, but rather to make your own choice among a vote once every one year, every two years or every three years. You may also abstain from voting on this item.

Shareholders are being asked to vote on the following resolution:

“RESOLVED, that the Company’s shareholders advise the Company to include a non-binding, advisory vote on the compensation of the Company’s named executive officers pursuant to Section 14A of the Exchange Act every:

- one year;
- two years; or
- three years.”

Our board recommends that you vote for holding the say on pay vote every ONE YEAR.

PROPOSAL IV

**RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2011**

The Audit Committee has selected and appointed EisnerAmper LLP to act as our independent registered certified public accounting firm for the 2011 fiscal year. EisnerAmper LLP was our independent auditor for the fiscal year ended December 31, 2010. Although shareholder ratification is not required by our bylaws or otherwise, we believe that submitting the appointment of our independent auditor to our shareholders is a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will re-evaluate its appointment, taking into consideration the shareholders' vote. However, the Audit Committee is solely responsible for the appointment and termination of our auditors and may do so at any time in its discretion. Even if the appointment is ratified, our Audit Committee may engage a different independent auditor at any time during the year if it determines that such a change would be in the best interests of our company and shareholders.

Our board recommends that you vote FOR ratification of the appointment of EisnerAmper LLP as our independent public accounting firm for fiscal 2011.

CORPORATE GOVERNANCE MATTERS**Independence of Directors**

We follow the NYSE Amex rules in determining if a director is independent. Our board of directors also consults with our counsel to ensure that the board's determination is consistent with those rules and all other relevant laws and regulations regarding director independence. In making its independence determinations, our board considered that in the ordinary course of business we may provide commercial and investment banking, financial advisory and other services to some of the independent directors and to business organizations and individuals associated with them. Our board determined that, based on available information, none of these relationships were material or affected the independence of any director. Consistent with these considerations, our board of directors has determined that Messrs. Beinstein, Genson, Gilinski, Krasno and Podell and Ms. Simkin are independent directors. Our other directors are not independent under the NYSE Amex rules because we currently employ them or they have other relationships with us that may result in them not being "independent." All members of our audit, compensation and nominating committees are independent. Also, our board of directors has affirmatively determined that each member of our audit committee is independent for audit committee purposes based on the more stringent independence standards imposed by applicable NYSE Amex and SEC rules.

Board Meetings and Committees; Attendance at Annual Meeting

The following table shows the current members of each board committee, the directors our board has determined to be independent and the number of meetings held by each committee in 2010.

Number of meetings held in 2010	—	8	2	1	Acted by consent

Our board meets regularly during the year and holds special meetings and acts by unanimous written consent whenever circumstances require. During 2010, there were four meetings of the board. All directors attended at least 75% of the aggregate number of meetings of the board and of each committee of which he was a member. Ms. Simkin did not join the board until September 2011; therefore, she was not present at any board or committee meetings in 2010. We expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Although we do not have any formal policy regarding director attendance at annual shareholder meetings, we attempt to schedule our annual meetings so that all of our directors can attend. Three directors attended our last annual meeting.

Executive Committee Information

Our executive committee is vested with all the power of the board of directors (other than actions which are vested in other board committees) except: (a) approving or recommending to shareholders actions or proposals required under the Florida Business Corporation Act to be approved by shareholders; (b) filling vacancies on the board of directors or on any committee thereof; (c) adopting, amending or repealing our bylaws; (d) authorizing or approving a repurchase of any of our securities; and (e) authorizing or approving the issuance of any of our securities.

TABLE OF CONTENTS

Nominating Committee Information

Our nominating committee oversees the selection of director nominees. The nominating committee considers persons identified by its members, management, investors, investment bankers and others. The nominating committee does not have a written charter, nor does it have any formal criteria for nominees. However, we feel that persons to be nominated should be actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure, and be willing to devote significant time to the promotion of the oversight duties of the board of directors of a public company. Although our nominating committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees, its review process is designed so that the board of directors includes members with diverse backgrounds, skills and experience, and represents appropriate financial and other expertise relevant to our business. For more information regarding our nomination process, see the section entitled "Submission of Shareholder Proposals and Nominations" below.

