Executive Compensation Program

Our compensation program objectives are to provide competitive and reasonable compensation opportunities through programs aligned with key business strategies and plans, foster a performance-based culture, and attract, motivate, reward and retain key executives. Balancing these primary program objectives helps ensure accountability to our shareholders. For a detailed discussion of our short- and long-term incentive programs, see page 89.

2023 Compensation Program Design

The 2023 executive compensation program focused on 2023 financial objectives and key priorities, as well as absolute and relative stock price appreciation. The plan framework and goals reflect a focus on driving business performance in the context of a business climate that continued to have a level of uncertainty around both the consumer and macro environment at the time the plans were set.

- The incentive plans were designed to motivate and engage the organization and leadership with linkage between strategy, business plan and incentives.
- Plan design focused on Growth, Profit and Colleague.

Annual Incentive Plan

The annual incentive plan design reflected a focus on key 2023 business priorities.

- Metrics were weighted 80% on the financial goals of Adjusted EBITDA and total revenue (weighted 40% each) and 20% on a Culture Index.

Long-term Incentive Plan

We continued to use performance-based restricted stock units (RSUs) and time-based restricted stock units (RSUs) in the long-term incentive plan with a mix of 50% each for all NEOs. The 2023 RSU awards had two equally weighted metrics: relative total shareholder return (rTSR) and 2023 Adjusted EBITDA margin.

- Given the uncertainty in the macro environment and the volatility of the retail industry, the CMD Committee made the decision to use 2023 Adjusted EBITDA margin in the RSU plan. Following the one-year performance period, there is an additional two-year vesting period to align with our historic vesting practices and help ensure retention.
- The rTSR metric continues to be based on a three-year performance period and uses the S&P Retail Select Industry Index as the benchmark group.

The payout ranges in both the annual and long-term incentive plans were 25% to 200% of target, consistent with 2022.

Compensation Mix

Within our primary pay elements of base salary, performance-based annual incentive and long-term incentives, we emphasize at risk pay over fixed pay with at least 70% of our NEOs' target compensation linked to a variety of metrics, including pre-determined performance objectives (financial and strategic) and/or stock price performance. The program also balances the importance of the achievement of short-term and long-term objectives.

Our executive compensation program and our methodology for setting pay opportunities and approving payouts are further discussed in the Compensation Discussion and Analysis (CD&A) on page 81.

Corporate Social Responsibility

We believe we have a responsibility to manage our resources, maximize our positive social impact and proactively engage on issues that span the breadth of our operations including through transparency, product responsibility and supply chain management, energy management, diversity, equity and inclusion and building resilient communities.

Consumers have a rising expectation that how companies do business is as important as what they sell. Our social purpose is a strategy and framework that supports our business and empowers more voice, choice and ownership of our colleagues, customers, and communities.

Our *Mission Every One* social purpose platform is working to create a brighter future with bold representation for all. Our initial commitment of \$5 billion through 2025 will be directed to our people, partners, products and programs to create a more equitable and sustainable future. A portion of the Company's overall \$5 billion commitment will support retail and non-retail diverse-owned or underrepresented businesses, investments in diverse and inclusive development programs and expand the sustainable products backed by third-party certifications that we offer. Across Macy's, Bloomingdale's, and Bluemercury, digital shopping through online and app experiences, and new smaller off-mall store formats, Macy's fosters a comprehensive supplier ecosystem that advocates for businesses at all levels of growth and across a vast array of categories and size.

Background of the Solicitation

The summary below details the significant communications and interactions between the Company and Arkhouse Management Co. LP ("Arkhouse") in connection with Arkhouse's nomination of nine individuals for election to the Board. This summary does not purport to catalogue every conversation of or among members of the Board, the Company's management, the Company's advisors and representatives of Arkhouse and its advisors relating to Arkhouse's solicitation.

On November 29, 2023, the Company's then-Chief Executive Officer, Jeff Gennette, received an email from Gavriel Kahane, Managing Partner of Arkhouse, requesting a conversation. Mr. Kahane said that Arkhouse was a substantial Macy's, Inc. shareholder and had interest in an acquisition of the Company.

On November 30, 2023, Mr. Gennette and Adrian V. Mitchell, the Company's Chief Operating Officer and Chief Financial Officer, had a call with Mr. Kahane, Jon Blackwell, Managing Partner of Arkhouse, and Matt Perkal, Partner at Brigade Capital Management ("Brigade," and together with Arkhouse, the "Investor Group"). Mr. Kahane explained that Brigade was part of the Investor Group and that the intent of the Investor Group was to acquire Macy's, Inc. in order to unlock what they believed to be unrealized real estate value on the Company's balance sheet. Mr. Gennette said he would communicate this information to the Board.

On December 1, 2023, the Company received a letter from the Investor Group outlining a proposal to acquire all of the outstanding shares of the Company for \$21.00 per share in cash. Mr. Gennette sent an email to Mr. Kahane acknowledging that the letter had been received. The proposal was non-binding and subject to various conditions, including satisfactory due diligence. In regards to financing, the letter said only that the Investor Group intended to finance its proposal with new debt and preferred equity, and pointed the Board to an accompanying “highly confident letter” from Jefferies LLC, financial advisor to Arkhouse (“Jefferies”). In its short letter, Jefferies stated that it was confident in its ability to arrange financing for the potential transaction, subject to the following preconditions: “(i) no material adverse change in the business or prospects of the Company; (ii) satisfactory market conditions; (iii) receipt of ratings from Moody’s and Standard and Poor’s that are satisfactory to Jefferies and the purchasers of the [financing]; (iv) delivery of customary documentation satisfactory to Jefferies and the purchasers of the [financing]; (v) satisfactory completion of [Jefferies’] due diligence on the Company and Arkhouse; (vi) Jefferies receipt of an executed engagement agreement with terms, including indemnification, acceptable to Jefferies; and (vii) approval from [Jefferies’] internal committees.”

On December 6, 2023, Mr. Kahane reached out to Mr. Gennette by email for an update on the timing of the Company’s response to the Investor Group’s proposal. Mr. Gennette responded later that day, noting that the Board was in the process of reviewing the proposal and that he would revert once those discussions had concluded.

On December 7 and December 8, 2023, the Board met during a regularly scheduled meeting and reviewed the Investor Group’s proposal. The Board was assisted in its review by its independent financial advisors, Bank of America Securities (“Bank of America”) and Wells Fargo (“Wells Fargo”), and its independent legal advisor, Wachtell, Lipton, Rosen & Katz (“Wachtell Lipton”).

On December 10, 2023, news of Arkhouse’s proposal was leaked to the public through The Wall Street Journal. Macy’s, Inc. declined to publicly respond to the leak.

On December 14, 2023, the Board sent a response letter to the Investor Group, requesting additional information regarding the group’s ability to finance its proposal. The Board cautioned that, based on the information the Investor Group had provided to date, the Board did not view their proposal as actionable.

On December 15, 2023, the Board met virtually and continued its review of the Investor Group’s proposal.

On December 19, 2023, representatives of Bank of America and Wells Fargo met virtually with Jefferies in an effort to obtain more information about the Investor Group’s financing plan. Jefferies presented to the Company’s financial advisors certain details regarding the Investor Group’s sources and uses, indicating, among other things, that the Investor Group had not secured any committed debt or equity financing to fund their non-binding proposal. Jefferies’ representatives highlighted that the Investor Group’s financing plan (i) contemplated a proposed common equity contribution of only 25% of the required capital and (ii) was reliant on a large amount of debt-like payment-in-kind preferred securities that would require a subordinated lien on the Company’s real estate.

Following the holiday season, on January 9, 2024, Mr. Kahane emailed Mr. Gennette regarding the status of the Company’s response to the Investor Group’s non-binding proposal and proposing to initiate the process of entering into a non-disclosure agreement. Later that day, Mr. Gennette responded by email that the Board was in the process of reviewing the Investor Group’s non-binding proposal. Mr. Gennette also noted that it would be premature to discuss a non-disclosure agreement.

On January 15, 2024, representatives of Bank of America and Wells Fargo reached out to representatives from Jefferies to ask whether the Investor Group had made any progress with respect to financing its proposal to acquire Macy’s, Inc. Representatives from Jefferies reported that they had no updates to share.

On January 17, 2024, Mr. Gennette reached out to Mr. Kahane to inform him that the Board was continuing to review the Investor Group’s non-binding proposal and would respond once the Board had completed its review process.

On January 18, 2024, the Finance Committee of the Board, in consultation with its independent legal and financial advisors, met to discuss potential next steps with respect to the Investor Group’s proposal.

12 **macys inc**

On Sunday, January 21, 2024, news of the Investor Group confirming it had made a proposal to acquire Macy's, Inc. for \$21.00 per share in cash was leaked to the public through The Wall Street Journal. The Investor Group simultaneously sent a second letter to the Board discussing its non-binding proposal and requesting a response within the week. Following the publication of The Wall Street Journal story, the Investor Group issued a press release publicly confirming that it had made a proposal to acquire Macy's, Inc. for \$21.00 per share in cash, declaring that it would pursue all necessary steps to achieve this goal. Shortly thereafter, the Board sent a response to the Investor Group and the Company issued a press release disclosing the Board's determination that the Investor Group's non-binding proposal did not constitute a basis to enter into a non-disclosure agreement or provide due diligence information. The Board noted that the proposal was not actionable, as the Investor Group had failed to provide evidence of a viable financing plan and that the proposal lacked compelling value. In light of these concerns, the Board concluded that entering into a non-disclosure agreement with the Investor Group would unnecessarily distract the Company's management team as it continues to drive value for shareholders through execution of the Company's business strategy and value creation levers. The Board emphasized that it continued to be open to opportunities that are in the best interests of the Company and all of its shareholders – and that it was open to considering any new information the Investor Group might have to share.

On February 2, 2024, Macy's, Inc. announced that, in connection with its previously disclosed leadership succession plan, Tony Spring would take the helm as Chief Executive Officer and Chair-Elect of the Company, effective February 4, 2024. Mr. Spring previously served as president and CEO-elect, leading the Company's digital, customer, merchandising, and brand teams, and also overseeing Bloomingdale's and Bluemercury.

On February 7, 2024, the Board received another letter from the Investor Group, expressing disappointment in the Board's response to the group's non-binding proposal and purporting to respond to the Board's concerns. Mr. Gennette directed Bank of America and Wells Fargo to reengage with Jefferies to see whether any further clarity on the Investor Group's financing plans could be ascertained.

On February 8, 2024, representatives of Bank of America and Wells Fargo had a call with Jefferies to provide further clarity on the types of additional financing information the Investor Group could provide to potentially advance discussions with the Board, including delivery of commitment letters from the equity sources referenced in the Investor Group's February 7 letter; information regarding how much debt (if any) Brigade was prepared to commit to the transaction; a draft or executed commitment letter from Jefferies indicating what debt (if any) Jefferies was prepared to commit to the transaction; summary term sheets for each of the proposed debt financing tranches; and a list of specific diligence topics required to solidify the financing.

On February 10, 2024, counsel for the Company received a phone call from counsel for Arkhouse. During the call, counsel for Arkhouse noted that the deadline for nominating directors to the Board was approaching and informed counsel for the Company that Arkhouse intended to submit director nominations. Counsel for Arkhouse then requested that the Company extend its nomination window by a few weeks, in order to provide Arkhouse with additional time to advance discussions with respect to the Investor Group's non-binding proposal. Counsel for the Company advised that he would take this request back to the Company's management and the Board.

The next day, the Board received a letter from Arkhouse claiming that it had responded to all of the Board's outstanding issues and memorializing the request for a postponement of the deadline to submit director nominations by 10 days, to 5:00 p.m., New York time, on February 29, 2024. Arkhouse requested a response to its letter within two days, by 5:00 p.m., New York time, on Tuesday, February 13, 2024.

On February 13, 2024, on behalf of the Board, Mr. Gennette responded to the Investor Group's February 11, 2024 letter, stating that the Company's by-laws clearly set out the deadlines for submission of director nominations and shareholder proposals, and that the Company intends to follow these well-established procedures for an orderly and timely meeting in accordance with applicable law.

On February 14, 2024, Macy's, Inc. received a formal notice (the "Notice") of nomination from Arkhouse naming nine director nominees—Richard Clark, Richard L. Markee, Mohsin Y. Meghji, Mitchell Schear, Nadir Settles, Gerald L. Storch, Sharen J. Turney, Andrea M. Weiss, and Isaac Zion—for election to the Board at the 2024 Annual Meeting. The Notice stated that

certain entities affiliated with Arkhouse beneficially owned 4,021,687 shares of common stock of the Company. The Arkhouse nominees did not beneficially own any shares of the Company as of the date of the Notice.

On February 20, 2024, the Company issued a press release announcing that Arkhouse had nominated nine directors for election to the Board and stated that, notwithstanding the sole objective of Arkhouse is a sale of Macy's, Inc., the Company's Nominating and Corporate Governance Committee would evaluate Arkhouse's director nominees in due course. Arkhouse also issued a press release on February 20, 2024 announcing their nominations.

On February 26, 2024, acting on behalf of the Board, Wachtell Lipton delivered to counsel for Arkhouse a request to interview the Arkhouse director nominees and provided a disclosure and authorization form requesting consent to perform third-party background checks, consistent with standard procedure for potential directors of the Company. On February 29, 2024, counsel for Arkhouse responded that Arkhouse would make its nominees available for interviews but believed a background check would be "premature" and offered to discuss after the interviews were completed.

On February 28, 2024, counsel for Arkhouse, on behalf of Arkhouse Value Fund I LP in its capacity as a stockholder of the Company, delivered to the Company a request for certain books and records pursuant to Section 220 of the General Corporation Law of the State of Delaware. The Company responded to this request on March 6, 2024.

On March 3, 2024, a reporter from The Wall Street Journal reached out to the Company for comment on an article the Journal was planning to publish about an increased acquisition proposal from the Investor Group. Within the next hour, the Board received a letter from the Investor Group indicating that, after reviewing the Company's fourth quarter and full-year 2023 earnings, it was prepared to increase its non-binding proposal to acquire all of the outstanding shares of the Company to \$24.00 per share in cash. Regarding financing, the Investor Group represented that it had signed equity commitments for both the preferred securities and the common equity (in aggregate representing 50% of the capital the Investor Group believed was required to finance its non-binding proposal) and that it would be willing to share copies of the commitments with the Company under a confidentiality agreement. The letter also included an updated sources and uses table for the proposed transaction. Shortly thereafter, The Wall Street Journal reported that the Investor Group had raised its proposal to acquire the Company to \$24.00 per share, and Arkhouse issued a press release stating the Investor Group had submitted an increased proposal to acquire the Company for \$24.00 per share in cash.

On the evening of March 3, 2024, the Company issued a press release confirming that it had received the revised, unsolicited, non-binding proposal from the Investor Group. The Company indicated that the Board would carefully review and evaluate the revised proposal consistent with the Board's fiduciary duties, in consultation with its financial and legal advisors.

Also on March 3, 2024, Mr. Perkal emailed Mr. Gennette to propose an in-person meeting during the upcoming week. On the morning of March 4, 2024, Mr. Gennette sent an email to Mr. Perkal offering to meet in-person on Tuesday, March 5.

Also on March 4, 2024, the Board sent a letter to the Investor Group indicating that it would be customary for a transaction of the nature proposed by the Investor Group and helpful for the Board to review the signed equity commitments referenced in the March 3, 2024 letter.

On March 5, 2024, Mr. Perkal and Philip Shannon, another representative of Brigade, met with Mr. Gennette and Mr. Spring in person. During this meeting, the Brigade representatives discussed their sector experience, including their prior investments in Sears and JC Penney, and identified certain diligence requests. The representatives of Brigade also provided a brief opportunity for Mr. Gennette and Mr. Spring to view, but not retain, copies of apparent commitment letters/proposals from financing sources of the Investor Group.

On March 5, 2024, counsel for the Company spoke to counsel for Arkhouse and counsel for the Investor Group to discuss the Company's March 4 letter. Later that day, certain documents regarding the proposed financing were provided for review by the Company's legal and financial advisors. Over the following days, representatives of the Company's financial advisors met with certain proposed financing sources of the Investor Group.

On March 11, 2024, the Board sent a response letter to the Investor Group along with a draft confidentiality agreement. On March 13, 2024, representatives of the Investor Group's financial advisors provided a due diligence request list to representatives of the Company's financial advisors.

On March 19, 2024, the Company and the Investor Group executed a confidentiality agreement providing, among other things, that the Investor Group may, for the next 10 months, only use the Company's confidential information to pursue an offer for at least \$24.00 per share in cash. The Company has since begun to provide the Investor Group with certain confidential information in accordance with the confidentiality agreement.

On March 22, 2024, the Company filed its Annual Report on Form 10-K with the Securities and Exchange Commission.

Prior to the date of this Proxy Statement, the Chair of the Company's Nominating & Corporate Governance Committee interviewed each of Arkhouse's nine director nominees along with two other members of the Board who each participated in about half of the nominee interviews. Following the completion of these interviews, counsel for the Company reissued its request for authorization to perform third-party background checks on the Arkhouse nominees, consistent with standard procedure for potential directors of the Company, but counsel for Arkhouse has yet to grant this request.

In accordance with the recommendation of the Nominating and Corporate Governance (NCG) Committee, the Board has nominated the following individuals for election as directors. If elected, each nominee will serve for a one-year term expiring at our annual meeting of shareholders in 2025 or until his or her successor is duly elected and qualified.

Francis S. Blake, who has served as a director since November 2015, has not been nominated to stand for reelection and will retire from the Board immediately upon the conclusion of the Annual Meeting in accordance with our director retirement policy. Jeff Gennette, who has served as a director since 2016, served as Chief Executive Officer of Macy's from March 2017 until February 2024, and currently serves as Non-Executive Chairman of the Board, has not been nominated to stand for reelection and will retire from the Board immediately upon the conclusion of the Annual Meeting. We thank Mr. Blake and Mr. Gennette for their many years of service to Macy's and our shareholders.

The Board currently intends to fix the size of the Board at 13 Directors as of the Annual Meeting.

Information regarding Macy's director nominees is set forth below. Ages are as of March 21, 2024. The criteria considered and process undertaken by the NCG Committee in recommending qualified director candidates is described under "Further Information Concerning the Board of Directors — Director Nomination and Qualifications."

As described above, the Arkhouse Group has notified Macy's of its intent to nominate nine directors — Richard (Ric) Clark, Richard L. Markee, Mohsin (Mo) Y. Meghji, Mitchell Schear, Nadir Settles, Gerald (Jerry) L. Storch, Sharen J. Turney, Andrea M. Weiss, and Isaac Zion — for election as directors at the Annual Meeting in opposition to the nominees recommended by our Board. As a result, assuming such nominees are in fact proposed for election at the Annual Meeting and all such nominations have not been withdrawn by the Arkhouse Group, the election of directors will be considered a contested election under Section 13(d) of our Amended and Restated By-Laws (the By-Laws). Due to such contested election, all director nominees will be elected by a plurality of votes cast. Any shares not voted "FOR" a particular director nominee as a result of a "WITHHOLD" vote, failure to vote or a broker non-vote (as described under "Information About the Annual Meeting") will not be counted in that director nominee's favor and will not otherwise affect the outcome of the election (except to the extent they otherwise reduce the number of shares voted "FOR" such director nominee).

In the event that the Arkhouse Group nominees are not put up for election at the Annual Meeting and there are instead only the nominees proposed by Macy's, the election will be considered an uncontested election and each director nominee will be elected by the affirmative vote of the majority of the votes cast by the holders of stock present or represented by proxy at the Annual Meeting and entitled to vote in the election. The Board does NOT endorse the Arkhouse Group's nominees and unanimously recommends that you use the **WHITE** proxy card to vote "FOR" only each of the nominees proposed by the Board (Emilie Arel, Torrence N. Boone, Ashley Buchanan, Marie Chandoha, Naveen K. Chopra, Deirdre P. Connelly, Jill Granoff, William H. Lenehan, Sara Levinson, Douglas W. Sesler, Tony Spring, Paul C. Varga, and Tracey Zhen). The Board strongly urges you to disregard any materials sent to you by the Arkhouse Group, including any BLUE proxy card, and NOT to vote using any BLUE proxy card that may be sent to you by the Arkhouse Group. If you have already voted using a BLUE proxy card sent to you by the Arkhouse Group, you have every right to change your vote and we strongly urge you to revoke that proxy by voting in favor of the Board's nominees by following the instructions set forth on the **WHITE** proxy card to vote by Internet or telephone, or by marking, dating, signing, and returning the enclosed **WHITE** proxy card by mail in the postage-paid envelope provided. Only the latest dated, validly executed proxy that you submit will be counted, and any proxy may be revoked at any time prior to its exercise at the Annual Meeting. If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Innisfree M&A Incorporated, at 1 (877) 800-5192 (toll-free from the U.S. and Canada) or 1 (412) 232-3651 from other countries.

In the event that the Arkhouse Group withdraws its nominees, abandons its solicitation, or fails to comply with the universal proxy rules after a shareholder has already granted proxy authority, shareholders can still use a **WHITE** proxy card to submit a later-dated vote by the Internet, telephone, or mail. In the event that the Arkhouse Group withdraws its nominees, abandons its solicitation, or fails to comply with the universal proxy rules, any votes cast in favor of the Arkhouse Group's candidates will be disregarded and not be counted, whether such vote is provided on Macy's **WHITE** proxy card or the Arkhouse Group's BLUE proxy card.

ITEM 1: ELECTION OF DIRECTORS

Although Macy's is required to include all nominees for election on its universal proxy card, for additional information regarding the Arkhouse Group nominees, including the information required by Item 7 of Schedule 14A and any other related information, please refer to the Arkhouse Group's proxy statement, which [is/will be] accessible without cost at www.sec.gov. You may receive solicitation materials from the Arkhouse Group, including proxy statements and BLUE proxy cards. Macy's is not responsible for the accuracy or completeness of any information provided by or relating to the Arkhouse Group or its nominees contained in solicitation materials filed or disseminated by or on behalf of the Arkhouse Group or any other statements the Arkhouse Group may make.

If you are a registered holder and submit a validly executed **WHITE** proxy card but do not specify how you want to vote your shares with respect to the election of directors, then your shares will be voted in line with the Board's recommendation with respect to the proposal, i.e., "FOR" the nominees proposed by your Board and named in this proxy statement.

Each Macy's nominee has agreed to serve if elected. If any nominee becomes unavailable to serve before the Annual Meeting, the Board may designate a substitute nominee and the persons named as proxies may, in their discretion, vote your shares for the substitute nominee. Alternatively, the Board may reduce the number of directors to be elected at the Annual Meeting. At this time, the Board knows of no reason why any of the Board's nominees would not be able to serve as a director if elected.

If you are a beneficial holder and properly mark, sign and return your **WHITE** voting instruction form by mail or complete your proxy via Internet or by telephone, your shares will be voted as you direct your bank or broker. If you date, sign and return your **WHITE** voting instruction form but do not specify how you want your shares voted with respect to the election of directors, they will be voted "FOR" the nominees proposed by your Board and named in this proxy statement. It is therefore important that you provide specific instructions to your broker or bank regarding the election of directors so that your vote with respect to this item is counted.

If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Innisfree M&A Incorporated, at (877) 800-5192 (toll-free from the U.S. and Canada) or +(412) 232-3651 (from other countries).

Further Information Concerning the Board of Directors

Director Independence

Our Corporate Governance Principles require that a majority of the Board consist of directors who the Board has determined are independent under the independence standards adopted by the Board, which comply with the listing standards of the New York Stock Exchange (NYSE). Accordingly, the Board has adopted Standards for Director Independence to assist the Board in determining director independence, which require that the Board consist of directors who the Board has determined do not have any material relationship with the Company and who are otherwise independent. Listed below are the Board's independence standards, which are also disclosed on our website at

www.macysinc.com/investors/corporate-governance/governance-documents:

- The director may not be an employee and no member of the director's immediate family may be an executive officer of Macy's or any of its subsidiaries, currently or within the preceding 36 months. For purposes of the standards, "immediate family" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares the person's home.
- The director or any member of his or her immediate family may not receive, or have received, during any 12-month period within the preceding 36 months, direct compensation of more than \$120,000 per year from Macy's or any of its subsidiaries. Exceptions include director and committee fees and pension or other forms of deferred compensation for prior service that is not contingent on continued service or, in the case of an immediate family member, compensation for service as a non-executive employee.
- The director is not a current partner or employee of a firm that is Macy's internal or external auditor; no member of the director's immediate family is a current partner of such firm, or an employee of such a firm and personally works on Macy's audit; or neither the director nor any member of his or her immediate family was within the last three years a partner or employee of such a firm and personally worked on Macy's audit within that time.
- The director is not a current employee and no member of his or her immediate family is a current executive officer of a company that makes payments to, or receives payments from, Macy's for property or services in any of the last three fiscal years in an amount which exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues.
- The director does not serve as an executive officer of a charitable or non-profit organization to which Macy's has made contributions that, in any of the last three fiscal years, exceed the greater of \$1 million or 2% of the charitable or non-profit organization's consolidated gross revenues.
- Neither the director nor a member of the director's immediate family is employed as an executive officer (and has not been employed for the preceding 36 months) by another company where any of Macy's present executive officers at the same time serves or served on that company's compensation committee.

Our Board has determined that each of the following Non-Employee Director nominees qualifies as independent under NYSE rules and satisfies our Standards for Director Independence: Emilie Arel, Torrence Boone, Ashley Buchanan, Marie Chandoha, Naveen Chopra, Deirdre Connelly, Jill Granoff, William Lenehan, Sara Levinson, Douglas Sesler, Paul Varga and Tracey Zhen. Our Board also previously determined that Francis Blake, who is currently serving as a Non-Employee Director and is not standing for reelection at the Annual Meeting, and John Bryant and Leslie Hale, who served as directors during 2023, each qualify as independent under NYSE rules and satisfy our Standards for Director Independence. Jeff Gennette was and Tony Spring is employed by Macy's and therefore they do not meet the independence standards set forth under the NYSE rules and our Standards for Director Independence.

As part of its independence determination, the NCG Committee reviewed each director's employment status and other board commitments and, where applicable, each director's (and his or her immediate family members') affiliation with consultants, service providers or suppliers of the Company and transactions, relationships, and arrangements with the Company. With respect to each Non-Employee Director, the NCG Committee determined that neither the director nor any immediate family member was employed by a company providing goods or services to Macy's or the amounts involved were below the monetary thresholds set forth in the Standards for Director Independence.

Board Leadership Structure

Our Corporate Governance Principles provide that our Board is free to select its Chairman and the Chief Executive Officer (CEO) in the manner the Board considers to be in the best interests of the Company at any given point in time. These positions may be filled by one individual or by two different individuals. If the Chairman is not an independent director, the Board will designate an independent director to serve as lead independent director pursuant to the Company's Lead Independent Director Policy.

Our Chairman and CEO functions historically have been performed by a single individual. In February 2024 the Board elected Mr. Spring as Chief Executive Officer and Chairman of the Board-Elect to succeed Mr. Gennette following his retirement as Chief Executive Officer on February 3, 2024. Mr. Gennette will continue to serve as Non-Executive Chairman until the Annual Meeting to assist in the leadership transition, and Mr. Spring will begin serving as Chairman of the Board following the Annual Meeting. Our Board believes this combined leadership model works well. Collectively with the current composition of the Board, the use of a lead independent director, and the other elements of our corporate governance structure, the combined CEO and Chairman position strikes an appropriate balance between strong and consistent leadership and independent and effective oversight of our business and affairs.

Mr. Gennette and Mr. Spring are experienced retail executives and long-time employees with board experience. As CEO, Mr. Spring has the primary responsibility for developing corporate strategy and managing our day-to-day business operations. As a board member, he will be positioned to 1) chair regular Board meetings; 2) provide direction to management regarding the needs, interests and opinions of the Board; and 3) monitor key business issues and shareholder matters that are brought to the attention of the Board. In their respective roles, Mr. Gennette and Mr. Spring currently promote unified leadership and direction for the Board and management. In addition, strong corporate governance structure and process enables our independent directors to continue to effectively oversee management and key issues such as strategy, risk and integrity. Board committees are comprised solely of independent directors. As such, independent directors oversee critical matters, including the integrity of our financial statements, the compensation of our CEO and management executives, the financial commitments for capital projects, the selection and annual evaluation of directors, and the development and implementation of corporate governance programs.

Our Board and each Board committee have access to any member of management and the authority to retain independent legal, financial and other advisors as appropriate. The Non-Employee Directors, all of whom are independent, meet in executive session without management either before or after regularly scheduled Board and Board committee meetings to discuss various issues and matters including the effectiveness of management, as well as our performance and strategic plans. Paul C. Varga, our Lead Independent Director, presides at these executive sessions.

Lead Independent Director

Since our Chairman is not an independent director, the Board elected Paul Varga to serve as Lead Independent Director for a two-year term commencing in May 2023.

Under our Lead Independent Director Policy, the lead independent director has the following responsibilities:

FUNCTIONS AS LIAISON WITH THE CHAIRMAN AND/OR THE CEO	BOARD MEMBERSHIP AND PERFORMANCE EVALUATION
<ul style="list-style-type: none"> Serves as liaison between the independent directors and the Chairman and/or the CEO (although all directors have direct and complete access to the Chairman and/or CEO at any time as they deem necessary or appropriate) Communicates Board member feedback to the Chairman and/or CEO 	<ul style="list-style-type: none"> Provides input, when appropriate, to the chair of the NCG Committee with respect to the annual Board and committee evaluation process Advises the NCG Committee and Chairman on the membership of the various Board committees and the selection of committee chairpersons

The Lead Independent Director is selected from among the Non-Employee Directors who satisfy the independence criteria of the NYSE and Macy's Inc.'s Standards for Director Independence. The Chair of the NCG Committee and management discuss candidates for the Lead Independent Director position and consider many of the same types of criteria as candidates for the chair of Board committees, including, among other things:

- Tenure
- Previous service as a Board committee chair
- Diverse experience
- Participation in and contributions to activities of the Board
- Time commitment

The Chair of the NCG Committee recommends for consideration by the NCG Committee a nominee for Lead Independent Director every two years (or as required to address any vacancy in the position). If the NCG Committee approves the nominee, it will recommend the Board elect the nominee as Lead Independent Director at its next regularly scheduled meeting.

Board Evaluations

The Board and each Board committee conducts a self-evaluation each year. In 2023, the evaluation process was conducted under the leadership of the Lead Independent Director and Chair of the NCG Committee. Periodically, the Board may engage an independent third-party to assist in the evaluation process.

