Commission file number 1-12289

SEACOR Holdings Inc.
(Exact Name of Registrant as Specified in Its Charter)

Delaware
(State or Other Jurisdiction of
Incorporation or Organization)

2200 Eller Drive, P.O. Box 13038,
Fort Lauderdale, Florida
(Address of Principal Executive Offices)

13-3542736
(IRS Employer
Identification No.)

33316
(Zip Code)

954-523-2200
(Registrant's Telephone Number, Including Area Code)

Not Applicable
(Former Name, Former Address and Former Fiscal Year, if Changed Since Last Report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer," and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting
(Do not check if a smaller reporting company) company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The total number of shares of common stock, par value \$.01 per share, outstanding as of October 23, 2015 was 17,353,929. The Registrant has no other class of common stock outstanding.

SEACOR HOLDINGS INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

The condensed consolidated financial information for the three and nine months ended September 30, 2015 and 2014 has been prepared by the Company and has not been audited by its independent registered public accounting firm. The condensed consolidated financial statements include the accounts of SEACOR Holdings Inc. and its consolidated subsidiaries. In the opinion of management, all adjustments (consisting of normal recurring adjustments) have been made to fairly present the Company's financial position as of September 30, 2015, its results of operations for the three and nine months ended September 30, 2015 and 2014, its comprehensive income (loss) for the three and nine months ended September 30, 2015 and 2014, its changes in equity for the nine months ended September 30, 2015, and its cash flows for the nine months ended September 30, 2015 and 2014. Results of operations for the interim periods presented are not necessarily indicative of operating results for the full year or any future periods.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and related notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Unless the context otherwise indicates, any reference in this Quarterly Report on Form 10-Q to the "Company" refers to SEACOR Holdings Inc. and its consolidated subsidiaries and any reference in this Quarterly Report on Form 10-Q to "SEACOR" refers to SEACOR Holdings Inc. Capitalized terms used and not specifically defined herein have the same meaning given those terms in the Company's Annual report on Form 10-K for the year ended December 31, 2014.

Revenue Recognition. The Company recognizes revenue when it is realized or realizable and earned. Revenue is realized or realizable and earned when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenue that does not meet these criteria is deferred until the criteria are met.

As of September 30, 2015, deferred revenues of \$6.8 million, included in other current liabilities, related to the time charter of several offshore support vessels scheduled to be paid through the conveyance of an overriding royalty interest (the "Conveyance") in developmental oil and gas producing properties operated by a customer in the U.S. Gulf of Mexico. Payments under the Conveyance, and the timing of such payments, were contingent upon production and energy sale prices. On August 17, 2012, the customer filed a voluntary petition for chapter 11 bankruptcy, which was converted to chapter 7 in June 2014. The Company is vigorously defending its interest in connection with the bankruptcy filing; however, payments received under the Conveyance subsequent to August 17, 2012 and during the 90 days prior to the filing are subject to bankruptcy court approval. The Company will recognize revenues when legally permissible as provided under the bankruptcy court rules. All costs and expenses related to these charters were recognized as incurred.

Property and Equipment. Equipment, stated at cost, is depreciated using the straight-line method over the estimated useful life of the asset to an estimated salvage value. With respect to each class of asset, the estimated useful life is based upon a newly built asset being placed into service and represents the time period beyond which it is typically not justifiable for the Company to continue to operate the asset in the same or similar manner. From time to time, the Company may acquire older assets that have already exceeded the Company's useful life policy, in which case the Company depreciates such assets based on its best estimate of remaining useful life, typically the next survey or certification date.

[Table of Contents](#)

As of September 30, 2015, the estimated useful life (in years) of each of the Company's major categories of new equipment was as follows:

Offshore support vessels (excluding wind farm utility)	20
Wind farm utility vessels	10
Inland river dry-cargo barges	20
Inland river liquid tank barges	25
Inland river towboats	25
Product tankers - U.S.-flag	25
Short-sea Container/RORO ⁽¹⁾ vessels	20
Harbor and offshore tugs	25
Ocean liquid tank barges	25
Terminal and manufacturing facilities	20

(1) Roll on/Roll off ("RORO").

Equipment maintenance and repair costs and the costs of routine overhauls, drydockings and inspections performed on vessels and equipment are charged to operating expense as incurred. Expenditures that extend the useful life or improve the marketing and commercial characteristics of equipment as well as major renewals and improvements to other properties are capitalized.

Certain interest costs incurred during the construction of equipment are capitalized as part of the assets' carrying values and are amortized over such assets' estimated useful lives. During the nine months ended September 30, 2015, capitalized interest totaled \$14.0 million.

Impairment of Long-Lived Assets. The Company performs an impairment analysis of long-lived assets used in operations, including intangible assets, when indicators of impairment are present. If the carrying value of the assets is not recoverable, as determined by the estimated undiscounted cash flows, the carrying value of the assets is reduced to fair value. Generally, fair value is determined using valuation techniques, such as expected discounted cash flows or appraisals, as appropriate. During the nine months ended September 30, 2015 and 2014, the Company recognized impairment charges of \$6.9 million and \$3.9 million, respectively, related to long-lived assets held for use.

Income Taxes. During the three and nine months ended September 30, 2015, the Company's effective tax rates of 21.4% and 30.3%, respectively, were primarily due to taxes not provided (benefited) on income (loss) attributable to noncontrolling interests (see Note 9).

Deferred Gains. The Company has sold certain equipment to its 50% or less owned companies, entered into vessel sale-leaseback transactions with finance companies, and provided seller financing on sales of its equipment to third parties and its 50% or less owned companies. A portion of the gains realized from these transactions were deferred and recorded in deferred gains and other liabilities in the accompanying condensed consolidated balance sheets. Deferred gain activity related to these transactions for the nine months ended September 30 was as follows (in thousands):

	2015	2014
Balance at beginning of period	\$ 159,911	\$ 124,763
Adjustments to deferred gains arising from asset sales	5,971	53,832
Amortization of deferred gains included in operating expenses as a reduction to rental expense	(16,897)	(12,196)
Amortization of deferred gains included in gains on asset dispositions and impairments, net	(5,437)	(3,484)
Reductions of deferred gains on repurchased equipment and other	(1,667)	—
Balance at end of period	\$ 141,881	\$ 162,915

Accumulated Other Comprehensive Loss. The components of accumulated other comprehensive loss were as follows:

	SEACOR Holdings Inc. Stockholders' Equity				Noncontrolling Interests		Other Comprehensive Loss
	Foreign Currency Translation Adjustments	Derivative Losses on Cash Flow Hedges, net	Other	Total	Foreign Currency Translation Adjustments	Other	
December 31, 2014	\$ (3,494)	\$ (16)	\$ 5	\$ (3,505)	\$ (86)	\$ 3	
Other comprehensive loss	(1,929)	(1,300)	—	(3,229)	(238)	—	\$ (3,467)
Income tax expense	675	455	—	1,130	—	—	1,130
Nine months ended September 30, 2015	\$ (4,748)	\$ (861)	\$ 5	\$ (5,604)	\$ (324)	\$ 3	\$ (2,337)

Earnings (Loss) Per Share. Basic earnings (loss) per common share of SEACOR are computed based on the weighted average number of common shares issued and outstanding during the relevant periods. Diluted earnings (loss) per common share of SEACOR are computed based on the weighted average number of common shares issued and outstanding plus the effect of potentially dilutive securities through the application of the treasury stock and if-converted methods. Dilutive securities for this purpose assumes restricted stock grants have vested, common shares have been issued pursuant to the exercise of outstanding stock options and common shares have been issued pursuant to the conversion of all outstanding convertible notes.

Computations of basic and diluted earnings (loss) per common share of SEACOR were as follows (in thousands, except share data):

	Three Months Ended September 30,			Nine Months Ended September 30,		
	Net Income attributable to SEACOR	Average O/S Shares	Per Share	Net Income (Loss) Attributable to SEACOR	Average O/S Shares	Per Share
2015						
Basic Weighted Average Common Shares Outstanding	\$ 6,965	17,294,927	\$ 0.40	\$ (11,917)	17,616,035	\$ (0.68)
Effect of Dilutive Share Awards:						
Options and Restricted Stock ⁽¹⁾	—	266,180		—	—	
Convertible Notes ⁽²⁾	—	—		—	—	
Diluted Weighted Average Common Shares Outstanding	\$ 6,965	17,561,107	\$ 0.40	\$ (11,917)	17,616,035	\$ (0.68)
2014						
Basic Weighted Average Common Shares Outstanding	\$ 27,463	19,196,121	\$ 1.43	\$ 60,039	19,761,620	\$ 3.04
Effect of Dilutive Share Awards:						
Options and Restricted Stock ⁽¹⁾	—	405,770		—	412,773	
Convertible Notes ⁽³⁾	5,320	6,025,851		9,481	4,200,525	
Diluted Weighted Average Common Shares Outstanding	\$ 32,783	25,627,742	\$ 1.28	\$ 69,520	24,374,918	\$ 2.85

- (1) For the three months ended September 30, 2015 and 2014, diluted earnings per common share of SEACOR excluded 846,934 and 457,651, respectively, of certain share awards as the effect of their inclusion in the computation would be anti-dilutive. For the nine months ended September 30, 2015 and 2014, diluted earnings per common share of SEACOR excluded 2,038,450 and 330,918, respectively, of certain share awards as the effect of their inclusion in the computation would be anti-dilutive.
- (2) For the three and nine months ended September 30, 2015, diluted earnings per common share of SEACOR excluded 4,200,525 common shares issuable pursuant to the Company's 2.5% Convertible Senior Notes and 1,825,326 common shares issuable pursuant to the Company's 3.0% Convertible Senior Notes as the effect of their inclusion in the computation would be anti-dilutive.
- (3) For the nine months ended September 30, 2014, diluted earnings per common share of SEACOR excluded 1,825,326 common shares issuable pursuant to the Company's 3.0% Convertible Senior Notes as the effect of their inclusion in the computation would be anti-dilutive.

New Accounting Pronouncements. On May 28, 2014, the Financial Accounting Standards Board ("FASB") issued a comprehensive new revenue recognition standard that will supersede nearly all existing revenue recognition guidance under generally accepted accounting principles in the United States. The core principal of the new standard is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The new standard is effective for annual and interim

periods beginning after December 15, 2017 and early adoption is permitted. The Company has not yet selected the method of adoption or determined what impact, if any, the adoption of the new standard will have on its consolidated financial position, results of operations or cash flows.

On February 18, 2015, the FASB issued an accounting standard update that amends the guidance for evaluating whether to consolidate certain legal entities. Specifically, the accounting standard update modifies the method for determining whether limited partnerships and similar legal entities are variable interest entities (“VIEs”) or voting interest entities. Further, it eliminates the presumption that a general partner should consolidate a limited partnership and impacts the consolidation analysis of reporting entities that are involved with VIEs, particularly those that have fee arrangements and related party relationships. The accounting standard update is effective for annual and interim periods beginning after December 15, 2015 and early adoption is permitted. The Company has not yet determined what impact, if any, the adoption of the accounting standard update will have on its consolidated financial position, results of operations or cash flows.

On April 7, 2015, the FASB issued final guidance to simplify the presentation of debt issuance costs by requiring debt issuance costs related to a recognized debt liability to be presented in the balance sheet as a direct deduction from the debt liability rather than as an asset. The recognition and measurement guidance for debt issuance costs have not changed. The new standard requires retrospective application and represents a change in accounting principle. The final guidance is effective for annual and interim periods beginning after December 15, 2015 and early adoption is permitted. As of September 30, 2015, the Company had \$11.8 million of debt issuance costs included in other assets in the accompanying condensed consolidated balance sheets.

2. BUSINESS ACQUISITIONS

Witt O'Brien's. On July 11, 2014, the Company acquired a controlling interest in Witt O'Brien's, a global leader in preparedness, crisis management, and disaster response and recovery, through the acquisition of its partner's 45.8% equity interest for \$35.4 million. The Company performed a fair value analysis and the purchase price was allocated to the acquired assets and liabilities based on their fair values resulting in \$48.1 million of goodwill being recorded. The preliminary fair value analysis was finalized in July 2015.

Purchase Price Allocation. The allocation of the purchase price for the Company's acquisitions during the nine months ended September 30, was as follows (in thousands):

	2015
Goodwill	\$ 3,157
Intangible Assets	(3,157)
Purchase price	\$ —

3. EQUIPMENT ACQUISITIONS, DISPOSITIONS AND IMPAIRMENTS

During the nine months ended September 30, 2015, capital expenditures were \$227.2 million. Equipment deliveries during the nine months ended September 30, 2015 included two fast support vessels, one supply vessel, two wind farm utility vessels, eight inland river 10,000 barrel liquid tank barges, four inland river specialty barges and eight inland river towboats.

During the nine months ended September 30, 2015, the Company sold two offshore support vessels, 35 10,000 barrel inland river tank barges, twelve inland river deck barges, four inland river towboats and other property and equipment for net proceeds of \$97.1 million (\$95.4 million in cash and \$1.7 million in seller financing) and gains of \$18.2 million, of which \$12.3 million were recognized currently and \$5.9 million were deferred. In addition, the Company recognized previously deferred gains of \$5.4 million.

During the nine months ended September 30, 2015, the Company recognized impairment charges of \$6.9 million related to the suspended construction of two offshore support vessels and to other marine equipment spares.

4. INVESTMENTS, AT EQUITY, AND ADVANCES TO 50% OR LESS OWNED COMPANIES

MexMar. MexMar operates offshore support vessels in Mexico. During the nine months ended September 30, 2015, the Company and its partner each contributed additional capital of \$7.9 million in cash to MexMar. In addition, during the nine months ended September 30, 2015, MexMar repaid \$15.0 million of seller financing provided by the Company.

Sea-Cat Crewzer II. Sea-Cat Crewzer II owns and operates two high speed offshore catamarans. During the nine months ended September 30, 2015, the Company received dividends of \$1.8 million from Sea-Cat Crewzer II.

Sea-Cat Crewzer. Sea-Cat Crewzer owns and operates two high speed offshore catamarans. During the nine months ended September 30, 2015, the Company received dividends of \$1.3 million from Sea-Cat Crewzer.

OSV Partners. OSV Partners owns and operates five offshore support vessels. During the nine months ended September 30, 2015, the Company contributed additional capital of \$1.4 million in cash to OSV Partners. During the nine months ended September 30, 2015, the Company sold one offshore support vessel for \$14.3 million to OSV Partners.

Falcon Global. On August 1, 2014, the Company and Montco Global, LLC formed Falcon Global LLC ("Falcon Global") to construct and operate foreign-flag liftboats. The Company has a 50% ownership interest in Falcon Global. During the nine months ended September 30, 2015, the Company and its partner each contributed additional capital of \$15.1 million in cash to Falcon Global.

Other Offshore Marine Services. During the nine months ended September 30, 2015, the Company received dividends of \$0.5 million from its other offshore marine services 50% or less owned companies.

SCFCo. SCFCo was established to operate inland river towboats and inland river dry-cargo barges on the Parana-Paraguay Rivers in South America and a terminal facility at Port Ibicuy, Argentina. During the nine months ended September 30, 2015, the Company and its partner each contributed additional capital of \$6.1 million in cash to SCFCo. As of September 30, 2015, the Company had outstanding loans and working capital advances to SCFCo Holdings of \$32.8 million.

Bunge-SCF Grain. Bunge-SCF Grain operates a terminal grain elevator in Fairmont City, Illinois. During the nine months ended September 30, 2015, Bunge-SCF Grain repaid \$2.0 million of working capital advances to the Company. As of September 30, 2015, the total balance of working capital advances outstanding was \$7.0 million.

SCF Bunge Marine. SCF Bunge Marine provides towing services on the U.S. Inland River Waterways, primarily the Mississippi River, Illinois River and Ohio River. During the nine months ended September 30, 2015, the Company received dividends of \$2.5 million from SCF Bunge Marine.

Dorian. Dorian owns and operates foreign-flag VLGC's servicing the international Liquefied Petroleum Trade. During the nine months ended September 30, 2015, the Company sold 150,000 shares of Dorian for \$2.3 million in cash reducing the Company's ownership to 15.9%. As of September 30, 2015, the Company's carrying value of its investment in Dorian was \$146.8 million and its fair value was \$94.6 million based on the quoted market price.