The persons to be elected at our annual meeting are the current directors standing for re-election, other than Ms. Simkin, who was appointed to our board of directors in September 2011 to fill the vacancy created by the resignation of Mr. Eide; therefore, she is standing for election by our shareholders for the first time. There were no arrangements or understandings pursuant to which Ms. Simkin was appointed as a director in September 2011. A non-management director recommended her for consideration by the nominating committee.

Audit Committee Information and Report

Our board has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Exchange Act.

Our audit committee assists the board in monitoring:

- the integrity of our financial statements;
- our independent auditor's qualifications and independence;
- the performance of our independent auditor; and
- our compliance with legal and regulatory requirements.

The audit committee also reviews and approves all related-party transactions.

As required by applicable SEC and NYSE Amex rules, our board has determined that each audit committee member is independent for audit committee purposes and is financially literate and that Mr. Beinstein, who chairs the committee, is an audit committee financial expert as defined by SEC rules.

Under its written charter, which was amended and re-adopted on March 24, 2009 and is available at <http://ir.stockpr.com/ladenburg/governance-documents>, our audit committee's responsibilities include, among other things:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management and the independent auditor the effect on our financial statements of (i) regulatory and accounting initiatives and (ii) off-balance sheet structures;
- discussing with management major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies;
- reviewing disclosures made to the audit committee by our chief executive officer and chief financial officer during their certification process for our Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in our internal controls;

TABLE OF CONTENTS

- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all auditing services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; and
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies.

Audit Committee Report

The information contained in this report shall not be deemed "soliciting material" or "filed" with the SEC, nor shall such information be incorporated by reference into any document we file with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that such report is specifically stated to be incorporated by reference into such document.

Our audit committee has met and held discussions with management and EisnerAmper LLP, our independent auditors. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with EisnerAmper LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended and adopted by the Public Company Accounting Oversight Board.

EisnerAmper LLP also provided the audit committee with the written disclosures and letter regarding independence required by the Public Company Accounting Oversight Board regarding the independent auditors' communication with the audit committee regarding independence. The committee discussed with EisnerAmper LLP and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by EisnerAmper LLP.

Based upon the committee's discussion with management and the independent auditors and the committee's review of our audited financial statements, the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the board of directors include the audited consolidated financial statements in our annual report on Form 10-K for the year ended December 31, 2010.

Saul Gilinski
Jeffrey S. Podell

TABLE OF CONTENTS

Board Leadership Structure

We have a separate chairman of the board, Phillip Frost, M.D., and chief executive officer, Richard J. Lampen. We believe that having a non-executive director serve as our chairman allows our chief executive officer to focus on our business, while allowing the chairman to fulfill his fundamental board leadership role, which includes providing advice to, and independent oversight of, our board.

Our board is committed to good corporate governance and believes that it is appropriate for a highly-qualified director to serve as its chairman. Our chairman is responsible for the orderly functioning of our board and enhancing its effectiveness. Our chairman guides board processes, provides input on agenda items and presides at board meetings. Our chairman also acts as a liaison between our board members and our executive management team, consulting regularly and providing guidance on board-related matters.

Board Role in Risk Oversight

Our board's role in the risk oversight process includes receiving regular reports from senior management on areas of material risk, including operational, financial, legal and regulatory and strategic and reputational risks. In connection with its review of the operations of our business units and corporate functions, our board considers and addresses the primary risks associated with those units and functions. Our board regularly engages in discussions of the most significant risks that we are facing and how we manage these risks.

Also, each board committee, including our audit committee, plays a role in overseeing risk management issues that fall within such committee's areas of responsibility. Senior management reports on at least a quarterly basis to our audit committee on the most significant risks we face from a financial reporting perspective and highlights any new risks that may have arisen. Our audit committee also meets regularly in executive sessions with our independent registered public accounting firm and reports any findings or issues to our board. In performing its functions, each board committee has access to management and is able to engage advisors. Our board receives regular reports from our committees regarding each committee's areas of focus.