Evaluation Process

Board Reviews in Executive Session	The NCG Chair reports to the Board, in executive session, on any matter arising from the Board/committee evaluations. Following the March meeting, the NCG Chair meets with the Board Chair to discuss any follow-up on the Board/committee evaluations.

CEO Succession Planning

The Board, together with the CMD Committee, regularly conducts a detailed review of management development and short-term and long-term succession plans. The Board and the CMD Committee are focused on ensuring that top management positions, including the CEO position, can be filled without undue interruption and that the leadership composition reflects the subject-matter experts required to deliver on our strategic priorities.

Macy's successfully completed a leadership transition this year that was carefully planned over a multi-year period. See "Compensation Discussion and Analysis – Leadership Transitions."

Board Risk Oversight

Enterprise Risk Assessment

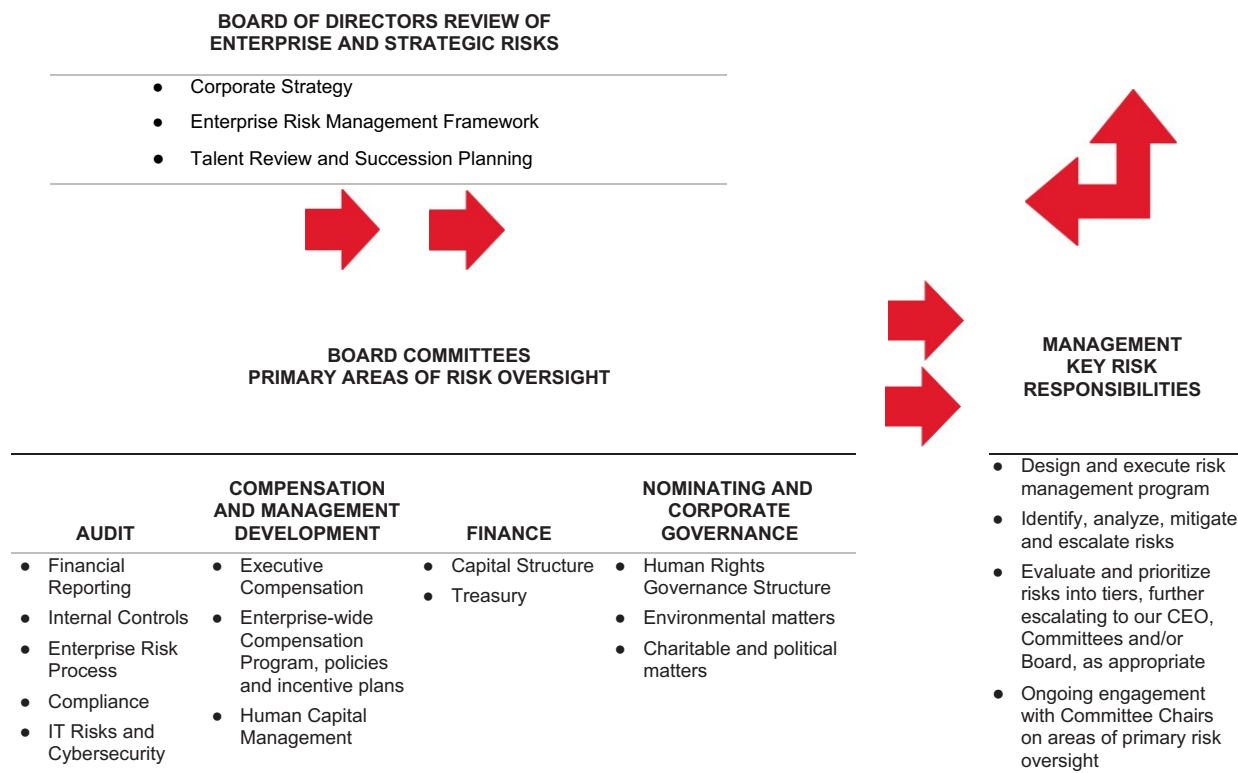

We have an enterprise risk management program that identifies and prioritizes enterprise risks. Enterprise risks are categorized and evaluated using risk scoring based on weighted impact, likelihood and velocity, both before and after application of control measures, to indicate the Company's current risk posture. An annual risk review schedule is prepared for updates to the full Board or assigned committee. At Board and committee meetings throughout the year, management discusses the risk exposures identified as being most significant to the Company and actions that management may take to monitor or mitigate the exposures. Overall risk outlook is evaluated at least biannually at these meetings. The program utilizes a network of functional experts with managerial responsibility for various aspects of enterprise risk management.

The Audit Committee is responsible for discussing policies with respect to the Company's risk assessment and risk management, including possible risks related to data privacy, computerized information controls and cybersecurity, and to consider any recommendations for improvement of such controls. The Chair of the Audit Committee updates the full Board on these discussions.

The Audit Committee, and the Board when appropriate, receive regular updates from management on IT security, internal and external security reviews, data protection, risk assessments, breach preparedness, systems disruption risk, threat assessments, response plans and consumer privacy compliance in overseeing our cybersecurity risk management program. The NCG Committee oversees risks related to governance matters, as well as the Company's programs, policies and practices relating to charitable, political, environmental and human rights issues, impacts and strategies, and the CMD Committee oversees human capital-related risks.

Our Board's risk oversight strategy is further described as follows:

Each Board committee is responsible for overseeing risks within its respective areas of accountability. The Committees report to our Board any risks that they conclude may be reasonably likely to be significant to our organization and update our Board on their specific risk oversight activities. Our Committees and Board also consider evolving risks such as those relating to human capital management and environmental, social and governance (ESG) matters.

Compensation Risk Assessment

The CMD Committee reviews the Company's incentive compensation arrangements to determine whether they encourage excessive risk-taking, reviews and discusses at least annually the risk analysis of incentive compensation programs and evaluates compensation policies that could mitigate such risks.

Our internal compensation team analyzed our 2023 executive compensation program to determine the potential for incentive plan provisions or design features that could exacerbate or incentivize business risk. Consistent with prior year's conclusions, our analysis indicated our compensation program is well-designed and does not create material risk for the Company. The program also includes a number of features that mitigate risk and protect against the potential for unintended consequences. The analysis was reviewed by our Chief Legal Officer and Semler Brossy Consulting Group LLC (Semler Brossy), the independent compensation consultant to the CMD Committee, and discussed with the CMD Committee.

FURTHER INFORMATION CONCERNING THE BOARD OF DIRECTORS

Our review noted the following features of our executive compensation program:

- Appropriate pay philosophy, peer group and market positioning to support business objectives
- Program design is compared to peer practices and evaluated for risk
- Effective balance in:
 - Cash and equity mix
 - Performance- and time-based equity
 - Shorter- and longer-term performance focus
 - Performance objectives set with a reasonable probability of achievement at the time they are set
 - Use of multiple performance metrics in the incentive plans
- Focused on critical 2023 business priorities considering the continued uncertainty in the macroeconomic environment, as well as absolute and relative stock price appreciation
- Ability of the CMD Committee to use discretion to reduce amounts earned based on a subjective evaluation of quality of earnings, individual performance, etc.
- Meaningful risk mitigators are in place, including: 1) substantial stock ownership guidelines and retention ratios; 2) clawback provisions; 3) anti-hedging/pledging policies; and 4) independent CMD Committee oversight

Our By-Laws provide that director nominations may be made by or at the direction of the Board. The NCG Committee is charged with identifying potential Board members and recommending qualified individuals to the Board for its consideration. The NCG Committee is authorized to employ third-party search firms to identify potential candidates. In evaluating candidates, the NCG Committee considers, among other things:

- personal qualities and characteristics, accomplishments and reputation in the business community;
- knowledge of the communities in which the Company does business and the retail industry or other industries relevant to our business;
- relevant experience and background that would benefit the Company;
- ability and willingness to commit adequate time to Board and committee matters;
- the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company and its shareholders; and
- diversity of viewpoints, background, experience and demographics, including gender and ethnicity.

The NCG Committee also considers whether individuals satisfy the independence criteria set forth in the NYSE listing standards and our Standards for Director Independence, together with any special criteria applicable to service on various standing committees of the Board. The NCG Committee does not have a formal policy with respect to diversity. Our Board and the NCG Committee believe it is desirable that Board members represent diversity of gender, race and national origin, as well as diversity of viewpoints, background, experience and demographics.

The NCG Committee continuously reviews the skills and experiences of current Board members and those that the Company needs and will require in the future. The NCG Committee also reviews potential new director candidates on a regular basis.

Candidates for nomination to the Board may be suggested by current directors, management, shareholders, or a third-party search firm engaged to assist with director recruitment.

Since 2006, the NCG Committee has retained an independent director search firm, Heidrick& Struggles, to identify and evaluate potential director candidates. The NCG Committee generally provides the search firm with guidance as to the skills, experience, and qualifications that the NCG Committee is seeking in potential candidates, and the search firm identifies candidates for the NCG Committee's consideration. The firm provides background information on potential candidates and, if directed, makes initial contact with potential candidates to assess their interest in becoming a director of Macy's. The NCG Committee members, the CEO, the lead independent director and at times other members of the Board, meet with and interview potential candidates.

The NCG Committee generally identifies nominees by first assessing whether the current members of the Board continue to provide the appropriate mix of knowledge, skills, judgment, experience, diversity, differing viewpoints and other qualities necessary to the Board's ability to oversee and guide the business and affairs of the Company. The Board generally nominates for re-election current members of the Board who are willing to continue in service, collectively satisfy the criteria listed above and are available to devote sufficient time and attention to the affairs of the Company. When the NCG Committee seeks new candidates for director roles, it seeks individuals with qualifications that will complement the experience, skills and perspectives of the other members of the Board.

Overboarding

Board members are expected to confirm that other commitments do not materially interfere with their service as a director of Macy's Pursuant to the Company's Corporate Governance Principles, directors should advise the Chair of the NCG Committee and the CEO before accepting membership on other boards of directors, membership on the audit committee of other boards, or other significant commitments involving affiliation with other businesses or governmental units. In evaluating proposed memberships, the NCG Committee Chair and the CEO consider:

- the time commitments associated with the new directorship;
- the director's current employment and other public company board memberships and board or committee leadership positions held;
- the overboarding policies of proxy advisory firms and key institutional investors;
- actual or potential conflicts of interest; and
- assurances the director will have sufficient capacity to fulfill his or her responsibilities.

Skills, Experience and Qualifications

Below we identify and describe the key skills, experience and qualifications the NCG Committee and Board consider in determining if a director is qualified. In addition, the NCG Committee reviews an individual's diversity (including self-identified diversity characteristics) along a variety of dimensions and considers whether such individual's diversity characteristics would complement the existing Board as a whole. The experience, qualifications, attributes and skills the Board considered in the nomination and re-nomination of our directors are reflected in their individual biographies beginning on page 19 and the skills matrix on page 45. The matrix is a summary; it does not include all of the skills, experiences and qualifications that each director nominee offers, and if a particular experience, skill or qualification is not listed, it should not suggest that a director does not possess that skill.

	LEADERSHIP EXPERIENCE:	Directors with significant senior leadership experience with large organizations provide us with unique insights. They possess skills for managing change and growth and demonstrate a practical understanding of organizations, operations, processes, strategy, risk management and methods to drive growth.

Director Nominations By Shareholders

Our NCG Committee will consider candidates for nomination recommended by our shareholders and will evaluate candidates using the same process and criteria as candidates identified by the NCG Committee. Shareholder nominations should be submitted in writing to Tracy M. Preston, Secretary, Macy's, Inc., 151 West 34th Street, New York, New York 10001. The full name and address of the proposed candidate, a description of the proposed candidate's qualifications and any other relevant biographical information should be included in the nomination.

Advance Notice By-Law. The advance notice provision of our By-Laws requires shareholders who nominate candidates to deliver written notice to the Secretary of Macy's not earlier than the close of business on the 120th calendar day and not later than the close of business on the 90th calendar day prior to the one-year anniversary of the preceding year's annual meeting. If the scheduled annual meeting date differs from such anniversary date by more than 30 calendar days, the notice must be so delivered not earlier than the close of business on the 120th calendar day and not later than the close of business on the 60th calendar day prior to the date of the annual meeting. If the date of the annual meeting is not publicly announced by us in a report filed with the SEC, furnished to shareholders, or in a press release at least 75 calendar days prior to the annual meeting date, the nomination must be delivered to the Secretary of Macy's not later than the close of business on the 10th calendar day following the day on which public announcement of the annual meeting date is first made. The advance notice provision

requires the shareholder to submit specific information concerning itself and the proposed nominee, including, but not limited to, ownership information, name and address, and appropriate biographical information about and qualifications of the proposed nominee, and a statement whether such shareholder intends to solicit the holders of shares representing at least 67% of the voting power of the Company's shares entitled to vote on the election of directors in support of director nominees other than Macy's nominees.

The presiding officer of the annual meeting may refuse to acknowledge a nomination not made in compliance with these requirements. Similar procedures prescribed by the By-Laws are also applicable to shareholders who bring any other business before an annual meeting of the shareholders. See "Submission of Future Shareholder Proposals."

Proxy Access By-Law. The proxy access provision in our By-Laws allows an eligible shareholder or group of no more than 20 eligible shareholders that has maintained continuous ownership of 3% or more of our common stock for at least three years to include in our proxy materials for an annual meeting of shareholders a number of director nominees up to the greater of two or 20% of the directors then in office. An eligible shareholder must maintain the required 3% beneficial ownership at least until the annual meeting at which the proponent's nominee will be considered. Proxy access nominees who withdraw or who do not receive at least a 25% vote in favor of election will be ineligible as a nominee for the next two annual meetings. If any shareholder proposes a director nominee under our advance notice provision, we are not required to include any proxy access nominee in our proxy statement for the annual meeting.

The shareholder is required to provide the information about itself and the proposed nominee(s) as indicated in the proxy access provision of our By-Laws. The required information must be in writing and delivered by personal delivery, overnight express courier or U.S. mail, postage pre-paid, addressed to the Secretary of Macy's as follows:

- received no earlier than the close of business on the 15th calendar day prior to the one-year anniversary of the mailing date of the previous year's proxy statement; and
- not later than the close of business on the 12th calendar day prior to the one-year anniversary of the mailing date of the previous year's proxy statement.

If the scheduled annual meeting date differs from the anniversary date of the prior year's annual meeting by more than 30 calendar days, the required information must be in writing and provided to the Secretary of Macy's as follows:

- received no earlier than the close of business on the 12th calendar day prior to the date of the annual meeting; and
- not later than the close of business on the 6th calendar day prior to the annual meeting; or
- if public announcement of the date of the annual meeting is not made at least 75 calendar days prior to the date of the annual meeting, notice must be received not later than the close of business on the 10th calendar day following the day on which public announcement is first made.

For purposes of this By-Law, "close of business" means 5:00 p.m. Eastern Time on any calendar day, whether or not a business day, and "principal executive offices" means 151 West 34th Street, New York, New York 10001.

We are not required to include any proxy access nominee in our proxy statement if the nomination does not comply with the proxy access requirements of our By-Laws.

Shareholder Engagement

We welcome the opportunity to engage with our shareholders to inform, solicit feedback and understand their perspectives on strategy and performance, ESG and other matters of mutual interest and importance. Over the last year members of our senior management, investor relations and corporate governance teams participated in numerous engagement activities with sell-side analysts and institutional investors, including conferences, small-group and one-on-one meetings and conference calls. We offer shareholders several ways to communicate with the Company and members of the Board, including through our investor relations website, our quarterly earnings webcasts and our Annual Meeting.

Proxy Outreach Cycle

SUMMER	FALL	WINTER/SPRING	ANNUAL MEETING
Review annual meeting results to determine appropriate next steps, and prioritize post annual meeting shareholder engagement focus areas	Engage in annual off-season outreach meetings with shareholders and proxy advisory firms to solicit feedback and report to the CMD Committee and NCG Committee	Incorporate input from shareholder meetings into governance and compensation practices and disclosures as appropriate	Review performance and accomplishments in last fiscal year and answer questions submitted by shareholders

Each fall we undertake off-season outreach efforts to engage with our shareholders and the major proxy advisory firms following the annual meeting. The purpose of this outreach is to provide an update on and seek dialogue and feedback regarding our governance, diversity, equity and inclusion and sustainability practices as well as our compensation programs. In the fall of 2023, we reached out to 29 shareholders, including 26 of our top shareholders, representing over 59% of our outstanding shares (as of June 30, 2023), as well as major proxy advisory firms.

Ultimately, we held telephonic meetings with governance representatives of five shareholders representing more than 22% of our outstanding shares (as of June 30, 2023).

Engagement topics included:

- Strategy Update
- Sustainability
- Diversity, Equity and Inclusion
- Compensation
- Governance

We received positive feedback from shareholders on the strength of our ESG-related programs, including disclosures and the 2022 Sustainability Report. The CEO transition was a frequent topic of discussion during such engagements. Consistent with past years, we continued to receive positive feedback on our governance program, diversity, equity and inclusion efforts; sustainability practices, and the thoroughness of our strategy. Shareholders provided suggestions on areas of additional disclosures and considerations. Following our off-season outreach, we provided an overview of the discussions and feedback to the applicable Board committees.

Communications With the Board

Shareholders and other interested parties may communicate with the full Board, the Audit Committee, the lead independent director, the other Non-Employee Directors, or any individual director by email to Directors@macys.com or by mail to Macy's, Inc., 151 West 34th Street, New York, New York 10001, Attn: Chief Legal Officer. Please indicate to whom the communication is addressed. All communications are reviewed by the Corporate Secretary's Office and are forwarded to the appropriate director(s) except those that are clearly unrelated to the duties and responsibilities of the Board or that are abusive, repetitive, in bad taste or that present safety or security concerns may be handled differently. Communications we receive that relate to accounting, internal accounting controls or auditing matters will be referred to the Audit Committee unless the communication is directed otherwise. You may communicate anonymously and/or confidentially.

Retirement Policy

Our Corporate Governance Principles provide for a mandatory retirement age of 74. Our directors are required to resign from the Board as of the annual meeting following their 74th birthday.

Resignation Policy

The Board does not believe that a Non-Employee Director who retires or experiences an employment position change since becoming a Board member should necessarily resign from the Board. The Board requires, however, that promptly following such an event, the director notify the NCG Committee in writing and tender his or her resignation to the Committee for consideration.

Upon receipt of the notification of a change in status, the NCG Committee will review the continued appropriateness of the director remaining on the Board under the changed circumstances and recommend to the full Board whether to accept the resignation based on its assessment of what is best for the Company and its shareholders.

Corporate Governance Principles and Code of Business Conduct and Ethics

Our Corporate Governance Principles and Code of Conduct, both of which apply to our principal executive officer, principal financial officer and principal accounting officer, as well as our Non-Employee Director Code of Business Conduct and Ethics, are available on our website. Fiscal 2023 Director Compensation Program

Non-Employee Directors were entitled to receive the following compensation in fiscal 2023:

TYPE OF COMPENSATION	AMOUNT OF COMPENSATION
Board Retainer	\$90,000 annually
Audit Committee Chair Retainer	\$30,000 annually
Other Committee Chair Retainer	\$25,000 annually
Committee (non-chair) Member Retainer	\$10,000 annually
Lead Independent Director Retainer	\$30,000 annually
Equity Grant	Annual award of restricted stock units with a value of \$160,000
Matching Philanthropic Gift	Up to \$500 annually

A Non-Employee Director may elect to defer all or a portion of his or her cash compensation into either stock credits or cash credits under the Director Deferred Compensation Plan. Those amounts are not paid until Board service ends. Stock credits are calculated monthly and shares of Macy's common stock associated with the stock credits are transferred quarterly to a rabbi trust for the benefit of the participating Non-Employee Director. Dividend equivalents on amounts deferred as stock credits are "reinvested" in additional stock credits. Compensation deferred as cash credits earns interest at an annual rate equal to the yield (percent per annum) on 30-Year Treasury Bonds as of December 31 of the prior plan year.

On the date of the 2023 annual meeting, Non-Employee Directors elected at the annual meeting received a grant of time-based restricted stock units (RSUs) with a market value of approximately \$160,000. With respect to Non-Employee Directors elected after the annual meeting date, our practice has been to grant RSUs valued at 50% of the annual grant if the Non-employee Director is elected within six months after the annual meeting. The RSUs generally vest at the earlier of 1) the first anniversary of the grant or 2) the next annual meeting of shareholders. Upon vesting, receipt of shares in payment of the RSUs is automatically deferred as stock credits under the Director Deferred Compensation Plan. The stock credits are paid in shares of Macy's common stock six months after the Non-Employee Director's Board service ends.

Non-Employee Directors and retired Non-Employee Directors may participate in the Company's philanthropic matching gift program on the same terms as all regular employees. Macy's matches up to a total of \$500 of gifts made by the Non-Employee Director to qualifying charities in any calendar year.

Each Non-Employee Director and his or her spouse and eligible dependents receive the same merchandise discount on merchandise purchased at our stores that is available to all regular employees. This benefit remains available to them following retirement from the Board.

Director Compensation Program Review

In December 2023, the NCG Committee engaged Semler Brossy to prepare a competitive assessment of our Non-Employee Director compensation program. Semler Brossy assessed our Non-Employee Director pay levels relative to the same 15-company peer group the CMD Committee then used in connection with its review of the compensation of the Named Executive Officers (as described in the Compensation Discussion and Analysis below): Best Buy Co., Inc., Burlington Stores, Inc., Dick's Sporting Goods, Inc., Dillard's Inc., Dollar Tree, Inc., Foot Locker, Inc., Gap Inc., Kohl's Corporation, Lowe's Companies, Inc., Nordstrom, Inc., Ross Stores, Inc., Target Corporation, TJX Companies, Inc., Ulta Beauty, Inc. and Williams-Sonoma, Inc. Semler Brossy also utilized the 2022 – 2023 National Association of Corporate Directors (NACD) Director Compensation survey as a secondary reference. Semler Brossy's review indicated that the structure of our Non-Employee Director compensation program is well aligned with peer and general industry practice and therefore, they did not propose changes to the Non-Employee Director pay program. Semler Brossy found that Macy's current average total Non-Employee Director pay is positioned below the peer median, the mix of pay (42% cash and 58% equity) is consistent with peers and other program elements (committee pay and lead independent director retainer) are competitively positioned within the range of peer median.

2024 Compensation Actions

NON-EXECUTIVE CHAIRMAN

The NCG Committee, with support from Semler Brossy, reviewed Mr. Gennette's compensation when he was appointed Non-Executive Chairman in February 2024. When determining his compensation, the NCG Committee reviewed and considered market data for non-executive chairman pay levels and recent examples of CEOs moving directly to non-executive chair positions. Following these discussions, the NCG Committee recommended and the Board set the compensation for the Non-Executive Chairman of the Board as the regular Board cash retainer (currently \$90,000), a \$160,000 cash payment in lieu of the annual board equity grant, given the anticipated short term period of Mr. Gennette's appointment as Non-Executive Chairman, and a Board Chair cash retainer of \$200,000/year, all on an annualized basis pro-rated based on the term of service.

Fiscal 2023 Non-Employee Director Compensation Table

The following table reflects the compensation for each Non-Employee Director for fiscal 2023. Mr. Gennette and Mr. Spring did not receive separate compensation for service as a Director.

Director Stock Ownership Guidelines; Hedging/Pledging Policy

The Board has adopted stock ownership guidelines for Non-Employee Directors. Under these guidelines, Non-Employee Directors are required to own Macy's common stock equal in value to five times the annual Board retainer and maintain this ownership level for their Board tenure. As of fiscal 2023, the annual Board retainer is \$90,000 and the guideline was \$450,000 of our common stock. Shares counted toward this requirement include:

- any shares beneficially owned by the Non-Employee Director or immediate family members
- time-based restricted stock or RSUs, whether or not vested
- stock credits or other stock units credited to a Non-Employee Director's account

Stock subject to unvested or unexercised stock options granted to Non-Employee Directors does not count toward the ownership requirement. Non-Employee Directors must comply with these guidelines within five years from the date the Non-Employee Director's Board service commenced. Each Non-Employee Director who has reached his or her ownership guideline date has satisfied the ownership requirement. In addition to these stock ownership guidelines, the RSUs granted to Non-Employee Directors each year are automatically deferred upon vesting under the Director Deferred Compensation Plan until six months after termination of Board service.

The Non-Employee Directors are covered by our Anti-Hedging/Anti-Pledging Policy which prohibits directors, executive officers and other participants in our long-term incentive plan from engaging in hedging and pledging transactions. The policy is described in greater detail on page 101.

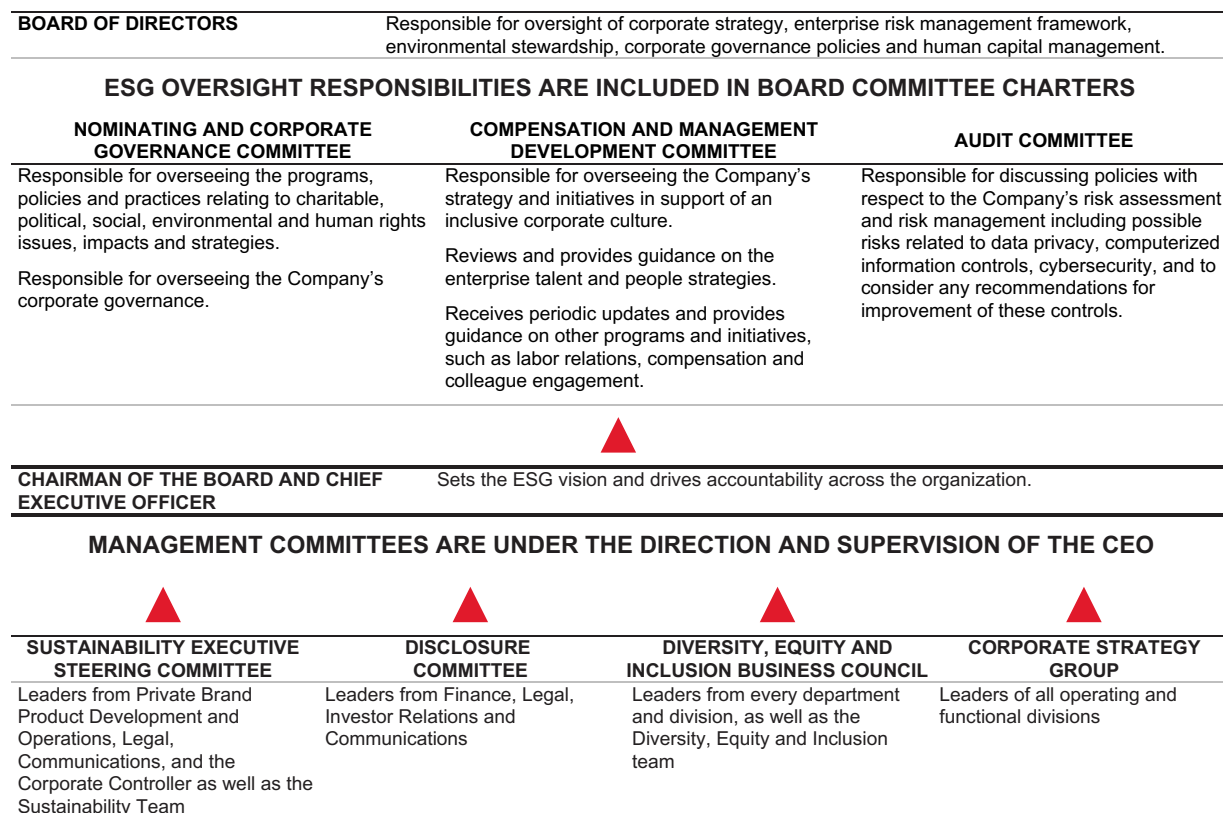

Corporate Social Responsibility

Our Approach to Corporate Social Responsibility and ESG

Stewardship for managing our resources and maximizing our positive social impact continues to be at the forefront of the organization. Proactively engaging on issues that span the breadth of our operations — transparency, product responsibility and supply chain management, energy management, diversity, equity and inclusion and building resilient communities — remain critical components of our ESG programs.

We have embedded management of ESG matters at all levels of the company. Our management is responsible for the development and implementation of our ESG strategies and programs with ultimate oversight by our Board and its committees.

- The Chief Operating Officer and Chief Financial Officer works with the Disclosure Committee to engage with stakeholders on ESG issues and provide feedback to management and the Board.

- The Diversity, Equity and Inclusion Business Council, Disclosure Committee and Corporate Strategy Group work together to maintain our performance-driven culture and operating model that encourages lifelong learners and empowers colleagues to be leaders regardless of title or function.

The sustainability team is organized around four pillars:

- Furthered environmentally-responsible initiatives for our Private Brands products managed by Macy's sourcing team
 - Joined US Cotton Trust Protocol
 - Partnered with World Wildlife Fund (WWF) to publish Water Stewardship Policy

- Published an Animal Welfare Policy, an updated Fur Policy, an Exotic Skins Policy and a preferred material policy to include synthetic fibers
- In addition, we took steps to extend our efforts in responsible sourcing:
 - Participated in RISE: Reimagining Industry to Support Equality, formerly HERproject, an initiative to support collaborative industry action at scale to advance gender equality in global garment, footwear and home-textiles supply chains. We added 14 new factories to the program to support training at a total of 24 of our private brands supplier factories
 - Published Human Rights Policy
- Continued our work with our Private Brand suppliers to promote understanding and compliance with our standards for safe and ethical treatment of their workers. Our contract terms and conditions require compliance with Macy's Vendor & Supplier Code of Conduct. We require factories supplying our Private Brand division to be audited by a third party at least once every 18 months and more frequently if any issues are identified.

Environment

We seek to minimize the environmental impacts across our operations and supply chain and to responsibly manage the resources we consume and the waste we produce across our stores and logistics network. In November 2022, Macy's committed to set near-term company-wide emission reductions in line with the Science Based Targets initiative (SBTi).

- Submitted fiscal year 2022 (FY22) CDP Climate Change Report in July 2023 that included the following highlights:
 - Installed LED lighting at 61 retail spaces in 2022, reducing electric power consumption by 12.5M kWh and avoiding 4,764 metric tons of CO₂e
 - Provided approximately 4 million miles of free electric vehicle charging at a total of 126 stations, avoiding 974 metric tons of driver-related emissions in FY22
 - Published comprehensive Scope 3 greenhouse gas emissions
- We are investing in and implementing innovations that help reduce, reuse and repurpose materials. In our stores, corporate offices and distribution centers, our policy is to recycle as much waste material as possible, including cardboard, plastic film, plastic hangers, paper, metal fixtures and wooden pallets. We also have an internal program to reuse, refurbish or recycle store fixtures and downstream or recycle electronics. Additionally, we have adopted best practices to reduce packaging, all Macy's fulfillment cardboard meets the Sustainable Forestry Initiative (SFI) sourcing standard and has recycled content, and all Private Label care labels are made with 100% recycled polyester content. These efforts reduce waste and further transition the company to become a more circular business.