Trailer Bridge. Trailer Bridge is an operator of U.S.-flag deck and RORO barges offering transportation services between Jacksonville, Florida, San Juan, Puerto Rico and Puerto Plata, Dominican Republic. During the nine months ended September 30, 2015, Trailer Bridge repaid \$18.7 million of bridge financing provided by the Company.

SEA-Access. SEA-Access owns and operates a U.S.-flag crude tanker. During the nine months ended September 30, 2015, the Company received dividends of \$6.4 million and capital distributions of \$2.9 million from SEA-Access.

SeaJon. SeaJon owns an articulated tug-barge operating in the Great Lakes trade. During the nine months ended September 30, 2015, the Company received dividends of \$0.6 million from SeaJon.

SeaJon II. SeaJon II owns a U.S.-flag offshore tug on time charter to Trailer Bridge. During the nine months ended September 30, 2015, the Company and its partner each contributed additional capital of \$1.0 million in cash to SeaJon II.

Avion. Avion is a distributor of aircraft and aircraft related parts. During the nine months ended September 30, 2015, Avion repaid \$3.0 million of loans provided by the Company. As of September 30, 2015, the Company had no outstanding loans to Avion.

VA&E. On June 1, 2015, the Company contributed its 81.1% interest in the assets and liabilities of a previously controlled and consolidated subsidiary that operated its agricultural commodity trading and logistics business (including \$3.5 million of cash on hand) in exchange for a 41.3% ownership interest in each of VA&E Trading USA LLC and VA&E Trading LLP (collectively "VA&E"), two newly formed 50% or less owned companies with certain subsidiaries of ECOM Agroindustrial Corp. Ltd. and certain managers of VA&E. VA&E primarily focuses on the global origination, trading and merchandising of sugar, pairing producers and buyers and arranging for the transportation and logistics of the product. The Company provides an unsecured revolving credit facility to VA&E for up to \$6.0 million. During the nine months ended September 30, 2015, VA&E borrowed \$7.7 million and repaid \$7.4 million on the revolving credit facility. As of September 30, 2015, the Company had outstanding advances of \$2.7 million to VA&E.

Guarantees. The Company has guaranteed the payment of amounts owed under a vessel charter by one of its 50% or less owned companies, a construction contract for one of its 50% or less owned companies and amounts owed under banking facilities by certain of its 50% or less owned companies. As of September 30, 2015, the total amount guaranteed by the Company under these arrangements was \$71.4 million. In addition, as of September 30, 2015, the Company had uncalled capital commitments to two of its 50% or less owned companies totaling \$1.3 million.

5. LONG-TERM DEBT

7.375% Senior Notes. SEACOR's Board of Directors has previously authorized the Company to purchase any or all of its 7.375% Senior Notes due 2019, which may be acquired through open market purchases, privately negotiated transactions or otherwise, depending on market conditions. During the nine months ended September 30, 2015, the Company purchased \$22.5 million in principal amount of its 7.375% Senior Notes for \$23.3 million, resulting in a loss on debt extinguishment of \$0.9 million. As of September 30, 2015, the aggregate outstanding principal amount of the Company's 7.375% Senior Notes due 2019 was \$211.0 million.

Title XI Bonds. On June 1, 2014, SEA-Vista redeemed its Title XI bonds for \$99.9 million and recorded a \$29.0 million loss on extinguishment of debt for the then unamortized debt discount, the make whole premium paid and certain other redemption costs. As a consequence of redeeming the bonds prior to their scheduled maturity, SEA-Vista was required to pay a make whole premium in the amount of \$20.5 million. The redemption of the bonds released the liens on vessels supporting the Title XI financing and facilitated the issuance of the SEA-Vista Credit Facility (see note below). The redemption of the Title XI bonds was funded with advances from the SEA-Vista Credit Facility, its restricted cash and its Title XI reserve funds.

SEA-Vista Credit Facility. On April 15, 2015, SEA-Vista entered into a \$300.0 million credit agreement with a syndicate of lenders that matures in 2020 (the "SEA-Vista Credit Facility") and is secured by substantially all of SEA-Vista's tangible and intangible assets with no recourse to SEACOR or its other subsidiaries. The SEA-Vista Credit Facility is comprised of three tranches: (i) a \$100.0 million revolving credit facility (the "Revolving Loan"); (ii) an \$80.0 million term loan (the "Term A-1 Loan"); and (iii) a \$120.0 million delayed draw term loan (the "Term A-2 Loan"). The proceeds from the SEA-Vista Credit Facility were and will be used to fund SEA-Vista's working capital, general corporate purposes, capital commitments and the redemption of its Title XI Bonds (see note above). All three loans bear interest at a variable rate determined by reference to the London Interbank Offered Rate ("LIBOR") plus a margin of between 2.00% and 2.75% as determined in accordance with the SEA-Vista Credit Facility or, at the election of SEA-Vista, a Base Rate plus a margin of between 1.25% and 1.75% as determined in accordance with the SEA-Vista Credit Facility. A quarterly fee is payable on the unused commitments of all three tranches. SEA-Vista incurred \$3.1 million of issuance costs related to the SEA-Vista Credit Facility.

Each of the loans under the SEA-Vista Credit Facility will mature on April 15, 2020 (the "Maturity Date"), which may be accelerated in certain circumstances. The principal of the Term A-1 Loan is repayable commencing in June 2015 in quarterly installments of 1.25% of the aggregate principal amount of the Term A-1 Loan through June 30, 2017. Commencing on September 30, 2017, the principal of each of the Term A-1 Loan and the Term A-2 Loan is repayable in quarterly installments of 2.50% of the aggregate principal amount of such loans, with the outstanding principal balance, interest and all other amounts outstanding for all loans, including the Revolving Loan, due and payable on the Maturity Date.

Commencing with the calendar year ending December 31, 2016, SEA-Vista is required to make annual prepayments on the Term A-1 Loan and the Term A-2 Loan in an amount equal to 50% of annual excess cash flow (as defined), with prepayments continuing on an annual basis until an amount equal to \$75.0 million of the aggregate principal amount of the term loans has been repaid. Each such payment is to be made on or before May 15 of the subsequent calendar year (i.e., commencing May 15, 2017). In addition, SEA-Vista has the right to make optional prepayments on each of the loans without penalty in minimum amounts of \$1.0 million.

During the nine months ended September 30, 2015, SEA-Vista drew \$30.0 million and repaid \$17.0 million on the Revolving Loan, borrowed \$80.0 million and made scheduled repayments of \$2.0 million on the Term A-1 Loan and borrowed \$86.0 million under the Term A-2 Loan. As of September 30, 2015, SEA-Vista had \$121.0 million of borrowing capacity under the SEA-Vista Credit Facility. Subsequent to September 30, 2015, SEA-Vista borrowed \$26.1 million on the Term A-2 Loan.

The SEA-Vista Credit Facility contains various financial maintenance and restrictive covenants including: funded debt to adjusted EBITDA; adjusted EBITDA to interest expense plus amortization; aggregate collateral vessel value to the sum of funded debt and unused and unexpired commitments; and minimum liquidity. In addition, the SEA-Vista Credit Facility restricts the payment of dividends and distributions as defined in the SEA-Vista Credit Facility.

ICP Revolving Credit Facility. On April 9, 2015, ICP obtained a \$30.0 million revolving credit facility with JP Morgan Chase Bank, N.A. serving as Administrative Agent and Lender (the "ICP Revolving Credit Facility"), which includes an accordion feature whereby loan commitments available under the facility could be increased in the future by an additional \$20.0 million, subject to lender approval. The ICP Revolving Credit Facility will primarily be used to finance working capital requirements and for general corporate purposes. The ICP Revolving Credit Facility matures on April 9, 2018 and is secured by all assets of ICP, except real estate, with no recourse to SEACOR or its other subsidiaries. ICP has agreed not to pledge its real estate as collateral to any other party. The amount available for borrowing at any given time under the ICP Revolving Credit Facility is determined by a formula based on the current outstanding loan balance, the amount of ICP's eligible outstanding accounts receivable balances, and the carrying value of its eligible inventories, subject to additional reserves. Interest on outstanding loans would equate to the one-month LIBOR interest rate plus an applicable margin of 2.00%. A monthly commitment fee is payable based on the unused

amounts of the ICP Revolving Credit Facility. The ICP Revolving Credit Facility places restrictions on ICP including limitations on its ability to incur indebtedness, liens, restricted payments, and asset sales. Other restricted payments, including dividends, are subject to certain conditions, including undrawn availability under the ICP Revolving Credit Facility and ICP's pro forma fixed charge coverage ratio, as defined. In addition, ICP is subject to various covenants under this agreement, as defined. ICP incurred \$0.3 million in issuance costs related to the ICP Revolving Credit Facility. As of September 30, 2015, ICP had no borrowings on the ICP Revolving Credit Facility and had \$20.2 million of borrowing capacity.

Other. During the nine months ended September 30, 2015, the Company made other scheduled payments on long-term debt of \$5.5 million and made net payments of \$2.7 million under inventory financing arrangements. In addition, the Company received advances of \$4.9 million and made repayments of \$8.9 million on another subsidiary's revolving credit facility.

As of September 30, 2015, the Company had outstanding letters of credit totaling \$33.5 million with various expiration dates through 2019.

6. FAIR VALUE MEASUREMENTS

The fair value of an asset or liability is the price that would be received to sell an asset or transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Company utilizes a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value and defines three levels of inputs that may be used to measure fair value. *Level 1* inputs are quoted prices in active markets for identical assets or liabilities. *Level 2* inputs are observable inputs other than quoted prices included in *Level 1* that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs derived from observable market data. *Level 3* inputs are unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The Company's financial assets and liabilities as of September 30, 2015 that are measured at fair value on a recurring basis were as follows (in thousands):

	Level 1	Level 2	Level 3
ASSETS			
Marketable securities ⁽¹⁾	\$ 31,632	\$ —	\$ —
Derivative instruments (included in other receivables)	56	309	—
Construction reserve funds	253,470	—	—
LIABILITIES			
Short sale of marketable securities ⁽¹⁾ (included in other current liabilities)	8,584	—	—
Derivative instruments (included in other current liabilities)	2,404	386	—

(1) Marketable security gains (losses), net include unrealized losses of \$2.2 million and unrealized gains of \$0.3 million for the three months ended September 30, 2015 and 2014, respectively, related to marketable security positions held by the Company as of September 30, 2015. Marketable security gains (losses), net include unrealized losses of \$1.5 million and unrealized gains of \$0.5 million for the nine months ended September 30, 2015 and 2014, respectively, related to marketable security positions held by the Company as of September 30, 2015.

The estimated fair values of the Company's other financial assets and liabilities as of September 30, 2015 were as follows (in thousands):

	Carrying Amount	Estimated Fair Value		
		Level 1	Level 2	Level 3
ASSETS				
Cash and cash equivalents	\$ 456,805	\$ 456,805	\$ —	\$ —
Investments, at cost, in 50% or less owned companies (included in other assets)	13,139	<i>see below</i>		
Notes receivable from third parties (included in other receivables and other assets)	24,987	<i>see below</i>		
LIABILITIES				
Long-term debt, including current portion ⁽¹⁾	961,453	—	960,145	—

(1) The estimated fair value includes the conversion options on the Company's 2.5% and 3.0% Convertible Senior Notes.

The carrying value of cash and cash equivalents approximates fair value. The fair value of the Company's long-term debt was estimated based upon quoted market prices or by using discounted cash flow analyses based on estimated current rates for similar types of arrangements. It was not practicable to estimate the fair value of the Company's investments, at cost, in 50% or less owned companies because of the lack of quoted market prices and the inability to estimate fair value without incurring excessive costs. It was not practicable to estimate the fair value of the Company's notes receivable from third parties as the overall returns are uncertain due to certain provisions for additional payments contingent upon future events. Considerable judgment was required in developing certain of the estimates of fair value and, accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Company could realize in a current market exchange.

The Company's non-financial assets and liabilities that were measured at fair value during the nine months ended September 30, 2015 were as follows (in thousands):

	Level 1	Level 2	Level 3
ASSETS			
Construction in progress ⁽¹⁾	\$ —	\$ 200	\$ —
Investment in VA&E ⁽²⁾	—	6,802	—

(1) During the nine months ended September 30, 2015, the Company recognized impairment charges of \$6.6 million related to the suspended construction of two offshore support vessels. The fair value of the construction in progress was determined based on the scrap value of the hulls.

(2) During the nine months ended September 30, 2015, the Company marked its equity investment in VA&E to fair value upon the deconsolidation of a previously controlled subsidiary following its contribution to VA&E. The fair value was determined based on the value of the equity investment the Company received.

7. DERIVATIVE INSTRUMENTS AND HEDGING STRATEGIES

Derivative instruments are classified as either assets or liabilities based on their individual fair values. Derivative assets and liabilities are included in other receivables and other current liabilities, respectively, in the accompanying condensed consolidated balance sheets. The fair values of the Company's derivative instruments as of September 30, 2015 were as follows (in thousands):

	Derivative Asset	Derivative Liability
Options on equities and equity indices	\$ —	\$ 1,549
Forward currency exchange, option and future contracts	—	91
Interest rate swap agreements	—	295
Commodity swap, option and future contracts:		
Exchange traded	56	855
Non-exchange traded	309	—
	<u>\$ 365</u>	<u>\$ 2,790</u>

Cash Flow Hedges. Certain of the Company's 50% or less owned companies have interest rate swap agreements designated as cash flow hedges. By entering into these interest rate swap agreements, the Company's 50% or less owned companies have converted the variable LIBOR component of certain of their outstanding borrowings to a fixed interest rate. As of September 30, 2015, the interest rate swaps held by the Company's 50% or less owned companies were as follows:

- MexMar had four interest rate swap agreements with maturities in 2023 that call for MexMar to pay a fixed rate of interest ranging from 1.71% to 2.05% on the aggregate amortized notional value of \$120.9 million and receive a variable interest rate based on LIBOR on the aggregate amortized notional value.
- Sea-Cat Crewzer II had an interest rate swap agreement maturing in 2019 that calls for Sea-Cat Crewzer II to pay a fixed rate of interest of 1.52% on the amortized notional value of \$26.2 million and receive a variable interest rate based on LIBOR on the amortized notional value.
- Sea-Cat Crewzer had an interest rate swap agreement maturing in 2019 that calls for Sea-Cat Crewzer to pay a fixed rate of interest of 1.52% on the amortized notional value of \$23.3 million and receive a variable interest rate based on LIBOR on the amortized notional value.

[Table of Contents](#)

- SeaJon had an interest rate swap agreement maturing in 2017 that calls for SeaJon to pay a fixed interest rate of 2.79% on the amortized notional value of \$33.3 million and receive a variable interest rate based on LIBOR on the amortized notional value.

Other Derivative Instruments. The Company recognized gains (losses) on derivative instruments not designated as hedging instruments for the nine months ended September 30 as follows (in thousands):

	2015	2014
Options on equities and equity indices	\$ (699)	\$ 22
Forward currency exchange, option and future contracts	(474)	62
Interest rate swap agreements	(15)	(169)
Commodity swap, option and future contracts:		
Exchange traded	(2,606)	(2,996)
Non-exchange traded	1,499	400
	<u>\$ (2,295)</u>	<u>\$ (2,681)</u>

The Company holds positions in publicly traded equity options that convey the right or obligation to engage in future transactions in the underlying equity security or index. The Company's investment in equity options primarily includes positions in energy, marine, transportation and other related businesses. These contracts are typically entered into to mitigate the risk of changes in the market value of marketable security positions that the Company is either about to acquire, has acquired or is about to dispose.

The Company enters and settles forward currency exchange, option and future contracts with respect to various foreign currencies. As of September 30, 2015, the outstanding forward currency exchange contracts translated into a net purchase of foreign currencies with an aggregate U.S. dollar equivalent of \$2.3 million. These contracts enable the Company to buy currencies in the future at fixed exchange rates, which could offset possible consequences of changes in currency exchange rates with respect to the Company's business conducted outside of the United States. The Company generally does not enter into contracts with forward settlement dates beyond twelve to eighteen months.