EXECUTIVE COMPENSATION

This Compensation Overview section discusses the compensation programs and policies for our executive officers and the compensation committee's role in the design and administration of these programs and policies in making specific compensation decisions for our executive officers.

Compensation Committee

Henry C. Beinstein, Brian S. Genson, Dr. Richard Krasno and Jacqueline Simkin, each of whom is an independent director, currently comprise our compensation committee, which does not have a written charter. The committee's responsibilities include:

- establishing the general compensation policy for our executive officers, including our chief executive officer;
- administering our Qualified Employee Stock Purchase Plan ("QESPP"), our Amended and Restated 1999 Performance Equity Plan ("1999 Plan") and our 2009 Incentive Compensation Plan ("2009 Plan" and, together with the QESPP and the 1999 Plan, the "Plans"); and
- determining who participates in these plans, establishing performance goals, if any, and determining specific grants and awards to the participants.

Our compensation committee has established compensation policies designed to provide competitive compensation levels that integrate pay with our annual performance and reward above average corporate performance, recognize individual initiative and achievements and assist us in attracting and retaining qualified executives. Our compensation committee may engage outside advisors, experts and others to assist it in determining executive compensation.

The compensation committee makes all final determinations with respect to executive compensation based on an appraisal of our financial status. Our chief executive officer may make recommendations to the compensation committee relating to the compensation of executive officers, but the compensation committee has full autonomy in determining executive compensation. The compensation committee also considers and approves all director compensation other than standard fees for board and committee service.

Our compensation committee is charged with performing an annual review of our executive officers' cash and other compensation to determine whether we provide adequate incentives and motivation to executive officers and whether the compensation we provide to our executive officers is comparable to the compensation provided to other executive officers in similarly situated companies.

Compensation Components

The four primary compensation components are base salary, brokerage commissions (for those officers who are registered representatives), cash bonuses and equity awards. We discuss each of these items in more detail below.

Base Salary. Generally, we set executive base salaries at levels comparable with those of executives in similar positions and with similar responsibilities at comparable companies. We seek to maintain base salary amounts at or near the industry norms, while avoiding paying amounts in excess of what we believe is necessary to motivate executives to meet corporate goals. Base salaries are not anticipated to be the sole component of total annual cash compensation. We review base salaries annually, subject to terms of employment agreements, and our compensation committee seeks to adjust base salaries to realign them with industry norms based on a review of publicly-available compensation information after taking into account individual responsibilities, performance and experience. We do not use specific industry benchmarks, however. As part of the annual compensation review process, the compensation committee in December 2010 increased Mr. Zeitchick's salary from \$250,000 to \$325,000, effective January 1, 2011, and in April 2011 increased Mr. Kaufman's salary from \$200,000 to \$225,000, effective April 1, 2011.

TABLE OF CONTENTS

Brokerage Commissions. If an executive is a registered representative, part of the executive's total compensation is a percentage of the brokerage commissions derived from customer accounts for which such executive is the designated account representative. We believe this form of additional compensation helps incentivize our executives who are registered representatives. For each of fiscal 2008, 2009 and 2010, Mark Zeitchick was the only executive officer who was paid brokerage commissions.

Discretionary Cash Bonus. We grant discretionary cash bonuses to executives and directors, including non-employee directors. This is an important part of executive compensation. These bonuses may exceed base salary amounts and are more closely tied to both company and individual performance. Our compensation committee establishes bonus amounts by taking account of, among other things, a subjective assessment of individual performance, growth in our business through organic growth and acquisitions, satisfaction of financial goals, including EBITDA, as adjusted, changes in shareholder value and the business environment in which we operated during the year. We believe that EBITDA, as adjusted, is correlated to shareholder value creation and therefore is one of the appropriate measures to consider in determining executive compensation. EBITDA, as adjusted, is intended to minimize or eliminate the effect of items that do not directly reflect our performance or individual executive performance. While the compensation committee considers the foregoing objective factors, the actual bonus amount for each executive officer is based on the compensation committee's subjective assessment of both our overall performance for the year, in the context of the business environment in which we operated, and the contribution that each such individual made to that performance. The compensation committee believes that a discretionary bonus plan is appropriate because objective, short-term financial measures may not fully reflect the underlying reasons for our performance and will not reflect individual executive performance.