ITEM 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP, an independent registered public accounting firm, to audit our financial statements for the fiscal year ending February 3, 2024. KPMG LLP and its predecessors have served as our independent registered public accounting firm since 1988. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The Audit Committee has asked the Board to submit to shareholders a proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending February 1, 2025.

Reasons for Re-Appointment of KPMG LLP

The Audit Committee considers a number of factors in deciding to re-engage KPMG LLP as the independent registered public accounting firm, including the following:

- Independence controls and objectivity
- Length of KPMG's service to Macy's
- KPMG's audit quality, performance and results
- Impact of engaging a new auditor
- Appropriateness of KPMG's audit fees
- KPMG's reputation, integrity and competence
- KPMG's institutional company-industry knowledge, experience and expertise

In addition, the Audit Committee considered the benefits of a longer-tenured auditor to be the continuity and avoidance of switching costs, namely management time to bring new auditors up-to-speed and no disruption of non-audit workflows. Due to efficiencies and familiarity already established with KPMG, audit fees remain competitive.

Based on the above factors, the Audit Committee and Board believe the continued retention of KPMG LLP as our independent registered public accounting firm is in the best interests of the Company and our shareholders.

Fees Paid to Independent Registered Public Accounting Firm

The table below summarizes the fees paid to KPMG LLP during fiscal 2023 and fiscal 2022.

YEAR	AUDIT FEES (\$)	AUDIT-RELATED FEES (\$)	TAX FEES (\$)	ALL OTHER FEES (\$)	TOTAL (\$)
2023	4,355,000	1,780	70,196	0	4,426,976
2022	3,952,867	1,780	49,000	0	4,003,647

Audit fees represent fees for professional services rendered for the audit of our annual financial statements, the audit of our internal controls over financial reporting and the reviews of the interim financial statements included in our Quarterly Reports on Form 10-Q.

Audit-related fees represent professional services principally related to the audits of financial statements of employee benefit plans, audits of financial statements of certain subsidiaries and certain agreed upon procedures reports.

Tax fees represent professional services related to tax compliance and consulting services.

The Audit Committee has adopted policies and procedures for the pre-approval of all permitted non-audit services provided by our independent registered public accounting firm. All permitted non-audit services were pre-approved pursuant to this policy. A description of these policies and procedures is included below.

Policy and Procedures for Pre-Approval of Non-Audit Services by Outside Auditors

I. Authority to Approve Non-Audit Services

Except as noted below, the Audit Committee (for purposes of this section the "Committee") will approve in advance all permitted non-audit services⁽¹⁾ (the "Permitted NAS").

- A. The Committee may delegate to the Chair of the Committee the authority to pre-approve Permitted NAS; provided that any such pre-approval of Permitted NAS granted by any such delegatee must be presented to the Committee at its meeting next following the approval.
- B. Pre-approval is not required for any Permitted NAS if:
 - 1. the aggregate amount of any such Permitted NAS constitutes no more than five percent (5%) of the total revenues paid by Macy's to its auditors during the fiscal year in which the Permitted NAS are provided;
 - 2. the Permitted NAS were not recognized at the time of the auditor's engagement to be a Permitted NAS (*e., either a service indicated as an audit service at the time of the engagement evolves over the course of the engagement to become a non-audit service, or a non-audit service not contemplated at all at the time of the engagement is performed by the outside auditor after the engagement is approved*); and
 - 3. the Permitted NAS are promptly brought to the attention of the Committee (or its delegatee) by management and approved prior to the completion of the audit.

II. Disclosure of Permitted Non-Audit Services in Outside Auditor's Engagement Letter

- A. The Committee is to receive an itemization in the outside auditor's engagement letter of Permitted NAS that the outside auditors propose to deliver to Macy's during the course of the year covered by the engagement and contemplated at the time of the engagement.
 - 1. In its submissions to management covering its proposed engagement, the outside auditors are to include a statement that the delivery of Permitted NAS will not impair the independence of the outside auditors.
- B. Whether a Permitted NAS is set out in the auditor engagement letter or proposed by the outside auditors subsequent to the time the engagement letter is submitted, the Committee (or its delegatee as described above) is to consider, with input from management, whether delivery of the Permitted NAS impairs independence of the outside auditors.
 - 1. The Committee is to evaluate, in making such consideration, the non-audit factors and other related principles (the "Qualifying Factors") set out below.
 - Whether the service is being performed principally for the Audit Committee;

(1) The nine categories of prohibited non-audit services are:

- (i) bookkeeping or other services related to the accounting records or financial statements of the audit client;
- (ii) financial information systems design and implementation;
- (iii) appraisal or valuation services, fairness opinions, or contribution-in-kind reports;
- (iv) actuarial services;
- (v) internal audit outsourcing;
- (vi) management functions or human resources;
- (vii) broker or dealer, investment adviser, or investment banking services;
- (viii) legal services and expert services unrelated to the audit; and
- (ix) any other service that the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

- The effects of the service, if any, on audit effectiveness or on the quality and timeliness of Macy's financial reporting process;
- Whether the service would be performed by specialists (e.g., technology specialists) who ordinarily also provide recurring audit support;
- Whether the service would be performed by outside audit personnel and, if so, whether it will enhance their knowledge of Macy's business and operations;
- Whether the role of those performing the service (e.g., a role where neutrality, impartiality and auditor skepticism are likely to be subverted) would be inconsistent with the outside auditor's role;
- Whether the outside audit firm's personnel would be assuming a management role or creating a mutuality of interest with Macy's management;
- Whether the outside auditors, in effect, would be auditing their own numbers;
- Whether the project must be started and completed very quickly;
- Whether the outside audit firm has unique expertise in the service;
- Whether the service entails the outside auditor serving in an advocacy role for Macy's; and
- The size of the fee(s) for the non-audit service(s).

III. Annual Assessment of Policy

The Committee will determine on an annual basis whether to amend this policy.

Report of the Audit Committee

The Board has adopted a written Audit Committee charter. All members of the Audit Committee are independent, as defined in Sections 303A.06 and 303A.07 of the NYSE's listing standards.

The Audit Committee has reviewed and discussed with Macy's management and KPMG LLP the audited financial statements contained in Macy's Annual Report on Form 10-K for the fiscal year ended February 3, 2024. The Audit Committee has also discussed with KPMG LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) and the Securities and Exchange Commission (SEC).

The Audit Committee has received and reviewed the written disclosures and the letter from KPMG LLP required by applicable requirements of the PCAOB regarding KPMG LLP's communications with the Audit Committee concerning independence and has discussed with KPMG LLP their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in Macy's Annual Report on Form 10-K for fiscal 2023 for filing with the SEC.

The foregoing report was submitted by the Audit Committee and shall not be deemed to be "soliciting materials" or to be "filed" with the SEC or subject to Regulation 14A or to the liabilities of Section 18 of the Securities Exchange Act of 1934.

Respectfully submitted,

Shareholders are being asked to approve, on an advisory basis, the compensation of our named executive officers (the Named Executive Officers or NEOs), as disclosed according to SEC rules, including in the Compensation Discussion and Analysis, the executive compensation tables and related material included in this proxy statement.

This proposal, commonly known as a say-on-pay proposal, gives shareholders the opportunity to express their views on our executive compensation program and policies. The vote is not intended to address any specific item of compensation, but rather to address our overall approach to the compensation of our Named Executive Officers described in this proxy statement. In 2023, our say-on-pay proposal received a FOR vote of 96.4%.

The text of the resolution setting forth the proposal is as follows:

RESOLVED, that the shareholders of Macy's, Inc. approve the compensation of the Company's named executive officers as disclosed in the proxy statement for the Company's 2023 annual meeting of shareholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis and the 2023 Summary Compensation Table and related compensation tables and narrative discussion.

We urge you to read the Compensation Discussion and Analysis, which begins on page 81 and discusses how our compensation policies and procedures reflect our pay-for-performance compensation philosophy. Specifically:

- Our executive compensation structure is designed to attract, motivate, and retain executives with the skills required to formulate and implement our strategic business objectives and deliver on our commitment to build long-term shareholder value.
- We believe our executive compensation program is competitive, strongly focused on pay-for-performance principles and appropriately balanced between risk and rewards.
- The vote to approve the compensation of the Named Executive Officers is being provided pursuant to Section 14A of the Exchange Act. The vote is advisory and not binding on the Company, the CMD Committee or the Board. Although non-binding, the Board and the CMD Committee value the shareholder opinions expressed by their votes and will take the voting results into consideration when making future compensation decisions as they deem appropriate.
- At our 2017 and 2023 annual meetings of shareholders, shareholders voted to hold an advisory say-on-pay vote on an annual basis and we have submitted an advisory say-on-pay vote to our shareholders at each annual meeting since the initial frequency vote. We anticipate continuing to hold an advisory say-on-pay vote on an annual basis (with the next one expected to occur in 2025). It is expected that the next advisory vote on the frequency of the advisory say-on-pay vote will occur at our 2029 annual meeting of shareholders.

If no voting specification is made on a validly executive **WHITE** proxy card, the proxies named on the **WHITE** proxy card will vote **"FOR"** the approval of the compensation of the Named Executive Officers as disclosed in this proxy statement and described in this Item 3.

The Macy's, Inc. and Incentive Plan

Unanimously
“FOR”
Macy's, Inc. 2024 Equity
Incentive Plan on

GENERAL

We are asking shareholders to approve the Macy's Inc. 2024 Equity and Incentive Compensation Plan (the 2024 Plan), which is a new plan. On March 11, 2024, upon recommendation by the CMD Committee, the Board unanimously approved and adopted, subject to the approval of the Company's shareholders at the Annual Meeting, the 2024 Plan to succeed the Macy's, Inc. 2021 Equity and Incentive Compensation Plan (the 2021 Plan). We sometimes refer to the 2021 Plan, plus the Macy's, Inc. 2018 Equity and Incentive Compensation Plan (the 2018 Plan) and the Macy's, Inc. 2009 Omnibus Incentive Compensation Plan (the 2009 Plan), in each case as amended or amended and restated from time to time, as the "Predecessor Plans."

The Board is recommending that the Company's shareholders vote in favor of the 2024 Plan. The 2024 Plan will continue to afford the CMD Committee the ability to design compensatory awards that are responsive to the Company's needs and includes authorization for a variety of awards designed to advance the interests and long-term success of the Company by encouraging stock ownership among officers and other employees of the Company and its subsidiaries, certain consultants to the Company and its subsidiaries, and Non-Employee Directors of the Company.

You are being asked to approve the 2024 Plan.

Shareholder approval of the 2024 Plan would constitute approval of up to 26,080,000 shares of Common Stock, par value \$0.01 per share, available for awards under the 2024 Plan, with such amount subject to adjustment, including under the share counting provisions of the 2024 Plan. The Board recommends that you vote to approve the 2024 Plan. If the 2024 Plan is approved by shareholders at the Annual Meeting, it will be effective as of the day of the Annual Meeting, and no further grants will be made on or after such date under the 2021 Plan. Outstanding awards under the 2021 Plan will continue in effect in accordance with their terms. If the 2024 Plan is not approved by shareholders, no awards will be made under the 2024 Plan, and the 2021 Plan will remain in effect.

The actual text of the 2024 Plan is attached to this proxy statement as Appendix A. The following description of the 2024 Plan is only a summary of its principal terms and provisions and is qualified by reference to the actual text as set forth in Appendix A.

WHY WE BELIEVE YOU SHOULD VOTE FOR THIS PROPOSAL

The 2024 Plan authorizes the CMD Committee to provide cash awards and equity-based compensation in the form of stock options, stock appreciation rights (SARs), restricted stock, RSUs, performance shares, performance units, dividend equivalents, and certain other awards, including those denominated or payable in, or otherwise based on, shares of Common Stock, for the purpose of providing our Non-Employee Directors, officers and other employees of the Company and its subsidiaries, and certain consultants of the Company and its subsidiaries, incentives and rewards for service and/or performance. Some of the key features of the 2024 Plan that reflect our commitment to effective management of equity and incentive compensation are set forth below in this subsection.

We believe our success depends in part on our ability to attract, motivate, and retain high quality employees and directors and that the ability to provide equity-based and incentive-based awards under the 2024 Plan is critical to achieving this success. We would be at a severe competitive disadvantage if we could not use share-based awards to recruit and compensate our employees and directors. The use of Common Stock as part of our compensation program is also important because equity-based awards help link compensation with long-term shareholder value creation and reward participants based on service and/or performance.

As of February 3, 2024, approximately 16.6 million shares of Common Stock remained available for issuance under the 2021 Plan. If the 2024 Plan is not approved, we may be compelled to significantly increase the cash component of our employee and director compensation, which may not necessarily align employee and director compensation interests with the investment interests of our shareholders. Replacing equity awards with cash would also increase cash compensation expense and use cash that could be better utilized.

AWARDS OUTSTANDING AND HISTORICAL GRANTS

The following provides additional information on total equity awards outstanding and total grants made in the last three fiscal years.

Overhang. The following table provides certain additional information regarding total awards outstanding at February 3, 2024 (fiscal year-end):

	AS OF FEBRUARY 3, 2024
Number of outstanding options	9,873,000
Weighted average exercise price of outstanding options	\$43.75
Weighted average remaining term of outstanding options	1.74 years
Number of outstanding full-value awards under Predecessor Plans ⁽¹⁾	8,647,000
Total number of shares of common stock outstanding	274,200,000

(1) Outstanding awards (other than options) as disclosed in the Stock Based Compensation footnote of our annual Form 10-K. For purposes of this disclosure, "full-value awards" refers to awards other than stock options or SARs. As of February 3, 2024, there were no outstanding SARs.

The following table provides certain additional information regarding the estimated number of shares that will be available under the 2024 Plan based on the number of shares available under the 2021 Plan as of February 3, 2024, assuming approval of the 2024 Plan by the Company's shareholders:

	AS OF FEBRUARY 3, 2024
Shares available for grant under the 2024 Plan (including 16.6M shares previously available for grant under the 2021 Plan)	26,080,000
Per-share closing price of common stock as reported on NYSE	\$18.63

The total number of shares subject to outstanding awards as described above as of February 3, 2024, plus the proposed shares available for future awards under the 2024 Plan (which shares will be reduced based on awards we may grant under the 2021 Plan between February 3, 2024 and the effective date of the 2024 Plan), represent a total overhang of approximately 16.27% regarding the 2024 Plan.

Burn Rate. The following table provides detailed information regarding our equity compensation activity for the prior three fiscal years. Our three-year average burn rate during that period was 1.37% unadjusted and 2.39% adjusted.

	FISCAL YEAR 2021	FISCAL YEAR 2022	FISCAL YEAR 2023
Number of options granted	0	0	0
Number of stock units granted	2,937,000	3,111,000	5,502,000
Total Share Usage ⁽¹⁾	5,139,750	5,444,250	9,628,500
Weighted-average number of shares of common stock outstanding	306,800,000	274,700,000	274,200,000
Unadjusted Burn Rate	0.96%	1.13%	2.01%
Adjusted Burn Rate	1.68%	1.98%	3.51%

(1) Reflects the gross number of shares underlying awards made to employees and non-employee directors during the respective fiscal year as disclosed in the Stock Based Compensation footnote of our annual Form 10-K and adjusted using 1.75 shares for every full-value award granted.

In determining the number of shares to request for approval under the 2024 Plan, our management team worked with Semler Brossy Consulting Group, LLC and the CMD Committee to evaluate a number of factors, including our recent share usage and criteria expected to be utilized by institutional proxy advisory firms in evaluating our proposal for the 2024 Plan.

If the 2024 Plan is approved, we intend to utilize the shares authorized under the 2024 Plan to continue our practice of incentivizing key individuals through equity grants. We currently anticipate that the shares requested in connection with the approval of the 2024 Plan will last for about two to three years, based on our historic grant rates and the current share price, but could last for a shorter or longer period of time if actual practice does not match recent rates or our share price changes materially. As noted below, the CMD Committee retains full discretion under the 2024 Plan to determine the number and amount of awards to be granted under the 2024 Plan, subject to the terms of the 2024 Plan, and future benefits that may be received by participants under the 2024 Plan are not determinable at this time.

2024 PLAN HIGHLIGHTS

Below are certain highlights of the 2024 Plan. These features are designed to reinforce alignment between equity compensation arrangements awarded pursuant to the 2024 Plan and shareholders' interests, consistent with sound corporate governance practices.

<i>Reasonable 2024 Plan Limits</i>	Subject to the 2024 Plan's adjustment provisions and share counting rules (as described below), awards under the 2024 Plan are limited to 26,080,000 shares minus (1) one share for every share subject to an award of stock options or SARs granted under the Predecessor Plans after February 3, 2024 and before the effective date of the 2024 Plan, and minus (2) 1.75 shares for every one share subject to an award other than of stock options or SARs granted under the Predecessor Plans after February 3, 2024 and before the effective date.
<i>Fungible Share Counting</i>	Subject to the 2024 Plan's share counting rules, the aggregate number of shares of Common Stock available under the 2024 Plan will be reduced by (1) one share of Common Stock for every one share of Common Stock subject to an award of stock options or SARs granted under the 2024 Plan, and (2) 1.75 shares of Common Stock for every one share of Common Stock subject to an award other than of stock options or SARs granted under the 2024 Plan.
<i>Other Limits</i>	<p>The 2024 Plan also provides that:</p> <ul style="list-style-type: none">• subject to adjustment as provided in the 2024 Plan, the aggregate number of shares of Common Stock actually issued or transferred upon the exercise of Incentive Stock Options (as defined below) will not exceed 26,080,000 shares of Common Stock; and• a non-employee director will not be granted, in any one calendar year, compensation for such service having an aggregate maximum value (measured as of the date of grant as applicable and calculating the value of any awards based on the grant date fair value for financial reporting purposes) in excess of \$600,000.

<i>Limited Share Recycling Provisions</i>	<p>Subject to certain exceptions described in the 2024 Plan, if any award granted under the 2024 Plan (in whole or in part) is canceled or forfeited, expires, is settled for cash, or is unearned, the shares of Common Stock subject to such award will, to the extent of such cancellation, forfeiture, expiration, cash settlement, or unearned amount, again be available under the 2024 Plan at a rate of one share for every one share subject to stock option or SAR awards and 1.75 shares for every one share subject to awards other than stock options or SARs. The same recycling treatment will be applied with respect to shares of Common Stock subject to awards granted under the Predecessor Plans that are cancelled, are forfeited, expire, are settled for cash, or are unearned after February 3, 2024.</p> <ul style="list-style-type: none"> • The following shares of Common Stock will not be added (or added back, as applicable) to the aggregate share limit under the 2024 Plan: (1) shares of Common Stock withheld by us, tendered or otherwise used in payment of the exercise price of a stock option granted under the 2024 Plan, and (2) shares of Common Stock reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of stock options granted under the 2024 Plan. • Further, all shares of Common Stock covered by stock-settled SARs that are exercised and settled in shares, whether or not all shares of Common Stock covered by the SARs are actually issued to the participant upon exercise, will not be added back to the aggregate number of shares available under the 2024 Plan. In addition, shares of Common Stock withheld by us or tendered or otherwise used to satisfy tax withholding will not be added (or added back, as applicable) to the aggregate share limit under the 2024 Plan. • If a participant elects to give up the right to receive compensation in exchange for shares of Common Stock based on fair market value, such shares of Common Stock will not count against the aggregate number of shares available under the 2024 Plan.
<i>No Repricing Without Shareholder Approval</i>	<p>Outside of certain corporate transactions or adjustment events described in the 2024 Plan or in connection with a "change in control", the exercise or base price of stock options and SARs cannot be reduced, nor can "underwater" stock options or SARs be cancelled in exchange for cash or replaced with other awards or stock options or SARs with a lower exercise or base price, without shareholder approval.</p>
<i>Dividend Equivalents Limited</i>	<p>Dividends, dividend equivalents or other distributions on awards (if any) are deferred and paid contingent upon vesting. Dividends and dividend equivalents are not paid on stock options or stock appreciation rights.</p>
<i>Change in Control Definition</i>	<p>The 2024 Plan includes a non-liberal definition of "change in control," which is described below.</p>
<i>Exercise or Base Price Limitation</i>	<p>The 2024 Plan also provides that, except with respect to certain converted, assumed or substituted awards as described in the 2024 Plan, no stock options or SARs will be granted with an exercise or base price less than the fair market value of a share of Common Stock on the date of grant.</p>
<i>Minimum Vesting Periods</i>	<p>Awards under the 2024 Plan will generally vest no earlier than the first anniversary of applicable grant date, except that the following awards will not be subject to the minimum vesting requirement: (1) awards granted in connection with awards that are assumed, converted or substituted in connection with certain transactions; (2) shares of Common Stock delivered in lieu of fully vested cash obligations; (3) awards to non-employee directors that vest on the earlier of the one-year anniversary of the applicable grant date and the next annual meeting of shareholders which is at least 50 weeks after the immediately preceding year's annual meeting of shareholders; and (4) additional awards the CMD Committee may grant, up to a maximum of 5% of the aggregate number of shares authorized for issuance under the 2024 Plan (subject to adjustment under the terms of the 2024 Plan).</p> <p>Further, the CMD Committee, in its sole discretion, may provide for continued vesting or accelerated vesting for any award under the 2024 Plan upon certain events, including, without limitation, in connection with or following a participant's death, disability, or termination of service or a change control, or exercise its continued or accelerated vesting authority under the 2024 Plan at any time following the grant of an award.</p>

SUMMARY OF OTHER MATERIAL TERMS OF THE 2024 PLAN

Administration. The 2024 Plan will generally be administered by the CMD Committee (or its successor), or any other committee of the Board designated by the Board to administer the 2024 Plan. References to the "Committee" in this proposal

refer to the CMD Committee or such other committee designated by the Board, as applicable. The Committee may from time to time delegate all or any part of its authority under the 2024 Plan to a subcommittee. Any interpretation, construction and determination by the Committee of any provision of the 2024 Plan, or of any agreement, notification or document evidencing the grant of awards under the 2024 Plan, will be final and conclusive. To the extent permitted by applicable law, the Committee may delegate to one or more of its members or to one or more officers, or to one or more agents or advisors of the Company, such administrative duties or powers as it deems advisable. In addition, the Committee may by resolution, subject to certain restrictions set forth in the 2024 Plan, authorize one or more officers of the Company to authorize the granting or sale of awards under the 2024 Plan on the same basis as the Committee. However, the Committee may not delegate such authority to officers for awards granted to such officers, non-employee directors or certain employees who are subject to the reporting requirements of Section 16 of the Exchange Act. The Committee is authorized to take appropriate action under the 2024 Plan subject to the express limitations contained in the 2024 Plan.

Eligibility. Any person who is selected by the Committee to receive benefits under the 2024 Plan and who is at that time an officer or other employee of the Company or any of its subsidiaries (including a person who has agreed to commence serving in such capacity within 90 days of the date of grant) is eligible to participate in the 2024 Plan. In addition, certain persons (including consultants) who provide services to the Company or any of its subsidiaries that are equivalent to those typically provided by an employee (provided that such persons satisfy the Form S-8 definition of "employee"), and non-employee directors of the Company, may also be selected by the Committee to participate in the 2024 Plan. As of February 3, 2024, the Company and its subsidiaries had approximately 85,581 employees and the Company had 12 non-employee directors. Although the Company may engage certain independent contractors and consultants from time to time, we do not currently expect to grant awards under the 2024 Plan to such persons. The basis for participation in the 2024 Plan by eligible persons is the selection of such persons by the Committee (or its authorized delegate) in its discretion.

Types of Awards Under the 2024 Plan. Pursuant to the 2024 Plan, the Company may grant cash awards and stock options (including stock options intended to be "incentive stock options" as defined in Section 422 of the Code (Incentive Stock Options)), SARs, restricted stock, RSUs, performance shares, performance units, cash incentive awards, and certain other awards based on or related to shares of our Common Stock.

Generally, each grant of an award under the 2024 Plan will be evidenced by an award agreement, certificate, resolution or other type or form of writing or other evidence approved by the Committee (an Evidence of Award), which will contain such terms and provisions as the Committee may determine, consistent with the 2024 Plan. A brief description of the types of awards which may be granted under the 2024 Plan is set forth below.

Stock Options. A stock option is a right to purchase shares of Common Stock upon exercise of the stock option. Stock options are granted to a participant in consideration of the performance of services. Stock options granted to an employee under the 2024 Plan may consist of either an Incentive Stock Option, a non-qualified stock option that is not intended to be an "incentive stock option" under Section 422 of the Code, or a combination of both. Incentive Stock Options may only be granted to employees of the Company or certain of our related corporations. The term of a stock option may not extend more than 10 years from the date of grant. The Committee may provide in an Evidence of Award for the automatic exercise of a stock option.

Each grant of a stock option will specify the applicable terms of the stock option, including the number of shares of Common Stock subject to the stock option and the required period or periods of the participant's continuous service, if any, before any stock option or portion of a stock option will vest. Stock options may provide for continued vesting or the earlier vesting of the stock options, including, without limitation, in the event of retirement, death, disability or termination of employment or service of the participant or in the event of a change in control.

Any grant of stock options may specify management objectives regarding the vesting of the stock options. Each grant will specify whether the consideration to be paid in satisfaction of the exercise price will be payable: (1) in cash, by check acceptable to the Company, or by wire transfer of immediately available funds; (2) by the actual or constructive transfer to the Company of shares of Common Stock owned by the participant with a value at the time of exercise that is equal to the total exercise price; (3) subject to any conditions or limitations established by the Committee, by a net exercise arrangement pursuant to which the Company will withhold shares of Common Stock otherwise issuable upon exercise of a stock option; (4) by a combination of the foregoing methods; or (5) by such other methods as may be approved by the Committee. To the

extent permitted by law, any grant may provide for deferred payment of the exercise price from the proceeds of a sale through a bank or broker of some or all of the shares to which the exercise relates. Stock options granted under the 2024 Plan may not provide for dividends or dividend equivalents.

Appreciation Rights. The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting of SARs. A SAR is a right to receive from us an amount equal to 100%, or such lesser percentage as the Committee may determine, of the spread between the base price and the value of shares of our Common Stock on the date of exercise.

Each grant of SARs will specify the period or periods of continuous service, if any, by the participant with the Company or any subsidiary that is necessary before the SARs or installments of such SARs will vest. SARs may provide for continued vesting or earlier vesting, including, without limitation, in the case of retirement, death, disability or termination of employment or service of the participant or in the event of a change in control. Any grant of SARs may specify management objectives regarding the vesting of such SARs. A SAR may be paid in cash, shares of Common Stock or any combination of the two.

Except with respect to awards issued in substitution for, in conversion of, or in connection with an assumption of SARs held by awardees of an entity engaging in a corporate acquisition or merger with us or any of our subsidiaries, the base price of a SAR may not be less than the fair market value of a share of Common Stock on the date of grant. The term of a SAR may not extend more than 10 years from the date of grant. The Committee may provide in an Evidence of Award for the automatic exercise of a SAR. SARs granted under the 2024 Plan may not provide for dividends or dividend equivalents.

Restricted Stock. Restricted stock constitutes an immediate transfer of the ownership of shares of Common Stock to the participant in consideration of the performance of services, entitling such participant to dividend, voting and other ownership rights, subject to the substantial risk of forfeiture and restrictions on transfer determined by the Committee for a period of time determined by the Committee or until certain management objectives specified by the Committee are achieved. Each such grant or sale of restricted stock may be made without additional consideration or in consideration of a payment by the participant that is less than the fair market value per share of Common Stock on the date of grant.

Any grant of restricted stock may specify management objectives regarding the vesting of the restricted stock. Any grant of restricted stock may require that any and all dividends or distributions paid on restricted stock that remain subject to a substantial risk of forfeiture be automatically deferred and/or reinvested in additional restricted stock, which will be subject to the same restrictions as the underlying restricted stock. Restricted stock may provide for continued vesting or the earlier vesting of such restricted stock, including, without limitation, in the event of retirement, death, disability or termination of employment or service of the participant or in the event of a change in control.

RSUs. RSUs awarded under the 2024 Plan constitute an agreement by the Company to deliver shares of Common Stock, cash, or a combination of the two, to the participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions (which may include achievement regarding management objectives) during the restriction period as the Committee may specify. Each grant or sale of RSUs may be made without additional consideration or in consideration of a payment by the participant that is less than the fair market value of shares of our Common Stock on the date of grant.

RSUs may provide for continued vesting or the earlier lapse or other modification of the restriction period, including, without limitation, in the event of retirement, death, disability or termination of employment or service of the participant or in the event of a change in control. During the restriction period, the participant will have no right to transfer any rights under the award and will have no rights of ownership in the shares of Common Stock underlying the RSUs and no right to vote them. Rights to dividend equivalents may be extended to and made part of any RSU award at the discretion of and on the terms determined by the Committee, on a deferred and contingent basis, either in cash or in additional shares of Common Stock, with payment contingent upon the vesting of such RSUs. Each grant or sale of RSUs will specify the time and manner of payment of the RSUs that have been earned.

Cash Incentive Awards, Performance Shares, and Performance Units. A performance share is a bookkeeping entry that records the equivalent of one share of Common Stock, and a performance unit is a bookkeeping entry that records a unit equivalent to \$1.00 or such other value as determined by the Committee. Each grant will specify the number or amount of

performance shares or performance units, or the amount payable with respect to a cash incentive award being awarded, which number or amount may be subject to adjustment to reflect changes in compensation or other factors.

These awards, when granted under the 2024 Plan, generally will specify management objectives regarding the earning of the award. Each grant will specify the time and manner of payment of a cash incentive award, performance shares or performance units that have been earned. Any grant may specify that the amount payable with respect to such grant may be paid by the Company in cash, in shares of Common Stock, in restricted stock or RSUs, or in any combination thereof.

Any grant of performance shares or performance units may provide for the payment of dividend equivalents in cash or in additional shares of Common Stock, which will be subject to deferral and payment on a contingent basis based on the participant's earning and vesting of the performance shares or performance units, as applicable, with respect to which such dividend equivalents are paid.

The performance period with respect to each cash incentive award or grant of performance shares or performance units will be a period of time determined by the Committee and within which the management objectives relating to such award are to be achieved. The performance period may be subject to continued vesting or earlier lapse or modification, including, without limitation, in the event of retirement, death, disability or termination of employment or service of the participant or in the event of a change in control.