The Company and certain of its 50% or less owned companies have entered into interest rate swap agreements for the general purpose of providing protection against increases in interest rates, which might lead to higher interest costs. As of September 30, 2015, the interest rate swaps held by the Company or its 50% or less owned companies were as follows:

- The Company had an interest rate swap agreement maturing in 2018 that calls for the Company to pay a fixed interest rate of 3.00% on the amortized notional value of \$6.8 million and receive a variable interest rate based on Euribor on the amortized notional value.
- OSV Partners had two interest rate swap agreements with maturities in 2020 that call for OSV Partners to pay a fixed rate of interest ranging from 1.89% to 2.27% on the aggregate amortized notional value of \$44.4 million and receive a variable interest rate based on LIBOR on the aggregate amortized notional value.
- Dynamic Offshore had an interest rate swap agreement maturing in 2018 that calls for Dynamic Offshore to pay a fixed interest rate of 1.30% on the amortized notional value of \$86.1 million and receive a variable interest rate based on LIBOR on the amortized notional value.
- Dorian had eight interest rate swap agreements with maturities ranging from 2018 to 2022 that call for Dorian to pay a fixed rate of interest ranging from 1.93% to 5.40% on the aggregate amortized notional value of \$364.9 million and receive a variable interest rate based on LIBOR on the aggregate amortized notional value.
- Falcon Global had an interest rate swap agreement maturing in 2022 that calls for Falcon Global to pay a fixed interest rate of 2.06% on the amortized notional value of \$62.5 million and receive a variable interest rate based on LIBOR on the amortized notional value.

The Company enters and settles positions in various exchange and non-exchange traded commodity swap, option and future contracts. ICP enters into exchange traded positions (primarily corn, ethanol and natural gas) to protect its raw material and finished goods inventory balances from market changes. VA&E enters into exchange traded positions to protect its fixed price future purchase and sale contracts for sugar as well as its inventory balances from market changes. As of September 30, 2015, the net market exposure to these commodities under these contracts was not material.

8. STOCK REPURCHASES

SEACOR's Board of Directors previously approved a securities repurchase plan that authorizes the Company to acquire shares of SEACOR common stock, par value \$0.01 per share ("Common Stock"), which may be acquired through open market purchases, privately negotiated transactions or otherwise, depending on market conditions. During the nine months ended September 30, 2015, the Company acquired 962,955 shares of Common Stock for treasury for an aggregate purchase price of \$62.2 million. As of September 30, 2015, the remaining authority under the repurchase plan was \$87.8 million.

During the nine months ended September 30, 2015, the Company also purchased 40,859 shares of Common Stock for treasury for an aggregate purchase price of \$3.0 million from its employees to cover their tax withholding obligations upon the lapsing of restrictions on share awards. These shares were purchased in accordance with the terms of the Company's Share Incentive Plans and not pursuant to the repurchase authorizations granted by SEACOR's Board of Directors.

9. NONCONTROLLING INTERESTS IN SUBSIDIARIES

Noncontrolling interests in the Company's consolidated subsidiaries were as follows (in thousands):

	Noncontrolling Interests	September 30, 2015	December 31, 2014
Offshore Marine Services:			
Windcat Workboats	25%	\$ 8,139	\$ 7,527
Other	1.8% – 33.3%	831	1,323
Inland River Services:			
Other	3.0% – 51.8%	1,107	1,088
Shipping Services:			
Sea-Vista	49%	81,038	89,680
Illinois Corn Processing	30%	22,232	16,397
Other	5.0% – 14.6%	433	1,978
		<u>\$ 113,780</u>	<u>\$ 117,993</u>

Windcat Workboats. Windcat Workboats owns and operates the Company's wind farm utility vessels that are primarily used to move personnel and supplies in the major offshore wind markets of Europe. As of September 30, 2015, the net assets of Windcat Workboats were \$32.6 million. During the nine months ended September 30, 2015, the net income of Windcat Workboats was \$3.4 million, of which \$0.9 million was attributable to noncontrolling interests. During the nine months ended September 30, 2014, the net loss of Windcat Workboats was \$1.0 million, of which \$0.2 million was attributable to noncontrolling interests.

SEA-Vista. SEA-Vista owns and operates the Company's fleet of U.S.-flag product tankers used in the U.S. coastwise trade of crude oil, petroleum and specialty chemical products and holds contracts for the construction of three 50,000 DWT (deadweight tonnage) product tankers. As of September 30, 2015, the net assets of SEA-Vista were \$165.4 million. During the nine months ended September 30, 2015, the net loss of SEA-Vista was \$9.6 million, of which \$4.7 million was attributable to noncontrolling interests. During the nine months ended September 30, 2014, the net income of SEA-Vista was \$12.9 million, of which \$6.3 million was attributable to noncontrolling interests.

Illinois Corn Processing. Illinois Corn Processing LLC ("ICP") owns and operates an alcohol manufacturing, storage and distribution facility located in Pekin, IL. As of September 30, 2015, the net assets of ICP were \$74.1 million. During the nine months ended September 30, 2015, the net income of ICP was \$19.4 million, of which \$5.8 million was attributable to noncontrolling interests. During the nine months ended September 30, 2014, the net income of ICP was \$29.0 million, of which \$7.5 million was attributable to noncontrolling interests.

10. MULTI-EMPLOYER PENSION PLANS

MNRPF. The cumulative funding deficits of the MNRPF were being recovered by additional annual contributions from current employers that are subject to adjustment following the results of tri-annual actuarial valuations. Prior to 2012, the Company was invoiced and expensed \$0.4 million for its allocated share of the then cumulative funding deficits. On February 25, 2015, the High Court approved a new deficit contribution scheme whereby any funding deficit of the MNRPF is to be remedied through funding contributions from all participating current and former employers. Based on an actuarial valuation in 2014, the cumulative funding deficit of the MNRPF was \$491.7 million (£325.0 million). On August 28, 2015, the Company was invoiced and recognized payroll related operating expenses of \$6.9 million (£4.5 million) for its allocated share of the cumulative funding deficit, including portions deemed uncollectible due to the non-existence or liquidation of certain former employers. The invoiced amounts are

[Table of Contents](#)

payable in four annual installments beginning in October of 2015. Depending upon the results of future actuarial valuations, it is possible that the plan could experience further funding deficits that will require the Company to recognize payroll related operating expenses in the periods invoices are received.

AMOPP. During the nine months ended September 30, 2015, the Company received notification from the AMOPP that the Company's withdrawal liability as of September 30, 2014 was \$39.9 million based on an actuarial valuation performed as of that date. That liability may change in future years based on various factors, primarily employee census. As of September 30, 2015, the Company has no intention to withdraw from the AMOPP and no deficit amounts have been invoiced. Depending upon the results of the future actuarial valuations and the ten-year rehabilitation plan, it is possible that the AMOPP will experience further funding deficits, requiring the Company to recognize additional payroll related operating expenses in the periods invoices are received or contribution levels are increased.

11. SHARE BASED COMPENSATION

Transactions in connection with the Company's share based compensation plans during the nine months ended September 30, 2015 were as follows:

Director stock awards granted	2,500
Employee Stock Purchase Plan ("ESPP") shares issued	39,384
Restricted stock awards granted	135,150
Restricted stock awards canceled	—
Shares released from Deferred Compensation Plan	217
Stock Option Activities:	
Outstanding as of December 31, 2014	1,546,508
Granted	149,735
Exercised	(40,365)
Expired	(7,466)
Outstanding as of September 30, 2015	1,648,412
Shares available for future grants and ESPP purchases as of September 30, 2015	808,025

12. COMMITMENTS AND CONTINGENCIES

The Company's capital commitments as of September 30, 2015 by year of expected payment were as follows (in thousands):

	2015	2016	2017	2018	2019	Total
Shipping Services	\$ 46,543	\$ 166,854	\$ 22,599	\$ —	\$ —	\$ 235,996
Offshore Marine Services	7,111	43,375	16,227	19,062	5,983	91,758
Inland River Services	4,092	1,468	—	—	—	5,560
Illinois Corn Processing	1,216	2,171	—	—	—	3,387
Other	369	—	—	—	—	369
	<u>\$ 59,331</u>	<u>\$ 213,868</u>	<u>\$ 38,826</u>	<u>\$ 19,062</u>	<u>\$ 5,983</u>	<u>\$ 337,070</u>

Shipping Services' capital commitments included three U.S.-flag product tankers, one U.S.-flag articulated tug barge and two U.S.-flag harbor tugs. Offshore Marine Services' capital commitments included six fast support vessels, four supply vessels and three wind farm utility vessels. Inland River Services' capital commitments included two inland river 30,000 barrel liquid tank barges and three inland river towboats. Of these commitments, approximately \$6.8 million may be terminated without further liability other than the payment of liquidated damages of \$0.7 million. Subsequent to September 30, 2015, the Company committed to purchase two offshore support vessels, 50 inland river dry-cargo barges, three inland river towboats and other equipment for \$95.7 million.

On July 20, 2010, two individuals purporting to represent a class commenced a civil action in the Civil District Court for the Parish of Orleans in the State of Louisiana, *John Wunstell, Jr. and Kelly Blanchard v. BP, et al.*, No. 2010-7437 (Division K) (the "*Wunstell Action*"), in which they assert, among other theories, that Mr. Wunstell suffered injuries as a result of his exposure to certain noxious fumes and chemicals in connection with the provision of remediation, containment and response services by

ORM during the *Deepwater Horizon* oil spill response and clean-up in the U.S. Gulf of Mexico. The action now is part of the overall multi-district litigation, *In re Oil Spill by the Oil Rig "Deepwater Horizon"*, MDL No. 2179 filed in the U.S. District Court for the Eastern District of Louisiana ("MDL"). The complaint also seeks to establish a "class-wide court-supervised medical monitoring program" for all individuals "participating in BP's Deepwater Horizon Vessels of Opportunity Program and/or Horizon Response Program" who allegedly experienced injuries similar to those of Mr. Wunstell. The Company believes this lawsuit has no merit and will continue to vigorously defend the action and pursuant to contractual agreements with the responsible party, the responsible party has agreed, subject to certain potential limitations, to indemnify and defend ORM in connection with the *Wunstell* Action and claims asserted in the MDL, discussed further below. Although the Company is unable to estimate the potential exposure, if any, resulting from this matter, the Company does not expect it will have a material effect on the Company's consolidated financial position, results of operations or cash flows.

On December 15, 2010, NRC, a subsidiary of the Company prior to the SES Business Transaction, and ORM were named as defendants in one of the several consolidated "master complaints" that have been filed in the overall MDL. The "B3" master complaint naming ORM and NRC asserts various claims on behalf of a putative class against multiple defendants concerning the clean-up activities generally, and the use of dispersants specifically. By court order, the *Wunstell* Action has been stayed as a result of the filing of the referenced master complaint. The Company believes that the claims asserted against ORM and NRC in the master complaint have no merit and on February 28, 2011, ORM and NRC moved to dismiss all claims against them in the master complaint on legal grounds. On September 30, 2011, the Court granted in part and denied in part the motion to dismiss that ORM and NRC had filed (an amended decision was issued on October 4, 2011 that corrected several grammatical errors and non-substantive oversights in the original order). Although the Court refused to dismiss the referenced master complaint in its entirety at that time, the Court did recognize the validity of the "derivative immunity" and "implied preemption" arguments that ORM and NRC advanced and directed ORM and NRC to (i) conduct limited discovery to develop evidence to support those arguments and (ii) then re-assert the arguments. The Court did, however, dismiss all state-law claims and certain other claims that had been asserted in the referenced master complaint, and dismissed the claims of all plaintiffs that have failed to allege a legally-sufficient injury. A schedule for limited discovery and motion practice was established by the Court and, in accordance with that schedule, ORM and NRC filed for summary judgment re-asserting their derivative immunity and implied preemption arguments on May 18, 2012. Those motions were argued on July 13, 2012 and are still pending decision. On July 17, 2014, the Court issued a pretrial order that established a protocol for disclosures clarifying the basis for the "B3" claims asserted against the Clean-Up Responder Defendants, including ORM and NRC, in the MDL. Under this protocol, Plaintiffs who satisfy certain criteria and believe they have specific evidence in support of their claims, including that any Clean-Up Responder Defendant(s) failed to act pursuant to the authority and direction of the federal government in conducting *Deepwater Horizon* oil spill remediation and clean-up operations, had to submit a sworn statement or face dismissal. Plaintiffs' deadline to serve such sworn statements in support of their claims was September 22, 2014, with the exception of several Plaintiffs who were granted an extension until October 10, 2014. On November 14, 2014, the Clean-Up Responder Defendants and the Plaintiffs' Steering Committee in the MDL submitted a joint report to the Court regarding claimants' compliance with the pretrial order. In this joint report, the parties (i) explained how they complied with the notice requirements of Court's July 17, 2014 pretrial order, (ii) noted that they had received 102 sworn statements in connection with this pretrial order, and (iii) provided the Court with an assessment of the sworn statements received. An additional sworn statement was received after the joint report was submitted. Procedures and next steps in connection with the "B3" claims will now be addressed by the Court. In addition to the indemnity provided to ORM, pursuant to contractual agreements with the responsible party, the responsible party has agreed, subject to certain potential limitations, to indemnify and defend ORM and NRC in connection with these claims in the MDL. Although the Company is unable to estimate the potential exposure, if any, resulting from this matter, the Company does not expect it will have a material effect on the Company's consolidated financial position, results of operations or cash flows.

Subsequent to the filing of the referenced master complaint, ten additional individual civil actions have been filed in or removed to the U.S. District Court for the Eastern District of Louisiana concerning the clean-up activities generally, which name the Company, ORM and/or NRC as defendants or third-party defendants and are part of the overall MDL. By court order, all of these additional individuals' cases have been stayed until further notice. On April 8, 2011, ORM was named as a defendant in *Johnson Bros. Corporation of Louisiana v. BP, PLC, et al.*, No. 2:11-CV-00781 (E.D. La.), which is a suit by an individual business seeking damages allegedly caused by a delay on a construction project alleged to have resulted from the clean-up operations. On April 13, 2011, the Company was named as a defendant in *Mason v. Seacor Marine, LLC*, No. 2:11-CV-00826 (E.D. La.), an action in which plaintiff, a former employee, alleges sustaining personal injuries in connection with responding to the explosion and fire, but also in the months thereafter in connection with the clean-up of oil and dispersants while a member of the crew of the *M/V Seacor Vanguard*. Although the case was subject to the MDL Court's stay of individual proceedings, the employee moved to sever his case from the MDL on July 16, 2012, which the Court denied on March 5, 2013. The employee filed a motion asking the Court to reconsider, which was denied on May 3, 2013, and the employee filed a Notice of Appeal to the U.S. Court of Appeals for the Fifth Circuit ("Fifth Circuit") on May 22, 2013. On July 24, 2013, the Company filed a motion to dismiss for lack of appellate jurisdiction, which was granted on August 16, 2013. The same Company employee has also brought a claim in the *M/V Seacor Vanguard* vessel's limitation action in the MDL which relates to any actions that may have been taken by vessels owned by the Company to extinguish the fire. On October 20, 2014, the Company moved for summary judgment, seeking dismissal with

prejudice of all of the Company employee's claims in the MDL in light of the Court's prior rulings. On May 22, 2015, the employee filed an opposition to the Company's motion as well as a motion to be recognized as an opt-out plaintiff or extend the opt-out deadline in connection with the below-referenced Medical Settlement, and on May 29, 2015, the Company filed a reply brief in further support of its motion. On June 10, 2015, the Court granted the Company's motion for summary judgment, dismissing all of the employee's claims against the Company and/or the *M/V Seacor Vanguard* with prejudice, and denied the employee's May 22, 2015 motion regarding his opt-out position in connection with the Medical Settlement. Final judgments for all of the employee's claims were issued by the Court on June 17, 2015, and the employee filed his Notice of Appeal on July 7, 2015. On April 15, 2011, ORM and NRC were named as defendants in *James and Krista Pearson v. BP Exploration & Production, Inc. ("BP Exploration")*, et al., No. 2:11-CV-00863 (E.D. La.), which is a suit by a husband and wife who allegedly participated in the clean-up effort and are seeking damages for personal injury, property damage to their boat, and amounts allegedly due under contract. On April 15, 2011, ORM and NRC were named as defendants in *Thomas Edward Black v. BP Exploration, et al.*, No. 2:11-CV-00867 (E.D. La.), which is a suit by an individual who is seeking damages for lost income because he allegedly could not find work in the fishing industry after the oil spill. On April 20, 2011, a complaint was filed in *Darnell Alexander, et al. v. BP, PLC, et al.*, No. 2:11-CV-00951 (E.D. La.) on behalf of 117 individual plaintiffs that sought to adopt the allegations made in the referenced master complaint against ORM and NRC (and the other defendants). Plaintiffs in this matter have since been granted leave to amend their complaint to include 410 additional individual plaintiffs. On October 3, 2012, ORM and NRC were served with a Rule 14(c) Third-Party Complaint by Jambon Supplier II, L.L.C. and Jambon Marine Holdings L.L.C. in their Limitation of Liability action, In the Matter of *Jambon Supplier II, L.L.C., et al.*, No. 2:12-CV-00426 (E.D. La.). This Third-Party Complaint alleges that if claimant David Dinwiddie, who served as a clean-up crewmember aboard the *M/V JAMBON SUPPLIER II* vessel during the clean-up efforts, was injured as a result of his exposure to dispersants and chemicals during the course and scope of his employment, then said injuries were caused by the third-party defendants. On November 25, 2012, ORM was named as a defendant in *Victoria Sanchez v. American Pollution Control Corp. et al.*, No. 2:12-CV-00164 (E.D. La.), a maritime suit filed by an individual who allegedly participated in the clean-up effort and sustained personal injuries during the course of such employment. On December 17, 2012, the Court unsealed a False Claims Act lawsuit naming ORM as a defendant, *Dillon v. BP, PLC et al.*, No. 2:12-CV-00987 (E.D. La.), which is a suit by an individual seeking damages and penalties arising from alleged false reports and claims made to the federal government with respect to the amount of oil burned and dispersed during the clean-up. The federal government has declined to intervene in this suit. On April 8, 2013, the Company, ORM, and NRC were named as defendants in *William and Dianna Fitzgerald v. BP Exploration et al.*, No. 2:13-CV-00650 (E.D. La.), which is a suit by a husband and wife whose son allegedly participated in the clean-up effort and became ill as a result of his exposure to oil and dispersants. Finally, on April 17, 2013, ORM was named as a defendant in *Danos et al. v. BP America Production Co. et al.*, No. 2:13-CV-03747 (removed to E.D. La.), which is a suit by eight individuals seeking damages for dispersant exposure either as a result of their work during clean-up operations or as a result of their residence in the Gulf. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that they will have a material effect on its consolidated financial position, results of operations or cash flows.