In 2010, we granted a \$200,000 cash bonus to each of Richard Lampen, our president and CEO, and Mark Zeitchick, our executive vice president and the president and CEO of Ladenburg Thalmann & Co. Inc.; and a \$115,000 cash bonus to Bret Kaufman, our senior vice president and chief financial officer. We also granted a \$200,000 cash bonus to each of Dr. Phillip Frost, our chairman, and Howard Lorber, our vice-chairman. These bonuses were based on the contributions made by these individuals to our performance in 2010, including the development of new business. Additional considerations for the bonuses for Messrs. Lampen, Zeitchick and Kaufman for 2010 included the firm's return to positive EBITDA, as adjusted; significant growth in revenues and asset levels at our independent brokerage businesses, together with progress on the consolidation of their back office functions; the benefits obtained from the new clearing agreements, including cost savings and the forgiveness of approximately \$2 million of principal and interest under the loan from our clearing firm; and the growth of the investment banking business. Bonus payments for our executive officers in 2010 were higher than those paid in 2009, when no bonuses were paid to Dr. Frost or to Messrs. Lampen and Lorber and a \$100,000 bonus was paid to each of Mr. Zeitchick and Mr. Kaufman. The increased amounts were due to our compensation committee's subjective assessment of our overall performance in the context of the business environment, in which we operated, including increased EBITDA, as adjusted, in 2010 as compared to 2009.

Equity Awards. We grant stock options and other stock-based awards to incentivize executives for long-term performance and to provide an appropriate balance between our long-term and short-term performance. We believe that providing a meaningful portion of our executives' total compensation package in stock options and other stock-based awards will align the incentives of our executives with the interests of our shareholders and with our long-term success. The percentage of compensation paid as long-term incentives as compared with cash payments is made through a subjective determination. The compensation committee develops its equity award determinations based on its judgment as to whether the complete compensation packages provided to our executives, including prior equity awards, are sufficient to retain, motivate and adequately award the executives. We generally grant options that vest over a period of three or four years beginning on the first anniversary of the grant date. We believe that this vesting schedule contributes significantly to the retention of our executive officers because they must remain employed for at least one year before they can realize any potential value from an option grant and will need to continue in our employ for the duration of the vesting schedule in order to realize the maximum potential value.

TABLE OF CONTENTS

In March 2011, we granted options to purchase 600,000 shares to each of Dr. Frost and Messrs. Lorber, Lampen and Zeitchick and options to purchase 125,000 shares to Mr. Kaufman. The exercise price for these options is \$1.28 per share (a premium to the closing market price of \$1.02 on the grant date). These options vest in four equal annual installments beginning on the first anniversary of the grant date. In January 2010, we granted options to purchase 1,000,000, 600,000, 600,000, 600,000 and 50,000 shares to Dr. Frost and Messrs. Lorber, Lampen, Zeitchick and Kaufman, respectively. The exercise price for these options is \$0.90 per share (a premium to the closing market price of \$0.72 on the grant date). These options vest in four equal annual installments beginning on the first anniversary of the grant date.

Equity awards are granted generally through the 1999 Plan and the 2009 Plan. Each of the 1999 Plan and the 2009 Plan is intended to comply with the regulations issued under Section 162(m) of the Internal Revenue Code and is administered by our compensation committee. To the extent permitted under the provisions of these plans, the compensation committee has authority to determine the selection of participants, allotment of shares, price, and other conditions of awards.

Other Compensation. We maintain various employee benefit plans, including medical, dental, life and disability insurance and 401(k) plans, and these plans are available to all salaried employees. We pay all medical and dental insurance premiums for certain of our executive officers as provided in their respective employment agreements. Commencing in 2011, Mr. Lampen is being reimbursed, on an after-tax basis, for various automobile expenses and health and dental insurance premiums.