Other Awards. Subject to applicable law and applicable share limits under the 2024 Plan, the Committee may grant to any participant shares of Common Stock or such other awards (Other Awards) that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, shares of Common Stock or factors that may influence the value of such shares of Common Stock, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Common Stock, purchase rights for shares of Common Stock, awards with value and payment contingent upon performance of the Company or specified subsidiaries, affiliates or other business units or any other factors designated by the Committee, and awards valued by reference to the book value of the shares of Common Stock or the value of securities of, or the performance of the subsidiaries, affiliates or other business units of the Company. The terms and conditions of any such awards will be determined by the Committee. Shares of Common Stock delivered under an award in the nature of a purchase right granted under the 2024 Plan will be purchased for such consideration, paid for at such time, by such methods, and in such forms, including, without limitation, cash, shares of Common Stock, other awards, notes or other property, as the Committee determines.

In addition, the Committee may grant cash awards, as an element of or supplement to any other awards granted under the 2024 Plan. The Committee may also authorize the grant of shares of Common Stock as a bonus or may authorize the grant of other awards in lieu of obligations of the Company or a subsidiary to pay cash or deliver other property under the 2024 Plan or under other plans or compensatory arrangements, subject to terms determined by the Committee in a manner that complies with Section 409A of the Code.

Other Awards may provide for the earning or vesting of, or earlier elimination of restrictions applicable to, such award, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of the participant or in the event of a change in control. The Committee may provide for the payment of dividends or dividend equivalents on Other Awards in cash or in additional shares of Common Stock, subject to deferral and payment on a contingent basis based on the participant's earning and vesting of the Other Awards with respect to which such dividends or dividend equivalents are paid.

Change in Control. The 2024 Plan includes a definition of "change in control." In general, except as may be otherwise prescribed by the Committee in an Evidence of Award, a change in control will be deemed to have occurred if, in general (subject to certain limitations and as further described in the 2024 Plan):

- a person or group becomes the beneficial owner of 30% or more of the voting power of the then-outstanding securities of the Company that can vote generally in the election of directors (Voting Stock);
- individuals who constituted the Board on the effective date of the 2024 Plan (the Incumbent Board) cease for any reason to constitute at least a majority of the Board, provided that any new director who is approved by a vote of at least two-thirds of the directors then comprising the Incumbent Board will be considered part of the Incumbent Board unless such new director's initial assumption of office occurs as a result of an actual or threatened election contest

with respect to the election or removal of directors or other solicitation of proxies or consents by or on behalf of a person other than the Board;

- consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of its assets as further described in the 2024 Plan (subject to certain exceptions); or
- the Company's shareholders approve a complete liquidation or dissolution of the Company.

Certain additional terms or limitations apply under this definition with respect to awards that are "non-qualified deferred compensation" for purposes of Code Section 409A, and except with respect to shareholder approval of a complete liquidation or dissolution of the Company, no definition of change in control under an Evidence of Award may provide that a change in control will occur solely upon the announcement, commencement, shareholder approval or other potential occurrence of any event or transaction (rather than its consummation), and/or an unapproved change in less than a majority of the Board, and/or (except as described above) acquisition of 15% or less of the Voting Stock, and/or announcement or commencement of a tender or exchange offer.

Management Objectives. The 2024 Plan provides that any of the awards set forth above may specify management objectives regarding the vesting of the award. Management objectives are defined as the performance objective or objectives established pursuant to the 2024 Plan for participants who have received grants of awards as determined by the Committee. The following is a non-exhaustive list of the potential management objectives that may be used for awards under the 2024 Plan (including ratios or other relationships between one or more, or a combination, of the following examples of management objectives):

- sales;
- comparable sales;
- sales per square foot;
- owned sales plus licensed sales plus marketplace sales or comparable owned sales plus licensed sales plus marketplace sales;
- digital sales;
- pre-tax income;
- gross margin;
- operating or other expenses;
- earnings before interest and taxes (EBIT);
- earnings before interest, taxes, depreciation and amortization (EBITDA);
- EBITDA margin;
- net income;
- earnings per share (either basic or diluted);
- cash flow or net cash flow (as provided by or used in one or more of operating activities, investing activities and financing activities or any combination thereof);
- return on investment (determined with reference to one or more categories of income or cash flow and one or more categories of assets, capital or equity, including return on net assets, return on sales, return on equity and return on invested capital);
- stock price (appreciation, fair market value);
- operating income;
- revenue;
- total shareholder return;
- customer satisfaction;
- gross margin return on investment;
- gross margin return on inventory;

- inventory turn;
- market share;
- leverage ratio;
- coverage ratio;
- employee engagement;
- employee turnover;
- strategic business objectives;
- strategic plan implementation; and
- individual performance.

Additionally, if the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company, or the manner in which it conducts its business, or other events or circumstances render the management objectives unsuitable, the Committee may in its discretion modify such management objectives or the goals or actual levels of achievement, in whole or in part, as the Committee deems appropriate and equitable.

Transferability of Awards. Except as otherwise provided by the Committee, and subject to the terms of the 2024 Plan with respect to Code Section 409A, no stock option, SAR, restricted stock, RSU, performance share, performance unit, cash incentive award, Other Award or dividend equivalents paid with respect to awards made under the 2024 Plan will be transferrable by a participant except by will or the laws of descent and distribution. In no event will any such award be transferred for value. Except as otherwise determined by the Committee, stock options and SARs will be exercisable during the participant's lifetime only by him or her or, in the event of the participant's legal incapacity to do so, by his or her guardian or legal representative acting on behalf of the participant in a fiduciary capacity under state law or court supervision.

The Committee may specify on the grant date that all or part of the shares of Common Stock that are subject to awards under the 2024 Plan will be subject to further restrictions on transfer.

Adjustments; Corporate Transactions. The Committee will make or provide for such adjustments in: (1) the number of and kind of shares of Common Stock covered by outstanding stock options, SARs, restricted stock, RSUs, performance shares and performance units granted under the 2024 Plan; (2) if applicable, the number of and kind of shares of Common Stock covered by Other Awards granted pursuant to the 2024 Plan; (3) the exercise price or base price provided in outstanding stock options and SARs, respectively; (4) cash incentive awards; and (5) other award terms, as the Committee in its sole discretion, exercised in good faith determines to be equitably required in order to prevent dilution or enlargement of the rights of participants that otherwise would result from (a) any extraordinary cash dividend, stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company; (b) any merger, consolidation, spin-off, spin-out, split-off, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities; or (c) any other corporate transaction or event having an effect similar to any of the foregoing.

In the event of any such transaction or event, or in the event of a change in control of the Company, the Committee may provide in substitution for any or all outstanding awards under the 2024 Plan such alternative consideration (including cash), if any, as it may in good faith determine to be equitable under the circumstances and will require in connection therewith the surrender of all awards so replaced in a manner that complies with Section 409A of the Code. In addition, for each stock option or SAR with an exercise price or base price, respectively, greater than the consideration offered in connection with any such transaction or event or change in control of the Company, the Committee may in its sole discretion elect to cancel such stock option or SAR without any payment to the person holding such stock option or SAR. The Committee will make or provide for such adjustments to the number of shares of Common Stock available under the 2024 Plan and the share limits of the 2024 Plan as the Committee in its sole discretion may in good faith determine to be appropriate in connection with such transaction or event. However, any adjustment to the limit on the number of shares of Common Stock that may be issued upon exercise of Incentive Stock Options will be made only if and to the extent such adjustment would not cause any option intended to qualify as an Incentive Stock Option to fail to so qualify.

Prohibition on Repricing. Except in connection with certain corporate transactions or changes in the capital structure of the Company or in connection with a change in control, the terms of outstanding awards may not be amended to (1) reduce the exercise price or base price of outstanding stock options or SARs, respectively, or (2) cancel outstanding "underwater" stock options or SARs (including following a participant's voluntary surrender of "underwater" stock options or SARs) in exchange for cash, other awards or stock options or SARs with an exercise price or base price, as applicable, that is less than the exercise price or base price of the original stock options or SARs, as applicable, without shareholder approval. The 2024 Plan specifically provides that this provision is intended to prohibit the repricing of "underwater" stock options and SARs and that it may not be amended without approval by our shareholders.

Clawback; Detrimental Activity and Recapture. Awards granted under the 2024 Plan will be subject to the terms and conditions of the Company's clawback provisions, policy or policies in effect from time to time, including, without limitation, those that specifically implement Section 10D of the Exchange Act, and any applicable rules or regulations thereunder (including applicable rules and regulations of any national securities exchange on which the shares of Common Stock may be traded) (collectively, the Compensation Recovery Policy), and applicable sections of any Evidence of Award to which the 2024 Plan is applicable or any related documents shall be interpreted consistently with (or deemed superseded by and/or subject to) the terms and conditions of the Compensation Recovery Policy. Further, by accepting any award under the 2024 Plan, each 2024 Plan participant agrees (or has agreed) to fully cooperate with and assist the Company in connection with such participant's obligations to the Company pursuant to the Compensation Recovery Policy, and agrees (or has agreed) that the Company may enforce its rights under the Compensation Recovery Policy through any and all reasonable means permitted under applicable law as it deems necessary or desirable under the Compensation Recovery Policy.

Otherwise, any Evidence of Award under the 2024 Plan may provide for the cancellation or forfeiture of an award or the forfeiture and repayment to the Company of any gain or earnings related to an award, including upon such terms and conditions as may be determined by the Board or the Committee in accordance with the Compensation Recovery Policy or any applicable laws, rules, regulations or requirements that impose mandatory clawback or recoupment requirements under the circumstances set forth in such laws, rules, regulations or requirements in effect from time to time.

Grants to Non-U.S. Based Participants. In order to facilitate the making of any grant or combination of grants under the 2024 Plan, the Committee may provide for such special terms for awards to participants who are foreign nationals, who are employed by the Company or any of its subsidiaries outside of the United States of America or who provide services to the Company or any of its subsidiaries under an agreement with a foreign nation or agency, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. The Committee may approve such supplements to, or amendments, restatements or alternative versions of, the 2024 Plan (including sub-plans) (to be considered part of the 2024 Plan) as it may consider necessary or appropriate for such purposes, provided that no such special terms, supplements, amendments or restatements will include any provisions that are inconsistent with the terms of the 2024 Plan as then in effect unless the 2024 Plan could have been amended to eliminate such inconsistency without further approval by our shareholders.

Withholding. To the extent the Company is required to withhold federal, state, local or foreign taxes or other amounts in connection with any payment made or benefit realized by a participant or other person under the 2024 Plan, and the amounts available to us for such withholding are insufficient, it will be a condition to the receipt of such payment or the realization of such benefit that the participant or such other person make arrangements satisfactory to the Company for payment of the balance of such taxes or other amounts required to be withheld, which arrangements, in the discretion of the Committee, may include relinquishment of a portion of such benefit. If a participant's benefit is to be received in the form of shares of Common Stock, and such participant fails to make arrangements for the payment of taxes or other amounts, then, unless otherwise determined by the Committee, we will withhold shares of Common Stock having a value equal to the amount required to be withheld. When a participant is required to pay the Company an amount required to be withheld under applicable income, employment, tax and other laws, the Company may require the participant to satisfy the obligation, in whole or in part, by having withheld, from the shares delivered or required to be delivered to the participant, shares of Common Stock having a value equal to the amount required to be withheld or by delivering to us other shares of Common Stock held by such participant. The shares used for tax or other withholding will be valued at an amount equal to the fair market value of such shares of Common Stock on the date the benefit is to be included in a participant's income. In no event will the fair market value of the shares of Common Stock to be withheld and delivered pursuant to the 2024 Plan exceed the minimum amount

required to be withheld, unless (i) an additional amount can be withheld and not result in adverse accounting consequences, and (ii) such additional withholding amount is authorized by the Committee. Participants will also make such arrangements as the Company may require for the payment of any withholding tax or other obligation that may arise in connection with the disposition of shares of Common Stock acquired upon the exercise of stock options. In any case, a participant will be solely responsible and liable for the satisfaction of all taxes required to be withheld under applicable income, employment, tax or other laws in connection with any payment made or benefit realized by a participant under the 2024 Plan, and neither the Company nor any of its affiliates will have any obligation to indemnify or otherwise hold a participant harmless from any or all of such taxes.

No Right to Continued Employment. The 2024 Plan does not confer upon any participant any right with respect to continuance of employment or service with the Company or any of its subsidiaries.

Effective Date of the 2024 Plan. The 2024 Plan will become effective on the date it is approved by the Company's shareholders. No grants will be made under the Predecessor Plans on or after the date on which our shareholders approve the 2024 Plan, provided that outstanding awards granted under the Predecessor Plans will continue unaffected following such date.

Amendment and Termination of the 2024 Plan. The Board generally may amend the 2024 Plan from time to time in whole or in part. However, if any amendment, for purposes of applicable stock exchange rules (and except as permitted under the adjustment provisions of the 2024 Plan) (1) would materially increase the benefits accruing to participants under the 2024 Plan, (2) would materially increase the number of shares which may be issued under the 2024 Plan, (3) would materially modify the requirements for participation in the 2024 Plan, or (4) must otherwise be approved by our shareholders in order to comply with applicable law or the rules of the NYSE, all as determined by the Board, then such amendment will be subject to shareholder approval and will not be effective unless and until such approval has been obtained.

Further, subject to the 2024 Plan's prohibition on repricing, the Committee generally may amend the terms of any award prospectively or retroactively. Except in the case of certain adjustments permitted under the 2024 Plan, no such amendment may be made that would materially impair the rights of any participant without his or her consent. If permitted by Section 409A of the Code and subject to certain other limitations set forth in the 2024 Plan, including in the case of termination of employment or service, or in the case of unforeseeable emergency or other circumstances or in the event of a change in control, the Committee may provide for continued vesting or accelerate the vesting of certain awards granted under the 2024 Plan.

The Board may, in its discretion, terminate the 2024 Plan at any time. Termination of the 2024 Plan will not affect the rights of participants or their successors under any awards outstanding and not exercised in full on the date of termination. No grant will be made under the 2024 Plan on or after the tenth anniversary of the effective date of the 2024 Plan, but all grants made prior to such date will continue in effect thereafter subject to their terms and the terms of the 2024 Plan.

Allowances for Conversion Awards and Assumed Plans. Shares of Common Stock issued or transferred under awards granted under the 2024 Plan in substitution for or conversion of, or in connection with an assumption of, stock options, SARs, restricted stock, RSUs, or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with us or any of our subsidiaries will not count against (or be added to) the aggregate share limit or other 2024 Plan limits described above. Additionally, shares available under certain plans that we or our subsidiaries may assume in connection with corporate transactions from another entity may be available for certain awards under the 2024 Plan, under circumstances further described in the 2024 Plan, but will not count against the aggregate share limit or other 2024 Plan limits described above.

NEW PLAN BENEFITS

It is not possible to determine the specific amounts and types of awards that may be awarded in the future under the 2024 Plan because the grant and actual settlement of awards under the 2024 Plan are subject to the discretion of the plan administrator.

U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of certain of the Federal income tax consequences of certain transactions under the 2024 Plan based on Federal income tax laws in effect. This summary, which is presented for the information of shareholders considering how to vote on this proposal and not for 2024 Plan participants, is not intended to be complete and does not describe Federal taxes other than income taxes (such as Medicare and Social Security taxes), or state, local or foreign tax consequences.

Tax Consequences to Participants

Restricted Stock. The recipient of restricted stock generally will be subject to tax at ordinary income rates on the fair market value of the restricted stock (reduced by any amount paid by the recipient for such restricted stock) at such time as the shares of restricted stock are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (Restrictions). However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such restricted stock. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the recipient.

Performance Shares, Performance Units and Cash Incentive Awards. No income generally will be recognized upon the grant of performance shares, performance units or cash incentive awards. Upon payment in respect of the earn-out of performance shares, performance units or cash incentive awards, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any unrestricted shares of Common Stock received.

Nonqualified Stock Options. In general:

- no income will be recognized by an optionee at the time a non-qualified stock option is granted;
- at the time of exercise of a non-qualified stock option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares, if unrestricted, on the date of exercise; and
- at the time of sale of shares acquired pursuant to the exercise of a non-qualified stock option, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Incentive Stock Options. No income generally will be recognized by an optionee upon the grant or exercise of an Incentive Stock Option. If shares of Common Stock are issued to the optionee pursuant to the exercise of an Incentive Stock Option, and if no disqualifying disposition of such shares is made by such optionee within two years after the date of grant or within one year after the transfer of such shares to the optionee, then upon sale of such shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss.

If shares of Common Stock acquired upon the exercise of an Incentive Stock Option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an

amount equal to the excess (if any) of the fair market value of such shares at the time of exercise (or, if less, the amount realized on the disposition of such shares if a sale or exchange) over the exercise price paid for such shares. Any further gain (or loss) realized by the participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

SARs. No income will be recognized by a participant in connection with the grant of a SAR. When the SAR is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted shares of Common Stock received on the exercise.

RSUs. No income generally will be recognized upon the award of RSUs. The recipient of an RSU award generally will be subject to tax at ordinary income rates on the fair market value of unrestricted shares of Common Stock on the date that such shares are transferred to the participant under the award (reduced by any amount paid by the participant for such RSUs), and the capital gains/loss holding period for such shares will also commence on such date.

Tax Consequences to the Company or its Subsidiaries

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the \$1 million limitation on certain compensation paid to certain executive officers under Section 162(m) of the Code. To be clear, shareholders are not being asked to approve the 2024 Plan (or any of its provisions) for purposes of Section 162(m) of the Code, because the performance-based compensation exemption thereunder has been repealed.

REGISTRATION WITH THE SEC

We intend to file a Registration Statement on Form S-8 relating to the issuance of shares of Common Stock under the 2024 Plan with the SEC pursuant to the Securities Act of 1933, as amended, as soon as practicable after approval of the 2024 Plan by our shareholders.

VOTE REQUIRED FOR APPROVAL

The affirmative vote of a majority of votes cast in person or by proxy is required for approval of the 2024 Plan. Abstentions and broker non-votes are not counted as votes cast on the proposal and will have no effect on the voted for the proposal.

Executive Summary

Over the past several years, we have taken proactive actions to fortify our operations, including strengthening our balance sheet, managing expenses and tightening inventory controls. As we closed out the year, our teams delivered an improved omnichannel experience, effective merchandising and a clear demonstration of value to our customers, enabling us to effectively compete in the face of ongoing pressure from the reallocation of spend by consumers to non-discretionary items. All of these actions contributed to a fiscal 2023 adjusted EBITDA margin rate as a percent of total revenue of 9.7% and allowed us to end fiscal 2023 with over \$1 billion of cash on our balance sheet.

This momentum and financial health positions us well to execute on our recently announced new, growth strategy – A Bold New Chapter, which is designed to challenge the status quo to fundamentally reposition the company, enhance the customer experience, deliver growth and unlock shareholder value. A Bold New Chapter is the thoughtful culmination of comprehensive research and reflection. It takes a holistic view of our portfolio of nameplates to deliver a more modern Macy's, Inc. over the next three years.

2023 Business Highlights

During fiscal 2023, we remained focused and delivered on several of our strategic priorities across the enterprise.

MACY'S, INC.

- Our financial health enabled us to navigate continued uncertainties while investing in future growth. We ended fiscal 2023 with over \$1 billion of cash on our balance sheet, \$1.3 billion of operating cash flow, paid \$181 million of cash dividends to shareholders and have no material debt maturities until 2027.
- Gross margin rate for fiscal 2023 was 38.8%, up from 37.4% in fiscal 2022. Merchandise margin improved 80 basis points from fiscal 2022, driven by lower permanent markdowns and improved inbound freight costs, partially offset by anticipated changes in category mix and increase in inventory shortage. Delivery expense as a percent of net sales improved 60 basis points from fiscal 2022 primarily due to improved carrier rates from contract renegotiations and improvements in inventory allocation.
- Prioritized a healthy capital structure while continuing to invest in long-term profitable growth. Through our disciplined approach to inventory management, we ended fiscal 2023 with inventories up 2% to fiscal 2022 and down 16% to 2019, reflecting our desire to own more seasonally appropriate transitional product as we enter fiscal 2024.
- Opened four new Macy's small format stores and one new Bloomingdale's location, bringing our total number of smaller-format, off-mall locations to 15. Comparable owned plus licensed sales for our off-mall small formats continued to outperform full-line stores in fiscal 2023.

Additionally, during 2023, Macy's, Inc. shared progress towards its enterprise-wide, social purpose platform, *Mission Every One*, to provide a brighter future for more young people. Not only does *Mission Every One* galvanize our colleagues around our social purpose, but we believe it helps us attract top talent – and a younger, more socially-driven customer.

MACY'S

- Scaled Macy's digital Marketplace, which comprised more than 2,300 brands at the end of 2023.
- Advanced Macy's private brand portfolio reimagining during fiscal 2023, launching new private brands, such as On 34th; exiting several heritage women's brands, including Alfani and Karen Scott, and refreshing other brands like I.N.C. Within private brands, during the fourth quarter of fiscal 2023, I.N.C. outperformed the Macy's women's apparel segment on a year-over-year basis, and On 34th is now one of our top ten ready to wear brands.
- Continued to reposition our store fleet to better serve our customers, including announcing the expansion of up to 30 Macy's small-format stores across the U.S. through 2025.
- Embraced data science tools, including artificial intelligence and machine learning, to drive more accurate and agile decision-making based on changes in demand.
- Macy's saw continued strength in beauty – particularly fragrances and prestige cosmetics – and off-price with Backstage.

- Approximately 41.2 million active customers shopped the Macy's nameplate.

BLOOMINGDALE'S

- During fiscal 2023, Bloomingdale's launched its highly curated digital marketplace, ending the year with 120 brands.
- Bloomingdale's celebrated 50 years of its iconic Big Brown Bag during fiscal 2023, added several exciting new brands and launched key collaborations with engaging in-store and digital activations, including Barbie- and Wonka-themed takeovers of The Carousel @ Bloomingdale's.
- 4 million active customers shopped Bloomingdale's.

BLUEMERCURY

- Bluemercury moved its headquarters to New York City and unveiled two remodeled luxury stores with elevated spa offerings and high-touch customer service in New Canaan, Connecticut and Bronxville, New York, which serve as the foundation for future locations.
- Bluemercury posted its 12th consecutive quarter of comparable sales growth, in the fourth quarter of fiscal 2023.
- Approximately 711,000 active customers shopped the Bluemercury nameplate.

2023 MACY'S, INC. FINANCIAL HIGHLIGHTS*

- **\$23.1 billion** in net sales
- **6.0%** decrease in comparable sales on an owned plus licensed basis versus fiscal 2022 (on a 52-week basis for both periods)
- **38.8%** gross margin as a percent of net sales

Turning to compensation, our 2023 named executive officer (NEO) compensation program was closely aligned to our overall business performance, which was guided by the six pillars of our Polaris strategy.

LEADERSHIP TRANSITIONS

Macy's successfully completed its planned leadership succession plan this year. On February 4, 2024, Mr. Spring became Chief Executive Officer and Chair-Elect, succeeding Mr. Gennette, who retired after 40 years of serving the Company, including seven years as Chief Executive Officer. Mr. Gennette will continue as Chairman of the Board until the Company's Annual Meeting, with Mr. Spring expected to become Board Chair at that time.

In anticipation of Mr. Gennette's planned retirement in February 2024, the Board, with support from Mr. Gennette and Macy's Chief Transformation and Human Resources Officer Ms. Kirgan, outlined a thoughtful succession plan that included an internal and external search. Following a rigorous selection process, during which multiple internal and external candidates were evaluated, in March 2023, the Board appointed Mr. Spring as Macy's President and CEO-elect and a member of the Board. Mr. Gennette and Mr. Spring worked side-by-side until February 2024 to ensure a smooth transition. Mr. Spring previously

COMPENSATION DISCUSSION AND ANALYSIS

served as Macy's Executive Vice President and Bloomingdale's Chairman and Chief Executive Officer. He has been instrumental in the Company's transformation as a member of the Macy's executive leadership team since 2017.

As part of the CEO leadership transition described above, Mr. Mitchell was appointed Chief Operating Officer and Chief Financial Officer of the Company effective March 29, 2023. On October 31, 2023, Ms. Garcia retired from her role as Executive Vice President, Chief Legal Officer and Secretary after seven years of service. Ms. Preston joined the Company as Chief Legal Officer and Secretary in January 2024.

2023 Compensation Program Design Highlights

The 2023 executive compensation program focused on 2023 financial objectives, key priorities, as well as absolute and relative stock price appreciation. The program framework and goals reflect a focus on driving business performance in the context of a business climate that continued to have a level of uncertainty around both the consumer and macro environment at the time the plans were set.

- The incentive plans were designed to motivate and engage the organization and leadership with linkage between strategy, business plan and incentives.
- Plan design focused on Growth, Profit and Colleague.

The annual incentive plan design reflected a focus on key 2023 business priorities.

- Metrics were weighted 80% on the financial goals of Adjusted EBITDA and total revenue (weighted 40% each) and 20% on a Culture Index.
- We continued to use PRSUs and RSUs in the long-term incentive plan with a mix of 50% each for all NEOs. The 2023 plan had two equally weighted metrics: rTSR and 2023 Adjusted EBITDA margin.
 - Given the uncertainty in the macro environment and the volatility of the retail industry, the CMD Committee made the decision to use 2023 Adjusted EBITDA margin in the 2023 PRSU plan. Following the one-year performance period, there is an additional two-year vesting period to align with our historic vesting practices and help ensure retention. The CMD Committee plans to revert to using a 3-year performance period in the 2024 PRSU plan.
 - The rTSR metric continues to be based on a three-year performance period and uses the S&P Retail Select Industry Index as the benchmark group.
- The payout ranges in both the annual and long-term incentive plans were 25% - 200% of target, consistent with 2022.

Our Results

2023 ANNUAL INCENTIVE PLAN — 60.47% PAYOUT

- Performance against the total revenue metric was 94.7% of target and below the threshold performance level
- Performance against the Adjusted EBITDA metric was 90.6% of target, between threshold and target zone performance levels
- Performance against the Culture Index was between the target and maximum performance levels

86 **macys inc**

2021 – 2023 PERFORMANCE SHARE PLAN — 75% PAYOUT

The performance period (fiscal 2021 through fiscal 2023) for the PRSUs granted in fiscal 2021 concluded at the end of fiscal 2023. The performance metrics for the PRSU plan were rTSR compared to the S&P Retail Select Industry Index peer group and 2023 Digital Sales, and the awards were granted in March 2021.

- Performance against the Digital Sales metric was below the threshold performance level
- Performance against the rTSR metric was at the 69.7th percentile, between the target and maximum performance levels

PATH TO GROWTH — 63% OF LOCATIONS EARNED

Colleagues in our stores, supply chain and customer support networks participate in our quarterly Path to Growth incentive program. Incentive payments in this plan totaled approximately \$12M for fiscal 2023, and 63% of our locations achieved performance levels that resulted in payments to our colleagues during the year. The Path to Growth incentive program rewards excellent performance by colleagues (non-NEOs) and supports Macy's pay-for-performance philosophy and culture.

Highlights of Our Executive Compensation Programs

Our compensation program objectives are to provide competitive and reasonable compensation opportunities through programs aligned with key business strategies and plans, foster a performance-based culture, and attract, motivate, reward and retain key executives. Balancing these primary program objectives helps ensure accountability to our shareholders. For a discussion of our short- and long-term incentive programs, see page 89.

Pay for Performance Alignment

CEO COMPENSATION AND PAY FOR PERFORMANCE ALIGNMENT

2023 CEO Pay

Semler Brossy, the compensation consultant for the CMD Committee, completed a 2023 market review and determined our CEO's target total compensation of \$12,850,000 was positioned at approximately the median of the peer group.

- Mr. Gennette's realized compensation each year is largely dependent on performance results and changes in the stock price.
- Mr. Gennette's realized 2023 compensation was \$10,438,721 — approximately 81% his target compensation.
- This realized pay is consistent with below target performance in the 2023 STI plan and the 2021 – 2023 PRSU plan, resulting in below target payouts in both plans.

To further demonstrate the rigor of our pay-for-performance alignment, the following shows Mr. Gennette's realized versus target compensation for fiscal years 2019 – 2023. Realized equity value is calculated based on the value of earned PRSUs (excluding dividend equivalents) and RSUs at the time of vesting and, if applicable, the realized value of stock options upon exercise.

Over the past five years, Mr. Gennette has realized, on average, approximately 86% of his target compensation.

COMPENSATION MIX: FOCUS ON AT RISK PAY AND BALANCE OF SHORT- AND LONG-TERM INCENTIVES

Within our primary pay elements of base salary, performance-based annual incentive and long-term incentives, we emphasize at risk pay over fixed pay with at least 70% of our NEOs' target direct compensation linked to a variety of metrics, including pre-determined performance objectives (financial and strategic) and stock price performance. The program also balances the importance of achievement of short-term and long-term objectives.

OTHER NEOS (AVERAGE)

SHAREHOLDER ENGAGEMENT AND SUPPORT FOR OUR COMPENSATION PROGRAM

At the 2023 Annual Meeting of Shareholders, approximately 96.4% of the votes cast approved our “say-on-pay” proposal in support of our named executive officer compensation. Shareholder support of our executive compensation programs has averaged 94.3% over the last ten years.

2021	2022	2023
90.3%	91.7%	96.4%

During our off-season shareholder outreach in Fall 2023, shareholders generally expressed alignment with our compensation programs. The CMD Committee believes the feedback received during these sessions, together with our vote results, reflect general support of our NEO compensation program. The CMD Committee did not make any changes to such program in fiscal 2023 that were specifically driven by the say-on-pay vote.

2023 Short-Term and Long-Term Incentive Programs

The designs of the 2023 programs maintained a similar framework to 2022, focused on our key initiatives, while reflecting continued uncertainty in the macro environment at the time plans were set.

2023 Compensation Actions

CHAIRMAN AND CEO

The CMD Committee, supported by its independent advisor Semler Brossy, annually reviews Mr. Gennette's compensation following the process described in "How We Set Executive Compensation." Semler Brossy completed its competitive analysis at the end of 2022, including analyzing the competitive market data and developing target pay proposals. The CMD Committee reviewed the data provided by Semler Brossy and considered the significant impact of Mr. Gennette's leadership and the key role he would play in the CEO transition. Following these discussions, the CMD Committee recommended, and the Board approved, a 5.2% increase to Mr. Gennette's target compensation to \$12,850,000 which reflects the following:

- Base salary from \$1,350,000 to \$1,450,000
- Target annual incentive from 175% to 200% of base salary
- No change to target LTI value of \$8,500,000

These changes positioned Mr. Gennette's 2023 target compensation at approximately the median of the peer group CEOs, with the majority of his pay increase for 2023 in at-risk compensation.

OTHER NEOs

Semler Brossy also assisted the CMD Committee to review target compensation associated with Mr. Spring and Mr. Mitchell's promotions to President and CEO-elect and EVP Chief Operating Officer and Chief Financial Officer, respectively, as well as Ms. Preston's offer.