On February 18, 2011, Triton Asset Leasing GmbH, Transocean Holdings LLC, Transocean Offshore Deepwater Drilling Inc., and Transocean Deepwater Inc. (collectively "Transocean") named ORM and NRC as third-party defendants in a Rule 14(c) Third-Party Complaint in Transocean's own Limitation of Liability Act action, which is part of the overall MDL, tendering to ORM and NRC the claims in the referenced master complaint that have already been asserted against ORM and NRC. Transocean, Cameron International Corporation ("Cameron"), Halliburton Energy Services, Inc., and M-I L.L.C. ("M-I") also filed cross-claims against ORM and NRC for contribution and tort indemnity should they be found liable for any damages in Transocean's Limitation of Liability Act action and ORM and NRC asserted counterclaims against those same parties for identical relief. Weatherford U.S., L.P. and Weatherford International, Inc. (collectively "Weatherford") had also filed cross-claims against ORM and NRC, but moved to voluntarily dismiss these cross-claims without prejudice on February 8, 2013. The Court granted Weatherford's motion that same day. Transocean's limitation action, and thus the remainder of the aforementioned cross-claims, remains pending, although the Court has found Cameron and M-I to be not liable in connection with the *Deepwater Horizon* incident and resultant oil spill and dismissed these parties from the MDL. As indicated above, the Company is unable to estimate the potential exposure, if any, resulting from these actions but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

On November 16, 2012, 668 individuals who served as beach clean-up workers in Escambia County, Florida during the *Deepwater Horizon* oil spill response commenced a civil action in the Circuit Court for the First Judicial Circuit of Florida, in and for Escambia County, *Abney et al. v. Plant Performance Services, LLC et al.*, No. 2012-CA-002947, in which they allege, among other things, that ORM and other defendants engaged in the contamination of Florida waters and beaches in violation of Florida Statutes Chapter 376 and injured the plaintiffs by exposing them to dispersants during the course and scope of their employment. The case was removed to the U.S. District Court for the Northern District of Florida on January 13, 2013, *Abney et al. v. Plant Performance Services, LLC et al.*, No. 3:13-CV-00024 (N.D. Fla.), and on January 16, 2013, the United States Judicial Panel on Multidistrict Litigation ("JPML") issued a Conditional Transfer Order ("CTO") transferring the case to the MDL, subject to any timely-filed notice of objection from the plaintiffs. Upon receipt of a notice of objection from the plaintiffs, a briefing schedule was set by the JPML, and so a stay of proceedings and suspension of deadlines was sought and obtained by the Court in the U.S.

District Court for the Northern District of Florida. Following briefing before the JPML, the case was transferred to the U.S. District Court for the Eastern District of Louisiana and consolidated with the MDL on April 2, 2013. On April 22, 2013, a companion case to this matter was filed in the U.S. District Court for the Northern District of Florida, *Abood et al. v. Plant Performance Services, LLC et al.*, No. 3:13-CV-00284 (N.D. Fla.), which alleges identical allegations against the same parties but names an additional 174 plaintiffs, all of whom served as clean-up workers in various Florida counties during the *Deepwater Horizon* oil spill response. A CTO was issued by the JPML on May 2, 2013, no objection was filed by the plaintiffs, and the case was transferred to the U.S. District Court for the Eastern District of Louisiana and consolidated with the MDL on May 10, 2013. By court order, both of these matters have been stayed until further notice. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

Separately, on March 2, 2012, the Court announced that BP Exploration and BP America Production Company (“BP America”) (collectively “BP”) and the plaintiffs had reached an agreement on the terms of two proposed class action settlements that will resolve, among other things, plaintiffs' economic loss claims and clean-up related claims against BP. The parties filed their proposed settlement agreements on April 18, 2012 along with motions seeking preliminary approval of the settlements. The Court held a hearing on April 25, 2012 to consider those motions and preliminarily approved both settlements on May 2, 2012. A final fairness hearing took place on November 8, 2012. The Court granted final approval to the Economic and Property Damages Class Action Settlement (“E&P Settlement”) on December 21, 2012, and granted final approval to the Medical Benefits Class Action Settlement (“Medical Settlement”) on January 11, 2013. Both class action settlements were appealed to the Fifth Circuit. The Fifth Circuit affirmed the MDL Court’s decision concerning the E&P Settlement on January 10, 2014, and also affirmed the MDL Court’s decision concerning the interpretation of the E&P Settlement with respect to business economic loss claims on March 3, 2014. The appeal of the Medical Settlement, on the other hand, was voluntarily dismissed and the Medical Settlement became effective on February 12, 2014. The deadline for submitting claims in both settlements have passed. Although neither the Company, ORM, nor NRC are parties to the settlement agreements, the Company, ORM, and NRC are listed as released parties on the releases accompanying both settlement agreements. Consequently, class members who did not file timely requests for exclusion will be barred from pursuing economic loss, property damage, personal injury, medical monitoring, and/or other released claims against the Company, ORM, and NRC. The Company believes these settlements have reduced the Company's and ORM's potential exposure, if any, from some of the pending actions described above, and continues to evaluate the settlements' impacts on these cases. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

ORM recently settled three collective action lawsuits that asserted failure to pay overtime with respect to individuals who provided service on the *Deepwater Horizon* oil spill response under the Fair Labor Standards Act (“FLSA”). These cases: *Himmerite et al. v. O'Brien's Response Management Inc. et al.* (E.D. La., Case No.: 2:12-cv-01533) (the “*Himmerite* Action”); *Dennis Prejean v. O'Brien's Response Management Inc.* (E.D. La., Case No.: 2:12-cv-01045) (the “*Prejean* Action”); and *Baylor Singleton et. al. v. O'Brien's Response Management Inc. et. al.* (E.D. La., Case No.: 2:12-cv-01716) (the “*Singleton* Action”) were brought in the United States District Court for the Eastern District of Louisiana on behalf of certain individuals who worked on the *Deepwater Horizon* oil spill response. In the *Singleton* action, on February 13, 2014, the parties reached a full and final settlement agreement with respect to all of the Plaintiffs' individual claims for an undisclosed immaterial amount. On April 11, 2014, the Court approved the parties’ settlement and dismissed the *Singleton* Action with prejudice in its entirety, which extinguished the tolling of claims that had been in place for absent putative plaintiffs.

In the *Prejean* action, the parties reached a full and final settlement agreement on November 6, 2014 with respect to all of the Plaintiffs’ individual and collective action claims for an undisclosed immaterial amount. The Court approved the settlement and dismissed the *Prejean* Action with prejudice in its entirety on November 19, 2014.

In the *Himmerite* action, the parties reached a full and final settlement agreement on February 19, 2015 with respect to all of the Plaintiffs' claims for an undisclosed immaterial amount. The Court approved the settlement and dismissed the *Himmerite* Action with prejudice in its entirety on March 25, 2015, which also extinguished the tolling of claims which had been in place for absent putative plaintiffs.

In the course of the Company's business, it may agree to indemnify the counterparty to an agreement. If the indemnified party makes a successful claim for indemnification, the Company would be required to reimburse that party in accordance with the terms of the indemnification agreement. Indemnification agreements generally are subject to threshold amounts, specified claim periods and other restrictions and limitations.

In connection with the SES Business Transaction, the Company remains contingently liable for certain obligations, including potential liabilities relating to work performed in connection with the *Deepwater Horizon* oil spill response. Pursuant to the agreement governing the sale, the Company's potential liability to the purchaser may not exceed the consideration received by the Company for the SES Business Transaction. The Company is currently indemnified under contractual agreements with BP for the potential liabilities relating to work performed in connection with the *Deepwater Horizon* oil spill response.

[Table of Contents](#)

In the normal course of its business, the Company becomes involved in various other litigation matters including, among other things, claims by third parties for alleged property damages and personal injuries. Management has used estimates in determining the Company's potential exposure to these matters and has recorded reserves in its financial statements related thereto where appropriate. It is possible that a change in the Company's estimates of that exposure could occur, but the Company does not expect such changes in estimated costs would have a material effect on the Company's consolidated financial position, results of operations or cash flows.

13. SEGMENT INFORMATION

The Company's segment presentation and basis of measurement of segment profit or loss are as previously described in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. The following tables summarize the operating results, capital expenditures and assets of the Company's reportable segments.

	Offshore Marine Services \$'000	Inland River Services \$'000	Shipping Services \$'000	ICP \$'000	Other \$'000	Corporate and Eliminations \$'000	Total \$'000

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Form 10-Q includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Certain statements discussed in this Form 10-Q as well as in other reports, materials and oral statements that the Company releases from time to time constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Generally, words such as "anticipate," "estimate," "expect," "project," "intend," "believe," "plan," "target," "forecast" and similar expressions are intended to identify forward-looking statements. Such forward-looking statements concern management's expectations, strategic objectives, business prospects, anticipated economic performance and financial condition and other similar matters. These statements are not guarantees of future performance and actual events or results may differ significantly from these statements. Actual events or results are subject to significant known and unknown risks, uncertainties and other important factors, including decreased demand and loss of revenues as a result of a decline in the price of oil and an oversupply of newly built offshore support vessels, additional safety and certification requirements for drilling activities in the U.S. Gulf of Mexico and delayed approval of applications for such activities, the possibility of U.S. government implemented moratoriums directing operators to cease certain drilling activities in the U.S. Gulf of Mexico and any extension of such moratoriums (the "Moratoriums"), weakening demand for the Company's services as a result of unplanned customer suspensions, cancellations, rate reductions or non-renewals of vessel charters or failures to finalize commitments to charter vessels in response to a decline in the price of oil, an oversupply of newly built offshore support vessels and Moratoriums, increased government legislation and regulation of the Company's businesses could increase cost of operations, increased competition if the Jones Act is repealed, liability, legal fees and costs in connection with the provision of emergency response services, including the Company's involvement in response to the oil spill as a result of the sinking of the Deepwater Horizon in April 2010, decreased demand for the Company's services as a result of declines in the global economy, declines in valuations in the global financial markets and a lack of liquidity in the credit sectors, including, interest rate fluctuations, availability of credit, inflation rates, change in laws, trade barriers, commodity prices and currency exchange fluctuations, the cyclical nature of the oil and gas industry, activity in foreign countries and changes in foreign political, military and economic conditions, changes in foreign and domestic oil and gas exploration and production activity, safety record requirements related to Offshore Marine Services and Shipping Services, decreased demand for Shipping Services due to construction of additional refined petroleum product, natural gas or crude oil pipelines or due to decreased demand for refined petroleum products, crude oil or chemical products or a change in existing methods of delivery, compliance with U.S. and foreign government laws and regulations, including environmental laws and regulations and economic sanctions, the dependence of Offshore Marine Services, Inland River Services, Shipping Services and Illinois Corn Processing on several customers, consolidation of the Company's customer base, the ongoing need to replace aging vessels, industry fleet capacity, restrictions imposed by the Shipping Acts on the amount of foreign ownership of the Company's Common Stock, operational risks of Offshore Marine Services, Inland River Services and Shipping Services, effects of adverse weather conditions and seasonality, the level of grain export volume, the effect of fuel prices on barge towing costs, variability in freight rates for inland river barges, the effect of international economic and political factors on Inland River Services' operations, the effect of the spread between the input costs of corn and natural gas compared with the price of alcohol and distillers grains on Illinois Corn Processing's operations, adequacy of insurance coverage, the potential for a material weakness in the Company's internal controls over financial reporting and the Company's ability to remediate such potential material weakness, the attraction and retention of qualified personnel by the Company, and various other matters and factors, many of which are beyond the Company's control as well as those discussed in Item 1A (Risk Factors) of the Company's Annual report on Form 10-K. In addition, these statements constitute the Company's cautionary statements under the Private Securities Litigation Reform Act of 1995. It should be understood that it is not possible to predict or identify all such factors. Consequently, the preceding should not be considered to be a complete discussion of all potential risks or uncertainties. Forward-looking statements speak only as of the date of the document in which they are made. The Company disclaims any obligation or undertaking to provide any updates or revisions to any forward-looking statement to reflect any change in the Company's expectations or any change in events, conditions or circumstances on which the forward-looking statement is based, except as required by law. The forward-looking statements in this Form 10-Q should be evaluated together with the many uncertainties that affect the Company's businesses, particularly those mentioned under "Forward-Looking Statements" in Item 7 on the Company's Form 10-K and SEACOR's periodic reporting on Form 8-K (if any), which are incorporated by reference.

Overview

The Company's operations are divided into four main business segments – Offshore Marine Services, Inland River Services, Shipping Services, and Illinois Corn Processing ("ICP"). The Company also has activities that are referred to and described under Other that primarily include emergency and crisis services, agricultural commodity trading and logistics, lending and leasing activities and noncontrolling investments in various other businesses.

Consolidated Results of Operations

The sections below provide an analysis of the Company's operations by business segment for the three months ("Current Year Quarter") and nine months ("Current Nine Months") ended September 30, 2015 compared with the three months ("Prior Year Quarter") and nine months ("Prior Nine Months") ended September 30, 2014. See "Item 1. Financial Statements—Note 13. Segment Information" included in Part I of this Quarterly Report on Form 10-Q for consolidating segment tables for each period presented. Capitalized terms used and not specifically defined herein have the same meaning as such defined terms used in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Time Charter Operating Data. The table below sets forth the average rates per day worked, utilization and available days data for Offshore Marine Services' owned and leased-in vessels available for time charter in the periods indicated. The rate per day worked is the ratio of total time charter revenues to the aggregate number of days worked. Utilization is the ratio of aggregate number of days worked to total available days for all vessels. Available days represents the total calendar days for which vessels were owned or leased-in by Offshore Marine Services whether marketed, under repair, cold-stacked or otherwise out-of-service.

The Current Year Quarter and Current Nine Months results reflect extremely difficult conditions in the Company's offshore marine services business. Notwithstanding the challenges, offshore marine services continues to contribute to net cash provided by operating activities and has benefited from a fleet and geographical exposure that is diverse with minimal investment in boats that are highly dependent on deep water exploration activity. The Company expects market conditions in the offshore marine services business to deteriorate further over the next several quarters and plans on taking further measures to reduce costs.