Risk Considerations in our Compensation Programs

We have reviewed our compensation structures and policies as they pertain to risk and have determined that our compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on our company.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation in excess of \$1 million in any taxable year paid to the chief executive officer and the four other most highly compensated officers. The effect of Section 162(m) is substantially mitigated by our net operating losses, although the amount of any deduction disallowed under Section 162(m) could increase our alternative minimum tax by up to 2% of such disallowed amount. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are satisfied. Because our shareholders approved our 1999 Plan and our 2009 Plan, awards under these plans generally qualify as "performance-based" compensation that is fully deductible and not subject to the Section 162(m) deduction limit. In determining executive compensation, our compensation committee considers, among other factors, the possible tax consequences. Tax consequences, including tax deductibility, are subject to many factors (such as changes in the tax laws) that are beyond our control. Also, the compensation committee believes that it is important for it to retain maximum flexibility in designing compensation programs that meet its stated objectives. For these reasons, the committee, while considering tax deductibility as one of the factors in determining compensation, does not limit compensation to those levels or types of compensation that will be deductible by us.

Compensation Arrangements for Executive Officers

Richard J. Lampen serves as our president and chief executive officer under a management services agreement with Vector Group. Under this agreement, Vector Group makes Mr. Lampen’s services available to us and will provide, upon our request, other financial and accounting resources, including assistance in complying with Section 404 of the Sarbanes-Oxley Act of 2002, in exchange for an annual fee of \$600,000, payable in quarterly installments, and an indemnification by us of Vector Group. The management agreement is terminable by either party on 30 days’ prior notice. In January 2011, we paid a \$200,000 discretionary bonus to Mr. Lampen for 2010, which is reflected in the Summary Compensation Table above.

Mark Zeitchick serves as our executive vice president and president and chief executive officer of Ladenburg Thalmann & Co. Inc. Under his employment agreement, Mr. Zeitchick received an annual base salary of \$250,000 which was increased to \$325,000 for 2011, a percentage of commissions from customer accounts for which he is a designated account representative and a discretionary bonus. In January 2011, we paid a \$200,000 discretionary bonus to Mr. Zeitchick for 2010, which is reflected in the Summary Compensation Table above. The base salary increase for Mr. Zeitchick was the first increase in his base salary since 2006. The current term of the agreement with Mr. Zeitchick, which automatically renews for successive one year periods unless terminated by either party upon 30 days’ prior written notice, is through December 31, 2011.

Since April 2008, Brett Kaufman has served as our chief financial officer under the terms of an employment letter providing for a \$200,000 annual base salary, which was increased to \$225,000 effective April 1, 2011. Option Exercises and Stock Vested

None of our Named Executive Officers exercised any stock options during 2010.

Pension Benefits

We do not provide pension benefits to our Named Executive Officers.

Stock Options and Warrants Issued Outside of Equity Plans

As of December 31, 2010, stock options issued outside of our equity plans to purchase an aggregate of 4,475,000 shares of our common stock at exercise prices ranging from \$0.47 per share to \$1.91 per share and warrants to purchase 6,900,000 shares of our common stock at exercise prices ranging from \$0.68 per share to \$1.91 per share were outstanding. See "Equity Compensation Plan Information" below.

Qualified Employee Stock Purchase Plan

On November 6, 2002, our shareholders approved the QESPP, under which a total of 5,000,000 shares of our common stock are available for issuance. On November 1, 2006, our shareholders approved an amendment to increase the number of shares available for issuance under the plan to 10,000,000 shares. Under this stock purchase plan, as currently administered by the compensation committee, all full-time employees may use a portion of their salary to acquire shares of our common stock during designated periods. Designated periods have been initially set at three months long and commence on January 1st, April 1st, July 1st and October 1st of each year and end on March 31st, June 30th, September 30th and December 31st of each year. On the first day of each such period, known as the "date of grant," each participating employee is automatically granted an option to purchase shares of our common stock to be automatically exercised on the last trading day of the three-month purchase period comprising an option period. The last trading day of an option period is known as an "exercise date." On the exercise date, amounts withheld during the period will be applied to purchase shares for the employee from us. The purchase price will be 95% of the last sale price of our common stock on the exercise date. As of December 31, 2010, 4,107,090 shares of common stock had been issued under the QESPP.