The CMD Committee approved the following:

- **Mr. Spring, President and CEO-Elect.** In connection with Mr. Spring's appointment as Chief Executive Officer on March 29, 2023, the CMD Committee approved a target compensation package of \$6,350,000 consisting of a base salary of \$1,000,000, a target annual incentive of 135% of base salary and a target annual long-term incentive value of \$4,000,000, in a combination of equally weighted PRSUs and RSUs. When determining Mr. Spring's compensation package, the CMD Committee considered market data, Mr. Spring's background leading Bloomingdale's and experience as a member of the Macy's, Inc. Corporate Strategy Group, as well as the significant expansion in his role that included responsibility for Digital, Customer, Merchandising and Marketing teams, in addition to Bloomingdale's and Bluemercury. See "2024 Compensation Actions" below for a discussion of the additional changes made to Mr. Spring's compensation in connection with his appointment as Chief Executive Officer in February 2024.
- **Mr. Mitchell, Chief Operating Officer and Chief Financial Officer.** In connection with Mr. Mitchell's appointment as Chief Operating Officer and Chief Financial Officer on March 29, 2023, the CMD Committee approved a target compensation package of \$5,532,500 consisting of a base salary of \$950,000, a target annual incentive of 135% of base salary, and a target annual long-term incentive value of \$3,300,000, in a combination of equally weighted PRSUs and RSUs. When determining Mr. Mitchell's compensation package, the CMD Committee considered market

data, Mr. Mitchell's significant contributions to the Company in his EVP, Chief Financial Officer role and the scope of his expanded role as Chief Operating Officer to include Store Operations, Technology and Supply Chain. In recognition of Mr. Mitchell's key contributions to the Polaris strategy, the significant expansion of his responsibilities and for retention purposes, the CMD Committee also approved a special equity grant of \$3,000,000 in RSUs that will vest 100% on the second anniversary of the grant.

- Ms. Preston, Chief Legal Officer.** In connection with Ms. Preston joining the Company as our Chief Legal Officer and Corporate Secretary in January 2024, the CMD Committee approved a target compensation package of \$2,556,250 consisting of a base salary of \$775,000, target annual incentive of 75% of base salary (commencing in fiscal 2024) and a target long-term incentive value of \$1,200,000 (commencing in fiscal 2024), in a combination of equally weighted PRSUs and RSUs. When determining her compensation package, the CMD Committee considered market data as well as Ms. Preston's extensive experience. In addition, to offset awards that Ms. Preston forfeited from her prior employer, the CMD Committee approved a sign on bonus of \$840,000, subject to a repayment agreement and a \$630,000 sign on equity award of RSUs that vests 50% on the second and third anniversaries of the grant date.

2023 BASE SALARY

As reflected in the discussions above, we provide base salaries to our NEOs to deliver a fixed component of compensation that reflects the scope and complexity of each NEO's role. Base salaries are intended to aid in the Company's ability to attract and retain critical executive officers and are reviewed against comparable positions in the market.

NAME	FY 2022 SALARY RATE	FY 2023 SALARY RATE

2023 ANNUAL INCENTIVE PLAN

The NEOs participate in the Senior Executive Incentive Compensation Plan. The annual incentive plan aligns executive compensation with our business strategy and operating performance over short-term (generally one year or less) financial and strategic targets.

Annual Incentive Opportunity as a Percent of Base Salary. Target annual incentive award opportunities are expressed as a percent of year-end base salary. Actual awards earned are dependent on performance relative to the pre-determined goals, as shown in the chart below (and such alternative or additional factors as the CMD Committee deems appropriate).

NAME	THRESHOLD (25% OF TARGET)	TARGET (AS % OF BASE SALARY)	MAXIMUM (200% OF TARGET)
Gennette	50.00 %	200 %	400 %
Spring ⁽¹⁾	33.75 %	135 %	270 %
Mitchell ⁽¹⁾	33.75 %	135 %	270 %
Kirgan	25.00 %	100 %	200 %
Preston ⁽²⁾			
Garcia ⁽³⁾	18.75 %	75 %	150 %

(1) Target opportunities for Messrs. Spring and Mitchell prorated from date of promotions based on the target awards that would have applied before and after such promotions.

(2) Based on her hire date, Ms. Preston was not eligible for an annual incentive in 2023.

(3) Based on her retirement date, Ms. Garcia was eligible for a prorated annual incentive in 2023.

As shown above, 20% of the annual incentive is based on the strategic initiative of the Culture Index which consists of two equally weighted metrics, engagement and ethnically diverse representation, both with pre-determined performance ranges.

2023 LONG-TERM INCENTIVE PLAN

The annual core equity awards to NEOs consist of PRSUs and RSUs, equally weighted. The 2023 PRSU plan has two equally weighted metrics: rTSR and 2023 Adjusted EBITDA margin. Given the uncertainty in the macro environment and the volatility of the retail industry, the CMD Committee made the decision to use 2023 Adjusted EBITDA margin, which ensures responsible top- and bottom-line growth, in the PRSU plan. Following the one-year performance period, there is an additional two-year vesting period for this metric. The rTSR metric continues to be based on a three-year performance period and uses the S&P Retail Select Industry Index as the peer group.

PRSU Performance Measures	Threshold	Target/Target Zone		Maximum	Weight
		Low	High		
Relative Total Shareholder Return	30 th percentile	55 th percentile	≥80 th percentile		50%
2023 EBITDA Margin	Threshold	Target Zone		Max	50%
Payout Opportunity (as a % of Target)	25%	100%	100%	200%	

- PRSUs granted in fiscal 2023 vest, if earned, following the end of fiscal 2025 based on upon achievement of performance targets.
- The PRSU grant continues to include a negative TSR cap and a maximum value cap applicable to the rTSR metric, as well as requiring above median rTSR performance to earn a target level award
 - If Macy's absolute TSR over the performance period is negative, any payout earned is capped at target
 - Regardless of Macy's performance relative to peers or stock price growth, the maximum payout amount for the rTSR metric is capped at 400% of the target grant date value, attributable to both performance and stock price appreciation
 - In order to earn a target level award, rTSR performance is required to be at the 55th percentile of the peer group
- The RSUs vest ratably over a four-year period beginning on the first anniversary of the grant date. The CMD Committee determines the number of PRSUs and RSUs required to deliver the targeted award value by dividing the target dollar award value by the closing price of Macy's stock price on the grant date.

The target number of PRSUs and the number of RSUs granted to each NEO are shown in the 2023 Grants of Plan-Based Awards table.

2024 COMPENSATION ACTIONS

CEO and Chair-Elect

The CMD Committee with support from Semler Brossy reviewed Mr. Spring's compensation package when he was appointed CEO and Chair-Elect in February 2024. When determining his compensation package, the CMD Committee considered market data for the Company's peer group as well as competitive practice with respect to positioning of compensation for internally promoted first-time CEOs. Following these discussions, the CMD Committee recommended and the Board approved a target compensation package of \$12,400,000 consisting of a \$1,300,000 base salary, a target annual incentive of 200% of base salary (commencing in 2024) and a target annual long-term incentive value of \$8,500,000 (commencing in 2024), in a combination of equally weighted PRSUs and RSUs. This package positions Mr. Spring's compensation between the 25th percentile and median of the peer CEOs, based on data collected in December 2023, and approximately 90% of his compensation is "at risk". Additionally, the CMD Committee recommended and the Board approved a \$4,000,000 special promotional equity award, in a combination of PRSUs and RSUs, weighted 75% and 25%, respectively. The PRSUs will vest at the end of a five-year performance period based on pre-determined goals, metrics and targets and the RSUs will vest 100% on the fifth anniversary of the grant date. The design of this award – both the five-year vesting cycle and the significant weightage on performance awards – helps ensure a long-term view and that payouts are significantly linked to business results.

In connection with Mr. Gennette's appointment as Non-Executive Chairman of the Board in February 2024, the Board approved non-employee director compensation for Mr. Gennette consisting of a regular Board cash retainer of \$90,000, a \$160,000 cash payment in lieu of a Board equity grant, given the anticipated short-term period of Mr. Gennette's appointment as Non-Executive Chairman, and a Board Chair cash retainer of \$200,000 per year, all on an annualized basis pro-rated based on term of service.

Benefits

Retirement and Deferred Compensation Plans. The NEOs participate in our broad-based 401(k) retirement investment plan. The NEOs also participate in a non-qualified deferred compensation plan with features similar to those in the 401(k) plan. Prior to 2014, executives were provided with a supplementary executive retirement plan and a cash balance pension plan. These two defined benefit plans were discontinued in December 2013, and the NEOs no longer accrue new benefits under the plans. See beginning on page 109 for more information on these plans.

Perquisites. We provide limited perquisites including business club and professional memberships and, for our CEO, a car and driver for security reasons and limited personal use of the Company aircraft. See page 104 for more information.

Severance and Change-in-Control. We maintain executive severance plans and a change-in-control plan covering our NEOs. Our deferred compensation programs provide accelerated benefits in the event of a change-in-control. All equity awards are subject to “double-trigger” vesting in the event of a change-in-control. See beginning on page 112 for more information.

Independent Compensation Consultant

The CMD Committee has retained Semler Brossy as the CMD Committee's independent compensation consultant to provide counsel on various compensation related matters including:

- compensation program design;
- peer group identification and competitive market assessment;
- market insights and trends in executive compensation;
- management's proposed levels of compensation; and
- governance and regulatory trends.

Semler Brossy provides no services to the Company other than those provided directly to, or on behalf of, the CMD Committee, and with respect to director compensation, to, or on behalf of, the NCG Committee. The CMD Committee has assessed the independence of Semler Brossy pursuant to the NYSE listing standards and SEC rules and is not aware of any conflict of interest raised by Semler Brossy's work that would prevent Semler Brossy from providing independent advice to the CMD Committee.

How We Set Executive Compensation

Timing

Generally, the CMD Committee reviews NEO base salaries, annual incentive awards and equity awards at its March meeting. At that time, financial and other performance results for the prior fiscal year are available and Company performance against applicable targets is measured.

Market Data Serves as One Point of Reference

Semler Brossy provides the CMD Committee with a competitive assessment for each pay element, target total direct compensation and overall compensation mix in December. The market data is sourced from a combination of peer company public filings, peer company data cuts from published compensation surveys and survey data from a broader sample of retail companies. Market data is one of several factors considered in determining compensation levels and packages for NEOs, and actual positioning of target compensation may be above or below the median based on company revenue size, executive's experience, unique skill set, scope of responsibilities, supply and demand of critical talent in the market, tenure and other factors.

Compensation Peer Group

The CMD Committee references comparative compensation data of a peer group of publicly traded retail companies to inform itself of the competitiveness of compensation and program design and believes the data provides directional context for compensation decisions. The CMD Committee recognizes that due to factors unique to Macy's, including business model and strategies, scope and complexity of jobs, and specific talent needs, as well as executive changes within the peer group and year-over-year changes in survey data, there is an imperfect comparability of NEO positions among companies. Thus, the CMD Committee does not benchmark or target any specific position for compensation components based on peer group data.

In August 2023 Semler Brossy completed a peer group review to confirm the appropriateness of the current peers. The methodology to complete this review included a review of industry, size and business model to ensure the resulting group was generally representative of the Company's business model, balanced larger and smaller companies and included a sufficient number of companies. Following the review, Semler Brossy recommended updating the peer group as shown below.

COMPANY	RECOMMENDATION
Bed, Bath & Beyond Inc.	Remove from peer group due to bankruptcy filing

The CMD Committee concurred with this recommendation and the outcome of the decision is shown below. The 2022 peer group was the one referenced for 2023 compensation decisions.

2022 PEER GROUP COMPANIES	2023 PEER GROUP COMPANIES
Bed, Bath & Beyond Inc.

TJX Companies, Inc.	TJX Companies, Inc.

The revised peer group for 2023 consists of 15 companies. Semler Brossy reviewed the peer group and determined Macy's last twelve month's revenue and EBITDA were positioned between median and the 75th percentile and market capitalization near the 25th percentile as of July 2023. The peer group prioritizes apparel-focused department stores and companies with a similar business profile to Macy's that maintain a more non-essential product offering, as well as several retailers with a significant portion of revenue through online sales.

Executive Compensation Governance

Clawback Policy

In 2023 our Board adopted a clawback policy applicable to executive officers as required by NYSE listing standards and Section 10D of the Exchange Act. The policy requires the Company to recover incentive-based compensation erroneously received by current or former executive officers during the three completed fiscal years immediately preceding the year in which the company is required to prepare an accounting restatement due to material non-compliance with a financial reporting requirement under the securities laws. The clawback applies to "incentive-based compensation" that is granted, earned or vested based on attainment of any financial reporting measures. The amount to be recovered is equal to the excess of the

COMPENSATION DISCUSSION AND ANALYSIS

incentive-based compensation actually paid during the applicable period over the amount that would have been received based on the restated financial measure (calculated on a pre-tax basis). If the compensation is based on stock price or total shareholder return where the amount is not subject to direct mathematical recalculation, the amount must be based on a reasonable estimate of the effect of the restatement on stock price or TSR. We are not required to claw back amounts in limited circumstances where the CMD Committee has made a determination that recovery would be impracticable and certain other conditions under the new clawback policy have been met. Operation of the mandatory accounting restatement provisions of the new clawback policy is subject to a brief phase-in process during the first few years after its effectiveness.

In addition, the CMD Committee has the discretion to require a participant in the annual incentive plan or in the long-term incentive compensation program to repay income derived from annual incentives, PRSUs, RSUs and stock options in the event of a restatement of our financial results (including, for example, where not covered by the new clawback policy described above). This repayment would occur within three years after any such payment to correct a material error that is determined by the CMD Committee to be the result of executive fraud or intentional misconduct.

Stock Ownership Guidelines

Our Board has established stock ownership guidelines for certain corporate officers of Macy's, including the NEOs.

Executives are expected to comply with the current guidelines by the first business day in May following the five-year anniversary of the date as of which the executive first becomes covered under his/her current or new ownership guideline. Conversely, if newly hired or promoted, compliance is expected when he/she first becomes eligible to receive a payout of PRSUs and/or RSUs under our long-term incentive plan.

Executives who are below their ownership guideline at their guideline requirement date must retain 50% of all shares acquired on vesting or exercise of equity awards (net of exercise costs and taxes) until the guideline is met in order to be in compliance with the stock ownership policy.

Position	Ownership Guidelines
Chief Executive Officer and Chairman-Elect 6x base salary
Chief Operating Officer/Chief Financial Officer and Chief Transformation and Human Resources Officer 3x base salary
Chief Legal Officer	.. 2x base salary

Shares counted toward the ownership guideline consist of:

- Macy's stock beneficially owned (directly or indirectly) by the executive or owned jointly with any immediate family member of the executive
- Any stock credits or other stock units credited to an executive's account through deferrals under our deferred compensation program or otherwise
- Time-based restricted stock or RSUs granted to executives, whether or not vested
- The executive's proportionate share of the Macy's stock fund under our 401(k) Plan

Macy's common stock subject to unvested or unexercised stock options, and performance-based restricted stock or stock units during the performance period, do not count toward the ownership guideline.

Once a determination is made that the required ownership guideline value has been met, a subsequent decrease in share price will not affect that determination, provided there is no subsequent sale of the total number of shares relied on to meet the guideline value unless, and only to the extent, the then current market value of such total number of shares exceeds the required ownership guideline.

Stock ownership is measured as of the first business day in May of each fiscal year. As of the most recent measurement date, each NEO was in compliance with the ownership guidelines of the policy.

Anti-Hedging/Anti-Pledging Policy

Directors, executive officers and participants in our long-term incentive plan are prohibited from engaging in transactions designed to hedge against the economic risks associated with an investment in our common stock or pledging our common stock in lending transactions. Set forth below is a summary of Macy's Anti-Hedging/Anti-Pledging policy.

Macy's considers it inappropriate for any director, executive officer or participant in the Company's long-term incentive plan to engage in any transaction in which they may profit from short-term speculative swings in the value of Macy's securities or pledge Macy's stock in lending transactions. Therefore, as a matter of Company policy, these individuals may not engage in:

- the purchase or sale of "put" and "call" options (publicly available rights to sell or buy Macy's securities within a certain period of time at a specified price or the like);
- "short sales" (selling borrowed securities which the seller hopes can be purchased at a lower price in the future);
- "short selling against the box" (selling owned but not delivered securities);
- the purchase of financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds), or transactions, that hedge or offset, or are designed to hedge or offset, any decrease in the market value of Macy's securities granted to the individual as compensation or held, directly or indirectly, by the individual; and
- pledging Macy's securities as collateral for a loan, including, without limitation, in a margin account.

Furthermore, Section 16(c) of the Exchange Act prohibits short sales and short sales against the box of Macy's securities by the Company's directors and executive officers. The prohibitions listed above do not apply to the exercise of stock options granted as part of a Company incentive plan.

Timing of Equity Awards

The CMD Committee typically approves annual equity-based awards at its annual March meeting. The March meeting occurs after annual financial results are available — at least three weeks after we release our fiscal year-end earnings. The CMD Committee may approve equity-based grants on other dates for purposes such as newly hired executives, executives promoted into positions eligible for such grants, or to retain executives important to the Company. The Company determines a specific calendar of trading blackout dates each year, and equity-based awards are not issued on any of the designated trading blackout dates.

Tax Considerations

In general, Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1 million on the amount of compensation that we may deduct in any one year with respect to certain of our current and former executive officers.

The CMD Committee focuses on designing and maintaining executive compensation arrangements that we believe will attract and retain the executive talent we need to compete successfully even if in certain cases such compensation is not deductible for federal income tax purposes.

Accounting

We record salaries and performance-based cash incentives in our financial statements as expense in the amount paid, or to be paid, to the NEOs.

Accounting rules also require us to record an expense in our financial statements for equity-based awards, even though equity awards are not paid as cash to colleagues.

We expense all equity-based awards in accordance with FASB Accounting Standards Codification (ASC) Topic 718, Compensation-Stock Compensation. In evaluating the design of our variable incentive plans, the CMD Committee considers the accounting costs attributable to alternative approaches to help ensure that financial efficiency is maximized.

Non-GAAP Metrics

Macy's reports its financial performance in accordance with generally accepted accounting principles (GAAP). However, management believes that certain non-GAAP financial measures provide users of the Company's financial information with additional useful information in evaluating operating performance, and we have included certain non-GAAP measures as performance metrics in our incentive plans.

We use 1) total revenue and Adjusted EBITDA metrics in our annual incentive plan and 2) Digital Sales and Adjusted EBITDA margin as metrics in our PRSU program. Digital Sales is calculated on an owned plus licensed basis and includes sales from departments licensed to third parties and marketplace, which are not included in sales calculated in conformity with GAAP (on an owned basis). Adjusted EBITDA excludes impairment charges, restructuring charges, store closing costs, acquisitions and dispositions of business operations, unreserved tax assessments and other items.

Reconciliations to the most directly comparable GAAP measures for Changes in Comparable Sales on an Owned Plus Licensed Basis, Adjusted EBITDA, Adjusted Diluted Earnings Per Share and other information concerning non-GAAP financial measures are provided on page 30 of Macy's Annual Report on Form 10-K under "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations — Important Information Regarding Non-GAAP Financial Measures."

Compensation of the Named Executive Officers for 2023

The following table summarizes the compensation of the individuals that served as our principal executive officer and principal financial officer during fiscal 2023, our three other most highly-compensated executive officers who were serving as executive officers at the end of fiscal 2023 and one former executive officer, collectively referred to as the “Named Executives” or the “NEOs.”

(1) The amounts in this column for fiscal 2023 include the grant date fair value for PRSUs and RSUs granted in fiscal 2023:

- The grant date fair values for PRSUs awarded were determined by using the weighted average grant date price of approximately \$16.37 per share, assuming the “target” number of units is earned. The weighted average grant date price was calculated as follows: (i) \$15.24 per share for the portion of the grant subject to an rTSR metric, by using a Monte Carlo simulation analysis, and (ii) \$17.49 per share for the portion of the grant subject to 2023 Adjusted EBITDA Margin, by using the grant date closing price for the common stock. Assuming the “maximum” number of units is earned, the grant date fair value amounts for the PRSUs would be \$7,953,226 for Mr. Gennette, \$3,742,708 for Mr. Spring, \$3,087,715 for Mr. Mitchell, \$1,684,188 for Ms. Kirgan and \$1,122,803 for Ms. Garcia.
- RSUs were awarded at a grant date fair value of \$17.49 per share. See 2023 Grants of Plan-Based Awards for number of shares and value of time-based RSU awarded in fiscal 2023.
- See page 93 for information regarding Ms. Preston’s compensation package. Her new hire equity award was made in December 2023 and issued in February 2024 following conclusion of the blackout period for the 4th quarter.

(2) We did not pay above-market interest under our executive deferred compensation plan in 2023. The amounts reflected for fiscal 2023 in this column represent the change in the actuarial present value of accumulated pension benefits under our cash balance pension plan (CAPP) and supplementary executive retirement plan (SERP) in fiscal 2023. No Named Executive accrues additional benefits under the CAPP or SERP because benefits are frozen. The assumptions used in determining the present value of benefits are the same assumptions used for financial reporting purposes. The present value of benefits was determined using a PBO effective discount rate of 5.06% for the CAPP and 5.08% for the SERP. For both the CAPP and SERP, base mortality rates are Pri-2012 White Collar mortality table projected to 2016 using MP-2018 and then projected forward to the measurement date using MP-2021. Mortality is projected generationally from the measurement date using scale MP-2021 for both the CAPP and SERP. Scale MP-2021 defines how future mortality improvements are incorporated into the projected mortality table and is based on a blend of Social Security experience and the long-term assumption for mortality improvement rates by the Society of Actuaries’ Retirement Plans Experience Committee. The assumed retirement age used for these calculations was the normal retirement age of 65, as defined by the plans, and each Named Executive was assumed to retire at the normal retirement age. Because pension benefits are frozen, year-over-year changes in pension value are generally driven by changes in valuation assumptions as well as aging toward assumed retirement age.

- (a) The CEO is the only Named Executive who is permitted to make personal use of Company aircraft. The amount shown for aircraft usage is calculated based on the cost of fuel and other variable costs associated with the particular personal flights. Spouse and/or other guests may accompany the CEO on some flights, but there are no additional incremental costs associated with their travel on those flights. The CEO is required to reimburse the Company to the extent that the calculated incremental costs associated with his personal usage of Company aircraft exceed \$75,000 in the aggregate. For purposes of calculating the incremental costs associated with personal usage of Company aircraft:
- Flights were deemed business or personal based on the purpose of the flight.
 - If a trip was deemed personal, ferry flights, if any, were included as personal.
 - If a trip included both business and personal destinations, we included as personal the excess, if any, of the aggregate expenses for the trip over the costs of flying to and from the originating airport to the business destination or destinations.
- (b) The amount shown reflects the costs relating to personal use by the CEO of a dedicated car and driver that the Company makes available to him for safety reasons pursuant to the recommendation of a third-party security study. The incremental cost calculation for personal use of the car and driver includes driver overtime, fuel, tolls, driver public transportation and rental car use, maintenance and other incidental costs incurred in connection with such personal use.
- (c) The amounts shown reflect Company matching contributions on salary and/or annual incentive awards deferred under the Company's Deferred Compensation Plan (DCP). Such deferred amounts are matched in the same manner and at comparable rates as under the Company's 401(k) Plan.
- (d) For Ms. Preston, the amount in this column includes amount paid for relocation (\$10,100) and tax gross ups (\$102) for Ms. Preston.

(1) The Named Executives are eligible for an annual cash incentive award under our incentive program, which award is deemed a "non-equity incentive plan" under SEC rules. Under the annual cash incentive awards, the maximum award a Named Executive may receive for fiscal 2023 is the Incentive Plan's per-person maximum of \$7 million. The CMD Committee may exercise negative discretion to reduce the maximum awards based on the annual incentive award

- opportunity established for each Named Executive. For a more detailed discussion of the annual cash incentive awards, see the “Annual Incentive Plan” discussion in “Compensation Discussion and Analysis — The Key Elements of Executive Compensation.” Amounts shown represent full year opportunity and do not reflect proration for 1) time in job for Messrs. Spring and Mitchell or 2) retirement for Ms. Garcia.
- (2) The Named Executives received a grant of PRSUs on March 31, 2023. The PRSUs vest at the conclusion of the approximate three-year vesting period ending on January 31, 2026. The number of PRSUs earned may range from 0% to 200% of the Target award opportunity based on performance against rTSR and 2023 Adjusted EBITDA margin goals. PRSUs that are earned will be paid out as shares of Macy’s common stock. Dividends, if any, paid on the Company’s common stock will be credited to the Named Executives’ PRSU accounts as additional restricted stock units and will be paid out as shares of Macy’s common stock at the end of the vesting period to the extent the underlying PRSUs to which the dividends relate are earned. See the “Long-Term Incentive Plan” discussion in “Compensation Discussion and Analysis.”
 - (3) PRSUs granted on March 31, 2023 were valued by using a weighted grant date price for our common stock of approximately \$16.37 per share, assuming the “target” number of units is earned. The weighted average grant date price was calculated as follows: (i) \$15.24 per share for the portion of the grant subject to a rTSR metric, by using a Monte Carlo simulation analysis, and (ii) \$17.49 per share for the portion of the grant subject to 2023 Adjusted EBITDA margin, by using the grant date closing price for the common stock. RSUs granted on March 31, 2023 were valued using the grant date closing price for the common stock of \$17.49 per share.

Equity awards were granted under 1) the Amended and Restated 2009 Omnibus Incentive Compensation Plan (2009 Omnibus Plan) prior to May 18, 2018, 2) the 2018 Equity and Incentive Compensation Plan (2018 Equity Plan) from May 18, 2018 until May 20, 2021 and 3) the 2021 Equity and Incentive Compensation Plan (2021 Equity Plan) from May 21, 2021. All of these plans have been approved by Macy’s shareholders.

Stock Options. The exercise price of stock options (if granted) may not be less than the closing price of Macy’s common stock on the NYSE on the grant date. Stock options vest over time, typically in 25% installments on the first four anniversaries of the grant date and have 10-year terms. Our plans do not provide for the granting of “reload” options and prohibit the repricing of previously granted options.

In the event of a change in control of the Company, stock options become immediately exercisable if Named Executive is terminated by the Company or the continuing entity without “cause” (as defined in our Change-In-Control Plan) or if the Named Executive voluntarily terminates employment for “good reason” (as defined in our Change-In-Control Plan) within the 24-month period following the change in control, or if the continuing entity does not assume or replace the awards.

Restricted Stock Units. RSUs represent the right to receive a payment upon or after vesting equal to the market value per share of Macy’s common stock as of the grant date, the vesting date or such other date as determined by the CMD Committee on the date the RSUs are granted.

RSU grants can be either time-based or performance-based and will generally be forfeited if the Named Executive’s employment ends prior to the vesting date. RSUs may have different vesting schedules based on the purpose of the award, including, for example, a four-year ratable vest schedule for annual awards, and generally do not earn dividends or dividend equivalents. RSUs immediately vest in the event of death or disability, continue to vest on retirement if the grantee meets certain age and years of service requirements or on involuntary termination if the grantee participates in the SESP, and immediately vest if the grantee’s employment is terminated without “cause” or by the grantee for “good reason” (as defined) within a specified period of time following a change in control.

PRSUs are subject to forfeiture if performance criteria applicable to the units are not satisfied. Depending upon satisfaction of the performance criteria, units may vest within a range of percentages of the target award at the end the performance period and generally earn dividend equivalents if the units vest. PRSUs are forfeited to the extent performance criteria are not satisfied. PRSUs are forfeited if the grantee ceases to be employed prior to the performance vesting date. PRSUs vest on a pro rata basis in the event of death or disability, on retirement if the grantee meets certain age and years of service requirements, or on involuntary termination if the grantee participates in the SESP. Upon a change in control, PRSUs convert to RSUs and are subject to “double-trigger” vesting. See General Terms of the Performance-Based RSU Grants.

Fiscal 2022 PRSU Grant

The PRSUs granted to the Named Executives in fiscal 2022 that are earned at the end of the approximate three-year performance period ending on February 1, 2025 are expected to be paid in shares of Macy’s common stock within 2-1/2 months following the end of the performance period. The number of PRSUs that a Named Executive will earn at the end of this performance period may vary from 0% to 200% of the target award, based upon performance against the rTSR goal and 2024 Digital Sales performance objectives and a long-term comparable store sales feature.

Fiscal 2023 PRSU Grant

The PRSUs granted to the Named Executives in fiscal 2023 that are earned at the end of the approximate three-year vesting period ending on January 31, 2026 are expected to be paid in shares of Macy's common stock within 2-1/2 months following the end of the performance period. The number of PRSUs that a Named Executive will earn at the end of this vesting period may vary from 0% to 200% of the target award, based upon performance against rTSR goal over approximately a three-year performance period and 2023 Adjusted EBITDA margin.

General Terms of the Performance-Based RSU Grants

For purposes of PRSU grants, rTSR (fiscal 2021, 2022 and 2023 grants), Digital Sales (fiscal 2021 and 2022 grants) and Adjusted EBITDA margin (2023 grant) are defined as follows:

- rTSR is defined as the change in the value of our common stock over the performance period, taking into account both stock price change and the reinvestment of dividends. The beginning and ending stock prices will be calculated based on a 20-day average stock price. rTSR is the percentile rank of our TSR compared to the TSR peer group over the performance period.
- Digital Sales is defined as all on-line sales including macys.com, bloomingdales.com and bluemercury.com owned and licensed sales and digital marketplace sales and is inclusive of buy on-line ship to store (BOSS) plus buy on-line pick up in store (BOPS) for the fiscal year ended February 3, 2024, and ending February 1, 2025 for the fiscal 2021 and 2022 plans respectively, as reported in the Company's internal reports and records.
- 2023 Adjusted EBITDA margin is defined as 2023 Adjusted EBITDA margin divided by 2023 Total revenue. Adjusted EBITDA is defined as earnings before interest, taxes, depreciation and amortization, including asset sales gains, as presented or disclosed in the Company's external financial statements, and included in the business plan for the performance period. Total revenue is defined as all streams of revenue, including but not limited to net sales, credit card revenue, Macy's monetization revenue, etc. as presented in the Company's external financial statements and including the business plan for the performance period.

Dividends, if any, paid on our common stock will be credited to the Named Executives' PRSU accounts as additional units and will be paid out as shares of common stock only to the extent the underlying PRSUs are earned.