Excluding the Company's cold-stacked and wind farm utility vessels, fleet utilization was 74% in the Current Year Quarter compared with 77% in the Prior Year Quarter and 74% in the Current Nine Months compared with 80% in the Prior Nine Months. The Company adheres to a strategy of cold-stacking vessels during periods of weak utilization in order to reduce the daily running costs of operating the fleet, primarily personnel, repairs and maintenance costs, as well as to defer some drydocking costs into future periods. The Company may maintain class certification on certain cold-stacked vessels thereby incurring some drydocking costs while cold-stacked. Cold-stacked vessels are returned to active service when market conditions improve or management anticipates improvement, typically leading to increased costs for drydocking, personnel, repair and maintenance in the periods immediately preceding the vessels return to service. As of September 30, 2015, the Company had 22 vessels cold-stacked compared with two vessels as of September 30, 2014. As of September 30, 2015, five of the Company's cold-stacked vessels were leased-in, of which four are expected to be returned to their owners (two during the remainder of 2015 and two in the first quarter of 2016).

Current Year Quarter compared with Prior Year Quarter

Operating Revenues. Operating revenues were \$39.6 million lower for the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$41.8 million lower for the Current Year Quarter compared with the Prior Year Quarter.

Excluding the contribution of the wind farm utility vessels, fleet utilization was 63% in the Current Year Quarter compared with 77% in the Prior Year Quarter, and average day rates were \$14,029 per day in the Current Year Quarter compared with \$15,863 per day in the Prior Year Quarter, a decrease of \$1,834 per day or 12%. The number of days available for charter was 8,788 in the Current Year Quarter compared with 9,788 in the Prior Year Quarter, a decrease of 1,000 days or 10%.

In the U.S., time charter revenues were \$24.8 million lower in the Current Year Quarter compared with the Prior Year Quarter primarily due to a \$14.6 million reduction from the Company's liftboat fleet. Time charter revenues were \$18.9 million lower due to reduced utilization, of which \$8.4 million was a consequence of cold-stacking vessels and \$10.5 million for vessels in active service. In addition, time charter revenues were \$3.7 million lower due to net fleet dispositions and \$3.6 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix. Time charter revenues were \$1.4 million higher due to an increase in average day rates primarily attributable to supporting offshore construction activity during the Current Year Quarter. The number of available days for charter was 3,206 in the Current Year Quarter compared with 3,883 in the Prior Year Quarter, a decrease of 677 or 17%. As of September 30, 2015, the Company had 19 vessels cold-stacked in this region compared with two vessels as of September 30, 2014.

In Africa, time charter revenues were \$3.9 million lower in the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$0.8 million lower due to reduced utilization, of which \$0.7 million was a consequence of cold-stacking vessels and \$0.1 million for vessels in active service. Time charter revenues were \$2.0 million lower due to a decrease in average day rates, and \$1.1 million lower due to the repositioning of vessels between geographic regions. As of September 30, 2015, the Company had two vessels cold-stacked in this region compared with none as of September 30, 2014.

In the Middle East, time charter revenues were \$0.7 million lower in the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$1.7 million lower due to reduced utilization, \$1.3 million lower due to reduced average day rates and \$0.4 million lower due to fleet dispositions. Time charter revenues were \$2.7 million higher due to the repositioning of vessels between geographic regions.

In Brazil, Mexico and Central and South America, time charter revenues were \$8.1 million lower in the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$1.1 million lower due to reduced average day rates, \$2.1 million lower due to fleet dispositions, and \$5.1 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix. Time charter revenues were \$0.2 million higher due to improved utilization. The number of available days for charter was 184 in the Current Year Quarter compared with 568 in the Prior Year Quarter, a decrease of 384 or 68%.

In Europe, excluding wind farm utility vessels, time charter revenues were \$2.3 million lower in the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$1.2 million lower due to reduced utilization, \$1.5 million lower due to unfavorable changes in currency exchange rates, and \$0.4 million higher due to improved average day rates. For the wind farm utility vessels, time charter revenues were \$0.5 million lower. Time charter revenues were \$0.7 million lower due to reduced utilization, \$0.5 million lower due to unfavorable changes in currency exchange rates, \$0.1 million lower due to reduced average day rates, and \$0.8 million higher due to fleet additions.

In Asia, time charter revenues were \$1.5 million lower in the Current Year Quarter compared with the Prior Year Quarter. Time charter revenues were \$1.1 million lower due to reduced average day rates, \$0.2 million lower due to the cold-stacking of vessels, and \$0.2 million lower due to the repositioning of vessels between geographic regions. As of September 30, 2015, the Company had one vessel cold-stacked in this region compared with none as of September 30, 2014.

Other operating revenues were \$2.2 million higher in the Current Year Quarter compared with the Prior Year Quarter, primarily due to an increase in bareboat charter revenue in Brazil, Mexico and Central and South America.

Operating Expenses. Operating expenses were \$20.5 million lower in the Current Year Quarter compared with the Prior Year Quarter. On an overall basis, operating expenses were \$6.2 million lower due to net fleet dispositions, \$8.5 million lower due to the effect of cold-stacking vessels, \$6.6 million lower for vessels in active service, \$6.1 million lower due to fewer repositionings of vessels between geographic regions and other changes in fleet mix, and \$6.9 million higher due to the recognition of a charge for a U.K. subsidiary's share of a funding deficit in the Merchant Navy Ratings Pension Fund ("MNRPF") for North Sea mariners arising from a 2014 actuarial valuation.

Personnel costs were \$2.8 million lower due to net fleet dispositions, \$4.0 million lower due to the effect of cold-stacking vessels, \$2.7 million lower for vessels in active service primarily due to favorable changes in currency exchange rates partially offset by increased seafarer compensation costs, \$3.1 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$6.9 million higher due to the above referenced recognition of a charge for a U.K. subsidiary's share of a funding deficit in the MNRPF. Repair and maintenance costs were \$0.4 million lower due to net fleet dispositions, \$1.5 million lower due to the effect of cold-stacking vessels, \$1.5 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$1.3 million lower for vessels in active service primarily due to reduced expenditures in all geographic regions except West Africa and the Middle East. Drydocking expenses were \$2.5 million lower due to the effect of cold-stacking vessels, \$1.7 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix and \$1.9 million lower for vessels in active service primarily due to reduced expenditures in all geographic regions. Insurance and loss reserves expenses were \$0.6 million lower due to the effect of cold-stacking vessels, \$0.3 million lower due to net fleet dispositions, and \$0.1 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix. Fuel, lubes and supplies expenses were \$0.7 million lower due to the effect of cold-stacking vessels, \$0.3 million lower due to net fleet dispositions, \$0.1 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$0.6 million lower for vessels in active service.

Administrative and General. Administrative and general expenses were \$1.8 million lower for the Current Year Quarter compared with the Prior Year Quarter primarily due to a reduction in shore side personnel costs and lower legal fees.

Gains on Asset Dispositions. During the Current Year Quarter, the Company recognized impairment charges of \$0.2 million related to other marine equipment spares. During the Prior Year Quarter, the Company sold three offshore support vessels and other equipment for net proceeds of \$53.4 million and gains of \$16.6 million, of which \$3.2 million were recognized currently and \$13.4 million were deferred.

Operating Income. Excluding the impact of gains (losses) on asset dispositions and impairments, net, operating loss as a percentage of operating revenues was 3% in the Current Year Quarter compared with operating income as a percentage of operating revenues of 10% in the Prior Year Quarter. The decrease was primarily due to lower time charter revenues and the \$6.9 million charge for funding the deficit in the MNRPF, partially offset by reductions in drydocking expenses and daily running costs as a consequence of cold-stacking additional vessels.

Current Nine Months compared with Prior Nine Months

Operating Revenues. Operating revenues were \$116.7 million lower for the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$121.8 million lower for the Current Nine Months compared with the Prior Nine Months.

Excluding the contribution of the wind farm utility vessels, fleet utilization was 65% in the Current Nine Months compared with 79% in the Prior Nine Months, and average day rates were \$13,708 per day in the Current Nine Months compared with \$15,202 per day in the Prior Nine Months, a decrease of \$1,494 per day or 10%. The number of days available for charter was 26,382 in the Current Nine Months compared with 29,922 in the Prior Nine Months, a decrease of 3,540 days or 12%.

In the U.S., time charter revenues were \$84.4 million lower in the Current Nine Months compared with the Prior Nine Months primarily due to a \$37.8 million reduction from the liftboat fleet, a \$22.4 million reduction from supply vessels and a \$14.1 million reduction from anchor handling towing supply vessels. Time charter revenues were \$57.5 million lower due to reduced utilization, of which \$31.3 million was a consequence of cold-stacking vessels and \$26.2 million for vessels in active service. In addition, time charter revenues were \$17.7 million lower due to net fleet dispositions and \$11.1 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix. Time charter revenues were \$1.9 million higher due to an increase in average day rates. The number of available days for charter was 9,373 in the Current Nine Months

compared with 12,705 in the Prior Nine Months, a decrease of 3,332 or 26%. As of September 30, 2015, the Company had 19 vessels cold-stacked in this region compared with two vessels as of September 30, 2014.

In Africa, time charter revenues were \$7.2 million lower in the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$2.9 million lower due to reduced utilization, of which \$0.7 million was a consequence of cold-stacking vessels and \$2.2 million for vessels in active service, \$4.0 million lower due to a decrease in average day rates and \$1.5 million lower due to the repositioning of vessels between geographic regions. Time charter revenues were \$1.2 million higher due to fleet additions. As of September 30, 2015, the Company had two vessels cold-stacked in this region compared with none as of September 30, 2014.

In the Middle East, time charter revenues were \$3.1 million lower in the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$2.8 million lower due to reduced utilization, \$2.3 million lower due to reduced average day rates, and \$0.7 million lower due to fleet dispositions. Time charter revenues were \$2.7 million higher due to the repositioning of vessels between geographic regions.

In Brazil, Mexico and Central and South America, time charter revenues were \$15.5 million lower in the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$2.2 million lower due to reduced average day rates, \$3.3 million lower due to fleet dispositions, and \$11.0 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix. Time charter revenues were \$1.0 million higher due to improved utilization. The number of available days for charter was 788 in the Current Nine Months compared with 1,462 in the Prior Nine Months, a decrease of 674 or 46%.

In Europe, excluding wind farm utility vessels, time charter revenues were \$6.3 million lower in the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$3.1 million lower due to reduced utilization and \$5.1 million lower due to unfavorable changes in currency exchange rates. Time charter revenues were \$1.9 million higher due to improved average day rates. For the wind farm utility vessels, time charter revenues were \$0.6 million lower. Time charter revenues were \$0.6 million lower due to reduced utilization, \$0.1 million lower due to reduced average day rates, and \$1.5 million lower due to unfavorable changes in currency exchange rates. Time charter revenues were \$1.6 million higher due to fleet additions.

In Asia, time charter revenues were \$4.7 million lower in the Current Nine Months compared with the Prior Nine Months. Time charter revenues were \$3.1 million lower due to reduced utilization, of which \$2.3 million was a consequence of cold-stacking vessels and \$0.8 million for vessels in active service, \$1.4 million lower due to reduced average day rates, and \$0.2 million lower due to the repositioning of vessels between geographic regions. As of September 30, 2015, the Company had one vessel cold-stacked in this region compared with none as of September 30, 2014.

Other operating revenues were \$5.1 million higher in the Current Six Months compared with the Prior Six Months, primarily due to an increase in bareboat charter revenue in Brazil, Mexico and Central and South America.

Operating Expenses. Operating expenses were \$61.8 million lower in the Current Nine Months compared with the Prior Nine Months. On an overall basis, operating expenses were \$23.6 million lower due to net fleet dispositions, \$16.4 million lower due to the effect of cold-stacking vessels, \$19.9 million lower for vessels in active service, \$8.8 million lower due to fewer repositionings of vessels between geographic regions and other changes in fleet mix, and \$6.9 million higher due to the recognition of a charge for a U.K. subsidiary's share of a funding deficit in the MNRFP for North Sea mariners arising from a 2014 actuarial valuation.

Personnel costs were \$11.2 million lower due to net fleet dispositions, \$9.1 million lower due to the effect of cold-stacking vessels, \$4.9 million lower for vessels in active service primarily due to favorable changes in currency exchange rates partially offset by increased seafarer compensation costs, \$5.3 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$6.9 million higher due to the above referenced recognition of a charge for a U.K. subsidiary's share of a funding deficit in the MNRPF. Repair and maintenance costs were \$3.2 million lower due to net fleet dispositions, \$2.1 million lower due to the effect of cold-stacking vessels, \$2.3 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$5.5 million lower for vessels in active service primarily due to reduced expenditures in all geographic regions except West Africa. Drydocking expenses were \$3.3 million lower due to the effect of cold-stacking vessels, \$1.2 million lower due to fleet dispositions, \$2.0 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix and \$8.8 million lower for vessels in active service primarily due to reduced expenditures in all geographic regions except Brazil, Mexico and Central and South America. Insurance and loss reserves expenses were \$1.1 million lower due to the effect of cold-stacking vessels, \$0.6 million lower due to net fleet dispositions, and \$0.9 million lower due to the repositioning of vessels between geographical regions and other changes in fleet mix. Fuel, lubes and supplies expenses were \$1.5 million lower due to the effect of cold-stacking vessels, \$1.2 million lower due to net fleet dispositions, \$0.6 million lower due to the repositioning of vessels between geographic regions and other changes in fleet mix, and \$2.4 million lower for vessels in active service. Leased-in equipment expenses were \$1.7 million lower due to an overall reduction in the number of leased-in vessels.

Administrative and General. Administrative and general expenses were \$4.1 million lower for the Current Nine Months compared with the Prior Nine Months primarily due to a reduction in shore side personnel costs and a provision for doubtful accounts in the Prior Nine Months.

Gains on Asset Dispositions. During the Current Nine Months, the Company sold two offshore support vessels and other equipment for net proceeds of \$15.7 million and gains of \$0.9 million, all of which were recognized currently. In addition, the Company recognized previously deferred gains of \$2.6 million and recorded \$6.9 million of impairment charges related to the suspended construction of two offshore support vessels and to other marine equipment spares. During the Prior Nine Months, the Company sold twelve offshore support vessels and other equipment for net proceeds of \$114.1 million and gains of \$38.8 million, of which \$13.4 million were recognized currently and \$25.4 million were deferred. In addition, the Company recognized previously deferred gains of \$1.1 million.

Operating Income. Excluding the impact of gains (losses) on asset dispositions and impairments, net, operating loss as a percentage of operating revenues was 6% in the Current Nine Months, compared with operating income as a percentage of operating revenues of 8% in the Prior Nine Months. The decrease was primarily due to lower time charter revenues and the \$6.9 million charge for funding the deficit in the MNRPF, partially offset by reductions in drydocking expenses and daily running costs as a consequence of cold-stacking additional vessels.

Other, Net. During the Prior Nine Months, the Company received net litigation settlement proceeds of \$14.7 million from an equipment supplier relating to the May 2008 mechanical malfunction and fire onboard the *SEACOR Sherman*, an anchor handling towing supply vessel then under construction. Upon settlement of the litigation, the Company recognized a gain of \$14.7 million.

The composition of Offshore Marine Services' fleet as of September 30 was as follows:

	Owned	Joint Ventured	Leased-in	Pooled or Managed	Total
2015					
Anchor handling towing supply	13	1	4	—	18
Fast support	22	7	2	3	34

Current Year Quarter compared with Prior Year Quarter

Operating Revenues. Operating revenues were \$5.6 million lower in the Current Year Quarter compared with the Prior Year Quarter. Operating revenues from the dry-cargo barge pools were \$4.3 million lower primarily due to reduced freight rates as a consequence of lower export demand. Operating revenues from liquid unit tow operations were \$0.8 million lower primarily due to the expiration of time charters. Operating revenues from the 10,000 barrel tank barge operations were \$2.3 million lower primarily due to the disposition of equipment. Operating revenues from terminal operations were \$1.0 million higher primarily due to increased throughput of steel tonnage. Operating revenues from inland river towboat operations and other activities were \$0.9 million higher primarily due to the completion of machine and repair services provided to third parties.