Potential Termination or Change in Control Payments

Mark Zeitchick and Brett H. Kaufman have employment agreements with us that provide for potential payments in the event of their termination.

Under Mr. Zeitchick's employment agreement, if his employment is terminated for any reason other than death, we are required to pay to Mr. Zeitchick all compensation owed under the agreement as of the termination date and all premiums necessary to maintain medical insurance for him and his family, providing coverage no less extensive than that in effect on the date hereof, and pay for any required deductibles under such insurance, until the earlier of (i) two years after his termination or (ii) until he receives similar coverage, without pre-existing condition limitations, after the expiration of any waiting periods, from a subsequent employer, as well as the cost of insurance, hospitalization, medical or other benefits we make available to our employees. The total estimated payment in the event Mr. Zeitchick's employment had been terminated on December 31, 2010 for any reason other than his death was approximately \$18,000. In the event of Mr. Zeitchick's death, we are required to pay to, or on behalf of, Mr. Zeitchick's spouse or designated beneficiary, if he is survived by a spouse or designated beneficiary, or if not, to his estate, for one year from the date of death, all compensation owed under the agreement as of the termination date and all premiums necessary to maintain medical insurance for his family, providing coverage no less extensive than that in effect on the date of the agreement, any required deductibles under such insurance, as well as the cost of insurance, hospitalization, medical or other benefits made available by us to our employees so that Mr. Zeitchick's beneficiary may participate. The total estimated payment in the event Mr. Zeitchick's employment had been terminated on December 31, 2010 as a result of his death was approximately \$0.

TABLE OF CONTENTS

Under the terms of the employment letter with our current senior vice president and chief financial officer, Brett Kaufman, we are required to pay Mr. Kaufman a severance amount equal to his annual base salary (\$200,000 at December 31, 2010) due to his termination by us without "Cause" or by him for "Good Reason." In the event that Mr. Kaufman's employment is terminated due to death or "Disability," Mr. Kaufman will be entitled to receive a pro-rata bonus for the year of termination based on his bonus for the prior year (\$115,000 in the case of any termination in 2011). Also, Mr. Kaufman and his family will be entitled to receive subsidized health and dental benefits for a period of up to 18 months following any termination due to death, "Disability," without "Cause" or with "Good Reason" (approximately \$30,000 at December 31, 2010). The total estimated payment in the event Mr. Kaufman's employment had been terminated on December 31, 2010 as a result of his death or disability was approximately \$130,000.

Mr. Kaufman's employment letter defines "Cause", "Disability" and "Good Reason" as follows:

- Cause means: (i) conviction of, or the entry of a plea of guilty or nolo contendere to, a felony, (ii) alcoholism or drug addiction which materially impairs Mr. Kaufman's ability to perform his duties, (iii) continued, intentional and willful failure to substantially and materially perform his material duties and responsibilities after receipt of written notice and failure to cure within 30 days of such notice, (iv) willful and deliberate misconduct that results, or is reasonably likely to result, in material and demonstrative harm to us or our subsidiaries or affiliates, or (v) substantial impairment from performing his duties for a period of longer than 60 consecutive days or more than 120 days as a result of an action taken by a regulatory body or self-regulatory agency.
- Disability means that Mr. Kaufman, as a result of incapacity due to physical or mental illness, has been substantially unable to perform his normal duties for an entire period of six consecutive months, and has not returned to the substantial performance of his duties on a full-time basis within 30 days after written notice of termination is given by us after such six-month period.
- Good Reason means: (i) a material diminution in duties or responsibilities, (ii) failure to appoint or elect Mr. Kaufman as our senior vice president and chief financial officer or his removal from such position, (iii) a reduction in his base salary, (iv) relocation of his office to a location outside of Miami, Florida (other than in connection with travel necessary to perform his duties), or (v) a material breach by us of his employment letter, an indemnification agreement between us or any equity agreement between us, including, without limitation, the failure of any successor to all or substantially all of our assets to assume our obligations under the employment letter and the indemnification agreement.