In the event of a change in control of the Company, the PRSUs will be converted to time-based RSUs vesting on the third anniversary of the grant date. If the change in control occurs prior to the 24-month (9-month for the Adjusted EBITDA margin in the 2023 plan) anniversary of the start of the performance period, the conversion will be based on the target award opportunity. If the change in control occurs after such 24-month (9-month for the Adjusted EBITDA margin metric in the 2023 plan) anniversary, the conversion will be based on performance through the date of the change in control. Unvested time-based restricted shares will vest if the Named Executive is terminated by the Company or the continuing entity without "cause" (as defined in our Change-in-Control Plan) or if the Named Executive voluntarily terminates employment for "good reason" (as defined in our Change-in-Control Plan) within the 24-month period following the change in control, or if the continuing entity does not assume or replace the awards.

Restrictive Covenants. Under our long-term incentive program, Named Executives desiring to take advantage of retirement vesting or continued vesting following involuntary termination provisions in stock option, RSU and PRSU award terms and conditions must comply with non-compete, non-solicitation and non-disclosure covenants. These provisions provide that awards may be forfeited if 1) within one year following retirement or involuntary termination, the Named Executive renders personal services to a competitor (two years for the CEO), 2) within two years following retirement or involuntary termination, the Named Executive solicits or entices an employee to resign from the Company, or 3) at any time following retirement or involuntary termination, the Named Executive discloses confidential information to a third party.

Outstanding Equity Awards

The following table sets forth certain information regarding the total number and aggregate value of options and units held by each of the Named Executives as of February 3, 2024. The dollar amount shown for units is calculated by multiplying the number of units by the closing price of Macy's common stock (\$18.63) on the last trading day of fiscal 2023.

Post Retirement Compensation

Retirement Plans

Our Retirement Program consists of defined benefit plans and a defined contribution plan.

Defined Contribution Plan. The Retirement Program includes the Macy's 401(k) Retirement Investment Plan (401(k) Plan), a defined contribution plan. As of January 1, 2024, approximately 108,089 active employees, including the Named Executives, participated in the 401(k) Plan. The 401(k) Plan permits executives to contribute up to 50% of eligible compensation each year (up to maximum amounts established by the Internal Revenue Code). We match participant contributions up to 1% of eligible compensation at 100%, and contributions from 2% to 6% of eligible compensation at 50%. A participant who contributes 6% of eligible compensation is therefore entitled to a matching contribution equal to 3.5%.

An executive may choose any of several investment funds for investment of the executive's balances, and may change those elections daily. Benefits may be paid out at termination of employment. Executives may borrow portions of their investment balances while employed. Company contributions to the Named Executives under the 401(k) Plan are reported in the "All Other Compensation" column of the 2023 Summary Compensation Table.

Prior to adoption of the 401(k) Plan, we provided retirement benefits to employees through defined contribution profit sharing plans. An employee's accumulated retirement profit sharing interests in the profit sharing plans (Prior Plan Credits) which accrued prior to adoption of the 401(k) Plan continue to be maintained and invested as a part of the 401(k) Plan until retirement, at which time they are distributed.

Defined Benefit Plans. Through fiscal 2013, we provided the Macy's, Inc. Cash Account Pension Plan (a cash balance plan referred to as CAPP) and the Macy's, Inc. Supplementary Executive Retirement Plan (SERP), two defined benefit plans covering certain Named Executives. No Named Executive currently accrues a benefit under the CAPP or the SERP because we discontinued future pension service credits in those plans effective as of December 31, 2013. Benefits previously accrued are payable following termination of employment, subject to the terms of the applicable plan. CAPP benefits earned through December 31, 2013 will be held in a trust on behalf of participants and interest credits will continue to be allocated to

participants. For the SERP, we determined a gross monthly benefit (payable at age 65) for each participant as of December 31, 2013 (January 31, 2014 with respect to the May Supplementary Retirement component of the SERP).

The following table shows the actuarial present value of each of the Named Executive's accumulated benefit under the CAPP and the SERP. We determined the present value using the same assumptions used for financial reporting purposes — a unit credit cost method, a PBO effective discount interest rate of 5.06% for the CAPP and 5.08% for the SERP, and a normal retirement age of 65 (as defined by the plans).

(1) The SERP uses a maximum of 30 years of service for calculating SERP benefits (25 years for the May Supplementary Retirement component of the SERP). The number of years of credited service shown for the CAPP is as of December 31, 2013, the date participants ceased accruing additional service credits. Actual years of service for Mr. Gennette is 40 years and for Mr. Spring is 36 years.

CAPP. As of January 1, 2024, approximately 17,200 active employees, including certain Named Executives, participated in the CAPP. Under the CAPP, a participant retiring at a normal retirement age is eligible to receive the amount credited to his or her pension account or monthly benefit payments determined actuarially based on the amount credited to his or her pension account. Amounts credited to a participant's account consist of:

- an opening cash balance for participants in the plan at December 31, 1996, equal to the lump sum present value, using stated actuarial assumptions, of the participant's accrued normal retirement benefit earned at December 31, 1996, under the applicable predecessor pension plan;
- pay credits (credited annually, a percentage of eligible compensation generally based on length of service); and
- interest credits (credited quarterly, based on the 30-Year Treasury Bond rate for the November prior to each calendar year, with a guaranteed minimum rate of 5.0% annually).

In addition, if a participant had attained age 55 and completed 10 or more years of vesting service by December 31, 2001, the pension benefit payable in an annuity form, other than a single life annuity, will not be less than that which would have been payable from the predecessor pension plan under which such participant was covered on December 31, 1996 had that predecessor plan continued.

Approximately 4,490 of these active employees participate in the May Retirement Plan component of the CAPP. These participants have their accrued benefit determined under a "career average" pension formula.

SERP. All benefits under the SERP are payable out of our general corporate assets. The SERP provides retirement benefits to eligible executives based on all eligible compensation, including compensation in excess of Internal Revenue Code maximums, as well as on amounts deferred under our Executive Deferred Compensation Plan, in each case employing a formula based on the participant's years of vesting service and final average compensation, taking into consideration the participant's balance in the CAPP, Prior Plan Credits and Social Security benefits.

As of January 1, 2024, approximately 50 executives were eligible to receive benefits under the SERP. Approximately four of these executives participate in the May Retirement Plan component of the CAPP and have their supplementary retirement benefit determined under a different formula that uses different offsets.

We have reserved the right to suspend or terminate supplemental payments as to any category of employee or former employee, or to modify or terminate any other element of the Retirement Program, in accordance with applicable law.

Nonqualified Deferred Compensation Plans

Through fiscal 2013, we provided the opportunity for executives to defer compensation through the Executive Deferred Compensation Plan (EDCP). Under the EDCP, eligible executives could elect to defer a portion of their compensation each year as either stock credits or cash credits. Stock credit accounts reflect common stock equivalents and dividend equivalents. Common stock equivalents are the number of full shares of Macy's common stock for each calendar quarter that could be purchased based on the dollars deferred. Dividend equivalents are determined by multiplying the dividends payable on a share of common stock during such calendar quarter by the number of stock equivalents in the participant's stock credit account at the beginning of each quarter, less the number of shares distributable or withdrawn during such quarter. Total value of the stock credits is determined at the end of each quarter based on the closing price of our common stock as of the last day of the quarter. Cash credit accounts reflect dollars deferred plus interest equivalents determined by applying to 100% of such participant's cash credits at the beginning of each quarter, less amounts distributable or withdrawn during such quarter, an interest rate equal to one quarter of the interest rate payable on U.S. five-year Treasury Notes as of the last day of each quarter. Deferred compensation distributions generally begin in the fiscal year following the fiscal year in which termination of employment occurs.

On January 1, 2014 we introduced the Macy's, Inc. Deferred Compensation Plan (DCP), a new non-qualified deferred compensation plan with features similar to the 401(k) Plan. The DCP replaced the EDCP. Amounts that participants deferred under the EDCP continue to earn dividend and/or interest equivalents, but participants may no longer defer compensation under that plan.

Eligible participants in the DCP may defer compensation earned in excess of IRS compensation limits and select from among several reference investment funds where deferred compensation may be invested. We will match deferrals at a rate similar to the 401(k) Plan. Accounts will be credited with earnings (losses) based on the performance of the applicable reference investment funds selected by the participants.

(1) The amounts in this column associated with the DCP are reported as compensation for fiscal 2023 in the "Salary" and/or "Non-Equity Incentive Plan Compensation" columns of the 2023 Summary Compensation Table.

(2) The amounts in this column associated with the DCP represent Company matching contributions and are included in the 2023 Summary Compensation Table under the "All Other Compensation" column for fiscal 2023. These amounts will be credited to the participants' accounts in fiscal 2024.

(3) The amounts in this column represent deemed investment earnings or losses from voluntary deferrals and Company contributions, as applicable. These amounts are not included in the 2023 Summary Compensation Table because the plans do not provide for above-market or preferential earnings.

- (4) A portion of the compensation deferred by Mr. Gennette and Mr. Spring under the EDCP is deferred as stock credits and a portion is deferred as cash credits. The portion of the aggregate balance that is attributable to their contributions under the EDCP was deferred in years prior to those reported in the 2023 Summary Compensation Table.
- The aggregate balance reflected in this column attributable to the DCP for each of the Named Executives with the exception of amounts reflected in the "Executive Contributions in Last FY" and "Registrant Contributions in Last FY" columns, if any, have been reported in the Company's Summary Compensation Table for prior years.

Potential Payments upon Termination or Change in Control

Termination Payments under Senior Executive Severance Plan

Senior Executive Severance Plan. Effective April 1, 2018, we adopted the Senior Executive Severance Plan (SESP) and transitioned the Named Executives and other senior executives to the SESP. The SESP replaced the Executive Severance Plan (ESP). To participate in the SESP, a Named Executive or other eligible senior executive must execute a noncompetition, nonsolicitation and trade secrets and confidential information agreement. Pursuant to the noncompetition, nonsolicitation and trade secrets and confidential information agreement, the executive agrees, among other things, not to engage in specified activities in competition with the Company following termination of employment. The non-competition period extends for a period of one year if the executive voluntarily terminates employment or is involuntarily terminated by the Company for cause (as defined in the SESP). A participant is entitled to severance benefits under the SESP if the participant's employment is involuntarily terminated without cause (as defined in the SESP), and with respect to the Chief Operating Officer and Chief Financial Officer (for purposes of this section the COO/CFO) if the COO/CFO terminates his/her employment voluntarily for good reason (as defined in the SESP). The Chief Executive Officer's severance payment is equal to 36 months of base salary and the non-competition period is two years, and the other Named Executives are entitled to a 24 months base salary severance payment with a one-year non-competition period that is not waivable and applies regardless of the reason for termination. Severance benefits also include a lump sum payment equal to 12 times the employer portion of monthly health care premiums and continued vesting of equity during the non-competition time period and for two years following termination for the COO/CFO.

Termination Payments under Change-in-Control Plan

In 2009, we adopted a Change-in-Control Plan (CIC Plan) covering, among other participants, each of the Named Executives.

Under the CIC Plan, each of the Named Executives could be entitled to certain severance benefits following a change in control of Macy's. If, within the two years following a change in control, the Named Executive is terminated for any reason, other than death, permanent and total disability or for cause, or if the Named Executive terminates his or her employment for "good reason," then the Named Executive is entitled to:

- a cash severance payment (generally paid in the form of a lump sum) equal to two times the sum of:
 - his or her base pay (at the higher of the rate in effect at the change in control or at termination) and
 - the average annual incentive award (if any) received for the three full fiscal years preceding the change in control
- a lump sum payment of an annual incentive award for the year of termination, at target, prorated to the date of termination (this feature applies to all executives in the Incentive Plan)
- release of any restrictions on restricted stock or restricted stock units, including performance-based awards
- acceleration of any unvested stock options
- a lump sum payment of all deferred compensation (this feature applies to all participants in the deferred compensation plans)

- payment of all retirement, supplementary retirement and 401(k) benefits upon termination or retirement in accordance with any previously selected distribution schedule (this feature applies to all participants in the retirement, supplementary retirement and 401(k) plans), and
- a retiree discount for life if at least 55 years of age with 15 years of vesting service at termination (this feature applies generally to all colleagues).

If the Named Executive does not engage in specified activities in competition with the Company during the first year following termination, he or she is entitled to an additional “non-competition” severance benefit at the end of the one-year period in a lump sum payment equal to one times (i) his or her base pay (at the higher of the rate in effect at the change in control or at termination), and (ii) the average annual incentive award (if any) received for the three full fiscal years preceding the change in control.

All the above severance benefits would be paid to the executive in accordance with, and at times permitted by, Section 409A of the Internal Revenue Code.

A “change in control” occurs in any of the following events:

- a person becomes the beneficial owner of securities representing 30% or more of our combined voting power
- individuals who constituted the Board on the effective date of the applicable arrangement (the Incumbent Board) cease for any reason to constitute at least a majority of the Board, provided that any new director who is approved by a vote of at least two-thirds of the directors then comprising the Incumbent Board will be considered part of the Incumbent Board unless such new director’s initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other solicitation of proxies or consents by or on behalf of a person other than the Board (Board Turnover)
- consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all our assets and, as a result of or immediately following such merger, consolidation, reorganization, sale or transfer, less than a majority of the voting power of the other corporation immediately after the transaction is held in the aggregate by the holders of the voting stock of Macy’s immediately prior to the transaction, or
- shareholders approve a complete liquidation or dissolution of the Company

“Good reason” under the CIC Plan means:

- a material diminution in the executive’s base compensation
- a material diminution in the executive’s authority, duties or responsibilities
- a material change in the geographic location at which the executive must perform services to the Company, or
- any other action or inaction that constitutes a material breach by the Company of an agreement under which the executive provides services

The cash severance benefit payable under the CIC Plan is reduced by all amounts actually paid by the Company to the executive pursuant to any other employment or severance agreement or plan to which the executive and Macy’s are parties or in which the executive is a participant. In addition, the severance benefits under the CIC Plan are subject to reduction in certain circumstances if the excise tax imposed under Section 280G of the Internal Revenue Code would reduce the net after-tax amount received by the executive.

The following tables summarize the amounts payable to the Named Executives upon termination under certain circumstances, assuming that: 1) the executive’s employment terminated February 2, 2024) the executive’s salary continues as it existed at February 2, 2024, 3) the CIC Plan applies and 4) the stock price for our common stock is \$18.63 per share (the closing price for Macy’s stock on February 2, 2024, the last business day of fiscal 2023). Amounts shown for Mr. Gennette and Ms. Garcia reflect actual amounts paid or payable upon their retirement in fiscal 2023.

Change-in-Control Arrangements Specifically Triggered by Board Turnover

As described above, the Named Executives are entitled to certain compensation and benefit enhancements in connection with a “change in control” of the Company that would be triggered by Board Turnover provided under the CIC Plan, annual cash incentive awards and equity compensation awards granted under the 2021 Plan. If within two years following Board Turnover, a Named Executive’s employment is terminated for any reason other than death, permanent disability or cause, or if the Named Executive terminates his or her employment for good reason, then (1) such Named Executive will receive a lump sum cash severance payment equal to two times (A) the sum of his or her base salary plus (B) the average annual incentive award (if any) received for the three full fiscal years preceding the Board Turnover event, (2) such Named Executive will receive a lump sum payment equal to a pro-rata portion of the Named Executive’s target annual incentive award for the year of termination, and (3) if such Named Executive does not engage in specified activities in competition with the Company during the first year following termination, he or she will receive an additional “non-competition” lump sum cash severance payment equal to generally one-half of the severance payment described under (1) above. With respect to unvested RSUs granted under the 2021 Plan, such awards will generally vest in full in the event that (1) Board Turnover occurs and (2) the Named Executive’s employment is terminated by the Company without cause or by the Named Executive for good reason (each, a Qualifying Termination), in each case within 24 months following the Board Turnover event. With respect to PRSUs, such PRSUs would convert into time-based RSUs upon the date of a Board Turnover event (based on actual and/or target performance, depending on the portion of the performance period that has elapsed as of the date of the Board Turnover event), and such time-based RSUs would vest in the event the Named Executive experiences a Qualifying Termination within 24 months after the Board Turnover event.

Impact on Our Outstanding Debt Agreements Where Majority of Board Members are Not Continuing Directors

If at least seven of the Arkhouse Group nominees were to be elected as directors at the Annual Meeting such that they constitute a majority of our Board, it would constitute a "change of control" under the agreements governing certain of our outstanding debt, unless our Board approves the election of such nominees. Under the terms of the indentures governing our 4.50% senior notes due 2034 (the 2034 Notes), 6.375% senior notes due 2037 (the 2037 Notes), 5.125% senior notes due 2042 (the 2042 Notes) and 4.30% senior notes due 2043 (the 2043 Notes), if there is both a change of control and, depending on the series of notes, either (a) the applicable series of notes are rated below an investment grade rating by specified rating agencies or (b) the rating on the applicable series of notes is lowered by specified rating agencies and the rating on such notes is below an investment grade rating by specified rating agencies, each on any day during a specified period of time, we would be required to offer to repurchase such notes at a price equal to 101% of their principal amount plus accrued and unpaid interest. As of February 3, 2024, there were outstanding \$367.0 million aggregate principal amount of 2034 Notes, \$192.0 million aggregate principal amount of 2037 Notes, \$250.0 million aggregate principal amount of 2042 Notes and \$250.0 million aggregate principal amount of 2043 Notes. Under the terms of the agreement governing our \$3.0 billion ABL revolving credit facility, a change of control would constitute an event of default, which would permit the lenders to, among other things, declare the commitments of each lender to make loans and any obligation of a letter of credit issuer to make letter of credit extensions to be terminated and declare the unpaid principal amount of all outstanding loans and all interest accrued and unpaid thereon, to be immediately due and payable. As of February 3, 2024, there were no outstanding borrowings under our ABL revolving credit facility.

CEO Pay Ratio

Our CEO had annual total compensation for fiscal 2023 of \$11,821,259. The median annual total compensation of all our employees other than our CEO for fiscal 2023 was \$34,438. Based on this information, we estimate that the ratio of our CEO's annual total compensation to that of our median employee for fiscal 2023 was 343 to 1.

We calculated annual total compensation of the median employee and our CEO in the same manner as for our Named Executives in the 2023 Summary Compensation Table. The median employee was a colleague in one of our stores.

We identified the median employee using 2023 Form W-2 compensation (or gross wage amount for employees with no Form W-2) for individuals employed by us on February 3, 2024, the last day of our fiscal year, whether employed on a full-time, part-time, seasonal or temporary basis. The determination date was the last day of our fiscal year; for last year's CEO pay ratio disclosure, we also used the last day of the fiscal year as the determination date, but that date was January 28, 2023. We annualized the compensation of full-time and part-time employees employed for less than the full fiscal year based on the amount of Form W-2 compensation (or gross wages if no W-2) annualized proportionally based on days active but did not make full-time equivalent adjustments.

In identifying the median employee, we excluded all employees located outside the United States (each, a "non-U.S. employee") under the de minimis exemption of the pay ratio rules which permits exclusion if a company's non-U.S. employees account for 5% or less of total employees. The jurisdictions and approximate number of employees excluded were Hong Kong (121), India (36), Italy (10) and Taiwan (44). As of February 3, 2024, we had 85,792 employees, comprised of 85,581 U.S. employees and 211 non-U.S. employees.

Of our 85,581 U.S. employees, 26,968, or 31.5%, were part-time or seasonal employees, and were included in the group used to identify the median employee. Like other large retailers, a sizable portion of our workforce is employed on a part-time or seasonal basis.

SEC rules allow companies to use various methodologies, estimates and assumptions in identifying the median employee and calculating annual total compensation. As a result, our pay ratio may not be comparable to the CEO pay ratios reported by other companies.

Pay Versus Performance

As required by SEC rules, we are providing the following information about the relationship between executive "compensation actually paid" (calculated in accordance with such rules) and certain performance of the Company. The following table sets forth information regarding compensation for our Principal Executive Officer (PEO) and average compensation for our other NEOs (the Non-PEO Named Executive Officers) versus our Company performance for the past four years.

(1) Mr. Gennette was the only executive officer included as a PEO for each fiscal year covered in the table.

Amounts deducted from the Summary Compensation Table Total for PEO to calculate Compensation Actually Paid to PEO for 2023 include \$308,326 reflecting aggregate change in actuarial present value of benefit under defined benefit and actuarial pension plans, \$8,226,596 for value of stock awards and \$0 for value of option awards.

Amounts added to (or subtracted from) Summary Compensation Table Compensation Total for PEO to calculate Compensation Actually Paid to PEO include \$8,088,343 for fair value of RSU, PRSU and option awards granted in the year that remain outstanding and unvested at end of year, (\$3,497,355) for change in fair value during the year for RSU, PRSU and option awards granted in prior years that were outstanding and unvested at end of year, (\$2,618,339) for change in fair value of RSU, PRSU and option awards that vested during the year, 0 for fair value of PRSU awards that failed to meet vesting conditions in the year and 297,775 for dividend equivalents.

(2) The Named Executive Officers included in the calculation of Average Summary Compensation Table Total for Non-PEO Named Executive Officers were for 2023 – Messrs. Spring and Mitchell and Ms. Garcia, Kirgan and Preston.

Amounts (as averages) deducted from the Summary Compensation Table Total for Non-PEO Named Executive Officers to calculate Compensation Actually Paid to Non-PEO Named Executive Officers for 2023 include \$20,114 reflecting aggregate change in actuarial present value of benefit under defined benefit and actuarial pension plans, \$2,719,732 for value of stock awards and \$0 for value of option awards.

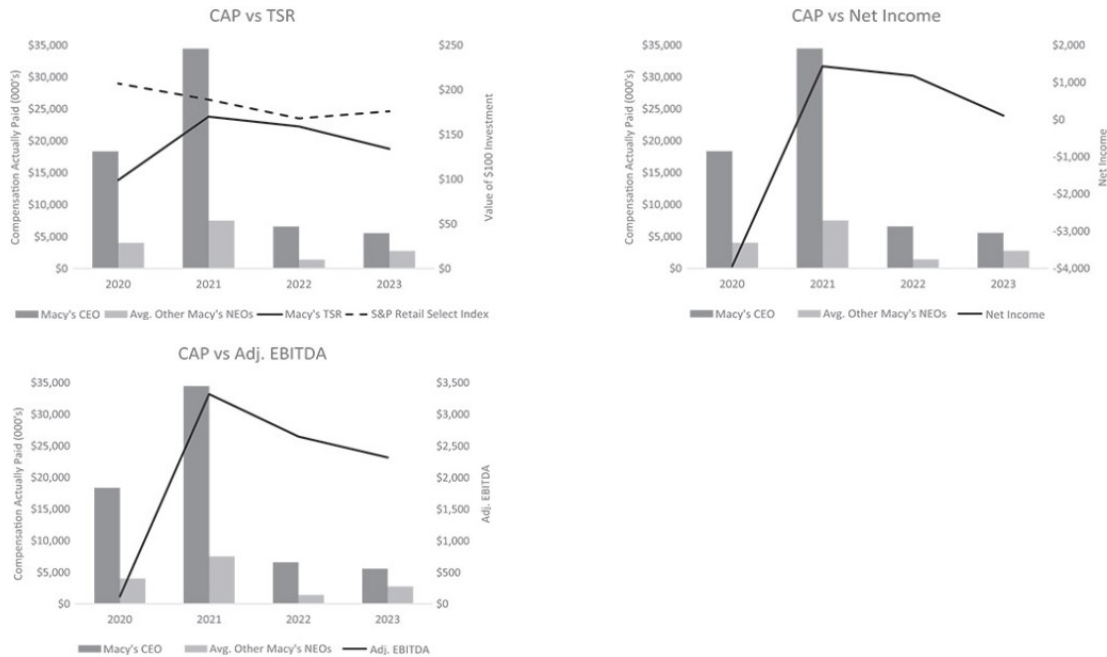

Amounts added to (or subtracted from) Average Summary Compensation Table Compensation Total for Non-PEO Named Executive Officers to calculate Average Compensation Actually Paid to Non-PEO Named Executive Officers for 2023 include \$2,597,896 for fair value of RSU, PRSU and option awards granted in the year that remain outstanding and unvested at end of year, (\$670,481) for change in fair value during the year for RSU, PRSU and options awards granted in prior years that were outstanding and unvested at end of year, (\$557,460) for change in fair value of RSU, PRSU and option awards that vested during the year, 0 for fair value of PRSU awards that failed to meet vesting conditions in the year and \$48,511 for dividend equivalents.

Fair value at the relevant times of PRSU awards subject to achievement of performance conditions is based on the Company's estimate of the probable outcome of units being earned. Assumptions used to estimate fair value of stock and option awards are the same as those disclosed as of the date of grant of the award.

(3) The peer group is the S&P Retail Select Industry Index.

(4) We chose Adjusted EBITDA as our Company selected measure for evaluating Pay versus Performance because it is a key metric in our Annual Incentive Plan and Long-term Incentive Plan. See "Non-GAAP Metrics" in "Compensation Discussion and Analysis" for definition of Adjusted EBITDA.

The following charts present the relationship of CAP to TSR, Net Income and Adjusted EBITDA, as well as the relationship between our TSR and the TSR of the S&P Retail Select Industry Index.

ITEM 5: ARKHOUSE GROUP PROPOSAL – AMENDMENT TO THE BY-LAWS

The Arkhouse Group has notified the Company that it intends to present the following proposal for consideration at the Annual Meeting.

“At the 2024 Annual Meeting, the Record Stockholder intends to propose that the stockholders of the Company, before any other matter is addressed or voted upon by the stockholders of the Company at the 2024 Annual Meeting (including the election of directors), adopt a resolution to repeal each provision of, and each other amendment to, the By-Laws adopted by the Board without the approval of the stockholders of the Company after October 28, 2022, which is the date of the most recent publicly disclosed amendment to the By-Laws.

RESOLVED, that each provision of, and each other amendment to, the By-Laws adopted by the Board without the approval of the stockholders of the Company subsequent to October 28, 2022 and up to and including the date of this meeting of stockholders at which this resolution is being proposed, be, and hereby is, repealed, effective as of the time this resolution is approved by the Company’s stockholders.”

Macy’s Board Recommendation

The Board carefully considered the Arkhouse Group Proposal and concluded, for the reasons noted below, that a blanket prohibition on By-Law amendments prior to the Annual Meeting would not be in the best interests of the Company and our shareholders.

While the Board has not adopted any amendments to the By-Laws since October 28, 2022 and does not currently expect to adopt any amendments to the By-Laws prior to the Annual Meeting, the Board may determine that an amendment is in the best interest of the shareholders.

Each of the members of the Board has fiduciary duties to the Company’s shareholders. Specifically, the Board is responsible for managing, or directing the management of, the business and affairs of the Company. In meeting this responsibility, the Board has a fiduciary duty to act in the best interests of the Company and all of its shareholders. Further, the Company has adopted policies and practices designed to ensure and encourage its independent exercise of such duty. As a result, the Company’s By-Laws expressly provide that the By-Laws may be amended by the Board. It is important that the Board’s ability to act in the best interests of the Company and all shareholders not be limited.

The Board believes that the Arkhouse Group Proposal would undermine the ability of the Board to oversee the business and affairs of the Company and to protect all of the Company’s shareholders, as it would limit the Board’s ability to adopt changes to the By-Laws (which is expressly permitted by the By-Laws), even in cases where the Board determines that the changes are in the best interests of the Company and its shareholders.

The Board believes that the automatic repeal of any duly adopted By-Law amendment, irrespective of its content, could have the effect of repealing one or more properly adopted By-Law amendments that the Board determined to be in the best interests of the Company and its shareholders and that was adopted in furtherance of the Board’s fiduciary duties and in accordance with the By-Laws, including in response to future events not yet known to the Company.

If no voting specification is made on a validly executed **WHITE** proxy card, the proxies named on the **WHITE** proxy card will vote **“AGAINST”** the Arkhouse Group Proposal.

The Executive Deferred Compensation Plan has not been approved by shareholders. Each stock credit entitles the holder to receive one share of Macy's common stock upon termination of employment or service with Macy's. Payments include dividend equivalents on the stock credits.

The following table sets forth unvested restricted stock units, vested restricted stock units that have been deferred and cash fees deferred and credited as stock units to Non-Employee Directors' accounts under the Director Deferred Compensation Plan as of March 21, 2024 along with any dividends earned on the stock units.

(1) Stock unit credits represent equity-based deferred compensation tied directly to the value of Macy's common stock but are not reported as beneficially owned by the director under SEC rules because the underlying shares are not payable within 60 days after March 21, 2024.

Annually each Non-Employee Director receives a grant of restricted stock units with a market value of \$160,000 that generally vests at the earlier of the first anniversary of the grant or the next annual meeting of shareholders. Upon vesting, receipt of the shares in payment of the restricted stock units is automatically deferred as stock unit credits. Dividend equivalents on the stock unit credits are “reinvested” in additional stock unit credits. Stock unit credits are converted to actual shares and transferred to a grantor (rabbi) trust. Non-Employee Directors may also elect to defer all or a portion of their cash fees into stock unit credits under the Director Deferred Compensation Plan as noted above. Stock unit credits are paid on a 1-for-1 basis in shares of Macy’s common stock six months after the Non-Employee Director’s Board service ends.

Policy on Related Person Transactions

The Board has adopted a written policy for approval of transactions in which 1) Macy's was or is to be a participant, 2) the amount involved exceeds or may be expected to exceed \$120,000 in the fiscal year and 3) any director, director nominee, executive officer or 5% or greater shareholder (or any immediate family member of the foregoing persons) had or will have a direct or indirect material interest (Related Person Transaction). This policy is available on our website at www.macysinc.com/investors/corporate-governance/governance-documents.

The NCG Committee has (i) reviewed the categories of transactions that the SEC specifically excludes from the definition of Related Person Transactions and (ii) identified certain other categories of transactions for which it has determined, in its discretion, that any interest held by a related person in any such transactions would not constitute a direct material interest or an indirect material interest with a potential for improper benefit to the related person for the purpose of this policy, even if the amount involved exceeds \$120,000. Such transactions are deemed to be excluded transactions and are not Related Person Transactions.

Pursuant to the policy, executive officers, directors, director nominees, and 5% shareholders are required to notify the Company's general counsel or his/her designee as soon as reasonably practicable about any plan or proposal to engage in or continue any transaction that could be a Related Person Transaction, whether or not the individual believes that his or her interest in the transaction is material. In addition, directors and executive officers annually complete a Directors' and Officers' Questionnaire designed to identify Related Person Transactions and conflicts of interest. We also inquire about the nature and extent of business we conduct with companies for whom these individuals serve as directors or executive officers. See "Further Information Concerning the Board of Directors — Director Independence."