Operating Expenses. Operating expenses were \$4.5 million lower in the Current Year Quarter compared with the Prior Year Quarter. Barge logistics expenses were \$6.2 million lower primarily due to lower towing and switching costs as a consequence of reduced fuel prices and lower freight demand. Personnel costs were \$1.0 million higher primarily due to operating two additional towboats. Repairs and maintenance costs were \$0.9 million higher primarily due to U.S. Coast Guard inspections and related repair expenses. Fuel, lubes and supplies were \$0.5 million higher primarily due to the completion of machine and repair services provided to third parties. Leased-in equipment was \$0.4 million lower primarily due to returning two leased-in towboats to their owners.

Gains on Asset Dispositions. During the Current Year Quarter, the Company sold 34 10,000 barrel inland river tank barges and other equipment, and sold and leased back four inland river towboats, for net proceeds of \$72.4 million and gains of \$14.6 million, of which \$10.7 million were recognized currently and \$3.9 million were deferred. In addition, the Company recognized previously deferred gains of \$0.8 million. During the Prior Year Quarter, the Company sold 60 inland river dry-cargo barges, three inland river towboats and other equipment for net proceeds of \$44.5 million and gains of \$25.6 million, all of which were recognized currently. In addition, the Company recognized previously deferred gains of \$0.8 million.

Operating Income. Operating income as a percentage of operating revenues was 28% in the Current Year Quarter compared with 52% in the Prior Year Quarter. The decrease is primarily due to higher gains on asset dispositions in the Prior Year Quarter.

Foreign currency losses, net. Foreign Currency losses were \$1.7 million higher in the Current Year Quarter compared with the Prior Year Quarter primarily due to the weakening of the Colombian peso in relation to the U.S. dollar underlying certain of the Company's intercompany lease obligations.

Equity in Losses of 50% or Less Owned Companies, Net of Tax. During the Current Year Quarter, equity in losses in the 50% or less owned companies net of tax, primarily relate to the Company's joint venture operating on the Parana-Paraguay River Waterway and were primarily due to reduced activity as a result of the termination of four long-term time charter contracts in the fourth quarter of 2014 and the continued weakness in the iron ore and grain markets. The Company recognized interest income (not a component of segment profit) of \$1.1 million during the Current Year Quarter on notes due from this joint venture.

Current Nine Months compared with Prior Nine Months

Operating Revenues. Operating revenues were \$1.8 million lower in the Current nine months compared with the Prior year nine months. Operating revenues from the dry-cargo barge pools were \$3.1 million lower primarily due to reduced freight rates as a consequence of lower export demand. Operating revenues from chartering out dry-cargo barges were \$0.5 million lower primarily due to barges being redeployed into the dry-cargo barge pools. Operating revenues from liquid unit tow operations were \$2.1 million lower primarily due to higher out-of-service time for repairs and lower rates. Operating revenues from the 10,000 barrel tank barge operations were \$3.7 million lower primarily due to higher out-of-service time for U.S. Coast Guard inspections and related repairs, lower rates and the disposition of equipment. Operating revenues from terminal operations were \$2.7 million higher primarily due to increased throughput of steel tonnage. Operating revenues from fleetings operations were \$1.1 million lower primarily due to operating restrictions at certain of the Company's fleetings locations as a consequence of high water. Operating revenues from inland river towboat operations and other activities were \$5.1 million higher due primarily to the completion of machine and repair services provided to third parties.

Operating Expenses. Operating expenses were \$0.9 million higher in the Current nine months compared with the Prior Nine Months. Barge logistics expenses were \$7.4 million lower primarily due to lower towing and switching costs as a result of lower fuel costs. Personnel costs were \$2.6 million higher primarily due to operating three additional towboats, the return to service of one towboat following out-of-service time for repairs and increased terminal activity levels. Repairs and maintenance expenses were \$3.5 million higher primarily due to U.S. Coast Guard inspections and repair costs. Fuel, lubes and supplies were \$5.1 million higher primarily due to the completion of machine and repair services provided to third parties. Leased-in equipment expenses were \$2.6 million lower primarily due to returning two leased-in towboats to their owners.

Gains on Asset Dispositions. During the Current Nine Months, the Company sold 35 10,000 barrel inland river tank barges, 12 inland river deck barges and other equipment, and sold and leased back four inland river towboats, for net proceeds of \$81.5 million and gains of \$17.6 million, of which \$11.6 million were recognized currently and \$6.0 million were deferred. In addition, the Company recognized previously deferred gains of \$2.9 million. During the Prior Nine Months, the Company sold 60 inland river dry-cargo barges, three inland river towboats and other equipment for net proceeds of \$45.2 million and gains of \$25.7 million, all of which were recognized currently. In addition, the Company recognized previously deferred gains of \$2.4 million.

Operating Income. Operating income as a percentage of operating revenues was 14% in the Current Nine Months compared with 22% in the Prior Nine Months primarily due to higher gains on asset dispositions in the Prior Nine Months.

Foreign currency losses, net. Foreign Currency losses were \$2.8 million higher in the Current Nine Months compared with the Prior Nine Months primarily due to the weakening of the Colombian peso in relation to the U.S. dollar underlying certain of the Company's intercompany lease obligations.

Equity in Losses of 50% or Less Owned Companies, Net of Tax. During the Current Nine Months, equity in losses in the 50% or less owned companies net of tax, primarily relate to Company's joint venture operating on the Parana-Paraguay River Waterway and were primarily due to reduced activity as a result of the termination of four long-term time charter contracts in the fourth quarter of 2014 and the continued weakness in the iron ore and grain markets. During the Prior Nine Months, the equity in losses in the 50% or less owned companies net of tax, primarily relate to the Company's joint venture operating on the Parana-Paraguay River Waterway and were primarily from the continued intermediary operations following a structural failure of a terminal facility at the Port of Ibicuy Argentina. The Company recognized interest income (not a component of segment profit) of \$3.3 million and \$0.8 million during the Current Nine Months and Prior Nine Months, respectively, on notes due from this joint venture.

Fleet Count

The composition of Inland River Services' fleet as of September 30 was as follows:

	Owned	Joint Ventured	Leased-in	Pooled or Managed	Total
2015					
Dry-cargo barges	645	258	—	528	1,431
Liquid tank barges:					
10,000 barrel	18	—	—	—	18
30,000 barrel	19	—	8	—	27
Specialty barges	11	—	—	—	11
Towboats:					
4,000 hp - 6,250 hp	2	11	4	—	17
Less than 3,200 hp	14	2	—	—	16
	709	271	12	528	1,520
2014					
Dry-cargo barges	672	232	2	550	1,456
Liquid tank barges:					
10,000 barrel	44	—	—	1	45
30,000 barrel	21	—	8	—	29
Specialty barges	8	—	—	—	8
Deck barges	20	—	—	—	20
Towboats:					
4,000 hp - 6,250 hp	1	16	—	—	17
Less than 3,200 hp	13	2	—	—	15
	779	250	10	551	1,590

	<u>58,673</u>	<u>100</u>	<u>51,659</u>	<u>100</u>	<u>165,754</u>	<u>100</u>	<u>157,635</u>	<u>100</u>

Current Year Quarter compared with Prior Year Quarter

Operating Revenues. Operating revenues were \$7.0 million higher in the Current Year Quarter compared with the Prior Year Quarter primarily due to increased time charter rates for three U.S.-flag product tankers.

Operating Expenses. Operating expenses were \$1.4 million lower in the Current Year Quarter compared with the Prior Year Quarter primarily due to lower fuel prices.

Operating Income. Operating income as a percentage of operating revenues was 31% in the Current Year Quarter compared with 19% in the Prior Year Quarter. The increase was primarily due to higher time charter rates for U.S.-flag product tankers and lower fuel costs.

Other, net. During the Current Year Quarter, the Company received \$1.8 million for the early termination of a contract for two harbor tugs.

Equity in Earnings (Losses) of 50% or Less Owned Companies, Net of Tax. During the Current Year Quarter, equity in earnings of 50% or less owned companies, net of tax, primarily included \$4.0 million from Dorian and \$1.1 million from SEA-Access which commenced service in January 2015. During the Prior Year Quarter, equity in losses of 50% or less owned companies primarily included \$1.7 million of losses from Trailer Bridge. The Company recognized interest income (not a component of segment profit) of \$2.3 million in each of the Current Year Quarter and Prior Year Quarter on notes due from Trailer Bridge.

Current Year Nine Months compared with Prior Year Nine Months

Operating Revenues. Operating revenues were \$8.1 million higher in the Current Nine Months compared with the Prior Nine Months. Operating revenues for petroleum transportation were \$9.6 million higher primarily due to a \$15.3 million increase from higher time charter rates for three U.S.-flag product tankers, partially offset by a \$5.4 million reduction related to out-of-service days for drydocking. Operating revenues for harbor towing and bunkering were \$2.5 million lower primarily due to reduced fuel surcharges as a consequence of lower fuel prices, partially offset by an increase in harbor towing activities resulting from higher port traffic.

Operating Expenses. Operating expenses were \$16.8 million higher in the Current Nine Months compared with the Prior Nine Months. Drydocking costs were \$16.4 million higher primarily due to drydocking two U.S.-flag product tankers and higher drydocking costs for harbor tugs. Fuel, lube and supplies were \$3.0 million lower as a result of lower fuel prices. Other expenses were \$2.5 million higher primarily due to a payment related to the early termination of a time charter contract for one U.S.-flag product tanker.

Administrative and General. Administrative and general expenses were \$2.0 million higher in the Current Nine Months compared with the Prior Nine Months primarily due to higher wages and benefit costs, and legal fees.

Operating Income. Operating income as a percentage of operating revenues was 16% in the Current Nine Months compared with 22% in the Prior Nine Months. The decrease was primarily due to higher drydocking costs for two U.S.-flag product tankers and harbor tugs.

Other, net. During the Current Nine Months, the Company received \$1.8 million for the early termination of a contract for two harbor tugs. During the Prior Nine Months, the Company expensed a \$4.0 million non-refundable deposit upon the expiration of a new build construction option.

Equity in Earnings (Losses) of 50% or Less Owned Companies, Net of Tax. During the Current Nine Months, equity in earnings of 50% or less owned companies, net of tax, primarily included \$6.6 million from Dorian and \$2.8 million from SEA-Access. During the Prior Nine Months, equity in earnings of 50% or less owned companies, net of tax, primarily included \$5.4 million of losses from Trailer Bridge, partially offset by earnings of \$5.0 million from Dorian, which included a gain of \$4.3 million, net of tax, on the accretion of the Company's investment in Dorian following the completion of equity offerings in which the Company did not participate. The Company recognized interest income (not a component of segment profit) of \$7.1 million and \$6.5 million during the Current Nine Months and Prior Nine Months, respectively, on notes due from Trailer Bridge.

Fleet Count

The composition of Shipping Services' fleet as of September 30 was as follows:

	Owned	Joint Ventured	Leased-in	Total
2015				
Petroleum and Gas Transportation:				
Product tankers - U.S.-flag	4	—	3	7

Segment Profit ⁽²⁾	4,910	12	5,160	10	19,477	15	29,498	16

(1) ICP routinely enters into exchange traded positions (primarily corn, natural gas and ethanol derivatives) to offset its net commodity market exposure on raw material and finished goods inventory balances and forward purchase and sales commitments. As of September 30, 2015 and 2014, the net market exposure to corn under its contracts and its raw material and inventory balances was not material.

(2) Includes amounts attributable to both SEACOR and noncontrolling interests. See "Item 1. Financial Statements—Note 9. Noncontrolling Interests in Subsidiaries" included in Part I of this Quarterly Report on Form 10-Q.

Key Production and Sales Metrics. The table below sets forth, for the periods indicated, key production and sales metrics for Illinois Corn Processing:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Production Inputs:				
Corn (average price per bushel)	\$ 3.92	\$ 4.22	\$ 3.90	\$ 4.57
Production Output Sold:				
Alcohol (gallons in thousands)	14,570	18,325	48,801	58,304
Dried Distiller's Grains with Solubles ("DDGS") (tons)	55,200	59,817	159,948	176,601
Production Output Sales Price (excluding freight):				
Alcohol (per gallon)	\$ 1.84	\$ 2.13	\$ 1.84	\$ 2.35
Dried Distiller's Grains with Solubles ("DDGS") (per ton)	\$ 174.83	\$ 190.80	\$ 174.03	\$ 217.51

Segment Profit. Segment profit was \$4.9 million on operating revenues of \$40.3 million in the Current Year Quarter compared with \$5.2 million on operating revenues of \$53.8 million in the Prior Year Quarter and \$19.5 million on operating revenues of \$128.3 million in the Current Nine Months compared with \$29.5 million on operating revenues of \$185.3 million in the Prior Nine Months. Segment profit was lower in the Current Year Quarter compared with the Prior Year Quarter and in the Current Nine Months compared with the Prior Nine Months primarily due to historically high profit margins on U.S. fuel ethanol sales in the Prior Year Quarter and Prior Nine Months. During the Prior Year Quarter and Prior Nine Months, U.S. fuel ethanol stock levels were low relative to demand, which substantially increased fuel ethanol sales prices and margins until inventory stocks returned to higher levels. In addition, segment profit in the Current Nine Months included a \$4.1 million gain from a business interruption insurance claim.

Other Segment Profit (Loss)

Other activities ⁽²⁾	23	590	(766)	(1,374)
	<u>1,290</u>	<u>499</u>	<u>1,390</u>	<u>(12,363)</u>

(1) Includes amounts attributable to both SEACOR and noncontrolling interests. See "Item 1. Financial Statements—Note 9. Noncontrolling Interests in Subsidiaries" included in Part I of this Quarterly Report on Form 10-Q.

(2) The components of segment loss do not include interest income, which is a significant component of the Company's lending and leasing activities.

Emergency and Crisis Services. In the Current Year Quarter, segment profit is primarily due to increased response activities. In the Prior Nine Months, segment loss includes \$8.5 million of legal costs and provisions for certain litigation matters associated with the *Deepwater Horizon* oil spill.

Agricultural Commodity Trading and Logistics. Effective June 1, 2015, the Company contributed its agricultural commodity trading and logistics business into two newly formed 50% or less owned companies that primarily focus on the global origination, trading and merchandising of sugar, pairing producers and buyers and arranging for the transportation and logistics of the product.

Other Activities. In the Prior Nine Months, segment loss included a \$0.4 million impairment charge on an aircraft.

Corporate and Eliminations

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
	\$'000	\$'000	\$'000	\$'000
Corporate Expenses	(8,652)	(14,518)	(26,381)	(37,012)
Other Income (Expense):				
Derivative losses, net	(429)	(36)	(1,003)	(14)
Foreign currency losses, net	(244)	(591)	(771)	(699)
Other, net	(53)	(54)	63	(77)

Corporate Expenses. Corporate expenses in the Prior Year Quarter and Prior Nine Months included \$5.4 million of separation payments and the acceleration of share awards following the retirement of certain executives. Corporate expenses in the Prior Nine Months also included a \$3.5 million impairment charge on an aircraft.

Other Income (Expense) not included in Segment Profit (Loss)

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
	\$'000	\$'000	\$'000	\$'000
Interest income	5,065	4,463	14,118	14,536
Interest expense	(10,894)	(11,124)	(31,797)	(32,985)
Debt extinguishment losses	(434)	—	(29,970)	—
Marketable security gains (losses), net	(4,604)	9,693	(3,476)	15,494
	<u>(10,867)</u>	<u>3,032</u>	<u>(51,125)</u>	<u>(2,955)</u>

Debt Extinguishment Losses. SEA-Vista redeemed its Title XI bonds in the Current Nine Months for \$99.9 million and recorded a \$29.0 million loss on extinguishment of debt for the then unamortized debt discount, the make whole premium paid and certain other redemption costs. As a consequence of redeeming the bonds prior to their scheduled maturity, SEA-Vista was required to pay a make whole premium in the amount of \$20.5 million. In addition, the Company purchased \$22.5 million in principal amount of its 7.375% Senior Notes for \$23.3 million in the Current Nine Months resulting in a loss on debt extinguishment of \$0.9 million.

Marketable Securities Gains (losses), net. Marketable security losses, net in the Current Year Quarter and Current Nine Months and marketable security gains, net in the Prior Year Quarter and Prior Nine Months primarily relate to the Company's long positions in marketable securities, partially offset by the Company's short positions in marketable securities.