Also, certain of our option agreements contain clauses that provide that in the event of a change in control of our company, or upon the death or disability of the optionholder, all stock options under such an agreement become fully vested. The unrealized value of in-the-money, unvested stock options subject to accelerated vesting are shown below as potential payments to the Named Executive Officers. The unrealized value was calculated by multiplying the number of unvested shares under "Outstanding Equity Awards at December 31, 2010" above by the closing price of a share of common stock on December 31, 2010 (\$1.17), then deducting the aggregate exercise price of the unvested stock options.

Director Compensation

Directors who are also employees receive no cash compensation for serving as directors. Each of our non-employee directors receives annual director fees of \$20,000, payable in quarterly installments. Audit committee, compensation committee and nominating committee members each receive an additional annual fee of \$10,000, \$5,000 and \$5,000, respectively. The chairman of the executive committee (if he is not an employee) receives an additional annual fee of \$100,000. Also, each non-employee director receives \$1,000 and \$500 per board and committee meeting, respectively, that he attends. Upon their election or re-election, as the case may be, we grant our non-employee directors ten-year options under our 1999 Plan or 2009 Plan to purchase 20,000 common shares at fair market value on the grant date. We also reimburse directors for costs incurred in attending board and committee meetings.

In addition, for 2010, we paid a discretionary bonus of \$200,000 in January 2011 to each of Phillip Frost, M.D., our chairman, and Howard Lorber, our vice-chairman, as a result of our subjective determination of their individual contributions to our company. In March 2011, we granted each of Dr. Frost and Mr. Lorber an option to purchase 600,000 shares of our common stock at an exercise price of \$1.28 per share (a premium to the closing market price of \$1.02 on the grant date).

The following table summarizes non-employee director compensation for 2010. Compensation for directors who are also Named Executive Officers is included in the Summary Compensation Table above. Mr. Eide resigned from the board in September 2011.

At December 31, 2010, options to purchase 1,475,000 shares remained outstanding and are currently vested.

Certain Relationships and Related Transactions

Related party policy

Our Code of Business Conduct and Ethics requires us to avoid related party transactions that could result in actual or potential conflicts of interest, except under guidelines approved by our board or audit committee. Related-party transactions are defined as transactions in which:

- the aggregate amount involved is expected to exceed \$120,000 in any calendar year;
- we or any of our subsidiaries is a participant; and

TABLE OF CONTENTS

- any (a) executive officer, director or director nominee, (b) five percent or greater beneficial owner of our common stock, or (c) immediate family member, of the persons listed in clauses (a) and (b), has or will have a material interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

A conflict of interest can arise when a person takes actions or has interests that may make it difficult for such person to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position. Our audit committee, under its charter, reviews and approves related-party transactions to the extent we enter into such transactions.

The audit committee considers all relevant factors when determining whether to approve a related party transaction, including:

- whether the transaction is on terms no less favorable to us than terms generally available to an unaffiliated third-party under the same or similar circumstances; and
- the extent of the related party's interest in the transaction.

A director may not participate in the approval of any transaction in which he is a related party, but must provide the audit committee with all material information concerning the transaction. Also, we require each of our directors and executive officers to complete a directors' and officers' questionnaire annually that elicits information about related-party transactions. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

Related party transactions

In August 2011, we entered into an agreement to acquire Securities America Financial Corporation from Ameriprise Financial, Inc., which we refer to as Ameriprise. In connection with the execution of such agreement, we entered into a financing commitment letter with Frost Nevada Investments Trust, which we refer to as Frost Nevada, an affiliate of Dr. Phillip Frost, our chairman of the board and our principal shareholder. Frost Nevada has agreed, subject to the terms and conditions contained in the commitment letter, to provide a loan in an aggregate principal amount of up to \$170 million, a portion of the proceeds of which would be used by us to fund a portion of the purchase price for the acquisition. A special committee of our board of directors was formed by joint action of the board and the audit committee to review and consider the terms of the loan transaction contemplated by the commitment letter, and, upon such review and consideration, which included the advice of the special committee's independent financial advisor, the special committee determined that the proposed financing is fair from a financial point of view to the company and its unaffiliated shareholders.