The general counsel of the Company or his/her designee, in consultation with outside counsel as appropriate, determines whether a potential transaction or relationship constitutes a Related Person Transaction that (i) requires compliance with the Company's policy and/or disclosure as a Related Person Transaction under applicable SEC rules and (ii) does not fall under one of the exclusions described above. If the general counsel or his/her designee determines that the transaction or relationship constitutes a non-excluded Related Person Transaction (without applying the \$120,000 transaction value threshold in the policy and in Item 404 of Regulation S-K), the transaction will be referred to the NCG Committee for prior review and consideration at the next NCG Committee meeting.

In determining whether to approve a non-excluded Related Person Transaction, the NCG Committee will consider, among other things, (i) whether the terms of the Related Person Transaction are fair to the Company and are comparable to the terms that would exist in a similar transaction with an unaffiliated third party, (ii) whether there are business reasons for the Company to enter into the Related Person Transaction, (iii) whether the Related Person Transaction would impair the independence of a non-employee director, (iv) whether the Related Person Transaction would present an improper conflict of interest for any director or executive officer, and (v) whether the Related Person Transaction is material. Upon completion of its review of the transaction, the NCG Committee may determine to permit or to prohibit the Related Person Transaction. The NCG Committee will prohibit a Related Person Transaction if it determines the transaction to be inconsistent with the interests of the Company and its shareholders. The NCG Committee may impose conditions or guidelines on any approved Related Person Transaction, including, but not limited to: (i) conditions relating to on-going reporting to the NCG Committee and other internal reporting, (ii) limitations on the dollar amount of the transaction, (iii) limitations on the duration of the transaction or the NCG Committee's approval of the transaction, or (iv) other conditions for the protection of the Company and to avoid conferring an improper benefit, or creating the appearance of a conflict of interest.

Based on records available to us, there were no Related Person Transactions in fiscal 2023.

Our Non-Employee Director Code of Business Conduct and Ethics and our Code of Conduct require all employees, including our officers and Non-Employee Directors, to avoid situations that may impact their ability to carry out their duties in an independent and objective fashion, including by having a financial interest in suppliers. Circumstances that may compromise their ability to perform independently must be disclosed to the chief legal officer or in the case of the Named Executives and the Non-Employee Directors, to the Chair of the NCG Committee.

Can I ask questions prior to or during the Annual Meeting?

You may submit questions in real time during the Annual Meeting on www.cesonlineservices.com/m24_vm.

As part of the Annual Meeting, we will hold a live Q&A session, during which we intend to answer all appropriate questions submitted during the Annual Meeting in accordance with the Annual Meeting's Rules of Conduct. Answers to any such questions that are not addressed during the Annual Meeting will be communicated directly to the submitting shareholder or published following the Annual Meeting on our investor relations website at www.macysinc.com/investors. To promote fairness and efficient use of resources, we will respond to one question from any single shareholder and may group similar questions together. The Annual Meeting's Rules of Conduct will be posted on www.cesonlineservices.com/m24_vm prior to the Annual Meeting.

What if I have technical problems?

A toll-free technical support "help line" can be accessed by any shareholder who is having challenges logging into or participating in the virtual Annual Meeting. What is the "Record Date"?

The record date for the Annual Meeting is March 21, 2024. If you were a shareholder of record of Macy's common stock at the close of business on the record date, you are entitled to one vote for each share owned on each matter listed in the Notice of the Annual Meeting. As of the record date, 275,156,796 shares of Macy's common stock were outstanding, excluding shares held in treasury.

Will my vote(s) be kept confidential?

Our Board has adopted a policy under which all voting materials that identify the votes of specific shareholders will be kept confidential and will not be disclosed to our officers, directors, employees or third parties except in the following circumstances:

- if required by law;
- to persons engaged in receiving, counting, tabulating or soliciting proxies who have agreed to maintain shareholder confidentiality as provided in the policy;
- in instances shareholders write comments on their proxy cards or otherwise consent to disclosure of their vote to Macy's management;
- in a proxy contest or a solicitation of proxies in opposition to the voting recommendations of the Board;

- in respect of a shareholder proposal that the NCG Committee, after allowing the proponent an opportunity to present its views, determines is not in the best interests of Macy's and its shareholders; and
- if representatives of Macy's determine in good faith that a bona fide dispute exists as to the authenticity or tabulation of voting materials.

What is a quorum?

Under our By-Laws, a majority of the shares of common stock issued and outstanding and entitled to vote must be present in person (including, in the case of the virtual Annual Meeting, virtually) or by proxy to transact business at the Annual Meeting. Abstentions and shares represented by "broker non-votes," as described below, will be counted as present and entitled to vote for purposes of determining the presence of a quorum. If there is not a quorum, we may adjourn the Annual Meeting to a subsequent date, until a quorum is present.

Is a vote required for each proposal?

All shares of our common stock represented at the Annual Meeting by proxies validly executed and submitted prior to or at the Annual Meeting will be voted in accordance with the instructions on the proxies, unless such proxies previously have been revoked. If no instructions are indicated, the shares represented by any validly executed **WHITE** proxy card will be voted in accordance with the Board's recommendations as reflected below.

VOTING ITEM	VOTING STANDARD	TREATMENT OF ABSTENTIONS AND BROKER NON-VOTES	BOARD RECOMMENDATIONS
Election of director nominees	Plurality of votes cast	Not counted as votes cast and therefore no effect	✓ FOR each Macy's nominee
Ratification of the appointment of independent registered public accounting firm	Majority of votes cast	Abstentions not counted as votes cast and therefore no effect; broker discretionary voting allowed to the extent you have not been provided with the Arkhouse Group's proxy materials	✓ FOR
Advisory vote to approve named executive officer compensation	Majority of votes cast	Not counted as votes cast and therefore no effect	✓ FOR
Approval of the Macy's, Inc. 2024 Equity and Incentive Compensation Plan	Majority of votes cast	Not counted as votes cast and therefore no effect	✓ FOR
The Arkhouse Group proposal, if properly presented at the Annual Meeting, to repeal each provision of, and each other amendment to, the Amended and Restated By-Laws adopted by the Board without the approval of the shareholders of the Company subsequent to October 28, 2022	Majority of votes cast	Not counted as votes cast and therefore no effect	✗ AGAINST

Proxies Submitted but not Voted. If you are a registered holder and properly sign and return your **WHITE** proxy card or complete your proxy via telephone or the Internet, your shares will be voted as you direct. If you sign and return your **WHITE** proxy card but do not specify how you want your shares voted, they will be voted FOR the election of all nominees for Director recommended by our Board as set forth under "ITEM 1: Election of Directors," FOR the ratification of the appointment of independent registered public accounting firm, FOR the advisory vote to approve named executive officer compensation, FOR the approval of the Macy's, Inc. 2024 Equity and Incentive Compensation Plan and AGAINST the Arkhouse Group Proposal. You are permitted to vote for fewer than the recommended nominees. If you vote for fewer than all of the recommended nominees on your **WHITE** proxy card, your shares will only be voted "FOR" with respect to those nominees you have so

marked. If you are a registered holder and submit a validly executed **WHITE** proxy card but vote "FOR" more than the number of recommended nominees, all of your votes with respect to the election of directors will be invalid and will not be counted.

If you are a beneficial holder and properly mark, sign and return your **WHITE** voting instruction form or complete your voting instruction form via the Internet, your shares will be voted as you direct your bank or broker. However, if you sign and return your **WHITE** voting instruction form but do not specify how you want your shares voted with respect to the Election of Directors, then your shares may be voted in line with the Board's recommendation with respect to the proposal, i.e., "FOR" the nominees proposed by our Board and named in this proxy statement as set forth under "ITEM 1: Election of Directors," FOR the ratification of the appointment of independent registered public accounting firm, FOR the advisory vote to approve named executive officer compensation, FOR the approval of the Macy's, Inc. 2024 Equity and Incentive Compensation Plan and AGAINST the Arkhouse Group Proposal. The Board strongly urges you to mark your **WHITE** voting instruction form in accordance with the Board's recommendations. You are permitted to vote for fewer than the number of recommended nominees. If you vote for fewer than the number of recommended nominees on your **WHITE** voting instruction form, your shares will only be voted "FOR" with respect to those nominees you have so marked. If you are a beneficial holder and submit a validly executed **WHITE** voting instruction form but vote "FOR" more than the number of recommended nominees, all of your votes with respect to the election of directors will be invalid and will not be counted.

If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Innisfree M&A Incorporated, at (877) 800-5192 (toll-free from the U.S. and Canada) or +(412) 232-3651 (from other countries).

What are broker non-votes?

"Broker non-votes" are shares held by a broker, bank or other nominee that are represented at the Annual Meeting, but the beneficial owner has not instructed the broker, bank or nominee how to vote the shares on a particular proposal, and the broker, bank or nominee does not have discretionary voting power on the proposal.

Under NYSE rules, the proposal to ratify the appointment of independent registered public accounting firm is considered a "discretionary" item, to the extent your brokerage firm has not provided you with the Arkhouse Group's proxy materials. This means that such brokerage firms may vote in their discretion on this matter on behalf of clients who have not been provided with the Arkhouse Group's proxy materials and have not furnished voting instructions by the date of the Annual Meeting. In contrast, the election of directors, the advisory vote to approve named executive officer compensation, the approval of the Macy's, Inc. 2024 Equity and Incentive Compensation Plan and the Arkhouse Group Proposal are "non-discretionary" items. This means brokerage firms that have not received voting instructions from their clients on these proposals may not vote on them. These so-called "broker non-votes" will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum, but will not be considered in determining the number of votes necessary for approval and will have no effect on the outcome of the vote for directors, the advisory vote to approve named executive officer compensation, the approval of the Macy's, Inc. 2024 Equity and Incentive Compensation Plan, or the Arkhouse Group Proposal.

Are there different ways to vote my proxy?

Yes, listed below are voting options, as well as the different categories of how shareholders vote their shares. It is important to know how you hold your Macy's shares before voting prior to or during the Annual Meeting. The Board strongly urges you to vote using the **WHITE** proxy card, and to discard and NOT vote using any BLUE proxy card sent to you by the Arkhouse Group.

Registered Shareholders. These are shareholders who hold shares in their name. If you are a registered shareholder, you may vote during the virtual Annual Meeting at www.cesonlineservices.com/m24_vm by following the on-screen instructions (have your **WHITE** proxy card ready) or prior to the Annual Meeting by proxy. Voting electronically online during the Annual Meeting will replace any prior votes. **We recommend you vote by proxy in advance of the Annual Meeting even if you plan to attend the virtual Annual Meeting.** Please also note that in order to attend and vote at the Annual Meeting, you must have already pre-registered for the meeting at www.cesonlineservices.com/m24_vm by 8:30 a.m. Eastern Time on May 16, 2024. Once you have pre-registered, you will receive a confirmation e-mail with information on how to attend and vote at the Annual

Meeting. Internet voting facilities for registered shareholders will be available 24 hours a day and will close at 11:59 p.m. Eastern Time on May 16, 2024. You have several options for voting prior to or during the Annual Meeting:

Over the Internet during the Annual Meeting at www.cesonline.com/m24_vm

By telephone 24/7 the toll-free telephone number shown on your **WHITE** proxy card and follow the instructions.

Over the Internet 24/7 at the website shown on your proxy **WHITE** card

By signing, dating and completing your **WHITE** proxy card and returning it by mail in the postage-paid envelope provided

Voting Shares Held in Street Name. A number of banks and brokerage firms participate in a program that permits shareholders whose shares are held in street name to direct their vote over the Internet or by telephone. If your bank or brokerage firm gives you this opportunity, the **WHITE** voting instructions forms your bank or brokerage firm that accompany this proxy statement will tell you how to use the Internet or telephone to direct the vote of shares held in your account. Votes directed over the Internet or by telephone through such a program must be received by 11:59 p.m., Eastern Time, on Thursday, May 16, 2024. Requesting a legal proxy prior to the above deadline will automatically cancel any voting directions previously given over the Internet or by telephone with respect to your shares.

Voting Shares Held in 401(k) Plan. If you participate in our 401(k) Retirement Investment Plan, you will receive a **WHITE** voting instruction form for the Macy's common stock allocated to your account in the plan. You may instruct the plan trustee on how to vote your proportional interest in any Macy's shares held by the plan by following the instructions on the enclosed **WHITE** voting instruction card. The plan trustee must receive your voting instructions by 11:59 p.m., Eastern Time, on Tuesday, May 14, 2024.

The plan trustee will submit one proxy to vote all shares of Macy's common stock in the plan. The trustee 1) will vote the shares of participants who submit voting instructions in accordance with their instructions, and 2) will vote the shares of Macy's common stock in the plan for which no voting instructions are received in the same proportion as the final votes of all participants who actually vote. If you do not submit voting instructions for the Macy's shares allocated to your account by the voting deadline, those shares will be included with the other undirected shares and voted by the plan trustee as described above. Because the plan trustee submits one proxy to vote all shares of Macy's common stock in the plan, you may not vote plan shares electronically at the Annual Meeting. If you are a participant in our 401(k) Retirement Investment Plan, you may attend and participate in the Annual Meeting, but you will not be able to vote the shares held in this plan electronically during the Annual Meeting. You must vote in advance of the Annual Meeting online, by phone, or by mail.

Because of the expected contested nature of the solicitation, it is very important that you direct the trustee how to vote your plan shares. Our Board does not endorse the Arkhouse Group nominees and unanimously recommends that you use the **WHITE** voting instruction form to direct your trustee to vote your shares "FOR" ONLY the election of our Board's nominees (Emilie Arel, Torrence N. Boone, Ashley Buchanan, Marie Chandoha, Naveen K. Chopra, Deirdre P. Connelly, Jill Granoff, William H. Lenehan, Sara Levinson, Douglas Sesler, Tony Spring, Paul C. Varga, and Tracey Zhen). The Board strongly urges you NOT to vote using any **BLUE** voting instruction form that may be sent to you by the Arkhouse Group and strongly urges you not to support the election of the Arkhouse Group nominees.

Can I revoke my proxy?

If you are a registered shareholder, you may revoke your proxy at any time before is exercise by:

- submitting evidence of your revocation to Macy's Corporate Secretary so that it is received before closing of the polls at the Annual Meeting;
- voting again over the Internet or by telephone prior to 11:59 p.m., Eastern Time, on May 16, 2024;
- signing another proxy card bearing a later date and mailing it so it is received prior to closing of the polls at the Annual Meeting; or
- logging onto and voting during the virtual Annual Meeting, which will replace any prior votes.

If your shares are held in street name, you should contact your broker, bank or other holder of record about revoking your voting instructions and changing your vote prior to the Annual Meeting. For shares held in the 401(k) Plan, you may not revoke your proxy after 11:59 p.m., Eastern Time, on Tuesday, May 14, 2024.

If you have already voted using a BLUE proxy card, you can revoke that proxy any time before it is exercised at the Annual Meeting by (i) following the instructions on your **WHITE** proxy card or **WHITE** voting instruction form to vote by Internet or telephone; (ii) marking, dating, signing, and returning your **WHITE** proxy card or **WHITE** voting instruction form by mail in the postage-paid envelope provided; or (iii) voting at the Annual Meeting. If you have already voted using a BLUE proxy card sent to you by the Arkhouse Group, you have every right to change your vote and we strongly urge you to revoke that proxy by using the **WHITE** proxy card to vote in favor of **ONLY** the nominees recommended by our Board (Emilie Arel, Torrence N. Boone, Ashley Buchanan, Marie Chandoha, Naveen K. Chopra, Deirdre P. Connelly, Jill Granoff, William H. Lenehan, Sara Levinson, Douglas W. Sesler, Tony Spring, Paul C. Varga, and Tracey Zhen) by mail, by telephone or via the Internet. Only your latest dated, validly executed proxy that you submit will be counted – any proxy may be revoked at any time prior to its exercise at the Annual Meeting.

When will the Company announce the results of the voting at the Annual Meeting?

Given that we expect the Annual Meeting to be a contested meeting, we will not be announcing preliminary results of the voting at the Annual Meeting. We will publicly disclose preliminary results of voting at the Annual Meeting based on the preliminary report of the Independent Inspector of Elections on a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting, and final results as certified by the Independent Inspector of Elections as soon as practicable thereafter.

Submission of Future Shareholder Proposals

Proposals for the 2025 Annual Meeting of Shareholders

Rule 14a-8. You may submit proposals on matters appropriate for shareholder action at Macy's annual shareholders' meetings in accordance with Rule 14a-8 under the Exchange Act. For such proposals to be included in our proxy materials for the 2025 Annual Meeting of shareholders, you must satisfy all applicable requirements of Rule 14a-8 and we must receive such proposals no later than [December 3], 2024.

Advance Notice By-Law. Except in the case of proposals made in accordance with Rule 14a-8, our By-Laws require shareholders who bring business before an annual meeting of shareholders to deliver written notice to the Secretary of Macy's not earlier than the close of business on the 120th calendar day and not later than the close of business on the 90th calendar day prior to the one-year anniversary of the preceding year's annual meeting (for the 2025 annual meeting, not earlier than January 17, 2025 and not later than February 16, 2025). If the scheduled annual meeting date differs from such anniversary date by more than 30 calendar days, the notice must be so delivered not earlier than the close of business on the 120th calendar day and not later than the close of business on the 60th calendar day prior to the date of the annual meeting. If the date of the annual meeting is not publicly announced by us in a report filed with the SEC, furnished to shareholders, or in a press release at least 75 calendar days prior to the annual meeting date, notice must be delivered to the Secretary of Macy's not later than the close of business on the 10th calendar day following the day on which public announcement of the annual meeting date is first made. The By-Laws further require that the notice set forth a description of the business to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, certain information concerning the shareholder proposing the business, including the shareholder's name and address, the class and number of shares owned by the shareholder and any material interest of the shareholder in the business proposed, and, with respect to the nomination of a director, a statement whether such shareholder intends to solicit the holders of shares representing at least 67% of the voting power of the Company's shares entitled to vote on the election of directors in support of director nominees other than Macy's nominees. The chairman of the annual meeting may refuse to permit to be brought before the meeting any shareholder proposal (other than a proposal made in accordance with Rule 14a-8) not made in compliance with these requirements.

Proxy Access By-Law. Submissions of nominees for director under our proxy access by-law provision for the 2025 annual meeting of shareholders must be submitted in compliance with the by-law provision no earlier than [November 3], 2024 and no later than [December 3], 2024. If the scheduled annual meeting date differs from the anniversary date of the prior year's annual meeting by more than 30 calendar days, notice must be received not earlier than the close of business on the 120th calendar day and not later than the close of business on the 60th calendar day prior to the date of the annual meeting or, in the event the date of the annual meeting is not publicly announced at least 75 calendar days prior to the annual meeting date, notice must be received not later than the close of business on the 10th calendar day following the day on which the date of the annual meeting is first publicly announced.

Universal Proxy Rules. Shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees in accordance with Rule 14a-19 under the Securities Exchange Act of 1934 must provide written notice that sets forth the information required by our By-Laws and Rule 14a-19. This notice must be delivered to the Company at its principal executive offices within the applicable timeframes reflected in the advance notice of director nomination provision of our By-Laws described on page 46 (for the 2025 Annual Meeting, not earlier than January 17, 2025 and not later than February 16, 2025, subject to adjustment in certain events).

Other Matters

Our Board knows of no other business to be presented at the Annual Meeting other than as described in this proxy statement. If any business properly comes before the Annual Meeting, the persons named in the enclosed form of proxy or their substitutes will vote the proxy in respect of such business in accordance with their best judgment pursuant to the discretionary authority conferred by the proxy.

The proxies being solicited hereby are being solicited by the Board of Directors of the Company. We will bear the cost of preparing, assembling and mailing the proxy materials. Our Annual Report on Form 10-K for the fiscal year ended February 3, 2024, which is being mailed to shareholders with this proxy statement, is not to be regarded as proxy soliciting material. We may solicit proxies other than by mail, in that certain of our officers and regular employees, without additional compensation, may use their personal efforts, by telephone or otherwise, to obtain proxies. Appendix B sets forth information relating to certain of Macy's directors, director nominees and certain executive officers and employees who are considered to be "participants" in Macy's solicitation under the rules of the SEC by reason of their position as directors of Macy's or because they may be soliciting proxies on Macy's behalf.

As a result of the proxy solicitation of the Arkhouse Group, we will incur additional costs in connection with the solicitation of proxies. We have retained Innisfree M&A Incorporated, 501 Madison Avenue, 20th Floor, New York, NY 10022 and Georgeson LLC, 1290 Avenue of the Americas, 9th Floor, New York, New York 10104, for certain advisory and proxy solicitation services for an aggregate fee of approximately \$900,000, together with reimbursement of reasonable out-of-pocket expenses for these services. Excluding amounts that we would have expended for a solicitation in an election of directors in the absence of a contested election, and excluding the compensation of our directors, certain executive officers and other employees involved in the solicitation, the aggregate expenses are estimated to be approximately \$6,000,000, approximately \$2,277,500 of which has been incurred (or accrued) to date. The actual amount could be higher or lower depending on the facts and circumstances arising in connection with this solicitation. These expenses, which are estimates that may change, include the fees of Innisfree M&A Incorporated, Georgeson, outside counsel and other advisors, as well as retaining an independent inspector of election.

We will also request persons, firms and corporations holding shares in their names, or in the name of their nominees, which are beneficially owned by others, to send proxy material to and obtain proxies from such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

3. Shares Available Under this Plan and Limitations.

(a) Maximum Shares Available Under this Plan.

- (i) Subject to adjustment as provided in **Section 11** of this Plan and the share counting rules set forth in **Section 3(b)** of this Plan, the number of shares of Common Stock available under this Plan for awards of (A) Option Rights or Appreciation Rights, (B) Restricted Stock, (C) Restricted Stock Units, (D) Performance Shares or Performance Units, (E) awards contemplated by **Section 9** of this Plan, or (F) dividend equivalents, will not exceed in the aggregate (w) **26,080,000** shares of Common Stock minus (x) as of the Effective Date, one share of Common Stock for every one share of Common Stock subject to an award of stock options or stock appreciation rights granted under the Predecessor Plans after February 3, 2024 and before the Effective Date, and minus (y) as of the Effective Date, 1.75 shares of Common Stock for every one share of Common Stock subject to an award other than of stock options or stock appreciation rights granted under the Predecessor Plans after February 3, 2024 and before the Effective Date, plus (z) shares of Common Stock that are subject to awards granted under this Plan or a Predecessor Plan that are added (or added back, as applicable) to the aggregate number of shares of Common Stock available under this **Section 3(a)(i)** pursuant to the share counting rules of this Plan. Such shares may be shares of original issuance or treasury shares or a combination of the foregoing.
- (ii) Subject to the share counting rules set forth in **Section 3(b)** of this Plan, the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan will be reduced by (A) one share of Common Stock for every one share of Common Stock subject to an award of Option Rights or Appreciation Rights granted under this Plan, and (B) 1.75 shares of Common Stock for every one share of Common Stock subject to an award other than of Option Rights or Appreciation Rights granted under this Plan.

(b) Share Counting Rules.

- (i) Except as provided in **Section 22** of this Plan, if any award granted under this Plan (in whole or in part) is cancelled or forfeited, expires, is settled for cash, or is unearned, the shares of Common Stock subject to such award will, to the extent of such cancellation, forfeiture, expiration, cash settlement, or unearned amount, again be available under **Section 3(a)(i)** above (at a rate of one share of Common Stock for every one share of Common Stock subject to awards of Option Rights or Appreciation Rights and 1.75 shares of Common Stock for every one share of Common Stock subject to awards other than of Option Rights or Appreciation Rights).
 - (ii) If, after February 3, 2024, any shares of Common Stock subject to an award granted under the Predecessor Plans are forfeited, or an award granted under the Predecessor Plans (in whole or in part) is cancelled or forfeited, expires, is settled for cash, or is unearned, the shares of Common Stock subject to such award will, to the extent of such cancellation, forfeiture, expiration, cash settlement, or unearned amount, be available for awards under this Plan (at a rate of one share of Common Stock for every one share of Common Stock subject to awards of option rights or appreciation rights and 1.75 shares of Common Stock for every one share of Common Stock subject to awards other than of option rights or appreciation rights).
 - (iii) Notwithstanding anything to the contrary contained in this Plan: (A) shares of Common Stock withheld by the Company, tendered or otherwise used in payment of the Option Price of an Option Right will not be added (or added back, as applicable) to the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan; (B) shares of Common Stock withheld by the Company, tendered or otherwise used to satisfy tax withholding will not be added (or added back, as applicable) to the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan; (C) shares of Common Stock subject to a stock-settled Appreciation Right that are not actually issued in connection with the settlement of such Appreciation Right on the exercise thereof will not be added back to the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan; and (D) shares of Common Stock reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Option Rights will not be added (or added back, as applicable) to the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan.
 - (iv) If, under this Plan, a Participant has elected to give up the right to receive compensation in exchange for shares of Common Stock based on fair market value, such shares of Common Stock will not count against the aggregate limit under **Section 3(a)(i)** of this Plan.
- (C) Limit on Incentive Stock Options. Notwithstanding anything to the contrary contained in this Plan, and subject to adjustment as provided in **Section 11** of this Plan, the aggregate number of shares of Common Stock actually issued or transferred by the Company upon the exercise of Incentive Stock Options will not exceed **26,080,000** shares of Common Stock.
- (d) Non-Employee Director Compensation Limit. Notwithstanding anything to the contrary contained in this **Section 3** or elsewhere in this Plan, in no event will any non-employee Director in any one calendar year be granted compensation for such service having an aggregate maximum value (measured as of the Date of Grant as applicable, and calculating the value of any awards based on the grant date fair value for financial reporting purposes) in excess of **\$600,000**.
- (e) Minimum Vesting Requirement. Notwithstanding any other provision of this Plan (outside of this **Section 3(e)**) to the contrary, awards granted under this Plan (other than cash-based awards) shall vest no earlier than the first anniversary of the applicable Date of Grant; provided, that the following awards shall not be subject to the foregoing minimum vesting requirement: any (i) awards granted in connection with awards that are assumed, converted or substituted pursuant to **Section 22(a)** of this Plan; (ii) shares of Common Stock delivered in lieu of fully vested cash obligations; (iii) awards to non-employee Directors that vest on the earlier of the one-year anniversary of the applicable Date of Grant and the next annual meeting of Shareholders which is at least 50 weeks after the immediately preceding year's annual meeting of Shareholders; and (iv) additional awards the Committee may grant, up to a maximum of five percent (5%) of the available share reserve authorized for issuance under the Plan pursuant to **Section 3(a)(i)** (subject to adjustment under **Section 11**). Nothing in this **Section 3(e)** or otherwise in this Plan, however, shall preclude the Committee, in its sole discretion, from (x) providing for continued vesting or accelerated vesting for any award under this Plan upon certain events, including, without limitation, in connection with or following a Participant's death, disability, or termination of service or a Change in Control, or (y) exercising its authority under **Section 18(c)** at any time following the grant of an award.

4. Option Rights. The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting to Participants of Option Rights. Each such grant may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each grant will specify the number of shares of Common Stock to which it pertains subject to the limitations set forth in **Section 3** of this Plan.

(b) Each grant will specify an Option Price per share of Common Stock, which Option Price (except with respect to awards under **Section 22** of this Plan) may not be less than the Market Value per Share on the Date of Grant.

(c) Each grant will specify whether the Option Price will be payable (i) in cash, by check acceptable to the Company or by wire transfer of immediately available funds, (ii) by the actual or constructive transfer to the Company of shares of Common Stock owned by the Optionee having a value at the time of exercise equal to the total Option Price, (iii) subject to any conditions or limitations established by the Committee, by the Company's withholding of shares of Common Stock otherwise issuable upon exercise of an Option Right pursuant to a "net exercise" arrangement (it being understood that, solely for purposes of determining the number of treasury shares held by the Company, the shares of Common Stock so withheld will not be treated as issued and acquired by the Company upon such exercise), (iv) by a combination of such methods of payment, or (v) by such other methods as may be approved by the Committee.

(d) To the extent permitted by law, any grant may provide for deferred payment of the Option Price from the proceeds of sale through a bank or broker on a date satisfactory to the Company of some or all of the shares of Common Stock to which such exercise relates.

(e) Each grant will specify the period or periods of continuous service by the Optionee with the Company or any Subsidiary, if any, that is necessary before any Option Rights or installments thereof will vest. Option Rights may provide for continued vesting or the earlier vesting of such Option Rights, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

(f) Any grant of Option Rights may specify Management Objectives regarding the vesting of such rights.

(g) Option Rights granted under this Plan may be (i) options, including Incentive Stock Options, that are intended to qualify under particular provisions of the Code, (ii) options that are not intended to so qualify, or (iii) combinations of the foregoing. Incentive Stock Options may only be granted to Participants who meet the definition of "employees" under Section 3401(c) of the Code.

(h) No Option Right will be exercisable more than 10 years from the Date of Grant. The Committee may provide in any Evidence of Award for the automatic exercise of an Option Right upon such terms and conditions as established by the Committee.

(i) Option Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon.

(j) Each grant of Option Rights will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.

5. Appreciation Rights.

(a) The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting to any Participant of Appreciation Rights. An Appreciation Right will be the right of the Participant to receive from the Company an amount determined by the Committee, which will be expressed as a percentage of the Spread (not exceeding 100%) at the time of exercise.

(b) Each grant of Appreciation Rights may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(i) Each grant may specify that the amount payable on exercise of an Appreciation Right will be paid by the Company in cash, shares of Common Stock or any combination thereof.

(ii) Each grant will specify the period or periods of continuous service by the Participant with the Company or any Subsidiary, if any, that is necessary before the Appreciation Rights or installments thereof will vest. Appreciation Rights may provide for continued vesting or the earlier vesting of such Appreciation Rights,

including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

- (iii) Any grant of Appreciation Rights may specify Management Objectives regarding the vesting of such Appreciation Rights.
 - (iv) Appreciation Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon.
 - (v) Each grant of Appreciation Rights will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.
- (c) Also, regarding Appreciation Rights:
- (i) Each grant will specify in respect of each Appreciation Right a Base Price, which (except with respect to awards under **Section 22** of this Plan) may not be less than the Market Value per Share on the Date of Grant; and
 - (ii) No Appreciation Right granted under this Plan may be exercised more than 10 years from the Date of Grant. The Committee may provide in any Evidence of Award for the automatic exercise of an Appreciation Right upon such terms and conditions as established by the Committee.

6. Restricted Stock. The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the grant or sale of Restricted Stock to Participants. Each such grant or sale may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each such grant or sale will constitute an immediate transfer of the ownership of shares of Common Stock to the Participant in consideration of the performance of services, entitling such Participant to voting, dividend and other ownership rights (subject in particular to **Section 6(g)** of this Plan), but subject to the substantial risk of forfeiture and restrictions on transfer hereinafter described.