Income Tax Expense (Benefit)

During the Current Year Quarter and the Current Nine Months, the Company's effective tax rates of 21.4% and 30.3%, respectively, were primarily due to taxes not provided (benefited) on income (loss) attributable to noncontrolling interests.

Liquidity and Capital Resources
General

The Company's ongoing liquidity requirements arise primarily from working capital needs, capital commitments and its obligations to repay debt. The Company may use its liquidity to fund acquisitions, repurchase shares of SEACOR common stock, par value \$0.01 per share ("Common Stock"), for treasury, repurchase its outstanding notes or make other investments. Sources of liquidity are cash balances, marketable securities, construction reserve funds, and cash flows from operations. From time to time, the Company may secure additional liquidity through asset sales or the issuance of debt, shares of Common Stock or common stock of its subsidiaries, preferred stock or a combination thereof.

The Company's capital commitments as of September 30, 2015 by year of expected payment were as follows (in thousands):

	2015	2016	2017	2018	2019	Total
Shipping Services	\$ 46,543	\$ 166,854	\$ 22,599	\$ —	\$ —	\$ 235,996
Offshore Marine Services	7,111	43,375	16,227	19,062	5,983	91,758
Inland River Services	4,092	1,468	—	—	—	5,560
Illinois Corn Processing	1,216	2,171	—	—	—	3,387
Other	369	—	—	—	—	369
	<u>\$ 59,331</u>	<u>\$ 213,868</u>	<u>\$ 38,826</u>	<u>\$ 19,062</u>	<u>\$ 5,983</u>	<u>\$ 337,070</u>

Of these commitments, approximately \$6.8 million may be terminated without further liability other than the payment of liquidated damages of \$0.7 million. Subsequent to September 30, 2015, the Company committed to purchase additional equipment for \$95.7 million.

SEACOR's Board of Directors has previously authorized the Company to purchase any or all of its 7.375% Senior Notes due 2019, which may be acquired through open market purchases, privately negotiated transactions or otherwise, depending on market conditions. During the nine months ended September 30, 2015, the Company purchased \$22.5 million, in principal amount of its 7.375% Senior Notes for \$23.3 million. As of September 30, 2015, the aggregate outstanding principal amount of the Company's 7.375% Senior Notes due 2019 was \$211.0 million.

SEACOR's Board of Directors previously approved a securities repurchase plan that authorizes the Company to acquire Common Stock, which may be acquired through open market purchases, privately negotiated transactions or otherwise, depending on market conditions. As of September 30, 2015, the remaining authority under the repurchase plan was \$87.8 million.

As of September 30, 2015, the Company had outstanding letters of credit totaling \$33.5 million with various expiration dates through 2019 and outstanding debt of \$961.5 million.

As of September 30, 2015, the Company held balances of cash, cash equivalents, marketable securities and construction reserve funds totaling \$741.9 million. As of September 30, 2015, construction reserve funds of \$253.5 million were classified as non-current assets in the accompanying condensed consolidated balance sheets as the Company has the intent and ability to use the funds to acquire equipment. Additionally, the Company has \$141.2 million available under subsidiary credit facilities.

Summary of Cash Flows

	Nine Months Ended September 30,	
	2015	2014
	\$'000	\$'000
Cash flows provided by or (used in):		
Operating Activities	142,784	165,711
Investing Activities	(91,620)	(254,174)
Financing Activities	(27,136)	11,835
Effect of Exchange Rate Changes on Cash and Cash Equivalents	(1,406)	(1,175)
Increase (Decrease) in Cash and Cash Equivalents	22,622	(77,803)

Operating Activities

Cash flows provided by operating activities decreased by \$22.9 million in the Current Nine Months compared with the Prior Nine Months. The components of cash flows provided by (used in) operating activities during the Current Nine Months and Prior Nine Months were as follows:

	Nine Months Ended September 30,	
	2015	2014
	\$'000	\$'000
Operating income before depreciation, amortization and gains on asset dispositions and impairments, net	105,776	169,201
Changes in operating assets and liabilities before interest and income taxes	(2,717)	5,494
Purchases of marketable securities	(64,004)	(5,309)
Proceeds from sale of marketable securities	87,697	1,248
Cash settlements on derivative transactions, net	615	(2,933)
Dividends received from 50% or less owned companies	15,318	3,940
Interest paid, excluding capitalized interest ⁽¹⁾	(10,453)	(9,570)
Income taxes paid, net of amounts refunded	(4,879)	(22,947)
Other	15,431	26,587
Total cash flows provided by operating activities	142,784	165,711

(1) During the Current Nine Months and Prior Nine Months, capitalized interest paid and included in purchases of property and equipment was \$14.0 million and \$12.4 million, respectively.

Operating income before depreciation, amortization and gains on asset dispositions and impairments, net was \$63.4 million lower in the Current Nine Months compared with the Prior Nine Months. See "Consolidated Results of Operations" included above for a discussion of the results of each of the Company's business segments.

During the Current Nine Months, cash provided by operating activities included \$60.7 million to purchase marketable security long positions and \$3.3 million to cover marketable security short positions. During the Current Nine Months, cash provided by operating activities included \$79.9 million received from the sale of marketable security long positions and \$7.8 million received upon entering into marketable security short positions.

Other cash flows provided by operating activities in the Prior Nine Months include litigation settlement proceeds of \$14.7 million from an equipment supplier relating to the May 2008 mechanical malfunction and fire onboard the *SEACOR Sherman*, an anchor handling towing supply vessel then under construction.

Investing Activities

During the Current Nine Months, net cash used in investing activities was \$91.6 million primarily as follows:

- Capital expenditures were \$227.2 million, including \$57.8 million of progress payments toward the construction of three U.S.-flag product tankers. Equipment deliveries during the period included two fast support vessels, one supply vessel, two wind farm utility vessels, eight inland river 10,000 barrel liquid tank barges, four inland river specialty barges and eight inland river towboats.
- The Company sold two offshore support vessels, 35 10,000 barrel inland river tank barges, twelve inland river deck barges, four inland river towboats and other property and equipment for net proceeds of \$97.1 million (\$95.4 million in cash and \$1.7 million in seller financing).
- The Company made investments in and advances to its 50% or less owned companies of \$45.5 million, including \$15.1 million in Falcon Global, \$7.9 million in Mexmar, \$11.2 million in VA&E (including \$3.5 million of cash contributed), \$6.1 million in SCFCo, \$1.4 million in OSV Partners and \$1.0 million in SeaJon II.
- The Company received \$49.2 million from its 50% or less owned companies, including \$18.7 million from Trailer Bridge, \$15.0 million from Mexmar, \$7.4 million from VA&E, \$3.0 million from Avion, \$2.9 million from Sea-Access and \$2.0 million from Bunge-SCF Grain.
- The Company made investments of \$4.4 million in third party leases and notes receivable, net.
- The Company released restricted cash of \$16.4 million in conjunction with the redemption of the Title XI bonds discussed below.
- The Company utilized Title XI reserve funds of \$9.6 million in conjunction with the redemption of the Title XI bonds discussed below.
- Construction reserve funds account transactions included deposits of \$31.3 million and withdrawals of \$46.3 million.

During the Prior Nine Months, net cash used in investing activities was \$254.2 million primarily as follows:

- Capital expenditures were \$311.1 million, including \$151.0 million of progress payments toward the construction of three U.S.-flag product tankers. Equipment deliveries during the period included three fast support vessels, two supply vessels, one wind farm utility vessel, 65 inland river dry-cargo barges, one inland river towboat and one foreign-flag short-sea container/RORO vessel.
- The Company sold six fast support vessels, four supply vessels, one liftboat, one wind farm utility vessel, 60 inland river dry-cargo barges, three inland river towboats, one U.S.-flag product tanker, which was leased back, one foreign-flag short-sea container/RORO vessel and other property and equipment for net proceeds of \$207.7 million (\$182.1 million in cash and \$25.6 million in seller financing). The Company also received deposits of \$5.8 million related to future inland river dry-cargo barge sales.
- The Company made investments in and advances to its 50% or less owned companies of \$58.3 million, including \$39.3 million in SCFCo Holdings, \$4.8 million in Cleancor, \$3.5 million in OSV Partners and \$2.3 million in SeaJon.
- The Company received \$31.5 million from its 50% or less owned companies, including \$14.0 million from Sea-Cat Crewzer II, \$6.7 million from Mexmar, \$4.0 million from Avion and \$3.2 million from Sea-Cat Crewzer.
- The Company made investments of \$8.2 million in third party leases and notes receivable, net.
- Construction reserve funds account transactions included deposits of \$190.5 million and withdrawals of \$131.0 million.
- On July 11, 2014, the Company acquired a controlling interest in Witt O'Brien's through the acquisition of its partner's 45.8% equity interest for \$35.0 million, net of cash acquired of \$0.4 million.

Financing Activities

During the Current Nine Months, net cash used in financing activities was \$27.1 million. The Company:

- purchased \$22.5 million in principal amount of its 7.375% Senior Notes for \$23.3 million;
- redeemed its Title XI Bonds for \$99.9 million, including a make whole premium payment in the amount of \$20.5 million;

[Table of Contents](#)

- borrowed \$196.0 million and repaid \$19.0 million under the SEA-Vista Credit Facility, excluding issuance costs of \$3.1 million;
- received advances of \$4.9 million and made repayments of \$8.9 million on Witt O'Brien's revolving credit facility;
- made other scheduled payments on long-term debt and capital lease obligations of \$5.5 million;
- made net repayments on inventory financing arrangements of \$2.7 million;
- acquired 962,955 shares of Common Stock for treasury for an aggregate purchase price of \$62.2 million;
- acquired 40,859 shares of Common Stock for treasury for an aggregate purchase price of \$3.0 million from its employees to cover their tax withholding obligations upon the lapsing of restrictions on share awards. These shares were purchased in accordance with the terms of the Company's Share Incentive Plans and not pursuant to the repurchase authorizations granted by SEACOR's Board of Directors;
- received \$4.1 million from share award plans; and
- distributed \$4.7 million to non-controlling interests.

During the Prior Nine Months, net cash provided by financing activities was \$11.8 million. The Company:

- made scheduled payments on long-term debt and capital lease obligations of \$9.6 million;
- made net repayments on inventory financing arrangements of \$3.1 million;
- received advances of \$11.5 million and made repayments of \$9.4 million on Witt O'Brien's revolving credit facility;
- acquired for treasury 1,609,496 shares of Common Stock for an aggregate purchase price of \$127.2 million;
- received \$7.4 million from share award plans; and
- issued a noncontrolling interest in SEA-Vista for \$145.1 million, net of issue costs.

Short and Long-Term Liquidity Requirements

The Company anticipates it will continue to generate positive cash flows from operations and that these cash flows will be adequate to meet the Company's working capital requirements. In support of the Company's capital expenditure program or other liquidity requirements, the Company may: use its cash balances; sell securities; utilize construction reserve funds; sell assets; enter into sale and lease-back transactions for equipment; issue debt, shares of Common Stock or common stock of its subsidiaries or preferred stock; or a combination thereof.

The Company's long-term liquidity is dependent upon its ability to generate operating profits sufficient to meet its requirements for working capital, capital expenditures and a reasonable return on shareholders' investment. The Company believes that earning such operating profits will permit it to maintain its access to favorably priced debt, equity or off-balance sheet financing arrangements. Management will continue to closely monitor the Company's liquidity and the credit and capital markets.

Off-Balance Sheet Arrangements

For a discussion of the Company's off-balance sheet arrangements, refer to Liquidity and Capital Resources contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. There has been no material change in the Company's off-balance sheet arrangements during the Current Nine Months.

Contractual Obligations and Commercial Commitments

For a discussion of the Company's contractual obligations and commercial commitments, refer to Liquidity and Capital Resources contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. There has been no material change in the Company's contractual obligations and commercial commitments during the Current Nine Months except as noted below:

	Payments Due By Period				
	Total	Remainder of 2015	1-3 Years	3-5 Years	After 5 Years
	\$ '000	\$ '000	\$ '000	\$ '000	\$ '000
Contractual Obligations:					
Long-term Debt (including principal and interest) ⁽¹⁾	1,224,582	40,290	86,816	299,921	797,555

(1) Estimated maturities and interest payments of the Company's borrowings are based on contractual terms.

Contingencies

On July 20, 2010, two individuals purporting to represent a class commenced a civil action in the Civil District Court for the Parish of Orleans in the State of Louisiana, *John Wunstell, Jr. and Kelly Blanchard v. BP, et al.*, No. 2010-7437 (Division K) (the “Wunstell Action”), in which they assert, among other theories, that Mr. Wunstell suffered injuries as a result of his exposure to certain noxious fumes and chemicals in connection with the provision of remediation, containment and response services by ORM during the *Deepwater Horizon* oil spill response and clean-up in the U.S. Gulf of Mexico. The action now is part of the overall multi-district litigation, *In re Oil Spill by the Oil Rig "Deepwater Horizon"*, MDL No. 2179 filed in the U.S. District Court for the Eastern District of Louisiana (“MDL”). The complaint also seeks to establish a “class-wide court-supervised medical monitoring program” for all individuals “participating in BP’s Deepwater Horizon Vessels of Opportunity Program and/or Horizon Response Program” who allegedly experienced injuries similar to those of Mr. Wunstell. The Company believes this lawsuit has no merit and will continue to vigorously defend the action and pursuant to contractual agreements with the responsible party, the responsible party has agreed, subject to certain potential limitations, to indemnify and defend ORM in connection with the *Wunstell* Action and claims asserted in the MDL, discussed further below. Although the Company is unable to estimate the potential exposure, if any, resulting from this matter, the Company does not expect it will have a material effect on the Company’s consolidated financial position, results of operations or cash flows.

On December 15, 2010, NRC, a subsidiary of the Company prior to the SES Business Transaction, and ORM were named as defendants in one of the several consolidated “master complaints” that have been filed in the overall MDL. The “B3” master complaint naming ORM and NRC asserts various claims on behalf of a putative class against multiple defendants concerning the clean-up activities generally, and the use of dispersants specifically. By court order, the *Wunstell* Action has been stayed as a result of the filing of the referenced master complaint. The Company believes that the claims asserted against ORM and NRC in the master complaint have no merit and on February 28, 2011, ORM and NRC moved to dismiss all claims against them in the master complaint on legal grounds. On September 30, 2011, the Court granted in part and denied in part the motion to dismiss that ORM and NRC had filed (an amended decision was issued on October 4, 2011 that corrected several grammatical errors and non-substantive oversights in the original order). Although the Court refused to dismiss the referenced master complaint in its entirety at that time, the Court did recognize the validity of the “derivative immunity” and “implied preemption” arguments that ORM and NRC advanced and directed ORM and NRC to (i) conduct limited discovery to develop evidence to support those arguments and (ii) then re-assert the arguments. The Court did, however, dismiss all state-law claims and certain other claims that had been asserted in the referenced master complaint, and dismissed the claims of all plaintiffs that have failed to allege a legally-sufficient injury. A schedule for limited discovery and motion practice was established by the Court and, in accordance with that schedule, ORM and NRC filed for summary judgment re-asserting their derivative immunity and implied preemption arguments on May 18, 2012. Those motions were argued on July 13, 2012 and are still pending decision. On July 17, 2014, the Court issued a pretrial order that established a protocol for disclosures clarifying the basis for the “B3” claims asserted against the Clean-Up Responder Defendants, including ORM and NRC, in the MDL. Under this protocol, Plaintiffs who satisfy certain criteria and believe they have specific evidence in support of their claims, including that any Clean-Up Responder Defendant(s) failed to act pursuant to the authority and direction of the federal government in conducting *Deepwater Horizon* oil spill remediation and clean-up operations, had to submit a sworn statement or face dismissal. Plaintiffs’ deadline to serve such sworn statements in support of their claims was September 22, 2014, with the exception of several Plaintiffs who were granted an extension until October 10, 2014. On November 14, 2014, the Clean-Up Responder Defendants and the Plaintiffs’ Steering Committee in the MDL submitted a joint report to the Court regarding claimants’ compliance with the pretrial order. In this joint report, the parties (i) explained how they complied with the notice requirements of Court’s July 17, 2014 pretrial order, (ii) noted that they had received 102 sworn statements in connection with this pretrial order, and (iii) provided the Court with an assessment of the sworn statements received. An additional sworn statement was received after the joint report was submitted. Procedures and next steps in connection with the “B3” claims will now be addressed by the Court. In addition to the indemnity provided to ORM, pursuant to contractual agreements with the responsible party, the responsible party has agreed, subject to certain potential limitations, to indemnify and defend ORM and NRC in connection with these claims in the MDL. Although the Company is unable to estimate the potential exposure, if any, resulting from this matter, the Company does not expect it will have a material effect on the Company’s consolidated financial position, results of operations or cash flows.

