Item 9. Regulation FD Disclosure

Federated Department Stores, Inc. ("Federated"), today posted the following weekly sales update on its Internet website:

"This is the update for the second week of December 2002 including sales from Sunday December 8th through Saturday December 14th. The fiscal month of December runs from December 1st through January 4th this year and the combined November/December period runs from November 3rd through January 4th.

Given the sales volume typically done in the days still to come, it is hard to give any further insights into comp store sales for December. At this point we still expect November/December comp store sales to be at the low end of the range of flat to down -2.5%."

The informational statements contained in this release are the exclusive property of Federated and may not be reproduced, in whole or in part, in any manner, without the prior written consent of Federated.

This release contains certain forward-looking statements that reflect current views of the financial performance and future events of Federated. The words "expect", "plan", "anticipate", "believe" and other similar expressions identify forward-looking statements. Any such forward-looking statements are subject to risks and uncertainties. Future results of the operations of Federated could differ materially from historical results or current expectations due to a variety of factors that affect Federated, including competitive pressures from specialty stores, general merchandise stores, manufacturers' outlets, off-price and discount stores, new and established forms of home shopping (including the Internet, mail-order catalogues and television) and general consumer spending levels, including the impact of the availability and level of consumer debt, and the effect of weather.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