(b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than the Market Value per Share on the Date of Grant.

(c) Each such grant or sale will provide that the Restricted Stock covered by such grant or sale will be subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code for a period to be determined by the Committee on the Date of Grant or until achievement of Management Objectives referred to in **Section 6(e)** of this Plan.

(d) Each such grant or sale will provide that during or after the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Stock will be prohibited or restricted in the manner and to the extent prescribed by the Committee on the Date of Grant (which restrictions may include rights of repurchase or first refusal of the Company or provisions subjecting the Restricted Stock to a continuing substantial risk of forfeiture while held by any transferee).

(e) Any grant of Restricted Stock may specify Management Objectives regarding the vesting of such Restricted Stock.

(f) Notwithstanding anything to the contrary contained in this Plan, Restricted Stock may provide for continued vesting or the earlier vesting of such Restricted Stock, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

(g) Any such grant or sale of Restricted Stock may require that any and all dividends or other distributions paid thereon during the period of such restrictions be automatically deferred and/or reinvested in additional Restricted Stock, which will be subject to the same restrictions as the underlying award. For the avoidance of doubt, any such dividends or other distributions on Restricted Stock will be deferred until, and paid contingent upon, the vesting of such Restricted Stock.

(h) Each grant or sale of Restricted Stock will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve. Unless otherwise directed by the Committee, (i) all certificates representing Restricted Stock will be held in custody by the Company until all restrictions thereon will have lapsed, together with a stock power or powers executed by the Participant in whose name such certificates are registered, endorsed in blank and covering such shares or (ii) all Restricted Stock will be

held at the Company's transfer agent in book entry form with appropriate restrictions relating to the transfer of such Restricted Stock.

7. Restricted Stock Units. The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting or sale of Restricted Stock Units to Participants. Each such grant or sale may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each such grant or sale will constitute the agreement by the Company to deliver shares of Common Stock or cash, or a combination thereof, to the Participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions (which may include achievement regarding Management Objectives) during the Restriction Period as the Committee may specify.

(b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than the Market Value per Share on the Date of Grant.

(c) Notwithstanding anything to the contrary contained in this Plan, Restricted Stock Units may provide for continued vesting or the earlier lapse or other modification of the Restriction Period, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

(d) During the Restriction Period, the Participant will have no right to transfer any rights under his or her award and will have no rights of ownership in the shares of Common Stock deliverable upon payment of the Restricted Stock Units and will have no right to vote them, but the Committee may, at or after the Date of Grant, authorize the payment of dividend equivalents on such Restricted Stock Units on a deferred and contingent basis, either in cash or in additional shares of Common Stock; provided, however, that dividend equivalents or other distributions on shares of Common Stock underlying Restricted Stock Units will be deferred until, and paid contingent upon, the vesting of such Restricted Stock Units.

(e) Each grant or sale of Restricted Stock Units will specify the time and manner of payment of the Restricted Stock Units that have been earned. Each grant or sale will specify that the amount payable with respect thereto will be paid by the Company in shares of Common Stock or cash, or a combination thereof.

(f) Each grant or sale of Restricted Stock Units will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.

8. Cash Incentive Awards, Performance Shares and Performance Units. The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting of Cash Incentive Awards, Performance Shares and Performance Units. Each such grant may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each grant will specify the number or amount of Performance Shares or Performance Units, or amount payable with respect to a Cash Incentive Award, to which it pertains, which number or amount may be subject to adjustment to reflect changes in compensation or other factors.

(b) The Performance Period with respect to each Cash Incentive Award or grant of Performance Shares or Performance Units will be such period of time as will be determined by the Committee, which may be subject to continued vesting or earlier lapse or other modification, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

(c) Each grant of a Cash Incentive Award, Performance Shares or Performance Units will specify Management Objectives regarding the earning of the award.

(d) Each grant will specify the time and manner of payment of a Cash Incentive Award, Performance Shares or Performance Units that have been earned. Any grant may specify that the amount payable with respect thereto may be paid by the Company in cash, in shares of Common Stock, in Restricted Stock or Restricted Stock Units or in any combination thereof.

(e) The Committee may, on the Date of Grant of Performance Shares or Performance Units, provide for the payment of dividend equivalents to the holder thereof either in cash or in additional shares of Common Stock, which dividend equivalents shall be subject to deferral and payment on a contingent basis based on the Participant's earning and vesting of the Performance Shares or Performance Units, as applicable, with respect to which such dividend equivalents are paid.

(f) Each grant of a Cash Incentive Award, Performance Shares or Performance Units will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.

9. Other Awards.

(a) Subject to applicable law and the applicable limits set forth in **Section 3** of this Plan, the Committee may authorize the grant to any Participant of shares of Common Stock or such other awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, shares of Common Stock or factors that may influence the value of such shares, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into shares of Common Stock, purchase rights for shares of Common Stock, awards with value and payment contingent upon performance of the Company or specified Subsidiaries, affiliates or other business units thereof or any other factors designated by the Committee, and awards valued by reference to the book value of the shares of Common Stock or the value of securities of, or the performance of specified Subsidiaries or affiliates or other business units of the Company. The Committee will determine the terms and conditions of such awards. Shares of Common Stock delivered pursuant to an award in the nature of a purchase right granted under this **Section 9** will be purchased for such consideration, paid for at such time, by such methods, and in such forms, including, without limitation, cash, shares of Common Stock, other awards, notes or other property, as the Committee determines.

(b) Cash awards, as an element of or supplement to any other award granted under this Plan, may also be granted pursuant to this **Section 9**.

(c) The Committee may authorize the grant of shares of Common Stock as a bonus, or may authorize the grant of other awards in lieu of obligations of the Company or a Subsidiary to pay cash or deliver other property under this Plan or under other plans or compensatory arrangements, subject to such terms as will be determined by the Committee in a manner that complies with Section 409A of the Code.

(d) The Committee may, at or after the Date of Grant, authorize the payment of dividends or dividend equivalents on awards granted under this **Section 9** on a deferred and contingent basis, either in cash or in additional shares of Common Stock; provided, however, that dividend equivalents or other distributions on shares of Common Stock underlying awards granted under this **Section 9** will be deferred until, and paid contingent upon, the earning and vesting of such awards.

(e) Each grant of an award under this **Section 9** will be evidenced by an Evidence of Award. Each such Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve, and will specify the time and terms of delivery of the applicable award.

(f) Notwithstanding anything to the contrary contained in this Plan, awards under this **Section 9** may provide for the earning or vesting of, or earlier elimination of restrictions applicable to, such award, including, without limitation, in the event of the retirement, death, disability or termination of employment or service of a Participant or in the event of a Change in Control.

10. Administration of this Plan.

(a) This Plan will be administered by the Committee; provided, however, that, at the discretion of the Board, this Plan may be administered by the Board, including with respect to the administration of any responsibilities and duties held by the Committee hereunder. The Committee may from time to time delegate all or any part of its authority under this Plan to a subcommittee thereof. To the extent of any such delegation, references in this Plan to the Committee will be deemed to be references to such subcommittee.

(b) The interpretation and construction by the Committee of any provision of this Plan or of any Evidence of Award (or related documents) and any determination by the Committee pursuant to any provision of this Plan or of any such agreement, notification or document will be final and conclusive. No member of the Committee shall be liable for any such action or determination made in good faith. In addition, the Committee is authorized to take any action it determines in its sole discretion to be appropriate subject only to the express limitations contained in this Plan, and no authorization in any Plan section or other provision of this Plan is intended or may be deemed to constitute a limitation on the authority of the Committee.

(c) To the extent permitted by law, the Committee may delegate to one or more of its members, to one or more officers of the Company, or to one or more agents or advisors, such administrative duties or powers as it may deem advisable, and the Committee, the subcommittee, or any person to whom duties or powers have been delegated as aforesaid, may employ one

or more persons to render advice with respect to any responsibility the Committee, the subcommittee or such person may have under this Plan. To the extent permitted by law, and in compliance with any applicable legal requirements, the Committee may, by resolution, authorize one or more officers of the Company to authorize the granting or sale of awards under this Plan on the same basis as the Committee; provided, however, that (i) the Committee will not delegate such authority to any such officer(s) for awards granted to such officer(s) or any employee who is an officer (for purposes of Section 16 of the Exchange Act), Director, or more than 10% "beneficial owner" (as such term is defined in Rule 13d-3 promulgated under the Exchange Act) of any class of the Company's equity securities that is registered pursuant to Section 12 of the Exchange Act, as determined in accordance with Section 16 of the Exchange Act; (ii) the resolution providing for such authorization shall set forth the total number of shares of Common Stock such officer(s) may grant; and (iii) the officer(s) will report periodically to the Committee regarding the nature and scope of the awards granted pursuant to the authority delegated.

11. Adjustments. The Committee shall make or provide for such adjustments in the number of and kind of shares of Common Stock covered by outstanding Option Rights, Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units granted hereunder and, if applicable, in the number of and kind of shares of Common Stock covered by other awards granted pursuant to **Section 9** of this Plan, in the Option Price and Base Price provided in outstanding Option Rights and Appreciation Rights, respectively, in Cash Incentive Awards, and in other award terms, as the Committee, in its sole discretion, exercised in good faith, determines is equitably required to prevent dilution or enlargement of the rights of Participants that otherwise would result from (a) any extraordinary cash dividend, stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. Moreover, in the event of any such transaction or event or in the event of a Change in Control, the Committee may provide in substitution for any or all outstanding awards under this Plan such alternative consideration (including cash), if any, as it, in good faith, may determine to be equitable in the circumstances and shall require in connection therewith the surrender of all awards so replaced in a manner that complies with Section 409A of the Code. In addition, for each Option Right or Appreciation Right with an Option Price or Base Price, respectively, greater than the consideration offered in connection with any such transaction or event or Change in Control, the Committee may in its sole discretion elect to cancel such Option Right or Appreciation Right without any payment to the person holding such Option Right or Appreciation Right. The Committee shall also make or provide for such adjustments in the number of shares of Common Stock specified in **Section 3** of this Plan as the Committee in its sole discretion, exercised in good faith, determines is appropriate to reflect any transaction or event described in this **Section 11**; provided, however, that any such adjustment to the number specified in **Section 3(c)** of this Plan will be made only if and to the extent that such adjustment would not cause any Option Right intended to qualify as an Incentive Stock Option to fail to so qualify.

12. Change in Control. For purposes of this Plan, except as may be otherwise prescribed by the Committee in an Evidence of Award made under this Plan, a "Change in Control" will be deemed to have occurred upon the occurrence (after the Effective Date) of any of the following events:

(a) The acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act) (a "Person") of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 30% or more of the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the "Voting Stock"); provided, however, that for purposes of this **Section 12(a)**, the following acquisitions will not constitute a Change of Control:

- (i) any acquisition of Voting Stock directly from the Company that is approved by a majority of the Incumbent Board (as defined in **Section 12(b)** below);
- (ii) any acquisition of Voting Stock by any entity in which the Company, directly or indirectly, beneficially owns 50% or more ownership or other equity interest (a "CIC Subsidiary");
- (iii) any acquisition of Voting Stock by any employee benefit plan (or related trust) sponsored or maintained by the Company or any CIC Subsidiary; or
- (iv) any acquisition of Voting Stock by any Person pursuant to a transaction that complies with clauses (i), (ii) and (iii) of **Section 12(c)** below;

provided further, that:

(X) if any Person is or becomes the beneficial owner of 30% or more of the Voting Stock as a result of a transaction described in clause (i) of this **Section 12(a)**, and such Person thereafter becomes the beneficial owner of any additional shares of Voting Stock, and after obtaining such additional beneficial ownership beneficially owns 30% or more of the Voting Stock, other than in an acquisition of Voting Stock directly from the Company that is approved by a majority of the Incumbent Board or other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Voting Stock are treated equally, such subsequent acquisition will be treated as a Change in Control; and

(Y) a Change in Control will not be deemed to have occurred if a Person is or becomes the beneficial owner of 30% or more of the Voting Stock as a result of a reduction in the number of shares of Voting Stock outstanding pursuant to a transaction or series of transactions approved by a majority of the Incumbent Board unless and until such Person thereafter becomes the beneficial owner of any additional shares of Voting Stock, and after obtaining such additional beneficial ownership beneficially owns 30% or more of the Voting Stock, other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Voting Stock are treated equally; or

(b) Individuals who, on the Effective Date, constitute the Board of Directors of the Company (as modified by this **Section 12(b)**, the "Incumbent Board") cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director after the Effective Date whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least two-thirds of the directors then comprising the Incumbent Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without objection to such nomination) shall be considered as though such individual were a member of the Incumbent Board on the Effective Date, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board; or

(c) The consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company (each, a "Business Combination"), unless, in each case, immediately following such Business Combination:

- (i) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Voting Stock immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of, respectively, the then-outstanding shares of common stock and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity that as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions relative to each other as their ownership, immediately prior to such Business Combination, of the Voting Stock;
- (ii) no Person (excluding any employee benefit plan (or related trust) sponsored or maintained by the Company or any CIC Subsidiary or such entity resulting from such Business Combination) beneficially owns, directly or indirectly, 30% or more of, respectively, the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors of the entity resulting from such Business Combination except to the extent that such ownership existed prior to the Business Combination; and
- (iii) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board, providing for such Business Combination; or

(d) Approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, with respect to any award under the Plan that is characterized as "non-qualified deferred compensation" within the meaning of Code Section 409A, an event shall not be considered to be a Change in Control under the Plan for purposes of any payment in respect of such award unless such event would also constitute a "change in ownership," a "change in effective control" or a "change in the ownership of a substantial portion of the assets of" the Company under Code Section 409A.

For the avoidance of doubt, a definition of "Change in Control" under an Evidence of Award shall not provide that a Change in Control will occur solely upon the announcement, commencement, shareholder approval (except with respect to **Section 12(d)**), or other potential occurrence of any event or transaction (rather than its consummation), and/or an unapproved change in less than a majority of the Board, and/or (except as described above) acquisition of 15% or less of the Voting Stock, and/or announcement or commencement of a tender or exchange offer.

13. Clawback; Detrimental Activity and Recapture Provisions.

(a) Awards granted under this Plan are subject to the terms and conditions of the Company's clawback provisions, policy or policies (if any) as may be in effect from time to time, including, without limitation, those that specifically implement Section 10D of the Exchange Act, and any applicable rules or regulations promulgated thereunder (including applicable rules and regulations of any national securities exchange on which the shares of Common Stock at any point may be traded) (collectively, the "Compensation Recovery Policy"), and applicable sections of any Evidence of Award to which this Plan is applicable or any related documents shall be interpreted consistently with (or deemed superseded by and/or subject to, as applicable) the terms and conditions of the Compensation Recovery Policy. Further, by accepting any award under the Plan, each Participant agrees (or has agreed) to fully cooperate with and assist the Company in connection with any of such Participant's obligations to the Company pursuant to the Compensation Recovery Policy, and agrees (or has agreed) that the Company may enforce its rights under the Compensation Recovery Policy through any and all reasonable means permitted under applicable law as it deems necessary or desirable under the Compensation Recovery Policy, in each case from and after the effective dates thereof. Such cooperation and assistance shall include, but is not limited to, executing, completing and submitting any documentation necessary to facilitate the recovery or recoupment by the Company from such Participant of any such amounts, including from such Participants' accounts or from any other compensation, to the extent permissible under Section 409A of the Code.

(b) Otherwise, any Evidence of Award (or any part thereof) may provide for the cancellation or forfeiture of an award or the forfeiture and repayment to the Company of any gain or earnings related to an award (or other provisions intended to have similar effects), including upon such terms and conditions as may be determined by the Board or the Committee in accordance with the Compensation Recovery Policy or any applicable laws, rules, regulations or requirements that impose mandatory clawback or recoupment requirements under the circumstances set forth in such laws, rules, regulations or requirements in effect from time to time (including as may operate to create additional rights for the Company with respect to such awards and the recovery of amounts or benefits relating thereto).

14. Non-U.S. Participants. In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for awards to Participants who are foreign nationals or who are employed by the Company or any Subsidiary outside of the United States of America or who provide services to the Company or any Subsidiary under an agreement with a foreign nation or agency, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to or amendments, restatements or alternative versions of this Plan (including sub-plans) (to be considered part of this Plan) as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the secretary or other appropriate officer of the Company may certify any such document as having been approved and adopted in the same manner as this Plan. No such special terms, supplements, amendments or restatements, however, will include any provisions that are inconsistent with the terms of this Plan as then in effect unless this Plan could have been amended to eliminate such inconsistency without further approval by the Shareholders.

15. Transferability.

(a) Except as otherwise determined by the Committee, and subject to compliance with **Section 17(b)** of this Plan and Section 409A of the Code, no Option Right, Appreciation Right, Restricted Stock, Restricted Stock Unit, Performance Share, Performance Unit, Cash Incentive Award, award contemplated by **Section 9** of this Plan or dividend equivalents paid with respect to awards made under this Plan will be transferable by the Participant except by will or the laws of descent and distribution. In no event will any such award granted under this Plan be transferred for value. Where transfer is permitted, references to "Participant" shall be construed, as the Committee deems appropriate, to include any permitted transferee to whom such award is transferred. Except as otherwise determined by the Committee, Option Rights and Appreciation Rights will be exercisable during the Participant's lifetime only by him or her or, in the event of the Participant's legal incapacity to do so, by his or her guardian or legal representative acting on behalf of the Participant in a fiduciary capacity under state law or court supervision.

(b) The Committee may specify on the Date of Grant that part or all of the shares of Common Stock that are (i) to be issued or transferred by the Company upon the exercise of Option Rights or Appreciation Rights, upon the termination of the Restriction Period applicable to Restricted Stock Units or upon payment under any grant of Performance Shares or Performance Units or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in **Section 6** of this Plan, will be subject to further restrictions on transfer, including minimum holding periods.

16. Withholding Taxes. To the extent that the Company is required to withhold federal, state, local or foreign taxes or other amounts in connection with any payment made or benefit realized by a Participant or other person under this Plan, and the amounts available to the Company for such withholding are insufficient, it will be a condition to the receipt of such payment or the realization of such benefit that the Participant or such other person make arrangements satisfactory to the Company for payment of the balance of such taxes or other amounts required to be withheld, which arrangements (in the discretion of the Committee) may include relinquishment of a portion of such benefit. If a Participant's benefit is to be received in the form of shares of Common Stock, and such Participant fails to make arrangements for the payment of taxes or other amounts, then, unless otherwise determined by the Committee, the Company will withhold shares of Common Stock having a value equal to the amount required to be withheld. Notwithstanding the foregoing, when a Participant is required to pay the Company an amount required to be withheld under applicable income, employment, tax and other laws, the Committee may require the Participant to satisfy the obligation, in whole or in part, by having withheld, from the shares of Common Stock delivered or required to be delivered to the Participant, shares of Common Stock having a value equal to the amount required to be withheld or by delivering to the Company other shares of Common Stock held by such Participant. The shares of Common Stock used for tax or other withholding will be valued at an amount equal to the fair market value of such shares of Common Stock on the date the benefit is to be included in Participant's income. In no event will the fair market value of the shares of Common Stock to be withheld and delivered pursuant to this **Section 16** exceed the minimum amount required to be withheld, unless (a) an additional amount can be withheld and not result in adverse accounting consequences, and (b) such additional withholding amount is authorized by the Committee. Participants will also make such arrangements as the Company may require for the payment of any withholding tax or other obligation that may arise in connection with the disposition of shares of Common Stock acquired upon the exercise of Option Rights. In any case, a Participant will be solely responsible and liable for the satisfaction of all taxes required to be withheld under applicable income, employment, tax or other laws in connection with any payment made or benefit realized by a Participant under this Plan, and neither the Company nor any of its affiliates will have any obligation to indemnify or otherwise hold a Participant harmless from any or all of such taxes.

17. Compliance with Section 409A of the Code.

(a) To the extent applicable, it is intended that this Plan and any grants made hereunder comply with the provisions of Section 409A of the Code, so that the income inclusion provisions of Section 409A(a)(1) of the Code do not apply to the Participants. This Plan and any grants made hereunder will be administered in a manner consistent with this intent. Any reference in this Plan to Section 409A of the Code will also include any regulations or any other formal guidance promulgated with respect to such section by the U.S. Department of the Treasury or the Internal Revenue Service.

(b) Neither a Participant nor any of a Participant's creditors or beneficiaries will have the right to subject any deferred compensation (within the meaning of Section 409A of the Code) payable under this Plan and grants hereunder to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment or garnishment. Except as permitted under Section 409A of the Code, any deferred compensation (within the meaning of Section 409A of the Code) payable to a Participant or for a Participant's benefit under this Plan and grants hereunder may not be reduced by, or offset against, any amount owed by a Participant to the Company or any of its Subsidiaries.

(c) If, at the time of a Participant's separation from service (within the meaning of Section 409A of the Code), (i) the Participant will be a specified employee (within the meaning of Section 409A of the Code and using the identification methodology selected by the Company from time to time) and (ii) the Company makes a good faith determination that an amount payable hereunder constitutes deferred compensation (within the meaning of Section 409A of the Code) the payment of which is required to be delayed pursuant to the six-month delay rule set forth in Section 409A of the Code in order to avoid taxes or penalties under Section 409A of the Code, then the Company will not pay such amount on the otherwise scheduled payment date but will instead pay it, without interest, on the fifth business day of the seventh month after such separation from service.

(d) Solely with respect to any award that constitutes nonqualified deferred compensation subject to Section 409A of the Code and that is payable on account of a Change in Control (including any installments or stream of payments that are

accelerated on account of a Change in Control), a Change in Control shall occur only if such event also constitutes a "change in the ownership," "change in effective control," and/or a "change in the ownership of a substantial portion of assets" of the Company as those terms are defined under Treasury Regulation §1.409A-3(i)(5), but only to the extent necessary to establish a time and form of payment that complies with Section 409A of the Code, without altering the definition of Change in Control for any purpose in respect of such award.

(e) Notwithstanding any provision of this Plan and grants hereunder to the contrary, in light of the uncertainty with respect to the proper application of Section 409A of the Code, the Company reserves the right to make amendments to this Plan and grants hereunder as the Company deems necessary or desirable to avoid the imposition of taxes or penalties under Section 409A of the Code. In any case, a Participant will be solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on a Participant or for a Participant's account in connection with this Plan and grants hereunder (including any taxes and penalties under Section 409A of the Code), and neither the Company nor any of its affiliates will have any obligation to indemnify or otherwise hold a Participant harmless from any or all of such taxes or penalties.

18. Amendments.

(a) The Board may at any time and from time to time amend this Plan in whole or in part; provided, however, that if an amendment to this Plan, for purposes of applicable stock exchange rules and except as permitted under **Section 11** of this Plan, (i) would materially increase the benefits accruing to Participants under this Plan, (ii) would materially increase the number of securities which may be issued under this Plan, (iii) would materially modify the requirements for participation in this Plan, or (iv) must otherwise be approved by the Shareholders in order to comply with applicable law or the rules of the New York Stock Exchange, or, if the shares of Common Stock are not traded on the New York Stock Exchange, the principal national securities exchange upon which the shares of Common Stock are traded or quoted, all as determined by the Board, then, such amendment will be subject to Shareholder approval and will not be effective unless and until such approval has been obtained.

(b) Except in connection with a corporate transaction or event described in **Section 11** of this Plan or in connection with a Change in Control, the terms of outstanding awards may not be amended to reduce the Option Price of outstanding Option Rights or the Base Price of outstanding Appreciation Rights, or cancel outstanding "underwater" Option Rights or Appreciation Rights (including following a Participant's voluntary surrender of "underwater" Option Rights or Appreciation Rights) in exchange for cash, other awards or Option Rights or Appreciation Rights with an Option Price or Base Price, as applicable, that is less than the Option Price of the original Option Rights or Base Price of the original Appreciation Rights, as applicable, without Shareholder approval. This **Section 18(b)** is intended to prohibit the repricing of "underwater" Option Rights and Appreciation Rights and will not be construed to prohibit the adjustments provided for in **Section 11** of this Plan. Notwithstanding any provision of this Plan to the contrary, this **Section 18(b)** may not be amended without approval by the Shareholders.

(c) If permitted by Section 409A of the Code, but subject to **Section 18(d)**, including in the case of termination of employment or service, or in the case of unforeseeable emergency or other circumstances or in the event of a Change in Control, to the extent a Participant holds an Option Right or Appreciation Right not immediately exercisable in full, or any Restricted Stock as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed, or any Restricted Stock Units as to which the Restriction Period has not been completed, or any Cash Incentive Awards, Performance Shares or Performance Units which have not been fully earned, or any dividend equivalents or other awards made pursuant to **Section 9** of this Plan subject to any vesting schedule or transfer restriction, or who holds shares of Common Stock subject to any transfer restriction imposed pursuant to **Section 15(b)** of this Plan, the Committee may, in its sole discretion, provide for continued vesting or accelerate the time at which such Option Right, Appreciation Right or other award may vest or be exercised or the time at which such substantial risk of forfeiture or prohibition or restriction on transfer will lapse or the time when such Restriction Period will end or the time at which such Cash Incentive Awards, Performance Shares or Performance Units will be deemed to have been earned or the time when such transfer restriction will terminate or may waive any other limitation or requirement under any such award.

(d) Subject to **Section 18(b)** of this Plan, the Committee may amend the terms of any award theretofore granted under this Plan prospectively or retroactively. Except for adjustments made pursuant to **Section 11** of this Plan, no such amendment will materially impair the rights of any Participant without his or her consent. The Board may, in its discretion, terminate this Plan at any time. Termination of this Plan will not affect the rights of Participants or their successors under any awards outstanding hereunder and not exercised in full on the date of termination.

19. Governing Law. This Plan and all grants and awards and actions taken hereunder will be governed by and construed in accordance with the internal substantive laws of the State of Delaware.

20. Effective Date/Termination. This Plan will be effective as of the Effective Date. No grants will be made on or after the Effective Date under the Predecessor Plans, provided that outstanding awards granted under the Predecessor Plans will continue unaffected following the Effective Date. No grant will be made under this Plan on or after the tenth anniversary of the Effective Date, but all grants made prior to such date will continue in effect thereafter subject to the terms thereof and of this Plan. For clarification purposes, the terms and conditions of this Plan shall not apply to or otherwise impact previously granted and outstanding awards under the Predecessor Plans, as applicable (except for purposes of providing for Common Stock under such awards to be added to the aggregate number of shares of Common Stock available under **Section 3(a)(i)** of this Plan pursuant to the share counting rules of this Plan).

21. Miscellaneous Provisions.

(a) The Company will not be required to issue any fractional shares of Common Stock pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement of fractions in cash.

(b) This Plan will not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary, nor will it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant's employment or other service at any time.

(c) Except with respect to **Section 21(e)** of this Plan, to the extent that any provision of this Plan would prevent any Option Right that was intended to qualify as an Incentive Stock Option from qualifying as such, that provision will be null and void with respect to such Option Right. Such provision, however, will remain in effect for other Option Rights and there will be no further effect on any provision of this Plan.

(d) No award under this Plan may be exercised by the holder thereof if such exercise, and the receipt of cash or stock thereunder, would be, in the opinion of counsel selected by the Company, contrary to law or the regulations of any duly constituted authority having jurisdiction over this Plan.

(e) Absence on leave approved by a duly constituted officer of the Company or any of its Subsidiaries will not be considered interruption or termination of service of any employee for any purposes of this Plan or awards granted hereunder.

(f) No Participant will have any rights as a Shareholder with respect to any shares of Common Stock subject to awards granted to him or her under this Plan prior to the date as of which he or she is actually recorded as the holder of such shares of Common Stock upon the stock records of the Company.

(g) The Committee may condition the grant of any award or combination of awards authorized under this Plan on the surrender or deferral by the Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Company or a Subsidiary to the Participant.

(h) Except with respect to Option Rights and Appreciation Rights, the Committee may permit Participants to elect to defer the issuance of shares of Common Stock under this Plan pursuant to such rules, procedures or programs as it may establish for purposes of this Plan and which are intended to comply with the requirements of Section 409A of the Code. The Committee also may provide that deferred issuances and settlements include the crediting of dividend equivalents or interest on the deferral amounts.

(i) If any provision of this Plan is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify this Plan or any award under any law deemed applicable by the Committee, such provision will be construed or deemed amended or limited in scope to conform to applicable laws or, in the discretion of the Committee, it will be stricken and the remainder of this Plan will remain in full force and effect. Notwithstanding anything in this Plan or an Evidence of Award to the contrary, nothing in this Plan or in an Evidence of Award prevents a Participant from providing, without prior notice to the Company, information to governmental authorities regarding possible legal violations or otherwise testifying or participating in any investigation or proceeding by any governmental authorities regarding possible legal violations, and for purpose of clarity a Participant is not prohibited from providing information voluntarily to the Securities and Exchange Commission pursuant to Section 21F of the Exchange Act.

22. Stock-Based Awards in Substitution for Awards Granted by Another Company. Notwithstanding anything in this Plan to the contrary:

(a) Awards may be granted under this Plan in substitution for or in conversion of, or in connection with an assumption of, stock options, stock appreciation rights, restricted stock, restricted stock units or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with the Company or any Subsidiary. Any conversion, substitution or assumption will be effective as of the close of the merger or acquisition, and, to the extent applicable, will be conducted in a manner that complies with Section 409A of the Code. The awards so granted may reflect the original terms of the awards being assumed or substituted or converted for and need not comply with other specific terms of this Plan, and may account for shares of Common Stock substituted for the securities covered by the original awards and the number of shares subject to the original awards, as well as any exercise or purchase prices applicable to the original awards, adjusted to account for differences in stock prices in connection with the transaction.

(b) In the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary merges has shares available under a pre-existing plan previously approved by shareholders and not adopted in contemplation of such acquisition or merger, the shares available for grant pursuant to the terms of such plan (as adjusted, to the extent appropriate, to reflect such acquisition or merger) may be used for awards made after such acquisition or merger under this Plan; provided, however, that awards using such available shares may not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or merger, and may only be made to individuals who were not employees or directors of the Company or any Subsidiary prior to such acquisition or merger.

(c) Any shares of Common Stock that are issued or transferred by, or that are subject to any awards that are granted by, or become obligations of, the Company under **Sections 22(a) or 22(b)** of this Plan will not reduce the shares of Common Stock available for issuance or transfer under this Plan or otherwise count against the limits contained in **Section 3** of this Plan. In addition, no shares of Common Stock subject to an award that is granted by, or becomes an obligation of, the Company under **Sections 22(a) or 22(b)** of this Plan will be added to the aggregate limit contained in **Section 3(a)(i)** of this Plan.