In connection with our acquisition of Investacorp in 2007, we entered into a \$30,000,000 revolving credit agreement with an entity affiliated with Dr. Phillip Frost. Borrowings under the credit agreement bear interest at a rate of 11% per annum, payable quarterly. On August 25, 2009, the revolving credit agreement was amended to extend the maturity date to August 25, 2016, and, on August 16, 2011, in connection with our proposed acquisition of Ameriprise, the revolving credit agreement was amended to increase available borrowings thereunder by \$10,000,000 to an aggregate of \$40,000,000. The note issued under the credit agreement contains customary events of default, which if uncured, entitle the holder to accelerate the due date of the unpaid principal amount of, and all accrued and unpaid interest on, such note. The largest aggregate principal amount outstanding under this facility since January 1, 2010 was \$25,950,000. In 2010, we paid \$16,200,000 in principal and \$2,258,853 was earned under this facility. The aggregate principal amount outstanding under this facility at December 31, 2010 was \$16,950,000.

Howard Lorber is a consultant to Hallman & Lorber Associates, Inc., a private consulting and actuarial firm, and related entities, which receive commissions from insurance policies written for us and our subsidiaries. These commissions were approximately \$208,000 in 2010. Hallman & Lorber Associates, Inc. and such related entities continue to provide services to us and our subsidiaries during 2011.

TABLE OF CONTENTS

Robert J. Eide, formerly a member of our board, is chairman and chief executive officer of Aegis Capital Corp., a brokerage firm which does business with Ladenburg Thalmann & Co. Inc. in the ordinary course on customary terms. Such firm has acted as a selected dealer in several securities offerings in which Ladenburg was a lead underwriter, and commissions and fees paid to Aegis Capital Corp. for these 2010 securities offering were \$289,000. We anticipate such amounts will exceed \$120,000 for 2011.

In September 2006, we entered into a management services agreement with Vector Group under which Vector Group agreed to make available to us the services of Richard J. Lampen, Vector Group's executive vice president, to serve as our president and chief executive officer and to provide certain other financial and accounting services, including assistance with complying with Section 404 of the Sarbanes-Oxley Act of 2002. In consideration for such services, we currently pay Vector Group a \$600,000 annual fee plus any direct, out-of-pocket costs, fees and other expenses incurred by Vector Group or Mr. Lampen in providing such services, and have agreed to indemnify Vector Group for any liabilities arising out of the provision of the services. The rent is inclusive of operating expenses, property taxes and parking. Rental payments for 2010 amounted to approximately \$512,000. We received the advice of a commercial real estate firm at the time we entered into the lease that the lease terms were as fair as could have been obtained from an unaffiliated third party.

In September 2010, Investacorp, Inc. entered into an office lease with Frost Real Estate Holdings, LLC for a five-year lease ending in September 2015. The lease is for 11,475 square feet of space in the office building in Miami, Florida, where our principal executive offices and a branch office of Ladenburg Thalmann & Co. Inc. are located. Rental payments for 2010 amounted to approximately \$84,000. Ladenburg Thalmann & Co. Inc employs Richard J. Rosenstock, a director, Richard Sonkin, the brother-in-law of Richard J. Rosenstock, and Steven Zeitchick, the brother of director Mark Zeitchick. In 2010, (i) Richard J. Rosenstock received approximately \$214,000 in compensation, (ii) Richard Sonkin received approximately \$208,000 in compensation and (iii) Steven Zeitchick received approximately \$210,000 in compensation. It is anticipated that each of these individuals will receive in excess of \$120,000 in compensation from us in 2011.