Subsequent to the filing of the referenced master complaint, ten additional individual civil actions have been filed in or removed to the U.S. District Court for the Eastern District of Louisiana concerning the clean-up activities generally, which name the Company, ORM and/or NRC as defendants or third-party defendants and are part of the overall MDL. By court order, all of these additional individuals’ cases have been stayed until further notice. On April 8, 2011, ORM was named as a defendant in *Johnson Bros. Corporation of Louisiana v. BP, PLC, et al.*, No. 2:11-CV-00781 (E.D. La.), which is a suit by an individual business seeking damages allegedly caused by a delay on a construction project alleged to have resulted from the clean-up operations. On April 13, 2011, the Company was named as a defendant in *Mason v. Seacor Marine, LLC*, No. 2:11-CV-00826 (E.D. La.), an action in which plaintiff, a former employee, alleges sustaining personal injuries in connection with responding to the explosion and fire, but also in the months thereafter in connection with the clean-up of oil and dispersants while a member of the crew of the *M/V Seacor Vanguard*. Although the case was subject to the MDL Court’s stay of individual proceedings, the employee moved

to sever his case from the MDL on July 16, 2012, which the Court denied on March 5, 2013. The employee filed a motion asking the Court to reconsider, which was denied on May 3, 2013, and the employee filed a Notice of Appeal to the U.S. Court of Appeals for the Fifth Circuit ("Fifth Circuit") on May 22, 2013. On July 24, 2013, the Company filed a motion to dismiss for lack of appellate jurisdiction, which was granted on August 16, 2013. The same Company employee has also brought a claim in the *M/V Seacor Vanguard* vessel's limitation action in the MDL which relates to any actions that may have been taken by vessels owned by the Company to extinguish the fire. On October 20, 2014, the Company moved for summary judgment, seeking dismissal with prejudice of all of the Company employee's claims in the MDL in light of the Court's prior rulings. On May 22, 2015, the employee filed an opposition to the Company's motion as well as a motion to be recognized as an opt-out plaintiff or extend the opt-out deadline in connection with the below-referenced Medical Settlement, and on May 29, 2015, the Company filed a reply brief in further support of its motion. On June 10, 2015, the Court granted the Company's motion for summary judgment, dismissing all of the employee's claims against the Company and/or the *M/V Seacor Vanguard* with prejudice, and denied the employee's May 22, 2015 motion regarding his opt-out position in connection with the Medical Settlement. Final judgments for all of the employee's claims were issued by the Court on June 17, 2015, and the employee filed his Notice of Appeal on July 7, 2015. On April 15, 2011, ORM and NRC were named as defendants in *James and Krista Pearson v. BP Exploration & Production, Inc. ("BP Exploration")*, et al., No. 2:11-CV-00863 (E.D. La.), which is a suit by a husband and wife who allegedly participated in the clean-up effort and are seeking damages for personal injury, property damage to their boat, and amounts allegedly due under contract. On April 15, 2011, ORM and NRC were named as defendants in *Thomas Edward Black v. BP Exploration, et al.*, No. 2:11-CV-00867 (E.D. La.), which is a suit by an individual who is seeking damages for lost income because he allegedly could not find work in the fishing industry after the oil spill. On April 20, 2011, a complaint was filed in *Darnell Alexander, et al. v. BP, PLC, et al.*, No. 2:11-CV-00951 (E.D. La.) on behalf of 117 individual plaintiffs that sought to adopt the allegations made in the referenced master complaint against ORM and NRC (and the other defendants). Plaintiffs in this matter have since been granted leave to amend their complaint to include 410 additional individual plaintiffs. On October 3, 2012, ORM and NRC were served with a Rule 14(c) Third-Party Complaint by Jambon Supplier II, L.L.C. and Jambon Marine Holdings L.L.C. in their Limitation of Liability action, In the Matter of *Jambon Supplier II, L.L.C., et al.*, No. 2:12-CV-00426 (E.D. La.). This Third-Party Complaint alleges that if claimant David Dinwiddie, who served as a clean-up crewmember aboard the *M/V JAMBON SUPPLIER II* vessel during the clean-up efforts, was injured as a result of his exposure to dispersants and chemicals during the course and scope of his employment, then said injuries were caused by the third-party defendants. On November 25, 2012, ORM was named as a defendant in *Victoria Sanchez v. American Pollution Control Corp. et al.*, No. 2:12-CV-00164 (E.D. La.), a maritime suit filed by an individual who allegedly participated in the clean-up effort and sustained personal injuries during the course of such employment. On December 17, 2012, the Court unsealed a False Claims Act lawsuit naming ORM as a defendant, *Dillon v. BP, PLC et al.*, No. 2:12-CV-00987 (E.D. La.), which is a suit by an individual seeking damages and penalties arising from alleged false reports and claims made to the federal government with respect to the amount of oil burned and dispersed during the clean-up. The federal government has declined to intervene in this suit. On April 8, 2013, the Company, ORM, and NRC were named as defendants in *William and Dianna Fitzgerald v. BP Exploration et al.*, No. 2:13-CV-00650 (E.D. La.), which is a suit by a husband and wife whose son allegedly participated in the clean-up effort and became ill as a result of his exposure to oil and dispersants. Finally, on April 17, 2013, ORM was named as a defendant in *Danos et al. v. BP America Production Co. et al.*, No. 2:13-CV-03747 (removed to E.D. La.), which is a suit by eight individuals seeking damages for dispersant exposure either as a result of their work during clean-up operations or as a result of their residence in the Gulf. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that they will have a material effect on its consolidated financial position, results of operations or cash flows.

On February 18, 2011, Triton Asset Leasing GmbH, Transocean Holdings LLC, Transocean Offshore Deepwater Drilling Inc., and Transocean Deepwater Inc. (collectively "Transocean") named ORM and NRC as third-party defendants in a Rule 14(c) Third-Party Complaint in Transocean's own Limitation of Liability Act action, which is part of the overall MDL, tendering to ORM and NRC the claims in the referenced master complaint that have already been asserted against ORM and NRC. Transocean, Cameron International Corporation ("Cameron"), Halliburton Energy Services, Inc., and M-I L.L.C. ("M-I") also filed cross-claims against ORM and NRC for contribution and tort indemnity should they be found liable for any damages in Transocean's Limitation of Liability Act action and ORM and NRC asserted counterclaims against those same parties for identical relief. Weatherford U.S., L.P. and Weatherford International, Inc. (collectively "Weatherford") had also filed cross-claims against ORM and NRC, but moved to voluntarily dismiss these cross-claims without prejudice on February 8, 2013. The Court granted Weatherford's motion that same day. Transocean's limitation action, and thus the remainder of the aforementioned cross-claims, remains pending, although the Court has found Cameron and M-I to be not liable in connection with the *Deepwater Horizon* incident and resultant oil spill and dismissed these parties from the MDL. As indicated above, the Company is unable to estimate the potential exposure, if any, resulting from these actions but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

On November 16, 2012, 668 individuals who served as beach clean-up workers in Escambia County, Florida during the *Deepwater Horizon* oil spill response commenced a civil action in the Circuit Court for the First Judicial Circuit of Florida, in and for Escambia County, *Abney et al. v. Plant Performance Services, LLC et al.*, No. 2012-CA-002947, in which they allege, among other things, that ORM and other defendants engaged in the contamination of Florida waters and beaches in violation of Florida

Statutes Chapter 376 and injured the plaintiffs by exposing them to dispersants during the course and scope of their employment. The case was removed to the U.S. District Court for the Northern District of Florida on January 13, 2013, *Abney et al. v. Plant Performance Services, LLC et al.*, No. 3:13-CV-00024 (N.D. Fla.), and on January 16, 2013, the United States Judicial Panel on Multidistrict Litigation (“JPML”) issued a Conditional Transfer Order (“CTO”) transferring the case to the MDL, subject to any timely-filed notice of objection from the plaintiffs. Upon receipt of a notice of objection from the plaintiffs, a briefing schedule was set by the JPML, and so a stay of proceedings and suspension of deadlines was sought and obtained by the Court in the U.S. District Court for the Northern District of Florida. Following briefing before the JPML, the case was transferred to the U.S. District Court for the Eastern District of Louisiana and consolidated with the MDL on April 2, 2013. On April 22, 2013, a companion case to this matter was filed in the U.S. District Court for the Northern District of Florida, *Abood et al. v. Plant Performance Services, LLC et al.*, No. 3:13-CV-00284 (N.D. Fla.), which alleges identical allegations against the same parties but names an additional 174 plaintiffs, all of whom served as clean-up workers in various Florida counties during the *Deepwater Horizon* oil spill response. A CTO was issued by the JPML on May 2, 2013, no objection was filed by the plaintiffs, and the case was transferred to the U.S. District Court for the Eastern District of Louisiana and consolidated with the MDL on May 10, 2013. By court order, both of these matters have been stayed until further notice. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

Separately, on March 2, 2012, the Court announced that BP Exploration and BP America Production Company (“BP America”) (collectively “BP”) and the plaintiffs had reached an agreement on the terms of two proposed class action settlements that will resolve, among other things, plaintiffs' economic loss claims and clean-up related claims against BP. The parties filed their proposed settlement agreements on April 18, 2012 along with motions seeking preliminary approval of the settlements. The Court held a hearing on April 25, 2012 to consider those motions and preliminarily approved both settlements on May 2, 2012. A final fairness hearing took place on November 8, 2012. The Court granted final approval to the Economic and Property Damages Class Action Settlement (“E&P Settlement”) on December 21, 2012, and granted final approval to the Medical Benefits Class Action Settlement (“Medical Settlement”) on January 11, 2013. Both class action settlements were appealed to the Fifth Circuit. The Fifth Circuit affirmed the MDL Court’s decision concerning the E&P Settlement on January 10, 2014, and also affirmed the MDL Court’s decision concerning the interpretation of the E&P Settlement with respect to business economic loss claims on March 3, 2014. The appeal of the Medical Settlement, on the other hand, was voluntarily dismissed and the Medical Settlement became effective on February 12, 2014. The deadline for submitting claims in both settlements have passed. Although neither the Company, ORM, nor NRC are parties to the settlement agreements, the Company, ORM, and NRC are listed as released parties on the releases accompanying both settlement agreements. Consequently, class members who did not file timely requests for exclusion will be barred from pursuing economic loss, property damage, personal injury, medical monitoring, and/or other released claims against the Company, ORM, and NRC. The Company believes these settlements have reduced the Company's and ORM's potential exposure, if any, from some of the pending actions described above, and continues to evaluate the settlements' impacts on these cases. The Company is unable to estimate the potential exposure, if any, resulting from these matters but believes they are without merit and does not expect that these matters will have a material effect on its consolidated financial position, results of operations or cash flows.

ORM recently settled three collective action lawsuits that asserted failure to pay overtime with respect to individuals who provided service on the *Deepwater Horizon* oil spill response under the Fair Labor Standards Act (“FLSA”). These cases: *Himmerite et al. v. O'Brien's Response Management Inc. et al.* (E.D. La., Case No.: 2:12-cv-01533) (the “Himmerite Action”); *Dennis Prejean v. O'Brien's Response Management Inc. et al.* (E.D. La., Case No.: 2:12-cv-01045) (the “Prejean Action”); and *Baylor Singleton et al. v. O'Brien's Response Management Inc. et al.* (E.D. La., Case No.: 2:12-cv-01716) (the “Singleton Action”) were brought in the United States District Court for the Eastern District of Louisiana on behalf of certain individuals who worked on the *Deepwater Horizon* oil spill response. In the *Singleton* action, on February 13, 2014, the parties reached a full and final settlement agreement with respect to all of the Plaintiffs' individual claims for an undisclosed immaterial amount. On April 11, 2014, the Court approved the parties’ settlement and dismissed the *Singleton* Action with prejudice in its entirety, which extinguished the tolling of claims that had been in place for absent putative plaintiffs.

In the *Prejean* action, the parties reached a full and final settlement agreement on November 6, 2014 with respect to all of the Plaintiffs' individual and collective action claims for an undisclosed immaterial amount. The Court approved the settlement and dismissed the *Prejean* Action with prejudice in its entirety on November 19, 2014.

In the *Himmerite* action, the parties reached a full and final settlement agreement on February 19, 2015 with respect to all of the Plaintiffs' claims for an undisclosed immaterial amount. The Court approved the settlement and dismissed the *Himmerite* Action with prejudice in its entirety on March 25, 2015, which also extinguished the tolling of claims which had been in place for absent putative plaintiffs.

In the course of the Company's business, it may agree to indemnify the counterparty to an agreement. If the indemnified party makes a successful claim for indemnification, the Company would be required to reimburse that party in accordance with the terms of the indemnification agreement. Indemnification agreements generally are subject to threshold amounts, specified claim periods and other restrictions and limitations.

In connection with the SES Business Transaction, the Company remains contingently liable for certain obligations, including potential liabilities relating to work performed in connection with the *Deepwater Horizon* oil spill response. Pursuant to the agreement governing the sale, the Company's potential liability to the purchaser may not exceed the consideration received by the Company for the SES Business Transaction. The Company is currently indemnified under contractual agreements with BP for the potential liabilities relating to work performed in connection with the *Deepwater Horizon* oil spill response.

In the normal course of its business, the Company becomes involved in various other litigation matters including, among other things, claims by third parties for alleged property damages and personal injuries. Management has used estimates in determining the Company's potential exposure to these matters and has recorded reserves in its financial statements related thereto where appropriate. It is possible that a change in the Company's estimates of that exposure could occur, but the Company does not expect such changes in estimated costs would have a material effect on the Company's consolidated financial position, results of operations or cash flows.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

For a discussion of the Company's exposure to market risk, refer to Item 7A, Quantitative and Qualitative Disclosures About Market Risk, contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. There has been no material change in the Company's exposure to market risk during the Current Nine Months.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

With the participation of the Company's principal executive officer and principal financial officer, management evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of September 30, 2015. Based on their evaluation, the Company's principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures were effective as of September 30, 2015.

The Company's disclosure controls and procedures have been designed to ensure that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Security and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by the Company in the reports it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, to allow timely decisions regarding required disclosures. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those internal control systems determined to be effective can provide only a level of reasonable assurance with respect to financial statement preparation and presentation.

Changes in Internal Control Over Financial Reporting

There have been no changes in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the three months ended September 30, 2015 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II—OTHER INFORMATION**ITEM 1. LEGAL PROCEEDINGS**

For a description of developments with respect to pending legal proceedings described in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, see Part I, Item 2, "Management's Discussion and Analysis of Financial Condition and Results of Operations" in this Quarterly Report on Form 10-Q.

ITEM 1A. RISK FACTORS

There have been no material changes with respect to this item from the disclosure included in the Company's 2014 Annual Report on Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

(c) This table provides information with respect to purchases by the Company of shares of its Common Stock during the Current Year Quarter:

<u>Period</u>	<u>Total Number Of Shares Purchased⁽¹⁾</u>	<u>Average Price Paid Per Share</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs</u>	<u>Maximum Value of Shares that may Yet be Purchased under the Plans or Programs⁽¹⁾</u>
July 1 – 31, 2015	195,451	\$ 63.86	—	\$ 117,591,399
August 1 – 31, 2015	291,107	\$ 61.33	—	\$ 99,736,436
September 1 – 30, 2015	192,170	\$ 62.31	—	\$ 87,761,980

(1) Since February 1997, SEACOR's Board of Directors authorized the repurchase of Common Stock. From time to time thereafter, SEACOR's Board of Directors have increased the authority to repurchase Common Stock and most recently increased the authority to \$150.0 million on December 29, 2014.

ITEM 3. DEFAULT UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

CERTIFICATION

I, Charles Fabrikant, certify that:

1. I have reviewed this quarterly report on Form 10-Q of SEACOR Holdings Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
